To get people to "do something about it" is the prime objective of the annual CLEAN UP — PAINT UP — FIX UP AND KEEP IT UP campaign which the Board of Trade and Town Council are promoting this week.

Organizers of the campaign have worked long hours of their own time to fully acquaint every person in town that such a movement is underway, public spirited citizens have offered their services as block captains, the town has engaged a fleet of trucks for pick-up day on Wednesday, May 26, all that is needed to make the campaign a complete success is the 100 per cent co-operation of YOU — Mr. and Mrs. Citizen.

*FAME SPREADS-*

The first turbine in Canada to be powered by natural gas is now being installed at Vermilion, 125 miles east of Edmonton, reports *Western Business and Industry*, Canada's leading business magazine published in Vancouver.

The 7000 k.w. unit which is expected to be completed this autumn, will provide sufficient power to supply the northeastern agricultural area of the province, as well as to the new multimillion-dollar defence project at Cold Lake. The gas turbine electric generating unit was obtained from a Switzerland firm.

The turbine operates on the same general principle as the turbo-jet aircraft. In addition to its simplicity, the gas turbine requires little cooling water, is compact and can be placed in service rapidly where a supply of natural gas is available. Construction of the new plant is for Canadian Utilities Ltd., of Edmonton.

During 1953 Canada supplied more than four-fifths of the world's exports of newsprint.

*PARTICULARLY FOR PARENTS*

The Standard once again draws to the attention of all parents, in fact everyone in general, the series of articles being run under the head of Health Unit notes. These obtain a wealth of information particularly for parents. The article this week contains information lacked by all too many fathers and mothers. Read it, absorb it and always remember it. The article is on page 4 section 2 and is one of the many valuable services rendered to its readers by the Standard absolutely free.

## Teach Your Wife To Be A Widow

It may sound morbid, says June Reader's Digest, but it's really "sensible and kind" to teach your wife to be a widow. It's the rare wife, the article says, who knows all she should about her husband's business, income, investments, debts and budget. Yet she may have the whole problem dumped in her lap without an hour's notice.

Not until their joints begin to creak do most men think seriously about what will happen to their wives after they are gone. But a man of 30 should be more concerned than a man of 60, for if he dies his wife may face up to 40 years of widowhood.

The Digest advises husbands to put the management of household finance in their wives' hands. The wife should undertake to pay all bills, manage the budget, determine the amount of insurance and figure the income tax. In this way she will have to be acutely aware of her husband's business, expenses and investments.

Every husband should make a will. It is the widow of moderate means who most needs the clear, red tape-cutting help of a will. Without this precaution, the wife may get only one-third of the estate, the children getting two-thirds. If the children are minors, the wife may have to await the court's permission to spend her children's money for their own necessities!

The husband is urged to prepare a letter of final instructions and leave it in a handy place for his wife. [illegible] letter should cover all points [illegible] widow may not know [illegible]ance, invest[illegible], debts, credits, taxes and disposition of property, and suggest a budget tailored to the widow's reduced income.

MULTIPLE PETAL CROCUS

Mrs. R. C. Rogers who lives a few miles south-east of town found a peculiar crocus this week. Instead of having the one outside fringe of petals, the whole blossom was grown in solid with petals, right from the centre out. The Standard has been waiting for the D.A. E. H. Buckingham to call in and give an explanation for the oddity but it so happens that he is out of town this week.

## Sixteen Years Ago Today

*May 19, 1938*

Light frosts have been recorded several nights during the past week. Wheat is well up in many fields and seeding is nearing completion. The season is much later than a year ago, and it is only after Thursday's rain that the trees and grass showed signs of life.

After 32 years and 2 months in Vermilion, Ernie Everitt, one of the town's most familiar characters, pulled his freight and moved to Edmonton to live.

Approximately 4000 magpie eggs and heads have been turned in to the Grizzly Bear M.D. office for the bounty.

Mr. and Mrs. Harding and family were moved from Claysmore to Staplehurst. He is agent for the Pool elevator. The new agent is Mr. Chrysler.

## Thirty-two Years Ago Today

*May 17, 1922*

G.W.V.A. radio concert in the Memorial hall. Come and hear Vermilion's first radio.

Police court had a boom session, there being two cases of stealing shacks off of farms, one case of trapping rats without a permit and two moonshine cases. Convictions were secured in every instance.

Chief outdoor sport for the past two weeks has been fishing at the dam in the Vermilion river and it is reported thousands of fish have been caught.

All sown grain is up and making good headway.

## By Your District Agriculturist

# "GREEN ACRES"

NATIONAL BARLEY COMPETITION

This competition has been going on for some years but never yet have any of the awards come to this district. Regional prizes start at $100 and provincial prizes at $200. Varieties are Olli, Montcalm, and O.A.C. 21. There must be enough for a carload. Entries close Aug. 21. Entry forms are at the D.A. office.

FAT STOCK AND BULLS

Don't forget the Fat Stock show and sale at Lloydminster on Tuesday May 25. Four 4-H calf clubs will be there. Paradise Valley is the only club from Alberta. Then on May 26th 200 bulls will be sold at the Exhibition gronds, Lloydminster.

VEGETABLES FOR DEEP FREEZE

Did you know that Golden Wax beans are not suitable for deep freeze storage? Well, neither did I until I read the new Horticultural Guide which has just come out. You can get a copy free of charge from my office. Besides telling us which varieties are suitable for deep freeze, there is a lot of information on insect control and on flowers and fruits.

WESTERN LIVE STOCK GROWERS

On May 27 at 8 p.m. a regional meeting of this organization will be held at the school of agriculture. There will be several good speakers. H. Peters, superintendent of the Experimental Station, Manyberries, and Don MacKinnon, the President of Western Live Stock Growers are on the program. This is a strong organization which works in the interests of stock raisers. I do hope that there will be a good turn out to hear these speakers. Also I am informed by Dick Hines that the same association will hold a meeting at Burkdale school at 8 p.m. May 28.

COYOTES KILLING CALVES

Several farmers have reported recently that they have lost young calves and coyotes are blamed. Very seldom do coyotes prey on farm stock but when a killer gets the idea look out for more trouble. There are such things as guns and also coyotes can be poisoned. The Alberta government supplies cyanide guns and strychnine free of charge. See your field supervisor at the M.D. office.

SEEDING LAWNS

The best grass for lawns in this area is creeping red fescue. Where mixtures are sown the lawn always looks ragged. Winter killing is showing up in a lot of lawns this year. This can be prevented by spraying with Corrosive Sublimate in the fall. The cause of winter killing is a mold which develops under the snow. Ice freezing over a lawn or tramping on the snow is often the direct cause as the mold develops and kills the grass when air cannot get in or out from under the ice or tightly packed snow.

—E. H. Buckingham, D. A.

## C.W.L. Hold Their Monthly Meeting

The monthly meeting of the C.W.L. was held in the parish hall on May 5 with 22 members and two visitors present. Dates for later monthly projects were discussed so as not to interfere with other organizations. It was decided to hold a chicken supper on Oct. 17 and a bazaar on Nov. 20. These will be advertised well in advance.

A suggestion was made that everyone start making their articles for the bazaar at once, and each one is to make three articles as it is desired to make this bazaar a real success.

Mrs. John Toner Sr. was chosen to be delegate at the convention on May 28, 29 and 30. Mr. Dowling gave an interesting talk on Confraternity of Christian Doctrine. It is hoped to form study groups throughout the parish.

Catering to the Stagette banquet proved successful and netted $[illegible]. The meeting was closed and a tasty lunch served.

## First Annual Hobby Fair At Dewberry A Great Success

DEWBERRY. — The first annual Dewberry Hobby Fair was held on May 12th in the Dewberry Hall. It was sponsored by the Dewberry Grade Seven and Eight Hobby Club and the proceeds will be used in furthering the club's activities.

Although the fair was held during the busiest season of the year about 175 people entered over 500 articles. These exhibits were capably judged by Mr. and Mrs. Buckingham and Mr. and Mrs. Tidsbury of Vermilion. Mr. Buckingham had to leave early but his speech, which complimented the district for their interest in the fair was recorded and presented in the evening. Mr. and Mrs. Tidsbury were able to stay and they expressed their views on the fair. Mr. Tidsbury presented awards to members of the Dewberry Model Airplane Club who displayed their rubber and power models.

All the speakers urged the people to continue their handicrafts. They said that a hobby fair is a medium for displaying what you could do and that friendly competition was a great incentive for perfection.

One of the displays meriting special mention was a pet section which was capably managed and collected by Alvin Bowman. Children from two to eighty spent part of their time in this section. It included pet rabbits, an owl, a prairie chicken, turtles and a parrakeet who could whistle and ask for a kiss.

These are some of the other displays which proved interesting to all. Jimmy Monro from Hazeldine brought down a collection of Marionettes and a Frogman outfit. Mr. F. Bowman entered a set of locked Moose horns. Mrs. Webedale brought a collection of antiques which drew a great of interest from the old timers. Mrs. McIntosh also brought some interesting antiques. Mrs. Dudlyke of Marwayne entered some antiques and samples of her many hobbies. Mr. Bill Woods displayed some of his many animal sketches. Mrs. H. Craige entered many antiques and hobbies. Mr. Tom Jarrett proved that photography is an art. His color pictures are out of this world. Bruce McFadyen had some excellent fret work as did Mr. McNight. A Chemical Magic show was put on by the Dewberry grade seven and eight boys. They boiled water by cooling it and showed the members of the audience how to distill. They also performed some experiments with magnets and one which showed that air exerts a great deal of pressure.

It would be impossible in the space allowed to mention or even list all the entries but here is a list of the award winners: Mrs. J. Allen; Mrs. B. Axley; Mrs. R. Bowman; Mrs. B. Boyce, Mrs. F. Braithwaite; Mr. Lorne Braithwaite; Mrs. M. Butz, Mrs. S. Connon, Mrs. Connon; Miss Helen Connon; Miss Jean Craige, Mrs. H. Craige, Mrs. Curtis; Mrs. Hedly Dennill; Mrs. R. Dudlyke, Miss Shirley Fellows; Mr. Russell Garnier, Mrs. F. Grey, Mr. Tom Jarrett; Mrs. M. Hodgson, Mr. Ronny Hodgson; Hazeldine School, Mrs. N. Jones; Mr. Edward Jones, Kinnaird School, Mrs. Lawenson, Mrs. Lemp, Mrs. G. Mathison, Mr. Ronald Mathison, Mrs. H. Mawhinney, Mrs. J. McDowell, Mr. Bruce McFadyen, Mrs. McGowan; Mrs. McIntosh; Mr. McNight, Mrs. D. Monro; Mrs. J. Porter; Mr. Arthur Redman, Miss Donna Ronamchuk, Mr. and Mrs. Joe Ryan; Mrs. St. Paul, Miss Cora Thomson, Mrs. H. Webedale, Mrs. G. Wilson, Mr. Bill Woods, Mrs. J. Wright.

The sincere thanks of the Dewberry Grade Seven and Eight Hobby Club is extended to all who helped make this first Hobby Fair such a success, and to the judges who did such a fine job judging.

## Save Your Bottles For The Kinsmen

Residents are asked to save their beer and Vermilion Beverage bottles for the Kinsmen Bottle drive. The pick-up day is Wednesday, May 26. All the resident has to do is place the bottles in a handy spot at the rear of the premises so that the Kinsmen can pick them up from the lane.

The bottle drive works in very nicely with the town clean-up campaign. Cart out your bottles and save them for the Kinsmen.

Proceeds from the sale of the bottles are for the kiddies wading pool and playground project. This is an easy way to make a worthwhile donation.

Births in Canada during 1953's first 10 months were up nearly four per cent over the same period of 1952.

# GIRLS' 4-H CLUB HOLDS ACHIEVEMENT DAY AT MANNVILLE

Mannville. — On Friday evening the Girls 4 H Club held an Achievement Day and Tea for those interested in the 4 H work. Miss Ilene Macdonald welcomed Miss Holmes and Miss Inglis, District Home Economist from Wainwright and Vegreville respectively and the visitors. After the 4 H Club pledge was repeated by the members, the girls held a fashion show. They showed the do's and dont's in how to walk and wear clothes. The commentaries with each costume were written by the wearer and were all very good. A slouchy walk, chewing gum, too many and too varied colors, too much jewelry were some of the don'ts; a well matched costume hat gloves and purse matching suitable evening dress and party dress for girls this age, proper dress for sports, skirt and blouse for casual or school wear were among the do's of correct grooming. And of course moderate makeup and jewelry. Little Cheryl Jackson and Lynn Calder modelled very sweet pink pyjamas.

This is the first year for this 4 H club but their sewing display was excellent. Pleated aprons, hanger covers, laundry bags and dickies. Miss Holmes in speaking on how the articles were judged complimented the girls, first on their fashion show, the demonstration of various sewing needs and on their first years sewing. She said that club work needs the support of the parents and the leaders. She gave constructive criticism on how to put on a better demonstration and the use of posters to point out important parts of the demonstration. But on the whole the girls work was for the first year, very good. And the best all around club member, not necessarily the best sewer will be chosen to attend Club week at the Vermilion School of Agriculture. A T. Eaton award will be presented to the best sewer. Miss Holmes also spoke on the scholarships given by the Wheat Pool and others for members wishing to go to Schools of Home Economics.

Miss Inglis assisted in judging the sewing and she gave points on how the sewing was judged. She also complimented the members on their work. There are at present 12 members and their project books and handicraft too were very good.

After those present had a chance to examine the work on display a very enjoyable cup of tea or coffee was served by the girls.

Mrs Jackson and Mrs. Gamble are to be commended on the work they have accomplished in the one year with this club. I am sure that next year the Achievement Day will be well worth attending.

The door prize was won by Mrs. W. R. Cornish. During the evening Doreen Gerhart and Donna Ackerman accompanied by Norma McLuckie sang two numbers. Joyce and Ruth Gamble sang a duet, with the accompaniment on the guitar by Joyce. Mrs. Fred Prill recited "Glamour Girl" These numbers were all very well received by the audience.

## Tips on Touring

By Carol Lane
Women's Travel Authority

Dogs are better travellers than most human beings — or so claims an old time travelling salesman I know who covers a 400 mile route every week with his constant companion, a dog.

Since Rover is generally regarded a member of the family, there is no need to leave him behind on a motor trip if you follow my friend's simple rules —

(1) Feed your dog early in the evening — with little or no food during actual travelling.
(2) Allow him about two-thirds of his regular food allotment.
(3) If he is on canned dog food, alternate his regular diet with an all-beef, food to provide variety. It's more economical to feed him table scraps, however. Simply carry wax or cellophane bags which can be filled in hotel or cafe kitchens. Most places are glad to do it at little or no charge.
(4) Allow the dog all the water he wants, and stop at least twice daily for exercise.
(5) Some hotels do not permit pets, so be certain to check ahead. Most motor courts, however, have no objections to dogs. In mild weather, you can bed him down in the car trunk, using a small block of wood to keep the trunk open a crack for fresh air.
(6) Attach to his collar a tag bearing his name, and your full name and address. The words, "Reward for Return", may help recovery if he is lost.

A dog generally enjoys a trip and, with these suggestions, he'll make a fine travelling companion.

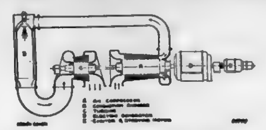
# FIRST IN CANADA

The first gas turbine electric generating equipment to be installed in Canada is now going into this Vermilion plant of Canadian Utilities. The equipment came all the way from Switzerland.



The above pictures illustrate a gas turbine installation similar to that now being installed in the Canadian Utilities plant here. The turbine will use natural gas as fuel.

# BACK TO SCHOOL

*YOU'RE NEVER TOO OLD TO LEARN* — some 30-40 farmers discovered recently at Vermilion when they went back to school, electric welding school. Even teachers were among those taking the course. The first of its kind in this part of the country, the course was arranged by N. N. Bentley, Principal of the school of agriculture, in conjunction with Canadian Utilities. Mr C H Ralph Marquette Welder representative, instructed the class.

So enthusiastic was the response that many more applied than the school could accommodate. From far and near they came ... even one from Westlock. Some came from their home each morning ... others stayed at the school dorm.

For four days the farmers learned about all phases of welding on the farm. They had the opportunity to learn with electric welding machines that are especially made for farm use. They learned about the selection and care of electrodes, procedure in welding and cutting, butt welding, lap welds, repairing farm equipment. Some time was spent on hardsurfacing farm tools to keep them in good repair and make them last longer.

DID YOU KNOW Five dollars will care for a little orphan girl home in Korea for one month, and $60.00 will care for 10 unwanted girls for an entire year? tf

## Pleasant Valley

Spring is here — the birds told me so. I think I heard that song somewhere.

It looked very much like spring at the Pleasant Valley church on Sunday where the Rev. Ford baptized five lovely babies. The church was simply overflowing, about 60 attending the service. It was nice to see Mrs. Carroll from Vermilion in the congregation.

Last week's news should have read like this: A Chinese supper was held at the writer's home where chow mein was served by Doris.

Last Tuesday this writer and Mrs. Gillies enjoyed dinner with Mrs. Van den Dolder. Mr. Van is busy on the farm putting in his crop. He is mighty smart for a man so young!

The writer is glad to learn that Mr. Baldwin is improving in health. He lived for many years in this district.

Mr. Tom Bothwell spent a few days out on the farm last week.

Mr. Tom Sherwood is feeling much better and is out on the tractor.

The tractors seem to be the cure for most folks these days. They are going day and night.

Sorry Mrs. Repp that yours truly could not come on Wednesday — was planting bulbs that day.

Hi Mrs. Moore — have not seen you for a long time. Come down and get some plants and roots.

Emerson wrote these words — "For what avail the plough or sail or land or life if freedom fail?"

The Brinks of Niagara Falls recedes five feet per year due to erosion.

SEEDTIME and HARVEST

By DR. F. J. GREANEY, Director, Line Elevators Farm Service, Winnipeg, Manitoba.

Sponsored by the following companies: Federal, Alberta Pacific, Pioneer, Canadian Consolidated, Paterson, McCabe, Parrish & Heimbecker, Inter-Ocean, Independent, Ellison Milling, Canada West and Quaker Oats.

SOW FOR A GOOD HARVEST — TREAT YOUR SEED

In the opinion of leading farmers and agronomists in Western Canada there is no farming practice that will yield as great a return for so small an investment per acre in time, labor and money as seed treatment.

*The Need.* Recent provincial seed-drill surveys, plant disease surveys, and check tests on farmers' seed-grain samples show that a very large proportion of the seed of wheat, oats and barley sown each year in Western Canada carries smut, or is damaged by threshing or weathering, in sufficient amount to make seed treatment necessary. Consequently unless you are satisfied that your seed is practically free of smut, and undamaged—treat your seed.

*Approved Treatment.* The best all-round chemicals available today for treating wheat, oats, barley and flax are the organic mercury compounds (Agrox C, Ceresan M, Leytosan, Panogen, etc.). Why? Because they not only give good control of surface-borne smuts and other seed-borne diseases, but also afford some protection to the seed and seedlings against disease-producing organisms that live and overwinter in the soil. The mercury-containing dual-purpose chemicals (Mergamma C, Mariane, and others) are recommended where wireworms as well as smut are to be controlled. Some important points to be kept in mind, however, when treating seed with an organic mercury compound are: (1) Treat wheat and flax at least 24 hours before sowing. (2) Treat oats and barley at least a week in advance of seeding. (3) Avoid overtreatment. Follow manufacturer's directions closely. (4) The organic mercury compounds are poisonous. Handle with caution.

*New Circulars.* The Line Elevators Farm Service has just published three new circulars dealing with seed treatment. These are "Smut Control in Wheat", "Smut Control in Oats", and "Smut Control in Barley". Free copies of these circulars can be obtained from local Agents of any of the Line Elevator Companies listed above.

Grave Monuments On Display
A complete line of grave monuments on display at Moyer's Funeral Home, Vermilion.

## For Sale . . . Property

LOT — Good location on water and sewer. Ph. 508. 46-7

## Local News of Interest

[illegible] Anne Carey, daughter of Mr. and Mrs. Jack Carey of Islay, graduated with the degree of Bachelor of Education at the University of Alberta convocation last Friday. Miss Carey is a V.H.S. grad of 1950, continuing on to university to obtain her degree.

Clyde Sobey was in Edmonton to attend the Golden Wedding anniversary celebration of his father and mother. A family dinner was served at the home of his sister on the south side with Mr. and Mrs. Sobey Sr. the guests of honor. During the afternoon 40 members of the family, relatives and close friends gathered at the house and an exceptionally fine time was enjoyed. Even though they have been married for 50 years Mr. and Mrs. Sobey are only 73 and 70 years of age.

Mrs. Oakley, Mrs. Hawley, and Betty, and Mrs. Eidem attended the University of Alberta convocation on Friday last week when Miss Dorothy Eidem graduated with her Bachelor of Education degree.

Herman Wiebe called at Vermilion to visit his brother W. R. Wiebe while on his way home to Peace River after a visit to Southampton Island, located inside the Arctic Circle north of Hudsons Bay. He observed lots of Eskimos while in the north and found them a very interesting study.

LILAC TEA
The annual Lilac Tea and sale of home cooking under auspices of the Order of the Royal Purple will be held on Saturday June 5 in the Elks hall, from 3 to 5:30 p.m. The Handicraft Guild will also display their work. 45-8x

*CARD OF THANKS*
We wish to sincerely thank Dr. Stephens, the matron and staff of the Vermilion municipal hospital for the care, kindness and attention given to Mr. John Yaceyko during his illness; also to thank the many friends and neighbors for the help and kindnesses received.
Mrs. Yaceyko and family.

*CARD OF THANKS*
I wish to sincerely thank Dr. Evans, Miss Keith and her staff of the Vermilion hospital for the kindness and care given me while I was a patient in the hospital.
Also to my many friends, neighbors and relatives for lovely cards and messages, their many visits and gifts of fruit and flowers, etc. It was all greatly appreciated.
I thank you.
Anne Snaychuk.

CHURCH PARADE
The W.A. to Canadian Legion church parade will be held at the Alliance Chapel on Sunday, May 23. All members are asked to meet outside the chapel at 7:20 p.m.

DELEGATES TO CONVENTION
Delegates to the annual convention of the Associated Boards of Trade and Agriculture being held at Red Deer this Tuesday and Wednesday are D. R. Mitchell, Roy Walker and E. H. Buckingham.

While in Jasper over the week end Mrs. Ben Alchin met Mrs. Ruhl, the former Norma Gibbons of Vermilion. Norma sends best wishes to all friends in town and district. She is looking very well and happy and seems to enjoy living in the popular mountain resort.

Mrs. J. J. Knoll left Edmonton on Monday to spend two months in Montreal and Toronto. In Montreal she will attend the wedding of her daughter Miss Katherine Knoll, and Mr. Armand Chaput. The bride-elect is a graduate in arts and sciences from the University of Alberta and a member of Pi Beta Phi fraternity. Mr. Chaput is a graduate of Sir George Williams College School of Commerce in Montreal.

Mr. and Mrs. Herman Eyben and daughter of Cloverdale, B.C., are in town to attend the wedding of their niece Miss Kay Caron. The visitors will spend some two weeks here at the home of Herman's mother Mrs. Henry Eyben and with other members of the family.

Mrs. H. J. Clarke plans to leave this week for Chalk River, Ont., where she will visit her son Dr. Robert Clarke and family for a month.

Mrs. Vernon H. Cooper returned on Sunday from Calgary where she spent a month visiting her daughter and family, Mr. and Mrs. J. D. Montgomery and Dougie.

BORN At Holy Cross hospital, Calgary, on Friday, May 14 to Mr. and Mrs. J. D. Montgomery (nee Beverly Cooper) a son.

BORN — To Mr. and Mrs. Ben Reeves of Dawson Creek, B.C., on May 12, a daughter Maxine Rae, 8 lbs., 6 ozs.

Jas. R. Robson is spending from Tuesday to Friday at the administration short course for school secretaries being held in Saskatoon. The Alberta school secretaries send a delegate annually to their sister province and Mr. Robson was the choice this year.

Rod Eidem, University of Alberta medical student, was home for a week and is now at Qu'Appelle Lakes working for the Department of Natural Resources.

CLANDONALD HALL
Showing at the Clandonald hall this week end May 21 and 22 "Confidentially Connie" a comedy starring Van Johnson, Janet Leigh, Louis Calhearn. Next week — "That's My Boy". News reels each week. 46x

## The W. M. S.

The W.M.S. of the United church held their regular monthly meeting on Thursday evening May 13 in the church hall at 7:30. The president Mrs. W. L. Robinson was in the chair and opened the meeting with prayer. The roll call was taken with 36 present including the Explorers who were affiliating with the W.M.S.

LIFE MEMBERSHIP
Mrs. M. Hill presented Mrs. A. Cameron with a Life Membership certificate with Mrs. H. N. Stephens pinning on the badge. Mrs. Cameron was taken completely by surprise and when she had shaken hands with Mrs. Hill and Mrs. Stephens and Mrs. Robinson expressed her appreciation of the honor bestowed upon her.

The Explorers then took charge along with their leaders Mrs. Sweet, Mrs. R. Carroll with Mrs. W. L. Roebuck as pianist. She played the music for the girls' dance and for the songs they sang. Pictures were shown of different nurses who are doing missionary work in other countries. The Explorers were then presented with their badges and Mrs. Robinson gave them their books and a little card, along with a lovely book mark for their Bibles. One of the girls then came forward and made a presentation to the W.M.S. Mrs. E. M. Stewart moved a vote of thanks to the W.M.S. for the help given the girls, and the leaders for the wonderful services they had rendered.

The regular meeting of the W.M.S. was then resumed with the devotional by Mrs. Roebuck and Mrs. Folk. This was followed by the remainder of routine business.

Collection of a lovely layette was completed and this will be sent to Korea.

The meeting was closed with a prayer. The committee then served a dainty lunch and a social half hour was enjoyed by the W.M.S., the Explorers and their mothers.

WHERE BOSSY IS QUEEN

Milk is highest priced at Victoria and Nanaimo, 24 cents a quart, a survey of 26 markets shows. The Financial Post reports. Fort William-Port Arthur price is 23 cents; six centres pay 22 cents, the most common price: Sydney, Ottawa-Hull, Toronto, Hamilton, Windsor, Vancouver. Five centres pay 21 cents: St. John, Moose Jaw, Calgary, Lethbridge, Medicine Hat. Price is 20 cents a quart in Winnipeg, Regina, Saskatoon, Edmonton and Moncton. Montreal pays 19½c, Quebec City and Swift Current 19c. Low bracket is composed of 18½c at Sherbrooke and Three Rivers and 17 cents in Charlottetown.

# THE CHANGING FACE of ALBERTA

The face of Western Canada is beginning to change radically with the coming of industrial plants to areas where wheat was once king. ABOVE is an aerial view of the latest addition to the West's industrial growth — the new $15,000,000 polythene plant of Canadian Industries Limited near Edmonton where natural gas will be converted into one of the most versatile plastics yet discovered. A recently announced expansion program will bring the annual capacity of the plant to 16,000,000 pounds of polythene which will be converted into numerous consumer articles—from virtually indestructible piping to transparent vegetable bags.

# MANNVILLE & DISTRICT LOCALS

Don't forget to vote on the gas franchise on May 21. And don't forget to get your plumbing permit.

Mr B. E. Acherman was in Edmonton this week obtaining a ditching machine to bring the pipeline from the alleys to the houses.

A children's bingo is being held in the Anglican parish hall Saturday evening May 22. 5c bingo will be played. This is being sponsored by the Happy Hour group.

Mr W. N. Crooks received a very pleasant surprise recently. He was awarded the Coronation medal to be worn in commemoration of the Coronation on June 2, 1953 of Her Majesty Queen Elizabeth.

Mr and Mrs Angus Stuart, Mrs Hogan and Mr A Bodard attended Convocation in Edmonton last week. Robin Stuart graduated in Arts and Science but plans to return to university this fall to obtain his Bachelor of Education degree. Sandy Hogan graduated in Commerce but he also is returning to university this fall. He will be studying law.

Mrs Edith Pederson is home from the hospital and progressing favorably after a slight operation.

Mr. and Mrs. Durward were Edmonton visitors on Sunday.

Don't forget the Eastern Star tea on Saturday, May 29 in the Masonic hall.

## Good Lumber Cheap Saturday, May 29

A chance to obtain some good well dried lumber cheap will be the auction sale at the curling rink on Saturday, May 29. The curlers are going to clean up everything that is left around from the tearing down of the old rink. This includes some real timbers and a quantity of about every kind of lumber. There are also numerous window frames of all sizes and some plate glass.

The auction sale is at the curling rink starting at 2 p.m. Saturday, May 29, with Marshall Jackson doing the calling. 46-7x

## Yvonne Cooper Bride Afternoon Ceremony

At a mid-afternoon ceremony on Saturday May 15, Yvonne Fernanda Lillian, younger daughter of Mr. and Mrs. Ruthven S. Cooper, became the bride of Mr. Edward William Peter McGinnis, youngest son of Mr. and Mrs. William McGinnis, all of Vermilion. The Rev. Father Landrigan read the marriage lines in the vestry of the Holy Name Catholic church.

Given in marriage by her father, the bride chose a gown of ankle-length white nylon lace and net over satin, with strapless bodice modified with matching bolero fashioned with lily-point sleeves. Her finger-tip veil misted from a Juliet cap. Red roses formed the bridal bouquet.

Miss Lois Herzog, the bridesmaid, wore a three-quarter length gown of yellow nylon tulle. Her flowers were carnations with feather-leaf fern.

Mr. William Schmidt was the best man.

The groom's gift to the bride was a single strand rhinestone necklace with earrings to match. Gift to the bridesmaid was a double strand pearl necklace, and to the best man gold cuff links.

At 6:30 that evening a wedding supper was served to seventy-two guests in the Legion hall. The bridal table was decorated with carnations and fern and centered by a three-tiered wedding cake.

For the occasion the bride's mother wore a dress of black crepe with corsage of red roses.

Mrs. William McGinnis, mother of the groom, was dressed in blue, and her flowers were red roses.

Mr. Jack Brown was toast master.

The toast to the bride was proposed by Mr. Ashley Cooper, her uncle and godfather.

The happy evening was concluded with a dance.

The young couple left later on a short honeymoon trip to Banff. For travelling the bride wore a blue dress with slippers and purse to match and small pink hat. Her coat was navy blue and her corsage of pink roses.

On their return the newlyweds will reside in Vermilion.

## Wainwright Players Please Audience

The Wainwright Players who presented the 3-act comedy 'Chintz Cottage' in the auditorium of the Junior high school last Friday evening, pleased a capacity audience greatly. The play was a good one exceptionally well enacted.

## OBITUARY

*NORMAN BRIAN OLSEN*

Funeral services for little Norman Brian Olsen who died on Sunday May 2 at the age of 18 months, were held at Angle Lake on Wednesday May 5. Interment followed at the Angle Lake cemetery. The Rev. Adams of Elk Point officiated. A single hymn "Abide With Me" was sung. The pallbearers were Roddy and Richard Wasylichen, Richard Waltz and Blain Berg.

Left to mourn the loss of their little son and brother are the sorrowing parents and three brothers Ivan, Allan and Bernard.

Beautiful floral tributes were received from:

Mother and Dad, and brothers Ivan, Allan and Bernard; Grandma and Grandpa Olsen; Alpha, Ray and Yvonne; Edna, Horrie and family; Margaret and Stan; Dave, Anne and family; Grandma and Grandpa Wasylichen and all the aunts and uncles. W J. Cornell, Harold, Helen and Jimmie; Jerry and Leona; Edna Willmer; Clifford and Harvey; Albert, Ann, Carol and Dwayne, Douglas and Mary; Mr. and Mrs. Geoff Dorey; Harry Leaf Sr. and Harry Leaf Jr.; the Chapka Family; Millar, Agnes and family; Mr. and Mrs. E. McNamara; Leonard Berg and family; Harry and Vera; Dick, Molly and family; George, Gladys and boys; Ann, Willie and Sharon; [illegible] and Max; Mr. and Mrs. Albert Williams, Oliver and Gordon Frang; Mr. and Mrs. T. Brenmiller and [illegible]; Mr and Mrs. C. J. Algot; Mr. and Mrs. H. Meyermann; Mr. and Mrs. G. McConnell; Mr. and Mrs. N. Palamarchuk; Mr. and Mrs. C. V. Larson; Mr and Mrs. J. Bylowsky; Mrs. J Kobylnyk and family; Mr and Mrs. E. Dominik; Mr and Mrs. A. Hall; Mr and Mrs. P Lecagny; Mr H Borowsky; Mr C. L. Gordon.

Meyers were in charge of the funeral arrangements.

*CARD OF THANKS*

We wish to extend our sincere thanks to all our friends for the kindness, help, sympathy and for beautiful flowers received during our recent bereavement, with a special 'thank you' to [illegible] and Harold Cornell.

Mr and Mrs. Olsen and family.

# New Career For Young Canadians; Only Adventurous Need Apply

A new kind of career in the north is being opened to adventurous Canadians.

The job is called Northern Service Officer, and the men who are chosen to fill it will live at the edge of the Canadian Arctic: at Aklavik near the mouth of the Mackenzie River; at Coppermine on Coronation Gulf; at Coral Harbour on Southampton Island at Port Harrison on the east coast of Hudson Bay on Baffin Island; at Fort Chimo on Ungava Bay.

"This is work with a rare kind of challenge", Northern Affairs Minister Lesage commented when announcing the competition which the Civil Service Commission is conducting for his Department. "Canada is now turning in earnest to the development of its northlands. It recognizes the special problems of the Eskimo whose traditional life is being changed by contact with men from the south, by new methods of hunting, by new forms of employment. These Northern Service Officers will have a great responsibility for the future of the lands and the people who live there."

The men chosen will work in established communities in Eskimo country. Their job will be to get to know the native peoples, to help them use their available resources and to develop new resources to improve their economic, social, and cultural conditions. They may assist them with local industries such as boat-building, tanning, or handicrafts, and they will always be on the lookout for new outlets for native talents. Equally important, these officers will advise the Administration in Ottawa of measures which might be taken to improve the life of the Eskimos, and to help them make a bigger contribution to national life.

Nearly everyone who has worked with the Eskimo has become an enthusiast for Canada's most northern residents, but the job of the Northern Service Officer is not for anyone. It is for men with the qualities of leadership which opened up other parts of Canada in earlier years. Pioneering today is a better life than it was for the first visitors to the west or to the Arctic. The Northern Service Officers will have homes and facilities for their families, if their families are willing to share the life. The radio and aeroplane reduce the remoteness from the south. But it is still the frontier.

No desk-bound workers need apply.

## LILAC TEA

The annual Lilac Tea and sale of home cooking under auspices of the Order of the Royal Purple will be held on Saturday June 5 in the Elks hall, from 3 to 5:30 p.m. The Handicraft Guild will also display their work. 45-8x

NEWS OF THE DISTRICT

# ISLAY YOUNG PEOPLE GRADUATE AT UNIVERSITY OF ALBERTA

We wish to congratulate Miss Katherine Carey who graduated on Friday last with the B. Ed. degree. For the event Mr. and Mrs. Jack Carey, Norman and Marie were in Edmonton. Katherine is already engaged on the Edmonton school staff to begin duties Sept. 1.

Congratulations to Omer Easton on his 73rd birthday May 14.

Mr. and Mrs. Norman McInnes have arrived from Nova Scotia to spend some time with son Donald and wife. Mr. McInnes was one of the very early pioneers here. It is with much pleasure that we welcome them to our midst.

Miss Irene Simmons of Edmonton spent Mothers' day week end with her parents Mr. and Mrs. Herb Simmons.

Garfield Simmons has begun to build a bank barn but had to give up for a time as he encountered frost at a depth of 2 feet or so.

More electricity going into farm homes — Mr. Jack Wylie and Bob Drysdale we learn have it now.

Three fishermen of Islay went north last week end to christen Walter McCaughan's new boat "The Helen Nudnick". The luck for catching fish wasn't so good—we think Mr. I. Inman couldn't have taken his "Aqua-Ogwa-Pogwa" that he showed us on amateur night recently as the magic he used to always get fish was lacking, or maybe it was Bill Barfett who didn't cast the line right. Anyway, no fish, but a good day was had they report. We think it was the cold weather, fish just not biting.

Though the roads were very bad last week a fair numb r attended the Home and School meeting on Thursday. Mr. Bolton the sanitary inspector for the Minburn-Vermilion Health unit addressed the meeting. It was a most informative talk and every parent should have heard it — rats, you say, won't come here! In two years or less you had beter watch your backyard, your granary, the nuisance grounds. These last mentioned places are being taken care of by the M.D. councils, the nuisance grounds that is. That was only one of the interesting topics. So come to the H. and S. meetings and hear these interesting matters discussed.

Among the list of graduands in Education we noticed some familiar names, Garfield Potvin, Miss Grace Mersereau, Donald Fair who taught our intermediate room, C K. Vogel, B.A., who was our United church minister here and congratulations go out to all of them.

Mr. and Mrs. David Clark and three boys spent the week end in Edmonton visiting Mrs. Clark's sister and family, Mr. and Mrs. John Milner.

Wayne Linton and family of Montreal spent the past week at Wayne's parents Mr. and Mrs. Alex Linton's.

Joe Waterfield who has been attending university is home for the summer.

## Travel Happy Canucks

From Skookumchuck, B. C., to Merasheen, Nfld., more Canadians are going more places for pleasure this year at home and abroad, reports The Financial Post.

Travel agents report strong indications 1954 will prove a record year for the tourist industry. As one big agency put it: "Name the place and we're placing bookings there."

Trans-Atlantic, European, North American travel by plane, train, bus, auto or ship are all in for a share of the free-spending travel boom.

The Canadian Pacific and Canadian National railways are adding $88 million worth of new passenger equipment.

Trans-Canada Air Lines is adding 8 giant Super Constellations and 15 turbo-prop Vickers Viscounts to its fleet of 27 DC-3s and 23 North Stars. Canadian Pacific Airlines has added DC-6Bs and Convair 240s to its fleet of DC-3s and DC-4s.

Canadian Pacific Steamships has three liners operating between Canada and Europe with two on order. Cunard are adding the Saxonia to their four sailing to Canada. The Greek Line has one, the Home Lines, one.

By Shirley Holms, Wainwright, Alberta

# News Notes From Your District Home Economist

RHUBARB

Rhubarb will be coming along soon. Instead of using it only in pies and puddings, why not try it in cakes, sauces, punch, marmalade or relishes?

Here is a recipe for Rhubarb Punch which I find very refreshing and delightfully different.

2 lbs. rhubarb; 3 cups water. Wash rhubarb and cut up in uniform pieces, do not peel. Cook in water until tender. Strain and chill. To each quart of juice add the juice of 3 oranges, juice of 1 lemon and a cup of sugar. Before serving add: crushed ice, 1 bottle of ginger ale (optional).

For all kinds of Rhubarb Recipes write for the free booklet by that [illegible].

THE EASY WAY

1. To keep brown sugar soft store in plastic bag. Exclude air fold top and fasten with clothes pins. Moisture stays in.

2. You can unmold gelatine salad without diping in hot water if before pouring it you brush inside of mold with salad oil.

3. When your recipe calls for chopped parsley as one of the ingredients, grasp a few sprigs tightly with one hand and use the scissors to snip off the tiny bits as fine as you want.

4. Carry a little piece of white chalk in the purse. If an unlucky smudge appears on a white glove, shoe or hat, rub on chalk, this cover-up will last for quite awhile.

SEWING FOR YOURSELF OR YOUR FAMILY?

Here are several pamphlets with detailed instructions that are available from this office. Write for them: 'Inserting Dress Zippers', 'Tucked Bound Buttonhole', 'Shirt Sleeve Opening and Cuff'; 'Sewing Short Cuts'; 'Preparing Material for Sewing'.

GARDENING

If you are gardening write for 'Alberta Horticultural Guide' and 'Recommended Vegetable Varieties for Freezing'.

NOTHING BUT THE TRUTH — By Arnold

## Mannville Mission Band Entertain Mothers

MANNVILLE.—The Mission band under the direction of Mrs. Sowden and Mrs. R. Clark entertained the mothers on Wednesday of last week. The children put on a short program showing their year's work. The Life of Christ was shown on the flannelgraph pictures with the girls showing different times and incidents in His life. A portion of scripture was read by Miriam Ewing. The children all joined in singing. During the year they accomplished quite a lot of handicraft.

After the program the girls themselves served tea and cake to their mothers. It was a pleasure to see kiddies from five to eight years serving so nicely. The mothers had a very enjoyable afternoon. Mr. Sowden and Mrs. Clark have certainly accomplished a lot with the girls of the Mission band.

On Tuesday afternoon of this week, the Mission Band held their final meeting in a form of an outside party on the lawn at Mrs. Sowden's. The girls played games for awhile and then had their lunch outside. On behalf of the Mission band, Carol Rostron and Heather Morrison presented Mrs. Clark and Mrs. Sowden with Copely wrought iron planters in appreciation of their leadership and attention during the past year.

The Ottawa River is 700 miles long.

# New C.N.R. Line Opened Last Winter

C.N.R. OPENS LYNN LAKE LINE — The new Canadian National Railways' line from Sherridon to Lynn Lake, in Northern Manitoba, was officially opened on November 9th when Donald Gordon, chairman and president C.N.R., drove the last spike in the 144-mile link. The arrival of steel coincided with the advent of production of Sherritt Gordon's new nickel and copper mine.

Top right, shows Mr Gordon, (centre), S. F. Dingle, C.N.R. vice-president of operations, and Eldon L. Brown (right) president of Sherritt Gordon Mines Limited examining the last spike, which was made of the first nickel from the new mine. Mr Brown later presented the nickel spike to Mr Gordon as a memento of the historic occasion.

Top, Left, shows the C.N.R. president driving the last spike.

Bottom, the first train is about to pass over the newly-laid track near the multi-million dollar mine at Lynn Lake.

## U.G.G. Offers Farm School Scholarships

Three scholarships will be provided by United Grain Growers Ltd again this year to assist young Alberta farm people to attend the schools of agriculture and home economics. The scholarships will be tenable as follows: one at Vermilion, one at Fairview, and one at Olds.

The scholarships will be available to any young person living on a farm who is 18 years of age or older, and must be used for the school term which will commence some time next October. A committee will be established to evaluate the candidates and to recommend to United Grain Growers Ltd to whom the scholarships should be awarded. In recommending the scholarships the committee will consider the following factors: academic achievement, interest in junior and community activities, leadership ability and need for assistance. Primarily the scholarships are intended to help those who could not otherwise attend a school of agriculture, but through their participation in community activities have proven themselves worthy of assistance.

Application forms are available through the office of District Agriculturists, District Home Economics and fieldmen of the U.G.G., or may be obtained upon writing to the offices of United Grain Growers Ltd., at Calgary. Applications will be considered until Aug. 15.

---

In all the Federal government's civilian employees - - - 229,365 as of August, 1953 - - - were gathered in one city it would rank as the fourth city in Canada. Add their dependents and you'd have Canada's No. 1 centre, population-wise.

## Time for Salesmen

Timidity now in pushing sales, in determining advertising appropriations and other promotions and in going ahead with planned plant expansion could seriously threaten our national prosperity and our growth, says The Financial Post.

Purchasing power in this country is not drying up. It is as great or greater than before. What has happened, as President J. T. Bryden noted at the annual meeting of the Dominion Mortgage and Investments Assoc., is that today the "consumer is in a position to exercise a choice." No longer does he have to take any refrigerator or car that he can get. He can select what he thinks suits him best.

That change does not mean that we are facing a recession. It only means that there is work for salesmen again.

## Claysmore Clippings

Congratulations to Mr and Mrs. Harvey Seymour on the birth of a daughter in the Vermilion hospital on May 8.

Mrs Jack Willies received the sad news last week end of the sudden death of her aunt at Gull Lake, Sask. Mrs. Willies, her sister Mrs Alex MacKenzie and their brother Glen Nelson left by bus last Sunday morning for Gull Lake.

Mrs. A Olstad had a birthday party for her small daughter Sandra on Wednesday afternoon May 12. Eight little friends were in attendance to enjoy the games and birthday cake. Sandra received some very nice gifts.

Farm work has started and there is some seeding done. The dull weather and the cold winds do not dry the fields very fast after the rains of last week and progress has has been slow.

Anyone who wants to plant Cameron blue lilacs can have all they want to dig free from the Robert MacMillan farm at Claysmore. Some of these are 2 and 3 years old and should bloom this year. These should be dug and set in place right away before leafing out.

Mrs. E. [illegible] and children visited Mrs. A. Olstad Thursday afternoon.

The W.I. meeting to be held at the school last Wednesday afternoon May 12 was postponed owing to rain and wet roads. It is hoped to have Miss Shirley Holms to give the demonstration on sewing and finishing at the July meeting.

## Tree Planting Car On This Line

The value of tree planting will be explained to Alberta farmers by the Canadian Forestry Association's 'Classroom on Wheels' which will be in Vermilion on Aug 14, Mannville Aug 15, Minburn Aug 16, Innisfree Aug. 17, Blackfoot Aug 9, Kitscoty Aug. 10, Islay Aug. 11.

Canada's banks are among the soundest and best-managed in the world.

KINSMEN BOTTLE DRIVE!

Commencing at 2:00 p.m. on

WEDNESDAY, MAY 26

Residents are asked to place all their beer and Vermilion Beverages bottles at the rear of their premises for the pick-up man.

All proceeds for Kiddies' Wading Pool and Playground project.

# WORLD STILL LOVES A QUEEN, ROYAL TOUR PROVES

On their recent royal tour, Queen Elizabeth II and her husband, the Duke of Edinburgh, covered nearly 50,000 miles, visited 14 countries and crossed three oceans, travelling by train, plane, ship, helicopter, jeep, auto and horse carriage.

Telling of this royal junket, June Reader's Digest says: "By her stunning performance Elizabeth refuted those Socialist critics who had said royalty was getting too expensive. The tour has proved, if proof were needed again, that the people of the world dearly worship a symbol and, if the symbol is for good, then the symbol for bad has no chance against it. You cannot be a Communist or a Fascist and stand for two days in the sun or rain in order to catch a fleeting glimpse of a young girl who wears a crown."

Elizabeth and Philip attended, on the tour, 185 state functions, balls, parties, luncheons and dinners. They planted trees, unveiled memorials, laid wreaths, held investitures, broadcast speeches, opened parliaments. They shook about 50,000 hands, changed costumes an average of four times a day, and reviewed countless troops and constabularies. Through it all, they did not miss a serious engagement or fall seriously ill.

The tour involved a piece of logistics, "roughly comparable to that of a small war." The royal luggage weighed 12 tons, and Army, Navy and Air Forces were deployed in supporting roles.

Elizabeth's wardrobe which included more than 60 special costumes with shoes and hats plus 200 pairs of white gloves, "never presented her as anything but immaculate," the Digest observes.

KEEP IT UP

During the next two weeks, every householder is urged to clean up his yard, placing the rubbish at the rear of his lot.

## ... WILDMERE WINKS ...

It just seems that we cannot write our news without recording some of our old timers passing on to their well earned rest. This week we extend deepest sympathy to the family of Norman May of Buffalo Coulee who passed away Saturday evening in Edmonton. Norman was an old timer coming here in the early part of the century as a young man and making farming his life's work. In 1913 he married Sylvia Arthur and six children were born to them, three sons, Boyd, Elza and Melvin; (Beth) Mrs. Fenton and Donna. He was predeceased by one daughter Maxine and his wife. He also leaves one brother Sheldon to mourn his passing. Norman never was a robust man but he carried on extensive farming operations with help of his eldest son Boyd and built a lovely home. His kindly word and friendly smile will be greatly missed by all. He will be laid to rest beside his wife in the Auburndale cemetery Thursday afternoon. In his book of life most of the pages would speak of suffering as he had been ill for many years. It can be truly said he was a faithful husband and father. He fought a good fight had won the race and now may God give him peace, thou good and faithful servant.

The nice rain last week made moisture conditions ideal for the grain to sprout. Many places are still too wet to work. Several will be seeding wheat this week. The air is just full of the hum of tractors early and late.

The basement of Preston centralized school has been dug by Mix Construction and a well drilling outfit is also on the grounds. The building contractor Mr Wm. Pettigrew is out working too, and it looks as if a new school will be ready for the children next fall.

The writer and husband were guests at the wedding reception of Mr and Mrs Eddie McGinnis on Saturday evening at the Legion hall. It was a lovely supper with a huge wedding cake adorning the bride and groom's table. [illegible] the former Yvonne Cooper looked lovely in her wedding dress, a three-quarter length gown of satin lace and net. We must not forget the groom who was handsome in a blue suit. Mr J. Brown was M.C. with Mr Ashley Cooper giving the toast to the bride, his niece, Eddie replying. After the wedding supper the floor was cleared for a little dance. The happy young couple received many useful gifts to help set them up in housekeeping. Everyone wishes the young couple many years of happiness together. Thanks folks for the lovely evening, we truly enjoyed it.

Mr George Haines and writer and family were Sunday evening visitors to the Cliff Cruthers home. Bill and Adam Smith were visitors also at the same home.

Say Les' could you eat any breakfast after the wedding supper? We somehow doubt it.

## Tips on Touring

By Carol Lane
Women's Travel Authority

A friend of mine recently told me how he used his car to cement his relationship with his 10-year old son. A busy man, he suddenly realized that the boy did not come to him for counsel and companionship.

Searching for a common interest he discovered that his boy, like many other youngsters could identify any make of car on the road. So one Sunday the Dad suggested a 'driving lesson.'

In the car he allowed the boy to hold onto the steering wheel while he explained the meaning of such road markings as double white lines, single lines, and dotted lines. Then he asked the boy's advice as to whether or not he should pass the car ahead. This led to a discussion of passing on hills and curves. In a few hours, the boy's interest had carried the conversation into car mechanics and then to subjects farther afield. Weather permitting, the Dad-and-Son Sunday drive has now become a ritual.

My friend is a happier man these days. Not only is safe driving becoming second nature to his young son, but talking things over with Dad is becoming second nature too.

### THE WILD OAT — WEED ENEMY NO. 1

It is recognized that the Wild Oat is now responsible for more crop losses than any other weed in Western Canada. Although selective weed killing chemicals (2,4-D, MCP) and others are now available which will control most of our important grain crop weeds, none of them will control Wild Oats. At present the best solution to the Wild Oat problem lies in the use of effective cultural and cropping practices.

*Growth Habits:* Research has established the following facts with respect to the growth habits and hence the control of the Wild Oat: (1) The seed of Wild Oats has strong dormancy at maturity. (2) The dormancy must be broken through drying, freezing and thawing or by some other means before the seed will germinate. (3) Wild Oats grow best in cool moist conditions usually prevailing in early spring. (4) Relatively few seeds of Wild Oats will germinate once the temperature of the soil gets above 50 F., usually after June 1st.

*Delayed Seeding:* The best practical control measure for Wild Oats is delayed seeding. Intensive field tests have shown that many wild oats can be killed if seeding of infested fields is delayed until June 1st to 15th, and the land is thoroughly cultivated in the meantime. If an early maturing crop, such as barley, is then planted it will be practically free of Wild Oats.

More detailed information on Wild Oat control will be found in our revised circular "Wild Oat Control by Cultural Methods," free copies of which may be obtained from local agents of any of the Line Elevator Companies listed above.

Again in 1954, Wild Oats is likely to be weed enemy No. 1 in Western Canada. Plans should be made now to reduce the infestations of this costly weed.

## Don't Burn Stubble

Farmers are advised by Gordon R. Sterling, Supervisor of Soil Conservation and Weed Control, Alberta Department of Agriculture, to work straw and stubble into the surface of the soil rather than burn it off. This trash cover protects the soil from both wind and water erosion. It breaks the pounding effect of the rain drops, thus preventing packing and puddling of the soil. A straw covered field will absorb more moisture during a storm thus leaving less water to wash the soil away. It is particularly helpful in gullies.

Surface mulch reduces the wind velocity tremendously. A 60-mile an hour wind may be reduced to 15 miles an hour by trash and stubble 3 to 4 inches high. This practice of a trash mulch has proven itself in the southern part of the province where very little wind erosion takes place in spite of the fact that winds are very strong.

The organic matter formed by the decomposition of the straw and stubble will do much for future [illegible].

FEAR . . . CAN HARM YOUR CHILD

It is normal for your child to be frightened at times. But if his fears are too intense or too prolonged they can be harmful and cause much permanent damage to his developing personality. For this reason take his fears and worries seriously and make every effort to relieve them.

Some fears are brief and immediately forgotten, like a loud noise or a scary Hallowe'en mask. Others are lasting and deeply injurious. Fear of authority may develop from a father who is too stern; fear of soiling from too rigid toilet training; fear of dirt from constant harsh scolding for getting dirty during play. The list is a long one. Whatever seems to make you withdraw your love will worry your child because he loves and needs you so much. Avoid the growth of such fears in your child by being tolerant and friendly about his program, or lack of it, in his eating, playing or keeping dry. Praise him for his efforts even if they clumsy. If you make him feel a failure he will be full of fears.

Afraid of being alone in the dark at bedtime is common — and the child cannot be persuaded there is nothing to fear. Ridicule or stern measures only make it harder for him. He is showing how badly he needs comfort, love and reassurance, not just at bedtime but during the day, too. The usual cause is a lack of self-confidence. Ease up on your scoldings. They make him feel guilty, a failure. Halt the battles over toilet training and eating. And if Dad has been using the 'stern father' method, he'll soften up when he realizes his child needs less managing and more affection and approval. Praise your child's little successes and so build up his inner security.

For the two-year-old, leaving the bedroom door partly open will help. Fear of bed-wetting can make a child of this age afraid to go to sleep. His bladder control is not yet perfect and he may be afraid he will lose his mother's love if he wets the bed. Such a child needs to be told his mother loves him wet or dry.

THIS WORLD CAN BE FRIGHTENING

A child of three or four often fears thunderstorms, snakes, cats, dogs, etc. especially if the parent has shown similar fears in his presence. Or he may imagine frightening things. Reassure him and avoid ridicule. He needs affection to help him over the insecurity that is the basis for such fears. And show him that you are not afraid, but appreciate his feeling the way he does.

Your child is more disturbed about family matters than you probably realize. Discuss some of your domestic troubles out of his hearing. Fear of death shows up at this age and you can allay his worries by treating the subject reassuringly, telling your child that people don't usually die until they are old and (with a cheerful hug) we'll all be happy together for a long time'. Meet his questions honestly and cheerfully.

Parents often promote a child's fears through ambition [illegible] him to shine. If you want him to be the tidiest, best-dressed and best-mannered of all children and push him too hard to reach unnatural and impossibly high standards, he'll very likely react by not showing off as you desire. Instead, he'll show symptoms of fear maybe not obviously but in some 'nervous' habits.

DO YOU CRITICIZE TOO FREELY?

Many parents criticize a child constantly. They feel that unless they do this he won't have the urge to improve and won't grow up properly. Criticism is a form of punishment. It can make your child feel afraid and insecure. Don't withhold your praise and admiration because you think your child will become conceited. He should know that his parents are always ready to appreciate and enjoy him. He will come along faster if you tell him now and then what a wonderful child he is.

A child who cringes as a result of harsh or frequent punishment has been made emotionally sick. His days and nights are full of fears. He may start lying and deceiving just to protect himself against pain and humiliation. No thoughtful parent will use such punishment.

BABY & PRE-SCHOOL CLINIC

Monday, May 24 — Vermilion clinic cancelled due to holiday.

Thursday, May 27 — Albert school 2:30 to 3:30 p.m.

Tuesday, May 25—Streamstown school 10:30 to 11:30 a.m.

Friday, May 28 — Rivercourse school 10:30 to 11:30 a.m.

Friday, May 28 — Paradise Valley school 2 to 3 p.m.

## Paradise Valley

On Saturday afternoon May 8 some 125 guests called in at the store of L. A. Matheson, the occasion being the 25th anniversary in business at Paradise Valley.

The table was beautifully decorated with spring flowers centered by two cakes suitably decorated for the occasion. Along with refreshments each person received a picture of Main Street of Paradise Valley taken on May 8, 1929. Mr. Matheson received numerous cards and letters of good wishes along with gifts from the following: Imperial Lumber Co. Ltd., per G. Armishaw, Edmonton City Bakery, The Family, Horne & Pitfield, the Palm Dairy, Great Western Garment Co., Hudson's Bay Co., The Westock Co. Door prizes were won by Mrs. R. Smith and Mr. John Adams. Mr. and Mrs. Matheson wish to thank their many friends for coming and hope they enjoyed themselves as much as they did in serving them.

Mr Keith Thibadeau who has been teaching school in B.C. has arrived back home to put in the crop on his mother's farm.

Mr. and Mrs. Chris Oester have as their guest Mrs. E. Sturges of London, Eng., a sister of Mrs. Oester.

We regret to hear that Mrs. W.A. McLean is a patient in the Lloydminster hospital. Her many friends hope for a quick recovery.

The weather during the past week has been anything but good for farming operations. On Tuesday it started in with real April showers and continued during the week. As a result very little land work has been done.

## The World of Wheat

By H. G. L. STRANGE
Director "The Crop Testing Plan"

FOR SPECIAL NEEDS

Three varieties of spring wheat to appear in Western Canada during the past few years have been developed by plant breeders to fill particular needs. In order of their appearance these are: Chinook, Selkirk and Lake.

Chinook developed to replace the original solid stemmed variety Rescue is unlike its predecessor of high baking and milling quality. The 1953 harvest produced some particularly fine looking samples of Chinook seed and the variety has been in keen demand this spring for the saw-fly areas of Alberta and Saskatchewan.

Selkirk formerly C.T. 186, is so well known as the variety of spring wheat recently developed to resist stem rust race 15-B that it needs little comment. Some 150,000 bushels of Selkirk have been distributed this spring in small lots to approximately 25,000 farmers in the rust areas of Manitoba and Saskatchewan. This variety will be watched with interest to see how it will stand up against other races of rust which may develop in Western Canada.

Because of its tolerance to dry growing conditions Lake wheat has interesting possibilities for the drier areas of Alberta and Saskatchewan. It is slightly later than Thatcher in maturity and, like that variety it has no resistance to race 15-B but it possesses good milling and baking qualities.

INDEXES SHOW
IMPLEMENT PRICES
AT LOW LEVEL OF INCREASE

That implement prices have been kept at a low level is clearly shown by the comparison of Dominion Bureau of Statistics index figures, which give an increase in "all commodities" since 1941 of 82.1% as against an increase in a comparable index for Massey-Harris implements of only 66.9%. This low percentage of increase, too, is shown in the face of an increase in the index figure for materials of 94.7% and of Massey-Harris hourly rates of pay of 173.9% as can be seen by referring to the chart shown above.

Also, the indexes show that while farm implements have only increased 66.9% there has been an increase in the price of farm products of 82.6% and the scarcity of farm labour has caused farm wage rates to increase by 177.6%.

Farmers depend upon mechanization to offset the scarcity and high cost of labour and the indexes show that prices of such equipment have been maintained at a comparatively low level of increase. Farm equipment with its time and labour saving advantages offers exceptional value for the money.

REPORT FROM THE CAPITAL

# Home & School Movement Grows

EDMONTON. — Interest in the Home and School movement continues to grow in Alberta, according to reports presented last week at the 23rd annual convention of the Alberta Federation of Home and School Associations.

More than 300 delegates attended. They were told there now are about 450 local associations affiliated with the provincial body and membership has climbed to more than 25,000.

Meeting at the University of Alberta here, the delegates covered a wide range of subjects dealing with education. They elected Mrs. D.A. Hansen of Calgary, as the federation's president to succeed J. E. Simpson, of Edmonton. First vice-president is W. E. Hodgson of Edmonton.

Mrs. Kenn Tory of Wainwright, was selected as vice-president in charge of extension. Among those elected regional vice-presidents were E. E. Oliver of Fairview, for the Peace River district; W. Perley, of Thorsby, north-central; Mrs. R. V. McCullough, Red Deer, south-central, and R. Dillenbeck, of Burdett, [illegible].

Six-week teacher-training courses, curriculum deficiences, provincial and federal aid for education and the need for teaching facilities for physically handicapped children were among the many topics discussed at well-attended conference sessions.

Resolutions speaking against the six-week teacher-training course, passed by the last legislative session and opening in July, were submitted by many local associations and combined into one which the convention approved. It urged the education department to maintain at least the one-year requirement for a letter of authority and added: "It is recognized that teacher-training in Alberta should be of at least two years' duration". Along the same lines was a resolution asking that entrance requirements to the faculty of education be at least maintained if not raised.

Expressing fear that Alberta high school students are not being taught sufficient mathematics, the delegates urged a second math course for Gr. 12 and also passed a resolution asking that French courses be made available to all junior high school students. Increased federal and provincial aid and schools for the physically-handicapped were requested.

Emphasizing a need for increased services, federation officials obtained delegates approval of an increase from 25 to 35 cents per year in the membership fee. Delegates spent considerable time in "workshop" sessions for the discussion of such topics as parent education, community influences and school [illegible].

President Simpson reported having travelled more than 5000 miles in one year on federation business. The corresponding secretary's report indicated the volume of federation business — 453 letters received, 334 sent.

G. F. Bruce of Edmonton, the national home and school president, called on HSA members to remember "that our task concerns the welfare of our children. They merit the best we can give them. We must seek to know what that best is."

GAS EXPORT

Premier Manning's announcement last week of the government's decision to approve plans for export of natural gas from Alberta to the east and Montana came as a sort of anti-climax. It was accompanied by little of the deep interest evoked when the last conservation board report was released to the public last December.

Most persons, of course, considered it a foregone conclusion. Then, too, N. E. Tanner, president of Trans-Canada Pipe Lines and a former Alberta mines minister 3 weeks ago told the federal board of transport commissioners that the conservation board was prepared to issue a permit about May 12. He was only two days out — the permit was issued May 14.

Trans-Canada, the company which will pipe gas east, is an amalgamation of the two companies, whose applications for export permits were rejected by the board last November. They merged at the suggestion of provincial and federal governments.

The permit will cover a 27-year period including two years to complete financing, engineering and most of the construction. It gives Trans-Canada permission to take a maximum of 4.35 trillion cubic feet of gas from the province during the period with movement to start not later than the end of 1955. Construction of the big line expected to cost $350 million to $400 million is not expected to begin until 1955 indicating that the first gas will flow only to Manitoba. Gathering and distributing lines and processing plants will raise the total to about $600 million.

Gas fields and the amounts of gas the company will be allowed to take from them are defined by the permit. Of the 4.35 trillion it is expected that 3.02 trillion will used in the Canadian market.

Present provincial reserves are estimated at 13.4 trillion cubic feet while the actual requirements of Alberta for the next 30 years are placed at 4.6 trillion. Mr. Manning said the estimates are geared to production trends and that there always is a minimum of 30 years' supply.

VERMILION STUDENTS GRADUATE

About 750 young men and women who have been students at the University of Alberta for periods of three to seven years climaxed their academic careers at convocation ceremonies last week. They received the degrees signifying their achievements in various fields of endeavor.

Many more students of one and two years' standing have completed the training for teaching diplomas. Those from Vermilion district included Robin M. Stuart, Mannville, bachelor of arts; Alexander Hogan, Mannville, bachelor of commerce; Katherine Ann Carey, Islay; Davine Joan Curry, Bellevue; Dorothy Mina Eldom, Vermilion; Sydney Max Kates, Heinsburg, all of whom received bachelor of education degrees. Senior diplomas in education were won by Betty Ann Gray of Kitscoty and Alvin Roy Myhre, Innisfree. Junior diplomas went to [illegible] Thorhild; Marie Lofthaug, Dewberry and Garfield Power of Islay.

## Islay District Locals

Sunshine at long last, gardens being put in, and farmers venturing forth into muddy fields.

Noticed Joe Hyslop taking out a new Massey Harris tractor to help speed up the spring work. Hardie Ford with a new boat loaded on a trailer to take to Vermilion Park lake, also Walter McCaughan with a new boat. These boats will see much pleasurable use no doubt on Vermilion lake. What a real source of enjoyment this newly acquired body of water will be to Vermilion and district.

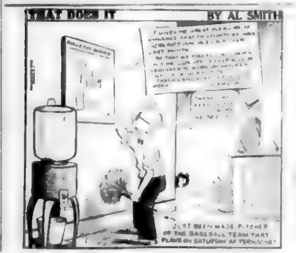
Percy Golby tried out his motor boat recently on the large slough nearby. His daughter Barbara was along to enjoy the first cruise of the season. Percy likes to fish and often journeys to some of our lakes to the north where fish are plentiful and brings a nice supply from which his friends and neighbors [illegible].

Irwin Whitcher and Gerrard M[illegible] Beath are busy at work [illegible] renovations at the Islay [illegible].

Due to the lateness of the spring farmers are now working around the clock. The season will be very short so it behooves us to work, and as we work at the ordinary things, let us think about higher things, those things which will last forever. The writer believes that it was Daniel Webster who wrote the following good advice:

If we work upon marble it will perish; If we work upon brass time will efface it; If we rear temples they will crumble into dust. But if we work upon immortal souls, if we imbue them with principals with the just fear of God and love of fellow men, we engrave on those tablets some thing that will brighten all eternity.

THAT DOES IT BY AL SMITH



Special Notice to FARMERS
Have you heard that the Alberta Motor Association new personal accident insurance policy, which covers you while driving your car or truck, can be extended to give you the same protection while operating your tractor and other farm machinery? The cost is
ONLY $3.00
This low cost is made possible because there are already almost 100,000 members of the Alberta Motor Association.

## NEWS from ALLAIDALE

Rain and more rain, though we need it men folk are anxious to get on the land as it's the latest season in years.

The roads were maintained on the 7th by Idelore Nelson — now they will be needed up again.

Mr Martin our mail man had troubles on the 12th on the east road around the block. Travelling mostly in the ditches he noticed a gate through Orley Omeresen field which took him by the buildings and on the road south on his way thus missing the rest of the way around the block.

Mr. and Mrs. Orley Omneses spent a pleasant evening at the Cooper home on May 5. The occasion was the Clandonald W.A meeting Mrs McKay's address on the W.A. and its work and the work of the officers was very interesting.

Mother's day service at 7:30 p.m. in the Clandonald United church was well attended. The service was conducted by our minister Mr Stanley Calder. To mothers—let us be worthy of this day, and live the highest and best throughout the year.

The Phillips family have a new 40 Oliver tractor.

Mrs Louis Baldock left on the evening of the 11 Louis took her to Wainwright going to Saskatoon by train to accompany her sister Georgina and husband Mr and Mrs. Broadfoot east They are motoring and will be visiting their dad and brother in Ontario. Mrs Hogeboam is helping at home and daughter Beryl and Brenda plan on coming from the city

The sympathy of the community is with the Kelliher family on the loss of their son Keith.

Orley Omeresen motored to the city on May 15 to meet daughter Orvene and baby Paulette (Mrs. Fred Whelan) of Toronto who has been posted to Hoberg, B.C.

The Dedication service ably conducted by our minister Mr Stanley Calder on May 16 at the Allandale United church was well attended and with 40 being present also the large Bible. It was the wish of the late Mrs McBride that Allandale should have the Bible With no church prior to her death she gave it to whichever one would give up his route her granddaughter Joyce Evelyn, through the kindness of the latter and Bill was the natural one to the large Bible has now been given to Allandale United church in memory of her grandmother, a token of remembrance from a dear one to one This is My Task by Mrs. Laird was enjoyed very much.

Sorry Pleasant Valley. I missed the item re location of our church It is 2 miles west of the Allandale school on the Clandonald road. Everyone is welcome and the door wide open for all to enter. We would be glad to see you any time. 11.30 a.m. every second Sunday May 30 will be our next service.

Mrs. Tommy Greaves and daughter Brenda from the city were welcome visitors at the Jack Cyms a farm on May 15 Mrs Hogeboam (Aunt Mary) came, muddy roads hindered her coming before to take over housekeeping while Mrs Baldock is away east.

The Allandale W.A. was delayed a few days on account of rain, but finally held at the Armstrong home It was good to have our long standing members with us Mr McBride Discussion mostly was concerning our spring supper and bazaar. The date is June 2. Come along everyone and have a social evening. Our next meeting will be at the Woody Wilson home on June 16. Mrs. Armstrong and Mrs. Baldock are on the lunch committee.

Sorry we missed this item — Mr Edwards has been home for awhile After spending the winter with relatives in the east.

Mr. McBride was a visitor at the Mayors' home last week end. On Sunday Mr. and Mrs. Harold Cooper and son Dean and Mr. and Mrs. Jimmy Ronaghan and family of Lloydminster were callers.

Congratulations to Mr. and Mrs. Dick Arnold on the birth of a son Richard James on May 13.

Mr. and Mrs. Howard Robertson and family from Provost and Aunt Mabel Lee of town were visitors at the latter's mother's home. Mrs. Gertie Swanson of Elk Point over the last week end

Mrs. Nellie Kepke (a niece) of Spring Park has been a patient in the Elk Point hospital. Your note was delivered by Dean. Nellie 'get well soon'

Closing Thought: Those diligently seeking divine guidance unerringly that many times they have been led to safe landings by that still, small voice

## Art of Sandwich Making Shown At Mannville

MANNVILLE—The C.G.I.T. and quite a number of ladies of the town and district were shown the art of making fancy sandwiches recently. Miss Inglis, District Home Economist from Vegreville first made rolled sandwiches. For these fresh bread is necessary and fillings with a butter base or of a slight texture are the most suitable. And there is quite an art in slicing the bread thin enough A good knife is also a necessity Ribbon and checkerboard sandwiches, open faced sandwiches, fancy shapes cut with cookie cutter, and a sandwich loaf were among the ones Miss Inglis made and described. One of the secrets of good sandwiches is the chilling so that they may be sliced daintily and evenly She gave a list of fillings suitable for the various types of sandwiches. The sample tasted later was excellent.

On display on tables at the side of the hall were cribbage-trays and slippers that the C.G.I.T. girls had made and were donating to the Mannville hospital. Their display of handicraft was also good. Mrs. Hugh Doherty has spent a lot of time with these girls and it certainly shows in their work. It is a pleasure to view the work done by the groups of young people and to know these are doing it now and those who have done it in the past are to be commended for their efforts.

Tea and coolsies served by the girls completed a very enjoyable and interesting afternoon

Canadian tariff duties are among the world's lowest, an average of only 7½ per cent of value being collected on all goods entering the country in 1951.

Late winter vacations are becoming "a must" with many Canadians who wish to escape the bitter cold of late winter or the cheerless snows of early spring. The Canadian Pacific Air Lines' new service to Mexico and South America offers a quick escape from Old Man Winter's last cold clutches to the sunnier climes of the south A direct service from Vancouver to Mexico City puts that charming latin land within 10 hours of Canada. Equally quick flights by giant new DC-6B aircraft also put the alluring Hawaiian Islands within easy reach. Special tours in Mexico have been arranged including visits to Isamal Acapulco (upper right) America's own Riviera, where the native divers defy death daily (new circle) plunging from towering heights into the broiling waters of the Pacific. At Mexico City visits to the new University library of which is shown here (lower left) and to the famous "Floating gardens" are musts for vacationists. Sunburned Hawaii offers, among many other attractions, Diamond Head and one of the world's best known beaches Waikiki (lower right)

## Of Many Things . . .

By AMBROSE HILLS

*PAPER BOY*

There's an old story being acted out at our house these days and I watch it with a mixture of pride, interest, and sorrow.

My son, Bill, wanted a paper route. In order to get it, he made a point of helping out one of the regular paper boys. Whenever Pete got sick, Bill was there to volunteer his services. On a stormy day, Bill could bundle up and help Pete out. At the end of last year, Pete decided he would give up his route and Bill was the natural one to take it over. It takes him two hours a day delivering papers; one night a week to make his collections.

Bill was mightily pleased, and he likes the extra money, but there is a fly in the ointment and I don't know what to do about it.

Bill has a list of long standing, a swell boy, Bill's age, with similar interests. Bill and Rickie used to spend a lot of time together They went hiking on weekends, they watched TV together, built forts, practiced boxing in our basement, erased the girls collected matchbox covers traded comics, and generally stood shoulder to shoulder against the rest of the world on every count But now that has changed.

Rickie's nose is out of joint Not that he wanted the paper route he didn't But Bill has quite a bit of extra money in his pocket these days and Rickie is jealous Rick's parents know this, and they hope it will pass, because Rickie is a pretty miserable lad these days moody and touchy.

I heard Bill on the telephone last night "Rickie? Say . . . how about going hiking tomorrow? We could . . . There was a pause. And I saw Bill's face fall. "Oh," he said. "Well . . . maybe another time."

He went up to his room, and his steps were heavy. I dropped in, and he showed me some new trapped fish, but he didn't sound very gay.

"You and Rickie going hiking?" I asked.

He shook his head. "Rickie says he doesn't feel like it Never feels like it any more. He and John Carter are going down town

"Look fellow," I said, "maybe if you just coast along a while . . .

I saw Bill's lips quiver a bit so I shut up. I didn't have an answer anyhow There doesn't seem to be any answer I'm only counting on the fact that Rickie has always been a pretty fine boy and he will probably snap out of his jealous streak before too long.

Meantime I hope Bill goes on with his paper route and makes a success of it. I suppose he might as well learn now as ever that when you want to advance in this world you'll find a few old friends pull aside Every successful man I ever heard of had a few folks barking at his heels calling him a robber or a cheat, envying him. These are the pitiful souls who must often want to pull down the world by pulling all the successful men down They are an unhappy lot, and it irks them bitterly to see others enjoy some small success Wish I knew the answer

Hot wait! I hear Bill at the phone again

"Rickie? Say I wonder if you'd help me out" The week end papers are so darn heavy I could use a hand . . . Sure I'd spill with you Swell I'll see you tomorrow Bye

Maybe Bill has worked out an answer after all. It has worked before

For the third year in a row fewer bicycles were made in Canada in 1952. Output was 92,875 lowered since 1 137 were made in 1951.

Three out of every five of Can ada's hotel rooms are found in Quebec province.

**3rd VICTORY LOAN BONDS have been CALLED FOR PAYMENT JUNE 1st**

IF YOU HOLD Third Victory Loan 3% Bonds (issued November, 1942 to mature November, 1958) they should be presented for payment on or after June 1st through any branch bank in Canada. AFTER THIS DATE NO FURTHER INTEREST WILL BE PAID. The interest coupon dated November 1st, 1954 and all coupons dated later than this must be attached to the bonds when they are presented for payment. Payment will be $101.26 for a $100 bond (and for other denominations accordingly). This payment includes a $1 premium as required by the terms of the bond—plus 76c which is interest at 3% from May 1st to June 1st—the period since the last coupon became payable.

## Islay Hospital Board In Regular Session

The regular monthly meeting of the Islay Municipal Hospital board was held in the hospital on Saturday May 1 at 2 p.m. All board members and the secretary were in attendance.

The minutes of preceding meeting and financial statement were adopted as read. Cd.

A carload of summer coal was ordered from the Wheat Pool.

A tender submitted by Gordon McBeath for the renovation of 3 wards and the bathroom on the main floor of hospital building was accepted. Labor and materials used to widen doorways and remove transoms were separate from the tender.

The Board adopted an amendment to the Act permitting non-ratepayers contracts to be sold at any time during the year to become valid 60 days from date of purchase.

The procuring of nursing staff was left in the hands of a committee. Salaries and accounts as approved were paid.

The Secretary was instructed to advise responsible parties of notification from Dept. of Health re cancellation of grant on hospital patients exceeding the 90-day limit.

Notification was received from the Board of Public Utility Commissioners re the filing of a ratepayers petition asking that the lands included in the Islay Municipal Hospital District No. 4, in Townships 47, 48, 49 and the S½ of 50, in range 5, be transferred to the Vermilion Hospital District No. 2. The Secretary was instructed to prepare a brief setting forth the views of the Board on the matter.

Meeting adjourned to meet on Saturday June 5, at 2 p.m.

Salaries $1287.70; Phone 8.75; Postage 5.00; Utilities 90.75; Univ. Hosp. 105.40; T Eaton Co. 77.50; Nelson-Hill 8.10, Mrs. T Sherwood 12.00; Islay Drug 2.00; Fisher & Burpe 18.83, Ingram & Bell 9.12; Ed. Journal 11.20; C. ## NEWS from VANESTI

Another week has passed with very little spring-like weather up to the 13th. Riding around the prairie on Tuesday May 11th the writer encountered a few odd snow drifts on the sheltered side of the sloughs. It really looks as if the country is in for a very short crop season.

Clayton Flewell has finished seeding of wheat on the Nels Peterson farm. Martin Seite is quite busy seeding too. Cold winds and rains are holding up most farmers. They report frost still in the ground.

Sorry to hear that Mr. J. Coleman is under the weather and best wishes go to him for an early return to health.

Mrs. C. Flewell and Mrs. J. Warren returned on Saturday last from Edmonton, bringing home with them Mrs. Warren Sr who was 87 years of age that day. Although she was not too well during the winter she looked quite spry upon arrival here wearing a white carnation boutonniere. Mrs. Flewell and Mrs. Warren had been to Lamont for medical check-ups.

Mrs. S. Allin is noticed busy with housecleaning and caring for baby turkeys; Don Purser was noticed making a trip to town on muddy roads to bring home baby chicks.

### Idle Chopsticks

There are 86 million potential wheat-eaters in Japan.

That country's new ambassador to Canada says his countrymen in the future will be eating more wheat and less rice. "Rice is expensive and is rationed," says Koto Matsudiara, "bread made from wheat is served in free lunches at schools. When these children grow up they will be wheat eaters."

There are some other strong factors favoring wheat in the wheat-rice game. Japan's south-east Asian rice sources have been disrupted or cut off.

And then again, rice must be cooked. Bread is ready to serve. The Japanese housewife can feed her family a lot easier on bread than she can on rice.

For Canada, the world's biggest grain exporter, this represents a growing market, says The Financial Post, eventually big enough to consume all of our surplus wheat — a market we should develop in a very big way.

One out of four Canadians is employed today in manufacturing.

## Of Many Things . . .

By AMBROSE HILLS

MONEY

I had breakfast in a restaurant this morning. Sat beside a pleasant, talkative fellow and found him interesting.

"Y'know," he said, "if somebody'd give me a couple of thousand dollars, I'd take a trip to Europe. I'd like to spend three days in London, hop over to Paris, and friends of mine there would drive me down along the Riviera." He sighed. "All it would take is a bit of money."

My talkative friend was so wrong! It would take more than money. It would take real, all-out desire. Lots of men want to go to Europe, in a vague sort of way, and they have the money, too. But they don't want to travel quite as much as they think they do.

My breakfast companion could save or raise two thousand dollars for next Summer, if he tried hard. By the Summer after that, he could easily have it saved. But he doesn't really want to go to Europe, he hasn't the kind of burning desire that makes dreams come true.

What we get in this world reflects closely what we want with all our hearts. Weak desires bring faint and feeble results, but burning desires cannot be gainsaid. Sooner or later they are granted.

Money is rarely in itself the thing desired. Money answers very few wishes. It is merely a token. it is nearly always a by-product of some other, stronger desire. Henry Ford for example, did not make his millions because he desired with all his heart to be a millionaire. Money was a by-product which came because he desired with all his heart, to make an automobile even poor people could afford to drive.

Edison did not make his fortune because he wanted money. He made it as a by-product. He wanted with all his heart, to find a filament suitable for electric lighting. He made his millions, we all benefited.

Tom Jones may get a ten dollar this week. But it wont be because he wants money. It will come as a by-product of his desire to do a good, efficient job of work.

Want a trip to Europe? Fan your desire until it flames and you will get the trip alright. But it will not be simply a matter of money. The money will come as a by-product. And in gaining it, you will probably give some service or do some work that will benefit us all. Then we'll all be happy to see you get your reward. Bon voyage!

Council To Rush Hard Surfacing

## RECREATION DIRECTOR IS APPOINTED FOR TOWN

The regular meeting of the town council was held May 10 with Mayor S. C. Heckbert, Crs. M. Hill, H. J. Payne, G. W. Sutherland, K. G. Urquhart, Geo. C. Webb, present. Absent Cr. D. R. Mitchell.

Correspondence received from: R.C.M.P. re April report; the School of Agriculture re Recreation Director; Salvation Army re Red Shield Appeal; I.O.D.E. re tag day; Salvation Army re tag day; Town Planning re subdivision survey; R. M. Hardy and Associates re Engineering Services.

Mr. G Tuck, recently appointed recreation director for the town, attended the meeting and gave a brief outline of fields of recreation that could be developed in the town. He praised previous councils for their foresight in reserving such a large amount of area for playgrounds and parks. He suggested that a recreation commission be appointed to plan and direct recreation activities in the town.

A delegation consisting of James Bell and Jack Kokotailo, representing the Kinsmen club, discussed with the Council the construction of a wading pool and playground on the park area in Blk. 1. They indicated that approximately $4000 would be spent on the construction of a wading pool, bath houses and playground equipment for the children.

The following motions carried:

That the minutes of the previous meetings be adopted as read.

That the financial statements for April be adopted as read.

That the Town of Vermilion adopt the policy by which all ratepayers making application for water and sewer service (where it is possible to offer such service) be provided with such service on a basis mutually satisfactory to the applicant and the town, any agreement to include the charging of frontage tax in addition to the regular charge for service following installation.

FRONTAGE TAX FOR HARD SURFACING STREETS

That frontage tax in connection with hard surface program in the business area be based as follows: 62c per foot annually on actual frontage of properties facing the improvement; 62c per foot annually on one-half of the number of feet of 'flankage' of any and all properties abutting the improvement.

STREET PAVING

That the firm of R.M. Hardy and supervising engineers for the proAssociates Ltd., be engaged as supervising engineers for the proposed street paving program and that alternative 'A' or 'B' as set out in their letter of May 8 be the basis of the contract with this firm.

PAVING BY-LAW

That By-law No. 3-54, authorizing the Council to borrow the sum of $88,000 by way of debenture for the purpose of hard surfacing several streets in the business area of the town be given a first reading and that details of this program be proceeded with as fast as possible.

PURCHASE ASPHALT KETTLE

That an 84-HD tar and asphalt kettle with motor spray attachment and thermometer be purchased at a price of approximately $1200.

IMPERIAL BLOCK

That Mr. R. Martland be advised in reply to his letter of April 27 that no further action is required on his part at this time in connection with Lots 1 and 2 in Blk 14 (Count de Topor property).

That the matter of secretary's desk purchase be referred to the Finance committee with power to act.

LOT SALE

That the application of James McGaughey to purchase Lot 16, Blk 25, Plan 635-V for the sum of $180 be approved subject to the usual sales agreement.

TAG DAYS

That the Frog Lake Chapter of the I.O.D.E. be granted permission to hold a tag day on the streets of the town the second day of the Vermilion Fair.

That the Salvation Army be granted permission to hold their annual tag day on Saturday, June 5.

RECREATION COMMISSION

That the Town of Vermilion establish a Recreation Commission forthwith, with one representative of the Council to act as Chairman of the Committee and that the Vermilion Parks board, the Vermilion S.D., the V.A.A.A., the teachers of the town schools and the Red Cross organization be asked to name representatives to the Commission as soon as possible; the duties of the Commission to be in co-operation with the recreation director in order to obtain the maximum benefit for the young people of the town.

KINSMEN WADING POOL

That the town co-operate with the Kinsmen club in the establishment of a wading pool by long term lease at nominal rental of $1 per year on an area 120 feet by 120 feet, located in the east section of the park reservation area in Blk. 1 and that water and sewer service to the proposed wading pool be mandatory; water to be provided without cost for a trial period of one year, subject to confirmation of Kinsmen club request in writing. The Kinsmen club to comply with public health regulations in all respects.

Town accounts and water and sewer accounts were passed and ordered paid.

## Vermilion Man On Provincial Executive

Clark Colwell, High River businessman, recently became ninth president of the Alberta Associated Chambers of Commerce and Agriculture. The election took place at the closing session of the Association's two-day annual meeting in Red Deer.

Elected to serve with Mr Colwell on the Board of Directors were vice-presidents B. K. Forseth of Peace River, A. D. McTavish, Edmonton, D. R. Mitchell of Vermilion, W. H. Hayne, Lacombe, E. J Munson, Calgary, T. R. Osborne, Medicine Hat and directors H. F. DeBolt, Spirit River, George Golberg, Camrose, A. A. Macdonald, Red Deer, W. D. MacDonald of Grainger, George Lomas, Lethbridge F. S. Kreutzer, Fort Macleod, A. Plant, Blairmore.

During the three general sessions the annual meeting adopted policy statements on agriculture, coal, highways and roads, tourist trade, business and government, highway policy, employer-employee relations and resolutions on vehicle signal lights, an experimental farm in the grey wooded soil area, road-side parks and picnic grounds, the P.F.A.A., education costs, curricula, the teaching profession, crop insurance, administrative law, radio and television, the Industrial Relations board.

The Association's annual dinner was addressed by J. H. Kelly, Q.C., president of the Calgary Chamber who chose as his subject 'Facing Facts'. Close to 100 attended the dinner, while 75 delegates from 26 Alberta communities registered for the business sessions.

## 75% Wheat Seeded

About 75% of the wheat is now seeded, according to agricultural and elevator officials in the district. 25% of the oats are also underground, with little or no barley sown to date. Given some heat, growing conditions have never been better.

## CLEAN UP FOLLOW THROUGH

Due to adverse weather conditions and the excellent response on the part of town residents and business houses to the Annual Clean-Up Campaign, it will be necessary to extend the "Pick-up" part until Wednesday, June 2nd.

Although most places have been nicely cleaned and tidied up, there are still several exceptions. Some residences and many of the business properties do not present an attractive appearance.

Again your Board of Trade civic committee reminds all residents of Vermilion that trash and refuse reflects adversely on them personally. We all like a "Clean Town," so please, during the next week check your homes and business places and place refuse at the lane. Materials, cars, implements, etc., should be arranged in a neat and orderly manner.

If the trucks have covered your section of the town but there is other refuse to dispose of, please notify Al Weeres at the Town Office by next Wednesday.

YOUR CLEAN UP COMMITTEE

## BALL OPENER ON SUNDAY – 2:30 p.m.

The old lid will be pried off the top of the league schedule as far as Vermilion is concerned this Sunday afternoon May 30 when the chesty Two Hills baseball team comes to town to attempt to take two in a row from the Vermil ball tossers. At the same time St. Paul will be hosts to Elk Point.

Two Hills won their opener from Vermilion Wednesday evening last week and the Vermilionites are anxious to even up the count. A huge crowd is expected Sunday to see the encounter.

Thanks to the baseball club Vermilion now has the best ball diamond in its history. Anyone who hasn't seen it will heartily agree once he gets to the game on Sunday.

Coach Gerry Moffat says that he has some 20 very ambitious youngsters and veterans who are all fired with the desire to play plenty of baseball and he is confident that they will round into an A1 club before the season is very far advanced. They lost their first game on sports day to Wainwright by a close 7-6 score. Be sure to see the boys in action Sunday.

*EASTERN ALBERTA LEAGUE SCHEDULE*

WED., MAY 19 - Elk Point at St. Paul; Vermilion at Two Hills.
SUNDAY, MAY 30 — St. Paul at Elk Point; Two Hills at *Vermilion*.
WED., JUNE 2 — Two Hills at St Paul; Vermilion at Elk Point
SUNDAY, JUNE 6 - Elk Point at *Vermilion*; St. Paul at Two Hills.
SUNDAY, JUNE 13 Vermilion at St. Paul; Two Hills at Elk Point.
WED., JUNE 16 — St Paul at *Vermilion*; Elk Point at Two Hills
SUNDAY, JUNE 20 Elk Point at St. Paul; Vermilion at Two Hills.
WED., JUNE 23 St Paul at Elk Point; Two Hills at *Vermilion*
SUNDAY, JUNE 27 Two Hills at St Paul, Elk Point at *Vermilion*
SUNDAY, JULY 4 Vermilion at Elk Point; St Paul at Two Hills
WED., JULY 14 - Vermilion at St. Paul; Two Hills at Elk Point
SUNDAY, JULY 18 - St. Paul at *Vermilion*; Elk Point at Two Hills.

*PLAYOFFS*
*(Clip and Save Schedule)*

## Stories for Next Week

Owing to the Monday holiday this week a considerable number of stories are held over due to lack of time for setting same into type. Included among these is the story of the V.H.S. graduation exercises held last Friday; also the Kitscoty graduation, Home and School meeting and news from Woodvale. They will all appear next week.

## Ladies' Fastball Club Extend Thanks

The Vermilion Ladies fastball club wish to thank following business places for their assistance in helping to make possible the Tiny Tot fashion show which was held on Saturday May 15 in the Elks hall. The firms which so generously donated their clothes and helpful ideas were as follow.

Craigs, Clendennings, Stephens, Co-op., 5c to $1 store. Thanks are extended also to Mrs Acheson, Jean Kibb and the two Mrs. Camerons for the very generous help they gave.

Thanks also go out to the very few people of Vermilion who did attend. A lot of work, time and planning was put forth by the girls to make the show possible. And they would like it known that the crowd was so small that the few expenses were not cleared.

If Vermilion is to have a ladies softball team we think that it is only fitting that efforts to raise a little money for equipment etc., should not be taken so lightly. Like the hockey and baseball teams the girls need money to operate the team.

The ladies softball club therefore would appreciate a little consideration and any assistance or suggestions from the townspeople of Vermilion.

## May Rainfall Second Highest in 9 Years

Rainfall received in May so far this year is the second highest in the nine years since the installation of the weather station here. The big year for rain in May was 1951 with 3.42 inches. This year it is 2.24 to date. Rainfall by years follows: 1946, 1.44, 1947 .81, 1948 .43, 1949, 1.37, 1950 .30, 1951 3.42, 1952 .61, 1953, .65, 1954 2.24.

## IDEAL DAY FOR MAY 24th SPORTS; IRMA WINS OPEN BALL TOURNEY

Thirty-four baseball and softball teams saw action in Vermilion's annual sports day this May 24th. Weather conditions were ideal with warm sunshine prevailing and despite the late spring season an average crowd was on hand, the gate being some $50 more than in 1953.

IRMA WINS SENIOR BALL

The Irma baseball team won the headline attraction, taking first in the open baseball tourney in which seven teams competed. The Irma entry played steady and consistent ball throughout. The final game was the only one-sided encounter in the whole event, Irma walloping the Marsden ball tossers some 21 to 1. The Marsden entry featured the five Bensch brothers on their line-up. They played smart ball to eliminate Murray's Outlaws from Edmonton in the opener, turned back Viking in the semi final, but fell before the big bats of Irma in the pay-off game.

Vermilion Seniors lost their initial contest to Wainwright by a 7-6 score in a very good game. In two of the six games an extra inning was needed to decide the winner.

Seven teams were entered, Marsden, Edmonton, Derwent, Viking, Wainwright, Vermilion and Irma.

COUNTRY BASEBALL

Country baseball attracted this year with seven teams competing. Vilna Juniors took first, Clandonald 2nd, Fenham 3rd and Mannville 4th. Other teams were Triangle, Basswood and Vermilion Juniors. The latter lost their first game to Mannville.

The other event for the males was a 15 and under softball tournament with eight teams competing. The first four were Wainwright 1st, 2. Irma, 3. Kitscoty, 4. Vermilion.

IRMA LADIES WIN

Irma ladies also took home the honors in the ladies' open softball coming home first from the field of five teams. In second place was Dewberry, Wainwright was third and Vermilion ladies 4th. The other entry was from Vegreville, eliminated by Vermilion in the opening game.

HIGH SCHOOL GIRLS

Vermilion high and junior high school girls kept some of the honors at home, each winning its respective event.

In the high school event, Vermilion was first, Kitscoty second. Other teams playing were Wainwright and Irma.

Vermilion 'A' team came home winners in the 15 and under softball, defeating Wainwright in the opening game and Lavoy in the final.

The events were all well run the day going off smoothly. The senior ball diamond on which much work has been done was a treat to see and to play upon. The booths were very busy all day. The dance at night drew the usual packed hall.

TRACK EVENTS

The track event section was limited to children's races this year along with a half mile bike race. Quite a gallery was on hand to see the youngsters do their sprints.

RACE WINNERS -- GIRLS

Under 5 years—1. Glenis Moses, 2. Joanne Mitchell; 3. Lynn Hemmingway.
6 and 7 yrs. 1. Mary Filgate, 2. Avril Kneale.
8 and 9 — Beverly Strome and Louis Barr tie.
10 and 11 1. Shirley Roscoe, 2. Shirley Porter.
12 and 13 1. Shirley Roscoe, 2. Lila Porter.
14 and 15 1. Shirley Shepherd, Kitscoty, 2. Lila Porter.
16 and under 1. Shirley Roscoe, 2. Lila Porter, 3. Karen Acheson.

BOYS EVENTS

5 and under 1. Ken Filgate, 2. Ricki Herzog.
6 and 7 1. Philip Zubiak, 2. Terry Part, Drumheller.
8 and 9 -- 1. Jim Leahy; 2. Bob Ford.
10 and 11 - 1. Willie Filgate; 2. Keith Barr.
12 and 13 — 1. Bruce Bowman, Dewberry; 2. Jim Reid, Bonnyville.
14 and 15 1. Brian Ford; 2. Ron Kufeldt, Lavoy.
16 and under — 1. Mac Fenton, Elk Point; 2. Ron Kufeldt, Lavoy; 3. John Scott.
Half mile bike race -- 1. Lee Coyne; 2. Ken Hough; 3. Bob Waldenberger.

## Ex-Vermilion Man In New Office

After a long and happy association with the Searle Grain Co. extending over the past 25 years Major H. G. L. Strange will retire shortly as director of the Research Department and the Crop Testing plan.

Succeeding him as director of the Research Department and the Crop Testing plan is W. G. Malaher, a graduate in Agriculture who has been closely associated with the work for the past two years as assistant director. Prior to his association with the company Mr. Malaher enjoyed wide experience in agriculture, first on the staff of the Vermilion school of agriculture where he served for some 15 years and later as an officer of the Canadian Wheat board. Mr. Malaher is therefore particularly well equipped to fill the position he now assumes.

## School Division Track Meet Postponed

Due to wet weather the annual track meet of the Vermilion school division scheduled to be held at Kitscoty on Friday May 28, has been postponed to Friday June 4th. The postponement was caused by the wet weather of the week.

## Newspaper Bingo

Numbers drawn Tuesday: B 11, G 56.

Numbers previously drawn are: B 7, B 9, I 18, I 20, N 44, G 57, O 62, O 68, O 75, N 37, I 19, I 29, B 5, B 10, G 54, O 63, B 4, O 65, O 72, G 59, I 26, O 67, N 35, G 53, B 13, I 16, B 15, O 73, B 1, I 23, G 48, O 64, I 27, G 55, B 14, O 61, O 66, I 24, B 12, O 70, N 32, G 49, N 38, G 51, B 2, O 71, N 31, G 46, N 39, N 40, I 22, I 30, N 45, O 74.

$200 prize still to be won: buy another card, check off numbers from above list — you may be the winner!

## Jack Kokotailo New Kinsmen President

The following new officers for the Vermilion Kinsmen club were elected at the regular meeting on May 25. They officially take office at the first meeting in September:

President—Jack Kokotailo
Vice-Pres.—Dr Ed Evans
Secretary—Al Weeres
Treasurer—Bill Parker
Registrar—Joe Hart
Directors — Neil McLean, Les Chivers, Don Kellerman
Editor—Dr. Bob Anderson

Dr Bob Anderson will leave this Thursday May 27 to attend the provincial convention of Kinsmen clubs which is being held in Banff this week end.

## Local Garden Club Distribute Premiums

The Standard is informed by E. Buckingham that memberships in the Vermilion Horticultural Society are away behind last year. There are a number of premiums still on hand.

Mr Buckingham urges residents of the town and district to join up now and get in on the free premiums. Six glads and three dahlia bulbs are given out to each member. These bulbs at retail price would cost $2.50 but only $1.50 is asked for a membership.

Everyone likes the flower show which is put on in Vermilion every fall. Now is the time to give your support to the Vermilion Horticultural Society and help them distribute these premiums which can be planted immediately. Bulbs are available at the office of the district agriculturist.

## Curio, Relic Exhibit

St Saviour's Men's club solicits loan of curios, relics, souvenirs, antiques for an exhibition to be held soon. 350 articles are now listed. What have you to offer? Please see one of the following committee: E. H. Buckingham, J. W. G. Morrison, A. H. Cooper. 47-8x

## Ladies' Day at The Golf Course

Ladies day at the golf course will start on Wed. June 2. Anyone wishing transportation please contact Mrs. Lorne Fockett.

Each year more than half of all immigrants to Canada settle in Ontario. Quick Canadian Facts.

Interested Asked to Register for Courses

## SWIMMING INSTRUCTION OFFERED AT VERMILION PARK LAKE

It is with a great deal of satisfaction that through the co-operation of the Town of Vermilion and the School of Agriculture that the Parks board is able to announce that a very thorough course of instruction in swimming is offered to all those interested both young and old who want to learn to swim or who may wish to improve their present swimming ability. The course will include water safety in swimming and boating as recommended by the Red Cross Society.

The services of Mr. Glen Tuck, a graduate of the University of Alberta in Physical Education, and a member of the staff of the Vermilion school of agriculture, will be in charge of all lessons. He will be assisted by one or two more persons who will also have had training in the Red Cross Swimming and Safety work.

The swimming lessons will be given at the beach in the new Vermilion park where very adequate equipment will be available.

BIG DEVELOPMENT

For the readers who have no knowledge of the development at the beach there will be four bathing houses, an H pier built approximately 75 feet wide and 300 feet long. This provides a closed in area in the lower part for small children where the water will only be 2½ feet deep at the cross in the H. In the outer part of the H the swimming instruction will be given as this will give the greater area and depth needed and allow the instructor to keep a close and constant supervision of all those learning to swim. The water will be moving, and fresh at all times, covering the coating of sand spread last winter by the Parks board.

The whole program will follow that laid out by the Red Cross Society in the Swimming Safety courses and should provide everyone in this north-eastern section of Alberta a chance to have the children learn to swim under ideal conditions and supervision.

Through the co-operation of the Vermilion Standard with the Parks board application forms will be found below and these should be filled out immediately and sent in. This will give those in charge some idea of the numbers interested and assist in arranging the lesson periods.

START JULY 5

Classes will start Monday, July 5 and continue throughout the holidays.

Remember there is no restriction as to who may attend the courses. Everyone above 10 years of age and within a hundred miles is welcome. A very nominal charge of $1 is being made as a registration fee. The final date for registering is June 30th but don't wait until then, send in the attached form today.

I WOULD LIKE TO ENROLL FOR SWIMMING AND WATER SAFETY INSTRUCTION

*(Check ONE of the following)*

1. I do not know how to swim but I would like to learn
2. I can swim some but would like to swim better
3. I am a good swimmer and would like to take more instruction

## Alcohol Big Factor In Traffic Accidents

A proposal that traffic law violators be "sentenced" to take a special course at their own expense was approved by the Alberta Safety Council at its annual meeting on May 18 in Edmonton.

This proposal was endorsed at the provincial highway safety conference called by Premier Manning, which was held in the Capital on May 19. It was one of numerous resolutions designed to bring about greater safety on Alberta's streets and highways.

A resolution asking the provincial government to provide driver training in high schools with credits for such training to be allowed on graduation of the students, was adopted.

A resolution which asked for driving tests for all drivers at regular intervals also was adopted. The council will investigate possibility of securing legislation requiring compulsory installation of mudguards and backscreens on [illegible]

Endorsation of a resolution which recommended uniform driving legislation also was given by the delegates.

Dr. M. M. Cantor, chief coroner for Alberta, addressed the council delegates at a dinner meeting, speaking on "Alcohol and its Relation to Accidents". He said that in one-third of the traffic fatalities in this province, alcohol is an associated factor. It was generally accepted that 0.15% of alcohol in a person's blood will interfere with the driver's mental and physical capabilities. He suggested that the Safety Council could press for legislation that would enable the police to make chemical tests of drivers for intoxication.

## Old Ice Boxes, Frigs. Death Traps for Child

One of the constant problems in this province is created by discarded iceboxes and refrigerators, according to the Alberta Safety Council. These can be 'deathtraps'.

Across the country there have been numerous instances of from one to 5 children having crawled into a discarded icebox or refrigerator, closed the door and found they were unable to get out.

While the death toll is not statistically high, it seems to be increasing annually. The National Safety Council says there were twice as many reported deaths from suffocation in discarded refrigerators in 1953 as there were in the year before.

There are more than 50,000,000 iceboxes, refrigerators, freezers and other airtight cabinets in use in Canada and the U.S. They are being discarded at the rate of 2,000,000 to 3,000,000 a year. Once discared these make inviting places for games by small children.

The critical months of the year are from May through to September when children have leisure time for outdoor play. Discarded airtight cabinets with locks or hinges provide enticing hiding places.

REMOVE DOOR

To make these cabinets harmless, one method is to remove the door. That is the best way to make them safe. Another step is to remove the latch step by removing the screws from the plate. One can also drill holes in the cabinet and remove the gasket. These operations will allow air into the box. Another step of course is to destroy the box entirely in the interests of safety.

Safety authorities urge citizens to be on the alert in view of the hazards of discarded iceboxes and refrigerators, many of which are found in the back yards of homes, in basements, garages, dump yards and behind electrical repair shops. A little care may save a life. Would you like to be responsible for the death by suffocation of a little tot?

AGRICULTURE

VERMILION

EDUCATION

By Your District Agriculturist

## "GREEN ACRES"

TREE PLANTER OPERATED

This week the government tree planter was busy in this area. On our farm about 600 trees were planted in less than 4 hours. Rain stopped the work and it is doubtful if we can get the machine back here as an itinerary was arranged over a large area.

CROWLESS ROOSTERS

A scientist in Britain is developing a breed of roosters which do not crow. This ought to be welcome news to people who do not wish to get up at the crack of dawn when the bugle blows in the chicken house.

ERGOT IN SEED

There is no effective seed treatment for ergot. It is better of course to use seed free of ergot but it is hard to clean out the ergot bodies which are about the same size as rye kernels. Ergot will not develop if it is two or three inches under the surface so one practical method of control is to seed grain containing ergot deeper than usual, say 3 inches or so. As ergot carries over in a field nothing can be done about this except to seed oats or some crop not so susceptible as barley and rye.

PRESS DRILL BEST

A four year test at Swift Current Experimental station gives the following yield figures: Press drill gave 25 bushels, Double disc drill 23.5, One way 22.6 and 23.4 for double disker per acre. The latter two tests were run over with a packer as well.

DISK SHARPENERS

No farmer operating one ways or diskers can afford to be without a disk sharpener. The job of killing weeds is done much better with sharp disks and the draft is much less. Disk sharpeners are for sale everywhere. They are operated easily with a belt from the tractor.

GROWING ASPARAGUS

Every gardener ought to have an asparagus bed. Don't tell me you don't like asparagus tips on toast. It takes 2 years to get a bed into production and another year before it really starts to give good results. Seed can be planted now or plants can be bought and planted into space selected. No part of your garden will give more satisfying returns than the asparagus bed. Get a circular from my office on growing asparagus.

## Of Many Things . . .

By AMBROSE HILLS

*YOU DO HAVE TIME!*

Are you haunted by a vague feeling that you are not accomplishing as much as you would like to do? Do you feel that someday, when you get time, you will get rid of this frustrated feeling by digging in and accomplishing a little bit extra?

If you are in this situation, let me give you some good news. You do have time!

A few years back I thought I was the busiest man in the world! Then, in a weak moment, I let myself be talked into joining a discussion club. Somehow I managed to find the extra few hours needed for this pursuit. Then a debate was arranged with another club. Would I be willing to take part?

For three solid weeks the debating team of which I was a part, worked like heroes to prepare a good case. We won the debate hands down! We held a triumphant dinner party afterwards. The next day I started to take stock of myself.

What had I been doing with the time at my disposal before I got mixed up in this debate? Quite candidly, I had been been dawdling. Most of us are dawdlers. We can do something about it.

As a good beginning, I would recommend a reading of Arnold Bennett's little essay, "How to Live On Twenty-four Hours a Day". Mr. Bennett reminds you and me that we have just as much time as anybody else. Those who preach share the wealth never seem to notice that we already have a precious commodity which is shared equally among us all. He says, "The supply of time is truly a daily miracle, an affair genuinely astonishing when one examines it. No one can take it from you. And no one receives either more or less than you receive. Talk about an ideal democracy! In the realm of time there is no aristocracy of wealth, and no aristocracy of intellect. Genius is never rewarded by even an extra hour a day."

The other day I went home by streetcar and bus. I was amazed at the amount of time being wasted. I was equally sure that some of these folks on the streetcar or bus would tell you, if they got a chance, that our political system is unfair. Or that they had never gotten a lucky break. Or that they were too honest to get very far in the world! I am afraid most of that is sheer bunk. We all have 24 hours a day. Those who make full use of those 24 hours will do very well. Those who waste them will do poorly, and blame it all on luck, or the political system or the bad weather — but seldom on themselves.

I'll even wager that many of the disgruntled individuals, if they read this column, will wind up saying to themselves, "I'd like to read that book he spoke of — but I haven't got time!"

## Death of Dmytro Dmytrash of Derwent

Well known old timer of the Derwent district, Mr. Dmytro Dmytrash passed away on May 15 in the Elk Point hospital at the age of 80 years. He settled in the Derwent district in 1914.

He leaves to mourn his loss his wife Mary, five sons Peter, Walter and Alex all of Elk Point, John in Toronto and Nick of Derwent; five daughters, Mrs. Annie Reybryna, Derwent, Mrs. Pete Hantiuk, Rose Valley, Sask., Mrs. Olga Kasnychia, Derwent, Mrs. Sophia Romaniuk of Slawa, Mrs. Nellie Kuzinesky, Edmonton. Surviving also are one brother, 38 grandchildren, 10 great grandchildren.

Funeral services were held on Wednesday, May 19 from the Derwent hall to the Ukrainian Catholic church. Interment was in the Ukrainian Catholic cemetery at Derwent. The Rev. Father Cherkawsky officiated.

Mayor were in charge of funeral arrangements.

## Good Lumber Cheap Saturday, May 29

A chance to obtain some good well dried lumber cheap will be the auction sale at the curling rink on Saturday, May 29. The curlers are going to clean up everything that is left around from the tearing down of the old rink. This includes some real timbers and a quantity of about every kind of lumber. There are also numerous window frames of all sizes and some plate glass.

The auction sale is at the curling rink starting at 2 p.m. Saturday, May 29, with Marshall Jackson doing the calling. 46-7x

## Report of Annual Home & School Convention Given At Mannville

MANNVILLE.—After the regular business meeting of the Mannville and District Home and School Association on Thursday evening, Mrs. O. Young, the delegate to the 23rd annual convention of the Alberta Federation of Home and School Associations, gave a very interesting report on the convention. Dr. H. E. Smith, Dean of the Faculty of Education at the University addressed the group on the first evening, his subject being 'The Vision of Greatness'. He advised Home and School associations to form study groups to examine works of literature which are basic for a sound cultural education. It would be interesting, he said, to see what ten years of cultural education would do for our Home and School members, our children and our teachers. On the second day a buzz session took up the morning with the following topics discussed:

How to get parents to meetings; How to stimulate attendance; How to decide the ceiling on money raising; How to get teachers out to meetings; Membership; Safety [illegible] stay on; Problems of frequent text changes; How to get discussion started after a speaker, How to get executive members. The Canadian Home and School and Parent-Teacher federation asked that members help the young six weeks teachers and support the new headquarters in Toronto. Alberta's share in this building will be $5000.

On the second afternoon a film "Whether to go in training for a teacher" was shown and this film stressed how much the parents influenced the child. Discussion groups on the following topics — New Canadian in the Community, Teacher Shortage, Is Modern Education Good?, took up the rest of the afternoon. A number of resolutions were dealt with each afternoon and evening. One resolution which was carried was to the effect that teachers should have more representation on the committee which prepares the curriculums. Another one which was carried was that all children in Junior high school be given an opportunity to take French if they so desire.

A question on which a great deal of discussion took place was on "Why teachers can't teach in any province without taking a year's training". This may be changed in the near future, it is apparently a matter of pensions and when it is straightened out teachers may teach in any province in the Dominion. Mrs. Young gave a very enlightening talk on the convention; these are just some of the highlights of the different sessions.

Members of the Innisfree Home and School Association presented "Fresh Variable Winds" a play which predicted what happened when 'Tuckey' a ten-year-old boy who had apparently been out of hand for quite some time, hopped a freight with undesirable companions on a day that his mother was in the hospital and his Aunt Mary was in charge of the house. His father had taken no interest in the boy's activities, he felt that if he provided the living and took care of money for the boy's education that the bringing up of his son was up to the mother. And apparently the mother had never mentioned any of the boy's earlier escapades. The play was exceptionally well acted. Those taking part in the play were Mrs. Thorson, Miss Stella Way, Mrs. Hutchinson, Mrs. Leuchenchuk, Mrs Ganton and director Mr. Harcourt. Other visitors from Innisfree included Mrs. W. Tym, Mrs. Boyle, Mrs. Chorney and Mrs Harcourt.

On the panel for discussion of the play were Mrs. M. Johnson, Mr Ilchuk, Mr Misik, Mrs Van Dusen, Mrs. D. McCauley, Mrs. Sowden with Mr Doherty as chairman. They discussed the lack of discipline shown in the training of both the boy Tuckey and the girl Helen. Helen was the daughter of divorced parents and made herself a brat in seeking attention from her mother (who couldn't be bothered with her when she was talking to others) and in tattling on Tuckey to his father and aunt. Both children showed lack of attention and love, were given too many material things.

Lunch was served by the lunch committee at the end of the meeting.

## ALLIANCE CHAPEL TO HOLD MISSIONARY CONVENTION

The 1954 Missionary convention of the Alliance chapel here is to be held June 6 to 9 with services each evening. The visiting missionary will be Rev. C. E. Gustafson who has served seven years in Indo-China.

The C & M A came into being some 67 years ago, founded by a Presbyterian minister, Dr. A. B. Simpson. It claims the oldest Bible Institute on the North American continent, namely the Missionary Training Institute, Nyack, N.Y., and is served in Canada by the Western Canadian Bible Institute located in Regina.

The Alliance is essentially a missionary society, being responsible to evangelize some 81,000,000 souls on 22 mission fields of earth. 730 missionaries and some 2000 national workers serve on these foreign fields preaching the Gospel in over 151 different languages and 1100 congregations.

The missionary convention is one of the highlights of the year for Alliance churches, at which time a pledge offering is received for foreign missions, payable within the coming fiscal year. Combined offerings through the Alliance for all missionary purposes this year are expected to exceed three million dollars.

Fundamental in doctrine, evangelistic in practice, co-operative in spirit the Alliance seeks to make its contribution to the good of all men everywhere and take the Gospel of a saving, sanctifying, healing and coming Saviour to the lost, the least and the last.

The public is invited to attend all services of the convention. 47-8

## Greenlawn Good Will Club Meets

Monthly meeting of Greenlawn Good Will club was held at the home of Mrs. George Lumley on May 20th with thirteen members present. Roll call was answered with a garden hint. It was decided to try out new Aldrin as advised by E. H. Buckingham for onion maggots. A blanket was raffled to buy silverware for club use. The blanket was won by Mrs. H. Curtis and realized $23.75.

Mrs. Lumley and Betty served a delicious lunch at the close of the meeting.

## The Weather

Rain has fallen for five of the past seven days with total precipitation in that time being 1.37 inches. The weather has been quite steady as far as temperatures are concerned with some undesirable wind.

## Graduation Ceremonies At Mannville; Hon. A. O. Aalborg Guest Speaker

MANNVILLE.—A beautifully decorated auditorium showed a great deal of work on the part of the High School students for the graduation party on Friday last. The invocation was given by Rev. R. C. Crighton of McQueen's Memorial United Church. Then Mr. Doherty, the Principal introduced the graduation class as follows: Katie Boerman, Arlene Leitch, Audrey Hamilton, Florence Otto, Sharon Meece, Connie Evanchiew, Kevin Majeau, Robert Calder, William Syer, Arthur Schumacher, Roger Miller.

Guests of honor were Hon. A. Aalborg, Minister of Education, Mr. Russell Whitson of the Divisional Board, Mr. Facey, Superintendent of Vegreville School Division and Rev. R. Crighton. Mr. Whitson brought best wishes on behalf of the Divisional board, congratulated the graduation class and hoped that many of them would return to this district after they were through whatever training they chose to take and continue their good work in the community.

Mr. Facey congratulated the members of the graduation class on their years of school and he was sure they will be a credit to their teachers, families and district in the future. He envied them their future in this land of opportunity, he advised them to take their chances when they come and make use of them.

Mrs. L. Park, Assistant principal presented the class rings to the grads, many of whom she taught in the lower grades. She was very proud to watch their progress through school to be present at their graduation.

Andy Schumacher was the class Historian and his bits of philosophy and nonsense about the members of the class were exceptionally well given. Not one member was missed but although being witty the barbs were not mean or injurious to anyone. Four members plan to enter Faculty of Education this fall, two will train as nurses, two will attend Radio College to train in Radio and television, one plans to enter the Bank of Commerce, one will either train as a minister or become an aeronautical engineer, one was not sure as yet of future plans. All those in the graduation class have taken an active part in sports and the social life of the school, compiling the year book, etc.

Florence Otto was the Class Valedictorian and she described the graduation as the end of a perfect period in the lives of the students as the sunset is the end of a perfect day. The last three years have been enjoyable ones, the students have had the advantage of the new and better school. The social education of the extra curriculm has made them Junior adults. Compiling the year book has taught the value of co-operation, school sports have helped in good sportsmanship, meetings have given executive training, and parties have taught them to be cordial hosts and appreciative guests. Florence spoke of the advantages of graduating in Canada and especially Alberta where so many opportunities await those who seek them. Her address was wonderfully well prepared and delivered in a pleasant manner. Florence received the Reader's Digest award presented to the class valedictorian.

A vocal solo by Betty Proudfoot, accompanied by Adele Matney and piano solo by Donna McCauley were enjoyed during the evening.

Mr Doherty again introduced Hon. A Aalborg who congratulated the graduands, especially the class historian and valedictorian. He was very interested that four teachers will be available shortly. He wished each and everyone of the class the best of success telling them that in the days to come they will remember their school days, teachers and class rooms and will look back upon them in later years with pleasure. Their ultimate success is dependent on the use of natural talents or abilities, all have certain talents, develop them for their own use. Success will come if we remember common sense rule. Do more that is expected of you. Give more than you receive. And the necessity of being able to face reality -- there will be many strains, tensions conflicts ... don't try to escape them. Life is an array of little chores and duties, a constant procession of little things for which we need fortitude. Hon. Mr. Aalborg read two poems which were quite in keeping with the occasion.

A number by the High School Chorus under the direction of Miss Nelson closed a very enjoyable program.

Graduation ball followed to the music of a Vermilion Orchestra, at midnight a lunch prepared by the students was served by the executive of the Home and School association. Miss Shirley Gamble who was to be on the program earlier but due to bad roads was late in arriving sang two numbers accompanied by Arlene Leitch just before lunch was served. Dancing continued till 2 a. m.

Japan is generally considered to have the lowest textile wages of any world country, yet India which is a growing threat on world markets, has even lower rates.

From 1945 to 1952 average earnings of Canadian railway employees increased from $2,139 to $3,082.

## OBITUARY

*NORMAN HENRY MAY*

Funeral services for the late Mr. Norman H. May who passed away in the General hospital in Edmonton on May 17 was held in Auburndale United church on Thursday, May 20 at 2:00 o'clock with Rev. Mr. MacKay officiating. Interment was made in Auburndale cemetery.

The late Mr. May was born near Des Moines, Iowa, in 1888 and migrated with his family to Aitkin, Minn., when quite young. In 1907 he came with his parents to Canada where they homesteaded in the district once known as the Cummings district south of town. Here he farmed continuously until the time of his death. In 1913 he married Sylvia Mae Arthur who predeceased him in 1951. Another daughter Maxine predeceased him in 1938.

He is survived by two daughters, Mrs. C. S. Fenton of Streamstown and Miss Donna May of Lloydminster; three sons Boyd at Vermilion, Norman at Edmonton and Melvin at Leduc; five grandchildren Maxine Fenton, Ronnie, Brent, Tommy and Robbie May, one sister Mrs. Wm. Copley, of Aitkin, Minn., and one brother Mr. Sheldon May of Vermilion.

Pallbearers were Mr Geo Webb, Mr Melvin Hill, Mr. J. Wallington, Mr Gordon Larson, Mr. A. C. Majury and Mr. B. A. Macnab.

Moyers Funeral Home were in charge of arrangements.

Floral tributes and memorial donations were received from:

In memory of our dear dad from Boyd, Donna, Melvin and Bobby, Norman and Donna, Cliff and Beth; In loving memory of our dear grandad Maxine, Ronnie, Brent, Tommy and Robbie.

In memory of Norman: Elza, Pearl, Gerald, Vera and Amos; Sheldon, Susan, Margaret, Agnes, Hazel and Laurena; John and Biddy Maire, Jimmy and Neil Forsythe; Mr F. J. Richardson; Mr and Mrs A. M. West and Mr and Mrs E. M. Stewart; Lily Maggs and family; Mr. and Mrs. Norman McHardy, Mr. and Mrs. Fenton McHardy; The Filipkowksi Family; Mr A J Sherwick; Mr and Mrs J H Green; Majury Family; Fred, Thelma and Fay; Robert Service and Mrs Malec, Ruby and Gordon Larson, Harry, Marie and family, Mr and Mrs Jack Brown; Mr. and Mrs Bauer, Ben and Anne, Laurel and Helen, Dick and Pat, Bob and Mary, Aunt Lizzie and Ted and Dad Bell, Vermilion Lodge B.P.O.E.; Mr and Mrs Frank Tatra and boys; Bill and Jessie Crabb, the Rogan Families, Mr and Mrs Henry Eyben, Mr and Mrs John Eyben and family and Mrs Irving, Mr and Mrs Hilton and Miss Radmore; Mr. and Mrs. Edward and Jerrold, Mr and Mrs Woodruff, Mr. and Mrs. G. Ross, Lloydminster.

Donations to Auburndale Church and Cemetery fund: Harold and Amy; Davie and Dorothy and Rose and families; Mr and Mrs. Cunningham; Lorentz and Theresa; Ronnie and Delia, the Wier Family; Mr and Mrs Ray Osterberg, Mr and Mrs Robt Martin, Mr and Mrs Cliff Cruthers, Mr and Mrs J Wallington.

# .. WILDMERE WINKS ..

The funeral of Mr. Norman May was held at the Auburndale church on Thursday afternoon May 20 with the church unable to hold the many people who came to pay their last respects to a fine neighbor and friend. The large attendance indicated the high esteem that the family holds in the community. The Rev. MacKay gave a very comforting message to the bereaved. Mr. May was laid to rest beside his wife and daughter who had gone before him. May the surviving members of the family find comfort in the thought that he is now free from the suffering which he has undergone for many years. Beautiful flowers covered the casket. George Webb, Melvin Hill, Brent Macnab, Leslie Elward, Gordon Larson and Jim Wallington were pallbearers. Mrs. Alfred Green was organist.

Otto Weisenberger of Trochu was a Vermilion visitor on Saturday when he sold his farm in the Wildmere district to Wm. Steele and son Dick of Basswood.

Quite a number from hereabouts attended the Vermilion sports on the 24th. Basswood Tigers had a very exciting game with Clandonald when four overtime innings had to be played to break a tie. Clandonald finally won out. Later the Clandonald team was eliminated by Vilna in the finals. The final ball game in the senior division between Irma and Marsden was one-sided.

Several students at the Kitscoty dorm attended the graduation dance last Friday night. Bobby Graham came home and spent the rest of the night with Frankie Wolters of Tolland.

Congrats to Mr. and Mrs. H. Seymour on the birth of a 10½-lb. daughter, Judith Alison, on May 8, a little sister for three brothers.

The prairies are really nice now in their new green coverings of grass, the green leaves on the trees in contrast to the black fields which soon will be green too we hope — not with weeds or wild oats either.

Mr. and Mrs. Dan Ford and family of Edmonton were week end guests at the home of Dan's sister, Mrs. F. Gibson and family of Basswood. They also visited their parents Mr. and Mrs. W. Ford in Vermilion.

The writer had nice visits with Mrs. Williamson, Mrs. MacMillan of Claysmore, Mrs. Sherwood of Bowtell, Mr. and Mrs. J. Johnston of town and our neighbor Mrs. J. Wilson on Saturday afternoon.

Mr. Anderson, grocery manager of Stephens really started something when he undertook to paint name plates for farmers' gates. He realized what a big job it was because on Saturday after the farmers read his kind offer in the Standard the names just swarmed in. It certainly looks nice and is so helpful to all to read the names on the gate as you travel about the country.

LEGION W. A.

The W.A. to Canadian Legion will hold their regular monthly meeting on Monday June 7 at the home of Mrs. Tommy Thompson. A bus will leave the Legion hall and those requiring transportation please contact Mrs. Harry Scott. 47-8x

Last year Canada's leading imports were automobile parts, farm implements, crude petroleum, electrical apparatus, petroleum products, coal, rolling mill products, engines and boilers, aircraft and parts, fruit, autos, cotton products and wool products.

Quick Canadian Facts

The average house in Canada now costs $12,000.

# Local News of Interest

**Kathleen Caron Honored Prior To Wedding**

Mrs. Kendall Greenwood and Miss Berna Seuffert were hostesses recently at the former's home when twenty guests were entertained at a miscellaneous shower in honor of Miss Kathleen Caron. Many useful and beautiful gifts were received along with good wishes, and a very delicious lunch was served.

Complimenting Miss Kathleen Caron, Mrs. Addie Mead entertained in her home with co-hostesses being ladies of the Rebekah lodge. There were twenty-two guests present for the miscellaneous shower. An evening of bingo was enjoyed and a very lovely lunch was served. A host of useful and beautiful gifts were received and many good wishes bestowed.

REGISTERED NURSES MEET

The regular monthly meeting of the Vermilion Registered Nurses' Assoc., will be held on Monday May 31 at 8 p.m. at the home of Mrs. A. Callas.

Jas. J. Part, sons Jim, Bill and Terry of Drumheller were in Vermilion for the holiday week end, guests at the home of Mr. and Mrs. E. M. Stewart.

Old timers of Vermilion, Mr. and Mrs. Jack Strathern whose home is now at Hazelton, B.C., called at Vermilion on May 24. They were in Edmonton visiting Mrs. Strathern's mother Mrs. W. J. Elliott and had a desire to see the old home town they left some 20 years ago. Their comment was that Vermilion had certainly undergone a major face lifting operation in that length of time.

Mrs. Nadeen Waite and little daughter Arundell returned home to Edmonton this Thursday after spending several days here visiting the former's parents Mr. and Mrs. V. H. Cooper and sister Joanne.

Ron Payment, Sam Soldan and Rand Calvert headed north for some fishing at Pearce Lake early Sunday morning. Reports are that the last portion of the road was bad.

Friends of Anne Redmond formerly of Vancouver will be interested to learn that she will spend the next six months at Pennask Lake, Game and Fishing club at Quilchena, B.C.

ST. SAVIOUR'S W. A.

St. Saviour's W.A. will hold a Dorcas meeting on Thursday, June 3 at 3 p.m. in the parish hall.

I. O. D. E.

Frog Lake Chapter I.O.D.E. will hold their monthly meeting at the home of Mrs. J. C. Dougan on Tuesday June 1 at 8 p.m.

WILDWOOD

Picnic and dance at Wildwood to be held on Farmers' Day June 11th, sponsored by the Wildwood F. U. A. Local. Ball tournaments and games for young and old. 47-8

ALLANDALE

The annual Lilac Tea and sale of home cooking under auspices of the Order of the Royal Purple will be held on Saturday June 5 in the Elks hall, from 3 to 5:30 p.m. The Handicraft Guild will also display their work. 45-8x

BAKE SALE

The Bowtell Busy Bees will hold a sale of home cooking in the Northern Hardware on Saturday June 5 at 2 p.m. 46-8x

CLANDONALD HALL

At the Clandonald hall this week end "That's My Boy" a comedy with Dean Martin and Jerry Lewis Friday and Saturday May 28 and 29th. Next week "Dream Wife". News reel each week.

IS YOUR SUB. PAID UP?

Mr. and Mrs. Harvey Anderson wish to announce the engagement of their daughter Hilda Joyce, to Mr. Richard Carlton Hammer of Vulcan, Alberta, the wedding to take place on Thursday June 10th, 1954 at 3:00 o'clock in the afternoon at the First United church, Vermilion.

Mrs. M. Callas of Vermilion will be attending the 27th biennial convention of the Canadian Nurses' Association at Banff being held June 7 to 11.

Mr. and Mrs. Ken Rowe left last Saturday via Wainwright for Oshawa where they will pick up a new car. They will then motor on to New Brunswick to visit daughter Norma, her husband and family. The entire return trip will be by motor.

Bill Bell and son Tom left Sunday by car en route to Los Angeles where they will join Mrs. Bell at the home of their daughter and sister Wilamine and her husband. They will be away for two weeks.

Dr. and Mrs. W. W. Eadie of Edmonton were holiday week end guests at the home of Mr. and Mrs. Ross Boake.

A. M. West and Mr. and Mrs. E. M. Stewart are spending a few days in North Battleford this week.

Roy Barnett was in town from Lloydminster and Lone Rock for the May 24th sports.

Mr. and Mrs. L. B. 'Benny' Benjamin and two children of Edmonton accompanied by two of Mrs. Benjamin's sisters of Toronto, motored from the city to spend the week end with Mr. and Mrs. Ansley Bell and family.

Mrs. F. Davies and her sister Mrs. Henry Schrauber of Milverton, Ont., who spent some six weeks visiting here, went to Kenaston, Sask., for two weeks to see other members of the family. Mrs. Davies returned home on Monday with Mrs. Schrauber continuing on to Sudbury where she will visit before returning to Milverton.

Donald Davis who has graduated as an air frame technician from the RCAF station at Camp Borden is now home on 30 days leave visiting his parents Mr. and Mrs. T. H. Davis. At the expiration of his leave he will report to the RCAF depot at Chatham, N.B.

Billie McLaughlin was called to Vancouver on Sunday by the sad news of the death of his mother who passed away that day. Billie was accompanied to the coast by his sister Mrs. Michael of Clandonald.

Mrs. C. J. McCormick and daughters Dorothy and Shirley left for a short holiday at Great Falls, Montana. The trip is by car.

Mr. and Mrs. Bill Elder of Calgary were in town for the long week end, guests of Mrs. Elder Sr., and Mr. and Mrs. Frank Welsh.

Mrs. Edna Taylor came from Calgary to visit her mother Mrs. Wm. Steele and Mr. Steele here for the May 24th week end.

BORN — To Mr. and Mrs. Bill Hogan of Edmonton at the Royal Alexandra hospital, on May 23, a son, William Arthur, 8 lbs. 1 oz.

Miss Mildred Conboy and Miss Berna Seuffert motored to Edmonton where Berna spent the May 24th week end. Mildred continued on to Athabasca where she visited Mr. and Mrs. Don Logan and family. The girls returned home Monday evening.

Mr. and Mrs. Frank Walker and son Douglas spent from Friday to Monday evening in the city.

A number of former V. H. S. students from Edmonton were in town for the graduation last Friday night. Among them were Allen Pilske, Jackie Carroll, Alice Brix and Audrey Watts, and Jim Part Jr. from Drumheller.

## Bear Shot Near Lindbergh Village

On May 18th about 6 p. m. a big black bear was glimpsed about 100 yards from the house of Mr. A. Blacklock. Mr. Blacklock's son Edwin saw the bear when he was getting the cows. He rushed to the house and got the 30-30 carbine. He then returned to the spot where he had seen the bear and the animal suddenly reared up on his hind legs about 20 yards in front of the young man. Edwin fired quickly, wounding the animal in the shoulder. The bear with mighty leaps bounded over the hill into the brush. Edwin pursued hoping to get another shot but the brush was too thick. The bear finally came into the open about 100 yards in front crossing the creek. Taking aim Edwin fired and the bullet struck the bear in the head, killing it instantly.

The successful hunter rushed home and with help of his two brothers Alex and Jerry dragged the bear home behind a tractor. It was unusually large for a black bear. It was skinned and the hide sent away to the tanners.

Last year a bear was known to be around west of Lindbergh as several calves were claimed to have been killed by some large strong animal and some farmers saw a bear a short time ago.

Lindbergh is some forty five miles north-east of Vermilion.

## Graduates with B.Sc.

A graduate missed in the news item which appeared in the Standard last week was Bob Morrison, son of Mr and Mrs. Alex Morrison. Bob is a V. H. S. graduate and now has obtained his Bachelor of Science, at the University of Alberta.

## Memorial Donation To The Library

The Vermilion public library has received a much appreciated donation of $10 from Mrs. James Belyea (nee Jean [illegible]) of Calgary to buy books of travel for the library. The donation is in memory of her mother Mrs. R. R. Brennan who passed away one year ago.

## LOCALS

Mrs. W. A. Regan plans to leave May 28th with her destination being Dromara in Northern Ireland where she will visit old home scenes until the end of September. While in the old country she will be the guest of her four sisters. It is 30 years since she was last home. Mrs. Regan will visit first of all at Leeds in England where her daughter-in-law Mrs. Jim Regan is presently holidaying at her family home.

Mrs. Ed Chomick of Edmonton was the guest of Mrs. A. Chomick for the week end.

Holidaying at the home of Mr. and Mrs. Pete Larsen over the long week end were Mr and Mrs. Floyd Taylor and [illegible] Calgary [illegible] Gladys Larsen of Edmonton.

Wm. T. Bothwell of Regina [illegible] town for the May 24th week end visiting his parents Mr. and Mrs. Tom Bothwell.

Mr. and Mrs. Grant Rodgers of Lethbridge and their son Allan [illegible] family of Calgary were week [illegible] visitors in Vermilion, guests at the home of Mrs. Rodgers's sister, Mr. and Mrs. Lawrence Mayhew. They continued to Lloydminster where Grant's sister Mrs. Orlin Sproule (Eileen) and Mr. Sproule and family reside.

At mid-March there were 500,000 applications for work on file with the federal government's employment offices, 161,000 more than a year previously.

## Kathleen Caron Is Bride In Pretty Afternoon Ceremony

Pink carnations, snapdragons and tulips formed a pretty setting at the First United church, Vermilion on May 19th when Kathleen (Kay) Dora Caron, younger daughter of Mr. and Mrs. George Caron of Vermilion, was united in marriage to Percival Wallace (Wally) Murray, only son of Mrs. Margaret Murray and the late Mr. Percival Murray of Wainwright.

The double ring ceremony was performed by the Rev. C. W. MacKay.

Given in marriage by her father the bride entered the church to the strains of the Wedding March, played by her uncle, Mr. Henry Eyben.

The bride was lovely in a floor-length gown of white French Chantilly lace over a net and taffeta underdress. The lace bodice was fashioned with long sleeves ending in lily points and overskirt formed alternate tiers of lace and net to floor. The lace and net finger-tip veil was adorned by a coronet of orange blossoms worn by the bride's grandmother, Mrs. Henry Eyben at her nuptials fifty-six years ago. The bride's bouquet was American Beauty roses, and her only jewelry was pearl earrings and a single strand of pearls, a gift of the groom.

Mrs. Stan Neiner, sister of the bride was matron of honor, and Miss Berna Seuffert was bridesmaid. They wore identical gowns of pale green and pale yellow nylon net over taffeta, and were of strapless bodice with matching stoles, calots and mittens. They carried Colonial bouquets of carnations and rosebuds.

Little Miss Carol-Anne Attewell, cousin of the groom was flower girl, her dress being of pink taffeta bodice and net over taffeta skirt. Her bandeau was of miniature roses and net. She carried a nosegay of carnations and rosebuds. David Neiner, nephew of the bride, attended the little flower girl.

The groom was attended by Mr. Mickey Cofield of Wainwright and Mr. Ken Caron, brother of the bride. The ushers were Mr. Stan Neiner of Edmonton and Mr. Harvey Linnel of Wainwright.

During the signing of the register Miss Grace Eyben, cousin of the bride sang "I'll Walk Beside You".

The bride's mother chose a dress of copen blue French lace and crepe, the lace bodice forming a two-piece effect. Her accessories were of pale pink, and she wore a corsage of pink roses. The groom's mother chose a two-piece navy dress with white trim, her accessories were of pale pink and she wore a corsage of pink roses.

Following the wedding a reception was held in the church hall where 125 guests greeted the happy couple.

The bride's table was laid with an ecru lace tablecloth and centred by a beautiful three-tiered wedding cake decorated by the bride's mother. It was flanked amidst white tulle. Carnations and snapdragons and pink and white tapers completed the setting.

Mrs. Henry Eyben, grandmother of the bride, Mrs. A. Beckett grandmother of the groom, of Mission, B.C., Mrs. Kendall Greenwood and Mrs. Carman Long presided at the tea table. Mrs. Curtis Martin, aunt of the bride, was in charge of the guest book. Rev. MacKay proposed the toast to the bride to which the groom responded.

Serviteurs were Mrs. Alan Kennedy, Mrs. Gerry Wilmer, Mrs. George Webb Jr., Miss Joyce Armstrong, Miss Isobel Davies, Miss Mildred Conboy, Miss Ivy Chapman and Miss Noreen Sawtell.

The bride chose a teal blue suit, with pink accessories, and wore a corsage of red roses for her going-away ensemble. After a honeymoon to Great Falls, Montana, the happily couple will take up residence in Wainwright.

Out-of-town guests included Mrs. A. Beckett, Mission, B.C.; Mr. and Mrs. Herman Eyben, Mrs. Alan Kennedy and son Glen, Mr. Norman Eyben, Mr. Clare Merritt, all of Cloverdale, B.C.; Mr. and Mrs. Earl Murray, Heath; Mr and Mrs. Stan Murray, Irma, and many other relatives and friends of Wainwright and Vermilion districts.

## NEWS from ISLAY

Mr and Mrs. Ken Shaw and two sons from Edmonton spent the long week end here visiting relatives.

Bernie Olds, Douglas, Emma, Edith and Gladys motored to Bernie's home at Oyen Alta., for the holiday week end. They report a good trip, stuck once; but Douglas got out and heaved on the little English Ford and away again. All in all they had one grand trip. While down there they visited a New Hutterite Colony and report it being quite up to date.

The fishermen from here who went to Pearce Lake and some to Moose Lake met bad roads but did bring back a good supply of fish.

On May 23 Jim Allan had his 74th birthday. May he see many many more.

May 24th was the 41st wedding anniversary of Mr. and Mrs. Herman Caro. May they have many more anniversary celebrations.

H. G. Young has installed a refrigerated meat show case. It really is a fine addition, so nice to see the cuts of meat. We think the folks will be buying more meat now. Hi Mrs. Shattuck, we think you should come in to see it!

The next W.A. meeting is June 3 at the home of Mrs Dave Martin. It is our Missionary meeting. We hope to see the many friends from over west, up north and out east at this meeting. Remember last year at Mrs. Bothwell's?

LEGION W. A.

The W.A. to Canadian Legion will hold their regular monthly meeting on Monday June 7 at the home of Mrs. Tommy Thompson. A bus will leave the Legion hall and those requiring transportation please contact Mrs. Harry Scott. 47-8c

## Clandonald Sports Wednesday, June 9

Clandonald will hold their annual sports on Wednesday June 9 when a fine program is highlighted by a senior baseball tournament with prizes of $100, $50 and $25.

Ladies open softball has $25 for first and $15 for second prize.

For the horseshoers 1st and 2nd prizes of $5 and $2.50 will be given.

A goodly program of children's races with generous prizes is also on the list of athletic entertainment and a grand dance at night winds up the big day. 46-8c

CLANDONALD HALL

At the Clandonald hall this week end "That's My Boy" a comedy with Dean Martin and Jerry Lewis Friday and Saturday May 28 and 29th. Next week "Dream Wife". News reel each week.

NOTHING BUT THE TRUTH By Arnold

## Parents of Local Man 50 Years Married

Pioneers of Alberta, Mr. and Mrs. Harry Thomas Sobey marked their golden wedding anniversary recently at a reception at the home of their son-in-law and daughter, Mr. and Mrs. W. C. Gordon, 71 ave.

Mr. Sobey married the former Miss Mary Catherine McLeod in Westville, N.S., May 17, 1904. The ceremony was performed by Rev. Robert Cummins.

Mr. and Mrs. Sobey came to the west in 1905, making their home in Coronation for about 25 years. They lived in Coulton, Kathryn, Malmo and Blackfoot before retiring to Edmonton two years ago.

They have two sons and three daughters, Mr Clyde Sobey of Vermilion, Mr Donald Sobey of Edmonton, Mrs. R. Cochran of Longview, Wash., and Mrs. A. McLean and Mrs. Gordon, both of Edmonton.

For the reception the tea table was centred with an anniversary cake and bouquets of early summer flowers were arranged throughout the room.

Among guests were Mr. and Mrs. H. Goffield of Calgary, Rev. R. Corcoran, Miss T. Corcoran, Rev. R. Hinche, Mrs. J. Densmore, Mrs. Naismith, Mr. and Mrs. Broughton, Mr. and Mrs. B. Sumner, Mrs. A. Campbell, Mr. and Mrs. William Mead, and Mrs. William Gemmill.

Edmonton Journal.

Employment in Canadian cotton textile mills dropped from 27,600 in 1951 to 22,400 at the end of 1953 and is even lower now.

REPORT FROM THE CAPITAL

# Highway Safety Conference Held

EDMONTON.—You are going to be asked to sign the pledge. You are going to be asked to promise to walk and drive safely in 1954.

Plans for wide distribution of this pledge in Alberta were announced by Hon. Gordon E. Taylor provincial highways minister, following last week's highway safety conference held in the Macdonald hotel here.

700 DELEGATES ATTEND

More than 700 delegates from all over the province attended the conference and confirmed the need for individual practice of safety by indicating in their discussions and conclusions that one of the major factors contributing to highway and street accidents is human error.

Divided into eight economic and social goups, the delegates considered ways of driving home the need for increasing safety practises and while their recommendations included those aimed at mechanical technical and engineering improvements, many others were directed at instilling safety consciousness into the individual and making him aware of a personal responsibility.

ANNUAL EVENT

The conference was a success and one group called for an annual provincial safety meeting. One of the major jobs now, and Mr Taylor and Premier Manning expressed confidence it would be done, is up to the conference delegates in taking the message back to their homes and spreading it in their communities.

MOUNTING TOLL OF LIFE

In the closing address, Premier Manning suggested it is time for citizens to become shocked at the mounting toll of life and limb taken on the province's highways. He compared the lack of interest and attention paid to the 227 traffic deaths and 4,578 injuries in Alberta last year in relation to the public concern over the poliomyelitis epidemic which took 111 [illegible] crippled about 550.

Delegates were not hesitant about remarking among themselves on the value of the conference first of its kind held in Canada. State-wide safety conferences have been taking place in the U.S. in recent months.

DRIVING SHORT COURSES

Delegates representing various church, safety, car, truck and service organizations, met as the organizations section and called for the establishment of short courses in driving laws and regulations for traffic law violators. Persons found guilty of infractions, the group felt, should be 'sentenced' to attend such courses at their own expense.

[illegible]

All eight sections favored continuing extension of driver testing until the time when all drivers are being tested regularly.

SUPPORT 'GHOST' PATROLS

Largest group was the 'public officials' section with about 150 in attendance. In addition to registering support of the plan of using 'ghost' patrol cars on Alberta highways to capture violators, the delegates asked the government to use larger, more legible license plates with two for each car.

The agricultural group would place governors on cars to regulate the speed to the provincial limit. Delegates in this section also urged continued study of the problem of icing on the highways.

Delegates to the business section want the schools of the province to devote a few minutes daily to talks on safety. They also believe the schools should offer driver-training courses, which would give credit toward graduation.

Uniformity in accident reporting and the establishment of a provincial safety team to help organize community safety conferences were other recommendations of the public officials.

The labor group called for stricter vehicle inspections, while women's section believed that driver-training should be established as an extra-curricular course in Alberta's schools. They urged the setting up of courtesy patrols in towns and cities.

BETTER LATE THAN DEAD

"It's better to be late here than early there" was a slogan suggested by the women who declared that highway accidents begin in the home where courtesy or the lack of it is taught. Safety laws should be taught in the home as well as in the school, they stated.

Delegates to the youth group felt a need for more emphasis on safety education and urged establishment of a compulsory school course on the subject. They also felt that a youth court, to handle minors charged with their first traffic offences, should be set up. They advocated youth driver clubs, safe driving awards and more driver instruction classes.

Canada's street railways carried more than a billion and a quarter passengers last year.

# BOWTELL BULLETIN

Sorry folks that there hasn't been any Bowtell news for the past two weeks. This is due to the usual spring rush.

[illegible] sympathy is extended to the May family in their recent bereavement.

Grandma and Grandad Jones are certainly enjoying their new refrigerator.

Grand rains were enjoyed here last week. Tractors are now again being run the clock round to catch up with the late seeding.

Our fastball team lost their first game to the Kinamen. It was a good game and the Kin club are dandy sports.

The writer was pleased to have her niece and family Mr. and Mrs. J. O'Donnel visit her on Monday. They motored up from Calgary to spend the day with Mrs. O'Donnel's parents Mr. and Mrs. Coutts in Vermilion.

Kenny Risdale is busy putting in a garden at Nora Ronaghan's.

William Walker celebrated his 22nd birthday on May 20.

George Lind returned last week end from the coast where he spent a holiday visiting relatives and friends.

Mrs. Burton, Mrs. Repp and Mrs. T. Rochford were lucky winners of the $50 certificates awarded at the show recently.

Hello Mrs. McClellan in Edmonton, the trees on your old farm are now all out in fresh green leaf.

Mr. and Mrs. Dedelly were recent visitors at the Knutson home. The Knutson family were guests for supper Sunday at the Hardie home.

[illegible]

On May 19 thirteen members of the Busy Bees, and four guests, Mrs. Lippert, Mrs. Semenluk, Mrs. Osinchuk and Mrs. R. Repp met at the home of Mrs. O. Repp.

The club will hold a sale of home cooking in the Northern Hardware on Saturday June 5 at 2 p.m.

Mrs. R. Repp was the winner of the draw. At the close of the business meeting a lovely lunch was served by Mrs. Maggs, Mrs. Scott and Mrs. Alex Morrison.

The next meeting will be held on June 16 at the home of Mrs. Gow, lunch to be provided by Mrs. O. Repp, Mrs Moses and Mrs. Madill.

SUMMERFALLOW EARLY
Moisture preserved in the soil is essential for the growth of a good crop. The best method is by summerfallowing. The sooner the summerfallow is completed the more summer rains will the soil conserve and hold. Farmers, therefore, should start summerfallowing just as soon as they have finished seeding their crops, so ensuring the highest possible yield for the next year.

# MANNVILLE & DISTRICT LOCALS

Mannville is a busy town these days, there are several new basements already dug and more to be completed, bathrooms being built and plumbing installed. By this fall former residents coming back won't recognize the old home town.

Visiting with Mr. and Mrs. R. Dorward over the week end were Mr. and Mrs. Fred Dorward and family of Calgary.

Among those attending Graduation exercises on Friday night were Fred Otto, Barry Smith, John Boe, Marlene Olsonberg, [illegible] Gamble and Phyllis Nix.

Mrs. Emma Chrysler of Edmonton was a week end visitor in Mannville with relatives and friends.

Mr. and Mrs. Allan Rostron and Carol spent the week end in Edmonton and Thorsby.

The children's bingo under the auspices of the Happy Hour group on Saturday night was a success according to the children and about $15 was cleared. There will probably be another one at not too late a date.

Don't forget the Eastern Star tea on Saturday afternoon in the Masonic hall.

Vistors at the Dunn home on May 24th were Mr. and Mrs. Gervin Dunn and family of Beverly.

Mr. and Mrs. E. Hubbard and Karen and Mr. and Mrs. R. Lugg took advtnante of the long week end to visit with Mr. and Mrs. Joe Dowicki and daughter at Seba Beach.

We are glad to welcome Mrs. Mary O'Connor back to Mannville. She is busy getting settled again in her own house.

Visiting with relatives for the long week end were Mrs. C. Mercer, Mrs. Betty Arnold and Barbara, and Mr. and Mrs. Stan McGreevey of Edmonton.

Mannville has become a trailer town again this summer with several road construction men and their families moving in.

# Health Unit Notes

TEMPER AND HOW TO CONTROL A CHILD'S OUTBURSTS

Temper is quite common at two years. Parents are often surprised when their 'little angel' of a year and a half or two years of age, begins to have temper spells. The baby's 'temper cry' means usually that baby is hungry, or physically uncomfortable for any of a dozen reasons, and he is telling the world how he feels about it.

But there is a stage of development around two years of age, the child is walking and talking, at which temper tantrums are especially common. At this age, even children who are usually placid will shatter the peace with angry out-[illegible]

What is happening is that your baby is becoming a person able to make his demands more clearly known. He is demanding his right to explore his expandi g world and to make a few decisions for himself. While he is a helpless baby we expect him to behave as such, but when he begins to walk and talk we expect him suddenly to have almost as much self-control as an adult.

Anger and resistance are natural reactions to 'stop' signs. It is important that parents limit their controls over the child to the most necessary ones. If you restrict him excessively you can expect not only outbursts of temper throughout the early years, but a feeling of frustration that may lead to difficulties later.

[illegible]

When your child resists dressing or giving up some treasured object, two courses are open to you. One is to hold fast to your determination thus creating even stronger resistance in him. The other way is to respect his resistance, to see the situation from his eyes, to try to appreciate and support his efforts to 'do it myself'. If the job must be pushed through, a firm but friendly way of going about it is highly desirable. The resisting child can respect authority if it is not turned against him. To build a co-operative relationship with your child rather than an antagonistic one is the aim. It takes time, for the trial-and-error ways of a small child are slow and fatiguing to an adult. There is no quick way out.

Even in the midst of a temper tantrum it is far better to take the child off to some quiet place with some new objects of interest, not in isolation, but with an adult close by — an adult who is available and understanding. Security is what he lacks when he loses control of himself. Punishment only increases his feeling of insecurity.

Preventing temper spells is far better for all concerned than having to cure them. Hunger and fatigue make such outbursts more likely to happen — so be sure your child is getting enough sleep and having his meals on time. He has a strong need for play materials suited to his development and for the companionship of other children of his own age just as much as he needs the right kind of food. Repeating 'Bad', and 'Naughty' to your child is to be avoided.

HE NEEDS HIS ENERGY

The early temper spells disappear for a period of time, but usually reappear in bold fashion sometime during the 4 and 5 year old period. The new outbursts, following a period of more controlled behavior, are indications of new growth and are not a 'bad track'. In this period parents tend to become exasperated and a more rigid control usually goes into force. "Surely by four and a half he should be able to put away his toys', a mother says. In fact, his new laziness and resistance stem from a hundred new interests and abilities that he has just grown into. From his point of view there isn't time to pick up his toys. He needs his energy to explore these new interests.

Affectionate assistance for him at this age may prevent displays of temper and a feeling of hatred of his parents. It can help him to become more responsible, as a result of which he will voluntarily take hold of many responsibilities during his 5th and 6th years.

If his temper spell causes an outburst on your part it will only increase his opposition. Give him plenty of attention at other times, reading to him, talking to him, and spending more time in his company. When it is obvious that he is trying to make you give in to his wishes by a temper spell it may be advisable to isolate him for a few minutes. And don't worry if he yells "I hate you". He will get over this habit of talking back because he will eventually copy his parents example of courtesy. He will learn to master his tongue also because he wants to be liked by his companions. It is possible to love and hate at the same time and it is better that your child express his hate. If you curb him sharply on this point he may become sullen.

SET A GOOD EXAMPLE

Prevent anger from becoming a serious handicap to your child. As an adult you can't afford to have a 'hair trigger' temper exploding every time things go badly. Avoid this type of behavior in your child by setting a good example. See to it that he does not meet so many frustrations in early life. Be sure that his training and his [illegible] are suited to his age level.

Anger is not something that you can eradicate from a child's nature but you can help him to manage it.

BABY & PRE-SCHOOL CLINICS

Monday May 31 — Legion hall Vermilion, 2 to 4 p.m.

Thursday June 3 — Derwent school, 11 to 12 noon.

Thursday June 3 — Clandonald school, 2 to 4 p.m.

Friday June 4 — Dewberry school 2:30 to 3:30 p.m.

Where oh where does the money go?

That's a question we all ask ourselves!
We ask it at Imperial too.
And the answer is to be found in our annual report.
Here is where each Imperial dollar went last year.
53½¢ went to buy crude oil and other raw materials.
28½¢ went to operating costs ... including pay cheques to our employees.
10¢ was gobbled up in taxes ... and this doesn't include the provincial gasoline tax.
4¢ was used to replace worn-out equipment.
The rest ... 4¢ ... was dividends to our shareholders for the use of plants and equipment bought with their money.

# News Notes From Your District Home Economist

**MUFFIN JUDGING**

Are you wondering how your muffins will be judged at the Fair? Here is a sample score card.

Appearance—

Shape, symmetrical, well rounded top, free from peaks or knobs. Crust, tender, thin with rough surface uniform browning. Volume, light in weight in proportion to size

Crumb—

Texture, medium, fine, moist, tender crumb. Grain, round, even cells, free from tunnels. Color, characteristic of the kind of muffin.

Flavor—

Blended flavor of well-baked ingredients. Total 100 points. 30 for Appearance, 30 for Crumb and 40 for Flavor.

If you are wondering how your cakes, pies, biscuits and breads are judged too, and in addition, sewing and handicrafts write to me for the booklet "Standards for Judging"

**FLOOR COVERING**

Cork — Trapped air makes cork springy and a good insulator. The handsome woody texture is easily maintained by waxing. Obtained in tiles.

Rubber — Extremely resilient, quiet, comfortable. Rubber tile is expensive and can be damaged by grease, alkali, sun, heat and sharp objects.

Asphalt — A durable tile that may be installed over concrete or surface can be laid to the floor.

Information on rugs and carpets and refinishing floors may be obtained by writing for the booklet "Flatter your Floors".

**HOME ECONOMICS COURSE**

Have you a daughter completing her Gr. 11 or 12 who is wondering what she'll do when she graduates? Has she ever considered attending one of the schools of Agriculture and Home Economics? Information regarding the courses, regulations and cost may be obtained by writing me.

# Islay District Locals

Fractures in this district are at a standstill due to the continuous rains of last week. High winds that are now blowing will hasten the drying. A contemplated fishing trip to a northern lake by several of our good anglers also had to be postponed.

Sweet peas, lettuce and radish are showing in the sisters gardens. Rhubarb is now ready for pies and sauce.

Mrs M Adamson was a caller at the farm yesterday out from Vermilion with Mr and Mrs. McEvoy, late who came for seed potatoes. We were delighted to have Mrs. Adamson as a visitor, first trip to the homestead Come again sonnie

Mrs Fredrickson and her sister Theresa also called, they used to live in this district some years ago. Helen has a daughter now and Theresa a young son. It was nice renewing old acquaintances. They are planning a strawberry patch and put in 150 young plants first trip.

A pair of bluebirds were would-be tenants in a little bird house that was recently put up. After trying again and again to enter the small aperture they flew away only to return and try all over again. It was useless and we were sorry to see them depart.

Nature is beautiful, extra so at present so let's enjoy it to the full

The softly warbled song
Comes from the tender trees,
And colored rings
Glance quick in the bright sun,
that moves along
The forest clearings
Sweet Maytime many a thought
is wedded unto thee, as hearts
are wed;
Nor shall they fail till, to its
mansion bowed
Life's golden fruit is shed.

**DERWENT THEATRE**

Showing at the Derwent theatre Saturday May 29 and Monday May 31 at 9 p.m. "Laura" starring Gene Tierney, Dana Andrews and Clifton Webb. An unusual mystery so powerful that Lux radio theatre has repeated it three times. Wednesday June 2nd, 7 and 9 p.m. Entertainment: "Lure of the Wilderness" and "The Virginian".

We have so much to protect

The Canada of ours — is ours to enjoy at a price — the price of constant sacrifice. We cannot take for granted our freedom to worship, to vote, to educate our children, or to live as we please. Our freedom is precious to us, and we are willing to do everything necessary to maintain and defend freely all human rights in the Canada of today — the steadfast protection of all our basic institutions. When the Queen's Call comes, we will be ready. We have so much to protect. Let us all do our part, without let-up, in whatever way our duty lies.

Twenty-five Students in Graduating Class

## BANQUET, PRESENTATIONS AND DANCE CLIMAX SCHOOL YEAR

Grand climax of the high school year and possibly the greatest moment for many entered the portals of grade one for 25 girls adn boys of grade 12, graduation exercises of the Vermilion high school were held on Friday evening. The class of graduates was well surrounded by school mates, parents and friends, and the whole program, banquet and dance, certainly provided a long-to-be-remembered evening as the highlight of their school career.

Mr. James B. Bell, principal of the V. H. S., was toastmaster. Grace was invoked by Rev D. A Ford. Mayor E. C. Hendrey proposed the toast to Her Majesty the Queen

GRADUANDS INTRODUCED

The young lady graduates were introduced by Anne Stewart and the boys by Roy Stewart, each of the 11 students. Brief remarks about each of the graduands indicated the highlights by which each will be remembered, their school accomplishments and a prediction or trend of their characters, also what each was planning for the future. The young speakers skillfully intermove their facts with a humorous vein, the result being most interesting and refreshing.

Jean Kinkhuwite of grade 11 proposed the toast in tribute to the graduands, bringing forth very able reply from graduate Anne Martin.

VALEDICTORIAN'S ADDRESS

Valedictorian of the class was a comparative newcomer to the Vermilion scene, Miss Laughton who came here just one year ago. She has a brilliant academic record and her remarks showed deep thought and a clear conception of world conditions by which the graduates of the evening were stepping.

Bringing best wishes from the Vermilion school board was Mrs. Donald Taylor. He commented on the character and high plane of the addresses given by the students during the evening, stating that the ability displayed was a great credit to the teachers. He extended every best wish to the graduates.

AWARDS FOR ACHIEVEMENTS

Explanation of the system under which certain school awards are won was given by Mr. Bell and these are given for versatility, including academic standing, sports and leadership as connected with school activities.

Cresta indicating that the students had amassed 25 points or more went to Harold Reekuck, Frances Toner, Connie Lynch, Gerald Jaley, Victor Kuzek, Marina Capatos Mary Hilton, Anne Richardson Raymond Armstrong, Stuart Dow Betty Hawley, Ronnie Inman Joan Lingley, Richard Sweet Barbara Green Peggy Stephens Esta Curtis

The following grade ten students who were not at the banquet also won their crests: Patricia Fenton John Scott, Rhoda Hodgson, Rhoss Hodgson.

WINGS

50 POINTS OR OVER

Winning their wings which require 50 points or more were Bob Hemmingway, Rhea Ireland, Eva Sweet Duncan Locke Gerald Mar shall Betty Darling Bob Barr Sue Carmichael Raymond Armstrong

BARS 75 POINTS OR MORE

Helen Adam Hazel Barr Viola Madge

PINS 100 POINTS & OVER

Helen Adam Hazel Barr Rhoss Hodgson Peter Kupin Joan Maxwell.

SCHOOL RINGS 125 & OVER

Stewart Cooper Jean Kibble-white Anne Stewart Janet Wilson Peter Kupin Gordon Scott

SCHOOL SWEATER — 180 POINTS OR MORE

Jean Kinkelwite, Stewart Cooper

SPECIAL AWARDS

This was as high as the points normally go, but two of the graduates warranted special awards. Bob Bentley with 206 points was given a pen and pencil set; Anne Martin, 207 points, received an identification bracelet. Both these senior students have rendered invaluable service during their entire high school career.

ELK SCHOLARSHIPS

Mr Russell Carroll was then called upon to present two bursaries of $25 each, on behalf of the Vermilion Elks. These are awarded annually to the grade 9 and the grade 12 student making the greatest contribution to the academic and athletic life of the school.

For grade nine the winner was Pat Bentley, while brother Bob carried off the honors in grade 12, in winning the grade 12 bursary Both combined the promise shown in grade 9 as he won the award at that time.

In making the presentations Mr Carroll stated that the Elks awarded these prizes for general proficiency, academic, sports, social leadership and participation in the life of the school.

PRESENT BASKETBALL TROPHIES

Handsome basketball trophies for inter-school competition, donated by Mr. Ross Beaker for the boys and Mr. Ernie Clendenning for the girls, had both been won this past year by V. H. S. teams in both boys with Lloydminster, Irma, Provost and Wainwright Mr. Ross Beaker presented the boys' trophy to Bob Bentley, captain of the boys team, while Mr. Clendenning presented the girls which was received by Anne Martin who captained the girls "A" team.

Both Anne and Bob spoke of the wonderful spirit of the game in this section of Alberta and expressed their thanks in Mr Beaker and Mr. Clendenning for the generous actions in presenting the handsome trophies to stimulate interest in this very fine game.

N. N. BENTLEY, SPEAKER

Mr Bell then introduced Mr N. N Bentley, principal of the Vermilion school of agriculture who delivered the Commencement Address to the graduates.

After congratulating members of the graduating class for their achievement in completing their high school training, Mr Bentley paid special tribute to the teachers, who had played such a vital role in this training. He referred particularly to the extra-curricular projects of activities which had been given prominence in the presentation of awards to members of the high school classes under the point system for which Vermilion high school has every reason to be proud.

Noting the excellent relations which have existed between both the staff and students of the Vermilion high school and of the agricultural school, he expressed gratification in the fact that these two schools have been able to work together in many extra curricular events to their mutual benefit.

Turning to the current interest in education and the fact that so many parents educationalists and employers are currently engaged in a lively discussion in answer to the question "What's Wrong with Our Schools" Mr Bentley arrived at the conclusion that this interest could only result in benefits to education He pointed out that the question only invites adverse criti-

## Chuck Wagon Races, Chariots, Trick Riders Here June 19 & 21

Something entirely new in the way of entertainment for Vermilion and district is being planned for Saturday June 19 and Monday June 21 when chuckwagon races, chariot races and the famous trick riders the Dewar Sisters will take place at the fair grounds. The program is sponsored by the Vermilion Gun Club and the proceeds will be for the building fund for the new curling rink. The whole program promises rare entertainment and details will be published in the Standard next week.

## Floats Invited For Chuck Wagon Races

Chuck wagon days here June 19 and 21 will be started off with a parade in which all chuck wagons, outriders, chariots will appear headed by the famous trick riders, the Dewar Sisters. All organizations and business men are invited to enter 9-cats in the parade also Everyone interested, please contact Alex Calfee.

## Seniors Win Two - Game Here Sunday

Vermilion senior ball tossers have turned in two wins in the last two games played, turning back the Two Hills nine on Sunday 12 runs to 11, then at Elk Point Wednesday they took another exciting contest 11 to 1.

On Sunday a large crowd saw Two Hills take an early lead when they ran in six runs in the third. It took the locals until the seventh to score when Bentley and Martin hit safely from four runs that inning. Al Baker started the mound duties, with Ray Jones taking over in the third. Gerry Moffat and Brent Macnab did the pitching.

At Elk Point George Cruthers and Ernie Lagrenobe divided the pitching job, with Moffat catching.

**ELK POINT HERE SUNDAY**

Elk Point senior baseball team will play a regular league fixture here Sunday afternoon at 2 30.

## Plans Completed For Wading Pool

The Vermilion Kinsmen have completed arrangements for the building of a wading pool and playground in town This is to be located on the south side of Sixth Avenue between the school and the existing playground. It is being especially designed for children between the ages of 2 and 5 years. The wading pool is to be 30 feet in diameter made of reinforced concrete with a 3-foot cement walk around the outside. The pool tapers in a maximum depth of 15 inches. Fifteen feet from the pool will connected to it by a four foot cement walk will be the shelter. This will be a frame building 11 by 20 feet with a cement floor divided for boys and girls.

The playground equipment will be installed consisting of a set of swings slides, teeters, merry-go-rounds, and other equipment for the smaller children.

The whole project is a three-year one and playground will cover an area of 120x130 feet and will be fenced and fully landscaped.

For months of July and August the pool will be supervised by a young lady employed by the Kinsmen. The estimated total cost of this venture is $5000 of which $500 is to be spent this summer.

Construction of the pool will begin at once with Contractor Wm Pettigrew in charge and considerable construction and carpentry work being done by the Kinsmen themselves.

The Kinsmen are proud of this undertaking and ask the continued support of the general public for their efforts which are the main source of revenue for them

## Bert Risdale Wins Bike

Bert Risdale, 11 year old son of Mr and Mrs Barney Risdale recently won himself a real swank bicycle in the Robin Hood flour radio program contest The Standard will have a little more information on this about this in an early issue

**LILAC TEA**

The annual Lilac Tea and sale of home cooking under auspices of the Order of the Royal Purple will be held on Saturday June 5 in the Elks hall, from 3 to 5.30 p.m. The Handicraft Guild will also display their work.

## M. C. Urquhart Selected

Malcolm C Urquhart, professor of Economics at Queen's university, Kingston and coauthor of a detailed study of public and private investment in Canada, has been selected as a member of the eight man team of Canadian and U. S. experts being sent to Pakistan to help that country's planning board draw up a comprehensive program for economic development. The group plans to leave about the middle of July and will remain in Pakistan for a period of eighteen months.

Mr. Urquhart as he is familiarly known in Vermilion, is the son of Mrs W. G. Urquhart and the late Mr. Urquhart. He taught school at Claymore, is an honors graduate at the University of Alberta, and interested Eastern universities for several years. He will spend some time visiting his mother and brother, Mr K. G Urquhart in Vermilion before proceeding to Pakistan.

## District Bar Association Meets

The annual meeting of the Vegreville and District Bar Association will be held in the court room of the Provincial Government building in Vermilion, on Saturday afternoon with representative members present from Two Hills, Wainright Lloydminster, Viking Vegreville and Manns lie besides the local solicitors The president of the association Mr S Letourneau presided.

The meeting was favored with addresses by Attorney-General of the Hon Lucien Maynard Attorney General who flew down in his own plane. While buffeting winds and a fairly strong breeze was nabbing over our airfield Mr Maynard slipped down at a fair circle or two and made a perfectly smooth landing He was received on his arrival by J. W. L. Morrison Q.C., F. J. Richardson Q.C. and Mayor Marsh McLaren and Police Magistrate Hassler and extended a warm welcome to Vermilion

Matters of interest to the bar were discussed at the meeting and several resolutions passed for consideration by the Attorney-General department and the Law Society of Alberta

The proceedings of the meeting were finalized with a banquet at the Brunswick hotel at which Mr Lefaivre presided as toastmaster.

A toast to the Bench was proposed by J W G Morrison and responded to by His Honor Judge H. E. Fraser.

The visitors' was proposed by J A MacKenzie, Q.C., Wainwright, to which Police Magistrate Hassler responded

At the afternoon meeting the following appointments were made to office

Hon. President Hon Lucien Maynard

President L. A. Watkins, Lloydminster Alberta

Vice-Pres. John Dewers M.P. Secretary-Treas. John Knisely Vegreville

It was decided to hold the next annual meeting at Vermilion.

## PARK OPENING

The official opening of the Vermilion Provincial Park will be held about the end of June or early in July. A committee has been appointed consisting of [illegible] to arrange and take charge of the opening ceremonies. Full particulars will be published in next week's issue of the Standard.

## Large Attendance at Banquet and Program

## C.N.R. Men Honor Instructor, Receive First Aid Awards

A largely attended banquet and program arranged to honor Sidney J. Harper Supervisor of First Aid and to present 35 members of the Maintenance of Way Rip Tracks and Shop first aid group of the Canadian National Railways with first aid awards was held in the Legion hall Vermilion Friday evening. The group represented the C.N.R. district from Wainwright to [illegible]

The banquet was served by the ladies auxiliary to the Legion and was followed by the presentation of awards to the successful candidates by Mrs. Harper wife of the supervisor of first aid instruction for the Edmonton division of the Canadian National.

In appreciation of Mr Harper's work and services he was presented with a handsome desk set by the group Guest speakers for the occasion were Mr. H. W. Link Provincial Engineer, Edmonton and N. R. Coyle District Safety Supervisor of Edmonton.

Catering for the very enjoyable gathering was by the W.A. to the Canadian Legion

Awards were presented to the following successful candidates

John Ondrichuk Nick Dydyk

Wm Melnychuk Michael Zuk Wm Sam Rudyk Wm Bow

Stanley Barlow Anthony Dixon. Keith Maughan Thomas King Lawrence Barlow Harold Barlow John McNeely Gordon Purser Reg Gartner Victor Kuzek Cooper Maurice Parker Mcdonald Joanne Cooper Velma Milligan Nicholas Petlon Marjorie Maughan Bert Ivy Milligan Marjorie Reid

## Ladies' Softball Organizes - Enter Playdowns

The Vermilion ladies softball team held a meeting and organized for the balance of the year as follows

President Nick Kwiatchuk
Secretary Ken Beaton
Manager Mrs. Ann Wall
Hon. Pres. Tina Tisdall
Coach Glen Tisdall

The girls have got the team off to a flying start and are practising regularly under Glen's guidance.

The girls headed by Eva Gordy plan on bringing some of the better players from the city of Vermilion. They have made some arrangements to bring in some of the ball players from Edmonton Wainwright and Irma. Watch for announcements in the classified

The girls have entered the provincial playoffs which will take place in July The way the team has been showing of late they could go a long way It has been several years since a Vermilion team has been in the playoffs Any and all girls are welcome to try out with the team and should contact Glen Tisdall All applicants will be given a fair opportunity to prove their worth

Watch the Vermilion Standard's advertising columns for announcement of a dance sponsored by the team which will be the dance of the year with a very good door prize offered

We also suggest that the next time the girls are in action go out and take a peek You will be amazed at the good quality of ball they possess put up.

## Farmers' Day Picnic At Dewberry

P.T.A. locals have combined to sponsor a huge picnic and sports program which will be held at Dewberry on Thursday June 17. A parade at 10 p.m. followed closely by baseball softball for ladies and men. Bus and auto loads of [illegible] are expected to attend. Everything else [illegible] a first class [illegible]

Conducted by The Bishop of Edmonton

## CONFIRMATION AT ST. SAVIOUR'S

On Thursday, May 27, Ascension day, St Saviour's church was crowded to capacity for the first time of the Rev. H H Clarke, Anglican Bishop of Edmonton At this, his first Confirmation in the parish, Bishop Clark conducted the apostolic rite of the "laying-on-of-hands" for thirty young persons and adults The service in its entirety was most impressive The Bishop related the fact of the Ascension to the new life in the Spirit in which the candidates were called, as he spoke to them in simple and yet most moving terms.

Following the service, there was a social hour in the parish hall at which time the newly confirmed persons were introduced to the congregation and received their confirmation certificates from the Bishop Opportunity was also given of hearing a word of welcome to the Bishop from Mr E H Buckingham on behalf of the congregation The Bishop then spoke in a more informal vein and was able to meet all who were present.

This year's class was unique in that it was drawn from a wide area, with pupils and prospective pupils from Vermilion, Dewberry and Buffalo Lake. Another interesting feature of the class lay in the fact that more than half of the young persons were men.

Altogether the Confirmation service was one of the highlights in the history of St Saviour's and it is hoped to remember all who were able to attend

**AT HOME**

Mr and Mr. John Isley of Vermilion will be home to their friends on June 16th, 1954 from 2 30 to 5 30 p.m. to celebrate the occasion of their 60th wedding anniversary.

## Aid Cadet Inspection

The annual inspection of the Vermilion Air Cadet squadron will be held in the high schools auditorium on Monday June 7 at 7 30 p.m. The inspection will be carried out by Squdn Ldr Adam of the Tactical Air Command Edmonton assisted by F/O Hyam Air Cadet Liaison officer Edmonton

The public is invited to attend the inspection

## Death and Funeral of Little Delary Toner

There passed away at the Vermilion hospital on Sunday May 30 Delary Lynn Toner, 4 year old daughter of Mr. and Mrs. John Toner after a short illness. Besides her parents she is survived by one sister Patricia and both paternal and maternal grandparents. Mr and Mrs John Toner Sr and Mr and Mrs Bert Osbaldeston.

Funeral services were held at the Holy Name Catholic church on Wednesday, June 2 Interment followed at the Roman Catholic cemetery Rev Father Landrigan officiated

Mowers were in charge of arrangements

## Red Shield Tag Day

The annual Tag Day in connection with the Red Shield Appeal will be held this Saturday, June 5th. Nurses of Vermilion and district are asked to support this effort, which is the Army's contribution to humanitarian work among ALL

## Fishing Competition Is Now On

The fishing competition is now on and is open to all members of Fish and Game who are sponsoring the contest Prizes are on display at the Sport shop for both senior and junior competitors

Dr. Anderson has been appointed as Wild Life editor by Fish and Game so that we may expect some good write-ups in the immediate future

## Handicraft Display

The Vermilion Handicraft Guild will hold a display of handicraft work at the Lilac tea in the Elks hall, Saturday June 5 between 3 and 5.30 p.m Everyone welcome

*DOLLARS MAKES SENSE*—

Do you know how the American tourist spends his dollar in Canada? The Canadian Travellers Bureau in a folder entitled "Mind Your Business," breaks the total expenditures down into the respective categories as follows:

Mr. American Tourist spends 25 cents out of every dollar in retail and department stores. His stomach receives 22 cents worth of attention in restaurants and food stores. This is followed by 17 cents being spent for accommodation in hotels, resort auto courts, and the such. Then, 12 cents is spent in service stations and garages 9 cents for movies entertainment and recreation; 7 cents for refreshments and roadside purchases, and 3 cents for novelties, souvenirs and many other miscellaneous articles.

*TEEN AXCHANGE PROGRAM PLANNED*—

The conservation committee of the Canadian Tourist Association has arranged for the transfer of four town aged boys annually, from east to west and west to east, in an effort to foster interest in forest conservation.

This year, the transfer will be made between Ontario and Alberta, with other provinces sponsoring boys in following years. During their stay in Alberta, the Ontario boys will be taught the many fundamentals of conservation by hiking and camping in the forests of the province. Under the guidance of game wardens or forestry officers the boys will learn such things as the proper use of firearms, how to live in the woods, how to put out a campfire, and many other useful points.

Upon their return to their own province, the managers are expected to provide their friends with much valuable information on forest conservation. The Alberta government is fostering the eastern group to Alberta.

*DUCKS ON INCREASE*

As a result of the wild life survey taken last year in this area it appears that ducks are on the increase. The survey is conducted jointly by the U.S. Wild Life along west a similar department of the Canadian government. The check on bird life was made by airplane and ground combined. There is very little hope that pheasants will ever flourish here as they do not breed kindly to our winters.

The value of goods imported into Canada in 1953 was 1 billion 1 less than in 1952 while the value of Canadian exports was down by nearly $200 million.

## Prepare for Alberta's Golden Jubilee, 1955

Arrangements to set up committees to organize the observance of Alberta's Golden Jubilee were made at a recent meeting of the advisory committee to the Golden Jubilee organization.

Committees to be set up include management, buildings, and facilities, functions and competitions, and promotion. The advisory committee also considered proposals for the celebration made by interested citizens and organizations.

Hon. C. C. Gerhart, chairman of the cabinet committee responsible for planning the celebrations, provided cleanup information on the purpose of the auditoriums to be built in Calgary and Edmonton by the Alberta Government. The auditoriums are to be considered as provincial gifts but would be provincial buildings, maintained and operated by the Alberta Govern ment and used for the benefit of the people living in southern and northern Alberta — they would not be gifts to the cities of Calgary and Edmonton.

## Highway Maps Off the Press

The 238,000 copies of the Alberta Highway map have been received and work is now underway to distribute them through the proper outlets. To avoid overlapping of the services, members of A.M.A. Motor Courts and Resorts Association are handling the distribution to their own members, while the Calgary Chamber of Commerce is providing copies to associated chambers across Canada. These three organizations all receive the government road map and are permitted to print their own wording on the reverse side.

In addition to these copies, the map will be distributed extensively by the Alberta Travel Bureau to more than 2000 outlets in the U.S. to border entry points, to travel bureaus and other tourist centres.

From 1939 to 1954 spending by federal government departments increased from $613 million to $4,800 million. Quirk's Canadian Facts.

## "GREEN ACRES"

T. B. IN PIGS

Almost 3 per cent of the pigs from this area have T.B. when they get to the packing plants, and 100 per cent condemned but most of them just have it in the throat and the rest of the carcass is alright. What can we do? Keep the home end of the pig pen. Nearly all T.B. in pigs comes from hens getting into the pig pen.

TREES ARE FREE

Thousands of tiree have come to this district this spring but we are still behind other parts of Alberta Now is the time to plan on a wind break around the buildings or across the farm. The land must be summerfallowed and trees must be ordered in the fall. A slue shelterbelt improves your place and adds greatly to the sale value.

CHEMICAL WEED CONTROL

All observers agree that spraying crops to kill weeds makes money for the farmers. This year there was little weed growth before the crop was seeded so it is more important than usual to kill the weeds and give the crop a chance.

BRANDING CATTLE

Mr. Mead, Live Stock Commissioner, says that everyone raising cattle should have a recording brand. It only costs $2 and this cost of making the iron. I have a book showing all cattle brands in Alberta. Also I have applications forms and I can help you line up a brand for your cattle.

FARM AND HOME

The Vermilion Agricultural Society sponsored a farm and home group last year. They are having farmers mostly V.L.A. Each one must select a project to carry through. It is all user easy to handle. We would welcome some new members. The present members are located at Marwayne, Islay, Mannville and Vermilion. Come in and talk it over.

SCARLET RUNNNER BEANS

How far east is a runner bean? Well nobody ever timed it but I can tell you that a scarlet runner beans will give you the best crop of beans that you ever had. They need a fence or set up the side of a house or garage and you will get more and better beans than you ever thought of.

## LETTERS TO THE EDITOR

This paper does not hold itself responsible for opinions expressed by correspondents

EDITOR, Vermilion Standard,
Vermilion, Alberta

Dear Sir:—

Through the columns of your paper we wish to express our appreciation for the high degree of co-operation given us during the recently completed "Clean-up Campaign"

First we appreciate the publicity given this project by the Vermilion Standard and the business men of Vermilion who contributed part of their ad space for the purpose of boosting this campaign.

Perhaps the 'block captains' job came in for more adverse remarks than anything, though that theory did not have the time to clean-up. There men did yeoman service in willingly entering into service in their respective districts. To them we say 'many thanks for a job well done'.

There are some whose help must above and beyond the call of duty and therefore deserve special mention.

S. C Acheson and the Cockshutt Implement Co. are to be commended for their generosity in the premises of the Acheson-Goddard Farm Equipment Co. We understand that the Cockshutt Co. were very helpful in this respect It will be remembered that this building was recently heavily damaged by fire. This makes their efforts even more worthy. The call of duty that street one is reminded of an unpleasant exhibit at our summer fair.

Having visitors now have a car and pass through our town we can serve as an example to the automobile trade and dealers. We can realize the time and expense required to keep a car going about daily but are also of the opinion that such neatness reflects very favorably on the citizens of the owners, who are equally well known for their activities and interests in promoting community welfare.

## NEWS from ALLANDALE

More moisture, and frost last Saturday and Sunday nights. First of the week is bright and sunny.

It was good to see the large grader going over the roads on the 19th.

Tommy Greaves from the city joined his wife Beryl and daughter Bredna at the Jack Cross farm over the long week end, all returning to the city Monday evening.

Paul Wheeler with a beautiful three-tiered wedding cake, set on a lovely lace table cloth with vases of pink carnations and silver candlesticks Mr Hugh Hagen proposed the toast to the bride and the groom replied very fittingly. A delicious supper was served which ended an enjoyable afternoon.

We are very grateful to Mr. and Mrs Orville Armstrong for helping us on the phone line last Wednesday. They were the only ones who could get material for this corner

Mrs. Louis Baldock found her dad and relatives very well in Eastern Canada. She returned home on the evening of May 31. The weather was terrible on the return trip, going through rain, snow and fog. They found television very interesting

Mr and Mrs. Bill Young. Donna and Jackie from Dewberry and Mr Stanley Calder were dinner guests at the Hansens home on Sunday last. Donna is planning to attend university this fall

Mr Stanley Calder, our minister went home to Bow Island the first of the week to attend his brother's graduation.

Miss Joan Nelson has finished her business course at Lloydminster and after holidaying at home she plans to take a position in the city.

Closing Thought: All the darkness of the world cannot put out the light of a Christian life.

## Paradise Valley

We wish to extend our sincere congratulations to the Paradise Valley Calf club and their leader Mr. N. Stupenoff on their outstanding success at Lloydminster Calf Club competition. Miss Marion Holgate took the Grandchampionship, then winning the trophy. Her calf was bought by the T. Eaton Co. at 35 cents per pound. The P. Y club also won the Bank of Nova Scotia trophy. The group of five winning this event consisted of Marion Holgate, Myra Sunderland, Fred Weeks, Wilfred Sunderland and Morris Oester Three of their calves were in the best five calves out of all the clubs. First prize in showmanship was won by Myra Sunderland, the prize being a brush and comb set donated by the Dept. of Agriculture and a pen and pencil set donated by the Canadian Bank of Commerce. The day ended with a Agricultural Society and the W.A. of Lloydminster Unitde church. A hearty thank you goes to Mr E. H. Wilson for organizing this club A good foundation was laid and the results are now showing.

Canadian forests contain 349,320,000,000 cubic feet of merchantable timber. Of this 130,329,600,000 are accessible to commercial operations.

## Banquet, Presentations and Dance Climax The School Year

*(Continued from front page)*

cion without drawing attention to the many favorable developments that can be recognized by those who are looking for them. With regular magazine articles concluding that our modern schools em phasize too much play and not enough work, and with employers arriving at the general conclusion that the product of our Secondary education system "cannot read are cannot add". It appears obvious that some modification in the pres ent trend towards progressive education is bound to be made

Mr Bentley reviewed the current controversy between the tradition lists who are demanding a return to the "good old days" when discipline, theory and drill on the "three R's" keynoted the work of the schools, and the modern progressivists who have introduced new subjects and more subjects for the curriculum along with new approaches, and who have demanded better buildings and teaching facilities to provide training for the 'whole child'. In connection with this controversy, Mr. Bentley expressed the opinion that in the re cent series appearing in the Edmonton Journal entitled "Education in Alberta" Dr. W. G. Hardy offered reasonable suggestions for a compromise between the two extremists. He reviewed Dr. W.G. Hardy's emphasis on the fact that the particular function of teachers is to teach and of students is to study, and was pleased to note that this outstanding conference recognized the essentially practical nature of what are sometimes considered to be strictly academic subjects.

In his concluding statement to the graduates the speaker stated that the extent to which they had escaped the discipline of study and learning, adopted high standards of workmanship, established true principles of philosophy and high standards of morality, and the extent to which they had developed desirable practices and social relationships to that extent, they have made good and sound preparation for the next phase of their lives.

OUTSTANDING DRAWINGS

Something unique and showing quite considerable skill in art, were the large drawings displayed in relation about the banquet hall. Each drawing depicted a stage of school life commencing with the little tot just starting to school, and then dealing with a certain phase of the child's development in each grade on to the students in high school, and then the grad stepping out into the world. Well and clever done, each with its own message. the drawings will be on display at the Vermilion Fair this summer by special request of Mayor Heckbert The young artists responsible for the work were grade ten girls, Alice Seaffert, Shirley Underdown, Rhena Hodgson, Rhoda Hodgson, Margaret Whitlock and Joan Shepherd

Mrs Hilda English and the grade eleven girls are to be congratulated on the banquet table arrangements and decorations

SCHOOL MEMORIAL KEYNOTE GRADUATION PROM

Following the banquet was the graduation prom held in the armories. Keynote of the decorations was "School Memories." The decorations so much in keeping with the event, the gay music the pretty grads in their graduation gowns along with the scores of other happy young people made a very pleasant and memorable scene a fitting event by which to remember your graduation day.

The graduates are Betty Barlow Bob Barr Lois Bentley, Stuart Dow George Gee, Betty Hawley Peter Kupon Joan Lingings Anne Martin Joan Maxwell, Gordon Scott Lillian Semeniuk, Marina Capatos Eata Curtis Mary Ann Hodgins Ida Ann Richardson Janet Wilson

The undergraduates Ray Armstrong, Mary Gow, Ronnie Hogan Mildred Searle, Sue Carmichael Elizabeth Kusek Adeline Pidruch

## Mannville & District LOCALS

The Square Dance party held on Friday was well attended with sets from Vermilion, Vegreville, Minburn and even from Warburg. The caller was Art Ziegler of Vegreville. A group of the Vegreville dancers put on a special act complete with costumes. They proved modern square dancing can be done by the people of any nation.

Visitors at the C. Blackford home over the week end were Mrs. Blackford and son of Edmonton. Mr Blackford has been helping Chas. Blackford for a few days.

Mr Harold Hawley was a recent visitor at the home of his parents Mr. and Mrs. J. Hawley.

Visitors from a distance are Mr. and Mrs John Leahy and two boys who are at present living in Montana, but the next we hear of them they may be as far away as Mexico.

Mrs. Torrance, Leslie and Edwin have been moved to their new location for a couple of weeks now and are at present giving the house a face-lifting job with a new picture window and new siding which will make it quite modern.

Mr. and Mrs. C. Hamilton have purchased the house formerly owned by Mrs. Torrance and are planning on moving this week.

Mr. Ab McInroy of Edmonton is visiting with his brothers Walter and Alec McInroy.

Mr. and Mrs. Carl Chrysler and family have been visitors in Mannville the past week. Mr. Chrysler is with the R C A F and only this month returned from a year in Germany.

Mr. Howard McLuckie is now employed by the Canadian Utilities and will be working out of Vermilion.

Mrs. Nick Gordey, an old time resident of Mannville and Myrnam district was a recent visitor with Mrs. Pilshka. She is now living at Simcoe, Ont.

Results of the vote on the gas franchise on Monday was 119 for the by-law, none against. Gas installation will commence as soon as the water and sewer installation is completed.

Mrs. Don Lugg spent the week end at Redwater visiting her sister and family, Mr. and Mrs. L. Donaldson. On the way [illegible] she stopped in Edmonton to visit Beryl Swain at the University hospital.

Don't forget the June tea and apron sale under the auspices of the Happy Hour group on June 12.

Those who attended the Deanery W.A. in Vermilion on Friday last were Mrs. Manz, Mrs. Holden, Mrs. R. Whitenn, Mrs. C. Hamilton, and Mrs. Rutherford of the Senior W.A., and Mrs. R. Lugg [illegible] G. Hetherington of the Happy Hour [illegible]

---

$400. The auctioneers were Archie Boyce of Olds and J. Blacklock, Saskatoon.

The writer is sorry that she could not attend the Confirmation service in Vermilion, the road had been graded the day before and with the rain was very bad.

Let's hope we have some warm weather soon to bring forth the lovely roses. If anyone is interested in a rose garden, journey out to Johnny Wilson's farm at Poplar Heights, you will see a breath-taking sight when plants are in full bloom. Mrs. Sherwood and the writer journeyed there for rose bushes and plants a short time ago and certainly enjoyed looking around. Everything was budding at the time and it is hoped that the recent frosts did not do too much damage.

Mrs. Giles was a visitor to Edmonton on Monday.

Little Linda Gould spent a few days with her grandma.

Hello Mr. Jones, did your tomato plants freeze? Mine did, I knew it was too early to set them out!

| June 3 | 61 | 41 |

## Pleasant Valley

The rains come and go and the men work between showers, some very late at night. The frost did some damage to tender flowers and vegetables. Certainly has been a chilly spring.

The annual bull sale at Lloydminster was well attended last week with some fine animals shown. Quite a number of the local cattlemen were there with animals among them being Frank Bowman of Dewberry, Cross Bros of Allandale, Kennedy Bros of Islay, Dehaks of Vermilion. Bert Gould picked up a fine young bull, Tebruk Tone, from the Fenton herd at Irma. It rained all day at the sale but this did not dampen the spirits of the buyers. There was keen bidding and the average price was around

AND IF YOU WANT A NEW OR USED CAR, LLOYD'S YOUR BOY

**LLOYD'S SERVICENTRE LTD.**

## NEWS from ISLAY

Many happy returns to Jimmie Shaw who was nine years old, on June 1. Jimmie had a party, all boys. They had a treasure hunt and Douglas Van den Dolder won the prize. Then came the best part when they sat down to the table of good things to eat. There was a pretty birthday cake, which contained surprises, and along with it was delicious ice cream — and of course Jimmie received some birthday gifts!

Congratulations to Mr. and Mrs. Don McFadyen on the birth of a son in Islay hospital May 29. The grandparents are quite happy too, Mr. and Mrs. Ulva McFadyen, and Mr. and Mrs. Val Budzilka — there are smiles and smiles!

Another birthday was celebrated here in honor of Mrs. Frank Hancock on her 82nd birthday, May 31. A family gathering was held at the home of her daughter Mrs. David Martin. A grandson, Gordon Hancock of Marwayne with projector showed colored slides of a trip taken into the U.S., some of Prince Albert and some of the fire at Marwayne recently. It was very enjoyable. Mrs. Martin Sr. was also present so is improving after her illness. Among the pictures was one of the four generations of Hancocks, late Mr. Frank Hancock, Mr Clarence Hancock, Mr. Gordon Hancock and his baby son.

Mr Haskell Sr. is ill in hospital and Mrs. Haskell has been for the past week at his side. Best wishes are extended to Mr. Haskell for a complete recovery to health.

Mrs. Holman reported the loss of all her flock of baby chicks, 140 of them, a few days old on sending in two of them to the lab the report comes that it is bronchial pneumonia, very infectious, and is quite prevalent this spring in the prairie provinces. One box could infect a carload in shipping.

The annual meeting of the Home and School Association is June 9 at 8 p.m.

Mr and Mrs John Shaw of Vermilion are at their daughter's home, Mrs Teskey. Mr. Shaw is installing new cupboards in the kitchen.

We are glad Mr. and Mrs Bothwell are back on the farm. No 2313 on the telephone has been silent too long. Happy to see Mr Bothwell at church last Sunday, and Mr. and Mrs. Norman McInnes. We had 42 at the United church service.

Down at Kenilworth school on Sunday at 11 a.m. there were 35 present at the Anglican service. It was nice to see such a good congregation.

Mr and Mrs Bill Waterfield attended the Vermilion high school graduation exercises recently.

Mrs Winnie Torrance, Marge and Gwen motored from Calgary to spend the holiday week end with Mr and Mrs Clarence Robertson.

Mrs C Oldenberg of Vanesti was in visiting her mother Mrs Coleman who is in hospital here.

Noticed Mr and Mrs Harkins in town in their nice green truck.

Saw Mrs. Bill Hanna in town Tuesday. Says she has her garden all in, other years she has been far later than this but has had plenty of vegetables even now she still has nice crisp turnips and carrots from last year.

## Paradise Valley Calf Tops 4H Club Show In Lloydminster

Marion Holgate of the Paradise Valley Calf club won top honors at the Lloydminster 4-H Calf Club show and sale on May 25. Marion's Shorthorn calf was judged champion of the show and was purchased by the T. Eaton Co. Ltd., for 55 cents per pound. Reserve champion was shown by Beverly Rogers of the Manitou Lake Calf [illegible] clubs showing and selling their calves at this show were the Paradise Valley club from Alberta, the Manitou Lake, East Manitou, West Manitou and Lone Rock clubs all from Saskatchewan.

The Paradise Valley club won [illegible] of the top awards at the [illegible] Myra Sunderland was judged the best showman and the award for the best group of five calves also went to the Paradise Valley club. Mr Wm. Mead, Provincial Livestock Commissioner, judged the Paradise Valley calves; and he along with two Saskatchewan judges selected the champion and reserve of the show from the top three calves in each calf club.

The top three calves in the Paradise Valley club were fitted and shown by Marion Holgate, 1st; Myra Sunderland 2nd, Fred Weeks [illegible]. These calves were placed in the choice group. Fourteen calves were sold by Paradise Valley club members for an average of 21¼ cents. Myra Sunderland won the Eaton showmanship kit as the best showman in the club, while Wilfred Sunderland was placed second and Marion Holgate third.

The showmanship awards were based on the actual showing of the animal as well as the previous training and fitting done by the club member.

This show and sale finalized a very active year for the Paradise Valley Calf club. Mr. Nick Stepanoff, the club leader, is to be complimented on his fine leadership and effort. Mr. E. H. Buckingham, District Agriculturist and Mr R. C. Moffat, Assistant D.A., wish to congratulate and thank Mr. Stepanoff and club members for their accomplishments and co-operation.

Canadian Utilities, Limited with head office in Edmonton Alberta has announced the election of F. Austin Brownie as President. Mr B. M. Hill who has been President since 1949 has reached retirement age and will continue as a Director.

Mr Brownie was born on April 16th 1905. He attended public and high school in Calgary and obtained his Bachelor of Arts and Civil Engineering degrees at the University of Alberta. He was married to Jean Morrison of Cowley Alberta in 1936 and has two sons, Robert and Donald both of whom are attending school in Calgary.

One year prior to his marriage Mr Brownie joined Northwestern Utilities Limited, as an engineer. Five years later he left that company to become assistant to the General Manager of Canadian Western Natural Gas Company Limited. Subsequently he served as Assistant to the President, was appointed General Manager and then was named President of Alberta's two large natural gas utilities in 1949. He has been a Director of Canadian Utilities Limited for several years.

## Curio, Relic Exhibit

St Saviour's Men's club solicits loan of curios, relics, souvenirs, antiques, for an exhibition to be held [illegible] articles are now listed. What have you to offer? Please see one of the following committee: E. H. Buckingham, J. W. G. Morrison, A. H. Cooper.

---

During July and August at Cobequid Bay N.S. the height of the sea between ebb and flood tide varies from 46 to 90 feet.

The origin of the ancient rock carvings in Petroglyph Park on the east coast of Vancouver Island is still a mystery.

## . . . WILDMERE WINKS . . .

We will start with some of last week's news as the mail man came before we had time to write them. On May 19 Mrs. J. Summers, her daughter [illegible] and husband Stanley [illegible] their baby daughter Janet all of Darwell, Alta., were visitors to the Wallington home.

Mr. and Mrs. Kosic went on to Fox River, Sask., where he had some farming to do. Mrs. Summers left on Friday morning to return to [illegible]. Mrs. Summers is Jim Wallington's sister Ruth. It had been so wet west of Edmonton where she lives no seeding had been done up to the time she left.

Congratulations to Mr. and Mrs. Wally Murray (nee Kathleen Caron) and best wishes for a long and happily married life.

We did not have the pleasure of meeting Mr. and Mrs. Herman Eyben when they were in Vermilion but Jenny called up on the telephone. It was so nice to hear your voice once again Jenny. We hope you had a good trip home. Mrs. Eyben says you still take the Standard and look each week for the Winks. We'll do our best to keep them in Jenny.

A nice crowd attended church on Sunday afternoon to hear Mr. Plante. He gave a very interesting sermon on the 'Big Question'. Come out folks and hear this young man. He is also a grand singer. Next Sunday church will be at 7:30 in the evening at Wildmere.

Seeding has been a long, drawn out affair this spring, the bad weather keping the farmer off the land so much. This week so far they have been going full blast.

Congrats to Mr. and Mrs. Ralph Thomsen of Tolland on the birth of a daughter last Friday.

Friday, May 28th was Mrs. J. M. Smith's (of Vancouver) 75th birthday. Her sons Bill, Adam and Albert and daughter Mrs. C. Cruthers all talked to her and wished her a happy birthday by phone. We would like to say, hope you had a happy day too Mrs. Smith.

While Jimmie was looking for gravel last Friday evening the writer enjoyed a nice visit with Mrs. Albert Smith and family of Basswood.

Mrs. Fred Haines and children visited a short while at the writer's on Sunday after church.

The writer and family called for a short while at the Fadden home Sunday evening. Margaret Fadden who works at the hospital had been home for a few days but returned to Vermilion Sunday evening. Alice Clark also was a visitor to the Fadden home.

Wildmere Beavers Girls club is holding a Cotton ball at Basswood school on Friday June 4 if weather and roads permit. We hope all co-operate and attend.

## Diminishing Volume Railroad Traffic

The diminishing volume of traffic moved by the railways is again reflected in the monthly report of the Canadian National system's income and expense statement for the month of April, and in the aggregate figures for the first four months of the year, as compared with those of 1953.

In April gross operating revenues for the entire system amounted to $51,862,000, a decrease of $7,824,000 compared with the corresponding month last year. Operating expenses totalled $51,296,000. In the same month a year ago they were $55,136,000.

Aggregate figures for the first 4 months of 1954 compared with last year show a drop in gross revenues of $19,927,000 and in operating expenses of $15,590,000. The result is a decrease in net revenues of $4,337,000 compared with corresponding period last year.

Last year Canadians paid to the federal government $1,280 million in individual income taxes, $1,518 million in sales and excise taxes and customs duties.

## Local News of Interest

Mr. and Mrs. Alex Morrison and Christine motored to Ithaca, N.Y., last week to visit Mr. and Mrs. Alex B. Morrison Jr., of Cornell University. Mr. and Mrs. Morrison will return in a month's time while Christine will remain in Ithaca where she has accepted a position at the university.

Mr. and Mrs. Norman McInnis, real old timers of the Islay district, homesteading there back in 1904 who now reside at Musquodobit, Nova Scotia, are visiting their son and wife, Mr. and Mrs. Donald McInnis of Islay. They plan to remain for several months. Mr. McInnis is a former councillor and reeve of the old Vermilion Valley M.D.

Mr. and Mrs. Ken McDonald passed through town Monday on their way to Heinsberg where Ken will be in charge of the C.N.R. pump station. Ken has been at Tofield but the pumping station there has now been electrified in a manner similar to that at Vermilion.

Mr. and Mrs. Lawrence Webb and three little girls are holidaying at Salt Lake City. They are expected home this week end.

Mr. and Mrs. Gerald King who have spent the past three months visiting in England returned home last week end and report a very enjoyable time — but "it's nice to get home" they say.

Constable Edwin Willis, son of Mr. and Mrs. Percy Willis, who was selected by the RCMP to study law at the University of Saskatchewan, has just been awarded an achievement scholarship. He has now completed his third year of the four year course.

Bob Rouse of Vermilion was bereaved on May 25 by the death of his sister Mrs. Daisy May Gibson of R.R. 2, South Edmonton. Funeral services were held on Friday May 28.

Charlie Deford is renewing old acquaintances in town these days having come from Trochu to attend the funeral of Grandma Butz at Dewberry. Since last visiting Vermilion Charlie has been on a trip to the southern States. While he has purchased a little home near his daughter Mrs. Greig in Trochu Charlie would still rather be in Vermilion where everybody he meets calls him by name.

Mr. and Mrs. Arthur Burton had as their guests last week Mr. and Mrs. Jack Dale and son Donald from Portland, Oregon. Mrs. Dale is Mr. Burton's niece. They also visited their cousins Mrs. Robert Repp, George and Arthur Hughes. Apart from the wet weather all had a lovely time.

John S. Leahy and family of Whitefish, Montana, have spent the past week visiting at the home of Mrs. Laura Leahy in Vermilion and relatives and friends in the Mannville district. They continued on to points in Saskatchewan on Wednesday.

Further donations in memory of the late Mr. Norman May have been received as follows: Cancer fund — Mr. and Mrs. Reg Ireland, Mrs. Addie Mead; Auburndale United Church Memorial fund — Mr. and Mrs. E. Emsland; Mr. and Mrs. J. E. Little, H. S. L. Woudstra, the Macnabs, Madeline, Jim and Mr. Meadors; W. C. Meadors Crippled Children's fund — Mr. and Mrs. J. R. Johnson. Vermilion Cemetery fund — Mr. and Mrs. George Webb.

*APPRECIATION*

We wish to express the thanks and appreciation of the Happy Hour group to all those who so willingly supported us with both help and donations for the booths on the 24th of May, with a special thanks to the volunteers from the Anglican Men's club and the business men who gave their services to keep the supplies up to the demand, again 'thanks a lot'.

**DOUBLE SPACING in all typewritten articles for publication!**

GRADUATE IN NURSING

Miss Alveso Mahan of Vermilion and Miss Annabelle Page of Kitscoty were among the graduates in nursing from the Archer Memorial hospital at Lamont last week. The graduation exercises were held in the Lamont United church. Prior to their graduation the nurses were feted at a round of social events.

Mrs. W. S. Dougan of Campbell Lake district left by Canadian National from Wainwright last Saturday night on the first step of her trip to County Armagh, North Ireland where she plans to spend the next three months visiting her many friends and relatives in various parts of the country.

Mr. and Mrs. John Roan left on Monday for Prince Albert where they plan to reside in future. John will open a photo studio their in partnership with his mother.

Mrs. H. Warrington and daughter Sharon of Toronto visited at the home of the former's sister Mrs. Harry Cooper and Mr. Cooper and family for ten days recently. They then proceeded north to Bonnyville to visit Mrs. Warrington's parents Mr. and Mrs. J. Young Sr., and other members of the family.

Mrs. Henry Eyben was very pleased and surprised when her son Herman and wife and their daughter Mrs. Irene Kennedy and Glen arrived in time to attend the Murray-Caron wedding recently. Son Norman Eyben also from Cloverdale arrived two days after his parents, also in time for the wedding. It was very nice having them but hard having to bid them goodbye on their return trip last Friday morning.

W. A. GROUP MEETINGS

The United Church W.A. groups will meet on Tuesday June 8 as follows: Mrs. Hardy's group at the home of Mrs. Tom Davis; Mrs. Dougan's group at Mrs. Dale Williams'; Mrs. Waldenberger's group at Mrs. S. C. Heckbert's; Mrs. Allan's group at Mrs. Jack Wright's.

HAPPY HOUR GROUP

The Happy Hour group of St. Saviour's W.A. will hold their last pre-summer meeting on Thursday, June 10 at the home of Mrs. Joe Hart.

CLANDONALD HALL

Showing at the Clandonald hall this week end "Dream Wife" with Cary Grant, Deborah Kerr and Walter Pidgeon; Wednesday and Thursday, June 9 and 10, "The Frontiersmen" with Wm. Boyd, two shows each night 7:30 and 9:30 p.m.; next week end "Rawhide". News reel each program. 48x

DERWENT THEATRE

"The Virginian" with Joel McCrea and Brian Donlevy in the greatest western ever filmed showing at the Derwent theatre Saturday June 5 and Monday June 7 at 9 p.m. Wednesday June 9 "Ambush" at 7 and 9 p.m. Next week end June 12 and 14 ... Soldier. 48x

WILDMERE F. U. A.

The Wildmere F.U.A. Local will meet at the Wildmere school on Wednesday June 9 at 8:30 p.m.

BASSWOOD

Everyone welcome to a dance at Basswood on Friday, June 4. Wear cottons or blue jeans. Horpestad music. 48x

LEGION W. A.

## Islay District Locals

Mr. and Mrs. George Coombe of Islay received an invitation to attend the wedding of Clara Coombe at Chilliwack on May 24 but due to the lateness of spring which retarded field work, they were unable to accept. Clara is the granddaughter of Mrs. Geo. Coombe and the great niece of George. She was born at Islay and received several years schooling here, moving to [illegible] with her parents at an early age where she completed her school work. A copy of the Chilliwack Progress was received with a full account of the wedding which the Vermilion Standard carries elsewhere in this issue. The writer also received a bouquet of mauve stocks and tiny gold mums mailed from Victoria, these being flowers carried by one of the bride's attendants. A post card of the Butchart Gardens was also sent by bride and groom while on their honeymoon. The owner of the Gardens is a cousin of the groom, Mr. Ian Butchart.

There have been slight frosts the past few nights which chilled some of the more tender garden stuff.

Mr. and Mrs. Percy Golby were supper guests at the home of Fred Gould on Sunday. Mr. and Mrs. G. Coombe were callers there during the evening.

Roads at time of writing are dry and seeding is nearing completion.

[illegible] thought: Life is like a mirror reflecting all you do; if you face it smiling, smiles will reflect to you.

## Guest Missionary

GUEST MISSIONARY

Rev. C. E. Gustafson, veteran missionary from Laos, Indo-China, will be the guest speaker at the Alliance Chapel Missionary ... [illegible] ... day. He comes with first hand information on conditions prevailing in the Far East having encountered Red opposition and narrowly escaping capture by the Communists. Before his missionary career with the Christian and Missionary Alliance Mr. Gustafson served as a chaplain with the infantry in Europe. Because of his varied experience and deep Bible ministry he is highly recommended as a convention speaker. The public is invited to attend the above mentioned services.

## Home and School Elect Officers

The final meeting of the current school year was held by the Vermilion Home and School Association on Tuesday, May 25th at 8:00 p.m. sharp. This meeting marked the close of a very profitable series of gatherings of enthusiastic parents and teachers.

Mr. E. C. Clendenning, the president, opened the meeting to order with the singing of O Canada. Mrs. [illegible] accompanied on the piano. Rev. McNair led in prayer and Mrs. [illegible] then read the Home and School creed. Next followed the reading of the minutes of the last general and executive meeting and the presentation of the treasurer's report.

A film entitled "Sociable Sixes" was shown and enjoyed by all. Discussion groups followed.

Mrs. [illegible] Kibblewhite, who was ... official delegate to the ... convention held in Edmonton ... gave a comprehensive and very interesting report.

Much concern was expressed ... [illegible] ... being parked on the ... near the power plant. This was regarded as very hazardous to ... [illegible] ... It was also pointed out that this practice was contrary to the law. A motion was made and unanimously carried requesting that this matter be forthwith brought to the attention of the ... authorities.

The nominating committee under the chairmanship of Mrs. K ... brought in a slate of officers for the coming year. They are as follows:

President, Mr. E. C. Clendenning; Vice President, Dr. D. Hanly; Secretary, Mrs. M. Norris; Treasurer, Mrs. Fiden; Program Convener, Mr. Fred Stewart; Social Conveners, Mrs. E. Clendenning, Mrs. C. Wilson.

Members of the Association expressed their regret regarding the departure of Mr. F. Walker and Mr. ... from the community.

A hearty vote of applause was tendered indicating appreciation of the valued contributions to the community.

In summarizing the achievements of the Home and School Association throughout the year, one is cognizant of the increased membership. This meant that more people in the community felt a need for a closer parent-teacher relationship. Through the Home and School association, a closer unity of purpose was achieved and co-operation was secured in all that concerns the education and welfare of the children.

The first meeting in the fall term will be held September 28th. Your new executive will work hard to complete plans for another successful year. Parents are already busy, can they start another activity that will demand time and thought? The answer is they cannot afford not to take time for mutual discussion of educational problems of individual students in particular.

Hope to see you on September 28th.

## Stagettes Hold Final Meeting of Season

The last meeting of the year was held Tuesday in our new found ... in the Legion hall and though the attendance was small it was an interesting meeting full of ideas and suggestions for a better and bigger club in the fall when we reopen. We won't be entirely inactive this summer. There's the pit to be built when Lil gives us the high sign and with Lena as convener we intend to give the files a thorough housecleaning before fall. It's amazing how much material (not stuff material) accumulates over the years and there's no doubt lots that needs to be brought to the attention of the members. There's also the auditing of the Treasurer's books isn't there Mildred? It wasn't because you weren't there to defend yourself that the 'honor' fell to you, it was because ... well because ... well it was Lena's idea anyway.

Sophie with the help of the others who went, gave an account of their trip to Grande Prairie. That was some trip I'd say. They started out by car but before they got home they had a taste of every mode of travel from motoring to flying including getting pulled behind a cat through the mud. The weather and roads do that to people. They even had to chase out after the bus which had a 15 minute start on them but being Stagettes they got there. The hostess club did a fine job so the girls had a wonderful week end. There are a few details we'd like to have known more about ... like that Lincoln car on which the back door wouldn't open and the mixed party and we're wondering if Kay has oil rights. Ernie left with a puppy in her suit case. (That's what I heard). However, they all admit that a two-day convention can give them more insight as to what Stagettes is all about than any other two-day period of the year. They meet new girls from other clubs, exchange ideas for the ... compare notes of the year past, argue and discuss and settle points of interest to all. It does something to you all right.

[illegible]

We also take this opportunity to extend a hearty thanks to the Standard staff for putting up with our nonsense for the year. The ... full of it and I can't help but print it. We'll no doubt have more next year. Bye now happy holidaying.

"Checking" ... Isn't it wonderful, no checking!

## Death of Mrs. Mary Lipsey at Manning

Well known and affectionately regarded by many friends and acquaintances Mrs. Mary Lipsey, widow of the late Mr. James Lipsey, died in the Battle River hospital at Manning, Alberta on Thursday, May 27. She had lived in Vermilion from 1913 until some two years ago at which time she went to the home of her daughter Mrs. Henry Lyle of Manning.

The late Mrs. Lipsey was born in the year 1870 at Rimouski, Que., where she spent the early years of her life. In 1892 she married Mr. James Lipsey at Leeds, Que. In 1913 the family made the move west to Vermilion which has since that time been the family home.

She is survived by one son Chester of Edmonton, and two daughters Mrs. H. B. Lyle of Manning, Alberta and Mrs. S. K. Nielsen of Calgary. There are two sisters Mrs. Home and Mrs. Hutchinson of Sherbrooke, Quebec.

The funeral services were held at the First United church, Vermilion on Monday, May 31st at 2:30 o'clock in the afternoon with interment following in the Vermilion cemetery. The Rev. J. T. McNair officiated. The pall bearers were Messrs M. Hill, S. C. Heckbert, B. Duncan, C. N. Brennan, L. Amos, B. Hawley.

Moyers were in charge of arrangements.

Floral and memorial tributes were received from the following:

Flowers: The Family; Dorothy, Leslie and Phyllis; Mrs. Oakley, the Hawley Family and Mrs. Eldem; Richard Brennan; Jean James, May and Claude; Barbara and Melvin Hill, Hilda and Jimmy; the McCrae family, Mr. and Mrs. A. M. West, Mr. and Mrs. E. M. Stewart, Miss Gertrude Craig; Mr. and Mrs. R. H. Norton, Marjorie Knapp, Loyal and Mabel; Stan, Gene and Peggy, The Shafers, Mr. and Mrs. J. A. Montgomery, Mr. and Mrs. J. L. Anderson, Mr. and Mrs. F. Pilkie, all of Edmonton, J. K. Eggenberger, Manning; United Church, W. A., Manning.

*United Church Memorial Fund*: Betty, Gerald and Margaret Stephens.

*Vermilion Cemetery Fund*: Geo. and Ina Webb, Dorothy and Bill Pettigrew; Mr. and Mrs. Bert Duncan; Mr. and Mrs. W. Waldenberger.

*Canadian Cancer Society*: Mrs. H. N. Stephens; Mr. and Mrs. Jory and girls, Mrs. J. Powell and family; Mr. and Mrs. W. Cross; Mr. and Mrs. Fred Stewart; Mr. and Mrs. Jack Cross; Mr. and Mrs. Sobey and family.

*CARD OF THANKS*

The family of the late Mrs. Lipsey extend their sincere thanks for the expressions of sympathy, help, and for the floral tributes and memorial donations received during their bereavement.

## Vermilion Mechanic Graduates

EDMONTON — James R. Johnson, general repairs mechanic at Hetang Motors has graduated from an advance course in automatic transmissions at the General Motors Training Centre which was held here recently.

General Motors training centres which shortly will be in operation in ten strategically located cities across the Dominion will enable service personnel to keep up to date on a continuing basis with the latest service methods and technological advances such as air conditioning, power steering, power brakes, automatic transmissions, autronic eye and other major developments.

Mr. Johnson, who is married with four children, has had 15 years experience in the automotive business.

In the current year CBC will receive about $23 million from public sources, about two thirds of it from the special 15 per cent tax on radio and television sets and parts.

## KITSCOTY GRADUATES HONORED

KITSCOTY. — It's all over but the exams! Yes, the annual banquet and dance in honor of the K.H.S. graduates is over for another year, but the memory will live on in the minds of the graduating class as a highlight in their lives.

The banquet which began the celebration, consisted of a delicious meal served by the Legion ladies of Kitscoty in the Tracy Memorial hall. Following the banquet, the program, under the worthy hand of Mr. J. A. Smith our principal, who acted as chairman began with Miss Betty Gray, a former graduate of this school, entertaining us with two beautiful songs. Then the graduates were all introduced and awarded gold K. H. S. pins. Following the valedictory which was given by Florence Parker, Rev. Woeller, the guest speaker gave a very interesting and inspiring talk on the topic "Freedom".

From Tracy Memorial hall the graduates journeyed to the school gym, where they had group and individual photos taken by Mr. Quarton of Lloydminster.

For the dance in honor of the graduates the town hall was beautifully decorated in school colors, blue and white, by Miss Dunsmore and the grade eleven class, and was soon filled with the graduates in white dresses and dark suits, the graduates' parents, friends and fellow students. The music was supplied by Vic Bystrom and his orchestra. Every graduate was honored with a special dance of their choice. Wilfred Cundliffe was the Master of Ceremonies.

After a very enjoyable evening the dance came to an end with a Grand March led by Mr. and Mrs. Smith and the singing of "For They are Jolly Good Fellows" to the graduates. Everyone trouped homeward, tired but happy, and even the rain didn't dampen the spirits.

In 1[illegible] Canada's two principal railway companies had gross earnings of $1,16[illegible],193,822 and after payment of all charges the companies retained $7,853,419.

## W. I. ACTIVITIES FOR MAY

THORNCLIFFE

The constituency conference will be held Friday, July 16 at the Vermilion school of agriculture.

Sorry there was a misprint in Princess Anne's and Thorncliffe's reports last month. Thorncliffe W.I. had a very interesting demonstration on "Making Chenille Flowers". A successful bazaar and candy sale was held in April. This branch has donated to the Crippled Children's fund.

PRINCESS ANNE

Mrs. Geo. Richardson gave a very fine report of the District conference. Mrs. R. Strome read a paper comparing the older and newer methods of education. This branch held a successful bake sale Saturday May 8. Donated to the Barley for Korea fund.

FIVE POINT W. I.

Five Point held a very enjoyable pot luck supper in Hamilton school. The proceeds were donated to the rest room and library. Mrs. Wm. McCauley read a paper entitled "The Enterprise System" and Mrs. R. Calder read a paper describing "Keeping House in Korea". This branch has used the travelling apron to increase their funds.

RAMSAY

Mrs. R. Clark reported on District conference, this was followed with a discussion and question period. Mrs. P. Sloan read a paper on "Immigration Problems". For entertainment Mrs. Horricks conducted a novel relay race.

KITSCOTY

Mrs. Pidcock reported that the dance sponsored by Kitscoty W. I. was certainly a success financially. Many cards and gifts of fruit were sent to members and friends, who were ill. Mrs. Jones, district director and Mrs. Hamilton, both of Mannville visited at this meeting.

CREIGHTON

Creighton W.I. heard Mrs. R. Wagner, Citizenship convener, read an interesting paper entitled "Our New Neighbors". Mrs. R. B. Hanning read a fine description of the new fabric 'pilon'. Mrs. A. West over was chosen delegate to attend the Constituency conference.

WILDMERE

The Wildmere W.I. and the Wildmere Beavers held their meeting together at the home of Mrs. Gibson. Mrs. J. Wilson gave a very interesting talk on education entitled "Facing the Challenge". The girls entertained the W. I. ladies and also displayed a fine collection of sewing.

## Annual Feeders' Day Saturday, June 5th

Forage crop silage for finishing steers has been under study by the Department of Animal Science at the University of Alberta during the past year, and results to be discussed at the forthcoming Feeders' Day should prove of more than topical interest.

Three groups of steers were fed respectively grass and alfalfa hay, silage with ground barley added as ... [illegible] ... results will be reported by Dr. ... and R. ... at the University of Alberta Livestock Farm on Saturday, June 5.

This is the date of the thirty third annual Feeders Day, conducted by the Department of Animal Science. Early in the morning lovers of good livestock from many parts of the province will be converging on the University Farm at Edmonton for the start of the event at 10 a.m.

A discussion of ... and ... supplement feeding will open the program to be followed by reports on rations for fattening lambs, creep feed rations for suckling pigs, rearing dairy calves on a milk replacer ... [illegible]

[illegible] ... Reports on antibiotic feed supplements, swine rations, feeder calves and forage crops, supplemental minerals for pigs, a review of sheep experiments and a discussion of animal diseases will complete a well filled and worthwhile day.

Dr. McElroy and his science staff welcome this opportunity to discuss their year's work right on the home grounds. They issue a cordial invitation to all interested in thriving livestock to join them for this thirty third Annual Feeders' Day at the University of Alberta Livestock Farm on Saturday, June 5.

**Tips on Touring**

NOTHING BUT THE TRUTH By Arnold

# Health Unit Notes

PROPOSED TRIAL OF POLIO VACCINE

As you will probably have read trials of a new vaccine, which it is hoped will protect children against polio are to be carried out in Alberta. Your Health Unit has been asked to assist in these trials and we have agreed knowing we can rely on the co-operation of parents in our efforts to find a means of preventing this dread disease.

IS IT SAFE?

The vaccine has been extensively tested in the U.S. with no serious reactions.

HOW MANY INJECTIONS?

Three injections will be necessary the last of which will fall due during the summer holidays and it will be necessary for the children to attend school on a stated date for this injection.

Blood specimens will have to be taken from a few of the children both before and after injections.

IS MY CHILD ELIGIBLE

Naturally it is not going to be possible to immunize every child on this occasion as our supply of vaccine will be very limited, so it is important that only those who know their children will be available for the complete course should give their consent when asked.

WHAT DO I DO?

Only certain groups of school children can be included in the trials and parents of the children eligible will be notified by the teachers as soon as details of the scheme are available.

Please co-operate if asked to do so but do not be disappointed if you are not asked. We hope the day will soon come when every child in the community can be offered a protective immunization against poliomyelitis.

BABY & PRE-SCHOOL CLINICS

June 7 — Legion hall Vermilion 2 to 4 p.m.

Friday, June 11 — ... hall 10 to 12 noon.

Friday, June 11 — Kitscoty clinic 2 to 4 p.m.

## Massed Band Concert At Elk Island Park

The Sunday concert series at Elk Island National park will feature a massed band concert ... June 6.

Those who had the ... of hearing this excellent program last year will indeed look forward to this year's presentation.

The massed band composed of 12 local bands from cities and towns throughout Central Alberta will consist of some 250 instrumentalists. Visitors are assured of a memorable afternoon of stirring band music. Concert time is 3 o'clock.

At 7 p.m. a program of travel films will be presented by National Film board.

NEXT TO CHURCHILL

Canadian-born Lord Beaverbrook is probably second only to Churchill in British popularity, writes the London correspondent of The Financial Post.

Lord Beaverbrook at 75 is running out of enemies, he says. It is a pity, for at one time he had a genius for making enemies. In the meantime his close associates are trying to keep up with his daemonic energy as one celebration follows another.

## NEWS from VANESTI

Quite heavy rains have been our lot for the last week. At this time of the year usually, the farmers have finished seeding the main crop of grain, and wishing for rain. This year they are wishing it would keep fine and dry long enough to get the grain in. However most of the housewives will be thankful that they had their gardens planted.

The children of the various points were disappointed too having to postpone their track meet twice. It was not too dry on Saturday May 29 when they finally met at Paradise Valley.

One of the pupils travelling home from school last week saw some extra large birds at the edge of the lake. When the little girl arrived home she said "Mother, there were some large birds on the lake, and I know they were not geese or turkeys . . . so they must have been storks."

Come on folks, why don't we get out our handicrafts and take them to Paradise Valley on June 11 the Farmers' Day picnic show of crafts etc. It all goes to make a very entertaining day no matter how small the items are.

Best wishes go to Mrs C Flewell who is in Lamont hospital for a speedy return of health.

Mrs V Purser was seen making the week end trip home. Hope the roads were not too rough or wet.

## The World of Wheat

By H. G. L. STRANGE
*Director "The Crop Testing Plan"*

A WARNING:

We have been reminded, this spring, of what drought and excessively high winds can do to our prairie top soil.

Our neighbors to the south have not been so fortunate. Here more than 19 per cent of the total winter wheat acreage planted has now been classified as "abandoned or diverted to uses other than grain" following the return of "dustbowl" conditions reminiscent of the 30's.

One of the reasons for such a high abandonment is the fact that encouraged by a guaranteed price support and aided by greater mechanization, many operators have brought under the plough vast tracts of sub-marginal land.

That some sub-marginal land is still being planted to wheat in Western Canada there can be no doubt, but largely as a result of the P.F.R.A. and the various soil conservation and regrassing programs which have been conducted with such success for some years, the dangers in this respect have been considerably lessened.

It is to be hoped that the seeds of sound farming practice now successfully planted in the West, will continue to take root and that our prairie farmers may avoid the inevitable dangers associated with the cultivation of light and normally unproductive land.

## Former Vermilion Girl Married In Edmonton

Banked with spring flowers the altar of St. Patrick's church, Edmonton, formed an attractive background for the recent evening wedding of Miss Shirley Ann Mullan and Mr Harry Walker Poole.

Rev. E. Donahoe performed the double - ring ceremony for the daughter of Mrs. F. J. Mullan and the son of Mr. and Mrs. F. W. Poole, all of Edmonton.

Mr. Dennis Mullan gave his sister in marriage. For her nuptials she chose a ballerina-length gown of white nylon net over satin with lace bolero styled with Peter Pan collar and lily point sleeves. She wore a coronet of seed pearls and carried a bouquet of red roses and lily of the valley.

Miss Ruth Barnes and Miss Mary Poole were bridesmaids and little Miss Virginia Lee Wright was the flower girl. The bridal attendants wore gowns of nylon net over taffeta and matching head-dresses in shades of ice blue, pale orchid and yellow. Pink carnations formed the bridesmaids' bouquets and the flower girl carried a nosegay of yellow roses and sweet peas.

Mr Denis McGettigan and Mr. Gerald Mullan attended the groom and ushers were Mr. Stanley Poole and Mr Frank Poole.

At a reception for 175 guests in the Frontiersmen's hall, Mr. E. P. Mullan, grandfather of the bride, proposed the bridal toast.

As she received her guests, the bride's mother wore a powder blue afternoon gown complemented with navy accessories and a corsage of red roses.

The groom's mother wore a gown of mauve crepe and lace with matching accessories. Her corsage was of pink roses.

Guests from out of town at the wedding included Mr. E. P. Mullan, Mr. Charles Mullan and Mrs. P. Donaghy of Vermilion, and Mrs. W. Steel, Sylvia and Margaret of Tolland district.

For a wedding trip to Banff, the bride donned an ice blue suit with white accessories and a corsage of gardenias.

Mr. and Mrs. Poole will reside in Edmonton.

—Edmonton Journal.

The bride formerly lived in the King Edward district, about twelve miles north of Vermilion.

BIG TIRES

$300 for one tire for the average car? It sounds fantastic. Yet, says The Financial Post, that would have been a bargain price in the early days of motoring. The first tires, Goodyear's R.C. Berkinshaw points out, cost the consumer $10 per 1000 miles of travel. The present tires lasting 30,000 miles would therefore be worth $300. And that's only part of the story. Even up to 25 years ago one could not expect to drive 100 miles without a flat. That sort of trouble is almost entirely eliminated today.

HOW TO MAKE
## summer meals
GOOD FOR THE FAMILY
EASY ON THE COOK

Hot weather meals are usually light, cool and quickly prepared. That's fine, as long as they're nourishing! Serve your family plenty of dairy foods—milk, cheese, ice cream and so on. They are an abundant and inexpensive source of protein that builds and repairs body tissue; calcium, the tooth and bone builder; Vitamin A; and thiamine for healthy nerves.

SANDWICH
Butter enriched bread, and sandwich in your choice of Canadian cheddar cheese or creamy cheese fillings.

SALAD
Cool cottage cheese. Right with all fruit or vegetable combinations.

DESSERT
Watch your dealer's freezer for new flavours and old favourites. Ice cream is good, and good for you.

# Strength... Stamina... Lower Cost!

A General Motors Value

# Chevrolet Trucks
*do More Work per Day... More Work per Dollar!*

Chevrolet's great, valve-in-head engines produce new power for hauling goods, or for speeding deliveries—and they do it at less cost per load and per mile. But these thrifty, high-compression engines are just the start of the powerful Chevrolet story! Visit your Chevrolet dealer and talk over the many money-making reasons for using trouble-free Chevrolet trucks in your business. You'll get the full story of Chevrolet's new strength, new stamina, new economy plus all these big new benefits, too—

New Comfortmaster Cab: Offers new comfort, safety and convenience. New one-piece curved windshield provides extra visibility.

New Ride Control Seat:* Seat cushion and back move as a unit to eliminate back-rubbing. It "floats" you over rough roads with ease.

New Automatic Transmission:* Proved truck Hydra-Matic is offered not only on ½- and ¾-ton trucks, but on 1-ton models, too!

New Chassis Ruggedness: Heavier axle shafts in 2-ton models . . . newly designed clutches, and more rigid frames in all models.

New, Bigger Load Space: New pickup bodies have deeper sides, lower loading heights and are absolutely grain tight.

New Advance-Design Styling: New front-end is more massive in appearance. New parking lights show the full width of the truck.

*Optional at extra cost. Ride Control Seat is available on all cab models.

## Vermilion River M. D. Council Holds Two-Day Session

The following is a summary of the minutes of the meeting of M.D. of Vermilion River No. 71, held in the municipal office, Kitscoty, on May 11 and 12.

Present: Reeve A. Clarke, Crs. J. D. Stone, J. C. Wallington, P. McGuigan, J. H. Kelly, T. Belsheim and J. C. Anderson.

Minutes of the statutory meeting held in April were accepted as presented.

Accounts appproved by Finance committee were passed for payment.

Financial statement for month of April was accepted.

STREETS LIGHTS, DEWBERRY

Moved by Cr. Anderson that the Canadian Utilities be requested to instal three street lights in new block, Hamlet of Dewberry. Cd.

CO-TERMINUS BOUNDARY

Moved by Cr. Wallington that Council see no reason to change the former recommendation of the Co-terminus Boundary Commission and amended suggestions of the M.D. council and School Division. Carried

Moved by Cr. Anderson that permit to erect a frame house 14x18x8 on Lot 4, Blk. 8 in the hamlet of Dewberry be granted Mrs. Jos. Allen. Cd.

Moved by Cr. Wallington that a building permit be granted Pollard and Seaholm to erect a frame Body repair shop 24x26 on SW corner of NW 27-50-6. Cd.

Moved by Cr. Wallington that O Seaholm and Earl Pollard be recommended for a license to operate an auto body repair shop on S W corner of NW 27-50-6. Cd.

Moved by Cr. Kelly that proposed change of subdivision re Lot 1 Blk. 49 be approved. Cd.

Moved by Cr. Clarke that Blks. 35 and 36 Plan 2150AS, Greenwood subdivision, be cancelled and that the streets and lanes in the said plan, be closed, the whole to revert to its original status of acreage as part of NW 28-50-6. Cd

Moved by Cr. Belsheim that the resolution of March 9 concerning sale of NE 26-53-1 to C Dewar, be rescinded. Cd.

OTTAWA ELECTRIFICATION AREA

The Council gave its consent to a petition received from 13 residents of this M.D. in Townships 51-52 and Ranges 5-6, requesting the Council to approve of the construction of power transmission lines for the Ottawa Rural Electrification Association Ltd., along the highways, streets, lanes and avenues of the said townships and ranges, and further to consent to a permissive order being granted by the Board of Public Utility Commissioners of the province of Alberta in order that the petitioners may be served with electric energy.

Moved by Cr. Kelly that application by Canadian Utilities Ltd for proposed power line on Sec 25-50-2 be approved. Cd

Moved by Cr. Belsheim that Nurse E. Boyd be appointed an executive officer of the Local Board of Health, of the M.D. of Vermilion River, in the Tulliby Lake Nursing district. Cd

Moved by Cr. Wallington that J. D. McLean Jr. be appointed as assistant field supervisor at a salary of $200 per month plus 10c per mile for necessary travel. Cd.

The following by-laws carried: By-law No 722 to repeal by-law 719 concerning the leasing of certain tax recovery lands

By-law No 723 concerning sale of Sec 12-53-2; By-law 724 concerning sale of SE 31-50-4, By-law 727 concerning sale of NE 26-53-1, By-law No 728 concerning purchase of new No. 24 front single drum cable control; By-law 729 concerning sale of W½ and SE 14-55-2; By-law 730 concerning penalty for non-payment of taxes; By-law 731 concerning sale of Lots 3 and 4 Blk 2 in Streamstown, By-law 732 concerning leasing of the following T.R. lands NE 18-49-2 to E. Earl for $30 cash; NE 30-53-1 to H. A. Ford for $35 cash; W½ 30-55-1 to John Kay for $30 cash, S. E. 34-47-4 to Paul Poulsen for $45 cash, Pt. NW 28-50-6 to Geo. Lyons for $15 cash, given three readings and carried.

By-law No. 733 concerning leasing of the following T. R. lands NW 18-49-2 to E. Earl for ⅓ share of crop; SE 22-53-1 to O. Lowrie for ⅓ share of crop; NE 21-49-6 to G. Walker summerfallow in 1954 $125 cash in 1955 and $100 cash in 1956 given three readings and carried.

By-law No 734 concerning leasing of the following T. R. lands NW 18-54-4 to Fred Day for $80 cash, SE 18-54-4 to Fred Day for $60 cash; W½ 16-48-6 to Cliff Cruthers for $120 cash. By-law No 735 concerning leasing of the following T. R. lands NW 32-51-2 to J. H. Kipps for $35 cash, NE 17-55-1 to Rudi Isert for $35 cash and SE 20-55-1 for $40 cash. SW 35-50-1 to C. R. Buchanan for $15 cash, NW 4-46-1 to B. G. Anderson for $100 cash given 3 readings and carried.

By-law No 736 concerning sale of NE [illegible] carried.

KITSCOTY PARK

Moved by Cr. Wallington that Title to Pt. NE 12-[illegible] be revested in the name of the Village of Kitscoty [illegible] cancelled subject to approval of Minister of Municipal Affairs. Cd

[illegible]

## Annual June Survey

Farmers will soon receive the annual June farm survey schedule. These schedules are designed to measure changes in the seeded acreage and the numbers of livestock on farms since last year. These statistics when grouped together make it possible for statisticians to measure trends in production. Information which is important not only to farmers and farm organizations but to Canada as a whole as an exporter of farm products. The survey is conducted through the Dominion Bureau of Statistics with the Provincial Departments of Agriculture co-operating.

In Alberta this year a new method of conducting the farm survey will be tested reports R. E. English Statistician Alberta Dept. of Agriculture. The object is to reduce costs and improve the statistics sought. Fifty per cent of the farmers will be asked to complete the schedule containing questions on live stock and field crops as in the past. 25% the livestock schedule and the remaining 25% the field crops schedule.

The split schedule will make it easier for farmers to fill out and as a result the returns are likely to be more accurate. Should the test show this to be the case it is possible that the use of the long livestock and field crops schedule can be abandoned in the future.

The completed schedules are strictly confidential and by law can not be used for any purpose other than the compilation of [illegible] statistics. So to provide [illegible] necessary to our economy Mr. English urges farmers to complete the schedules they receive about June 1st and return them without delay to the Dominion Bureau of Statistics Ottawa.

THOSE WERE THE DAYS

**Nelson-Hill Hardware**
PHONE 21 — VERMILION

—*A HANDFUL OF DEATH:* Children and adults alike have been maimed or killed by playing with blasting caps similar to those illustrated above. There are two types both dangerous in the hands of the inexperienced. The electric blasting cap has a coil of wire attached to it. The other type is detonated by fire from a fuse. Made of aluminum or copper, blasting caps vary in length from one to five inches and are approximately one quarter of an inch in diameter. They may be mistaken for empty .22 cartridges, fire crackers or pencil holders. If found, they should not be touched. Police or other authorities should be notified immediately.

## Blasting Caps Can Kill

The boys thought the handful of pencil-shaped objects they picked up near a construction job and tossed into a fire were firecrackers. They stood around waiting for the explosion.

But what came wasn't the bang of firecrackers. It was a blast that sent splinters of metal and rock into the faces and bodies of the group. What they took for comparatively harmless firecrackers were actually blasting caps—useful in experienced hands but deadly when handled carelessly or improperly.

From now on many construction projects will be in full swing all across Canada. Explosives will be used for excavating work. Farmers will be blowing stumps, digging ditches and blasting boulders with dynamite. To detonate the dynamite they'll be using blasting caps. Some may be left around by careless persons and children will pick them up. Possible results, a blinded, maimed or dead child.

Blasting caps are small aluminum or copper cylinders about one-quarter of an inch in diameter and range from one to 5 inches in length. They are loaded with a powerful and sensitive explosive charge. There are two types. One has an open end and is fired by flame from a fuse. It is often mistaken for an empty .22 cartridge. The other type has two wires extending from one end and is fired by electrical current. It could be mistaken for a firecracker or a pencil holder. Either type, if struck with a hammer or rock or placed in a flame, may kill or injure anyone standing within 25 feet.

Parents, teachers and youth leaders are urged to remind children continually of the danger of blasting caps. If they find anything resembling the highly explosive metal cylinders they must not touch them but should report their findings immediately to police or other authorities.

## NEWS from KITSCOTY

Sgt. and Mrs. K. Tinney of Calgary spent the holiday week end visiting with the latter's mother, Mrs. R. M. Mathewson.

Mr. and Mrs. Alan Batty and family spent the week end at Two Hills, where they were guests at a cousin's wedding.

Mr. and Mrs. M. Sparrow and Danny spent the long week end in Edmonton.

Guests at the F. O. Seward home during the holiday week end were their son Rev. O. C. Seward, Mrs. Seward and little daughter from Bonnyville and Mr. Bob Seale from Breton.

Mrs. E. H. Sheppard spent several days last week in Vermilion visiting with her daughter Mrs. J. Parkin, Mr. Parkin and Teddy.

Mr. and Mrs. Fred Cooper and boys from Edmonton visited their son Ralph, Mrs. Cooper and family during the long week end.

Mrs. Alvin Cook and girls of Edmonton spent the long week end here visiting with Mr and Mrs. Lyle Cook.

Miss Marlene Quinn of Edmonton visited her parents during the holiday week end.

Mr. and Mrs. R. Raisbeck and family of Edmonton spent the holiday visiting with Mr and Mrs. Cliff Miller and other relatives.

Mr and Mrs. A. C. Linadell of Edmonton spent a few days last week at the home of Mr and Mrs. R. S. Pidcork and also visited with other relatives and friends.

Mrs. J. R. Fox, Mrs. M. Bors, Mrs. N. C. Browne and Mrs. T. F. Mason, all attended the Deanery meeting in the Anglican church at Vermilion last Friday.

Mr and Mrs. Wm. Govier and family of Edmonton spent the holiday week end with their parents, Mr and Mrs. A. W. Govier.

Mr Art Wynne left this week by air for a two week holiday at the west coast where he will visit with his parents and attend his sister June's wedding.

Mr William Airey an old timer of the Earlie district passed away at his home last week. He will be greatly missed by his many friends and neighbors. Mr. Ted Airey came from the west coast to attend his uncle's funeral.

Guests at the Alex Potter home for the long week end were Mr. and Mrs. Bob Potter and family, David Potter, Alex Potter Jr. and Miss Anne Packer, all of Edmonton and Mr and Mrs. Howard Lawrence of Paradise Valley.

Mr and Mrs. Wm. Tiger and family spent the long holiday at Loon Lake, Sask., and did a little fishing.

Mr and Mrs. Ralph Gray, accompanied by Mr and Mrs. Don Christie of Blackfoot, spent the holiday fishing at Moose Lake.

The railway ... on the ... end of all Canadian freight ... close to $20,000 to build.

*STOP COOKING*
**Serve Soups, Salads, Sandwiches**

Step right out of the kitchen, Ma'm, when the summer sun gets warm. Just stop cooking. And turn over your job to Soups, Salads and Sandwiches.

Living is easy with a kitchen well stocked for this kind of eating. Here's the way to equip your kitchen for meals that give you an all-summer vacation:

Soup: Have a shelf filled with cans of your favorites: Tomato, Asparagus, Cream of chicken, Chicken rice, Chicken gumbo, Vegetable, Clam chowder, Beef.

Sandwiches: Loaf of white bread and one other for variety (whole wheat, rye, or raisin). Peanut butter, cheese, cans of meat, tuna and salmon.

Salads: Cans of fruit (peaches, apricots, pineapple) and meat, tuna and salmon. Refrigerator staples of eggs, lettuce, cottage cheese.

Mix and match with this tempting trio. And you can dine pleasantly, easily on meals such as these:

PATIO PARTY
Asparagus or Vegetable Soup
Peach Cottage Cheese Salad
(Sprinkled with Toasted Nuts)
Tuna Sandwiches
Iced Tea

TEMPTING BUFFET
Clam Chowder or Soup with ...
... Sandwiches
Tomato Lettuce Salad
Chilled Melon

FRIENDLY FEAST
Chicken Rice Soup
or Chicken Gumbo
Toasted Club Sandwich (Cream Cheese, Cranberry, Jelly, Bacon)
Sliced Orange Salad Iced Tea

SHOP SCOOPS
Surprise Dad With Dinner: Father is "King of the Mansion" during Father's Day, so fix him a royal feature. Beef burgers that are jumbo-size will guarantee that the meal is a sure-fire success. Crown the burgers with rich beef gravy—Dad's choice anytime. You can use a can of the good gravy that's already to heat and serve. Dish up each plate with a sizzling burger, a scoop of golden corn, and parsley-buttered new potatoes. Fill individual wooden bowls with tossed salad. Pass the rich brown gravy for pour-on with burgers and potatoes. Later carry in the dessert—ice cream and luscious chocolate cake for the man of the house. If you use white frosting, you can spell out "D A D" with chocolate chips (and draw a heart around it).

LILAC TEA

The annual Lilac Tea and sale of home cooking under auspices of the Order of the Royal Purple will be held on Saturday June 5 in the Elks hall, from 3 to 5:30 p.m. The Handicraft Guild will also display their work. 45-6c

In the current year CBC will receive about $23 million from public sources, about two thirds of it from the special 15 per cent tax on radio and television sets and parts.

# News Notes From Your District Home Economist

WHEN YOU BUY YOUR SEWING MACHINE

Part of your decision should be made at home before looking at different makes of machines.

The first point to settle is the kind of sewing for which you are buying the machine. Many homemakers use their machines only for occasional plain sewing, for patching, mending or darning, or for the making of simple garments. For this work the straight sewing machine is satisfactory. This type may be preferred by the woman whose chief interest is fine dressmaking and tailoring and who has little use for machine-made decorative effects.

The more versatile swing-needle or zig-zag type machines that have recently come into use are designed to handle a wider range in stitch styles and such specialty sewing as decorative stitching and embroidery; the making of home furnishings, place mats, and napkins; and seam finishing and buttonholes. These machines, in part, do the job intended for the attachments that can be bought for the straight sewing machines — and which are so seldom used. Your decision here is whether the specialty job will be done often enough to warrant the added cost.

TEACH YOUR CHILD PROPER FEEDING HABITS

Never FORCE a child to eat. To insist upon a child eating something he obviously dislikes is a sure way of provoking an obstinate feeding problem. To feed such a child forcibly is inviting trouble. Children, like adults, don't always want the same amount of food every day. Nor do they like being served the same food, prepared the same way, day in and day out. If your child spurns beans and carrots, substitute peas, greens, beets, or squash, offering every now and then small portions of beans or carrots along with them. And there are many ways of serving those carrots — shredded, cut in ribbons, diced or offered whole; they may be boiled, steamed or in a thin milk sauce. A sprinkle of salt could mean the difference between smiles and pouts. Milk refused from the cup may be acceptable in the form of soups or milk puddings.

As your child's interest in things about him increases, so does his interest in food become more critical. Attractive dishes and cups always help a meal. Variety in foods, and in their preparation, stimulates appetite.

So if your child doesn't finish his milk or refuses some portion of the solid foods on his plate, avoid playing the role of the overzealous, ardent parent who runs the gamut from pleas and bribes to threats and force. Such a child quickly learns that to refuse food makes him the centre of attraction, the star actor in a melodrama of frayed nerves. He'll seek many, many repeat performances!

For more information write for the pamphlet "Feeding Habits" and the booklet "Feeding the Pre-School Child".

INFORMATION

For information on Measuring Hints, Equivalent Substitutions, Thickening and Jellying Agents, Purchasing Guide for Common Foods and Cookery Methods and Terms, write for the very useful booklet "Tips on Food Preparation".

## PARADISE VALLEY NEWS

We regret to hear that Mrs. L. Warren is a patient in the Lloydminster hospital. A speedy recovery is the wish of her many friends.

The Valley Maids C.G.I.T. meeting of May 12 was held in the United church basement. Fifteen girls were present. The devotional taken from the Psalms, was led by Joan Richardson. Mrs. Davidson spoke on 'How to worship in the church.' Mrs. Gunn read a letter to us received from Miss Holms concerning our Achievement day on May 20. We then discussed our plans for that day. We also practised the song we were to sing. The next meeting will be held on May 26. Carol Richardson moved the adjournment and Margaret and Grace served lunch.

Mrs. J. Mitchell of Lloydminster is visiting with her sister Mrs. Chas. Beckett for a few weeks.

During the recent Red Cross drive in Paradise Valley and district the sum of $162.20 was subscribed. This is well below the quota for this district and away down from last year.

Mr and Mrs Fred McAmmond and granddaughter of Calgary are visiting Mr. McAmmond and mother Mrs. John McAmmond in town.

Mr. and Mrs. Roy Geddes and Buddy of Oliver, B.C., arrived in town on Thursday and are visiting with Mrs. Geddes' parents Mr. and Mrs. R. Smith. It is quite a few years since Mr. and Mrs. Geddes left these parts for B.C.

C. G. I. T. ACHIEVEMENT DAY

The Valley Maids C.G.I.T. held the Achievement day for their 4-H Cooking project on Thursday May 20 in the United church basement. The judges were Miss Lewis nutrition expert specialist from the Dept of Agriculture and Miss Shirley Holms our District Economist from Wainwright. The display of cooking and sewing was quite good. It was judged in the afternoon. After school a program was held with a number of visitors present. Grace Stoddart acted as chairman. The program was opened by singing 'O Canada', the girls Purpose was repeated and 'Follow the Gleam' was sung by the group. Lois Stoddart led the girls in the 4-H pledge and 'I'm Looking Over a Four Leaf Clover'. The demonstrations given were 'Correct Measuring' by Margaret Wolf and Helen Krawchuk. 'The Muffin Method' by Carol Richardson and Shirley Wiley. 'Canada's Food Rules' by Grace Stoddart and Violet Teasdale. 'Improper and Proper Table Etiquette' by Sharon Walter, Gloria Baxter and Barbara McDonald. 'Table Setting' by Joan Richardson. Miss Holms and Miss Lewis were then asked to speak. They commented on the display and the demonstrations. The prizes given were: Cakes 1st Gloria Elliot, 2. Margaret Wolf, 3. Carol Richardson. Muffins 1. Sharon Walter, 2. Barbara McDonald, 3. Helen Krawchuk. Biscuits 1. Sharon Walter, 2. Shirley Wiley, 3. Carol Richardson. Project Books 1. Grace Stoddart, 2. Joan Richardson, 3. Carol Richardson. The efficiency winners will be chosen later. The winners were congratulated and a buffet style supper served. The day closed with the singing of 'God Save the Queen'.

On May 27 the Explorers under the leadership of Mrs Paulgaard held a sale of home cooking in Mr Matheson's store which proved very successful.

The weather? Need we say anything about it? Rain and still more rain. Usually at this time of the year we are praying for rain but not so this year. Sunshine is what we need. Crops are late as quite a few have not their wheat all seeded as yet. The roads ... well they are a mess and the highway is getting badly washboarded which does not add to the joy of travelling.

USING MORE POWER

Primary power consumption in Canada has been showing strength although total power production is down slightly seasonally. The primary power consumption explains The Financial Post is an important business indicator.

Wages in the Canadian knitting industry are today three times what they were in 1939.

**That'll be a million dollars please**

Imperial's shopping bill is more than 1 million a week ...that's what we spend in Canada just for everyday needs. It doesn't include crude oil, which alone runs to $4½ million a week! Nor does it include wages, salaries or taxes.

What do we buy? Everything ... from soup (to feed geological parties) ... to nuts (to fit a few million bolts) derricks, dynamite and diesels and even catalytic cracking units (cat crackers they're called) to make those better gasolines.

We buy things from 6,000 Canadian firms from coast to coast. Shopping on this scale creates a lot of work for a lot of people... right across Canada.

# WOODVALE NOTES

Sorry folks that we have been so slack in reporting any local news, but we had to catch up on some housecleaning and gardening after our return from B.C. Spring was late there too and so we witnessed two spring arrivals this year. The day we left for Abbotsford our friend and neighbor for thirty years, Mrs. Laura Green, who lives there now, left for Vermilion and we were certainly glad to find her still here on our return. She is staying with Mr. and Mrs. Wes Isley for a few weeks and is visiting her friends in the Woodvale and Tolland areas. Bert Portsmith came back earlier this month from Ontario and thinks it's very nice to be back home again. A feeling most travellers seem to have even after a pleasant journey. We were surprised to find no land work done west and east of Edmonton the land being too wet, until this side of Innisfree and most land sown around Vermilion. The rain here and the warm weather has proved very beneficial for the early crops, wheat showing well above ground a week ago and this second rain will be just as good to get the later crops started while it did not interfere with the big sports day in town.

We wonder what is the reason for so many gulls this year. The sloughs around here are full of them and they wake one up early in the morning with their screeching — we'd rather listen to the sweet songs of the robins and the warblers!

We hear that Bill Steele who lives too far away from any of the hydro electric lines will have gas piped into his house, so there will be very few farmers left in these parts without modern conveniences.

Dorothy Isley has been helping at the Tolland store, at Hugh Pierman's and now at Mrs. L. Klashinsky's with the spring housecleaning. We wish there were more girls like her around nowadays.

Wendy and Bernard Walkermeier of Glendon are staying with their aunt Mrs. Gordon Portsmith until they can go home to admire a new baby sister or brother.

More new bungalow houses are being built around here every year. Now one is being erected on Roger Watt's farm for his father Mr. Tom Watt.

Farmers always have quite a time removing wild oats from their grain but was Reggie Proctor ever surprised when the doctor removed one from his ear!

Mr and Mrs J Hohol and Mr and Mrs. Van Wageningen were among the guests at the party given for Mr. and Mrs. R. Feenstra of Clandonald in celebration of their 35th wedding anniversary.

Mr. and Mrs. J. Connauton of Edmonton were visitors at our home on the 24th. Jack who lived in the Woodvale district until 1930 and now owns an electrical shop in the city, was quite interested in all the changes that had taken place around here since he left. His mother went to Sudbury Ont. in March to be with her daughter Mrs. Marjorie Potvin who lost her husband in January last and to whom a little daughter was born last April. Friends of Marjorie here will be sorry to learn of this sad news.

Mr. McCorkle is our new student minister for the summer. Services will be held at Ganton school every Sunday at 11 a.m. and at Wildwood at 3 p.m. Unfortunately Mr. McCorkle got lost the first Sunday and did not arrive in time at the Ganton school where a large congregation was waiting. This last Sunday roads were no good, but we wish him every success in this work the rest of the summer. Occasional services will be held at Watson school, dates to be announced later.

Mrs. A. McQuid, Mrs. R. McQuid, Mrs. O. Wolters and Mrs. M. Watson attended the cooking demonstration held at Wildwood school on the 19th and report a very interesting afternoon and booklets full of new recipes.

## Clandonald Sports Wednesday, June 9

Clandonald will hold their annual sports on Wednesday June 9 when a fine program is highlighted by a senior baseball tournament with prizes of $100, $50 and $25.

Ladies open softball has $25 for first and $15 for second prize.

For the horseshoes 1st and 2nd prizes of $5 and $2.50 will be given.

A goodly program of children's races with generous prizes is also on the list of athletic entertainment and a grand dance at night winds up the big day. 48-8c

## Canadian Nurses To Meet At Banff

Issues having an important bearing on Canadian health are expected to provoke discussions of national interest when delegates of the 35,000 member Canadian Nurses' Association convene at Banff, Alberta, from June 7 to 11.

Some of the profession's key problems including nursing education, psychiatric nursing and teamwork among the various branches of nursing service will be discussed at the Biennial Convention which is the 27th in C. N. A. history. It will draw prominent figures from nursing, health, medicine and hospital circles across the country.

In the opening address at Banff, Health Minister Paul Martin will keynote the Convention theme, "Pathways to the Future". And with the future in mind, Canadian nurses will go on to discuss the relation of their profession to the various health and social security programs which are developing in this country.

Interest in the Convention has mounted recently as a result of the announcement that the Association membership will be swelled through the addition of the Association of Registered Nurses of Newfoundland. It is the first time nurses in the tenth province have been officially linked with Canada's largest women's profession. For Newfoundland, the new link will also mean affiliation with the International Council of Nurses, a world-wide organization.

MENTAL HEALTH RATES HIGH

With 50% of all hospital bed patients in Canada described as psychiatric cases, the problem of finding enough psychiatric nurses still poses a knotty problem for the profession. With this in mind, the C. N. A.'s Educational Policy Committee is holding a symposium on "Pathways to the Future in Psychiatric Nursing". Dr. C. A. Roberts, Director, Division of Mental Health, Department of National Health and Welfare, will speak on "Mental Health Problems in Canada". Other participants in this discussion will come from mental hospitals in Ontario, British Columbia and Manitoba.

Two unique features of the Convention will be a "Trading Post" where nurses can exchange ideas on nursing techniques, and a dramatic presentation of teamwork amongst the various nursing services.

The many nurses who are expected to attend the five-day proceedings will tour the scenic environs of Banff. Others will take post-convention trips to Hawaii, Alaska and the Great Lakes. Nurses will travel to the Convention on special trains from Montreal, Toronto and Vancouver. A number of student nurses will also attend thanks to the fund-raising efforts of their sister students in nursing schools across the country.

Chairman of the 1954 Convention is Helen G. McArthur, Toronto, who is President of the C. N. A.

Attending from Vermilion will be Mrs. M. Collins.

THIS YEAR **ALBERTA** the "Princess Province" Can Expect More Visitors than ever before.

Be ready for them. Be helpful and friendly! Encourage them to stay longer in your community. As a matter of personal pride and civic interest, keep your premises clean and attractive. Be sure roadside services are adequate!

*Tourists Pay Their Way*

From the moment they arrive, with every meal they eat, with every bed cover they turn down, with every wheel they turn and every purchase they make, tourists pay taxes of one kind or another, adding to our income, and yet entering into no competition with our labor.

*Everyone Benefits*

Food producers — the farmers and processors, the manufacturers and retailers, hotels, auto camps, service stations, transportation companies and many other dispensers of goods and services — all benefit from the tourist industry. More than thirty million dollars was spent in Alberta by tourists last year.

Treat them royally, so they will always remember Alberta.

*Courtesy Pays*

Take time to be pleasant. Visitors will put up with or overlook many inconveniences if they receive courteous treatment. Remember, it's not WHAT you do for visitors—but HOW you do it!

## CHUCK WAGON RACES PROMISE GREAT ENTERTAINMENT

Not since the days of the Queenie Creek stampede which in its time was one of the best in the province, has anything in the rodeo line been presented in Vermilion. On Saturday June 19th and Monday June 21st the Vermilion Curling Club has arranged two bang up evenings of entertainment along rodeo lines. Chief attractions will be chuck wagon races which have proved so popular at Calgary Stampedes, supported by a chariot race each evening, and the appearance of the Dewar Sisters, trick and fancy riders from the bar X ranch at Hoosier, Sask.

It is confidently expected that from 12 to 16 chuck wagon outfits will come here for the prize money of $1500.00 as this is the biggest purse in the province with the exception of two big cities, Calgary and Edmonton. With 1500 bucks dangled before their eyes the chuck wagon boys will be here in strength, although some people claim that most of the outfits are right in there for the fun and excitement afforded.

The program gets away to a start at 5 p.m. Saturday June 19 with a parade with all chuck wagons and outriders taking part. This is headed by Lois and Claire Dewar on their showy spirited horses. The race program gets underway at 7 p.m. at the fair grounds each evening.

The entertainment planned is new for Vermilion and should provide the opportunity for thousands of people to see Chuck Wagon and Chariot races. It is being sponsored by the Curling club with Marshal Jackson as race manager, and proceeds earmarked for the building fund of the curling club. See the big display ad for full particulars.

## Ladies' Choral Group Present Pleasing Concert Here

A leading feature of the concert presented by the Vermilion Ladies Choral group at the Columbia theatre Sunday evening last week was the first rendition of two numbers the composition and setting to music of which were by Mr. W. B. Elford. The first "Forget all Your Cares in a Song" was by the choral group and the second, an Easter Anthem "Christ is Risen" by Mrs. Barbara Hill as soloist. These numbers were particularly well received. Another item of much interest was the first appearance in public of James (Jimmy) McGaughey as a pianist when he rendered "Sonata in C Minor" (1st movement) by the great composer Beethoven. Jimmy was given an encore to which he responded. His performance at the piano showed a delicate, accurate touch in what is accepted as a difficult composition. The young musician shows great promise.

A monologue "Mike" by Mrs. Rae Curtis was also a new introduction in the concerts of this group. Mrs. Curtis cleverly portrayed her subjects and had no difficulty in switching voices. The number was well received, as was the solo "The Rose of Tralee" by Miss Frances Toner, who has a pleasing and appealing voice. The duet "Neapolitan Nights" by Mrs. Madelon Edey and Mrs. E. Koehli was equally well received, harmonizing in this rendition being excellent.

The performance of the choral group as a whole showed material progress over previous concerts in that there was a more perfect blending of voices, a better harmony evident throughout. The performance drew hearty appreciation from a large audience. W. B. Elford was director and choirmaster.

## Attend Knights of Columbus Initiation

Knights of Columbus initiation was held at Lloydminster for new members from Vermilion, Wainwright, Clandonald and Derwent. A caravan of some 20 cars left Vermilion Sunday morning for the event at the Border town. Prior to leaving Vermilion Mass was attended at 8 a.m. for 60 members and candidates. This was followed by a communion breakfast.

Following the initiation a banquet was held at Lloydminster which was attended by approximately 300 Knights and wives.

The Vermilion sub-council of the Knights of Columbus is expected to be raised to the status of a full council within the next few months. A special meeting of the sub-council will be held on Thursday, June 24.

## Remaining Games In Softball Schedule

The following is the schedule for the remaining games in the softball league:

June 13 — All Stars at Kinsmen; Island Hill at Pleasant Valley (double header).

June 16 — Pleasant Valley at All Stars; Kinsmen at Island Hill.

June 20 — Island Hill at Kinsmen; All Stars at Pleasant Valley.

June 27 — Play-offs.

## Vermilion Student Given Leadership Award

STEWART COOPER

Two young Albertans, one girl and one boy, will represent this province at the Ontario Youth Leadership course conducted under the auspices of the Ontario Department of Education this summer.

Hon. A. O. Aalborg, Alberta's minister of education, announced on Thursday last week that the two are Mary Charlotte Whittaker of Calgary, and Stewart Ashley Cooper of Vermilion. Both are grade 11 students. The leadership course for girls will be from July 16 to 30, and the one for boys Aug. 3-16. Venue is at Longford Mills, Lake Couchiching, Ontario, located 90 miles north of Toronto.

Aims of the course are: Through the medium of athletic and camp activities, to develop and improve the students' organizing ability; leadership skills; athletic and training skills, to develop a continuing sense of responsibility, co-operation, confidence and personal integrity.

Selection of the Alberta representatives was based on athletic ability as the nominee must have demonstrated above average ability in intramural or interscholastic athletics, academic standing, the student selected must at present be in grade 11 and the age of 16 years before July 1 1954.

Choice of the Alberta students was made by the deputy minister of education for Alberta, Dr. Swift and his committee and every high school principal in the province was invited to nominate a boy or girl for the course.

Stewart, son of Mr. and Mrs. Ashley H. Cooper, received the following letter from Dr. Swift:

Dear Stewart:

"I am pleased to inform you that you have been chosen as the Alberta High School representative to attend the Youth Leadership Training course for boys which will be held at Longford Mills, Lake Couchiching, Ontario, from August 3 to August 16.

You were nominated as a candidate for selection as the Alberta representative by your principal, Mr James B. Bell. The course was announced by the Canadian Education Association. It is being conducted under the auspices of the Ontario Department of Education. The attendance of representatives of Alberta and provinces other than Ontario is being sponsored by McCormick's Limited, Biscuit and Confectionery manufacturers, London.

The location of the camp is approximately ninety miles north of Toronto. It is accessible by railway and automobile. The campers live in permanent cabins. Swimming facilities are excellent as are food and other services. There is an instructional staff of ten, a maintenance staff of four with a nurse in attendance and a doctor on call.

This is a high honor, and I congratulate you, first on your nomination, and second on your selection as the boy to represent Alberta.

Yours very truly,
W. H. Swift,
Deputy Minister of Education.

## Farmers' Meeting To Discuss Marketing Boards

A mass meeting of farmers, called by the Alberta Federation of Agriculture, will be held in the Elks hall, Vermilion, on Friday evening, June 18 at 8 p.m. at which Roy Marler, President of the A.F.A. and Karl Kapler, President of the Alberta Poultry Producers will speak on "Producer Marketing Board and Related Legislation".

After the talks there will be a period for discussion. It is expected that Mr. W. R. Cornish, M.L.A., will also be present.

It is hoped that all farmers and others interested in the marketing and price of farm products will attend this meeting.

A similar meeting is scheduled for Kitscoty hall on Thursday, June 17, at 8 p.m.

### Elected Vice-President

J. R. Boake was elected vice-president of the Albert Pharmaceutical Association at the convention which was held in Edmonton Monday and Tuesday this week.

## Canadian Club To Hear Dr. Johns

The annual meeting of the Canadian club will be held in the junior high school on Monday June 14 commencing at 8:15 p.m. The guest speaker on this occasion will be Dr. Johns of the U. of A. His topic will be Education.

This will also be the annual meeting of the club and officers for the ensuing year will be elected.

## Announcement By Cancer Society

The local branch of the Cancer Society has received with regret the resignation of Mrs. M. P. Dixon as collector of memorial donations to the Cancer fund. This has been caused by pressure of business. The local committee wish to extend their thanks to Mrs. Dixon and her staff for the amount of work done in this regard, and for a job well done.

The committee has been fortunate in having Miss Betty Dow of the Mitchell Agencies consent to carry on this important work. In future all donations may be left at the office of Mitchell Agencies, or phone 35, where Miss Dow will be pleased to receive any such donations.

Please note that receipts cannot be issued until monies are paid in but cards of acknowledgment can be sent where necessary and the money paid in later when official receipt will be issued.

## Farewell Minister And Family At Kitscoty

KITSCOTY. — On May 26 about fifty parishioners and friends of St. Gregory's Mission, Marwayne, Kitscoty, Blackfoot spent a pleasant social evening in the Tracy Memorial hall to bid farewell to the Rev. and Mrs. O. J. Woeller who left last week with their children to reside in Hamilton, Ont.

Presentations on behalf of the parishes and the Kitscoty branch of the Canadian Legion were made by Mr. H. Stokes and Mr. Jas. McCorry respectively. Rev. Woeller introduced his successor the Rev. A. Potter to those present. The community extends best wishes to the newcomers for happiness and success in their new home and work.

## Two Air Cadets Win Flying Scholarships

Two Vermilion Air Cadets have won awards given by the Air Cadet League of Canada, according to an announcement on Tuesday by the League.

Gordon Robert Scott and Ronald Jerome Inman are among 29 Alberta air cadets whose achievements in cadet work have won them flying scholarships. They will be entitled to 30 hours of flying instructions at the nearest member-club of the Royal Canadian Flying Clubs Association.

It is not the first year such an award has been won by a Vermilion air cadet. Last year G. E. Lyons was honored for his cadet record and in 1952 Ken Caron and Henry Simonson won similar distinctions.

Flight Lieutenant Stan Manyluk is the Commanding Officer of Vermilion Squadron, with F.O. Bert Moore as Adjutant. Special instruction was given during the year by G. W. Sutherland and Ken stone.

It is interesting to note that the two Vermilion boys will be trained by M. A. Fallow, manager of the Edmonton Flying club and former Vermilion man himself. Another factor reflecting favorably on the leadership and training given the Vermilion cadets is that while only sixteen qualified for the special scholarship courses from central and northern Alberta, two of them were from this squadron.

## Air Cadets Add To Laurels in 1954

No. 97 Squadron, Vermilion Air Cadets, have added to their laurels in 1954, keeping up the enviable record set by the squadron in previous years. They have done this in a variety of fields.

The annual inspection of the Squadron for the third consecutive year was held indoors due to rain. The inspecting party was comprised of Squadron Leader Stann and Mr. Wilkins of the air cadet league, both from Edmonton.

In addressing the air cadets both Sqdn. Ldr. Stann and Mr. Wilkins praised the Vermilion squadron for their smart appearance and for the large number on parade.

PRESENTS AWARDS

Sqdn. Ldr. Stann presented awards achieved in the D. C. R. A. rifle competition which is open to all air cadet squadrons in Canada. The following cadets won awards: Cpl. Frissell won the crest for the highest score in his unit; Sgt. Kuzek, Cpl. Cooper, LAC Scarfe and LAC Roscoe won the award of first class marksmen.

The Vermilion squadron's average in the rifle competition was 94 out of a possible 100. It is safe to say that this score is among the top five of Alberta.

Besides those going to Air Cadet camp at Abbotsford twelve cadets will take the Reserve Trades Training plan at Edmonton. This consists of a two months summer course in various trades.

Two cadets, Gordon Scott and Ronald Inman, have won the coveted flying scholarships and will take this course at the Edmonton Flying club, Edmonton.

## Rowe & Sons Open New Body Shop

Rowe and Sons opened their fine new body shop this week and through the advertising columns of the Standard are inviting the general public to call and inspect the new building.

Of cement block construction, size 50 by 60 feet, the fine building is a distinct acquisition to the business section of Vermilion. It allows ample room for every phase of body work under well lighted roomy conditions and with fine facilities to turn out first class jobs. Call in and look it over.

## SCHOOL TRACK MEET CANCELLED

As the Vermilion School Division track meet held at Kitscoty had been cancelled on May 28 it was scheduled to be held on June 4.

At 9 o'clock last Friday morning a school bus carrying 40 enthusiastic high school students including two ball teams, track members, and spectators left for the track meet at Kitscoty. Although heavy clouds were overhead track competition was partly finished and ball games about to begin before the disappointed V.H.S. members were eventually rained out. About 1:30 the bus pulled out for home, all sports cancelled!

TRACK WINNERS

Hazel Barr 1st in girls' 16 and under broad jump.

Joan Kibblewhite 3rd in girls' 16 and under running broad jump.

Brent Long 2nd in boys 16 and under hop, step and jump.

Brent Long 3rd in boys 16 and under high jump.

Brent Long 3rd in boys 16 and under running broad jump.

Henry Wilson 3rd in boys 16 and under standing broad.

Stewart Cooper 1st in boys 16 and under running broad.

Stewart Cooper 1st in boys 16 and under hop, step and jump.

Bob Barr 1st in boys 17 and over shot put.

Peter Kupin 2nd in boys 17 and over standing broad.

Peter Kupin 3rd in boys 17 and over shot put.

Gordon Scott 1st in boys 17 and over running broad.

COMMERCIAL AWARDS

Underwood Progress Certificate (40 words per minute in typing): Sue Carmichael, Anne Martin, Janet Wilson.

Underwood Progress Certificate (50 words per minute in typing): Anne Martin.

## OFFICIAL OPENING OF VERMILION RIVER PARK WEDNESDAY, JUNE 30

The official opening of the Vermilion River Provincial park will take place on Wednesday, June 30. The Hon. Ivan Casey, Minister of Public Works, will be present to officiate at the formal opening ceremony. Other government departments and officials will be present as well as representatives from Canadian Utilities, Canadian National, and Ducks Unlimited. It is hoped that there will be members of Chambers of Commerce from all surrounding towns as well as civic representatives.

In addition to the official ceremony there will be a full afternoon's program of swimming and boating races, and special demonstrations by members of the Red Cross Safety team from Edmonton. Several boats will be available to take people on trips up the lake to the west so that the full beauty of the area can be seen. Concessions will be in operation all day and all persons are urged to plan a family picnic for the day.

Vermilion River provincial park is something which we can and we should be very proud and we should not hesitate to let the entire area know of our achievement. This has been the result of a vast amount of hard work done by local men and groups with complete co-operation of the provincial government and the municipal governing bodies.

Considerable work has been accomplished at the park already this year. This includes the building of the new 100 foot pier for the docking of boats, and the building of some four miles of new and scenic roadway on both sides of the lake. Parents should take note that the water is fairly deep off the end of the boat pier and small children should not be allowed to go out on this alone.

Further information regarding the opening will be given next week in your Standard so check these columns, listen to the radio, then plan to attend the park opening on Wednesday, June 30th.

## Oat Quota Increased To Three Bushels

The Canadian Wheat board on Thursday announced an immediate supplementary quota of three bushels of oats per seeded acre.

## St. Paul To Play Ball Here Wed., June 16

St. Paul baseball team will play a regular league fixture in Vermilion next Wednesday June 16th. The game will start at 6:30 p.m. and be the first appearance of the snappy St. Paul nine here this year, indeed for some time.

Vermilion goes to St. Paul on Sunday weather permitting.

## Death of Mr. Chris Haskell of Riverton

There passed away in the Islay hospital on June 7 a well known farmer of the Riverton district, Mr. Chris Haskell at the age of 72 years. Funeral services are being held on Thursday June 10 at 2:00 o'clock in the Riverton hall. Interment will be in the Dewberry cemetery. Moyers have charge of arrangements.

Left to mourn his passing are his sorrowing wife, four sons, Chris and Raymond of Dewberry, Maynard of Forest Grove, B.C., and Elmer in Denmark; seven daughters Mrs. A. T. Hines, Marwayne; Mrs. Wm. Holman, Dewberry; Mrs. Dave Thompson, Lindbergh; Mrs. Art Isert, Port Coquitlam, B.C.; Mrs. W. Nish, Eastbend, Sask.; Mrs. Cecil Sinclair, Hazeldine, Mrs. Gordon Hancock, Marwayne, also a brother and sister in Denmark.

## Dist. Students Win University Awards

Three Vermilion district students are mentioned in the undergraduate awards list of the University of Alberta issued last week.

All were awarded first class standing prizes. They were T. E. Webb of Mannville, second year student in an honors course of the faculty of arts and sciences; F. D. Otto, also of Mannville, first year engineering student and J. W. Waterfield of Kitscoty, also a first year engineering student.

Vermilion School Division Board Meeting

## Teachers' Salary Schedule Decided And New Teachers Appointed

A meeting of the Divisional Board of the Vermilion School Division No. 25 was held at the Divisional office on Wednesday June 2 with Chairman R. C. Mead and trustees Ashley H. Cooper, Thos. Clutterbuck, Lloyd Brown, D. C. McGrath and Arthur Clark present.

Spencer S.D.: Mr. Clutterbuck reported on sale of Spencer school to Lloydminster Branch of the Canadian Legion for sum of $100. Board approved sale.

By-law No 8: Board passed By-law No. 8 requesting permission of Public Utility Commissioners to borrow the sum of $42,000 to finance [illegible] of 8-room school at Marwayne.

Banking Resolution: The Board passed resolution authorizing loan of $10,000 from Bank of Commerce [illegible] to be approved by Board of Public Utility Commissioners.

Paradise Valley S.D.: It was decided to request Dept. of Education to make provision for constitution of [illegible] board of trustees for Paradise Valley S.D. in accordance with Sec. [illegible] of School Act.

Salary Schedule 1954-55: Messrs. [illegible] Richardson, Welsh, Metcalf and Miss Gwen Dunsmore attended the meeting to discuss the salary schedule for 1954-55.

Agreement was reached on a basic salary of $2100 for teachers with one year of training with increments for experience to a total of $[illegible]. All other clauses of present salary schedule remain in effect.

Leave of Absence: Leave of absence from June 28 to June 30 was granted to Mr. J. A. Smith, principal at Kitscoty high school.

Sale of Bonds: Board approved sale of bonds in sums of $500 and $[illegible] at maturity to finance current building program.

Bus Conveyance & Track Meets: It was decided to pay for regular run only on track meet days and not for travel between school points and track meet point. Secretary was instructed to obtain opinion on liability of Divisional Board for pupils carried by private parties in self owned vehicles.

Steam Heat Vermilion High school: Board approved awarding of contract for conversion of steam heat system at Vermilion high school in amount of $3,280.

Wells: Secretary reported on a new well at Preston school with next well to be drilled at Woodvale school, this to be followed by wells at McLaughlin, Rivercourse and Marwayne.

Administrative Short Course: The Board authorized chairman and the secretary to attend short course in administration to be held in Banff June 7 to 10.

Marwayne Centralization: Mr. Simonson and Mr. Brown were delegated to make a survey of a proposed bus route before making a decision on closing of Stretton and Silver Willow schools.

Co-Terminous Boundary: Letter from Commission office asked for opinion on inclusion of Buffalo Coulee Central area in this area. Board agreed to abide by original proposal as presented by the Commission.

Superintendent's Reports: Mr. Simonson reported on schools visited since date of last meeting and staff changes. Board accepted with regret the resignation of Mrs. Lucille Maltais as commercial teacher at Kitscoty high school. Mr. John David and Miss Margaret Seward were appointed to the Vermilion school staff. Mr. Simonson reported that 5 or 6 students will be prepared to take the six weeks teacher training course.

Triangle S.D.: D. C. McGrath was authorized to arrange for transportation service for pupils from Triangle S.D. attending school for Preston Central.

Kokner S.D.: It was decided to advertise barn on Kokner school grounds for sale by tender.

COOPER BROS. — PUBLISHERS

VERMILION, ALBERTA, THURSDAY, JUNE 10, 1954.

*HOUSING SHORTAGE PERSISTS IN VERMILION—*

Despite the fact that some thirty houses were built in town last year and like number annually for several years prior to that, there is at present a pressing demand for more living accommodation in the town. Actually required are a number of houses for rental purposes as it is not always feasible or advisable for a newcomer to town to own his home at once, or in cases where transfers are likely at all.

Accelerating the demand for houses and suites during the past months have been the facts that the Canadian Utilities transferred their line crew to Vermilion as permanent headquarters, electrical and boiler inspection branches of the provincial government are now located here while during the past week or two the school board has engaged six new teachers, four of whom are family men and require houses. There is also a steady business expansion evident. Company representatives often wish to locate in Vermilion attracted by the facts that the town has every facility and is intersection of east and west and north and south highways, and just as frequently are stymied by lack of both housing and office availability.

Up to a year ago this was a general condition with all towns showing considerable growth, there has been a widespread easement at most centres but such is not evident here. Hence any logical housing project which might prove of help in solving the problem should be encouraged.

One billion dollars, an all time record, was spent by Canadians on new housing in 1953.

POLIO VACCINE TESTS

From 2000 to 10,000 Alberta school children in grades 1, 2 and 3 will receive shots of the Salk vaccine against poliomyelitis this summer as the province takes part in continent-wide tests of the vaccine's effectiveness.

Health officials are emphasizing that only a limited amount will be sent to Alberta and there will be no general distribution. There will be only enough sent from Toronto laboratories for the tests.

The number of children participating in the tests will be twice the number of those receiving the vaccine. In order to have controls on the tests, half the children will receive vaccine and half sterile fluid. Only top officials will know which children received which dose.

The effectiveness of the vaccine will be determined by comparing the number of polio cases which develop among children vaccinated with it and those receiving only shots of fluid.

About 400,000 children will participate in the tests in the U.S.

## 4 Miles New Scenic Roads Graded in Park

Four more miles of new and very scenic roadway have been graded in the Vermilion provincial park recently by Phil Bathe operating a big bulldozer for the Minburn M.D. The work was very kindly done by the Minburn municipality as a donation towards developing the recreational park for the people of the area.

The road was splendidly carved out of the woods by Mr. Bathe, who is a wonder with his big machine. The new drive runs along just above the south edge of the lake and then winds up a pretty little valley to the top. On the north side a road was graded out about midway up the hill leading towards the old swimming pool, thereby making this popular spot again accessible for swimming, and then swings upwards to the summit.

The roadwork is very timely and will prove a big help and a further park attraction. This and other liberal donations by the Minburn M.D. is very much appreciated.

## Free Short Course for Playground Leaders

A short course for summer playground leaders will be sponsored by the Health and Recreation Branch of the Department of Education at Red Deer Composite high school June 24 to 30.

Candidates will be nominated by municipal councils or community organizations and will be charged a fee of only $1. Board and room for the students is provided by the Department of Education.

Instruction will be provided in group and team games, handicrafts, singing, playground dramatics, playground organization, administration, safety and group management.

Application forms and additional information are available from the Health and Recreation Branch, Administration Bldg., Edmonton.

A little known national park, called Wood Buffalo park, partly in Alberta and partly in N.W.T.'s, has the greatest area of any in Canada. It measures 17,300 square miles and is the home of the largest remaining herd of buffalo on the continent.

The Canadian National Railways, effective June 1st, placed its popular observation cars on each of the two westbound and eastbound sections of the Continental Limited operating through the Canadian Rockies.

## Twelve Branches Attend Anglican Deanery Meeting

The Annual Vermilion Deanery meeting of the Anglican church was held on Friday in Vermilion. The session opened with the service of Holy Communion in St. Saviour's church at 11 a.m. The Right Reverend H. H. Clark, Bishop of Edmonton officiated, assisted by the Rural Dean, the Rev. V. Cole of Tofield and Rev. D. A. Ford, rector of St. Saviour's Vermilion. The Bishop preached the sermon, he spoke to the congregation as missionaries and based his talk on the final verses of each of the Four Gospels. There were 55 women present and the clergy of the Deanery.

Lunch was served in the church hall by the Happy Hour W.A. at noon.

The afternoon session, held in the hall was opened with prayer by the Bishop. The address of welcome was given by the president of St. Saviour's W.A. Mrs. E. H. Buckingham and the reply was by Mrs. Jerrold of Vegreville. The roll call showed that twelve W. A. branches were represented, out of a total of fifteen in the Deanery.

The Bishop spoke briefly in the transportation in the Diocese and the need of expansion.

The Deanery president, Mrs. Wm Seal of Clandonald introduced the Diocesan officers the president Mrs. Hammett, the treasurer Mrs. Harris, the Dorcas secretary Mrs. Davis and the United Thank Offering secretary Mrs. Roberts.

The branches then gave interesting reports of their work during the year.

FROG LAKE MISSION

The Rural Dean, the Rev. V. Cole, spoke about the Frog Lake Mission. Plans are to build a church there. Help is to come from the M.S.C.C. but the Deanery is responsible and Mr. Cole asked help from the Vermilion and Wainwright W.A.'s and suggested that the proceeds from some event be given to the Frog Lake building fund. He also mentioned plans for a bible school for youth to be held at the Vermilion school of agriculture during Easter week of 1955 and requested that this be made known to the youth of the diocese. Further information regarding this school will be forthcoming later.

The Diocesan officers then spoke briefly on their work.

Rev. D. A. Ford took the chair for the election of officers. Both Mrs. Seal the president and the secretary Miss Grace Bury were retiring, the latter after 15 years as secretary-treasurer during the 18 years which the Deanery had been in existence. The officers elected were:

President — Mrs. George Taylor, King Edward

1st Vice-Pres. — Mrs. Whitson, Mannville

2nd Vice-Pres. — Mrs. G. Kent, Marwayne

Sec. Treas. — Mrs. Muriel Bobrooke, Vermilion

The newly-elected president Mrs. George Taylor presided for the rest of the meeting. The entire offertory was voted towards the Frog Lake Building fund.

The Diocesan President requested that the Vermilion and Wainwright 1955 Deanery W. A. Annuals be held on consecutive days to save the Diocesan officers making the trip twice. The dates set were Vermilion June 6, 1955 and Wainwright June 7. The Wainwright Deanery president Mrs. Withnell was a guest for the day. Twenty-one pairs of mitts were given to the Dorcas secretary, and thirteen pairs of mitts for the Wabasco Indian school.

The members adjourned to the church for the closing of the meeting.

Tea was served in the hall before the members dispersed to their homes.

RED SHIELD TAG DAY JUNE 12

The annual Red Shield Tag day which was 'rained out' last Saturday will be held this coming Saturday, June 12.

## By Your District Agriculturist

# "GREEN ACRES"

TRACTOR ACCIDENTS

Accidents with tractors and farm machinery have been very scarce this year. Let's keep up the good work. Get scared of your tractor and you will have more respect for it. One man was killed when the tractor seat broke. Make needed repairs before it is too late.

NEW BOOK ON 2, 4-D

Last week a supply of circulars entitled "Weed Control with Chemicals" arrived at this office. Call in or write in for your copy. Generally spraying is done too late in this area to do a good job. This circular gives the best times to spray in order to kill the weeds and not harm the grain crops.

THINNING VEGETABLES

Vegetables cannot develop properly if the plants do not have room. Carrots should be thinned to six inches apart before they are an inch in height. Turnips should be a foot apart, beets about 8 inches and so on.

NEWCASTLE DISEASE

Newcastle disease is suspected in this district. All poultry raisers suspecting Newcastle disease should report to Dr. Macdonald, Health of Animals Veterinarian, Vermilion. He will check the flock and recommend treatment. This disease affects chicks as well as the older birds. If in doubt get a circular from this office listing symptoms.

MACHINERY FIELD DAYS

Mr. V. W. Osbaldeson, Agricultural Engineer, Dept. of Agriculture, will conduct tillage implement field days as follows: Marwayne — Hale Bros. farm, June 14, 2 p.m. A. Hozack in charge. Mannville — L. Bares' farm, 17 miles south of Mannville on Irma highway June 15 at 2 p.m. Chester Gamble in charge.

POULTRY DISEASES

Anyone losing chicks, poults or older birds should send in a couple of live birds by express prepaid to Veterinary Laboratory, 116th St. and 64th Ave., Edmonton. Do not ship on Friday or Saturday. There is no charge for the report. Also we have a good circular "Poultry Diseases" for anyone asking for it.

## Letters to the Editor

This paper does not hold itself responsible for opinions expressed by correspondents.

Vermilion, Alberta,
June 7, 1954.

Dear Editor:

It is quite apparent to even the most casual observer that bicycle riding on the sidewalks of Vermilion is now the recognized thing and is here to stay. The Council and patrolling forces of the town have tried a by-law or two to meet this menace but found the odds against them too great, so quietly gave up. The thing now is to draw up a set of by-laws governing cyclist and pedestrian rights-of-way, stop signs etc., on the walks.

Yours for better regulated cyclist traffic on our sidewalks.

Yours truly,
Dodger.

## C.G.I.T. Hold Weiner Roast At Mannville

MANNVILLE — On Tuesday, June 1, the C.G.I.T. and friends went on a hike into the country and held a weiner roast to complete the evening. On Monday of this week the girls had a surprise party for their leaders Mrs. Doherty and Mrs. Gamble at the home of Donna Doherty. The ladies were much surprised and very appreciative of the gifts of cups and saucers presented to them by the C.G.I.T. group. They have now completed their meetings until after the holidays.

## Mannville & District LOCALS

Visiting with his parents Mr. and Mrs. H. Robinson is AC1 Johnny Robinson of Rivers, Man.

Mr. Robin Stuart was a week end visitor with his parents, Mr. and Mrs. A. Stuart.

A few Mannvilleites attended the Feeders' Day held at the University farm, Edmonton, last week. More intended to attend but the weather was very unfavorable.

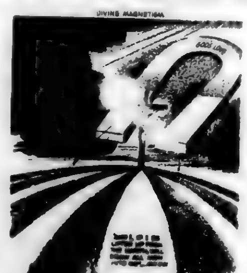
In fact the weather has been very unfavorable for anything and we sincerely hope that by the time the paper is printed it will be much warmer and much drier.

Mr. and Mrs. W. [illegible] and Mr. E. P. Thompson were Sunday visitors to Islay. Mr. and Mrs. Z. Budzika (nee Violet Webb) are the proud parents of a baby boy.

Mr. and Mrs. W. Osborn and children of Edmonton were week end visitors with Mr. and Mrs. W. Osborn.

BORN — To Mr. and Mrs. M. Malin at the Mannville hospital, a baby girl. A sister for Gerry and Ronnie.

On May 1 Canada had 42 million pounds of butter in store including 33 million pounds held by the government.



## NEWS from VANESTI

Rain, rain and more rain—what is the poor farmer to do? He can't finish seeding — if it isn't too wet it's too dry.

Mrs. C. Flewell has recently undergone her operation in the Lamont hospital and is now doing fine. Everyone hopes to see her home again soon.

Mrs. J. Coleman is a patient in the Islay hospital for treatment to a very sore ankle. Best wishes for a quick recovery go to her.

Mr. and Mrs. Martin Seite are leaving this week for a two months holiday to Norway. A very pleasant journey is wished them. Miss Clarke is to keep house for the family while they are away and Martin's brother is taking care of the farm.

It still appears that the 'two horse power' is the most sure way of travelling over these muddy roads, and to prove it some of the neighbors hitched a team of horses on to the front of their car, with headlights on full blast and headed north at a fine clip. Three cheers for old Dobbin!

Application of 25 pounds of 11-48-0 fertilizer to late seeded crops of wheat, oats and barley has been found to be a sound practice in the Peace River area.

# Fancy Riders To Appear Here

A special attraction at the Vermilion chuck wagon races Saturday June 19 and Monday June 21 will be the Dewar Sisters who will appear in 14 acts on both the nights. The Misses Claire and Lois Dewar come from the Bar X ranch at Hussar Sask. Colorfully garbed riding fast showy horses they do some 14 or 15 tricks both ground work and strap work. They will also lead off the grand parade which opens the show, the first of its kind ever held in Vermilion.

REPORT FROM THE CAPITAL

# AIR CADETS FLYING HIGH

EDMONTON. — Fifty-one Alberta air cadets are flying high. They are among 408 air cadets named by the Air Cadet League of Canada this week for special awards.

Twenty-nine of the Alberta cadets have been awarded flying scholarships which entitle them to 30 hours of flight instruction in a 4-weeks' course this summer at the nearest member club of the Royal Canadian Flying Clubs Assoc. An additional 14 have been selected for special leadership training, also to be held this summer.

The top awards, and there were eight of them in Alberta, are visits to the United States and Great Britain and Europe.

These award-winning 'teen-aged lads have a right to feel proud. They have been selected from about 2800 air cadets who belong to squadrons in many Alberta centres. There were only 58 cadets in Canada chosen for the trips.

Candidates for the awards were recommended on the basis of outstanding records in air cadet work. They had to pass the scrutiny of joint committees of the air cadet league and the RCAF at local, provincial and national levels and are described as the "cream of the Air Cadet crop".

Alberta long has been in the forefront in air cadet work in Canada. There are 45 squadrons in the province, compared with 47 in the more populous province of Ontario. With 2800 members in Alberta squadrons, the province boasts the highest per capita enrolment of any province.

The air cadet movement celebrated its 13th birthday last April. Over the years, 80,000 boys have received training since the inception of the program in B.C. in 1941. The league records that 30,000 cadets have attended the summer camps, 2000 have been taught to fly and 383 have participated in goodwill trips like the ones the 8 Albertans will take this year.

Besides that, 80 outstanding air cadets have been awarded educational scholarships valued at $50,000.

Canada's total air cadet enrolment now is about 19,000 in 287 squadrons and a target of 20,000 has been set. Officials say interest in the movement is just as keen now as it was during the war years.

One of the reasons, possibly, for the continued interest is the organization's method of choosing top cadets each year for leadership courses. The 14 from Alberta this year will join with 86 others across the nation at RCAF Camp Borden in Ontario for seven weeks' training program aimed at producing a pool of potential officers and instructors for cadet squadrons.

From this group at Borden, 40 will be chosen for a precision squad to compete with an American air cadet drill team for the General Brau trophy at the Minnesota State fair at St. Paul, Aug. 28.

Of the eight chosen for the goodwill exchange visits, four will take a three-week tour of the U.S. including Washington, New York and Pennsylvania. The four going to Great Britain will be there for a month and may be among the much smaller group selected for special trips to Norway, Sweden and Denmark.

Membership in the air cadets in Alberta is not limited to the large centres. Many of the award winners are from the province's towns and villages.

During the summer the cadet league and the RCAF will play host to cadets from the countries which Canadian cadets will be visiting.

BRANCH INDUSTRIES FOR ALBERTA

An eastern Canada industrialist voiced an opinion in Edmonton last week that Alberta government and business leaders have been urging for some years now.

J. D. Ferguson of Rock Island, Que., president of the Canadian Manufacturers Association said that there is no reason why branch plants of eastern industries cannot be successfully operated in western Canada. He believed the east should feel it is in its interests to set up branch plants and executive organizations in the expanding west.

Stopping over briefly in Edmonton with 200 other 'captains of industry' on their way to the CMA annual convention at Jasper Park lodge, Mr. Ferguson believed the branch plants could be operated as cheaply here as anywhere else in the nation in view of tremendous natural resources and increasing power supplies.

A few hours after making these pronouncements in an interview, Mr Ferguson heard much the same thing from Alberta's deputy minister of industries and labor, J. E. Oberholtzer, who addressed the CMA delegates at a joint civic-provincial banquet.

Mr Oberholtzer said he had noted an attitude of 'indifference' among Canadian manufacturers on the subject of branch plants and had found European and U.S. companies more receptive. With a sound agricultural economy and policy of private enterprise, Alberta has space, raw materials, labor supply, power sources and a record of industrial harmony and peace, he told the industrialists.

Alberta hasn't got the amount of manufacturing it believes it can support. Although total manufacturing output reached a new high of $500,000,000 last year, this was only 5 per cent of the Canadian total.

Congestion and centralization of industry in a single area, the Alberta deputy minister said, is of doubtful benefit to the nation's economy and industry itself. He suggested the profit motive may be one reason for centralization. He warned the manufacturers that the "dollar in the fist" may be obscuring the vision of dollars to be had from expanding programs into potentially great industrial areas.

100 TOWNS BOAST WATER, SEWER FACILITIES

Among the more than 100 Alberta towns boasting water and sewer facilities, Manning, 400 miles north of the capital will have the distinction of being the most northerly Alberta centre with sewer and water works.

Having borrowed $124,000 from the provincial government, the Mackenzie highway town, named after Premier Manning, is calling for tenders.

# Of Many Things . . .

By AMBROSE HILLS

*HAVE SOME FUN!*

It was quite a morning. First call came from an important fellow and I was quite impressed when his secretary got me on the line. I waited, eagerly, for whatever bit of news he had to give me.

"Here's one I thought you'd enjoy," he said. "Heard it last night. Do you know what one strawberry said to the other strawberry?"

"I don't," I admitted, "but I can't wait to hear."

"Well," he said, throttling a giggle "this strawberry turned to the other strawberry and said, 'If I hadn't been in the same bed with you I wouldn't be in this jam now'."

We went on to talk about the state of the world for a few minutes, but he had called especially to tell me the gag, and somehow I thought that was pretty nice. But it didn't stop there.

I picked up the Castle News, published by a friend of mine at Castlegar, B.C., and the first thing that hit me was a column written by the editor, Vic Mitanidis. It was one of the most amusing essays I've read in a long time, full of good belly-laughs.

Maybe it's the climate in B.C. that mellows men. Anyhow, it wasn't long until I was reading Fred White's column in the Rossland Miner and he always winds it up with a nightcap yarn. I don't know where he picks them up, but they're good jokes.

These three experiences in one morning sold me on humor. I felt better; and I was a real social success at lunch, retailing some of the yarns to a couple of stodgy pals who surprised me by forgetting the sad state of the world and reciting a few gags of their own.

So I have begun to make a collection. I clip the Funny & Otherwise column from the South Saskatchewan Star each week and keep it in my wallet. From the Radville Times I pinch Uncle Charley's 'Epigrins' which have plenty of dry humor. A favorite from Uncle Charley goes like this: "Many a wolf gits trapped by a little dear".

In Manitoba papers, I often read Ron Tuckwell's column, because while he is dealing with serious matters, he often slides in a quick sharp grin or two. And of course, in the Maritimes, when they want to crucify somebody editorially, they do it with the sweetest kind of humorous writing anyone could hope to read.

Hitler, I think it was, who wanted to get rid of everything inefficient in his country. I suppose laughter is inefficient, produces nothing, fits no iron-clad materialistic plans. But for my money, it is more important than all the fancy plans the experts can dream up. I've been feeling a heap better since I memorized a few good, clean jokes to tell. Want to swap some with me?

# Rain Every Day – Season 2 Weeks Late

It has rained every day since June 2nd with the exception of Thursday, and there is every likelihood of that too before nightfall. Rainfall for June totals 1.82 inches. Saturday saw .49 inches and Sunday .38 inches for the big rainfall days.

Wheat acreage is reduced 10% as a result of the wet spring. 70% of the coarse grains have been sown. The season is full two weeks behind 1953.

# Dewberry H. & S. Held Final Meeting

DEWBERRY. The final meeting of the Dewberry Home and School Association was held in the school on Thursday, June 3. After the reading of the minutes of the last meeting the financial statement was presented. Three members, Mrs. Thom, Mrs W McMullen and Mrs F Braithwaite were then nominated to audit the books.

Mrs J Braithwaite gave her report on the Home and School convention held recently in Edmonton. A discussion arising from her report followed.

Several suggestions for a better Home and School Association were then presented. It is to be hoped that we can carry out a few of these suggestions at least, next year.

Votes of thanks were given to Mrs. Thom, for her work as convener of the lunch committee for the track meet, to Mrs. J Braithwaite for her report of the convention, to the Home and School Assoc. from the Students' Union for their preparation of the graduation banquet and to the community for its co-operation throughout the year especially with regard to the parent teacher interview.

The evening was brought to a close by the serving of lunch.

EXTRA SPECIAL. 16-ga raised rib Ithica pump gun. This is a better grade gun than average Model 37R, used 1½ seasons and like new. Modified choke, 30-in barrel. Crocker and family, Mrs. McGaughey and Jim, Dorothy and Andy and girls, Louise and Clayton; Cyril and Alice, Rose and family, Mrs Sorben Bridget, Teresa, Alice and Fuzzy; Lizzie and Berry.

CORRECTION

The reception in honor of Mr and Mrs. Frank Schmidt was held at the home of the brides parents Mr and Mrs Idelore Nelson in Vermilion and not in Union as incorrectly stated last week.

CNR WINS U S SAFETY AWARD

MONTREAL. — Canadian National Railways has been named a winner of a U S National Safety Council award for its public safety activities which include public and farm safety meetings with a 1953 attendance of nearly 13,000 persons, the use of a safety instruction car and motion pictures, and active membership in a number of Canadian safety organizations.

MORRISON

Dance at Morrison on Friday June 25. Good music. Free lunch. 49-51

# Farmers' Holiday This Friday

Farmers Holiday is being observed on Friday June 11th. It is a school holiday all over the province. Elevators in Vermilion will observe the holiday and will be closed all day. Celebrations are being held at Dewberry in the north and Wildwood in the south.

# Red Shield Tag Day This Saturday

The annual Red Shield Tag day which was 'rained out' last Saturday will be held this coming Saturday, June 12.

# C. W. L. Held June Meeting

The Holy Name Parish C.W.L. held the June meeting in the parish hall on the evening of June 2nd with 17 members in attendance.

Articles for the bazaar are available to all ladies of the parish. They can be picked up at Vivian's Style shop. Come in and look them over, you only have to supply the thread.

The C.W.L. agreed to serve breakfast under the convenership of Mrs. Bill Delainey to the Knights of Columbus at their initial communion breakfast in the parish hall on June 5.

A bake sale under convenership of Mrs. Jim McLaughlin will be held in Noonan's coffee shop on Saturday, June 19.

Mrs. John Toner volunteered to convene a communion breakfast for the Catechism classes on Sunday June 20.

There will not be a meeting of the C.W.L. during July or August. The next meeting will be held the first Thursday in September.

Mrs. John Toner Sr. reported as delegate to the annual convention of the Edmonton archdiocease held in Edmonton on May 28-30.

At the close of the meeting a film was shown by Rev Father Landrigan. This was very entertaining and instructive showing how the Christophers have made television a greater influence for good in the amusement world.

At the close of the meeting a delicious lunch was served by the hostesses of the evening, Mrs. J. McIntyre, Mrs. Angus MacMillan and Miss Myrtle Killion.

WOODVALE

Dance at Woodvale Friday, June 18. Music by Horpestads. Everybody welcome. 49-50

# Tips on Touring

By Carol Lane
Women's Travel Authority

It's a clever woman who can make an exit from an automobile without appearing awkward. There are 3 simple, basic manoeuvres for a graceful exit from the driver's seat, and here they are:

1. Slide over to the edge of the cushion as far as you can, with your legs in the normal straight ahead position.

2. Drop your right hand to the cushion alongside your right leg and sweep the skirt over your knees as you turn your body and rest your feet on the running board or curb.

3. With the feet together on the running board or curb, move the left foot back a bit and rise with most of your weight on that foot. As you rise, the right hand is in a normal graceful position to brush the skirt down from the back.

With a little practice, it's a beautiful thing to do — and to watch.

BABY & PRE-SCHOOL CLINICS

Monday — June 14 Legion hall Vermilion 2 to 4 p.m.

Tuesday, June 15 — Ranfurly hotel 10 to 12 noon.

Tuesday, June 15 — Innisfree clinic, 2:30 to 3:30 p.m.

Friday, June 18 — Mannville school, 11 to 12 noon.

Friday, June 18—Minburn school, 2 to 3 p.m.

# CNR Holiday Tours

WINNIPEG. — Something new has been introduced by the Canadian National Railways for summer vacationists.

Holiday trips ranging from week-ends to two weeks vacation periods or longer at costs suitable to the pocketbooks of everyone have been set up by the company's new department of tours. The problem of working out itineraries, making sleeping car and hotel reservations, arranging sight-seeing trips and other details are eliminated for the traveller.

The tours are unescorted and may be made on an individual or group basis with transportation, hotel accommodations and in some cases, meals, all taken care of by the one ticket received before the vacationist departs on the journey.

More than 70 of these specially prepared trips are being offered by the CNR this summer, Robert Simmons, manager of the newly formed department reports. Originating from 10 major cities across the system including Winnipeg, Saskatoon and Edmonton, the variety of holiday travel to choose from includes anything from a week-end to a full two weeks' trip.

C W L PICNIC, DEWBERRY

Annual C. W. L. picnic will be held on Dewberry Sports grounds on Sunday, June 13. Ball games, races, bingo and darts. Refreshment booth on grounds. No admission charge. 49

# BERTIE RISDALE WINS BICYCLE IN ROBIN HOOD "WIN A BICYCLE" CONTEST

SHOWN ABOVE is Bert Risdale 11 year old son of Mr and Mrs Bunny Risdale receiving a swank new bicycle which he won on the Robin Hood flour "Win a Bicycle" radio contest. Bert is a grade five student. ***WHAT WE CAN DO TO PROMOTE THE TOURIST INDUSTRY***

All of us are shareholders in the Tourist Industry because its benefits extend to every community. The tourist dollar circulates faster than the savings bank dollar — Second, it doesn't wait for markdown days and bargain sales — third, it can afford to buy things that its spender wants — fourth, it purchases the things the average person doesn't need — Fifth, it comes in a spending frame of mind — Sixth, it increases sales without overhead — Seventh, it pays cash — Eighth, it is earned elsewhere and is added to the capital wealth of your community.

We are fortunate in having such a wonderful province with its wealth of pleasure resorts, its lakes and mountains, parkland, trout streams and game — things that our visitors enjoy. But those assets alone are not enough. We must be sure that our accommodations are up to required standards both as to bed and board and that consideration be given to the introduction of all the latest modern trends in facilities and service, such as the American and our own Canadian visitors are increasingly and enthusiastically patronizing.

In the matter of cuisine interesting and colorful menus featuring variety and a proper balance of foods, with special attention to meals for children are furnished.

We should see to it that our [illegible] surroundings are bright, fresh and attractive; that our historic landmarks quite aside from their cultural significance are preserved and so dramatized as to become ready and profitable tourist [illegible].

We must attend to fish and game conservation and education so that a sustained yield from forest and stream can be assured both our own sportsmen and our tourist [illegible].

We must be aware of the opportunities to increase package deals for travellers linking our resort areas with transportation and other services. This package trip idea is proving a great booster to the [illegible].

We must ensure that friendliness and courtesy are practised on an increasing scale. It costs nothing to be cheerful and you'll find that courtesy pays.

BLENDOR TABLETS — Are effective. 3 weeks' supply $3; 9 weeks $5 at Bonier's Drug Store. 5

# Local News of Interest

Mrs. L. L. Kehoe and son Larry returned last week from a trip to Eastern Canada driving back a new truck for the Kehoe fleet. The trip east was made via TCA, and return journey by the all-Canadian route. Larry proceeded almost immediately to Brooks where he will be employed with highway construction crews until the university term opens in the fall.

A recent visitor at the home of Mr. and Mrs. Thos. Watts has been Miss Greta McPherson, a graduate at the Royal Alexandra hospital and a close friend of Miss Audrey Watts. Miss McPherson spent a week of her holidays here. Many years ago the family lived at Islay and she will be remembered by several people in that area.

Mr. and Mrs. N. N. Bentley and Miss Betty Bentley motored to Banff and Bow Lake last week, Betty remaining at the latter resort for the summer. Mr. and Mrs. Bentley continued on to Kimberley, B.C., to visit Miss Evelyn Curran, a former member of the V. S. A. staff.

Mrs. Stan Waldenberger is in Banff this week attending the annual convention of the Canadian Nurses' Assoc. Mrs. Waldenberger is a delegate of the Vermilion Graduate Nurses' Assoc.

Mr. and Mrs. Albert M. West are spending two weeks at Banff, visiting their daughter and family, Mr. and Mrs. Ted Langridge.

Miss Alveso Mahan was recently home from Lamont for a short visit accompanied by Miss Joyce Forcade of Edmonton.

Mr. and Mrs. John Habstritt of Dewberry wish to announce the engagement of their eldest daughter, Alice Louise, to Leonard Walter, youngest son of Mrs. Lily Giles, and the late Thos. Giles of Islay. The wedding to take place in All Saints Pleasant Valley church, June 14 at 2 p.m.

## Fire Destroys Farm Home At Mannville

MANNVILLE. — On Friday last about 1:30 in the afternoon the local fire brigade were called to the farm of Mr. Mike Yasak west of Mannville. They responded with the extra fire engine but were unable to do anything when they arrived at the farm. The fire had already gutted the house and the east wall fell in just as they got there. Mrs. Yasak had gone down the yard to chase some cows back in a field, taking the two small children with her, and Mr. Yasak was in the field. When they noticed smoke pouring from the house they managed to save a trunk of clothes and some bedding along with the baby's crib. They have moved over to the vacant house on the farm formerly owned by W. Kastner.

It's always nice to hear from former Vermilion people and this week the Standard received a note from Mrs. L. M. Winters. Mrs. Winters spends part of the year in Victoria and is now moving to Vancouver for her yearly visit of a couple of months. Very lovely weather is reported and Hubert (Winters) has already picked his first ripe strawberries from his garden. Mrs. Winters sends her kindest regards to all old friends here. Her summer address is 4419 Quebec Street.

Dunc McDermid who is a patient at St. Marys hospital in Rochester, N.Y., sends sincere thanks to all of his Vermilion friends for the many get-well cards and letters received. Dunc says that it would be impossible for him to answer them all individually which they so well deserve and asks the Standard to forward his thanks to each and everyone for the kind thoughts. He further states that he is coming along well and will be out of the hospital and home before long.

Miss Noreen Dougan, nurse in training at the University hospital Edmonton, is home on vacation.

Bob Acheson, son of Mr. and Mrs. S. C. Acheson is home on a 30-day leave from the Royal Canadian Navy. Bob has been receiving basic training at Cornwallis, Ont.

BORN — To Mr. and Mrs. George McPhee at the Vermilion Municipal hospital on June 7, a son, 8 lbs. A brother for Donnie and Douglas.

Three of the officers elected at a recent meeting of the Edmonton Junior high school A.T.A. local are former Vermilion men. The president is Bjarne Larson who took his high school here, the vice-president Morrison F. Sneltzer, a former V.H.S. principal, and the secretary is George Schurman who also attended high school here and taught in the area.

A donation to the cemetery fund in memory of the late Mrs. Lipsey has been received from Miss Alice Keith.

Mr. and Mrs. J. R. Robson and Mr. R. C. Mead are in Banff this week where the men are attending a short course for school secretaries and trustees.

J. R. Boake attended the annual convention of the Alberta Pharmaceutical Association held in Edmonton on Monday and Tuesday. He is a member of the Association's council.

Donald Taylor is attending the annual convention of the Alberta Postmasters Assoc. which is being held in Calgary this week.

Mrs. Adrian Lovig of Irma is visiting her parents Mr. and Mrs. W. J. Fisk at present. Ade himself spent a day or two in town as well renewing old acquaintances.

## Sixteen Years Ago Today

*June 9, 1938*

Ratepayers of the town will vote on the sale of the power and steam heat plant to Canadian Utilities on June 27th.

As a result of an amendment to the town act town councillors will now sit for terms of three years instead of two as previously.

Don Taylor was elected president of the Alberta branch of the Canadian Postmasters Association.

Vermilion won second at the Clandonald sports baseball tourney.

The 1938 crop was all seeded and rain was needed. The crops is 10 days behind a year ago and wheat which germinated evenly is up from 2 to 7 inches.

## Thirty-two Years Ago Today

*June 7, 1922*

A new district known as Indian Lake has been formed north-west of town. E. T. East is secretary-treasurer and a school will be built immediately.

Vermilion baseballers won the Innisfree sports tourney. Vermilion pitchers were Art Thelan and Hec Robinson. Other team members were Ewing, Currie, Owen Burns, Bill Trimble, S. Sykes, Ed Chesnick, Jack MacKenzie and Ed Corley.

W. J. Macnab returned from Winnipeg where he sold a carload of fat cattle.

Charlie Chaplin in 'Pay Day' was playing in Vermilion.

Leon Goldman who recently sold the Brunswick hotel purchased the Lotus hotel in Vancouver to which point the family planned to move.

## Violin And Piano Recital Held At Mannville Saturday

MANNVILLE. — Master Allan Doherty was the Master of Ceremonies for the piano and violin recital held by the pupils of Mr. and Mrs. Elliott on Saturday evening. There was a good attendance and those present seemed to thoroughly enjoy the selections by the pupils. Violin solos by Beverly Westover, Jimmy Myhovich, Jimmy Elliott and Hans Pederson were well played considering the fact that these pupils have been studying the violin only a few months. They all seemed to ave a natural aptitude for te violin and appeared quite at home on the stage.

The first half of the program was taken up by the Junior pupils and each boy or girl took his or her place at the piano and played one or two selections with very little trace of shyness or nervousness. Among those on this part of the program were Allan Doherty, Karen Bang, Brian Scoggins, Bonny Proudfoot, Judy Gerhart, Brian Hasinoff, Beverly Westover, Arleen McLaughlin, [illegible]ty Willes, Doris McCauley, Jimmy Myhovich, Scott Blackburn, Marilyn Bennett, Evelyn Ross, Ian Van Dusen, Ellen McLaughlin, Clara Brokop. A tap dance number by Bonny Proudfoot added a bit of variety to the program.

After a few minutes intermission the second half of the program was started with two selections by Laraine Young. She was followed by Jimmy Elliott with a violin solo. Then piano selections by the following: Gloria McCauley, June Weaver, Edith Gadke, Jacqueline Hasinoff, Gloria Weaver, Berna Cotter, Bernice Phillip, Donna Doherty, Lorne Scoggins, June Van Dusen, Sandra Leitch, Bobby Willes.

"Angels Serenade", a violin solo by Hans Pederson was beautifully played. Sandra and Arlene Leitch played a piano duet "Canzonetta" from the Raymond Overture. After three selections by Audrey McCauley, a girls' trio, Betty Proudfoot, Connie Gerhart, Adele Matney sang "Allah's Holiday" by Friml. Then selections by three of the older girls, Betty Proudfoot, Audrey Hamilton and Arlene Leitch completed the program. All the pupils showed exceptional ability and excellent training. Perfect fingering was particularly noticeable among the older pupils.

At the end of the program Allan Doherty on behalf of the pupils presented Mrs. Elliott with a beautiful bouquet of flowers in appreciation of her work throughout the last year.

## McNab—Hillcox Nuptials Held In Edmonton Recently

*McNAB—HILLCOX*

In an afternoon ceremony on May 22nd, 1954, at 3:30 p.m. in Bethel Gospel chapel, Edmonton, Alberta, Miss Eileen Muriel Hillcox, only daughter of Mr. and Mrs. George Hillcox of Vermilion, exchanged vows of marriage with Mr. Herbert Augustine McNab of Jamaica, B.W.I.

White and pink streamers, bells and potted fern formed an attractive setting for the ceremony, performed by Mr Richard Leaman of Calgary, Alberta.

The bride was given in marriage by her father. She was attired in a beautiful gown of nylon tulle over satin, topped with a redingote of embroidered nylon tulle with lily point sleeves. Her floor-length veil misted from a satin crown, dotted with rhinestones and tiny white beads. A slim cascade of red roses and lily of the valley intermingled with fern, formed her bouquet.

Miss June Gunderson of Vermilion attended the bride. She wore a floor-length gown of pink satin and nylon net with a lace redingote similar to that of the bride. Her shoulder-length veil was held in place with a floral bandeau. She wore lace mittens and carried a Colonial bouquet of iris, daisies and sweet peas.

Mr. Robin Smith of Edmonton was groomsman. Ushers were Luke McNab, brother of the groom, Stewart Hillcox, brother of the bride, and Carl Taylor of Edmonton.

Guests were ushered to pews marked by pink and white fan-shaped [illegible].

Mrs John Hillcox, aunt of the bride, played the wedding music. During the signing of the register Mrs. George Gustafson sang "A Wedding Prayer".

Miss Ella Lobe, of Cold Lake, was in charge of the guest book.

A reception to 116 was held later in the chapel basement where the bride's parents received the guests. Mrs. Hillcox wore a rose sil[illegible] with white accessories and a corsage of red roses.

Mr. William Steenson was master of ceremonies.

The bridal table was [illegible] with a lace cloth. A triple-tiered cake, baked and beautifully decorated by the bride, was topped with a vase of tiny pink roses and imbedded in white tulle.

Mr. Leaman asked the blessing upon the reception. Mr. Albert Graham of Calgary gave a wedding message to which the groom replied appropriately. Other speeches were made by Mr Henry Kasten, the groom's employer, Mr. Luke McNab his brother, and Mr. Harvey Anderson of Vermilion.

At the close of the reception the guests sang "Blest be the Tie that Binds" and Mr. George Gustafson closed with prayer.

For a wedding trip to Jasper and scenic points west, the bride wore a blue rib acetate dress with a white picture hat, a beige shortie coat and white accessories. En corsage she wore red roses.

Out of town guests were from Vermilion, Hardisty, Cold Lake, Red Deer, Claresholm, Calgary, Three Hills, Mannville, Kitscoty, Paradise Valley and Spokane.

## Clandonald Sports Are Postponed

Clandonald sports scheduled for last Wednesday June 9th, were postponed due to the very wet weather. Watch for announcement of new date.

## Kitscoty News

Mr. and Mrs. Ea[illegible] Phillips had as their guests over the week end Mr. and Mrs. Cyril Proctor and small daughter Patsy, also Mr. Harry Lunn, all of Waskatenau.

Mrs. J. G. Inglis is at present visiting her mother and other relatives in Glencoe, Ont.

Mr. and Mrs. R. S. Pidcock spent the week end in Edmonton visiting with Mr. and Mrs. A. C.Linedell and family.

Congratulations to Miss Annabelle Page who graduated as a nurse from the Lamont hospital school of nursing.

# Health Unit Notes

BALANCED ROUTINE BUILDS A BALANCED BODY

Have a physical check up with your doctor once a year, and check with your dentist twice a year. Some physical defects, which can easily be corrected [illegible] poor posture and strained muscles.

COMMON SENSE IN CHOOSING YOUR FOOD

Follow Canda's Food Rules for best nutrition. Don't let the snack habit rob your appetite for body building, energy-producing foods. Pamphlets on nutrition can be obtained free from your local health unit or provincial department of [illegible]

SLEEP

Save eight to ten hours out of every 24 for sleep. A tired body sags and makes muscles even more tired. Keep dates and parties for week ends.

TOILET HABITS

Regular elimination is basic for good health. Maintain it by eating the right foods, drinking plenty of water and taking lots of exercise. Don't depend on drugs. Chronic constipation reduces vitality.

UNFAILING CLEANLINESS

A well-functioning body must be kept clean. Sweat is a form of body waste and should be washed away often. Brush your teeth immediately after every meal to help prevent decay. Regular hair shampoos, changes of clothing and attention to finger and toe nails pay off in health as well as appearance.

RECREATION

Exercise both mind and body, preferably in fresh aid and sun shine. Develop interests in [illegible] crafts and hobbies. Leisure hours invested in learning somethin[illegible] bring relaxation and enjoyment.

GOOD POSTURE HABITS

Muscles grow strong with use. Practise using them properly until correct usage becomes [illegible] nature. Poor posture and fatigue come from bad postural habits such as standing with the [illegible] on one foot, slumping in a chair or always carrying books and parcels on one side.

BABY & PRE-SCHOOL CLINICS

Monday, June 14 Legion hall Vermilion 2 to 4 p.m.

Tuesday, June 15 — Ranfurly hotel, 10 to 12 noon.

Tuesday, June 15 — Innisfree clinic 2:30 to 3:30 p.m.

Friday, June 18 Mannville school 11 to 12 noon.

Friday June 18 Minburn school, 2 to 3 p.m.

NOTHING BUT THE TRUTH By Arnold

## Band Concert At Elk Island Park

What promises to be a very good program will be presented by the Tofield Community band, in the regular weekly concert series Sunday, June 13th at 3 p.m. at Elk Island National park.

The band, consisting of 20 members, was reorganized one year ago and is conducted by Mr. Rex Boyles. They will offer a varied selection of marches, overtures and waltzes.

Several well known district vocalists, Mrs. S. Snell, Mr. Ingvald Ness, Miss Pattie Torrie and Mr Darryl Ness, will be on hand to add to the entertainment. A surprising feature will be a father and son vocal duet by Mr. Ingvald Ness and son Darryl. Mr Darryl Ness was the third prize winner of the 1954 Search for Talent. Another highlight of the afternoon will be a violin solo by Mr Alfred Myhre, Kingman, former winner of the Search for Talent show.

At 7 p.m. the regular program of films from the National Film Board will be shown.

Arrangements for the park concerts have been by the Central Alberta Bands Association, the National Film Board and the Parks Branch.

BAKE SALE JUNE 19

A bake sale will be held at Noonan's Coffee shop on Saturday June 19 under auspices of C.W.L. 49-50x

*EVERYBODY WELCOME*

## Convention, Park, And Clean-Up Discussed By The Board of Trade

President K. G. Urquhart was in the chair at Wednesday's meeting of the Board of Trade with 19 present. He congratulated Mr. Reg Mitchell on his election as vice-president of the Alberta Associated Chambers of Commerce and Agriculture.

Dr. King, chairman of the Parks committee of the Board of Trade suggested that Mr. Hill or someone else, should address the Board showing how the park project was being conducted in conjunction with the Government, and outline what was required of the Board of Trade Parks committee.

Mr Roy Walker gave an interesting and informative talk on the visit of the delegates to the annual meeting of the Associated Chambers of Commerce and Agriculture held at Red Deer on the 18th and 19th of May.

Mr Mitchell added a few words, stating that he thought this annual meeting was the best yet. He said there was more discussion and a greater number participated in debate than in any other year. He was glad to say that the resolution of the Vermilion Board of Trade re signal lights on motor vehicles was passed unanimously and a wire in regard thereto immediately dispatched to the Premier.

Mr Mitchell stated that this part of the province was well represented, there being delegates at the meeting from Lloydminster, Elk Point, St. Paul, Vegreville, and Viking, in addition to our own delegates. He was of the opinion that representation at this annual meeting was well worth while.

Resolution was passed at the annual meeting that the next meeting of the Association be held at Red Deer.

Mr. Fred Stewart, President of the V.A.A.A., reported a successful 24th of May sports day, and stated that the receipts were $540 at the gate, $202 at the dance and $75 at the booth. Mr. Stewart did not have the actual total of expenses but he thought that there would be a slight surplus.

Mr Clendenning stated that there appeared to be a serious problem in regard to cars parking on the highway approach to the bridge. The chairman said that the matter of this parking was under consideration, but it was desired not to press it immediately because of the general interest shown in the park and because there was really no available space as yet to park near the bridge. The Government was taking steps in this regard and he thought the matter would be attended to in due course.

Mr Clendenning, for the Civic committee, reported that a check would be made by car to see if any person had been missed in the 'pick-up' and that note would be taken of any place which, had not been cleaned up.

## Increase In Alberta Traffic Deaths, 1953

H. B. Macdonald, MLA for Calgary was re-elected president of the Alberta Safety Council at the meeting of directors which followed the annual general meeting in Edmonton last week. He has headed the council since it was first organized several years ago. The election of Mr. Macdonald was unanimous.

The first vice-president is A. T. Yunblut of Edmonton, second vice-president L. H. Barnes of Calgary. Treasurer is J. W. McDiarmid, of Edmonton, and honorary solicitor is C. H. Grant Q.C., of Edmonton. The managing director is Howard Stutchbury of Edmonton, one of the council's founders.

Mr Jorgenson who is on the executive, minister of public welfare reported that about 31,000 Alberta school pupils took part in this year's rural safety essay competition. The number of essays showed a substantial increase this year.

President Macdonald reported an increase in traffic deaths in 1953, compared with 1952. Last year there were 220, an increase of 43. In the first four months of 1954 the total of 53 traffic deaths was an increase of 7 over a year ago. In drownings and tractor deaths, there were declines last year.

Paul Lawrence of Edmonton, the safety director, recommended three campaigns be planned this year. The first would be safer summer driving and would start about June 30th. The second, on pedestrian safety would commence about Oct. 4. Commencing about Dec. 12 the final campaign would be on winter hazards.

---

Manitoba Pool Elevators estimates that wheat acreage in Manitoba will be down 11 per cent from last year, oats down 2 per cent, while barley and summerfallow will be up 6 per cent.

---

Russia has purchased 6,000,000 pounds of canned pork from Canada. This supply was surplus pork purchased by the federal government during the foot-and-mouth disease epidemic. The price paid by Russia was not revealed.

## Swimming Instruction Offered At Vermilion Park Lake

It is with a great deal of satisfaction that through the co-operation of the Town of Vermilion, and the School of Agriculture, that the Parks board is able to announce that a very thorough course of instruction in swimming is offered to all those interested, both young and old, who want to learn to swim, or who may wish to improve their present swimming ability. The course will include water safety in swimming and boating as recommended by the Red Cross course.

The services of Mr. Glen Tuck, a graduate of the University of Alberta in Physical Education, and a member of the staff of the Vermilion school of agriculture, will be in charge of all lessons. He will be assisted by one or two more persons who will also have had training in the Red Cross Swimming and Safety work.

The swimming lessons will be given at the beach in the new Vermilion park, where very adequate equipment will be available.

BIG DEVELOPMENT

For the readers who have no knowledge of the development at the beach, there will be four bathing houses, an H pier built approximately 75 feet wide and 200 feet long. This provides a closed in area in the lower part for small children where the water will only be 2½ feet deep at the cross in the H. In the outer part of the H the swimming instruction will be given as this will give the greater area and depth needed and allow the instructor to keep a close and constant supervision of all those learning to swim. The water will be moving, and fresh at all times, covering the coating of sand spread last winter by the Parks board.

The whole program will follow that laid out by the Red Cross Society in the Swimming Safety courses and should provide everyone in this north-eastern section of Alberta a chance to have the children learn to swim under ideal conditions and supervision.

Through the co-operation of the Vermilion Standard with the Parks board, application forms will be found below and these should be filled out immediately and sent in. This will give those in charge some idea of the numbers interested and assist in arranging the lesson periods.

START JULY 5

Classes will start Monday, July 5 and continue throughout the holidays.

Remember, there is no restriction as to who may attend the courses. Everyone above 10 years of age and within a hundred miles is welcome. A very nominal charge of $1 is being made as a registration fee. The final date for registering is June 30th but don't wait until then, send in the attached form today.

I WOULD LIKE TO ENROLL FOR SWIMMING AND WATER SAFETY INSTRUCTION.

*(Check ONE of the following:)*

1. I do not know how to swim, but I would like to learn.
2. I can swim some but would like to swim better.
3. I am a good swimmer and would like to take [illegible]

## The World of Wheat

By
*W. G. MALAHER*
*Director, Research Dept., Searle Grain Company, Ltd.*

The human consumption of wheat over the past number of years has followed a very similar pattern in both the U. S. and Canada. In neither country has it kept pace with the population and the trend has been definitely downward. In the U.S.A. for instance despite the increase in population the annual domestic consumption of wheat and wheat flour combined is essentially the same as it was 50 years ago, remaining at about the 300 million bushel level.

Looking at figures for civilian consumption of wheat flour alone, we find that here again the civilian consumption in the U.S.A., between 1935 to 1953, remained practically constant. This means, in effect, that although population actually increased by some 27½ million between 1935 and 1953, per capita consumption of wheat flour during that period decreased from 157.5 pounds to 127.9 pounds.

In Canada similar statistics showing domestic disappearance of wheat flour indicate a per capita reduction from 179.4 pounds consumed in 1935 to 153.4 pounds consumed in 1952. Here the population increase during the period was close to 3½ million but the trend has been the same, namely towards lower consumption of flour.

## Clandonald United Church W.A. Meets

The May W. A. meeting of the Clandonald United church was held at the home of Mrs. Harold Cooper with 9 members and four guests present. Mrs. C. W. MacKay, the guest speaker, gave a very enlightening talk on the duties of officers and members of the W. A. Sincere thanks to Mrs. MacKay. All members understand their club work better as a result of this talk. It was pleasing to have Mr. and Mrs. Omness present, also Mr Calder. We were all sorry that Mr. MacKay was unable to attend.

The June W.A. meeting was held a week early and this was at the home of Mrs. Jaremco. Despite bad roads there was a good attendance. Plans were completed for catering at the Clandonald sports. The place for the July meeting was not set. The annual W.A. meeting will be in the church June 17 in the evening. The woodwork and floor of the church have recently been painted.

The W.A. group was formed just about three years ago with six members as a nucleus. Most of the members, including the president, had no previous experience in W.A. work. Nevertheless a successful year was experienced under the capable leadership of Mrs. Goddard who was experienced in other phases of church work. Mrs. Wilbur Feenstra was the second hard-working and conscientious president. It was a pleasure to work with both these ladies. In the third year the W.A. was fortunate to have Mrs. Laird as president as she had years of experience in every phase of church and club work. Mrs. Laird has given the club many new ideas for entertainment, money making projects and fun. Without new ideas any club would become dull and stale.

The ladies who are permanent members have learned much from the ladies who due to the nature of their husband's work, can only stay with them a short time. Each one has brought fresh ideas into the W.A. It is hoped that when Mrs. Laird's term of office is ended, that she will still be in Clandonald for a long time to come.

## Avoid Hazards In Tractor Operation

The hazards of tractor operation and resultant accidents can be avoided to a large extent, says the Alberta Safety Council.

Probably many of these accidents could be averted by full observance of fundamental rules. Here are a few:

1. Overturning is the chief hazard. This can be avoided by spreading wheels as far apart as practical for the job in hand.
2. Stay off soft road shoulders and edges of cut-banks. These take a serious toll.
3. Avoid side hills where the slope could cause tipping if the low wheel drops into a depression or the high wheel runs over a hump.
4. Put liquid in tires, according to manufacturer's instructions, to reduce bouncing.
5. Hitch all drawn loads to the draw bar. Stop by closing throttle before using brakes.
6. NEVER carry passengers.
7. Use low gear when going up or down hills.
8. Operate slowly when on loose gravel or on rough roads.
9. Display proper lights at night.

## Notice to Creditors and Claimants

IN THE MATTER of the Estate of ROBERT EBY WALKER, late of the District of Dewberry in the Province of Alberta, Farmer, Deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above named Robert Eby Walker, who died on or about the 5th day of April, A.D. 1954, are required to file with the undersigned by the 23rd day of July A.D. 1954 a full statement duly verified of their claims and of any securities held by them, and that after that date the Executor will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims which have been so filed or brought to his knowledge.

DATED at Kitscoty, in the Province of Alberta, this 26th day of May, A.D. 1954.

JAMES McCORRY
Kitscoty, Alberta
Solicitor for the Executor.

## Obituary

*MRS. MARGARET BUTZ*

Funeral services for Mrs. Margaret Butz, who passed away on May 16, 1954 at the home of her daughter Mrs. Ada McPherson in Edmonton, were held in the community hall at Dewberry on May 19th.

Rev. D. Ford of Vermilion conducted the funeral services and interment was in the Dewberry cemetery.

Mrs. Butz was born in Indiana U.S.A., 1862 and came here to Canada in 1908, residing here ever since.

She is survived by five sons John and Robert of Calgary; Ellsworth of Leduc, Elmer and Dorsie of Edmonton; two daughters, Mrs. Ada McPherson of Edmonton and Mrs. Dean Swift, San Angelo, Texas; one sister Mrs. Sarah Turner of Liberty, Texas; 47 grandchildren, 114 great grandchildren and 19 great great grandchildren.

Beautiful floral tributes were received from:

Ada and family; Dorsie, Joan and family; Jimmy, Kate and family; Pat, Gladys, Mrs. Geo. Kinshella, Mr. and Mrs. J. Ward and family; Ada, Adolph and Annette; Inez, Stuart and family; Iris, Harry and family; Evie, Allan and family; Judy and Roy; June, Bob and family; Carl, Sophie and family; Mr and Mrs. Pete Arnell; Roc, Phemia and family; George, Blanche and family; Johnnie, Hazel and family; Dye Family, U.S.A.; De Sutter and family; Joe; Mrs. Carl Lemp; Dave, Annie and family; Friends of Dewberry and Community; Mrs. J. Skidnook and Mrs. C. R. Shervey; George, Margaret, Howard and Joan Kinshella; Ella, Leo Caroll and family; Sol, Mabel and family; Mr. and Mrs. Lorne Pattruff; Mr and Mrs Gordon Wilson and family; Hazel and Bobbie Hill; John, Ellen and family and Axley family.

Cancer donations: Mr. and Mrs. John Rhitt; Philip and Nora Lemp; Mr and Mrs F. Mead; Mr and Mrs J. L. Machon, Mrs Curtis and Nixie; Mr and Mrs Vic Dennill; Fred and Elsie Braithwaite; Mr and Mrs. John MacGillivray; Frank Deford; Bill Cusack and family.

Crippled Children fund: Deford Family; Mr. and Mrs. Ballard Good.

Howard and McBride in charge of arrangements.

# WEDDING BELLS

CHILLIWACK B.C. — A beautiful wedding was solemnized at 7:30 p.m. Monday at the United church hall when the Rev. James H. Stark united in marriage Clara Maxine Coombe and Earl Bruce Butchart, with Mrs. L. R. McPhee playing the nuptial music.

The bride is the second daughter of Mr. and Mrs. Raymond C. Coombe, Edmonton, and the groom the youngest son of Mr. and Mrs. Edgar B. Butchart, 305 Yale road west.

In a rich floral setting created with bridal wreath, tulips, rhododendron and fern, the double ring ceremony was performed in the soft glow of candle light.

The petite bride given in marriage by her cousin, Arthur Gould, was a lovely picture in her dainty ballerina length gown of white lace, nylon net and satin, the fitted bodice was accented by short puff sleeves, net yoke and small Peter Pan collar while the skirt, fashioned with net over satin billowed from the tiny waistline. The bride's fingertip veil of illusion net clouded from a small lace bonnet and she carried a white prayer book crested with a white orchid misted in valley lilies.

The bride's sisters, Mrs. Helen Fletcher, Red Deer, and Miss Nellie Coombe, Edmonton, were her only attendants. Their ballerina-length frocks of nylon net over taffeta were in shades of yellow and mauve respectively and were identically styled with strapless bodices topped with bolero jackets and with bouffant skirts enhanced with tiers of daintily ruffles. Bouquets of mauve stocks and small yellow mums harmonized with the circlets of tiny flowers holding their short net veils.

Jack Lock was the groom's best man and Jim and Len Butchart were the ushers. Wedding soloist was David Butchart who sang "Because" at the wedding and "I'll Walk Beside You" and "Thine Alone" at the reception, which was held in the church social room.

Receiving before a white archway, intertwined with bridal wreath and ferns and flanked by tall standards of bright summer blooms was the bridal party assisted in receiving by the bride's cousins, Mr. and Mrs. A. Gould; her uncle Mr. Tom Gould and the groom's parents, Mr. and Mrs. E. B. Butchart.

The bride's table was centered with a gorgeous bouquet of pale yellow and pale pink tulips in a crystal bowl flanked by tall white tapers. Presiding at the urns were Mrs. Arthur Gould and Mrs. Gordon Johnston both of Vancouver.

Serviteurs were Mrs. Robt. Butchart, Mrs. Len Butchart, Mrs. Don Northgraves, Mrs. Phil Edwards, Miss Gloria Butchart, Miss Margaret arro, Miss Dorothy Payte and Miss Leone Hannah.

The toast to the bride was proposed by Rev. James H. Stark of Rosedale United church.

When the happy couple left on their wedding trip south, the bride was wearing a pale blue wool gabardine suit, white hat matching accessories. Pink rose buds formed her corsage bouquet.

Upon their return to the valley, Mr. Butchart and his bride will reside at 419 Kipp avenue.

The bride has been on the Chilliwack telephone staff for the past fourteen months while the groom is engaged with Butchart's Motors Limited.

Attending the wedding from Vancouver were Mr. and Mrs. J. G. Johnson, Mr. and Mrs. C. J. Kinsen, Mr. and Mrs. David Butchart and Mr. and Mrs. Arthur Gould. The bride's great-uncle Tom Gould, came from Victoria to attend the wedding. The bride's parents were unable to attend.

STAINS — HOW TO REMOVE THEM SUCCESSFULLY

Do you know how to remove stains successfully?

1. Treat a stain while it is fresh.
2. Know your cloth — what it is made of. If you do not know, it is best to send the article to a reliable professional cleaners.
3. Use the proper stain remover for your material and stain.
4. Try simple methods first — non-greasy stain, sponge with cold water; greasy stain, try carbon tetrachloride.
5. Remove stains before putting clothes into wash water, this sometimes sets stain. Remove stains before pressing.
ly but gently. Do not injure the
6. Follow directions. Work rapid-fabric.
7. When using liquid re-agents, injure the material leaving marks, sponge do not rub. Rubbing may that will show.
8. For non-washable articles best results are obtained when the stain is removed and then the whole garment cleaned by dipping in solvent.

A stain removal kit should be in every household. It should contain such items as absorbent cloths, medicine dropper, bowl, soap flakes, vinegar or acetic acid, absorbents, bleaches and solvent.

Learn how to remove stains properly by writing for the booklet "Stain Removal".

EMERGENCY CLEANING COAT COLLARS, HAT BANDS

The cleaning of a soiled coat collar or freshening of a hat band improves its appearance temporarily though it is not a substitute for dry cleaning the whole article.

METHOD

1. Place soiled section over a folded bath towel.
2. Scrub the soiled section with a brush dipped in a cleaning fluid or carbon tetrachloride.
3. Rub the soiled section with a dry absorbent cloth to take up dirt freed by solvent or cleaning fluid.
4. Sponge the section with a piece of towelling dipped in clean solvent extending the saturated area to prevent marks.
5. Rub section until dry, repeating the process if rings are noticed.

HELPFUL AIDS

REPORT FROM THE CAPITAL

# UNREST IN LIBERAL CIRCLES?

EDMONTON. — James Harper Prowse, leader of the liberal party in Alberta and leader of the opposition in the legislature, was in southern Alberta on organizational work last week when unexpected reports were published of plans to replace him at the party helm.

There were immediate denials from party officials and from Edmonton's Mayor William Hawrelak, who, the reports said, is the man touted as Mr. Prowse's replacement. The 41-year-old liberal leader simply said he has no intention of quitting.

Rumors that Mr. Prowse's tenure of leadership, which started in 1947 might be challenged before the next provincial election hav been rippling beneath the surface for several months.

Last week's published reports were the first acknowledgment of the proposals of some in the party organization. How many active Liberals support the suggested change, or any change, is not apparent. As the week ended, the Young Liberal Association, in Edmonton, passed resolutions affirming support of Mr. Prowse and these were forwarded to Ottawa.

The youth group of the party was prepared to blame Social Crediters for starting the rumors but they date back further than last week's reports.

Reasons for discontent could stem from the party's failure to make any major gains in the last provincial election. Prior to the 1952 provincial contest, three Liberals sat in the legislature and only one was added by the election. The party also lost out to the Conservatives in the by-election at Red Deer just before this year's legislative session.

Mr. Hawrelak has been prominent in the party for some time, if not publicly, at least behind the scenes. His name was mentioned frequently as a possible Liberal candidate in the Edmonton East or Edmonton-Strathcona ridings in the last federal election. At that time he told those who asked him of the possibilities, that he was more interested in his mayoralty job.

He still has 18 months to complete his term as the capital city's chief magistrate but that would make him free to contest the next provincial election, probably in 1956.

Any change in leadership will not occur, at any rate before the next provincial Liberal convention which is scheduled for the fall.

Said Mr. Prowse: "The Liberals in Alberta have ,and will continue to have, the right and opportunity of deciding who their leader should be at every annual convention. Meanwhile we shall continue our organizational work."

WET WEATHER AND TELEVISION

Wet weather last week may not have been good for farmers trying to plant crops or urban residents wanting to put in gardens, but it was good for television reception.

An Edmonton radio shop (or radio and television as such firms designate themselves these days) reported 'freak' TV reception from stations at Rock Island, Illinois and Green Bay, Wisconsin.

It is freak reception. It happens infrequently and only when the weather conditions are right, which means lots of moisture in the air. The dampness promotes what is known in the trade as 'skip', which means the atmospheric conditions cause the pictures to be relayed over long distances.

It is not a thing which can be depended on and certainly is not a basis for buying a television set.

There have been many TV sets sold in Alberta and the rate of purchase is increasing as plans for TV broadcasting this fall progress in Edmonton and Calgary.

It has been stated that the range of TV stations in the two cities will be about 100 miles. Again, reception may be picked up beyond conditions are right.

Why anyone as far north as Yellowknife would have a TV set is a mystery. But someone has and a recent report states that on more than one occasion programs have ben received from U.S. TV stations.

At an address here last week, G. R. A. Rice, manager of CFRN, which has received permission to establish a TV station in Edmonton, said in the early stages there will be only a limited choice of programs. There are no plans to televise sports attractions as they happen during the first winter of operation. A staff training program now is taking place.

OIL AND GAS INCOME HIGH

If last week's $14,829,868 the government reaped for oil and natural gas leases and exploration rights did not top the record $31,675,042 set in January, it still is almost $7,000,000 more than was received in the largest sale last year.

The total for the two sales this year, $46,504,910 is far greater than the slightly more than $20,000,000 received throughout the whole of last year.

Last week's sale showed that oil companies are interested in exploring ever-widening fields. Despite continued interest in the big Pembina field, west of Edmonton, there was considerable bidding for leases and rights in the Sturgeon Lake and Swan Hills areas, northwest of Edmonton. The largest single price paid was for a parcel in Sturgeon Lake field, just east of Grande Prairie. The Swan Hills are about 100 miles northwest of Edmonton.

PRESS AND RADIO

Press and radio groups urged the use of every means possible in the campaign against the dangers of speed, drunken driving, carelessness and the flouting of traffic laws.

Expansion of the Alberta Safety Council, with branches in all the towns and villages, and its use was as a co-ordinating body on safety measures was recommended by most groups.

The first pledge was signed by a 13-year-old Edmonton Boy Scout, called to the platform at concluding sessions by Mr. Taylor who is prominent in scout work. The premier's signature was the second.

C. W. L. PICNIC DEWBERRY
Annual C. W. L. picnic will be held on Dewberry Sports grounds on Sunday, June 13. Ball games, races, bingo and darts. Refreshment booth, groceries. No admission charge. 49

WOODVALE
Dance at Woodvale Friday, June 18. Music by Hopestads. Everybody welcome. 49-50

## Paradise Valley

Rain and still more rain. It has become quite a habit of the weather man to order showers every day and as a result seeding is sadly delayed in this district. Unless we get a very late fall we are afraid that we will have a supply of low grade wheat on our hands.

Congratulations to Mr. and Mrs. Harold Fair on the birth of a daughter, Meredith Lynn, born in the Lloydminster hospital.

Have you a pen in hand? Well, mark the 23rd of June on your calendar. That is the day when all interested in the Oxville cemetery will take an afternoon off and come and help clean up the grounds and attend the annual meeting to hear reports and elect your officers for the coming year. Let us all turn out and keep the resting place of our loved ones a credit to the community. Oxville cemetery has been well cared for during the past 30 years so keep up the good work. Bring your fork, rake, scythe and whatever you have that will help with the work. Lunch will be served as usual.

The rain on Friday spoiled the big track meet that was to have been held at Kitscoty by the A.T.A. It had to be called off after the jumping contests. We understand it will not be completed this year.

# Floats Invited For Chuck Wagon Races

Chuck wagon days here June 19 and 21 will be started off with a parade in which all chuck wagons, outriders, chariots will appear, headed by the famous trick riders, the Dewar Sisters. All organizations and business men are invited to enter floats in the parade also. Everyone interested, please contact Alex Callas. 49-0

HUNTING & FISHING BOOKLET

The Canadian National Railways has published its 1954 edition of Hunting and Fishing in Canada. The booklet carries a complete catalogue on wildlife centres from B.C. to Newfoundland, as well as provincial hunting and fishing regulations and information regarding tourist camp sites.

How big is a Profit?

A lot less than most people think!
The only quarrel most people have with profits is ... they think they are too big ...
But how big is too big?
To find out, survey people rapped on doors right across Canada.
Most Canadians think companies like Imperial make 29¢ on each dollar of sales. Most of them think such companies are entitled to make about half that ... 15¢ on the sales dollar.
Imperial's profit in 1953 was actually less than 8¢... less than a third of what most people thought we made.
Esso IMPERIAL OIL LIMITED

Do you still hold any War Savings Certificates?

## WILDMERE WORKS

Rain -- It surely can rain but even at that it's much better than floods wind and fire Roads are very soft Seeding is not yet completed in our district although some are almost finished

Deepest sympathy goes out to Mr and Mrs John Toner Jr on the loss of their little daughter last week May you find comfort in knowing she is now at rest

The Wildmere Beavers Girls club dance held last Friday night at Basnwood school turned out better than at first thought. With the rain and muddy roads not a big crowd turned out but it was a very sociable evening and everyone had a nice time. A draw on a table cloth and purse was made Mrs J Wallington won the cloth and J Bathe won the purse. Horpe stad's furnished the pepsi mixe and Roy Garnett was MC The girls did not make much financially, but they had a good time Alice Souffret and Shirley Underdown from town were out

Our student minister is having a difficult time holding church with the muddy roads people are unable to get out and he has to walk a lot of the time too. With good weather the roads will be gravelled and then everything will be much better We don't always have a spring like this Mr Pisanto.

The writer had nice chats on Saturday with Mrs Moore whom we had not seen for nearly a month with Mrs Brent Macnab Mrs Williamson, Mrs Mac Gillivray Mr and Mrs Frank Dibben. Mrs. D McGrath and Charlie Buck

## Music Recital, Tea Held for Mothers.

MANNVILLE A recital for the mothers and friends of their pupils was held on a Saturday afternoon recently by Miss Betty Proudfoot and Miss Adele Matney Each one of the leaders played two selections after which a lovely lunch was served The parents appreciated the time these girls have given to the children Pupils of Miss Matney are Rena Jim Sargent, David Croft and Greg White. Those taught by Miss Proudfoot are Myrna and Diane Whitson, Barry and Sharon Weaver, Alex Johnson, Allan Mann and Don Willes Don was unable to play on Saturday due to illness

## New Design For Canada's Bank Notes

OTTAWA. - Graham Towers, Governor of the Bank of Canada displayed to members of the Parliamentary Press gallery recently the new issue of Canada's bank notes bearing the portrait of Queen Elizabeth II. The new issue is dated 1954 and will begin to replace the current issue in September.

The most noticeable feature of the new design is the placing of the engraved portrait of the Sovereign on the right-hand side of the face panel instead of in the center as at present. This new position places the portrait where it will not be subject to the wear occasioned by the constant folding and unfolding of notes through the center. Because of this the engraved lines of the portrait will retain their clarity and crispness for a longer period. The new position also permits a better arrangement of lettering.

Second most notable feature of the new notes is the reduction of elaborate ornamentation in design, including the elimination of the decorative oval framing around the portrait Simpler styles of lettering and type have been used The Governor of the Bank pointed out that these changes all contributed to better legibility as well as to the safety of the new issue.

Another change that came in for comment and approval was the replacement of the symbolic figures and scenes appearing on the backs of the present issue with engravings of photographic scenes of Canadian countryside. Mr. Towers emphasized that these scenes were not chosen because they represented particular places but because they were characteristic of a number of areas in Canada.

It was explained that the opportunity provided by the decision to redesign had enabled the adoption of more efficient production methods One change had resulted in a distinctive 'feel' which would contribute to safety Another was the production of the characteristic colors of denominations by new and safer methods.

Mr Towers said that preliminary arrangements were now being made for the major issue of currency notes and this had prompted the decision to hold a number of advance showing for editors, press correspondents and others in various centres. He said that the Criminal Code provisions which prevented any illustration of currency left no practical or effective method of making available early information on the new design.

Distribution of the new notes will be effected as worn and soiled notes of the present issue are withdrawn from circulation and it will therefore be some time after September before the exchang is completed.

## Alarming Toll Of Tractor Deaths

The alarming toll of tractor deaths in Alberta calls for prompt and effective measures to curb this menace.

Special efforts are being initiated by the Alberta Safety Council to promote greater farm safety.

In 1953 there were 21 deaths in Alberta through tractor accidents. Of these victims, 17 were drivers. In 7 cases, the fatality was due to the tractor overturning on a hillside. In 6 other instances, death was caused by the machine turning over while on level land.

In addition, two passengers and two bystanders were fatally injured in tractor mishaps.

Last year, 15 drivers were injured in tractor accidents, in addition to two passengers and two bystanders.

Excluding tractors, there were 36 fatal farm accidents last year, which, with 60 non-fatal makes a total of 103. The majority of such accidents involved persons over 40 years old.

This year, tractor safety is being stressed at rodeos, summer fairs and other gatherings. Numerous posters of this subject have been distributed by the rural safety division of the Alberta Safety Council.

Wide interest has been created in the rural essay competition which was inaugurated by the Alberta Safety Council for students of grades 7 to 9 years ago. In 1953, 41 school divisions took part and 21,000 pupils were involved.

Again this year, the top three essay writers in the province will be awarded $50 for 1st prize and $25 each for second and third winners, besides an all expense paid trip to Edmonton and a complimentary dinner for the winning pupils and their teachers

A meeting of the council of the International Wheat Agreement will be held in London England this month. The question of prices will undoubtedly be the most important item on the agenda.

## Tips on Touring

By Carol Lane
Woman's Travel Authority

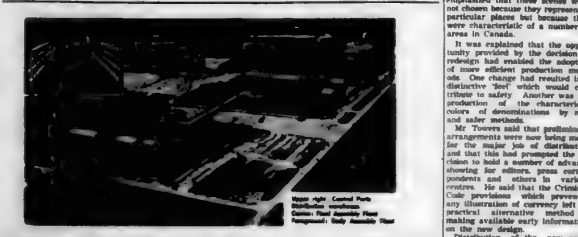
Enthusiasm for a camping vacation is something delightful, unless with experience it begins to dawn that it is better to practice camping previously, and avoid its pitfalls is to start on the installment plan. It will be at a time This helps avoid such disheartening discomforts as soggy sleeping bags, lopsided tents, inequalities of ice, milk for waffles which can spoil overnight.

For the first trip select a site camp by day. It provides refined sleeping and eating facilities with virtually all the equipment you need for a gentle introduction to camping.

On the second trip make a minimum investment in the smaller essentials but rent a tent sleeping and cooking equipment Sleeping bags are not supplied take your own blankets! Vary the types of equipment you rent during a few subsequent trips so that you can decide which you prefer to buy. In this way, you not only eventually make more satisfactory purchases but you spread the total investment cost over a period of time

The best sources of information on campsites in Canada are the Canadian Government Travel Bureau or Provincial Tourist Bureaus

Confirmed campers enjoy the "closeness" with nature the serene hilltop of field and stream sports and the superior satisfaction of making their own fun And since campsites have such a low rental per night their economy for vacationing families can't be beat!



Major right: Control Tower of the new Oshawa Airport. Centre: Aerial View of the Plant. Foreground: Only Modern Plant

Fifty-six acres are under roof at the site of the largest automobile manufacturing centres in Canada. General Motors' new assembly plants in south Oshawa. The factories (shown above) to be officially opened this fall, will produce all Old passenger cars built in Canada. In all-out production the modern assembly plants, which cover 61½ acres of the 94 will raise Old's capacity by more than 25% to 1350 vehicles a day Insert at upper left shows hydro-red paint drying oven, a new installation that bakes paint from inside out to produce tough high gloss finish. The Oshawa development is one unit of a General Motors expansion program that has seen 100 million invested across Canada over the past four years.

IN YOUR SUB PAID UP"

The Look of Tomorrow in Chevy '54 GMAC Value

Take it Easy

you don't have to prove a thing!

Let's be candid—Buick is a driver's car. A champion yachtie doesn't go around talking people in everyday life

A world-record sprinter doesn't have to demonstrate his prowess on city sidewalks.

The boxer you are, the less you have to prove it.

And that's how it is with a Buick Convertible.

Of course it's a spectacular performer—as one with phenomenally responsive acceleration. It has to be—for it combines a high-compression 188-horsepower V8 engine with a sizable weight of only 3885 pounds as it comes off the assembly line.

That's a power-to-weight ratio that chalks up a new record—a ratio that no other Buick has ever matched before.

It can spin your wheels on a dry pavement if you give it the gun, but why waste rubber?

If some show-off wants to get the jump on you at a traffic light, why not let him have him? He can't holding anyone but himself, when the same on your car is Control.

The real pride of owning such a car is simply this You know so well what it can do that you never have to prove it.

That less you enjoy the tireless ease of its gait in ordinary driving, when only a fractional of its eager power is working. It gives you a quick reserve for breasting a hill—and the happy knowledge that there's still more to come in a sudden emergency.

Sure, this is more power than most people really have to have. But you can hardly call it extravagant, when you are buying more horsepower per dollar in a Convertible than you get in any other car in Canada.

No other car gives you all this:

Uncle CHARLEY'S Epi-Sirins

6-8-99

Grandpa Hodges thought he swallowed his upper plate but it was only Grandma's pie crust.

Some folks just seem to ease personality while others are just plain dripe.

Many a chap radiates and illuminates who ain't lit up.

When Eol Klinger was asked how long he had worked at the depot, he said ever since they had threatened to fire him.

Nachin's as disgustin' as a run in a stockin' that you can't hide.

It money does talk why don't ours say something?

It sure takes dough to be one of the upper crust.

When a chic gits catty the wolves leave her alone.

When a crook decides to go straight it's a turin' point.

Too much night life sure shortens your days.

Hmm, one thing nice about men is; women.

— REV. CHARLEY GRANT

British flour millers are using close to 20 per cent of domestic wheat. This policy means that the use of Canadian hard spring wheat is a must if the quality of the flour is to be maintained.

Soil moisture is reported to be deficient over much of the United States spring wheat area, particularly in North Dakota.

Check that date on your label!

## ISLAY W. A. SHIPS CLOTHING TO KOREAN WAR VICTIMS

Monday evening a friendly ball game was staged at Kenilworth between Islay and Kenilworth. Our boys didn't win. It was the first game of the season.

The annual Strawberry social sponsored by the W.A. of the United church is set for June 30th in the evening. We are hoping for nice weather and for a ball game too.

In spite of the very heavy rain we at Islay had on Thursday, June 3, which didn't spread far east or west of us, we learned when we arrived at Mrs. D. Martin's for the W.A. meet, 22 women, 10 wee children were there. It was a grand meeting. Mrs. Neil McLennan led the devotional and also read a fine item on stewardship. We have a huge box of clothing packed ready to be shipped to Edmonton on the way to Korea -- we will ship again later in the season. Also we would like to get the food parcel away to the German pastor and family as soon after the 13th of this month as possible. If you wish, leave your donation with M. Bloore or Miss S. Anderson. We have been neglectful about this parcel. We learned that our parcel for Xmas arrived to them in time and for which they are so thankful. You would know if you read the letters they send in return. It must be terrible to be very, very hungry. Our next W.A. meeting will be at Mrs. Doris McFadyen's and as

Mrs. Charles Robertson spent the week at Banff attending the Conference of the United Church

Mr. Charlie Hanna has returned from Edmonton after being with his brother David who is in hospital there and has had an amputation below the knee Charlie reports Dave doing nicely.

Noticed in town Mr. and Mrs. Good, Walter Carlson and family, Bert Gould. Cliff Ondenbergh who says he has only one more day of seeding to do, his brother Ray has finished entirely; also saw W. G. Purves and Mrs. Purves, the Wylies from south, Gerald Coulton

Searle agent reports seeding of wheat in Islay district complete except for fifty per cent less acreage than planned, coarse grains 50 per cent in.

## "ALL THINGS ARE POSSIBLE"

The Yale University Center of Alcohol Studies is responsible for a large body of scientific information on the modern concept of alcoholism as a disease and on methods of detection and treatment. This approach, however, is not new to the Salvation Army, which has always been peculiarly successful in its work with the alcoholic.

General William Booth founder of his Salvation Army, anticipated present day thinking by 50 years, in his book, "In Darkest England and the Way Out", published in London in 1890. Booth proposed the establishment of homes for alcoholics, stating:

"While in one case drunkenness may be resolved into a habit, in another it must be accounted a disease What is wanted in the one case therefore, is some method of removing the man out of the sphere of the temptation, and in the other for treating the disease as a disease bringing to bear upon it every agency, hygienic and other wise, calculated to effect a cure We propose to establish homes which will be accessible to persons of any class choosing them. This is a national vice and it demands nothing short of a national remedy."

Alcohol is recognized today as one of North America's leading social problems. On the Skid Rows of the continent are thousands of men brought down to the "street of lost hope" because of an insatiable thirst for alcohol

Canada's leading cities are no exception Once an alcoholic has expressed a desire to reform he is given every assistance possible He is provided food and shelter until able to take care of himself given individual counselling and encouraged to depend on God for victory over the apparently impossible

The basis of the program is the validity and power of spiritual conversation This religious therapy or technique of faith is the oldest method of treating the alcoholic and is recognized and approved by the Yale School

The important step in the procedure involves the man's willingness to kneel at the altar asking God's help

It is believed that a man's ability to be independent is an important step on the road to rehabilitation. After a period of 14 days residence if he has proved himself he is listed with the Employment desk and sent out on jobs in private homes and industry.

Any men who is self-supporting is expected to pay for his meals and lodging. He may help supervise the dormitory and recreation room, take part in projects to benefit the Centre of the families of the members, attend classes in Bible study, and work with the men in the various meetings Because of his own experiences, the ex-alcoholic can speak with authority when he tells a newcomer that it is possible to beat Skid Row.

There is no time limit to a man's stay at a Rehabilitation Centre, although the average stay for permanent rehabilitation is 6 to 8 months.

Not every man who "comes on the program" can be counted as being successfully rehabilitated. Some become discouraged and leave; others start drinking again while away from the Centre and do not return. But many who have left apparently no better than when they entered, have tried again in other cities and have at last come through to a finish

Many of the men are repeaters but as long as they ask for a chance to make good they are never turned down. Some who have seemingly failed less have, after repeated attempts finally made good

The happy ending to the story of so many one-time Skid Row derelicts is that they have become respected, useful members of society

But there are many more on Skid Row And night after night The Salvation Army's door is open and its message sent forth to those in need The Salvation Army believes that with God all things are possible As evidenced in the lives of men who may be down but with God's help certainly not out

On May 1 Canada had 62 881 881 pounds of butter in store including 33 million pounds held by the government

Australia is greatly concerned over that nation's wheat exports A controversy is raging in that country as to whether or not wheat acreage should be reduced One unsubstantiated report suggests that Australia may cut its acreage by 40 per cent close to the first price under the International Wheat Agreement $1.55 a bushel

Manufactured and Distributed in Canada by McColl-Frontenac Oil Company Limited

# Teachers Salary Schedule Settled In Vegreville School Division

The May 31st meeting of the Board of Trustees of Vegreville School Division included the settlement of a Teachers' Salary schedule with the negotiating committee of Vegreville Local A.T.A. Negotiations with proposals and counter-proposals had begun at a previous meeting and were continued to an agreement on Monday. Increases were granted by the Board at a cost of some $15,000 with an average increase of about $200. The increases for individuals will range from $100 to $500. The new salary range will be from a minimum of $2100 to a maximum of $5400.

All basic salaries were increased $100 with increments for experience ranging from $100 to $1300 according to the years of training. The maximum for supervision was increased to $800. The married status allowance of $100 will continue in effect. In addition the Board granted a clause that will give cumulative sick pay allowance after Sept. 1, 1954.

The Board meeting was presided over by Chairman S. Hinton and Trustees R. J. Whitson, M. T. Tym, W. G. Porayko, A. T. Mandruk in attendance. Salary negotiations on behalf of the teachers were carried in by H. P. Chomik, G. Kravetz and Mrs. L. Park.

When the Board meeting opened the minutes of the previous meeting were adopted, also Treasurer's report showing a cash balance of $17,707.04. Tr. Porayko was authorized to represent the Board at the School Administration short course together with the secretary.

The report of Supt. F. B. Facey outlined classroom space that would be available for the coming term. Resignations were received from L. Svenson, D. Purvis and H. C. White. One year leave of absence was granted to L. Kott, E. Machorski and M. Morrison. The Board appointed Morris McCallum to the principalship of Minburn school. Alex Federuk was appointed vice-principal of Vegreville Primary school. There are already a number of vacancies on the Division staff and a likelihood of more resignations being received.

The Board discussed the cost of tuition and transportation that has been furnished to Division pupils at St. Martin's school. Three buses have been in service from Vegreville Public school to St. Martins. After full discussion the following resolution was passed by Board: "Whereas space is available in Division classrooms in Vegreville for all Division pupils in this area, therefore be it resolved that from Sept. 1, 1954 the Division does not assume responsibility for tuition fees at St. Martin's Separate school nor for the transportation of pupils from the Vegreville Public school to St. Martin's."

The Board received reports of new construction in the Division. The classroom conversion at Mannville has been completed; Primary school at Vegreville requires outside painting and the finish coat of stucco; foundations are being placed at Lavoy and Minburn.

The Board authorized acceptance of following tenders for material; the lowest tender being accepted in each case—Minburn, Imperial Lumber, $3521; Lavoy, Imperial Lumber $7144; Painting at Mannville, S. Manyluk $885; painting at Innisfree, R. Goduy, $504.20; School Supplies, Smith, Davidson & Leckie.

A preliminary report was received on water and sewer tax in the Village of Mannville. Further information will be required on yearly costs. Authorization was given for utilities connections for the Division's schools and the residences in Mannville.

Nine applications were received from persons wishing to provide and operate school buses in the Division. The following applications were accepted by the Board: Fairwood route, L. H. Frederking; Kiew route, Nick Dub; Nuttborough route, N. Yakimyshyn. A bus route from Mannville to serve Lake Geneva and Fidelity was authorized by the Board.

A letter from the Co-Terminous Boundary Commission was received proposing a major alteration in the first boundaries set out for this co-terminous area. The Commission proposes to remove the Buffalo Coulee centralization area and add it to the Vermilion area. This area composes about four townships in the south-east corner of the Vegreville Division. The Board was unanimous in rejecting this proposal on the ground that it would encroach on the Mannville area and would reduce assessment in the Division to a point detrimental to school operation. The Council of the M.D. of Minburn has already rejected the proposal of the Boundary Commission.

The Board adjourned to meet again June 28.

## Operetta Proceeds For Jr. Red Cross

MANNVILLE. — The pupils of grades 3 and 4 in Mrs. Lugg's room presented the operetta "The Lost Prince" to a goodly number of parents and friends on Wednesday afternoon last. This operetta was in five parts and the acting, singing and dancing of the various pupils was exceptionally good. The whole class was included in the cast. The children themselves drew and painted the scenery that was used on the stage. Proceeds of approximately $23 will be turned over to the Junior Red Cross.

Many of those who attended the operetta felt that in a way this presentation helped to replace the festivals and that it was wonderful training for the children.

Mrs. Adele Matney was the accompanist for the operetta.

# Of Many Things . . .

By AMBROSE HILLS

*WORK*

In midsummer in my home town you'd nearly always find a group of men sitting and yarning on the bench in front of the hotel. When I was a young lad, I often squeezed onto the bench and listened, and I heard something one day that I've never forgotten.

At the foot of main street that year the Lake of the Woods elevator (we were proud about our town having four elevators) was getting an annex added to it and the workmen took their lunch at the hotel and sat in the sun afterwards with the usual crowd.

This day was very sunny and pleasant and Art Blakely was in good story-telling form, so it was a fine session. When a tall raw boned fellow rose from the bench and stretched and said regretfully "Darn it all, I've got to get off to work," I felt real sorry for him. Two others got up and walked off down main street with him to work at the elevator job.

I waited hoping the stories and laughter would start again. But for some reason a pall settled over the bench and there wasn't a word spoken for a long spell. Then Art Blakely shook his head. "Those lucky devils" he said. "I'd give my eye teeth to have a job of work to go to. Not just for the pay but for something to do!"

I can still hear Art saying that, just as clear as if it were being said right now. Pretty soon, thank the Lord, Art was at work again, along with the others and I happen to know that he really put his back into it and did very well for himself, as he fully deserved to do.

He had learned that work can be pleasant in itself aside from the pay cheque at the end of the week.

I wonder if we have to have bad times once in a while to teach us that lesson? It is a tragic thing that when work is plentiful and pay is high we get the notion we should do as little as possible for the highest returns we can get. First thing we know we get prices jacked up so high folk quit buying and unemployment comes back again, teaching us our bitter lesson. It seems a shame that we can't get the lesson into our heads some easier and more lasting way.

# THE VERMILION STANDARD

Vol. XLV. No. 50. Vermilion, Alberta, Thursday, June 17th, 1954. $2.00 a Year

SATURDAY, JUNE 19th - MONDAY, JUNE 21st

# Chuck Wagon Race Program Promises Great Entertainment

Several chuck wagon outfits have been quartered at the Vermilion race track all week and if the way those horses go round that half mile track is a sample of what takes place Saturday and Monday nights then the crowd attending is in for some great entertainment. The race programs are due to start at 7 p.m. each of the two evenings, June 19 and 21.

Interspersed with chuck wagon races are exhibitions of trick and fancy riding by the Dewar Sisters of the Bar X ranch, Hoosier, Sask., while winding up the program each evening will be a chariot race. The program is exciting great anticipation far and wide and record crowds are expected to attend.

Chuck wagon drivers already here expect that by the time Saturday rolls around there will be 15 top outfits competing for the $1500 in prizes, the biggest prize money offered outside the two big Alberta cities. This means five heats each evening which makes quite a program along with the chariot race and trick riding.

PARADE TO USHER IN BIG ANNUAL EVENT

A parade will usher in what is planned to be an annual event -- and what a parade this is shaping up to be! It will form up at the arena rink corner. In the parade will be two bands, the Princess Pats 40-piece band from Calgary, and the Legion Pipe band. Marching to their music will be air cadets, reserve army soldiers, representatives of many organizations and school children. Then, cynosure of all eyes will be the chuck wagon race crews complete with outriders in their colorful regalia, and riding their beautiful prancing horses will be the two Dewar sisters. It all adds up to the most colorful and exciting event held here in years, two nights of exciting entertainment. Don't fail to attend the first night and you'll be back for the second. Saturday June 19 and Monday, June 21 — see the posters, see the advertising in the Standard, hear it on the radio . . then come to the fair grounds and see the big do for yourselves!

Sponsors are the Vermilion Curling club with proceeds earmarked for the building fund of the new rink.

PARADE ROUTE

Route of the parade is: Start at the arena rink corner, proceed east on Main street to the old Imperial block, south one block to First St. South turn west and proceed past the Treasury branch, the theatre, to the Brunswick hotel and on out to the fair grounds via Railway Avenue with entrance to grounds at the east gate.

## NORMAN JONES YELLS "BINGO!"

Norman Jones has a bingo in the Curling Club Newspaper bingo and no more numbers are being drawn. Norman had bingo right after last week's numbers were announced in the Standard and so far has been the only one to claim the big $200 prize. However, all card holders are given until next Tuesday, June 22 to check their cards. If there are no more bingos Norman will receive the $200. If there are more than one, a tie breaker will be held to determine the winner. Check your numbers from the list below.

B-7, B-9, I-18, I-28, N-44, G-57, O-62, O-68, O-75, N-37, I-19, I-29, B-5, B-10, G-54, O-63, B-4, O-65, O-72, G-59.

I-26, O-67; N-35; G-53; B-13; I-16, B-15, O-73, B-3, I-23; G-48, O-64, I-27, G-55, B-14, O-61, O-66, I-24, B-1, O-70, N-32, G-49; N-38; G-51; B-2, O-71; N-31; G-46, N-39; N-40; I-22, I-30; N-45, O-74; B-11; G-56; B-6, G-60, I-20, G-58. That's all!

## James G. Seymour Passes in Vancouver

A former Vermilion man, James Garfield Seymour, passed away in Vancouver on June 10 at the age of 73 years. He is survived by one son Harvey in Vermilion, a daughter Mrs. George Rose, Vancouver, one brother Bris in Edmonton and a sister in the U.S. There are five grandchildren.

The remains were brought to Vermilion and funeral services held at the First United church on Monday June 14. Interment took place at the Ottawa cemetery.

The deceased came to Vermilion in 1919 and farmed in the Bird Hill district north west of town until moving to Vancouver in 1948.

## Farmers' Meeting To Discuss Marketing Boards

A mass meeting of farmers, called by the Alberta Federation of Agriculture, will be held in the Elks hall, Vermilion, on Friday evening June 18 at 8 p.m. at which Roy Marler, President of the A.F.A. and Karl Kapler, President of the Alberta Poultry Producers will speak on "Producer Marketing Board and Related Legislation".

After the talks there will be a period for discussion. It is expected that Mr. W. R. Cornish, M.L.A. will also be present.

It is hoped that all farmers and others interested in the marketing and price of farm products will attend this meeting.

A similar meeting is scheduled for Kitscoty hall on Thursday, June 17 at 8 p.m.

## Canadian Club Elects J. W. G. Morrison As President

The annual meeting of the Vermilion branch of the Canadian club was held Monday evening at the Junior high school auditorium with a fairly good attendance of members. The President Frank H. Walker gave a resume of the activities of the Club during the year enumerating the different guest speakers and the subjects of their addresses. He regretted this would be his last meeting and assured the gathering he had enjoyed his year in office as well as his connections with the club. He wished it every success. Mrs. Hill read the financial statement which showed the club finances on the right side of the ledger. The membership was reported as over 100. The election of officers then took place when the following were selected.

President — J. W. G. Morrison
1st Vice Pres. -- W. S. Cash
2nd Vice-Pres. Neil MacLean
Sec Treas. Mitchell Taylor
Exec Committee N. N. Bentley, Hilda Cross, Lenora Evans, Lorne Dowling, I. Millar, Mrs MacDonald.

Refreshments and a social half hour were enjoyed at the close of the meeting.

### Prof. Johns Was Guest Speaker

Professor Johns of the University of Alberta was the guest speaker for the evening. The thanks of the meeting were extended to the speaker, also to the officers of the Club and to the Vermilion Standard for free publicity which was of such great assistance to the Club.

Professor Johns of he University of Alberta was the guest speaker for the evening. He selected as the subject of his talk "Education What it is and Why". Education was largely the accumulation of the knowledge of past generations preserved to be passed on to the coming generations for improvements of the standard of living. There was one defect in our system of education — we lack in not including a study of national and foreign affairs in our schools, we also neglect the culture of more than one language. We should teach French, German or other foreign language in our primary schools at an age when they more readily acquire this knowledge and not leave it for our university courses. Pupils should know early in school life that there are more languages than English. He pointed out that while we are now introducing shop work in general this course has been left for advanced education or until he reached the higher grades. He thought that pupils at the age of 15 to 18 should know what use they intend to make of their school training. An opportunity should be given the pupil to work along the course of his choice so that he would be better equipped when he enters university. There was however one deterrent factor. The cost of education was becoming almost prohibitive. We build costly schools and costly universities and in order to overcome this fact he felt it might be a solution to divide the terms into periods of three months for study followed by three months vacation in which the student could earn enough to carry him through the next period and so on until he graduates in whatever course he has selected. He felt some such system might tend towards more cultural advantage to the student rather than our present long terms. It was however a very difficult problem with which we are presently confronted in our system of education to know what should be done.

## Missionary Pledge Totals $2333.00

The annual Missionary convention of the Alliance chapel came to a successful close Wednesday, June 9th with a missionary pledge offering of $2333 being made.

The ministry of the guest speaker Rev. C. E. Gustafson from Laos, Indo China, was especially enjoyed and despite adverse weather and road conditions, the convention services were well attended.

## Princess Pats Band To Parade Here

One of the most highly rated in Canada, The Princess Patricias Canadian Light Infantry band comprised of from 40 to 45 pieces, will play in Vermilion on the first night of the Chuck Wagon races, Saturday June 9th. The famous band will be part of the lead off parade and then will play at the races during the evening. "A" Co. of the reserve army will parade with the band.

This affords everyone a rare opportunity to see an army band play on the march. The parade is due to form up at 5 p.m. and should be on it's way through town by 5.30.

## Two Hills To Play Here Wednesday

Given fair weather the Two Hills ball club, currently sitting on the top of the heap along with Vermilion and Elk Point, will play the Vermilion Tigers here on Wednesday next week, June 23. Game time is 2:30 p.m.

The locals went to St. Paul last Sunday and were out in front 5-0 and still batting in the second inning when the storm burst and rain came down in no uncertain manner. The game will be finished the next time the two teams meet.

Fine Weather All That's Needed for Gala Event

## PROGRAM FOR PARK OPENING IS NEARING COMPLETION

The details of the program for the official opening of the Vermilion Provincial park have now been finalized and so ambitious are they that all that is required for a gala event and a record breaking crowd is co-operation from that very, very fickle fellow the 1954 weatherman. The program is being arranged and directed by the Board of Trade.

Proceedings are due to start at 2 p.m. but there is nothing to prevent anyone from swimming and picnicking before that hour if desired. Promptly at 2:00 o'clock the Red Cross water safety team from Edmonton will give a demonstration with boats. Following this will be swimming races and entries for these must be in one hour before the start of the races. The race program includes the following

12 and under girls 25 yards free style.
12 and under boys 25 yards free style.
12 to 15 years girls 50 yards free style, 25 yards breast stroke, 25 yards back stroke.
12 to 15 years boys same as for girls.
15 and over girls 100 yards free style; 50 yards breast stroke, 50 yards back stroke;
15 and over boys same as for girls.

Cash prizes are being offered in all these races and it is hoped that there will be a good entry in each class. The race program will be under the direction of Mr. Glen Tuck, recreation and athletic supervisor of the town.

At 4:00 p.m. there will be a demonstration of water skiing by local members of that sport group. This will be well worthwhile and very entertaining.

HON. IVAN CASEY TO OFFICIATE

At 3 o'clock the official ceremony will take place with the Hon. Ivan Casey Minister of Public Works under whose department falls the jurisdiction of provincial parks as the guest speaker. W. R. Cornish local M.L.A. and Hon. Anders O. Aalborg have been invited to attend.

PARADE OF BOATS

During the afternoon it is planned to have a parade of boats up the lake in definite formation which will be arranged later. It is hoped that all interested boat owners will have their crafts on the lake for this history-making event.

PARKING AREA

A definite parking area for cars is being arranged at the top of the hill at the south [illegible] and it is planned to block off the entrance by the bridge to ensure free traffic. The parking area will be at the top of the hill and [illegible] the beach only a short walk from where the program will take place.

It is hoped that a band will be in attendance to provide music for the day. Further information about this much anticipated event will appear in the Standard next week. Watch for it.

## Vermilion Man Wed In Unique Ceremony

William Fredrick Van Tyen who works on the F. Van Wageningen farm in the Tolland district was married on June 5 to Miss L. Ch Hymchamp despite the fact that the groom was here and the bride in Holland. The marriage took place by proxy at the City Hall of Wageningen, the Netherlands in a civil ceremony. This form of marriage was not unusual in that country when many girls followed their intended after a few years to Indonesia, then the Netherlands East Indies. It still is occasionally done and the consent of the Queen of Holland is needed before the marriage can take place. There are the usual festivities [illegible] with a close relative or friend of the family standing up for the groom and authorized to sign for him. Mrs. Van Tyen is expected to arrive in Canada about the end of July.

## Swallows Invade Living Room

Mrs. James Wallington of the Wildmere district had a most unique experience this past week with a pair of swallows. To date Mrs. Wallington hasn't put a screen door on her kitchen and during the finer spells of weather the door stood open. A pair of swallows invaded the house and persisted in trying to build a nest behind a picture hanging on the living room wall. Chasing them out failed to discourage the birds they would return at the first opportunity with mud and twigs. A person could almost touch them before they would take flight out of reach. The only solution was keeping the door closed. Now the swallows have a neat trim nest on the outside of the house very close to the kitchen door apparently bearing no ill will toward Mrs. Wallington for having evicted them from the living room.

## Greenlawn Old Timers Picnic July 1st

The Greenlawn Old Timers will hold their annual picnic on the grounds 5 miles [illegible] on Thursday, July 1. The attractions are varied and every member of the family will find [illegible] softball, [illegible] chuck wagon races, the [illegible] band [illegible] all on the program. This picnic has become one of the [illegible] for the people of [illegible] good time always [illegible] this well organized and [illegible] event.

## Fish and Game Competition

The only entries made in the Fish and Game competition have been by local boys fishing in Vermilion Lake. Where are those senior entries? [illegible]

Tony Dixon caught a jackfish that tipped the scales at 2 lb. [illegible] Jimmy Sinden has three [illegible] perch 1 lb. jackfish [illegible] and a pickerel 2 lb. [illegible]

Let's have more entries. What about it Fish and Game members

## Large Entry For Curio And Relic Show At Vermilion

The Anglican Men's Club wishes to announce that they have now almost 500 entries for the Curio-Relic-Heirloom exhibition. The club is amazed at the support it is getting from people in and around Vermilion. It means that the exhibition will be the biggest affair of it's kind ever put on in this part of Alberta.

More entries are solicited. It is fully expected that many citizens with things worth while showing have not yet made out entry forms. It is a big job to record 600 articles and make out name cards so listings should come in ahead of time. See any of the committee consisting of J. W. G. Morrison, A. H. Cooper or E. H. Buckingham.

Old guns, medals, war souvenirs, Indian relics are particularly desired. Everybody has something that is interesting. It does not need to be old as long as it is of interest.

The exhibition will be open to the public for three days, June 24, 25, 26. There will be a small admission charge. You will see everything from Roman pottery to Ostrich eggs in this show. It will no doubt take anyone two hours to make a tour of the exhibits.

## Vermilion Masons Elected To Grand Lodge Offices

S. Carl Heckbert of Vermilion was installed as deputy grand master of the Grand Lodge of Alberta A.F. and A.M. at the two day annual communication held in Edmonton last week, and J. W. G. Morrison Q.C. was elected to the office of district deputy grand master of District No. 10.

Over 500 delegates attended the convention representing the 170 Masonic lodges in Alberta.

## Trustees To Meet

The annual trustees' convention of the Vermilion S.D. will be held in Paradise Valley Saturday June 19 commencing at 10 a.m.

## Honored On 55th Wedding Anniversary

MANNVILLE. On Sunday afternoon children grandchildren and great grandchildren as well as a few nieces and nephews gathered at the home of Mr. and Mrs. Gordon Williams in Vermilion on the occasion of the 55th wedding anniversary of Mr and Mrs R. W. Hamilton, parents of Mrs. Williams. It was a complete surprise to Mr. and Mrs. Hamilton and they thoroughly enjoyed the family gathering. A buffet luncheon was served at five o'clock and Mr. Grant Hetherington proposed the toast to the happy couple. Flowers and potted plants were presented by various members of the family group.

Mr. and Mrs. Hamilton are old timers of the Mannville district moving here in 1919 from Ontario and settling south of town. In 1937 they moved into town and about four years ago they moved to Vermilion. But their many friends in Mannville and district join with the family in wishing them both the best of health for many years to come.

## $3,000 Damage In Three-Way Car, Truck Crash

Ernie Sawchuk of Innisfree was charged in Police Court Monday with dangerous driving, and with not having a drivers license. He was convicted and lost his driving privilege for one year.

The charges arose from an accident on highway 16 last Friday evening when Sawchuk who was travelling east swung out to pass a truck going in the same direction. The truck was a trailer type and had on a load of oil well pipe. Sawchuk apparently failed to take the precaution of seeing that the highway was clear and didn't observe two cars approaching from the east travelling west and meeting the truck at the same time as he attempted to pass the latter vehicle. The first of the westbound cars switched into the ditch but the second had no chance and Sawchuk crashed practically head on into the car driven by K. de Seguin and in which Alex MacDonell was a passenger. The rebound threw the Sawchuk car into the dual wheels of the trailer and broke off the wheels, causing the truck and trailer to jacknife across the highway.

The four in the Sawchuk car were taken to hospital, two were released after examination and two were kept in until Sunday, miraculously having no serious injuries.

Alex MacDonell was the most badly hurt needing 40 stitches to close cuts in his face as he was catapulted through the windshield. He was also badly bruised about the head.

Damage to the two cars and the truck is estimated at from $2700.00 to $3,000.

Sawchuk was driving a 1950 Chev car belonging to the father of a friend of his at the time of the accident. Mr. Seguin who works at the power plant here was on his way to Edmonton to his home for the week end, accompanied by Alex MacDonell who was on his way to a new job.

## Guide and Brownie News Briefs

The Vermilion Guides and the Brownies have been working hard to pass their tests for badges and [illegible] standings before the official year ending.

[illegible] May 27 at an enrolment ceremony which took place [illegible] Mrs. Fred Stewart [illegible] of the Brownies, presented [illegible] with their tender [illegible] Guides with [illegible] badges. The [illegible] girls were also [illegible] this occasion. Following [illegible] Guide leaders [illegible] and Mrs. E. Clen[illegible]

[illegible] K SUPPER

[illegible]

Mrs. [illegible] Manyluk and Mrs. E. Clendenning Guide leaders and Mrs [illegible] Mrs. G. Moffat the [illegible] were then introduced [illegible] and received [illegible] from all present. [illegible] Stewart presented thank you [illegible] of the Guides and [illegible] Mrs. Floyd Bottorff and [illegible] who are presidents [illegible] treasurer respectively [illegible] The supper [illegible] the Guide and Brownie [illegible] Mrs. Stan Manyluk then [illegible] which were much enjoyed by everyone. Next year it is hoped to have another mother and daughter banquet or pot luck supper.

The Guide all day hike which was planned for last Saturday was very definitely rained out. The girls are now hoping for better weather for another day.

ALL DAY OUTING PLANNED

The Brownies and their leaders are leaving this next Saturday morning by bus for an all-day outing at Elk Island park and it is hoped that the weatherman will co-operate.

ACTIVE YEAR CLOSES

Another active year of Guide and Brownie work and play is drawing to a close, but they will be back in the fall, fresh from summer vacations, to start another year. Meanwhile the Guides and Brownies would like to take this opportunity to thank everyone who has helped in any way or contributed to their needs throughout the year. Special thanks to the Vermilion Standard for so kindly printing the news briefs from time to time.

## Marwayne Sports Wed., July 14th

The annual Marwayne Sports will be held on Wednesday July 14. A fine program of senior and junior baseball and fastball has been arranged. This event is sponsored by the Marwayne Elks. 50-2-1

Best wishes for a long and happy wedded life are extended to Mr. and Mrs. Alex Donaghy (nee Florence McNern) of Wainwright, who were married at Wainwright on Thursday last and are now away on their honeymoon.

Ladies' nylon hosiery will drop 10 to 20 per cent this month for major brands. The price cut is to be coupled with special promotion drives. The reason is oversupply says The Financial Post. Costs have not changed substantially.

VERMILION, ALBERTA, THURSDAY, JUNE 17, 1954

*A BIG JOB GROWING RAPIDLY*

Development at the Vermilion provincial park continues rapidly although harassed by wet weather of this spring. More sand has been added to the beach, additional dressing houses built, piers constructed and several miles of scenic roadway graded on both sides of the lake. All this has been done under the direction of the local parks board comprised of three men, with the active co-operation and help of the provincial government, V.S.A., municipalities and volunteer labor of citizens at large. The park project is now proving so popular, the possibilities so enormous that in time the provincial government should step in and take over the active management and development. There is a great and growing desire by Alberta people for easily accessible recreation spots such as the Vermilion park is proving to be and the province might well embark on a policy of parks promotion along the same lines as carried out by the Dominion Parks Board at Elk Island. The starting place for the province should be Vermilion where development by local effort has already made the park a popular boating, fishing, picnicking and swimming spot for hundreds every week end.

## Atom Age Wealth

This country is more richly endowed with hydro power resources than almost any other in the world.

The day is in sight however when existing sources just won't [illegible] the growing demand of industrial development and a rising standard of living.

History has plenty of examples of countries or areas that declined when they ran out of certain natural resources. On this continent we have ghost towns where local resources petered out.

In the atomic age, however, says The Financial Post, Canada should have no fears about becoming a ghost country. With vast stores of uranium from which atomic energy is developed, Canada is again fortunate in having generous supplies of the material that will be sought as the answer to her, and the world's, future power needs.

## Students Story Of Wheat

The publicity department of the Alberta Wheat Pool has just published a pamphlet entitled "The Students Story of Wheat" by E. A. Patching. Copies can be obtained free of charge on application to the Alberta Wheat Pool, Calgary.

"The Students Story of Wheat" was prepared for the use of Alberta public school students and explains in simple language the history of wheat growing, its expansion over the world, particularly in Canada, and handling and marketing operations. An explanation is given of the varieties of wheat grown in Canada and the methods used by farmers in its production and harvesting, also in selling.

Other chapters deal with grading of wheat, the grain movement from country and terminal elevators and flour milling processes.

This booklet is for the particular use of teachers and students, but others may find its contents interesting and instructive.

## Plant It, Enjoy It

The new booklet in the Canadian Bank of Commerce series on every day farm problems contains information of value not only to rural dwellers but to farmers and urbanites alike. Entitled "Plant It, Enjoy It", this latest in the series is for the amateur gardener and covers care of lawns, flowers, trees and shrubbery. Prepared under the direction of James B. Liddell, F.R.H.S., former director of the Niagara Parks Commission, it covers gardening problems common to both the amateur with a window-box full of petunias and the enthusiast with an acre of lawns and gardens.

The booklet starts in at the "ground floor", care and maintenance of the soil itself, and follows many phases of gardening through the development of good lawns, flowers and shrubs, to the selection and planting of shade trees.

Dressed with descriptive cartoons, the booklet suggests methods of cultivating good, healthy lawns, the choices of annual and perennial flowers and their peculiarities, various herbicides now on the market, tips on watering the lawns and many other valuable suggestions for a successful 'green thumb'.

Starting new lawns is a separate section of the booklet included especially for the owner of a new house whose garden-to-be is now the repository for unused building materials. In these cases, the garden soil is usually unsuitable subsoil excavated from the basement. How to turn this into a loamy soil perfect for grass is one of the many valuable sections of the booklet.

Which flower to plant, whether annuals or perennials, and their characteristics, should help beginners immensely. The booklet points out the difficulties and the advantages of various blooms, and the proper procedure to bring them from seeds to riots of summer color.

For the gardener with enough ground for trees, a section of the booklet deals with deciduous trees, and another covers evergreens, general nature on the placing of trees and proper planting procedure.

This free booklet is available at any branch of the Canadian Bank of Commerce. Whether you are a newcomer to gardening or an old hand, it contains useful information best realized in the sense of personal satisfaction any citizen feels in the fresh appearance of his property.

# THE RED SHIELD TAG DAY

Twice Rained Out, will be held

**SATURDAY, JUNE 19th**

Citizens of Vermilion and District are urged to support this effort, which will enable the Salvation Army to continue its humanitarian work among all.

This space donated by

**SHOPRITE FOODS**

"Better Buys in Better Foods"

*COME IN AND "SHOPRITE"*

# "GREEN ACRES"

TRIP TO ONTARIO

Ontario needs farm workers for haying and harvest. Cost of ticket is $10 and $11.50 for return trip. Age 18 to 60. Starting date June 20. Write, telephone or call at the office of district agriculturist.

BERRY PICKERS WANTED

Two hundred girls wanted for picking berries in B.C. The going date is June 20. Cost of ticket is $10 out and $5.75 for return. Anyone interested should write, telephone or call at D.A. office.

ALBERTA FEEDERS' DAY

On June 5 the U of A had a big crowd of stock men in to their annual feeder's day. I wish that more farmers from this area could visit the University farm and hear the professor's report on the results of the experiments. However, you can get a copy of the results from my office.

HIGH PIG GRADES

A farmer from Kitscoty reports that he got premiums for A grade and B1 on 18 out of 19 pigs which he sold recently. The premiums amounted to $27 which is half the price of a pig at present prices.

2, 4-D NOT POISONOUS

Several farmers have asked me lately if pasture sprayed with 2, 4-D is poisonous to live stock. No, 2, 4-D is not poisonous. You could drink a cup of it yourself, although tea or coffee is recommended. Sodium chlorate which is used for perennial weeds is poisonous however and must be handled with great care around live stock.

NEW HEDGE PLANTS

As a hedge caragana is a nuisance. Lilacs, Manchurian elm, white spruce, Colorado spruce and Siberia larch are all suitable. If you want a low growing hedge pick on the Peking Cottoneaster. Most of these hedge plants can be obtained free of charge from the government.

# NEWS from ISLAY

On June 21 there will be a 4-H Club meeting in the school in the evening. A special speaker will be in attendance and a representative from the Agricultural college, Vermilion. Information will be given on Field Husbandry and answers to members' problems. So all members especially, and anyone else interested in agriculture, please be present. It is the hope to make this club 100 per cent — attendance, interest and care of plot. That means all working together.

SCHOOL TRUSTEES TO MEET

The Trustees convention is Saturday, June 19 at Paradise Valley and begins at 10 a.m. This is not only for trustees, but you, the taxpayer may find some problems straightened out. Are we getting value for our tax money is a question we often hear.

Mrs. J. Carey left Saturday for Glengary, Ont.

Don't forget the Strawberry shortcake social June 26 in the hall at 7.30 p.m.

PARACHUTE CAUSES EXCITEMENT AND FIRE

There was some excitement on Tuesday afternoon at Bill Waterfield's. We were having a cup of tea. Bill had just gone out, when he called for us to come quickly, that a plane had dropped a parachute - a pretty orange-colored one. By the time Lila, Gladys and I had gotten outside the parachute had landed out of sight behind some poplars. The plane circled the house, close, and then headed east. We expected to see a man come out [illegible] behind the bluff but instead smoke arose, and more smoke, so we went down and had some fighting to do to put out the fire which was spreading in the cow pasture towards Mr. Linton's pasture and if it had reached that old prairie wool it would have cleaned off the pasture in quick order. There were a couple of boxes, size of a storage battery and a few hundred feet of light wire, a bit of orange silk still on one box. We are anxious to know the meaning of this. This 'thing' also put out the electricity at the Waterfield home. In a short time the Utility repair crew had the lights on again.

## Letters to the Editor

This paper does not hold itself responsible for opinions expressed by correspondents

Vermilion, Alberta.

Dear Editor:

Once again we are being pestered by dogs of all breeds, colors and sex, raising havoc in our gardens and lawns, and committing many unsanitary and destructive acts. If other towns and cities can compel dog owners to keep their animals on their own premises, why cannot Vermilion?

If you love a dog well enough to want to have one, you should also love him well enough to protect him from being booted around by your neighbors.

Disgruntled Tax Payer.

## Sixteen Years Ago Today

*June 16, 1938*

The Bank of Montreal is closing its branches at Mannville and Islay effective July 16.

Angle Lake pioneer George E. Anderson was laid to rest at the Angle Lake cemetery.

Mr. and Mrs. P. G. Pilkie celebrated their 63rd wedding anniversary.

An appeal was being made to cat owners to keep their pets in at night during the season in which the young birds were learning to fly. (Still holds good today too - Ed.)

Leg of spring lamb was 25c per pound, shoulder 20c; picnic style shoulders of pork 25c lb. Men's suits with 2 pair pants $15.00.

## Thirty-two Years Ago Today

*June 14, 1922*

The opening of J. B. Landon's new hall and store at Landonville is to be celebrated with a grand concert and dance on Wednesday, June 28.

Stephen Hrynyk began the erection of new store premises on 1st street south, to be solid brick size 30 by 70 feet.

Supporting a move for better highways a good roads association was formed in Vermilion with Dr. Smith, president; F. C. Long, Wm. Steele, J. W. G. Morrison, A. E. Kaiser, J. A. Kirkpatrick and H. Stone on the executive.

A shower was held in honor of Miss Peggy Watson, a bride-elect of the month, at the home of Mrs. I. Winters.

## Bowtell Bulletin

Little Jimmy Williams is home and doing nicely after his recent operation for appendicitis in the Vermilion hospital.

Kenny Risdale left Friday for Rochester where he expects to work for the summer.

Did we ever have rain here the past few weeks — making work on the land still later! Most of the ball games have been rained out.

The Knutson family spent a few days recently visiting in Saskatchewan.

Mr. and Mrs. Alex Morrison have returned from Ithaca, N.Y. after a 5500 mile car trip. They report a very enjoyable holiday.

Miss M. Gow spent the week end at home from Edmonton, and Mrs. Gagnon is back among us once again visiting her daughter and family Mr. and Mrs. Logan Gow.

Arnold Maggs journeyed to Edmonton for medical attention to his jaw. At time of writing he is a patient in the Vermilion hospital.

Say Neal, we heard that you had a real bath or was it just a mud one?

Joe Payne was an Edmonton visitor this week.

## P. V. Minister Receives Degree

PARADISE VALLEY. — Rev. David D. Davidson, United Church of Canada minister serving the Paradise Valley-Edgerton charge, received the degree of Bachelor of Divinity (in absentia) at the spring convocation of Queen's University, Kingston, Ont. This is the third successive year that Rev. D. D. Davidson has received recognition for his University studies; in 1952 while serving as a Chaplain with the 27th Canadian Infantry Brigade in Germany he received Bachelor of Art degree (in absentia) from Queen's University; in 1953 he received his Testamur in Theology from Queen's Theological College, and a Certificate of Qualification as a Captain in the Royal Canadian Army Chaplain Corps from the C.O.T.C.

Rev. Davidson looks forward to many years of service to his Lord and to God's people everywhere.

Rev. and Mrs. Davidson have returned from attending the Alberta conference of the United Church of Canada which was held in Banff.

## 50th Annual Sports Day At Mannville

MANNVILLE. — Mannville will celebrate its 50th annual sports day this year and many old timers who were at the first celebration will be on hand again this year. For the past 50 years, Mannville has celebrated on July 1, Dominion day, and this year the program promises to be bigger and better than ever. This will be a day for the whole family.

Starting off with a grand parade led by a pipe band, decorated bikes, cars and floats will be featured. Arrangements are underway to assure the fans of a full day of baseball, fastball, athletic events, tug-o-war, skeet shoot and novelty events including tilting the pole, sack race, slow bike race and the old time pillow fights etc. There will be rides and midway attractions and a grand platform attraction by a group from Edmonton which will be announced later.

Prizes for senior baseball will be $125, $75 and $35. Country and Junior tournaments will pay off with $75 for 1st, $50 for 2nd and $25 for 3rd. Ladies fastball $35 and $20. A fastball tournament for the boys and girls will give them a chance to get in on the money. The undefeated Chailey team will be featured in the tug-o-war, and Mannville and district organizations will vie with one another for the honor and prizes in the best decorated floats and cars, and the kiddies will be well paid for their trouble in decorating their bicycles, a prize for each bike decorated. Come out one and all and make it the best parade yet.

With ... these attractions plus a dance at night this should be a grand day for young and old at Mannville's 50th celebration.

# News Notes From Your District Home Economist

FARM WOMEN'S WEEK

Farm Women's Week will be held at the school of agriculture at Vermilion July 12 to 15.

Accommodation is provided in the school dormitories at a charge of $3 per day for board and room. No charge is made for children under six years of age, a charge of $1.50 per day is made for children 6 to 12 years. No other fees are charged.

For mothers who must bring a baby or small child with them, supervision for the children during class hours will be arranged at no extra charge. However it is necessary to advise the school well before arrival if bringing a baby or child so that suitable arrangements may be made.

Please bring your own towels, soap and toilet articles.

The program is planned to include lectures and demonstrations in practical Home Economics topics as well as agricultural topics of interest to farm women. Provision is also made for recreation and relaxation from the routine of home duties on the farm.

If you are within daily driving distances you are welcome to attend for one or more days. Nearby organizations may wish to arrange for the whole group to attend for a day. Please advise the school so that arrangements for meals may be made.

Application forms can be obtained by writing to this office.

LEFTOVER VEGETABLES

Why not try this Vegetable Loaf for variety:

½ cup cooked peas
½ cup cooked string beans
½ cup chopped cooked carrots
1½ cups milk
1 egg
1 cup soft bread crumbs
½ teaspoon salt
⅛ teaspoon pepper
½ teaspoon paprika

Press peas through a sieve, cut beans into small pieces and combine all vegetables. Add milk, slightly beaten egg, crumbs and seasoning. Turn into greased baking dish and bake in moderate oven 350F until firm. Serves 6.

Instead of basting by hand why not adjust your sewing machine to the longest stitch? Let your machine do the work. The stitches of course, can be pulled out easily and quickly when no longer needed, especially if they are one-sixteenth of an inch from the seam allowance. Then your permanent stitching will not interfere when removing it.

# ... WILDMERE WINKS ...

Our heartiest congratulations go out to Mr and Mrs. John [illegible] of Vermilion and formerly of our corner of the world on their 60th wedding anniversary Saturday June 12. They have seen good times and hard times during these many years. They raised a family of six boys and six girls and all are living, all coming to help celebrate the event with their parents. May they enjoy many more years together is the wish of their many friends.

Mr Thos. Best who spent a few days visiting at Unity, Sask., with his brother Bob and family returned home last Wednesday evening. His sister Hilda (Mrs. Hamill) came from Smith Falls, Ont., and was also visiting at Unity.

The sunshine is grand after so much rain. Farmers will be busy finishing seeding if the fine weather keeps up. It just looks like Old Mother Nature stepped in to cut down the oversupply of wheat as many cut the wheat acreage when it became so late for seeding.

Congratulations to Mr and Mrs. Lloyd Howard of Wildmere on the birth of a ten pound 9 oz. boy on June 3 at the local hospital. A brother for Laverne.

Here is an item we unintentionally overlooked. When Mrs. L. Green was here visiting she spent a few days with Mrs. F. Gibson of Basswood: also attended church at Wildmere. Hope you had a pleasant trip home Mrs. Green.

The wet weather and the muddy roads have surely put a damper on our church services. Of four Sundays on only one could we get to church. We hope this next [illegible] will be better. Our church season is so short anyway. We see Mr Plante has a way of getting around as he is now driving a car.

Gravelling of roads in our corner is to start again. This work has been seriously held up due to the wet weather.

We had nice chats on Saturday with Mr and Mrs. Peter Jensen, Mrs. Moore, [illegible] Wiley, Mrs. Jones, Mrs Fitzell and Mrs. A. Morrison. The latter lady had been away to New York and returned home only that day. She reported a nice trip both ways. We also chatted with many others. We must not forget to mention that Mrs. Haverslew, Mrs. C. Cruthers and the writer were treated to ice cream and tea by Mrs. I. Larson on Saturday. We enjoyed a nice visit as well.

Funniest thing heard: One of our bachelor ranchers is thinking ... well, thinking of getting married. Isn't that right John?

The writer along with her brother Laurence Graham called last Thursday at the William Clark Jr. home in Triangle. Mrs. Clark Sr. went along with us to her sons.

# Of Many Things ...

By AMBROSE HILLS

*LOVE AND MARRIAGE*

They say that there's a girl for every boy in the world. I think it's true. I've heard old codgers claim propinquity, or chance, or season have everything to do with love but I'm not so sure.

Anyhow I'm glad I live in a time and society that believes so wholeheartedly in romantic love and the right of the young to choose their own mates. Marriages of convenience marriages by arrangement stolid affairs decided upon by the families of the young folk, with plenty of common sense involved, sicken me a little. I know there are such arrangements which eventually prove successful, but I have a notion such marriages rarely rise above mediocrity.

Trouble with our young folk today is that they take this new idea of love and free choice of a marriage partner for granted. They think it has always been that way. It would shock them to learn that this freedom to choose one's mate is something new. Even today, it by no means applies to all countries. Many European and Oriental nations would be appalled at the notion.

There are many things that the young fail to appreciate because they don't get taught their history very well. When I was a lad at school I [illegible] precious little about the rights of the individual. The idea of individual freedom in matters personal didn't loom very large on the curriculum. Maybe that was because our teachers feared that if we students, wild enough to begin with, caught a glimpse of the value of freedom, we'd break all the classroom rules!

Perhaps it is trite to say that freedom is our most precious possession. It would be much better to show how freedom works. To explain to the young that free men are nearly always better off financially, morally and spiritually. Free men work better, think better, live better.

And it might be wise to let the young folk know that the freedom we enjoy is something brand new in the world. It is not an old-fashioned idea to be taken for granted. It is new, and challenging, and exciting.

It always amuses me when some socialist gets up on the platform and starts calling our free system reactionary. Good heavens, our system is the newest thing under the sun! The idea that each man and woman has a right to plan his own life and develop his own personality, choose his own mate, run his own business, say what he thinks, and even criticize authority — that is the new thing! And I for one, like it very much. I hope young people don't make a mistake and toss it all away because they get to thinking it's old fashioned!

IT'S Spring Change-over TIME!
—Let us attend to this for you!

## We're Paying For It

With the recent ruling from the United States Supreme Court, it is full steam ahead now on the St. Lawrence power project, says The Financial Post. Unfortunately it still is not such clear sailing for the Federal end of the business — the seaway.

It would be unwise to expect that Ottawa and Washington can arrange their affairs in a hurry. After seeking U.S. support for best part of 30 years, Canada has now got it just when we would have been equally happy to have been without it.

The way it looks now, the U.S. contribution will be picayune compared to what Canada pays. The tolls, regulations and management should in fairness be arranged so that Canada's predominant, indeed overwhelming, contribution to the building of the Seaway is fully recognized. Let nobody suppose this can be negotiated overnight.

MORE RETIRED

The army of the retired is growing. Some 384,000 males over 65 not in the labor force at the latest count, says The Financial Post.

# WILDMERE W. I. NOTES

Wildmere W.I. met at the home of Mrs. Fred Haines on Wednesday June 2 with 14 members and two visitors present. Mrs. Hamilton, district convener of the W.I. and Mrs. G. Clark of Mannville were present. The meeting opened with the singing of "O Canada" and the repeating of the Creed. At our former meeting Mrs. R. Smith had [illegible] becoming the twentieth member. Roll call was the naming of an electrical gadget. All members answered up with plenty of labor saving appliances.

Correspondence was a letter from Mrs. Hamilton telling the Wildmere W.I. of their Handicraft number for the conference to be held at the V.S.A. on Friday, July 16. Mrs. Lefurud, provincial president and Mrs. J. I. Jones district director will attend the conference.

A card of thanks was received from the Wilson family.

Standing committees gave reports for the year. Mrs. F. Gibson for social services, Mrs. W. T. Garnett on agriculture and Canadian Industries. Mrs. J. Wallington on health, Mrs. W. J. Garnett, citizenship, Mrs. J. Wilson education and Mrs. W. Steele home economics.

The handicraft for the conference should be handed in at the next meeting. The project for July is 25c per member for A.C.W.W.

Mrs. Lloyd Howard won Johnny Jump Up.

Mrs. Hamilton addressed the meeting and congratulated Wildmere W. I. on being the largest group in the constituency. She told of the W.I. in Ceylon where the A.C.W.W. will hold the triennial conference in 1956. The W I was formed by an Ontario woman Dr. Mary H Rutnam in 1930 in Ceylon and is the most powerful organization on the Island with 700 branches and 25,000 members. Ceylon is a British Crown colony with a population of over 4 million. She also read Mrs. Berry's speech when she was elected president of the A.C.W.W.

Mrs. W. J. Garnett had the social and sang "My Ain Folk" which was greatly enjoyed. She also recited "Albert and the Lion" which was equally good.

The Wildmere president heartily welcomed the visitor and Mrs. Hamilton's talk proved ever so interesting.

The next meeting will be at the home of Mrs. W. Steele. Roll call "Name a product on the pantry shelf and tell where it comes from." Topic by Mrs. Fred Haines, social by Mrs. C. Cruthers. The meeting closed with the singing of "God Save the Queen". Hostess and helpers then served a nice lunch.

*APPRECIATION*

I wish to express my sincere appreciation for the cards, letters, good wishes, flowers and visits received while I was a patient in the University and Vermilion hospitals.

Alex Steen.

## Legion Convention, Toronto, Aug. 1 to 6

Delegates from more than 2000 Canadian Legion branches will meet in Toronto's Royal York hotel Aug. 1 to 6 for the first National Legion convention in history ever held in Ontario. The occasion marks the 15th Dominion assembly since the Legion's inception 29 years ago.

A mammoth parade through the city's main streets will highlight the opening of the convention, the biennial meeting of the Veteran's Parliament. This year's convention week will mark the 40th year since the start of World War 1.

Elaborate arrangements have been made for the entertainment of the delegates and their families. Legion officials have arranged a full schedule of out-of-session activities, including two parades and a banquet. Visits to several Toronto landmarks and a trip to Niagara Falls are included in the ladies' program. The highlight of the convention is the special memorial service to be held in honor of those who gave their lives for their country.

## The Weather

Variable weather continues without any lengthy period of sunshine. Last Sunday saw a bright sunshiny warm morning give way to heavy rain in the afternoon when .81 of an inch fell. A shower on Friday accounted for a quarter of an inch. Warm weather and sunshine is now an urgent need.

| Date | High | Low |
|---|---|---|
| June 10 | 64 | 46 |
| June 11 | 55 | 45 |
| June 12 | 61 | 46 |
| June 13 | 75 | 40 |
| June 14 | 66 | 50 |
| June 15 | 72 | 39 |
| June 17 | 53 | 42 |

Rain fell on June 11, 12 and 13 amounting to 1.09 inches.

## Claysmore Clippings

The June meeting of the W.I. was held at the school on June 9 with 8 members present. As there were a lot of items on business agenda it proved a busy afternoon. Mrs. H. Williamson was appointed as delegate to the W.I. conference to be held at the V.S.A. in July. Several members plan to enter handicrafts for the convention and it is hoped that all can attend.

Plans for the annual picnic were discussed and it was decided to follow the same plan as last year. The W.I. members will look after everything pertaining to the picnic supper and the community society to take care of the games, prizes, ice cream, lemonade, etc.

A special meeting of the W. I. will be held on June 18 when Miss Shirley Holms, district home economist from Wainwright will give a demonstration of sewing and finishing. The ladies of the Ramsay W. I. have been invited for the occasion so than an enjoyable afternoon is anticipated. The July meeting will be held at the home of Mrs. Gerald King.

FETE BRIDE-ELECT

Mrs. W. L. Robinson entertained at her home oMnday evening in honor of Miss Hilda Anderson, bride-elect of June. A very enjoyable evening was spent playing bingo and some nice prizes were won by those who were lucky. Following bingo a delicious lunch was served by the hostess assisted by Mrs. Ray Williams, Miss Dorinda Anderson and Betty Robinson.

Later on Marion Barr and Betty Robinson brought in two large decorated baskets of gifts and presented them to the guest of honor. Miss Dorinda Anderson and Mrs. A. Anderson helped the bride-elect to unwrap the many lovely presents. Hilda thanked everyone in a very gracious manner for the gifts and enjoyable evening and invited one and all to visit her at her new home at Vulcan, Alberta.

Mrs Vern Karlstrom and small daughter are visiting with Mrs. A. Olestad while Mr. Olestad is in the hospital.

Mr J. Horne spent several days in the city last week attending a convention of the United Grain Growers Company.

The Pool elevator Co. has a crew here doing some repair work and painting at their elevator this week end.

Allen Olestad was taken to the hospital last week suffering with rheumatic fever and will be there for some time to receive treatment. We are glad to say he is much improved.

## Tips on Touring

By Carol Lane
Women's Travel Authority

Summer driving affords a lot of pleasure and a few problems as well. Fortunately the most common complaints of the touring season have easy cures.

1. Bugs in the radiator. Place the water hose under the hood and squirt water outward through the radiator apertures. Be careful not to wet the [illegible] wiring.

2. Upholstery fading. Use shades over the side windows to block the direct rays of the sun.

3. Boiling radiator. Preventive medicine [illegible]. Have the radiator flushed [illegible] fan belt checked for proper [illegible].

4. Breathing dust. Keep the car floor mats well brushed for dust on the floor is usually the culprit. It's circulated to your nostrils by the air vents.

5. Accumulated dirt on the engine. Caused by excessive dirt road driving. Steam cleaning the engine is the most effective remedy.

## Tallest Chimney

A record-breaking chimney 615 feet high now being built, will grace one of the world's most modern metallurgical operations, the new iron ore plant of International Nickel Co. of Canada at Copper Cliff. Ont. This chimney will take the title of "tallest in the British Commonwealth" which for years has been held jointly by two 500-ft. stacks of Inco's Copper Cliff smelter.

The new chimney, says The Financial Post, will weigh 17,000 tons and will have an inside diameter of 30 feet at the top.

## Cheaper Cars

New autos may be reduced later this year, says The Financial Post, looking at some U.S. reports. Seen as significant sign is automakers' pressure on parts suppliers there for lower prices. Dealers are pushing for prices in line with discounts being given consumers.

# Local News of Interest

Mr. and Mrs. D. B. Shirreff announce the engagement of their daughter Evelyn May to Mr. Kenneth E. McCrae.

The wedding to take place in the United church, Vermilion, on Saturday, July 10, 1954, at 3:00 o'clock in the afternoon.

Mr. and Mrs. James M. Roscoe of Chicago [illegible] their nephew Cpl. S. Surby for several days last week. It was the first time since 1926 that uncle and nephew had seen each other. Mr. and Mrs. [illegible] had visited in Winnipeg and points in Saskatchewan prior to coming to Vermilion, and planned on travelling as far west as Jasper before turning their steps towards home.

Mrs. Wm. Sinclair and little son from Edmonton spent last week visiting the former's parents Mr. and Mrs. A. E. Kaiser. They were joined by Mr. Sinclair at the week end.

Mr. and Mrs. H. P. Long have gone to Victoria, B.C., where they will visit their daughter and family, Mr. and Mrs. John Morgan for a month.

Mr. and Mrs. Roy Cameron and family of Edmonton visited at the home of the former's mother Mrs. A. Cameron in Vermilion, and Mrs. Cameron's family home in Mannville over the week end.

Mr. and Mrs. Walter Thompson have as their guest their daughter Mrs. Marshall of Edmonton. She plans to return to the city this Saturday.

Mrs. E. Chesnick stopped over for a few hours recently to say hello to Mrs. A. Cameron and several of her old friends here while on her way back to her home in Edmonton.

Mr. and Mrs. W. Salsbury and son Billie of Edmonton were week end visitors in town at the home of the former's sister Mrs. A. Fligate. It is 17 years since Mr. Salsbury last saw Vermilion and he was quite amazed at the growth and changes evident.

Mr. and Mrs. R. G. McKenzie of Vancouver are visiting their daughter and family Mr. and Mrs. Gordon Dow north of town this week. The trip from the coast was made by car via Regina where their other daughter was visited. They intedn to leave on return journey this Saturday. Mr. and Mrs. McKenzie farmed north of Vermilion at one time, leaving here 17 years ago to move to the coast.

## W.M.S. Hold Final Meeting for Summer

The W.M.S. of the United church held their final meeting until after the summer holidays on Wednesday afternoon at 3:00 o'clock June 9 at the home of Mrs. W. L. Robinson. The meeting opened with prayer. Roll call was taken and showed that 42 were present. This number included one visitor and 12 associate members as this was the regular yearly meeting when all get together.

Mrs. Pearl Williams took the devotional very capably. Mrs. M. Hill sang a solo with Mrs. H. N. Stephens as accompanist. Mrs. Pearl Williams read a report from last year's associated members meeting held at the home of Mrs. C. Barr. This was very humorous with every member coming in for [illegible].

Mrs. C. W. MacKay gave a splendid report of the conference held in Calgary last week. It contained much information of the work that was carried on by the W.M.S. all over Canada. The meeting was closed with prayer led by Miss Craig.

The associated members and their committees served a delicious lunch and a social half hour was spent before breaking up for the holidays. The next meeting will be in September.

## Former Vermilion Couple Mark Golden Wedding

The Standard is indebted to Mr. and Mrs. Tom Dick for sending along the following account of the Golden Wedding party for Mr. and Mrs. [illegible] Selkirk at Victoria. They are former Vermilion residents.

"Mr and Mrs. John Selkirk celebrated their golden wedding anniversary last Tuesday at an evening party held in their honor at the home of Capt. and Mrs. T. H. Evans, 1013 Vancouver Street. Among those present were Dr. and Mrs. W. W. Bell, Mr. and Mrs. O. R. Blandy, Miss Mabel Workman, Mrs. Merrick, Miss Hazel Workman and Mrs. L. Powell. Mr. and Mrs. Selkirk were married in Newcastle-on-Tyne and sailed for Canada 11 days after their wedding. They lived for many years at Vermilion, Alberta, and came to the Pacific coast in 1951."

—Victoria Times.

Friedns here will be interested to learn that a former Vermilion boy, Harold Heidebrecht, is presently with the R.C.A.F. Eastern Command band on a six weeks tour of England, France and Germany, according to word received by the Standard from Harold this week. He reports an enjoyable but very busy time, playing one and two concerts every day in different spots.

Mr. and Mrs. Elwyn Martin of Edmonton spent last week end visiting the latter's parents, Mr. and Mrs. J. W. Waldenberger.

The following memorial tributes have also been received in memory of the late Norman Olson: Mr. and Mrs. Polenchuk and family, Mr. and Mrs. Steve Stuparyk, Mr. and Mrs. Alex Stuparyk; Dennis Waltz and family; Mr. and Mrs. Clarence Wilson; Mr. and Mrs. Bill Osinchuk and family; Phil and Muriel Lovell and family, Mr. and Mrs. J. T. Johnson, Phil Smith and family.

HANDICRAFT GUILD

The general meeting of the Handicraft Guild has been postponed until Tuesday June 22 at 8 p.m. and will be held in the public school. Lindsay Evans, F.C.A., of Lloydminster is still expected to be the guest speaker.

## Attention, Alberta Farm Women

Farm Women's Week is again being held in the 3 Schools of Agriculture and Home Economics. This popular short course designed especially to meet the needs of the farm women of Alberta is being held on the following dates: Vermilion, July 12 - 15; Olds, July 19 - 22 and Fairview, July 26 - 29.

Each school can accommodate approximately 100 guests in the dormitories. Priority is given to those actually living on farms but others are welcome if accomodation permits. The charge is $3 per day for room and board for the ladies, $1.50 per day for children 6 to 12 years of age. There is no charge for children under six. Supervision of babies and small children will be arranged for during class hours at no extra charge but mothers bringing such children should notify the school well in advance.

The program is planned to include lectures and demonstrations in practical Home Economics topics as well as agricultural topics of interest to farm women. A sewing course in dress finishing and trims, use of sewing machine attachments, pattern laying and cutting and special problems is offered as an alternative to the regular program. Since facilities for this are limited only the first 75 applicants can be accepted.

But the program is not all work! Time has been arranged for recreation and relaxation. All ladies attending are invited to bring along any handicraft of interest to be put in a display. Any recitation, script for a skit or short play or any instruments or music they might play or sing will be welcomed for the program the final night.

With a program like this you can't fail to gain many new and useful homemaking ideas and have a good time doing it. So send in your application now to the Principal, School of Agriculture and Home Economics, Vermilion, Olds or Fairview.

Greater comfort in the bedroom results from a built-in headboard with shelves and drawers, all of which can be made at home with hardboard. The smooth surface of this new board takes paint, enamel or varnish and needs no primer.

## Wedding Bells

*HICKS—FLACK*

Baskets of spring flowers formed an attractive setting at the First United church, Vermilion on Monday June 7 at 7:30 o'clock in the evening when Barbara Lorrain Flack, daughter of Mrs. L. Flack of Mannville exchanged marriage vows with Eal Blair Hicks, [redacted] Mr H. E. Hicks of Vermilion.

The double-ring ceremony was performed by the Rev. Morrison of Lloydminster.

Given in marriage by [redacted] A. Smith of Mannville the bride chose a floor-length gown of white nylon net over satin with beaded crown and finger-tip veil. Her bouquet was red roses and her only jewelry was a rhinestone necklace and earring set, a gift of the groom.

Mrs Leonard Hicks, sister of the bride, was matron of honor, and Miss Shirley Hicks, sister of the groom, was bridesmaid.

Twin sisters Barbara and Beverly Hicks, cousins of the groom, were the flower girls.

The matron of honor wore a floor-length gown of pink nylon net over taffeta and carried a bouquet of yellow carnations.

The bridesmaid chose a floor-length gown of Nile green net over taffeta and her bouquet was of pink carnations. The flower girls wore floor-length gowns of blue taffeta with matching headdresses satin mittens and carried bouquets of roses.

The groom was attended by his brother Mr Clarence Hicks, and Mr Charles Farkash of Vermilion. The ushers were Mr. Louis Hicks and Mr Clyde Hicks.

During the signing of the register Mrs. Louis Baldock sang "I Love You Truly".

The bride's mother chose a nylon afternoon dress with matching earrings and a corsage of yellow roses.

A reception to 80 guests was held later in the Legion hall. The bridal table was covered with a lace cloth flanked with pink and white streamers. A triple-tiered wedding cake baked and decorated by the bride's mother was imbedded in pink tulle. The toast to the bride was proposed by the Rev. Morrison and the response was by the groom.

Serviteurs were Miss Joan Nelson, Miss Isabel Davies, and Mrs. Elaine Simmons.

For a wedding trip to Victoria the bride wore a grey suit with blue accessories, complemented by a corsage of yellow roses.

## "A" Coy. Have Promising Ball Team

"A" Co. L. E. R. have a very promising fast ball club. It was organized to enter local league but were too late with their application for a franchise, consequently for this season they have to content themselves with playing exhibition games. To date they have taken on the league leading All Stars and given a very good account of themselves. Next year the team are going to condition themselves early and be right in the thick of the league race.

## Canadians Different?

Canadians are quieter in imagination and talk, less venturesome and aggressive in business, spend more spare time on cultural pursuits than Americans, say a panel of prominent citizens in The Financial Post. In short, we're more conservative (with the small 'c') than our American neighbors.

Some of these characteristics according to Post's correspondents, are not always good for Canada. They probably account for our unwillingness to accept untried systems possibly for our hesitation in undertaking the St. Lawrence Seaway alone.

But they do keep us from empty boasting, excesses in dress, political madness and televised "investigations".

A valance box for any window can be easily and cheaply made from hardboard. The board can be painted or enameled without primer, even pastel shades can be applied without "show through".

## Honor Miss Hilda Anderson at Shower

The home of Mrs. Lyle Robinson was the setting of a delightful gathering Monday evening June 7 when friends and neighbors met to honor Miss Hilda Anderson, a bride-elect. Games were played and a good time enjoyed by everyone. Hilda was the recipient of many beautiful and useful gifts as well as a host of good wishes. She responded with words of sincere appreciation and hope that [redacted] friends when taking a holiday would travel south and visit her in her new home at Vulcan, Alberta. A delicious lunch was served by the hostesses. There were 26 ladies in attendance.

## Shower Honors Miss Evelyn Shirreff

Yes, 'School Divisions' are now the latest thing, however 'The Little Red Schoolhouse' of years gone by came into its own again one afternoon recently.

The 'School House' in question, proudly drawn by two bunnies, David and Jimmie MacKay, was loaded with beautiful shower gifts and with many good wishes for Miss Evelyn Shirreff.

Evelyn's friends and their hostesses for the afternoon, Mrs. MacKay, Mrs. Frank Gould, Mrs. Cash and Lois Allen all joined in the fun of watching Evelyn, assisted by her mother, Mrs. Shirreff and by her sister Elaine, delightedly open each lovely parcel. Everyone also joined in partaking of a delicious lunch.

Evelyn graciously thanked her friends for their gifts and their many wishes for happiness in her married life.

## Surprise Teacher With Presentation

Principal Frank H Walker of the Junior high school was puzzled one morning recently when he walked down the hall at school convening time and no one was in evidence, teacher or student. Glancing into the auditorium he was surprised to see the whole student body assembled therein. He was thereupon called in, placed in the seat of honor, while a skit in his honor was acted followed by the presentation of a set of end tables as a mark of esteem of the pupils of grades 7, 8 and 9. Mr. Walker is leaving the school after eleven years as principal here and his departure is very much regretted by the pupils of the school as well as the adults of the town.

## Announcement By Cancer Society

The local branch of the Cancer Society has received with regret the resignation of Mrs. M P Dixon as collector of memorial donations to the Cancer fund. This has been caused by pressure of business. The local committee wish to extend their thanks to Mrs. Dixon and her staff for the amount of work done in this regard, and for a job well done.

The committee has been fortunate in having Miss Betty Dow of the Mitchell Agencies consent to carry on this important work. In future all donations may be left at the office of Mitchell Agencies, or phone 35, where Miss Dow will be pleased to receive any such donations.

Please note that receipts cannot be issued until monies are paid in but cards of acknowledgment can be sent where necessary and the money paid in later when official receipt will be issued.

NOTICE

The young lads who have recently been prowling around in certain residential areas maiming and killing young birds, mainly robins, had better desist at once from this practice or their names will be handed in to the proper authorities in Edmonton. 50-1

## NEWS from KITSCOTY

Guests at the home of Mr. and Mrs. J. Finlin on Sunday were their granddaughter and her husband Mr. and Mrs. V. Scott and baby daughter of Churchill, Man; a grandson Leroy Bobroski, Esquimalt, B.C.; Mr. and Mrs. T. Foley and family of Vegreville; Mr. and Mrs. Wm. Curtiss and family of Marwayne; Mr. and Mrs. J. Dyson, Mrs. T. Rovang and Linda, all of Lloydminster.

Visitors to Edmonton over the week end were Mr. and Mrs. John Dale, David Smith, and Mrs. Jas. Horning.

Mr. and Mrs. J. McCorry spent a few days in Edmonton last week visiting with their daughter Sheila.

Miss Gwen Jenkins of Edmonton spent Sunday visiting with Mr. and Mrs. Ralph Gray and family.

Mr. and Mrs. R. Milligan and baby of Edmonton spent the week end with Mr. and Mrs. Henry Joy.

Mrs. J. Manson is spending two weeks at Carlyle, Sask., visiting with her daughter and family.

We were pleased to have Rev. D. Ford of Vermilion in the pulpit at St. John's Anglican church last Sunday. A large congregation was in attendance and enjoyed an inspiring sermon. Rev. Andrew Potter took the service at St. Saviour's in Vermilion the same day.

A good congregation attended the Masonic service on Sunday afternoon in the Tracy Memorial hall. Rev. Potter took the service which was both interesting and convincing.

The United church Sunday school will hold its Family Day service in the Kitscoty town hall on Sunday June 27 commencing at 11 a.m. All parents and friends are invited to worship with the children at the last service for the summer. The teachers would certainly appreciate a full attendance on June 20, as this will be our final practise for the above service.

By-law No. 741 concerning leasing of the following T. R. lands given 3 readings and carried: SW 1-40-2 to E. Earl for ⅓ crop share; NE 10-55-1 to L. Coates for $15 and ⅓ crop share.

# Health Unit Notes

ARE YOUR CHILDREN PROTECTED?

Diptheria, whooping cough, smallpox and tetanus are all preventable diseases. Whooping cough causes more deaths than any of the other communicable diseases.

DIPTHERIA

Diptheria is a killing disease which spreads rapidly through communities which have not been immunized. It attacks all ages, but young children are more susceptible and in them it is a more serious illness. Even when apparently mild it may leave serious heart and nerve complications.

WHOOPING COUGH

Of all communicable diseases this one is most likely to affect the youngest members of the family. Many cases occur in infants of six months of age or less, while the largest proportion occur between the ages of 1 and 5 years. In older children while the disease may not be so severe there is still the long drawn out convalescence with its nights of coughing and wakefulness which are perhaps harder on the parents than on the child. Permanent damage to the lung sometimes occurs in the spasms of coughing leading to serious illness in later life.

TETANUS

Tetanus or lockjaw is a rather uncommon but serious disease which sometimes follows puncture wounds or other injuries.

TRIPLE PROTECTION

Complete protection can be given against these three diseases by a course of four injections starting when the child is five months old. Delicate children, with doctor's permission can be given smaller doses over a longer period to give them the same protection.

Reactions to the injections are uncommon and transient. Reinforcing doses are given at intervals until the child is 10 years old.

SMALLPOX

Although an uncommon disease in Canada nowadays, it is still prevalent in some parts of the world and outbreaks in this country do still occur. It is a killing disease and at its mildest very disfiguring.

The only protection against smallpox is vaccination. This can be done when the child is three months old and at that age causes little upset and quite a small scar. People who have to be vaccinated in adult life for the first time if they travel abroad or enter certain professions often have a very severe reaction to vaccination.

Revaccination is necessary every seven years to give complete protection against smallpox but a certain degree of protection lasts a lifetime from one vaccination.

Don't delay, give your child this protection against communicable disease as soon as possible.

BABY & PRE-SCHOOL CLINICS

Monday June 21 — Legion hall Vermilion 2 to 4 p.m.

Tuesday June 22 — Streamstown school 2:30 to 3:30 p.m.

Thursday June 24 — Albert school 10:30 to 11:30 a.m.

Friday June 25 — Rivercourse school 10:30 to 11:30 a.m.

Friday June 25 — Paradise Valley school 2 to 3 p.m.

NOTHING BUT THE TRUTH By Arnold

## Ukrainian Group At Elk Island Sunday

The Bandshell at Elk Island Park will be the scene of another varied Sunday afternoon concert as performed by the Andrew Ukrainian Cultural group, on June 20 at 3 p.m.

Colorful folk dances from the Ukraine, choral selections sung by the Andrew Ukrainian Church choir, toe tapping band music as supplied by the recently organized Andrew brass band and a host of other entertainers will provide the visitors to the park with a most enjoyable afternoon.

A program of recorded music will be given during the supper hour and at 7:30 films from the National Film board will be shown.

The concerts are being presented through the co-operation of the Central Alberta Bands Association, the National Film board and the National Parks branch.

# Junior High Graduation Exercises Held In Mannville School

MANNVILLE.—The first Grade 9 class to have graduation exercises will have fond memories of Thursday evening, June 10 1954. A large number of relatives, friends and fellow students were present to join with [redacted] in this momentous occasion. There was an exceptionally large group of graduands and it will be a wonderful sight to see them all graduate from grade 12 but for those who do not complete their high schooling and leave to take other courses or training, there will be the memory of this Junior High graduation. This was the trend of the Valedictory address by Doreen Gerhart. She thanked the parents, teachers and friends for their help and encouragement during the first nine years of school and she was sure the students would prove worthy of the time and interest taken with them.

The invocation was given by Mr. Roger Miller of Minburn and after a few words by Mr. Doherty, a piano solo by June Van Dusen was much enjoyed. Mr. Facey, Superintendent of Vegreville S.D. brought greetings and best wishes from the Division. He hoped the graduands would remember they were Canadians. They should be proud of their mother country whether it be Britain, France, Germany, the Netherlands or any other one of the European or Asiatic countries but prouder still to be Canadians. Canada like Britain and the United States, is a melting pot for people of all nations. Much good from many different races is brought to Canada and we should all be proud that we are Canadians. There should be no racial prejudice shown anywhere.

After two selections of the chorus of grades 7 and 8 girls, under the direction of Mr Rostron, awards were presented. The following are winners of awards:

*GRADE 9*

Highest standing — Doreen Gerhart; High standing — Agnes Keushnig, Connie Gerhart, Darlene Enfield, Mary Grech; Most improvement during the year—Steve Smart; Honorable mention Dale Younge; Sports and Sportsmanship — girls, Ruth Gamble, boys Paul Kurylo with Honorable mention to Lorne Scroggins.

*GRADE 8*

Highest standing Daniel Hasinoff, High standing— Lillian Zaharia, Audrey McCaskey, Joan Finlay, Harold Keushnig; Honorable mention to Dixie Schryer, Brokop and Joan Clennett; Most improvement, Alice Dach; Honorable mention to Ian Robertson, Emma Jackson, Frank Pidruchney, Pat Wright; Sports and Sportsmanship — girls Marlene Phillips, Honorable mention Merilyn Miller; Boys, Jackie [redacted]

*GRADE 7*

Highest standing—Donna Doherty; High standing — Jacqueline Hasinoff, George Korchinsky, Eunice Sawchuk; Most improvement — Jacqueline Hasinoff; Sports — girls Agnes Dubid, boys George Korchinski.

A special award received by Mr. Facey this week was presented to Ruby Hawley. It was an award presented by the Alberta Safety Council for the best essay on Farm Safety. Mr Facey read the essay and it was certainly worthy of the award. Ruby was presented with a pin, and the framed award to her teacher, Mrs. [redacted]

Mr. Krevetz in [redacted] address to the graduands reminded them that they were still only graduands and must get busy — don't slacken up now, make the most of their opportunities. Education didn't mean as much years ago but the world is getting smaller and we must learn to live with our neighbors who are now only a few hours travelling time from us. It is up to the younger people to put the world straight. And they must have knowledge to find out the why of things, the proper use of the atom bomb and the hydrogen bomb etc. Even the modern farmer must be a bookkeeper to keep his accounts straight, a mechanic to look after the modern machinery he uses, and a chemist to know the various uses of the chemicals used for spraying.

Canada is the envy of the world, truly a land of opportunity and the young people must take advantage of these opportunities. Canada has raised the standard of living from the lowest of peasants to the highest in one generation of those willing and interested enough to take advantage of such an opportunity. The young people need knowledge to learn to think for themselves, to know good from poor, to be able to have their own ideas on how the country should be run and to help in the running of it.

A poem "If" was recited in a very pleasant manner by George Korchinsky.

God Save the Queen closed the first part of the evening and after the seats were cleared away the young people of grades 7 and 8 as well as the graduands with parents and friends enjoyed a couple of hours dancing to music supplied by Mrs R. Legg, Jim Johnstone and Carmen Hughes.

At midnight a lovely lunch was served by pupils of grades 7 and 8. This was truly a grand night for the grade 9 pupils — one that will be remembered for many years to come. The graduands were Ilse Anderson, Annie Bay, Darlene Enfield, Ruth Gamble, Connie Gerhart, Doreen Gerhart, Mary Grech, Agnes Keushnig, Mary Lakusta, Lynn Nicholson, Deanna Nicoll, Anita Schroeder, Margaret Stewart, Joyce Webb, Colleen Wright, Benny Bury, George Clark, John Croft, Joe Howorko, Paul Kurylo, Peter Kurylo, Barry McCauley, Dennis Militz, Jim Myhovich, Ernie Osinchuk, Lorne Scroggins, Robert Scott, Steve Smart, Walter Smart, Rodney Smith, Kenneth Thomas, Robert Willes, Dale Younge, Robert Allen, John North.

# ALLANDALE NEWS

Weather? — just rain and an odd sunny day in between.

Alvin Throndson who has been working with the Propane Co. at Lloydminster has been transferred to Prince George, B.C.

Mrs. Adamson Sr. of Collinton, has been visiting with her sister Mrs. Henry Strang.

Our church supper was very successful. To all those who helped in any way, thanks a lot.

Paul Whelan spent the week end of June 4 with his wife Orlene and daughter Paulette at the Omness home. He will be spending the summer at Cold Lake at the R.C.A.F. station there.

A friendly afternoon was enjoyed at the Moore home on June 13th when friends and relatives gathered to honor Miss Louise Habstritt, a bride-elect of this month. Lovely gifts were received. A dainty lunch ended a very enjoyable afternoon. Thanks to our hostess and family.

Mrs. Moore's uncle who has been living south of town is now comfortably settled in a small house on the Moore farm.

The monthly meeting of the Allandale W.A. was held at the Wilson home on the afternoon of the 10th. The report of the proceeds of our ice cream supper was very satisfactory. Visitors are always welcome. We had Mrs. Orville Armstrong and son Neil and Mrs. Paul Whelan and daughter Paulette as guests.

Mr. and Mrs. Pat Packman of Vernon, B.C., are visiting at the home of the latter's daughter Mrs. Dorothy Johnson. Daughter June who has been working in Vermilion for the winter is home with her mother for the summer.

Mr. and Mrs. Herb McPhee are leaving shortly for the east to take delivery of a new car. While there they will visit relatives.

Closing Thought: How important is our daily life! What we say may have influence, but what we are, and what we do are even more important.

to 7 p.m. — to 11 p.m.

**SUPER SERVICE**

June 20 to June 26 inclusive

## Got those cost-of-living blues?

Most people seem to have them these days. Prices have gone up and up ...food, housing, just about anything you can think of.

But gasoline has tried hard to keep its feet on the ground... and with some success...

Because while wholesale prices in general have gone up 110%... more than double what they were before the war... Esso gasoline prices across Canada are up only 42%... about a third as much as most other things.

Here in Alberta, Esso is up even less. At Edmonton for instance, the wholesale price is only 14% higher than pre-war.

# WEDDING BELLS

*SCHMIDT—BIDLOCK*

At a recent double - ring ceremony in St. Anthony's church, Lloydminster, Miss Marlene Pearl Bidlock became the bride of Mr. Theodore William Schmidt.

The bride is a daughter of Mr. and Mrs. Peter Bidlock of Lloyd[redacted], and the groom's parents Mr. and Mrs. Frank Schmidt, are of Vermilion.

May blossoms were arranged throughout the church for the service performed by Rev. Father Gorman, assisted by Rev. Father Landrigan, of Vermilion.

Given in marriage by her father, the bride wore a train-length gown of pleated nylon tulle over slipper satin, the strapless bodice of ruched tulle modified with a shrug bolero of Guipre lace and the train fashioned of Guipre lace with scallops of nylon tulle. A crown of seed pearls held in place her veil of illusion and as her only jewelry she wore the groom's gift of a triple strand of pearls and matching earrings. A white orchid set in lily of the valley and arranged on a white prayer book formed the bridal bouquet.

Miss Gertrude Schmidt, sister of the groom, and Miss Eileen Mazurenko, the bride's cousin, were the bridal attendants.

Miss Schmidt chose a gown of pastel green tulle over taffeta and Miss Mazurenko's gown was of pastel yellow nylon brocade over taffeta. Each wore a matching sweetheart coronet embroidered with seed pearls and carried a Colonial bouquet of carnations.

Mr. George Mack of Vilna and Mr. William Schmidt of Vermilion attended the groom. Ushers were Mr. John Stettsko of Lloydminster and Mr. Peter Witzmney of Marwayne.

The wedding music was played by Mrs. G. Cumming and soloists were Mrs. P. Devrome and Mrs. G. Matheson.

At a reception for 125 guests in the church hall the bride's table was laid with a white lace cloth and centred with a three-tiered wedding cake set in tulle dotted with sweetheart roses. Bouquets of carnations and lighted tapers also were arranged on the table.

Receiving her guests, the bride's mother wore a pastel grey suit complemented with pink accessories and a corsage of pink roses.

The groom's mother chose a grey suit with navy accessories. Pastel pink roses formed her corsage.

Rev. Father Gorman proposed a toast to the bride.

For a wedding trip to Victoria and California, the bride donned a dark brown suit complemented with green and tan accessories and a corsage of Talisman roses.

When they return Mr. and Mrs. Schmidt will make their home in Edmonton. —Edmonton Journal.

BUFFALO COULEE PICNIC

The Buffalo Coulee Curling club will sponsor their annual picnic on June 20, beginning after dinner, at the picnic grounds 1 mile east and ½ mile south of the school. There will be booth service, ball games, sale. Dance at the school at night. Everyone welcome. 50-1

# Paradise Valley

The regular meeting of the Paradise Valley F.U.A. Local No. 741 was held June 2 at the home of Messrs. I. S. and H. McLeod. Although it was threatening rain, 14 members and two visitors were present. Due to the absence of the secretary, S. Murray was nominated to act as secretary for the meeting.

The regulations drawn up by the committee for the weed collection competition were approved with additions and it is hoped they will be available to all members of the 4-H groups in the near future. It was decided that the local would put a float in the parade on Farmers' day June 11.

It is planned by the Clare local to have a display of handicraft and hobby work such as needlework, wood carving, lathe work etc at the grounds on picnic day. It was decided to help with the financing for getting the Lloydminster band for the picnic June 11. The next meeting will be held at the home of Mr. and Mrs. Charles Rohla on Wednesday July 14 at 8 p.m. A hearty vote of thanks was tendered to Messrs. McLeod for the use of their home for the meeting. As more rain threatened the meeting was adjourned after an excellent lunch.

The Paradise Valley W.A. of the United church met in the church basement on Friday, June 4. The ladies were very pleased to have as their guests a number of ladies from the Edgerton W.A. Mrs. W. Stoddart and Mrs. E. S. Murray took the devotional part of the meeting. A very good talk on world peace was given by Mrs. Fred Beckett and Mrs. N. Stepanoff. The ladies decided to send a contribution to help furnish the camp at the United church training school at Naramata, B.C. Each member is asked to send or bring a flour sack tea towel to the July meeting. These tea towels will be sent to the church camp at Lake Whitney. Thursday, July 15 was chosen as the date for the strawberry tea and sale of work. A delicious lunch was served by Mrs. W. A. Nickle, Mrs. E. Kragness, Mrs. P. Paulgaard and Mrs. C. Bleakley. The next meeting will be held on July 2nd in the church basement with Mrs. L. Block and Mrs. R. Bleakley as hostesses.

Patients in the Lloydminster hospital during the past week included Mrs. A. W. Flint, Mrs. E. H. Walters, L. A. Matheson and Mr. Chas. Bennett.

Mr. Jack Olsen and Mr. Elmer Beckett of Wetaskiwin drove up for the big P.V. 25th celebration but at the time of writing has been washed out by the weatherman.

Mr. and Mrs. Roy Stewart left on Saturday morning for a trip to the U.S. and expect to be away for several weeks. Mrs. E. Kragness and Mrs. G. McIntyre are in charge of the store during their absence.

Congratulations to Mr. George Venner on receiving a wrist watch from the Alberta Wheat Pool for completing 25 years service as a grain buyer for this company.

WE'RE SAVING MORE

Savings deposits at banks are still ahead of a year ago but the margin is somewhat narrower says The Financial Post. Increase at April 30 over last year is about 0.5 per cent.

## Tips on Touring

By Carol Lane
Women's Travel Authority

A passion for cleanliness is a virtue. But it might wreak havoc with the finish of your car. The plenty of soap and hot water rule that works so well for everything from little boys to big barns must be reversed when it comes to the family buggy.

Come clean-up time, here's the easiest and safest way to tackle the problem.

Choose the early morning or the late afternoon for the washing job as strong sunlight will streak the enamel when it is wet.

Use only cool water and a clean sponge, rinsing the sponge often. Polish with clean damp chamois skin.

Winter weather may have spotted some of the chrome finish or that rust appears. A chromium polish and protector will remove the rust and prevent further discoloration.

A whiskbroom or vacuum cleaner will do the trick for the inside of the car.

In some families a weekly car washing is junior's job. It helps him earn his allowance — and gives him a good habit besides.

## WOODVALE NOTES

Sunday morning, sunny with a drying wind after a rainless Saturday brought hope that on Monday work in the field could be resumed, but by mid-afternoon one of those disturbances bringing showers was on with us again, accompanied by a thunderstorm. Quite a bit of seeding has yet to be done on some places and farmers try to squeeze in an hour of handwork, not always successful as abandoned tractors and drills in the fields show.

Gardens too are getting to be a problem, with weeds all over and plants looking kind of waterlogged and chilled, especially the warm weather and drying winds. No doubt about it, we all will be very busy for awhile with the return of dry, warm weather.

The Red Cross W.A. had its June quilting bee at the home of Mrs. Al Watson on June 8 with 11 ladies present.

### Too Short -- Too Tall

Now the news is out. Instead of being the tall, slim-waisted Apollo he thought he was, a grim set of statistics has told the Canadian male that he is really short and dumpy, says The Financial Post Weekly Survey. The same description goes for ladies.

After weighing, measuring and talking to some 2,000 Canadians the Federal Health Department has come up with the conclusion that the average Canadian male is 5 feet 7 inches tall and weighs about 161 pounds. That puts him thirteen pounds overweight.

But what has happened to the famous 'average Canadian girl'? The cruel facts, apparently, put her at an average 5' 3½" into which curves were beautiful and the explanations most interesting and which oughly enjoyed by everyone.

Canada has more than 5000 hotels.

## REPORT FROM THE CAPITAL

# Highways, Railroads, Seeding Take Beating From Continuous Rains

EDMONTON -Continuous rains and swollen rivers and creeks last week put a crimp in more than one form of activity in Alberta.

Many farmers anxiously eyed the sodden skies hoping the rains would end and a warm sun would quickly dry fields so that seeding could be completed. Residents of many low lying areas in the province kept a constant watch on rising rivers and creeks in some cases, notably along the Athabasca riverbanks, had to be abandoned to the muddy flood waters.

Roads and railroads took a beating also. Bans were placed on several highways and Highways said many suffered considerable damage. At the same time the provincial highways program was dealt a blow in the rains which delayed construction in several days in most parts of the province.

The C.N.R. west of Edmonton, was beset by a flurry of washouts and slides and was forced to reroute its trans-continental trains from Edmonton through Calgary, to Kamloops.

Several Alberta farmers were called to be the worst off and the provincial crop reporter said there would be considerable acreage left in summerfallow this year because of the rainfall which came at the same time the provincial highways program was dealt a blow in the rains which delayed construction in several days in most parts of the province.

The C.N.R. west of Edmonton, was beset by a flurry of washouts and slides and was forced to reroute its trans-continental trains from Edmonton through Calgary, to Kamloops.

Several Alberta farmers were called to be the worst off and the provincial crop reporter said there would be considerable acreage left in summerfallow this year because of the rainfall which came at the same time the provincial highways program was dealt a blow in the rains which delayed construction in several days in most parts of the province.

The agricultural official said May 21 was the deadline for wheat seed to be used to blend that for many farmers it was too late now to seed coarse grains. He pointed out that crops have been planted in the central area as late as June 5 along the Athabasca valley. The danger of frost-damage in the Peace districts were pointed out. Fall is later season for neutral and summerfallow and concluded that of the early seed is ripened by a week of hot, windy weather.

Some of the crops appeared to suffer the crying need for Alberta at least: high-days. Early last week, rains were lashing at least the major highways and expressways in the province and motorists were beginning to keep as many roads as possible open by repairing washouts and filling potholes. Most local and secondary dirt roads were hopelessly impassable.

Only area to escape near-free on the flooding problems, according to road officials was the Peace River area, while the worst section of the province extended from Edmonton to Red Deer and from the east to Jasper. The Jasper highway was closed completely between Obed and Jasper Park gates, while crews worked to repair washouts at Prairie Creek, 75 miles west of Edmonton and at other small creeks a few miles east of Hinton.

A slide on the No. 2 highway, north of Okotoks, was said to be nearly impassable at mid week with crews up at least half a mile on both sides of one of the worst stretches.

A slide on the C.N.R. mainline near Jasper caused a freight train derailment early in the week. The crews had barely cleared the line and repaired minor washouts when a bridge, 58 miles west of Edson, was made dangerous for rail traffic by waters which damaged the bridge foundations. Several days in repair the bridge. In the interim C.N.R. transcontinental trains were rerouted and local traffic from Jasper to Edmonton was handled in a passenger train consisting of cars from both directions as far as the bridge. Then passengers were carried across on foot and by motor car to the waiting crews.

Edmonton and area were one bogan there were signs of a break in the weather, which along with record-setting heat has bedevilled Alberta all spring. The mercury soared from coolest in 11 years the mercury soared after hard flits the 70's to take the trouble or find the time to play most of the day, and the committee and the populace in general are indebted to them for their appearance here.

*GREAT PARADE*

The parade proved a mammoth surprise for everyone. It was really good and the Standard reporter could write a whole column about it. The many floats of the leading businesses and organizations indicated a real interest in the whole chuck wagon project and a keen desire to put it over. It was headed out by the Clandonald Pipe Band and the exhilarating music put everyone in the mood for a parade. Chuck wagons, chariots, floats the Farmer Sisters on their fine mounts, organizations of the town on the massive floats all mentioned individually, each was worthy of a story but that would fill a whole page.

The chuck wagon race program was an effort by the curling club to raise money to pay off the mortgage on the newly erected rink, but from this was accomplished to any extent or not the Standard does not know but the event was a good one from an entertainment and publicity standpoint. A mammoth amount of organization work must have been done by someone with Marshall Jackson heading the race committee strongly supported by Aldous Kent president of the curling club.

### Family All Present At Ceremony

## MR. AND MRS. JOHN A. ISLEY MARRIED SIXTY YEARS

Celebrated on June 13 was the 60th wedding anniversary of Mr. and Mrs. John A. Isley in the United church hall.

Dinner was served at 1:30 to 97 relatives. The table of the bride and groom of 60 years was centred by a three-tiered wedding cake baked by their daughter Mrs. Fred Kottmeier. It was beautifully decorated with bells, dower, leaves, white roses with the number 60 on the four sides.

The blessing was asked by grandfather Isley. The toast to the groom couple was proposed by their eldest daughter Mrs. J. J. Labine and was ably replied to by the 'groom'.

Their family of six daughters and six sons were all present. Out-of-town guests were daughter Lillian Labine and her daughters Kathleen, Mary and Elsie Labine of Vernon, B.C.; Mr. and Mrs. Henry Johannesson and family of Strasbourg Harold, Frances and daughter Joy of Wetaskiwin; son Everett, Grace and Hazel of Saskatchewan; granddaughters Lila Kennedy, Marie Grant and families of Edmonton; grandsons Carl Johannson and wife of Kitscoty; Bud Betke and family of Lloydminster; Dick Tilley and family of Edmonton; Grace Johnson and family of Edmonton.

The guest book which was signed by all present, was presided over by daughter Lillian. A number of the grandchildren and families were unable to attend.

The bride of 60 years was becomingly dressed in a navy dress with bolero and matching accessories. She wore a corsage of white carnations.

The couple were honored to receive telegrams from the Queen, Prime Minister St. Laurent, grandson Roy Tilley and wife in England and granddaughter Evelyn Linton, husband and family of Hay River, N.W.T., as well as numerous cards.

Son Ken made the presentations of the gifts, which included an electric floor polisher and Krohler rocking chair from the family; lovely table lamps, towels, cake tin, tablecloth, plaques, cushion top, runners, candy etc. from relatives and friends.

"AT HOME" JUNE 14

Some forty guests called at the Isley home on June 14 to extend best wishes to Mr. and Mrs. Isley and several were from the daughter Kathleen Labine and daughters Kathleen, Mary and Elsie Labine of Vernon, B.C.; Mr. and Mrs. Henry Johannesson and family of Strasbourg Saskatchewan

COOPER BROS. — PUBLISHERS

VERMILION, ALBERTA, THURSDAY, JUNE 24, 1954.

*CROP PROGRESS*--

While crops are now making time as a result of a week of warmed weather they are still rated some 15 days behind 1953. Moisture condition of the surface soil is excellent and that of the subsoil good so that further gains in time could easily be made.

Naturally enough wheat acreage has been reduced in this district by 15% and coarse grains will be down 3%, with some seeding of oats and barley still being done. There will be an increase in summerfallow of approximately 16%. This will make 30% of the cropland in summerfallow.

No crop damage has been noted to date but fields are very dirty with heavy weed growth.

*PROVINCE-WIDE COURTESY CAMPAIGN OPENS JUNE 30th*

Officials of the Alberta Safety Council report a gratifying response already to the announcement that a province-wide Courtesy Campaign will open Wednesday June 30. This will be maintained on an intensive scale throughout July.

Though notices to mayors of the cities, towns and villages and the reeves of municipalities were sent only recently more than 25 of these centres have indicated their full co-operation and have ordered supplies of posters, bumper stickers and wallet cards. The number is steadily increasing and is expected to reach new high levels before long.

Here are some of the centres which have joined the campaign and ordered supplies: Edmonton, Calgary, Medicine Hat, Red Deer, Lloydminster, Eckville, Morrin, Carbon, Mortonville, Gleichen, Chipman, Holden, Wainwright, Sedgewick, Irvinnes, Stirling, Ryley, Strathcona, Vucan, Killam and Vermilion River M.D.

The Alberta Safety Council will distribute thousands of bumper strips which say, *"I Make Courtesy My Code of the Road"*.

Large posters also will be issued to campaign areas. These carry such slogans as: Good Drivers Always Signal, Don't Make Wrong Right Turns, Make Courtesy Your Code of the Road.

The pledge cards also are proving of great interest. These list Code of the Road. On the opposite side of the card is the pledge: "I promise to do my best to drive and walk safely."

Municipal officials in various points have shown keen interest in the campaign. It is hoped by the Safety Council that these officials and other local leaders will take immediate steps to launch a safety campaign in their particular areas, thus giving greater stimulus to the all-Alberta war on accidents. It is a major follow-up to the Provincial Highway conference held recently when measures were adopted to promote safety on a wide effective scale in this province.

Be your own "Private Eye" . . . watch for the danger signals which may mean cancer.

## 30 Drowned In Alberta In 1953

Drownings in this province last year took 30 lives, says the Alberta Safety Council, in sounding a warning at this vacation time of water hazards.

The swimming and water safety division of the Alberta Red Cross Society and the Safety Council are working in full co-operation along educational campaign lines to lessen the annual toll.

Last year there were 12 drownings in irrigation ditches, stock ponds, troughs and sloughs. In most instances the victims were children.

The best way is to fence either the pond or the children in, said an official.

In all these 12 cases, the victims were at rural points in the province.

In 14 cases, there were drownings from small craft while four other victims fell through thin ice. Eight swimmers were drowned while 9 deaths were caused by persons falling into creeks, rivers and lakes. There were three fatalities due to the car plunging into the water, or other causes. A breakdown shows 24 of the victims were engaged in recreational activities while 26 were rural dwellers.

A wide campaign is planned this season by Kenneth Hodgert, the Director of Swimming and Water Safety for the Red Cross. Associated in this work are Murray Smith, a school teacher and Miss Doreen Campbell, Supervisor of Swimming and Water Safety for the Red Cross.

This Red Cross team attends special events such as regattas and other beach gatherings to demonstrate practical water safety. Large posters are displayed and a loudspeaker is used in assembling an audience. The safe operation of a canoe is demonstrated, as well as the handling of motor boats. Volunteer and Red Cross instructors also are taken along and given an opportunity to take full advantage of the training value of the talks and demonstrations.

Thus both the Red Cross and the Alberta Safety Council are waging a joint campaign to bring water safety to Alberta on a scale hitherto unknown.

## For The Attention Of The Town Fathers Of Vermilion!

*(From Wildmere Weeks)*

Here is an item which I hope catches the eye of the town fathers in our home trading centre of Vermilion. Have you ever walked down the streets in the business section Saturday evening and noticed the way in which the cars were parked? About every two cars took up the space of three. It is time that the marks were repainted on the sidewalks and the cars made to park in the proper space and at the right angle. The task of having to carry a week's supply of groceries for blocks is no small one and proper parking would greatly help the situation.

What do some of you other country people think about this?

Many Educational Problems Discussed

## School Trustees Annual Convention

A very successful Trustees' convention was held on Saturday in the auditorium of Paradise Valley school. Although the attendance was not as large as hoped for, the interest and response to discussions showed that those in attendance were taking a keen interest in the meeting.

The highlight of the meeting was the fine address by Mr. A. G. Andrews, Secretary of Alberta Trustees Association.

Mr Andrews based his talk on the "Aims and Policies of the Trustees Association".

They aim at bettering conditions for education by better schools and better teachers. He stated every child should have an equal opportunity to receive an education and he felt that centralization was helping in this line.

There are four main bodies concerned with education, Department of Education, Alta. Teachers' Assoc., Home and School Assoc., and Alta. Trustees Assoc. These bodies all work together in planning a good balanced course of studies.

Speaking of the teacher shortage he felt the newly formed short course was to be a big asset, in helping provide teachers in remote areas and having pupils perhaps have a partially trained teacher for the first time in some schools.

Mr Andrews address was well received.

STUDENTS INCREASE 8000 EACH YEAR

Hon. A. O. Aalborg gave an informative talk on the work covered by the Department. He stated that education had become mighty big business and showed the vast increase each year which had to be coped with. Student enrollment is increasing at the rate of 8000 a year which was presenting a problem to keep up with the building program as well as the teacher placements.

6-WEEK TRAINING COURSE

Mr Aalborg also explained the plan of the 6-week training course and why it was instituted.

When a person completes three consecutive years of 6 weeks training and two years satisfactory teaching they have the same standing as a full year's course in the Faculty of Education with two years satisfactory teaching.

Mr Aalborg anticipated a much smaller shortage this September due to this 6-week short course.

He also dealt with the school book branch of the department and he urged schools to get their orders for books in early and as accurate as possible.

Mr Carl Klauer of the executive of the Trustees Association told of the work covered by the executive and he also brought greetings from the Holden Division.

40 RURAL SCHOOLS LEFT

Mr. Simonson gave his report on school room and teacher situation in this Division. He told of the new building plans and centralization program.

All schools are quite crowded. There are only 40 rural schools left in the Division and ten more are to be closed this year.

Mr. A. Clarke brought greetings from the Divisional Board. Mr. Richardson from the A.T.A. and Mr Stanton Murray welcomed the delegates and visitors to Paradise Valley.

The meeting was brought to a close in the late afternoon and all seemed pleased for having been in attendance to hear the fine talks.

A vote of thanks was tendered to Paradise Valley for providing such a nice meeting place, also to the speakers by Mr. Geo. Cundliffe.

Mr. Jas. McCorry of Kitscoty was the unanimous choice for president for another year with Mrs. R. J. Golightly of Willowlea as the secretary.

## Masonic Service Held At Mannville

MANNVILLE.—A joint service was held with the United church and Anglican church congregations in the United church on Sunday on the occasion of the annual Masonic service. Masons of Mannville, Minburn and Innisfree paraded to the 11 o'clock service. The service was taken by Rev. R. Alcock and the sermon was preached by Rev. Ross Crighton. The subject of the sermon was "Why be a Christian" and Mr Crighton pointed out that while it was one of the happiest and most satisfactory of lives, still it was one of the hardest. Christianity should not be veiled with sentimentality but should be the straightforward, beautiful and challenging life that Christ lived as an example for us. It was a very inspiring sermon.

By Your District Agriculturist

## "GREEN ACRES"

SEED DOWN THE GULLIES

Gullies are getting deeper every year on a lot of farms in this area. It is not long before the gullies get so deep that they cannot be crossed with machinery. Now is a good time to level out gullies with a one-way and seed to brome grass. Get a circular from this office on erosion control. This circular gives the steps to take on checking the damage done when gullies are left to develop.

FOOT ROT IN CATTLE

Quite a few stock men have reported foot rot in cattle this year. The wet weather seems to cause outbreaks of this infection. Sulfa drugs usually clear up cases where the infection is in the early stages. Otherwise the infected parts must be scraped and disinfected. The germs are present in most barn yards. All broken bottles etc., should be picked up. It is best to get your "Vet" out if animals are infected with foot rot.

FARM SIGNS

Name plates on gates help strangers in getting around the rural areas. Maybe some people don't want the collectors to know where they live but most farmers are proud of their places. Painting of names on mail boxes helps a lot. Mr. Anderson of Stephens Store, Vermilion has been painting name plates for every farmer who asks for one. Merchants in other towns might very well take up this splendid idea also.

BURNING STUBBLE

Last spring we recomended to farmers that they should not burn stubble. There was none burned in this area. We are not sure if people took our advice or was it a case of the stubble being too wet to burn. Anyway the land is going to benefit from the added trash and fibre.

PLANT LICE CONTROL

Aphids (plant lice) infest nearly all kinds of trees, shrubs, flowers and vegetables. Gardeners should watch for the first out break as plant lice multiply very fast. Just a few plant lice can kill or stunt a plant. Black Leaf 40 seems to be the best control. Derris powder and DDT can also be used effectively.

# WEDDING BELLS

*BARLOW—ROHLA*

Paradise Valley United church was the setting of an attractive afternoon wedding on June 15 when Miss Mary Ann Rohla, only daughter of Mr. and Mrs. Charles Rohla of Paradise Valley became the bride of Mr. John Walter Barlow, eldest son of Mr. and Mrs. L. Barlow of Vermilion. The ceremony was performed by the Rev. D. D. Davidson. The bride, given in marriage by her father, wore a ballerina-length strapless gown of nylon tulle and lace complemented with a matching lace bolero designed with a Peter Pan collar. A heart-shaped coronet held in place her finger-tip veil and her only jewelry was a three-strand nylon pearl necklace with earrings to match. The bride carried a bouquet of American Beauty roses.

The bridesmaid, Miss Winnifred Barlow sister of the groom wore an aqua gown ballerina-length of net and brocade complemented with a matching net headdress. She carried a nosegay of white carnations and pink tea roses. Little Diane Knor, cousin of the bride, acted as flower girl for her wedding. She wore a yellow floor-length gown and carried a nosegay of white carnations and small tea roses. Best man was Mr. Charlie Rohla, only brother of the bride. The ushers were Mr. George Barlow and Mr. Emil Knor. The wedding music was played by Miss Shirley Gunn and at the signing of the register Miss Gunn rendered "O Perfect Love" at the organ.

For her daughter's wedding Mrs. Rohla wore a printed nylon dress with white accessories and a corsage of red roses. The groom's mother chose an old rose dress with white accessories and a corsage of yellow roses.

After the ceremony a reception for fifty guests was held in the Paradise Valley church basement. A three-tiered wedding cake centred the table with pink and white streamers decorating the setting. Rev. Mr Davidson acted as toastmaster and Mr C. A. Richardson proposed the toast to the bride to which the groom responded. In the evening the newlyweds gave a dance in the P. V. hall where a large crowd attended to wish the young couple every happiness in their new life together. The happy bride and groom left later in the evening for a short honeymoon destination unknown. The bride for travelling wore a greyish blue suit with white accessories and a corsage of American Beauty roses. On their return Mr. and Mrs. Barlow will reside on the groom's farm in the Vermilion district.

CHALLMAN—FERBEY

A pretty June wedding was solemnized in the Missionary Alliance chapel on June 5th at 10 a.m. when Helen Ferbey, youngest daughter of Mr. and Mrs. Jacob Ferbey of Myrnam, and Herbert Gordon Challman, the only son of Mrs. D. F. Coffin of Vermilion, exchanged vows. The ceremony was performed by Rev. McNair.

The bride looked lovely in a nylon net over satin gown with beaded crown and floor-length veil. She carried a bouquet of pink and white roses. She was attended by two bridesmaids, Elsie Sypit and Bertha Bespalka.

The first bridesmaid wore a yellow nylon and net floor-length gown. The second bridesmaid's gown was of baby blue nylon. The groom was accompanied by Lloyd Engelking and Paul Fobylka. During the signing of the register Miss Margaret McLennan played the piano.

A reception took place at the bride's home near Myrnam. It was well attended by many relatives and friends. The bride's table was decked with a four-tiered wedding cake topped by bride and groom ornaments. Many lovely gifts were received. A dance was held at the bride's home.

The happy couple will reside in Vermilion.

# SLIMMING . . As Easy As A-B-C

So you want to be thinner now that summer is here! It's a good idea if you are really overweight. In fact doctors, nutritionists and life insurance officers agree that honest-to-goodness overweight ranks very high as a serious national health problem today. They have facts to prove that fat people are much more likely to develop a serious chronic disease. But don't slim for summer only! If you are carrying around extra pounds treat your condition as a serious health hazard, and do something about it now . . . so you'll continue to feel better all year long.

It's as easy as A B C! Losing weight that is — if only you'll be sensible about the whole thing. Here are your cues:

A . . . Abstain from extremes in eating habits. If you're human at all, you've probably been tempted or lured by at least one of the so-called 'wonder diets' flooding the country today. Beware of these quick cures. Most of them are the work of faddists or 'health food' promoters anxious to sell cheap words or nutritionally useless products. Losing weight is a natural body process and can only be brought about by a readjustment of natural everyday habits. Starving yourself one week and gorging the next will do little to help your condition. Extremes in eating habits can be more harmful than helpful. They upset regular digestive processes. They're hard on your nerves and your morale. They are even harder on your pocket book — [illegible] and [illegible] too.

So be sensible, and be sure. If you think you're overweight and you're anxious to do something about it, consult your doctor first. He'll tell you how many pounds to lose . . . and how fast to lose it. He'll help you with a long range plan which will reduce your weight gradually, safely . . . and for good! Remember . . . 'A' means ABSTAIN from Extremes!

B . . . Balance your everyday diet. Perhaps you think your daily diet is satisfactory. At least it keeps you from feeling hungry. But do take another good look at it. A nutritionally balanced diet based on Canada's Food Rules is one of the surest guarantees for the success of your take-off weight campaign. Eat normal amounts of the common basic foods like meat, fish, eggs, milk, cheese, whole grain or enriched [illegible] bread, butter or margarine, whole grain cereals, fruits and vegetables. Avoid all the extras which through habit become necessary parts of your daily diet . . . the jam or marmalade on your morning toast, the catsup or gravy on your meat, the icing on your cake or the sauce on your ice cream. Its the basic foods that keep you in good health whether you're reducing or not. It's the extras that play havoc with your curves. So take note . . . 'B' means a BALANCED diet every day.

C . . . Cut down on everything. It's the calories that count! Don't let anyone tell you otherwise. And they're still calories whether they come from coconut cream pie or lettuce and tomato salad. What you must remember is that the food you eat must provide fewer calories than your body needs for heat and energy before you can hope to lose any weight. You see calorie is the name given to the unit of heat or energy produced in your body when your food is digested. Your food should provide your body with other benefits besides calories. It should provide proteins, vitamins and minerals to help keep you strong and healthy. But the overweight person must [illegible] every food whether it's a good source of protein, vitamins and minerals or just producing calories. If you don't use up all these calories they become excess body fat. You know the rest!

No food should be called fattening or high calorie. It's the amount of it you eat that determines how fattening or high calorie it becomes. There's just one rule that won't fail you. Don't leave any basic food, like bread for instance, out of your diet during the reducing period. Choose a balanced diet of nutritious foods that contains plenty of proteins, minerals and vitamins. Then, cut down on the amount of each food you eat. Then your total caloric intake will be less . . . and your body fat will be used to provide the heat and energy you need. 'C' means cut down, sensibly, on everything.

It is as easy as A. B. C if you'll Abstain, Balance and Cut as you comfortably and slowly lose those excess pounds.

# Moisture Conditions In the West

The total overall moisture condition for the three prairie provinces has increased during the past week. The total moisture condition for the three provinces, weighted for wheat acreage now stands at 108 per cent of normal compared with 103 per cent last week and 109 per cent at this time a year ago.

ALBERTA now stands at 98% of normal, Saskatchewan at 111% and Manitoba at 115%.

The rains which have fallen during the present growing season from April 1 to June 15 for Alberta have been 166% of normal, Saskatchewan 132% and for Manitoba 165%.

In Alberta all crop districts have had better than normal rainfall during the present growing season, with the exception of crop districts 1, 2, 3, 4 and 17 which have had somewhat less than normal.

In Saskatchewan and Manitoba all crop districts have had better than average rainfall from April 1st to date.

# Greenlawn Old Timers Picnic July 1st

The Greenlawn Old Timers will hold their annual picnic on the grounds 5 miles north of Dewberry on Thursday July 1.

The attractions are many and varied and every member of the family will find plenty of interest. Softball, hardball, horse racing, chuck wagon races, the Dewberry boys band and a dance at night are all on the program. This picnic has become one of the big outings for the people of a wide area, a good time always being enjoyed at this well organized and carried out event. 50-1

# 85 Students Start Departmentals

Beset with that 'woozy' or 'butterfly' feeling in the midriff, 85 grade 9 and grade 12 students commenced writing departmental examinations at the V.H.S. this week. Of this number 28 are grade 12 students and 57 grade 9. Of the 57, two are from Buffalo Coulee school.

The 28 grade 12 young people will be quite alone with the presiding examiner at the high school as grades 10 and 11 completed writing their tests set by the teachers on Tuesday and their holidays commenced Wednesday.

In the Junior high grades 7 and 8 continue to the last day of the month, Wednesday, June 30.

However, a gala day is awaiting them then, as the official opening of the Vermilion provincial park will be celebrated with a full afternoon's program.

GRADE 12 TIME TABLE

The grade 12 exams are scheduled as follows:

Wednesday June 23: 9 a.m. Mathematics 30. Thurs. June 24 — 9 a.m. Social Studies 3; Fri., June 25 — 9 a.m. English 3 Language; 2 p.m. — English 3 Literature; Mon. June 28 — 9 a.m., French 3; 2 p.m. Science 22 (Biology); Tues. June 29 — 9 a.m. — Chemistry 2; Wed., June 30 — 9 a.m., Physics 2.

GRADE 9 TIME TABLE

Thurs. June 24 — 8:45 a.m. regulations; 9 a.m., Social Studies; Fri., 9 a.m. — Language; Mon., 9 a.m. — Mathematics; Tues., 9 a.m. — Literature; 2 p.m. — General Test; 2:45 p.m. — Reading Test, Wed. 9 a.m. — Science.

There are approximately 12,000 students writing the grade 9 examinations but this number dwindles to 5000 writing the grade 12 or high school graduation exams.

# Pleasant Valley

The weather is much warmer and roads much dryer. Flowers are late and there are no signs of roses yet.

Congratulations to our Editor's son Stewart. We hope that he will enjoy the leadership course very much and also the beautiful Ontario countryside. Congrats also to an Islay boy, Ronnie Inman, for winning the flying scholarship of the air cadets.

The weather behaved quite nicely for the wedding. The sun shone on the bride, but oh the roads! David Giles was busy pulling cars out of the mud with a tractor.

Did we hear that Leonard came home from Grimshaw on 2 wheels? Congratulations anyway, with lots of sunshine and happiness.

The chuck wagon parade Saturday was well worth seeing and despite threatening rain which never did materialize the crowd really enjoyed this big Vermilion event.

On Sunday quite a number went to Sandy Beach for the regatta and several were noticed there from Vermilion and Islay. Only one little shower of rain fell. How was the turkey Dorothy?

Annie now has a nice fridge purchased from the Ford store in Islay.

Bob and Violet were visitors to the Clark home on Monday.

Christie and Bob each purchased a Holstein heifer from the Bill Barr dairy farm at Vermilion recently.

Mr and Mrs. Reid motored to Ryley on Sunday.

The writer hopes to see Mrs. Moore again now that the roads are dry.

Some folks are seeding while the others are summerfallowing. The weeds are certainly bad in field and garden.

# Islay District Locals

A slight frost occurred on the night of June 19 here. Potatoes, corn and tomato plants were touched a bit, also cukes were blistered. All will come on again but it was a setback.

We welcome Mr. and Mrs. Clarence Gould and their two small sons back to the farm. They spent the winter in Manitoba.

The weather is ideal at time of writing. The country looks lovely in its springtime green. Roads are drying and everyone is picnic-minded, but prepare to fight those mosquitoes, they are bigger than ever.

Lakes are filled to the brim from the prolonged rains. Waterfowl seem very numerous this year and muskrats are busy. There will be plenty of wild berries this year, as they are forming on the bushes already.

Spring and summer was meant for our enjoyment, let us take the opportunities as they come our way. Remember the less fortunate ones and offer to take some one out who may not otherwise have a chance to go.

Don't wait for marvelous things to happen. Seize the everyday events and make them great ones.

# Ask V.L.A. Smallholdings Area

A regular meeting of the town council was held Monday, June 7 with Crs. M. Hill, D. R. Mitchell, H. J. Payne, G. W. Sutherland, G. C. Webb and Deputy Mayor K. G. Urquhart in the chair. Absent was Mayor S. C. Heckbert.

A delegation consisting of K. Chalmers, M. Hunter and G. Ross attended the meeting and requested that the Council approve the establishment of a V.L.A. smallholdings area west of the hospital.

The minutes of previous meeting were adopted as read.

Financial statement was adopted as read.

The following motions carried:

That the Council present sit as a Court of Revision re assessment of Lot 13, Blk. 38, Plan 635-V.

That member of the fire brigade attend the Alberta Fire Chief Association's annual convention in Edmonton, on June 14, 15 and 16, with hotel and transportation paid by the town; with transportation costs paid by the town for other members wishing to attend.

That D. R. Mitchell be representative of the Town Council on the Vermilion Recreation Commission.

Further that nominations as submitted by various organizations by letter to the said Commission be accepted.

That Council nominate Hazel Barr and Viola Maggs to attend Playground Leaders' short course in Red Deer June 24 to 30 and pay transportation and registration.

That the resignation of Frank H. Walker as town representative on the hospital board be accepted with regret.

Building permits were granted to George Pearce, private garage $300; C. J. McCormick, addition to house $1500, Lot 13, Blk. 23; John Parkin, addition to house $700; J.C. Perrier, addition to house $400.

That application from Canadian Utilities Ltd. for connecting outfall from septic tank to sewer outfall now used by town at their own expense be approved.

That James McGaughey be allowed to move shack from Super Service property to Lot 16, Blk 25, Plan 635-V to be used for a garage.

That Lot 8, Blk. 33, Plan 635-V be sold to L. A. Dowling for the assessed value of $150 subject to the usual building agreement.

That the west half 25 feet of Lot 8, Blk. A Plan 635-V be sold to Wm. J. Pettigrew for the sum of $50.

Council approve transfer of the Sales Agreement on Lot 30, Blk 2, Plan 6647 S from Martin Shalka to H. W. Archibald and that extension of six months to meet the building requirements be given.

That the indenture between the Town of Vermilion and the Vermilion Branch of the Canadian Legion of the British Empire Service League re Lots 1 and 2, Blk. 4, Plan 6647-S as presented to the Council this date be agreed to and accepted.

Street Paving By-law No. 3-54 was given second and third reading and finally passed.

By-law 4-54 (application for a loan) was given 1st, 2nd and 3rd reading and finally passed.

Melvin Hill was appointed Deputy Mayor for May and June.

That the meeting be adjourned to Friday June 11 at 7:30 p.m.

# More Crow And Magpie Feet Needed

Crow and magpie feet collection up to the present time stands at 244 crows' feet and 310 magpie feet. The Vermilion Branch of the Fish and Game league want 500,000 more before the end of July. No bounty after July 31, 1954, so hurry boys and get in on the cash.

# Council Approves V.L.A. Development

An adjourned meeting of the town council was held June 15 with Mayor S. C. Heckbert and Crs. M. Hill, D. R. Mitchell, H. J. Payne, G. W. Sutherland, K. G. Urquhart, Geo. C. Webb present.

The Council again sat as a Court of Revision to deal with assessment appeal on Lot 13, Blk 38, Plan 635-V.

The following motions carried:

Council give approval to V.L.A. three-acre development for veterans to the west of town of Vermilion, the land concerned being located on the W½ Sec. 31-50-6.

The following building permits were approved: John Maxwell, private garage, Lot 4, Blk. 12, Plan 6647-S, $300; L. G. Wright, residence, Lot 12, Blk. 33, Plan 635-V, $6500.

That Mr. Frank Welsh be appointed to fill out the remainder of the term of Mr. Walker on the Municipal Hospital board.

By-law No. 5-54 be read a 1st, 2nd and 3rd time and be finally passed.

Playing an exhibition game at Clandonald Sunday the Vermilion Tigers came out on the long end of a 15 to 2 score.

# LETTERS TO THE EDITOR

Vermilion, June 23, 1954.

Dear Editor:

With your kind permission I would like to add my voice in protest to dogs running at large. It is not nice to have dogs running all over your garden, as gardens produce food, and dogs are the most unsanitary animals that are known. People have no right to keep dogs unless they are kept on their own property.

I do think the town council should put a ban on dogs running at large. Owners do not seem to realize what a pest their dog is to neighbors.

If all the people who grumble about dogs running at large with no restrictions whatever would get busy and raise their voices and complain to the council we might get some action. A good neighbor would not allow his or her dog to become a nuisance and pest to anyone.

Surely we gardeners who do so much to improve the appearance of the town have a right to expect protection. I am sure that there is no harm in asking the control of a wrong and this habit of dogs running at large all over the gardens certainly should be corrected. Is it too much to expect some prompt action from the town council?

Omen F.D.

Dogpatch, June 15, 1954.

The Editor,
Vermilion Standard

Dear Sir:

In support of "Dodger" whose letter appeared in your issue of June 10, I wish to offer the following suggestion.

That all sidewalk cyclists be licensed, and that revenue from this source be used to lay single plank walks in the alley to which all pedestrian traffic should be confined, thus eliminating the worst hazard with which the cyclist has to contend.

Would also recommend that part of the $600 to $700 which is or should be collected yearly in dog tax, be used to place dripper posts and sand boxes at suitable intervals along the parking strips of our streets for the convenience of our rapidly increasing canine population who at present have no other facilities than the nearest vegetable garden, lawn or ornamental shrub.

Yours truly,
Old Grouch.

# Local News of Interest

Mr. and Mrs. W. A. Kibblewhite and daughter Jean were in Edmonton last week to attend the capping ceremony at the Royal Alexandra hospital. Miss Betty Kibblewhite received her cap on that occasion.

Mr. and Mrs. D. B. Shirreff were in Banff last week to attend the annual convention of the Alberta Hospitals Assoc. Mr. Shirreff is a member of the Islay hospital board.

The name of E. Clendenning was omitted from those elected to the executive of the Canadian Club in the report appearing in last week's Standard.

Mr. and Mrs. Bell of Edmonton are visiting at the home of their son James and family.

The holiday season is fast swinging into being and already several Vermilion families are away on vacation including Mr. and Mrs. Ted Koehli, Mr. and Mrs. R. Jones of the C.N.R., Mr. and Mrs. Bill Anderson and Mr. and Mrs. Tommy Roth.

Old friends in Islay will regret to hear that Mrs. Edna (Drummond) Watt wassed away recently in Ontario. Interment took place at Vancouver beside the body of her husband. As Edna Drummond the deceased was matron of the Islay hospital in the early days.

Miss Anita Mervin of Vancouver plans to return to the coast on Saturday after spending two weeks with her grandparents Mr. and Mrs. W. J. Fisk. Anita is the daughter of Mr. and Mrs. Henry Mervin (nee Vivian Fisk).

AC1 Donald Davis left for the R.C.A.F. station at Chatham, N.B. after spending his leave in town with his parents Mr. and Mrs. T. H. Davis.

Mrs. Al Hebert with sons Philip and Paul left on the return trip to their home at Windsor, Ont., on Tuesday night after visiting the former's parents, Mr. and Mrs. S. R. P. Cooper and brothers here for the past six weeks.

Miss Catherine Barr, nurse-in-training from the University hospital, Edmonton, is home on holiday at the family home.

Mr. and Mrs. Lloyd McFadden returned over the week end from their annual vacation during which time they travelled as far as Great Falls, Montana. While in Calgary Mrs. McFadden attended the annual convention of the Order of the Eastern Star, visited Mrs. Edna Taylor and other friends. They also went to Lethbridge and saw Mr. and Mrs. Ted Miller and some old Islay friends and Mr. and Mrs. Eddie Orr. A side trip to Drumheller was made to see Mr. and Mrs. McCrae, formerly of Islay.

Mr. and Mrs. Gerald King left on Thursday for Salmon Arm, B.C. to visit the latter's daughter Mr. and Mrs. Harry Hamilton.

Hearty congratulations and very best wishes from his many friends are extended to Mr. Clive Dorey of the Landonville district on his recent marriage which took place quietly on June 10 in Edmonton. His bride is the former Miss Irene McLeod, youngest daughter of Mr. and Mrs. McLeod of Mannville and Edmonton, and Clive is the only son of Mr. and Mrs. Herb Dorey of Landonville. The happy young couple are touring parts of the U.S. returning via B.C. and will probably be away a month.

*IN MEMORIAM*

In loving memory of
*Ina Lenora Anderson*
who passed away June 23, 1947.
"Gone but not forgotten
'We loved you, yes we loved you
But Jesus loved you more
And has gently called you to
yonder shining shore
A kind word was spoken
A gentle voice said 'come',
And with many farewells unspoken
You sweetly entered home."
Keenly missed by Mother
Dad Brothers Sisters

## Shower Honors Miss Eunice Wasylishen

Eunice Wasylishen walked into the staff room on Monday at the Jr. high prepared to take as much 'pep talk' as Mr Walker had to offer, but instead was greeted with a large box. After the shock of the surprise was over, she gingerly opened the package and displayed a beautiful breakfast set which was presented to her by the staff of the Vermilion Junior high.

No, Eunice's 'butterfly' epidemic was not over. On the following evening a number of her friends met at the home of Mrs. Baden Anderson and gave Eunice a surprise shower. Ernie led with wedding terminology, the mystery of numbers and other games.

A very delicious lunch was served by the hostesses, Mrs. Anderson and Mrs. Coulter after which Mrs. Coulter wheeled in the gift-filled baby carriage in the midst of which was a real mama doll. Eunice's sister Stella assisted her in opening the gifts. With all those gifts and best wishes, Eunice can begin housekeeping any day!

The pleasant evening was concluded with a sing-song and "Auld Lang Syne".

Best wishes are extended to Eunice as she leaves Vermilion.

## Prayer Band Farewells Mrs. R. Chapman

The Women's Prayer band of the Alliance chapel had as their guests the Home League of the Salvation Army Wednesday last. The meeting was in honor of Mrs. R. Chapman who with her husband leave Vermilion in the near future

The Prayer Band presented a Missionary skit entitled "They Promise to Pray". Mrs. Roy Watkins sang the solo "Ready to Go". Mrs. P. Calvert brought a few closing remarks after the Challenging skit.

Later the ladies, 42 in all, were served a lovely lunch and a social time followed. Mrs. Geake responded for the guests with a word of thanks.

## Mannville & District LOCALS

Home on leave from Camp Borden to which post he has been recently posted is AC1 Ken Laurenceson of the R.C.A.F. He is visiting his parents Mr. and Mrs. Walter Laurenceson.

Recent visitors with Mr. and Mrs. Ivan Smith were his sister and her husband Mr. and Mrs. Davies of Ontario. They have gone on to Jasper, Banff and other points of interest before returning east.

Mr. and Mrs. Jim Murray and family of Fort Saskatchewan were week end visitors with Mrs. Murray's parents, Mr. and Mrs. Fred Prill.

Mr. and Mrs. Stan McGreevey and Barbara Arnold were Sunday visitors at the Coxford home. Mrs. Mercer who has been down for a few days returned to Edmonton with them.

Mr. Robin Stuart spent the week end with his parents Mr. and Mrs. A. Stuart.

Miss Caroline Iseck of the staff of the Royal Alex hospital in Edmonton spent a few days recently with her uncle and aunt Mr. and Mrs. J. Jondel.

A shower was held last week for Miss Ellen Johnston, by a group of her former school friends. It was held in the United church hall and Miss Johnson received many lovely and useful gifts. She was married on Saturday last to Mr. Arthur Sturt.

Of interest to Mannville and district residents will be the word received from Dewberry that Ernest Braithwaite, son of Mr. and Mrs. Joe Braithwaite, has been selected to attend the Leadership Training school to be held at Lake Edith, Jasper. Ernest is a pupil of Mr. Angus Smith, formerly of Mannville and Mrs. Braithwaite's [illegible] mother is the former Olga Prill.

## Dewberry W.A. Meets

The regular June meeting of the Dewberry Ladies Aid was held at the home of Mrs May Braithwaite.

It was opened with the singing of a hymn following this Mrs S Websdale read from the Bible Mrs W. Porter read the Upper Room leaving this message: "to live the Word of God is Christianity".

There were ten members present and one visitor namely a very special one indeed, Mrs C Websdale a former member. She is visiting at the home of her sister Mrs S Websdale.

Minutes were adopted as read and the treasurer's report was given.

Sunshine Lady reported one card sent to Mr Sneddon during his recent illness.

Mrs S Websdale moved we clean the church during the holidays and Mrs Munroe seconded this.

Following a lengthy discussion on how to raise money for the building fund and general expenses Mrs S. Websdale moved that a cold supper and strawberry social be held on Aug 12. This was seconded by Mrs Hornagold.

A motion in regards to a social afternoon or evening each member inviting as many or as few as she desires. Proceeds from the lunch for this to be donated to the building fund. This was made by Mrs R. Braithwaite, seconded by Mrs G. Ewen.

Correction in the last report - Mrs J E Curtis instead of Mrs W Curtis.

The president led in benediction and following this the hostess served a delicious lunch.

Happy Birthday was sung to Mrs W. Porter. The next meeting will be July 8 at the home of Mrs W Young.

## Confirmation At Mannville Church

MANNVILLE.—On his first visit to Mannville, the Rt. Rev. H. H. Clark Anglican Bishop of Edmonton dedicated the Credence Table which was given in memory of Mrs. Weaver Sr.; backdrapes which were donated by Mr. and Mrs. C. Hamilton, kneelers for the Communion rail by Miss K Sutton; and the beautiful sanctuary windows donated by the Junior Auxiliary [illegible]

In the Confirmation service which Rev. Clark conducted the theme of his sermon was "The Four People We Are". First, what we think we are, what others think we are, what we would like to be and lastly but most important what God knows us to be. And the service of the Confirmation or "laying on of hands" helps us to be that last person, enables us to live the life that God wants us to and knows that we are capable of living with His help. "To thine own self be true" is the thought he left with us.

Those presented for confirmation were James Croft, Hans Pederson, Marilyn Mercer, Ruby Hawley, Nora Gilbert, Barbara Nicholson, Edith and William Osborn.

Following the service a social evening was held in the parish hall and the bishop was able to meet and talk informally with the congregation. The newly confirmed persons were presented with Prayer books.

## Wedding Bells

*HAMMER ANDERSON*

The First United church, Vermilion was the setting of a very pretty wedding on June 10 when Hilda Joyce Anderson, daughter of Mr and Mrs Harvey Anderson of Vermilion was united in marriage to Richard Carlton Hammer, only son of Mr and Mrs. Louis Hammer of Vulcan.

Rev. C. W. MacKay performed the ceremony.

The bride entered the church on the arm of her father to the strains of the wedding march played by Mrs John Hillcox.

The bride was lovely in a ballerina length gown of nylon tulle over satin fashioned with a strapless bodice encrusted with rhinestones and complemented with a lace bolero with lily point sleeves.

Her three-quarter length veil was held in place by a Queen Anne headdress. She carried a bouquet of red roses and white carnations.

Miss Dorinda Anderson, sister of the bride, was her only attendant. She wore a balerina-length gown of pink net over nylon. Her matching chapel-length veil was held in place with a bandeau. Her Colonial bouquet was composed of sweetheart roses. The best man was Mr Harold Mensinger of Olds.

Harvey Anderson, brother of the bride and David Tovell were ushers. During the signing of the register Mrs William Steenson sang "O Perfect Love".

For her daughter's wedding Mrs. Anderson wore a navy afternoon dress of nylon sheer complemented with white accessories and a corsage of pink roses.

Mrs L. Hammer mother of the groom wore a navy two-piece afternoon frock with pink accessories. Her corsage was of pink roses.

At a reception held in the church hall for a number of friends and relatives, the bride's table was laid with an ecru lace cloth and centred with a three-tiered wedding cake topped by a bride and groom. Snapdragons and tulips and pink and white tapers complemented the table appointments. The hall was beautifully decorated with pink and white streamers and white bells. Mr Philip Lindquist was master of ceremonies.

The toast to the bride was proposed by Rev C W MacKay and ably responded to by the groom. Mr William Steenson gave a very fitting message after the cutting of the cake. Mrs William Steenson sang "The Wedding Prayer".

Mrs Ross Himmelreich, sister of the bride, was in charge of the guest book. Mr McCrimon closed the reception with prayer.

For a honeymoon trip to Jasper and Banff and other points the bride donned a navy linen dress complemented with a white bolero and accessories. Her corsage was of red roses.

The happy couple will make their home in Vulcan.

Out of town guests were from Vulcan, Edmonton, Olds, Tofield, Pendryl, Fort Saskatchewan, Paradise Valley, Wainwright and Lethbridge.

## Mill Rate Set

MANNVILLE.—A special meeting of the Village council was held on Monday evening to set the mill rate for 1954 and for settling various matters in connection with the water and sewerage. The secretary presented the estimates which were discussed at length. Moved by A. Gerhart and carried that the estimates be accepted and that the mill rate be set at 56 mills on land buildings and improvements and [illegible]

## Shower Held For Miss Betsy Veitch

MANNVILLE.—On Monday June 21 a miscellaneous shower was held for Miss Betsy Veitch in the parish hall. Several contests were enjoyed by the large group present and then the many beautiful and useful gifts were brought in enclosed in a large wedding cake. Miss Veitch thanked those present and those who were unable to attend for their kindness.

Numbers were drawn by the guests and the lucky number was held by Mrs. Ken Blackburn.

## Fish & Game President Renders First Aid To Injured Duck

A wild duck with a broken wing was caught by Claude Brennan the other day and taken to Doc Anderson, president of the Vermilion Fish and Game branch. First aid was applied by Bob and the duck then taken to Clarence Nels pheasant farm east of town to recuperate.

Up to date Mr Nels has one ruch pheasant, two hens and about one dozen chicks with prospects of more hatching. Everyone is welcome to see the start of the first pheasant farm in the district.

## Home & School Association Hears Report On National Library

MANNVILLE.—The annual meeting of the Mannville and District Home and School Association was held on Thursday last. The minutes of the last meeting and the last annual meeting were read and the treasurer's report given. Mr. R. Whitson spoke on the forming of a board of local trustees. There are 20 school districts in this area including the Village of Mannville. There may be seven local trustees which would allow one trustee for the village and group the rest into three or four school districts for each trustee. Local trustees would be of great assistance to divisional board as the trustee would be close to the district and know their needs in respect to bus routes, etc. It was decided that the Home and School would sponsor a local school board.

Miss Donna McCauley entertained the audience with two piano solos, exceptionally well played.

Mrs. Hunter of Innisfree who is the Alberta representative on the National Library board spoke on her trip to Ottawa. It would be almost impossible to do justice to her interesting and enlightening report in the space available. Mrs. Hunter will, in the very near future write a summary of her trip and the plans of and the reason for the National Library. But there is a need for material from Alberta, first editions of newspapers or articles etc. published by Albertans.

The Home and School Association again voted $20 for magazines for the school and to continue the vacation reading.

Election of officers followed with Mr. Doherty acting as chairman, resulting as follows:

President — Mr. O Willes; Vice-Pres.—Dr. Hasinoff; Secretary — Mrs. Norma Ewing; Treasurer — Mr. Bohaichuk. As there was a small turnout and many school bus routes not represented, it was decided to leave the election of the rural executives until the September meeting. Mrs. Young moved a vote of thanks to Mrs. Finlay, the retiring president for her two years of unceasing effort in the work of the Home and School.

Mr. O. Willes, the new president, adjourned the meeting and a lovely lunch was served by the lunch committee.

## Greenlawn Goodwill Club Meets

The monthly meeting of Greenlawn Goodwill club was held on June 18 at the home of Verna and Gladys Boyce with ten members present and one guest, Mrs. Art Hawkin of Montreal. A report on the purchase of silverware for club use was given by Mrs. C. Grant. There was a discussion on the annual picnic to be held at Whitney Lake July 18 for the Goodwill Club and community.

All were entertained by Mrs. Hawkin with a contest, Mrs. Wm. McMullen was the winner. The roll call was answered with housewives' peeves.

Verna and Gladys served a lovely lunch at the close of the meeting.

# Health Unit Notes

TEN LESSONS FOR THE [illegible]

There are a few children who are not ready or mature enough to enter school at the usual age. We are listing a few points which these children should learn at home before entering school. If children cannot do most of them, they will fail in school, will be unhappy, and will not get along with the rest of the class.

1. Putting on Clothes: Able to put on coats, outer clothing, and overshoes. Can button, use zippers or other fasteners. Uses handkerchiefs himself, and does not drool. Is able to wash face and hands. Knows his own clothing. Can get a drink alone.

2. Toilet habits: Cares for self at toilet. Is able to fasten and unfasten clothes. Does not wet or soil clothes.

3. Habits about play: Is able to roll a ball in play on the floor back and forth to another person. Walks up and down stairs unassisted.

4. Speech and talking: Is able to talk in short, easy sentences. Speech is better than baby talk that only parents understand. Puts three or more words together in a sentence.

5. Paying attention: Is able to give fairly constant attention to a play project, to listen quietly to a short story and to sit reasonably quiet for periods of ten minutes or longer.

6. Adjusting away from parents: Does not cry easily or quickly when parents are not present. Goes about home, yard, and immediate neighborhood successfully alone.

7. Playing with children: Plays reasonably well with other children of same age. Adjusts himself to new playmates, in addition to familiar ones and to his brothers and sisters. Does not injure them.

8. Using crayon or blackboard: Likes to draw and use crayon or chalk. Fills in outline figures. Uses sheets of paper, slate, or small blackboard.

9. Coloring and cutting: Able to match simple colors quickly and name some correctly. Notices the color of clothes and flowers. Can cut with blunt scissors, and uses other simple tools successfully.

10. Number and form: Knows the difference between big and small, and between one and two things. Is able to fit blocks and toys together.

If a child is not mature enough, school work is a mental strain and he becomes nervous. He becomes unhappy and dislikes school, which is very unfortunate.

Trying to force children with these tasks before they are mature enough is as useless as to expect a baby to walk or talk too early. Parents should avoid either extreme of forcing children in any task too rapidly or of not expecting them to do anything for themselves. A moderately firm but friendly treatment of children is the safest policy.

When children are mature enough they will begin mastering many of these tasks. Only then are they ready for school.

BABY & PRE-SCHOOL CLINICS

Monday, June 28 - Legion hall, Vermilion, 2 to 4 p.m.

Wednesday, June 30 - Derwent school 11 to 12 noon. (Clinic date changed due to Thursday being a holiday.)

Wednesday, June 30 - Clandonald school 2 to 4 p.m.

Friday, July 2nd - Dewberry school 2:30 to 3:30 p.m.

## Wildwood

The community was saddened to hear of the passing in an Edmonton hospital of Mr. Andrew Morris. Andy lived for many years here in the Redmond home.

A number of ladies from here attended the W.M.S. meeting in Kitscoty last week.

The F.U.A. are hoping to hold the picnic which was rained out on Farmers' day, on July 14th.

Congratulations to Mr. and Mrs. C. N. Jeffery on the birth of a son, Brian Charles.

Mrs. W. Barber spent Saturday afternoon and evening with Mrs David Jack.

Mr Floyd Branvold came for his wife Leona who has been visiting at her parents' home for a few weeks.

Miss Eileen Jack was in Wainwright one day taking a music exam.

Mr and Mrs J. D. Stone and Betty also Mr and Mrs Norman Bowen are enjoying a holiday trip down through the States via Yellowstone park.

Mrs Frank Sperberg was in Edmonton visiting her daughters Mrs Jeff Fry who is a polio victim. She found Maybelle out of the iron lung and sitting in a wheel chair.

Mrs David Drysdale has returned to Golden Valley after visiting her home here for a few weeks.

Mrs Bill Eachuk and sons of Bonnyville spent a few days at the Charles Jeffery home to become acquainted with the new baby Brian.

Mr Jeff Fry visited his parents here, Mr and Mrs Lewis Fry recently.

MORRISON

Dance at Morrison on Friday June 25. Good music. Free lunch. 19-51

Cancer is the commonest cause of death in women between the ages of thirty and fifty.

J. A. Calder of Montreal, Que. who was elected president of the Canadian Manufacturers Assn. at its annual meeting at Jasper Park Lodge. He succeeds J. D. Ferguson. Mr. J. A. Calder is vice-president, treasurer and director of the Imperial Tobacco Co. of Canada Ltd.

CARS, TRUCKS DOWN

New passenger car sales were down 10 per cent in April from the same month last year in number of vehicles, reports The Financial Post. Number of new passenger cars financed on instalment plan down 17%, used cars financed down 2%. There were decreases in car volume in all provinces with biggest drops in new cars in the West. Truck sales were down in all provinces in April, down 37% for all Canada from same month last year in number.

NOTHING BUT THE TRUTH By Arnok

## Alberta Legion Offers Six Bursaries

As an added step to help speed the recovery of Alberta poliomyelitis victims it was announced this week that the Alberta Command of the Canadian Legion, B.E.S.L. Chapter, will award six bursaries each valued at $350 to students entering the first year of the newly instituted Diploma course in Physiotherapy, at the University of Alberta this fall.

Bursaries will be available in each of the following districts:

Peace River (north of Athabasca River); Edmonton; Red Deer; Calgary; Lethbridge, Medicine Hat. The joint bases of award will be scholastic standing in the required matriculation subjects of Grade 12 or equivalent standing and financial need. The Legion awards will be limited to Alberta students and the bursary winners will be selected by the University authorities.

The last day for acceptance of applications is Aug. 10, 1954, and application forms may be secured from the Registrar of the University.

HOME COOKING SALE JUNE 26

A sale of home cooking will be held on Saturday June 26 at Haneuther's Food Locker, under the auspices of the Cub and Scout Mother's Association. 30-1x

The Canadian Cancer Society points out that of 123,589 deaths in Canada in 1950 17,478 or almost 1 in eight was caused by cancer.

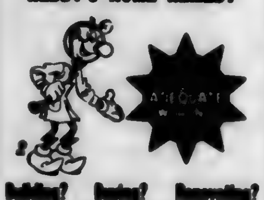
REDDY'S HOME REMEDY



Building? Buying? Remodeling?

To all home-owners and prospective home-owners I give the same prescription — look for the "RED SEAL" of approval on the Meter Box.

Today's luxuries are tomorrow's necessities, so NOW is the time to install electric wiring that will handle all the appliances you will own in the future.

Canadian Utilities

## WILDMERE WINKS

Congrats to Mr. and Mrs. Ray Osterberg on the birth of a daughter on Saturday June 19 at the Vermilion hospital. A sister for Gloria and Barry.

Gravelling is finished in our corner and Jimmie has the outfit north of town at present. They will be moving south to Battleview district to do some more as it was too wet when the outfit was here. J Bowman and B. Blake are repairing holes in the road prior to the gravelling. Lindy Fadden was a busy man with keeping the roads levelled and gravel spread when working here.

Mr and Mrs. Guy Whitlock, Margaret and Hazel and Mrs. C. Cruthers and Gary were callers at the writer's on Friday evening last week.

It was pleasing to see such a nice attendance at church on Sunday evening 33 to be exact and the school children's little choir was good Next Sunday and until further notice church will be held at Basswood school at 7:30 in the evening owing to that school being on a gravelled road and many of the congregation residing in that district Our school was built in 1910 and every year since church has been held in it during the summer months. When it's muddy however it is nearly impossible to get to it. Mr. Plante gave a very interesting Fathers' day service on Sunday He is a lovely singer Plan to sing the 'Old Rugged Cross' for us this Sunday Mr. Plante. Remember folks, church at Basswood on Sunday at 7:30 p.m.

Mr A. Holte was elected to fill the vacancy on the church board due to the passing of Mr. George Wilson who had served for many years. Mr F Gibson of Basswood was also elected, making three on the board. Mrs. Wallington is the other member and is also secretary-treasurer.

The writer derived very sincere pleasure in talking over the phone to and then meeting for a few minutes a girl pal of many years ago Lily Isley she was then, now Mrs Labine of Vernon, B.C. She and three of her nine children had been here to celebrate her parents' 60th wedding anniversary. Three more of her family who live in Edmonton also attended for the day Two girls at Vernon and a boy in England were unable to attend. It was so nice having a wee chat with her again.

Margaret and Hazel Whitlock

along with Mr. and Mrs. R. Martin and Doreen spent Sunday at Sandy Beach north of Lloydminster. Mr. and Mrs. George Seuffert, Allen and Mrs. Riley of town went along too, the occasion being Mrs. Riley's birthday. We wish you many more such happy birthdays Mrs. Riley.

Mr. and Mrs. C. Cruthers and family were supper guests at Mr. and Mrs. F. Gibson's of Basswood on Sunday.

Mr. and Mrs. Alex Morrison and Bobby of Bowtell and Mr. and Mrs. J. Wilson of Wildmere were Sunday visitors at the Holte home in Wildmere.

We were sorry to hear Mr. W. Clark Sr. of Triangle was quite ill on Sunday and Dr. King made a hurried trip out to see him. May you soon feel better again Mr. Clark — too nice weather to be laid up now.

We believe seeding has been completed in our district. There may be the odd bit of green feed to be sown yet. The J. Kennedy farm still lies idle with no work done on it.

Enjoyed nice chats on Saturday with Mrs. B. Carlson, Mrs. Knutson, Mrs. Johnson, Mr. and Mrs. Alex Stone, Mr. and Mrs. J. Veitch and Roy Walker, also Mrs. C. Moore adn family We forgot to say in our news last week we had chatted with Mrs. Erle Watt, now of Viking who was in Vermilion for the day. She said it was surely nice meeting her old friends to chat with.

### OBITUARY

*GARFIELD SEYMOUR*

Funeral services for Garfield Seymour who passed away on June 10, 1954, at St. Vincent's hospital, Vancouver, were held in First United church, Vermilion, on June 14.

Rev. C. W. MacKay of Vermilion conducted the funeral services and interment was in the Ottawa cemetery.

Mr. Seymour was born in Port Huron, Michigan, 1880, coming to Canada in 1919 and farmed in the Bird Hill district until six years ago when he moved to Vancouver.

He is survived by one son Harvey of Vermilion; one daughter Mrs. George Ross, Vancouver; one [illegible] two sisters Mrs. Nina Stubbs, Alganac, Michigan and Mrs. Eliza Benner of Detroit, Mich., and five grandchildren.

Beautiful floral tributes were received from:

Harvey and family, George, Mae and Janet, Mr. and Mrs. H. Williamson and Junior; Mr and Mrs. [illegible] MacMillan, Mr. and Mrs. George Webb and family; Mr. and Mrs. Chas. Stewart and family; The George Stewarts; John and Jean Stewart, Mrs. C Gordon; Jim and Nancy; Bob and Laverne; Ethel and Percy; Hughie and Pauline; Edna and Stewart; Mrs. A. McKee; Elva, Vic, Zella, Lottie and Cliff; Mr. and Mrs. Joe Farkash Sr., and George; Mr. and Mrs. John McKeague; Hugh and Florence Stewart and family; Mr. and Mrs. Jim Thompson; Mr. and Mrs. R. Good; Mick and Stella; Gordon, Muriel and family; Eric, Agnes and family; Bert and Delia Webb; Wm. Wynnychuk and Mike Swyko; Mr and Mrs. Pete Pidruchney and Wm. McCauley and family.

Donations to Canadian Cancer Society: Mr. and Mrs. Roy Anderson and Maynard; Mr. and Mrs. M. Tovell and David; J. H. Tovell; Albert and Gladys; Arthur and Mavis; Thos. McCauley.

Donations to Crippled Children's fund: Mrs. D Cameron and family; Mr and Mrs. E East; Mr. and Mrs. V. E. Patterson and family; Mr. and Mrs. Joe Morlog.

Anglican Church Building fund: Mr. J. J. Hope and Miss Millburn.

Moyers were in charge of arrangements.

*CARD OF THANKS*

We wish to thank the many friends and neighbors for the acts of kindness, expressions of sympathy and beautiful floral tributes received during our recent bereavement.

The Seymour Family.

## Many Uses for New Wood Fibre Product

Unused attic space can be easily, cheaply transformed into an extra bedroom or into an attractive sewing room by using the new wood fibre product known as hardboard.

The board comes in sheets 4 feet wide and from 4 feet to 16 feet long and can be sawn, screwed, or nailed or planed: and it can be easily bent for round corners. It makes an excellent counter or work table for [illegible] room and is ideal for a working surface on [illegible] out patterns etc. Attached to a pine frame it can be utilized for cupboards, drawers and utility surfaces. Hardboard is produced by Abitibi Power & Paper Company Limited from saw mill waste which was formerly burned and wood from the aspen variety of poplar tree whose uses had been limited.

There is no difficulty about making the room liveable. Hardboard can be used for panelling walls and ceiling, and if the floor presents problems because it is rough, the board can be laid as a smooth base for linoleum or carpet.

If the attic is to be made into an extra bedroom, Abitibi hardboard is quickly transformed into wardrobes, headboards, clothes closets, etc.

One of the most desirable features of a room finished with hardboard is that it can be decorated in any colour. The board, which has no grain but a smooth surface, takes paint or enamel without primer. Even the most delicate shades can be applied without "show through"

## Same Old Tune

It's the same old story about the new generation, thinks The Financial Post. Recently it polled a group of Canadians on their views of the current crop of college graduates. Some observers said today's graduate asks how much can he get, not what he can contribute; and he puts too much reliance on the sheepskin degree and not on work and on experience; he wants too much money; he doesn't want to start at the bottom; he wants too much security

Comments The [illegible]: "This is quite alarming It will be alarming too, 20 years from now when exactly the same things are being said about the class of 1974"

## NEWS from ISLAY

### Alta. Hereford Club Tour June 28th

The portion of the great Alberta Hereford Tour, sponsored by the Northern Alberta Hereford Club, will begin at 10 a.m. Monday, June 28 in the town of Ponoka. All interested parties are [illegible] assemble at the Royal Hotel on Main Street, Ponoka. The Club hopes to have a number of American visitors and also some visitors from the southern part of the Province taking part with our Northern Club breeders.

The first stop on the tour will be the farm of A. Matejka & Sons, four miles south and west of Ponoka. Second stop on the tour will be at the farm of Roy Vold. The Vold herd is one of the oldest established breeding herds in this part of Alberta. Third stop will be at the Larsen farm, just out of Ponoka. Here also, we will see assembled [illegible] of the cattle from the [illegible] farm and possibly some from Dalgaarde. Mrs. [illegible] has [illegible] invited all the [illegible] members for the noon luncheon.

Then, in the afternoon, the tour will carry on to the Santie herd at Ponoka, and the Enman and Krutzfeldt herds at Wetaskiwin. From there, the caravan will move to the Camrose district to see the cattle of Pritchards and Mohlers at Camrose. Now the caravan will move east to Bawlf and south to Rosalind to the farm of the Goulds where, again, all caravan members are invited for supper.

This tour will take interested parties through many of the good herds in northern Alberta and the entire tour will be conducted along a main hard topped road.

All interested Hereford breeders are invited to take part in this forthcoming event. Any further information may be had by contacting members of the Tour committee, who are Stuart Fenton, Irma; Stan Gould, Rosalind, John Moore, Tofield; Jack Duggan, Box 4201, South Edmonton and Harold Paul, R.R. 4, Edmonton.

Worn working surfaces in the kitchen, such as counters, table tops, etc., are quickly repaired by applying hardboard, which is smooth and waterproof. It can be glued, nailed or screwed on.

*LADIES' FASTBALL DANCE in Elks hall Tuesday July 6.* 1-88

Warm weather has at last arrived so we think Omar Easton can put the wool mitts that he bought last week at Walter's, away in the moth balls.

Mrs. Herb Simmons is home again after spending some time in the city with daughter Irene

Lilacs are full out so frost did no damage to them here.

Congratulations to Mr. and Mrs. Orville Armstrong (nee Thelma McNeely) on the birth of a son on Monday.

Mrs. King had her father Mr. Jones visiting over the week end.

Ken McLennan and Bill McGuigan left Monday night on their way to Jasper to take part in the week's activities of the Youth's Training camp.

Mrs. Gillies of Pleasant Valley [illegible] Curtis of Dewberry are in hospital. We hope they will soon be well again, and home.

Mr Moise Marie seems to be enjoying his new car. It is a bit faster than the gray team.

June 30th will soon be here! At 7:30 p.m. the strawberry shortcake and ice cream social will be held at the hall.

We saw Mrs. Bill Hanna on her way to the hospital to visit her mother, Mrs. Curtis. She was carrying a nice bouquet of Saskatoon and Hawthorn blossoms, the latter I have never seen before in Alberta, though Ontario had them. Mr Purves tells me they are on Mr Jim McLelland's homestead.

### OBITUARY

*MR. C. HASKELL*

Funeral services for Mr. C. Haskell who passed away in the Islay hospital on June 7, 1954, were held in the Riverton hall on June 10 at 2 p.m. Rev. Bell from Marwayne conducted the service Interment took place at Dewberry cemetery.

The late Mr Haskell was born in Lillevorde Denmark, on August 1, 1881 and in 1907 married Dorthea Nielsen, at Souder Tranders, Denmark.

## The Valley Maids C.G.I.T. Report

On Wednesday evening of June 9th the Valley Maids C.G.I.T. met at the home of Mrs Gunn. Ten girls were present for this meeting. We opened by singing "O Canada" followed by repeating the Girls Purpose. We sang several songs before the Devotional which was given by Mrs Davidson, Shirley Anderson and [illegible]. Mrs Davidson gave a few hints on First Aid followed by some First Aid demonstrations to which several girls were victims. We had a quiz review on the meaning of C.G.I.T. Shirley Anderson and [illegible] Krawchuk moved that the minutes be adopted as read. Helen Krawchuk and Lois Stoddart moved that the treasurers report be adopted. Helen Krawchuk and Grace Stoddart moved that we each donate twenty five cents to the Iron Lung. Lois Stoddart moved that the meeting be adjourned. We said Thank You Comrades, sang Taps and retired to our homes.

### STRAWBERRY TEA

[illegible]

### AVOID FARM ACCIDENTS THINK SAFETY—ACT SAFELY

Accident records in Canada and the United States show that farming is one of the most dangerous of all occupations. In Canada, only mining and construction are more dangerous pursuits than Agriculture.

*Watch That Tractor!* A few days ago another fatal farm tractor accident occurred in Western Canada. Here is the press report: "A tractor driven by a young farmer became stuck in a mud-hole and when the driver attempted to get the machine out of the mud it reared upwards, toppled backwards, and crushed him to death. The unfortunate accident was witnessed by the farmer's wife and by his 12 year old son." Yes, tractor accidents of this kind, particularly accidents involving upsets, occur far too frequently in the Prairie Provinces. Actually, they account for the largest number of fatal accidents on the farm.

*Some Safety Rules.* Your tractor is a dangerous piece of equipment. In operating it, take time and take care. Don't take chances! Stay a safe distance from deep ditches and be careful on steep slopes. Keep the front wheels on the ground—where they belong. Don't allow small children or even other adults to ride your tractor. Remember that tractor speeds of more than [illegible] miles per hour are always dangerous, especially on rough land or roads. Watch that clutch! Keep it properly adjusted, and engage it slowly. Do your farm tractor [illegible] today. Tomorrow may be too late.

The loss of human lives, the suffering and misery, and the loss of manpower and income caused each year in Western Canada by farm accidents is staggering. Sure, power machinery is a necessary part of modern farm equipment but it needs to be handled with intelligence, care, and with the right attitude towards safety. Make every effort this crop season to prevent accidents on your own farm. The responsibility is yours. "Think Safety, Act Safely, and Be Safe."

# NEWS from KITSCOTY

Mrs. Lloyd McCartney and children Shirley and Kenneth, of Calgary, are spending a holiday with their parents Mr. and Mrs. L. E. Speelman.

Miss M. Leamey of Ottawa, Ont., is spending the summer here with her sister Mrs. T. McGreevey.

Miss Mable Govier, R.N. of Cheyenne, Wyoming, spent a short holiday recently at the home of her parents, Mr. and Mrs. A. W. Govier.

Mrs. Boyd Mitchell and Karen have returned home from a two weeks holiday to the West Coast where Mrs. Mitchell attended her brother's wedding and Karen was one of the flower girls.

Mr. James Smith is spending the next two months in Missoula, Montana where he is attending the State University for a summer course.

Mr. M. Christoffersen is at present a patient in an Edmonton hospital where he is receiving treatment for a knee ailment.

Mr. and Mrs. S. Fedick and Ricky of Edmonton spent the week end at the home of Mr. and Mrs. Lawrence Watt and family.

Mr James Donaldson, one time resident of the Millerdale district, passed away at Kelowna, B.C. recently. The late Mr. Donaldson was a cousin of Mrs. J. R. Fox of Kitscoty.

Mrs Dirk Bootsman, one time resident of the Holyrood district, passed away in Edmonton last week. Mr and Mrs. C. K. Miller and other relatives attended the funeral in the city Saturday. Sincere sympathy is extended to Mr. and Mrs. C. K. Miller and other relatives in the community.

Congratulations to a former district boy Billy McLean, of Hughenden, for his fine showing at the Edmonton stampede. Billy, Mrs. McLean and family were recent visitors here and attended the Lloydminster rodeo where Billy did some good riding.

Due to concern over the health of the minister, the following members of the Presbytery have kindly volunteered to conduct evening services in Kitscoty on the following dates. To these men Mr Collins expresses his grateful thanks for this assistance. June 27 Rev. C. W. McKay; July 4 Mr Wellwood Adam; July 11, Rev. Norman Knight; July 18, Rev. G. B. Mather; July 25, Rev. E. N. Morrison.

Best wishes are extended to Mr and Mrs Collins for a restful holiday and good health to Mr Collins in the future.

LETTER FROM THE CAPITAL

# THE CALENDAR . . AND THE NEED TO REFORM IT

*Edmonton* — Albertans may find they have more direct interest in a meeting next month in Geneva than they have been able to stimulate in the current ill fated conference of nations at the same site.

Next month's meeting in the Swiss city may discuss a matter which affects us every day — the calendar and the need to reform it. The organization which is convincing is the Economic and Social Council of the United Nations and calendar reform is one of the topics on the council's agenda.

There is nothing radical in wanting to change the method of reckoning time. Actually, supporters of calendar reform do not advocate changing the system of reckoning time but want it reckoned more accurately.

Our system of time measurement is based on the movements of the earth turning on its axis and rotating around the sun. The word day is used to mark the length of time it takes the earth to turn once on its axis. The word year marks the length of time it takes the earth to move once around the sun. Man has no control over either movement, so for centuries he has attempted to relate as best he can a calendar system to astronomical motions.

The calendar we use, while not completely universal since there are various religious and economical calendars in various parts of the world, is a development of more than 2000 years and might be said to date back to the times when early man found it necessary to have some system of keeping track of the days.

The last change in our calendar took place in 1752 and since then hundreds of proposals have been advanced for further reform.

Prior to the Second World War the League of Nations examined 152 different suggestions and finally narrowed the field of consideration to two systems proposed. One of these now is most favored by a large number of nations and is called the World Calendar.

One of its chief features is equality of the year's quarters. Each quarter would begin on a Sunday. The first month of each quarter would have 31 days and the remaining two 30 days.

To business and government the calendar would mean simplification of accounting and statistical procedures. They could count on having the same number of business and working days in the same month every year. Instead of having birthdays, anniversaries and holidays which wander all through the week from year to year they would always fall on the same day each year. For instance Xmas which of course would remain as December 25, would always fall on Monday.

Like our present calendar and like any calendar which attempts to compile the days into a year, the World Calendar in keeping the seven-day week runs into difficulty. Fifty two times seven is 364 but there are 365 days and a little more in a year.

The proposed calendar's solution to this is that the last day of the year would not be considered in the calendar except as mention as "Worldsday", an international holiday.

Then calendar makers run into the difficulty posed by the fact that the solar year is about one-quarter of a day longer than 365 days. That means that to be accurate, every four years an extra day must be added to the calendar for the fourth year. The World Calendar's leap year would be observed by inserting a second Worldsday every fourth year between June 30 and July 1.

Simply stated under the World Calendar every year would be the same, the four quarters identical in form, each would have 91 days, 13 weeks or three months, each month would have 26 weekdays; the quarters would begin on a Sunday and end on a Saturday, and each year would begin on Sunday Jan 1.

The next time the present calendar and the World Calendar coincide is 1956 and that is the year which calendar reformists are hoping will be adopted by the world for the changeover.

Representatives of India at the last meeting of the Economic and Social Council pressed for discussion of the World Calendar at the July meeting. They had a good reason for India residents are trying to carry on business with no less than 30 different calendars in existence.

It was India's Nehru who perhaps answered those who are reluctant to make the change. He said: "The past brings us many gifts, indeed all that we have today of culture, civilization, science, or knowledge of some aspects of truth is a gift of the distant or recent past to us. It is right that we acknowledge our obligations to the past.

But the past does not exhaust our duty or obligation. We owe a duty to the future also and perhaps that obligation is even greater than the one we owe to the past. For the past is past and done with; we cannot change it; the future is yet to come and perhaps we may be able to shape it a little."

We are stuck with the solar system as it is but it would have been a lot simpler if the earth completed its circle of the sun in 360 days for instance. The calendar could be divided into 60 six-day weeks and 12 months of 5 weeks each.

## Buffalo Coulee Annual Picnic

The Buffalo Coulee Curling club will sponsor their annual picnic on June 30 beginning after dinner at the picnic grounds 1 mile east and ½ mile south of the school. There will be booth service, ball games, sale. Dance at the school at night. Everyone welcome. 50-1

## Municipal Affairs in M.D. No. 71

Inside the council chambers of the municipal district No. 71 at Kitscoty a person would be quite surprised at the many problems confronting each of the council. From tax levies to road problems, health, relief, lack of family support, road bans, purchasing of machinery, repairs, culverts - then there is the agricultural problem in dealing with weed control, and to the keeping of our soil in good condition so that those who follow us will not have barren waste to farm.

BAN ON ROADS

IV. SB. ENFORCED

In dealing with some of these problems I would mention the ban on roads first. From now on unless the majority of the public says so, bans are going to be strictly enforced. They are either in force or not. It is a touchy problem to decide whether to impose bans and for how long. At present on ton trucks empty without chains are permitted, quite a number of larger trucks are noticed on the roads despite the ban signs and if the people are wondering as to what the duties of our municipal police are we suggest that they follow them around next time there is a road ban in effect. This is a problem which can be discussed fully by the ratepayers at the next annual municipal meeting.

The condition of roads are fast becoming a calamity. The continuous rain since the spring has not permitted any drying of the frying pan. In fact 7 where the population is the heaviest of all others, snare traffic is noticeable and more road damage is done.

I want to thank all people who have gone to some trouble to co-operate with me by use of their fields around mud holes etc. Without this help many people would not be able to get out of their places except by horses.

It is not a nice thing to receive damage claims at this office by people who will not give this co-operation. It is about time some people began to realize that the M. D. is not a huge financial corporation which doles out money everytime a person is required to fix a bad spot in the road to make it passable. We are trying very hard under extremely bad conditions to improve all roads as fast as possible. If people want them still faster there is only one solution. Raise the taxes so that we have more money to spend on roads. Our patrolmen are out!!! it still in the Primula area and where ever it is possible to fix low spots we will do so. I would like to hear from residents in Div. 7 where they have bad spots for the patchwork outfit.

AGRICULTURAL SERVICES BOARD

To date the Agricultural Service Board has not held a meeting. This year we have only Mr. Hosack and an assistant to handle the weed problem along with the councillors. This should save some $3000.00 If farmers in the new areas where weeds are kept under control extra weed inspectors will not have to be hired. Sodium chloride is the same price over the whole municipality this year. Let everyone do a good job this year on the noxious weeds.

Remember your neighbor who does not control his weeds is allowing to your future farming - it is the same as he who were destroying your crop yield you would not hand take to tell him so or bequeath these.

To conclude this report I want to mention relief. What a pity it is that where older people are in need of financial assistance they turn to the municipality for it, partly because the children whom they brought into the world say "they have no means of helping their aged parents" without too much sacrifice of their own.

OLD PEOPLES' HOMES

There is a great need for old peoples' homes and in the future I believe that you are going to see one or two built somewhere in the M.D. of Vermilion River Pressure by the ratepayers may help to speed up this idea. At present a very nice plan of such a home is in the office at Kitscoty. Despite the fact that the provincial government pays the largest part of relief etc. it still takes considerable time of the office staff on its estigations. Some of these are being handled by the municipal policeman. Throughout the whole municipality in various organizations such as Farm Bureau, Womens clubs etc. this issue of health and relief is a vital one and should have a place in all meetings for discussion so that when we are faced with anxiety because of it we will know how to handle the problem.

JOHN C. ANDERSON,
Councillor Division 7.
M. D of Vermilion River.

CLANDONALD HALL

Showing at the Clandonald hall this week end Fri and Sat June 25 and 26 "The Day the Earth Stood Still" a science drama with Michael Rennie, Patricia Neal and Hugh Marlowe. Next week "A Slight Case of Larceny". News reel each week to complete program. 1a

NOTICE

The young lads who have recently been prowling around in certain residential areas maiming and killing young birds, mainly robins, had better desist at once from this practice or their names will be handed in to the proper authorities in Edmonton. 10-1

Fifteen years ago only 5% of new cattle coming to Canada's markets survived five years. Modern treatment has increased that figure to almost 30%.

## The World of Wheat

By W. G. MALAHER
Director "The Crop Testing Plan"

The now general practice of treating seed with mercurial dusts or compounds as a prevention against disease, brings with it dangers that have to be watched closely, not only by farmers who actually treat the seed but also by those who are charged with the responsibility of handling grain for human consumption and export.

Last year, for instance, no less than 37 cars of grain were condemned by the Grain Inspection Department as unfit for human consumption because of the presence of mercurial treated grain. In many cases perhaps it was just a few bags of treated seed left over from seeding that found their way into grain that was delivered to the elevators. However, since no chance must be taken of such grain getting into export channels, the slightest trace of treated seed is enough to condemn a whole car, with resulting loss of grade on a quantity of otherwise high quality grain.

Every precaution, therefore, should be taken to see that there is no possibility of treated seed becoming mixed with grain that is to be delivered at country elevators. In particular, farmers should thoroughly clean wagons or any other vehicles that they may have for seed grain treated with mercurial compounds, thus eliminating sources of material that might affect the whole load or car.

## Of Many Things . . .

By A MERRIMAC HILLS

MOUNTAIN PHILOSOPHER

I spent a recent week end driving through the Green Mountains of Vermont. I explored ancient abandoned farms. I stopped at scores of little cemeteries to read the earliest tombstones. Many of them were dated in the early 1800's.

After a full day of driving I became lonely for something or someone. Seeing a farmer standing alone by his isolated farm yard, I stopped to talk. After the usual preliminaries I said, "Well what do you think of Mr McCarthy?"

"Not much", he said tersely.

"How do you find the Eisenhower government?"

He looked at for for quite a long time before answering. Then he said, "This government's as good as any we ever had. But it's got the same old faults in all of 'em. It's too big and it does a heap more to us than it does for us." He looked out across the hills. "There's too many tryin' to run things," he said. "The world don't owe us a living. The sun's a-risin' in back of those hills and settin' again for a long time. We ain't mailing taxes in to Washington to our own state government to the county, and pay them on groceries and farm implements and doggone near everything. But mister you just take a look and show me anything around here the government's ever done. Just that little stretch of a road through the hills — that's all."

I didn't try to argue with my farm philosopher because it would have gotten me nowhere; and I after many hours in these hills, believed that he was at least 70% right in what he said. I was reminded of what Sir James Fraser said in "The Golden Bough". He talked of men "pulling at strings to which nothing was attached". He went on to say, "the rain still fell on the thirsty ground; the sun still pursued his daily round, and the moon her nightly journey across the sky; the silent procession of the year still moved in light and shadow in cloud and sunshine across the earth, men were still born to labor and sorrow, and still, after a brief sojourn here, were gathered to their fathers in the long home hereafter".

All things considered, the town of Vermilion is relatively quiet, and pretty feeble in their results. Like the Vermont farmer I think most of us could do with a good deal less government. If in only those of us who live in busy cities, arguing politics, listening to the radio and watching television, what we get fooled into thinking that ordinary human beings once elected to the parliament become magicians and create wealth and prosperity by passing laws. If each of us asked himself this question. What did I get from the government this week? The answer would be pretty skimpy and for all the fuss and feathers and financing that goes on to supply the 10cts of fifteen million people!

## News Notes From Your District Home Economist

SALAD RECIPE

Here is a salad recipe which would be very tasty for a special luncheon:

GOLDEN GLOW SALAD

1 pkg. lemon jelly powder
1 cup hot water
1 cup pineapple juice
1 tbsp. vinegar
¼ tsp. salt
1 cup diced pineapple
1 cup grated raw carrot
One-third cup chopped nuts.

Dissolve jelly powder in hot water; stir well. Add pineapple juice and seasoning. Chill until slightly thickened; fold in remaining ingredients. Pour into molds and chill until firm. Unmold on lettuce, garnish with ripe olives and mayonnaise. Serves 8 to 10.

Serve with hot rolls or biscuits.

SKIM MILK POWDER

Skim milk powder is becoming more and more popular for use in the home since it is economical, easy to use, easy to store, and is a nutritious food. This fine, white powder made from skim milk dissolves easily in water and has much the same flavor as fresh milk.

It can be used in beverages, in cream sauces, scalloped potatoes, desserts, baked foods, meat loaves, gravy and on cooked breakfast cereals.

Here are the amounts to use:

ASKING

¼ cup skim milk powder plus 1 cup water gives you 1 cup skim milk;

½ cup skim milk powder plus 2¼ cups water give you 1 pint skim milk;

Standards for Judging; Gardeners' Handbook; Vegetables for the Prairie Farms; Foods for the Family; The Salad Bowl.

BULLETINS FOR YOUR

Dietetic jelly powder in hot water; stir well. Add pineapple juice and seasoning. Chill until slightly thickened; fold in remaining ingredients. Pour into molds and chill until firm. Unmold on lettuce, garnish with ripe olives and mayonnaise. Serves 8 to 10.

## CHANCE FOR ALBERTA POETS

Hon. C. E. Gerhart, chairman of the Alberta Jubilee Committee, announced today that the Edmonton branch of the Canadian Authors' Association is publishing a Jubilee Edition of the Alberta Poetry Yearbook in 1955. This edition will be the 25th year the Poetry Collection has been published.

The yearbook will contain a selection of 100 of the best poems submitted.

Poems must not be more than 42 lines in length and must not have been published previously. Entries and requests for further information are being received by Mrs. June Fritch, 11227 63rd St., Edmonton.

Poems submitted for the yearbook will be judged in five classes: sonnets, short poems, humorous verse, poems by children under 15 and poems by youths from 15 to 18. A special class has been designated for poems on Alberta.

First, second and third prizes will be awarded for each of the five classes: first prize is $25; second prize, $15; third, $10. A first prize of $15 and a second prize of $10, awarded by the Alberta Assemblies of the Canadian Daughters' League, will be awarded in the special Alberta poem class.

All Canadian residents are eligible for the poetry yearbook competition but only Alberta-born poets may enter the special Alberta poem class. Entries are being accepted now with the competition closing Sept. 15, 1954.

## PARADISE VALLEY NEWS

P V NEWS [illegible]sagrh hadfoels

It is with deep regret that we hear of the death of Norman Wilmer Deane who passed away in Edmonton on June 8th. Mr Deane was a former resident of North McLaughlin and moved with his family to Edmonton several years ago. It was our privilege to have known Mr Deane since 1921 when they lived north of Lloydminster. He is survived by his wife, three daughters Mrs. J. C MacNeil, Miss M. E. Deen both of Edmonton and Mrs R. M. Groves of Ottawa, one sister in England; two brothers in South Africa. also four grandchildren Funeral services were held on Thursday afternoon at 2:00 o'clock at St. Mark's Anglican church, Rev. G. W. Wilson officiated and interment took place at the Edmonton cemetery. We wish to extend our sincere sympathy to the family Mr Deane had been in poor health for many years.

Mrs Halverson of Provost who has been visiting with her daughter and son in law Mr and Mrs R. W. Adams returned home on Tuesday.

Mr. and Mrs George Lawrence left for a visit to Georges old home in Ontario last week. He will see many changes in the 40 years and years since George left old Ontario for the West.

Mr Mahlon Kitching has returned from Sudbury Ont where he was called due to the illness of his father Mr George Kitching We are indeed glad to hear that George is some better and we join with a host of his many friends in Paradise Valley in wishing him a complete recovery

Mr and Mrs James W Gordon spent the week end in Edmonton where they attended the wedding of Dr William Sigurdson and Miss Ann Shaw.

On Tuesday evening June 1 the many friends of Miss Mary Ann Roble gathered in the basement of the United church to shower Mary, a bride of the week. Little Miss Linda Shaw and Miss Barbara Dale pulled in a wagon loaded with gifts Mrs L. W Shaw made the presentation and Mary thanked all for the many lovely and useful gifts Among the outside friends attending was Mrs Barlow of Vermilion

We wish to extend sincere congratulations to Mrs T Bell who on Friday celebrated her 88th birthday, also to young Calvin Hawkes who married up three years also on Friday June 18.

Two carloads of lumber have arrived for the new seed cleaning plant to be erected at Paradise Valley. The contractor is now here and work will start at once

Mr and Mrs Charles Bailey of Belleville Ont were visitors of Mr and Mrs. Gordon Teasdale and other relatives in the district during the past week

Glad to see Mr L. A. Matheson home from his sojourn in the Lloydminster hospital also Mr L. H Warren who has been a patient there for several weeks.

Believe it or not we had three days of sunshine during the past week but it is raining as we write these notes Seems impossible to get much work done on the land and gardens are getting well supplied with weeds Oh well it is better than dust storms and burned up crops

Mr and Mrs Herb Fores of Edmonton spent the week end with

## Tips on Touring

By Carol Lane
Women's Travel Authority

Adding to the pleasure of our travel are the availability and convenience of motels. So many outstanding ones exist that the traveller need never be disappointed if he knows what to look for

Two good indications of a well-run motor court are attractive well kept highway signs en route and in front. The wary traveller, however is wise to take a personal look for cleanliness and attractiveness of the accomodations before he checks in.

Many motels boast swimming pools, skittle alley service, avyl television and air conditioning in every room in general, prices are on a par with hotels, but motels do eliminate garage and tipping fees and the need for dressing up.

Touring Service offices distribute several free publications which list and describe the finest motels.

Many motel managers will now arrange reservations for your next night's motel stop and accept deposits to confirm them. This is particularly helpful when you expect to arrive late after the nicest places would ordinarily be filled.

Wherever you turn, you can find a "home" as sweet as home - - for you and your car

# PARADISE VALLEY CELEBRATES 25th ANNIVERSARY

The Sports day which was to be held on Friday June 11 to celebrate the 25th Anniversary of Paradise Valley and Farmers' day was held on Sunday June 13 with the parade getting started at 1 p.m. One would never believe that a small [illegible] such as ours could put on such a colorful affair. Only through the combined efforts of all those interested was this achieved. Paradise Valley and district can be proud to have this kind of people within its limits. Leading the mile long parade was the matched Palominos owned by Miss A. Henry and ridden by their owner and Miss M. Robinson. Between them they carried a 25-year banner to commemorate the occasion. Following this was a splendid 4-horse team decked out in some of the best show harness ever seen and handled by George Guy and Frank Wood. Then came floats of all descriptions from a giant birthday cake complete with candles to Little League baseball team. About 20 floats in all took part and among them the Jr. high school "Miss Canada" float was considered the best anyone has seen for a small or large town. The C.G.I.T. Valley Maids float was also the result of a lot of work on the part of the girls and their leader. The birthday float also came in for a lot of very favorable comment. The Legion carried the Little League baseball team who were dressed in their new uniforms and added much color to the day. Then came memories of days long ago by a wagon complete with a walking plow, water barrel and covered wagon were brought back and the prospector who set out on foot with a mule carrying his sole belongings. Decorated bikes and tricycles were the order of the day for many youngsters. The local garages put on a good display of cars, trucks, tractors and machinery. Saddle horses and Shetland ponies gathered from far and near to make up a good part of the parade, the only thing missing was a wild calf or steer. The clown did a nice job of keeping the public happy and was helped along these lines by the able support of a comic float. The P.V. and Rivercourse Little League baseball teams went into action to start the ball games and on account of time being short played only 5 innings. Rivercourse won the event. This was followed by pick up softball which went on in full swing until dark. The Shetland ponies were put to good use giving free rides for the kiddies which was enjoyed by all except the ponies. Races were held for everyone from 5 to 55 and it is surprising how fast a person of that age can travel when there is money at the other end. Free coffee and tea was served at supper time and a good old fashioned picnic was enjoyed. To all the people who took part in any way, to the committees and to the general public Paradise Valley says "Thank You" for making this one of the most enjoyable days ever and it is hoped that it can be repeated again next year. We know that we have not touched on a lot of the events such as the booth of handiwork and fancy work of all kinds conducted by Mrs. K. Karlsson and Mrs. G. Warrington. To those in the refreshment booth who worked so hard and the manager and all his helpers a special thank you.

## Greenlawn Old Timers Picnic July 1st

The Greenlawn Old Timers will hold their annual picnic on the grounds 5 miles north of Dewberry on Thursday July 1.

The attractions are many and varied and every member of the family will find plenty of interest. Softball, hardball, horse racing, chuck wagon races, the Dewberry boys band and a dance at night are all on the program. This picnic has become one of the big outings for the people of a wide area, a good time always being enjoyed at this well organized and carried out event. 20-1

## Wedding Bells

*COX — KEPKE*

A very pretty wedding was solemnized at the home of Mr. and Mrs. Auburn Kepke of Spring Park on June 9th when their eldest daughter Delcie became the bride of Walter F. Cox, youngest son of Mr. Bert Cox of Greenwood and Campbell River B.C. Rev. Father Champayne of St. Michaels church of Elk Point officiated.

Given in marriage by her father the bride looked charming in a grey suit with white accessories. She carried a white simulated pearl prayer book, between the pages of which were tucked two red roses. Her corsage was of red rosebuds and lily of the valley. The bride was attended by her sister Jean who wore a beige suit with white accessories. Her corsage was of pink rosebuds and lily of the valley.

Robert E. Smith of Greenwood, B.C. attended the groom.

The wedding march was played by Mrs. Walter Sarancheuk of Lindbergh, Alberta, a cousin of the [illegible].

At the reception which followed the ceremony Father Champayne proposed the toast to the bride to which the groom ably responded.

A buffet luncheon was served to about fifty guests. The table was beautifully decorated, centred with a lovely three-tiered wedding cake.

Out of the district guests present at the wedding were Mrs. Anderson of Grand Forks, B.C., Mrs. Nelson Robinson and son Brian, Campbell River, B.C., Mrs. Eric Cox and daughter Crystal, Greenwood, B.C.; Mrs. Mabel Lee of Vermilion, Mr. and Mrs. Raymond Hammond, Lashburn, Sask. and Mr. and Mrs. Howard Robertson, Jim and Myrna of Provost, Alta.

The happy young couple will make their home at Greenwood, B.C.

## Marwayne Sports Wed., July 14th

The annual Marwayne Sports will be held on Wednesday, July 14. A fine program of senior and junior baseball and fastball has been arranged. This event is sponsored by the Marwayne Elks. 20-2-1

THE VERMILION STANDARD

Vol. XLVI. No. 2. Vermilion, Alberta, Thursday, July 1st, 1954. 12 PAGES $2.00 a Year

# 250 F.U.A. Delegates Expected At Vermilion Convention Saturday

Between 200 and 250 delegates are expected to attend the annual convention of the Farmers' Union of Alberta, District No. 7 which will be held at the Vermilion school of Agriculture on Saturday July 3. Registration of delegates is from 9 to 10 a.m.

Addresses of welcome will be given by Mayor S. C. Heckbert, of the Town of Vermilion; K. G. Urquhart, president Vermilion Board of Trade, and N. N. Bentley, principal of the V.S.A.

Convention chairman and secretaries will be elected, along with various committees, yearly reports and business attended to, and resolutions before lunch hour.

Afternoon sessions will be comprised of consideration of resolutions; district directors' reports; elections, and some very important addresses. Included will be addresses by the provincial F. U. A. president Mr. Henry Young at 4 p.m. and Mrs. W. C. Taylor the president of the F.W.U.A.

There is an hour's adjournment for supper from 5:30 to 6:30 and the heavy day's agenda will be completed at an evening session.

Prominent among the questions no doubt will be the Livestock Marketing Boards for which the F.U.A. has been asking the necessary legislation, and which is presently being considered by the Alberta government.

## Ancient French Coin Found At Derwent

An ancient French coin bearing the date 1854 and the picture of Napoleon was found in the garden of Mrs. Harry Jaremco, four miles south of Derwent. The Jaremco's have lived on the farm since 1927 and how the coin came to be there is a mystery. The garden plot where it was found has been cultivated for seven years. People who lived on the farm previously had a log house quite close to the present garden wherein the coin was found.

On the piece of money are the words "dix centimes". It is in a good state of preservation, not worn, and is apparently made of a bronze metal which polished up quite nicely after its long sojourn in mother earth.

## Promotion Lists In Next Issue

Lists of students promoted, from grades 1 to 8 will be published in your Standard next week.

## Photocraft Studio Purchased by Georg Conrad

Mr. Georg Conrad, an experienced photographer from Edmonton, has purchased the Vermilion Photocraft Studio from Mr. Bob Carmichael. The new owner is already operating the business.

Mr. Georg Conrad is experienced in all lines of photography and will welcome the opportunity to serve the public. The location of the studio is the same and it is open daily from 9 a.m. to 6 p.m.

See the opening announcement in this week's advertising columns of the Standard.

## Legion Picnic At Lake Whitney On Sunday, July 4th

The annual picnic of the Vermilion Branch of the Canadian Legion will be held on Sunday July 4 at Whitney Lake. Members are urged to join with other Legion families in making the picnic a bigger success than usual. Prizes and treats will be given to the children.

Cars will leave the Legion hall at 9:30 a.m. There will be transportation for everyone who does not have a car of their own.

Lunch and cups should be taken by everyone.

## United Church Boys And Girls Camps

The United Church Boys' camp for those between the ages of 11 to 16 will be held at Lake Whitney commencing on July 5 and finishing July 14.

The girls' camp for ages 12 to 17 years will be held from July 14 to July 24 also at Lake Whitney.

Contributions of potatoes for both these camps would be greatly appreciated. Kindly leave them at the United church manse.

## "Make Courtesy Your Code of the Road"

The popularity of books on etiquette indicates that, by-and-large, people are interested in manners. And a little observation of our friends and acquaintances will prove that most of them act courteously in the greater part of their dealings with their fellow men.

But there's one whole phase of courtesy that's sadly neglected . . . that phase is MOTOR manners.

When an individual opens the door of his car and slips behind the wheel, he too often changes from an apparently courteous, law-abiding citizen into an "auto-intoxicated" boor (i.e. a motorist drunk with the power at his command).

This lightning-like change has been the subject of some very funny jokes, cartoons, and stories. But there is nothing funny about it's effect on traffic safety. The driver suffering from "auto-intoxication" is a menace on the road.

What causes "auto-intoxication"? There is no adequate answer to this question. But it seems to spring from a strange quirk in some people's thinking - - a quirk that sets driving apart from other phases of living, making it something to which the ethics governing ordinary living do not apply.

As long as there are individuals who think this way, Alberta will be plagued by senseless traffic accidents - that could be avoided if the people involved would look at things from the other fellow's point of view.

Courteous conduct on the highway is far more important than courteous conduct in the living room. It can mean the difference between life and death.

During July the Alberta Safety Council is making an intensive effort to bring this fact home to the people of Vermilion. We urge all to support the Code of the Road program. This program will be a success if everyone will take to heart the slogan "Make Courtesy Your Code of the Road."

## School Is Out . . .

No need to tell parents that school is out but approximately 600 young people were freed from studies for their summer vacation on Wednesday. The fall term will ordinarily commence Sept. 1.

Notwithstanding the unemployment in Canada this spring, labor income during March was up $17 million from the same month last year and totalled $941 million.

## Park Opening Story Next Week

The official opening of the Vermilion park was carried out Wednesday under perfect weather conditions and with a very large crowd on hand to view the proceedings and to inspect the newest and most developed of provincial parks. The crowd was estimated at from 3500 to 5000 people. All appeared to enjoy what they saw immensely. A full story of the opening will appear in next week's Standard.

## Music Students Are Successful, Kitscoty

KITSCOTY. — The Royal Conservatory of Music of Toronto examinations were held recently in Kitscoty by Mr. Gerald Rutledge of Toronto. Following are the results in order of merit.

*PIANO*

Grade 1. 1st Class Honors — George Patnoe; Honors — Louise Shalka of Vermilion and Markley Croft, tied, Marlene Bootsman.

Grade 2. 1st Class Honors—Jim McGuigan, Islay; Honors—Charlotte Crichton.

Grade 3. Honors—Merilyn Smith, Jacquelene Crichton.

Grade 4. Honors — Deanna Duckering, Shirley Duckering.

Grade 5. Honors — Jean Stewart.

Grade 6. Honors — Frances Mihalcheon, Vermilion.

Grade 7. Honors — Beverlie Jack; Pass Janet Kent, Marwayne.

Grade 10. Pass — Doris Jack.

*VOCAL*

Grade 1. Honors — [illegible]ka, Vermilion.

Grade 2. Honors — Margaret Miles.

Grade 4. Honors — Deanna Duckering, Lynn Fossey, Lloydminster.

Grade 8. Honors — [illegible] Hall, Lloydminster

These were the only pupils entered by Miss Eileen Jack, Mrs. J. A. Smith and Mrs. E. Batty all of Kitscoty.

Miss Eileen Jack was also successful in gaining her A.R.C.T. Teacher's Degree with Honors.

## Development Noted At Mannville

MANNVILLE — With advent of Water and Sewerage and Gas in Mannville, there are many changes. We now have a very modern coffee shop. Mr. and Mrs. Ken Scoggins who are in charge are well known in the district and their [illegible] room will prove an asset to the village.

The Radio and Electrical Shop with the Yaroshuk Brothers as operators also adds to the business section of the main street.

There are six homes either under construction or with at least the basement excavated and a few others soon to be started. All vacant houses have been either rented or sold.

## To Start Gas Lines

MANNVILLE. It won't be too long now before the Northwestern Utilities Ltd. will be starting the ditching for the installation of gas. There are still a number of residents who have not yet made application or have not returned their completed application forms. Those interested in the installation of gas in their homes or places of business and who have not yet made application would find it to their advantage to see Mr. Pemberton as soon as possible.

## NO FIRES ON THE BEACH, PLEASE!

During the past few weeks it has become the habit of various parties to spend the evening down on the lovely sandy beach of the north side swimming pool (the old swimming hole). This in itself is quite understandable — however these individuals have shown little regard for the work entailed in rehabilitating this spot by the building of fires in the centre of the beach area and leaving ashes, burnt coal, half-burnt tins full of rusty nails and various other rubbage littering the beach.

*CO-OPERATION ASKED*

A little co-operation to prevent a recurrence along this line and a little actual help on rakes, shovels [illegible] would help in making this a favorite spot second to none for swimming and sun-bathing.

Farmers in Ontario were receiving an average of $1.32 a bushel for wheat as at May 15 compared with $1.77 a year earlier.

Early diagnosis and adequate treatment are the only effective means of cancer control.

Dancing, Piping, Folk Dancing, Tug-o'-War

## HIGHLAND GAMES WILL PRESENT VARIETY PROGRAM ON JULY 7

One of the big summer attractions of this community is scheduled for Wednesday next week at the Vermilion Fair grounds when St. Andrews association present their annual Highland games. This event which always featured a variety program is this year bringing in still added attractions until the day can well take its place among the best of the season.

Besides the Scottish games the dancing and piping, tossing of the caber, putting-the-shot, the tug-o-war between the Edmonton police and the Wainwright army are numerous features added for even more variety.

The group of dancers from Andrew will appear in several Ukrainian folk dances dressed in native costumes. This group gave a concert at Elk Island park just a short time ago and were very popular with the crowd. You can see them at the Highland games here Wednesday, July 7.

Besides the tug-o-war event between the Edmonton cops and the Wainwright soldiers — and any who have seen these muscle men pull before won't want to miss this tense battle — there is a second tug-o-war attraction. This is between the Vermilion Stagettes and the touring Zulu Ladies of Alaska on their way to Florida. There'll be fun for all!

Back on the serious side of entertainment is a baseball game between Gerry Moffat's Vermilion Tigers who are presently sitting high up in the North Eastern Alberta league and their old rivals from Clandonald headed by Bill Specht. This game is scheduled for 6 p.m.

A dance to Joe Dubuc's music will be held in the pavilion on the grounds. During the day booths will be in operation and no effort has been spared by the St. Andrews association to make this day long event a real source of novel entertainment.

Entries for the dancing and the piping have been received from Regina, Calgary, Edmonton and Saskatoon besides many intermediate points and from local contestants. The program has been added to, rounded out so that it is better than ever. For the day that is different attend the Highland games at Vermilion on Wednesday next, July 7.

## Death of Mrs. Don Taylor

Bringing sorrow to the community was news of the death of Mrs. Eulalee Taylor, beloved wife of Mr. Donald Taylor after a short illness. She was 57 years of age and had lived in Vermilion since 1919.

Besides her husband she leaves to mourn her passing three sons and two daughters, Donald of Edmonton, Clayton of Toronto, Robert, Shirley and Diane at home.

There are two brothers, Clayton of Bremner, Alta., and Cliff of Seattle, Wash., three sisters, Mrs. Tom Marler of Bremner, Mrs. Harry Collicut of White Rock, B.C., Mrs. Ada Southworth of San Ysidro, Calif. There are five grandchildren.

Funeral services were held on Monday, June 28 at 2 p.m. at St. Saviour's Anglican church, Vermilion, with interment in the Vermilion cemetery. The Rev. D. A. Ford officiated.

The sympathy of a large circle of friends and acquaintances is extended to the family in their bereavement.

Moyers Funeral Home was in charge of the last rites.

## Home Freezer Goes To Dewberry

Mrs. Harry Danderfer has a brand new home freezer which only cost her $2. She was the winner of the major prize at the Kinsmen bingo held at the Vermilion armories last Saturday night. Mrs. Danderfer lives near Dewberry.

The complete list of winners follows: Tea kettle, Gordon Patterson; wagon, Stew Hillcox; waffle iron, Mrs. Clyde Hicks; table lamp, Mrs. Dr. Evans; tea service, Mr. Kennedy, Islay; chrome stool, Jas. McDowell, Dewberry; rod and reel, Mrs. Jim Bell; sidewalk bike, Mrs. Reg Mitchell; electric iron, Mrs. Buckingham; travelling case, Mrs. Joe Payne; lawn mower, Mrs. Bill Armstrong; set of dishes, Mrs. Lindroth; paint sprayer, Barbara Hicks; radio, Mrs. Dr. Evans; electric motor, Carl Johnson; vacuum cleaner, Nick Kozicki, Elk Point; silverware, Mrs. Nohnychuk, Marwayne; freezer, Mrs. Henry Danderfer; toaster, Reg Meekes, Mannville; Jr. Mixmaster, Jerry Rance.

## Renovation of Sanctuary Completed At First United Church

On November of 1952 after many hours of careful planning and study, the first steps were taken to transform the interior of the United church. The carpenters moved in and started this phase of the alterations by removing a large portion of the north wall. This north wall has now become a lovely chancel, new home of the choir and organ, lighted by small wall lamps and centred by Sallman's "Head of Christ". The dark choir pews have been replaced by new golden oak pews. To complete the chancel effect a new platform was erected and furnished with three new oak pulpit chairs, a new semi-circular oak pulpit and matching lectern. The floor was covered by a wine carpet. In the summer of 1953 the C.G.I.T. girls of the church presented wine velvet drapes for the pulpit and lectern, one bearing the crest of the United church, and the other the monogram I.H.S., both with gold fringe.

In the fall of the same year, the Young Peoples' group presented the Communion table runner to match the drapes, and a large brass cross for the Communion table.

This year 1954 has seen the work completed with the laying of a complete new floor of plywood covered with marboleum, and with a centre aisle of green and off-white rubber tile.

There are new golden oak pews throughout the body of the church and the wainscotting is now finished in matching oak panelling. The walls have been newly decorated in peach and pale green. New arched windows have replaced the north windows, and white and amber pebble glass have replaced the plain glass in all windows.

Other changes were the new pulpit and lectern lamps and a Sunday school attendance board. A few Sundays ago the C.G.I.T. presented several large wicker flower baskets which they had made during their meetings this past year.

Former citizens of Vermilion visiting their church will find only one reminder of the former church besides the organ, that being the "Communion Table" a fine piece of furniture, a memorial to Mr. Frank Baker, a former Sunday school superintendent.

A special memorial fund has now been set up so that at the passing of a loved one friends and relatives can contribute to a permanent memorial to those who have passed on and a constant blessing to those who worship there Sunday by Sunday.

We are grateful to God for the interest and enthusiasm shown by the people of the congregation in the worthy project to beautify this sanctuary and our prayer is that we may continue to grow spiritually as we worship week by week in this House of God.

## 1954 FAIR PROGRAMME SAID "TOPS OF ALL TIMES"

The management of Vermilion Fair enjoyed a visit on Saturday last from Mr. John Leach, a vice-president of the Western Canada Fairs Association who was en route back to Vegreville from attending the 1954 exhibition of the Moose Jaw, Sask. fair. Mr. Leach was loud in his praises of the new mid-way selected to provide outside entertainment this season. The mid-way comes to Western Canada all the way from Alabama and has [illegible] ride and entertainment [illegible] to the business. A [illegible] improvement is noticed [illegible] in the type of [illegible] will be available to [illegible] special attention [illegible] given to the younger members of the community.

The [illegible] circuit starting at Moose Jaw includes such larger centres as Portage la Prairie in Manitoba, Yorkton, Prince Albert and North Battleford in Saskatchewan and Lethbridge and Red Deer in Alberta [illegible] the midway facilities were engaged [illegible] the fairs [illegible] stressed [illegible] for the [illegible].

[illegible] with the grandstand attractions being provided this season by the [illegible] of Chicago [illegible] in his opinion the 1954 show [illegible] Continental Holiday [illegible] surpasses anything that has previously covered the Western Canada circuit. It would seem therefore that a fine entertainment program is in store for patrons of Vermilion's Big Fair on July 22, 23 and 24.

[illegible] Productions are [illegible] as one of the leading United States entertainment firms and in order to obtain the highest quality acts they maintain a European office all the year round. The attractions program this year will take a somewhat unusual form in that the various acts are performed in a continuity planned around a motor coach trip through Europe, making the program one of steady entertainment with no time lost between performances.

According to the advance notice received of the Moose Jaw show the Four Karls, startling equilibrists really bring down the house with their acts; the Juggling Phillips is said to be something "out of this world" in their entrancing juggling act, especially at night when lighting effects add much to the show. The world famous pink poodles are designed to keep the audiences "in stitches" throughout the entire routine and apparently do just that. There are other acts of the highest class and the Standard will carry resumes of them weekly from now until fair time. When we know that the 1954 show is the "Best Ever" there is little need of saying more because the grand stand attractions of recent years have been par excellence.

Entries are already beginning to come in to the fair office and girls and boys are invited to show their school work, cooking, sewing and handicraft of all kinds as outlined in the 1954 prize list. The ladies of the district too are cordially invited to exhibit and to make sure that all exhibit halls are filled to overflowing. The lady judges have agreed to remain in Vermilion on Friday, the 23rd of July for the purpose of giving any possible help to exhibitors and intending exhibitors and it is to your advantage to take this in.

Bear in mind that Vermilion's Friendly Fair is your fair — let's all join in making it the best ever [illegible].

Advance tickets will go on sale Saturday, July 3. The price remains the same as for many years past 5 for $1. A single ticket is good for admission at the main gate for anyone young and old, for the grandstand the adult requires three advance tickets at a total cost of sixty cents. The Vermilion Fair thus provides for district people to see the same show as is available at such points as Lethbridge, Prince Albert, Moose Jaw and Yorkton at nominal costs whereas the centres named charge as high as $1.50 for a single grandstand seat.

Plan to take some part in Vermilion's 1954 Fair . . . show what you grow . . . share what you know . . . let's keep Vermilion right up in the front line of Western Exhibitions!

## Official Opening

Official openings are not new to Vermilion nor are they unique to any one town or event. Vermilion started its official openings back in 1908 when the big brick school was put into use with quite some pomp and ceremony. As one can easily visualize this big building was quite an achievement for the early days and this was recognized as the Lieut-Governor officiated. Since that time the town has witnessed many official openings ... more schools, churches, turning on of the gas, the water and sewer project, curling rink, arena rink, airport, golf course and so forth, all of which have been common to many centres of similar size and development.

Added to these however are inauguration ceremonies of which Vermilion alone can boast or at best, where the projects opened and facilities offered are matched in but very few centres in the province.

The first of these was back in 1913 when the Vermilion school of agriculture opened its doors to the first class of students. At the present time there are only three of these schools in the province and the value of this institution is well recognized in Vermilion. In recent years the Canadian Utilities started the wheels turning in their 10,000 h.p. steam electric-generating plant and already are hard at work doubling the capacity. This too brought in many families and much activity having a marked effect on this centre's prosperity.

On Wednesday Vermilion saw the opening of a provincial park and recreational centre right on its [illegible] doorstep, a situation and development unique to Vermilion alone, and one which in the future will have a marked effect on the activity and prosperity of the town, as the development therein continues and knowledge of this beauty and recreational spot, which has all the attributes for an enjoyable outing, spreads and spreads.

Such projects as these do not just happen, they are the result of the foresight and planning of a wide-awake and community-minded citizenry.

## Board of Trade Recesses for Summer

At the meeting of the Board of Trade held on Wednesday of last week it was decided that meetings would be adjourned for the two holiday months. This has been the usual procedure for a number of years. During the recess the executive and committees carry on the activities. If found necessary at any time a general meeting will be called.

## "Make Courtesy Your Code of the Road"

Provincial and civic leaders have endorsed the traffic safety program which began on Wednesday under the slogan: "Make Courtesy Your Code of the Road".

H. B. Macdonald, MLA, President of the Alberta Safety Council reports that 46 groups in cities, towns, villages and municipal districts are actively campaigning for improved motor manners. New applications for campaign materials are being received daily.

Mr. Macdonald credited Premier Manning's Highway Safety conference of May 19 with giving the safety movement a tremendous lift. He said that the desire of the public to reduce traffic accidents is now being backed by action. "Public opinion" he said, "is turning against those drivers who disregard the rights of others", and cited the seven points of the courtesy code as a basic guide to defensive driving.

STATEMENT BY PREMIER MANNING

I would personally commend to each and every driver of a motor vehicle in Alberta the Action Program for Traffic Safety launched this week by the Alberta Safety Council throughout our province.

There is absolutely no doubt in my mind that if drivers would observe the rules of the road and actively practise common courtesy toward others, the death and injuries suffered annually on our highways could be reduced substantially. Laws and traffic regulations have their place but it has been proven that these, in themselves are not sufficient. There must be a general improvement in the driving manners of motorists and this is within the power of each individual driver.

This summer's campaign of the Alberta Safety Council will carry the slogan: "Make courtesy your code of the road". I hope every operator of a motor vehicle in Alberta will subscribe personally to that slogan and play a part in making our summer season of 1954 the milestone marking the start of a sharp decline in the number of accidents on our highways.

I would also draw to the attention of pedestrians that there is a definite place for them in the safety pledge: "I promise to do my best to drive and walk safely."

I appeal to every Albertan to fully support in every way the safety campaign launched this week by the Alberta Safety Council.

*LOOK AT YOUR LABEL DATE!*

By Your District Agriculturist

## "GREEN ACRES"

TIMELY SPRAYING

So many farmers postpone spraying with 2, 4-D until the weeds get tough and hard to kill. Besides, why wait until the weeds have sucked up a lot of moisture that should be left for growing the grain crop? Start spraying when wheat or barley is 6 inches high and oats at least 6 inches. Get a new circular from the D.A. office on spraying weeds.

BLACK AND BLUE

Every day cattle and hogs arrive on the Edmonton market with bruises. The bruised meat must be cut off and thrown away. Someone takes the loss and I have a good idea it is the farmer. Poking and crowding and horns are the chief reasons for bruised carcasses. Farmers and truckers should use slappers or electric persuaders rather than sticks or kicks!

BLACKLEG IN CATTLE

Now is the time to give those spring calves a shot of bacterin to prevent loss from blackleg. Don't take chances on losing 2 or three good calves before you get the job done. Use the double action bacterin which protects against both blackleg and malignant edema. Every year some farmers lose calves from these diseases. It might be you this year.

REGISTERED SEED INSPECTIONS

Farmers having fields of registered seed should apply for field inspection immediately. Forms are available from this office.

[illegible] AND PLANT [illegible]

It seems too bad when good flowers and vegetables are spoiled by garden insects. Flowers should be sprayed once a week with DDT. With vegetables it is best to use derris or pyrethrum powder which are not poisonous. For plant lice Black Leaf 40 is best but DDT will also kill plant lice. Get a circular on garden pests from your D.A.

PUTTING UP SILAGE

During the past three years a lot of stock men in Alberta put up silage in trench silos. During wet falls it pays well to use green hay, oats or even wild oats as silage crops. Circulars on silage and the plans for trench silos are on hand at this office.

CHLORATE AT REDUCED PRICE

Minburn and Vermilion River M. D.'s are putting out Sodium Chlorate for Toad Flax control at one-third cost to the farmer. This means that farmers can get Sodium Chlorate at $5.50 per keg of 112 lb.

## Letters to the Editor

June 20, 1954.

Mr. A. H. Cooper,
Editor, Vermilion Standard.
Dear Mr. Cooper:

On the eve of my departure from Vermilion, let me express to you my sincere appreciation for the splendid co-operation which you have given to the "Army" during my stay in this town.

It is with deep regret that Mrs. Chapman and myself must leave here, but with us we shall carry many happy memories of our almost four years of service in Vermilion.

The friendliness of this town will not soon be forgotten, and we trust that it will be our privilege to return on future occasions. Indeed, Vermilion will often be upon our lips, within our hearts, and on our minds.

Through the medium of your paper I would also like to express to the public at large our thanks for their assistance in our annual appeals. We are deeply appreciative of the grand way in which the people of this district have responded to our campaigns, thus indicating their interest and support for our work.

Again "thank you" and may God continue to bless and prosper Vermilion.

Sincerely yours,
Robt E. Chapman (Capt.)

## Princess Anne W. I. Notes

The regular monthly meeting was held in the club room on the afternoon of June 21 with 12 members and five visitors present. The meeting opened with O Canada, followed by the Creed. The roll call was answered with a Vacation Safety hint.

Minutes of the last meeting were read and adopted. The treasurer's report followed. Bank balance showed $44.84. This was adopted as read.

Correspondence from Mrs. Hamilton and Mrs. Pidcock on July conference was read. Also a letter and receipt for $12.60 for 'Barley for Korea' from Dr. Hitschmanova was read.

A discussion on the July conference followed. Twelve members and two visitors plan to attend. Bills for gifts sent to two members who were sick were presented and payment was approved.

On a motion by Mrs. McKay, seconded by Mrs. R. Stroud, the treasurer was instructed to send for twelve W. I. pins for members.

Federated dues were discussed and payment of same will be made in July.

Mrs. Geo. Mead gave a full report on the Home Baking Sale held in Vermilion on May 8. Proceeds from same $26.20. It was decided that a committee of three members assisted by Mrs. McCambridge, would meet later in the week with the executive of the Island Hill ball club, to make arrangements for operating a refreshment booth at Island Hill ball diamond Sunday June 27 when the play-offs take place.

Mrs. Wm. McIntyre gave a very interesting paper on poliomyelitis.

Following this Mr. George Martin gave a short address on First Aid and Home nursing classes and presented 16 successful candidates with their certificates.

The meeting adjourned with 'The Queen'.

Mrs. Parchewsky and Mrs. West served a delicious lunch.

We are always pleased to have visitors to our meetings and at this one we were especially pleased to welcome Mrs. Arthur Withington of Seale, Farnham Surrey, who has promised, at a later date, to give us a short talk on W.I. work as carried on in England.

## Sports News

## Island Hill Softballers Again Win Trophy

June 26th saw the wind-up of the Vermilion and district men's soft ball playoffs. All teams were in the playoff with Island Hill boys coming out on top for the second year in a row. A crowd estimated at 500 people were on hand at Island Hill all day long to see the playoffs which started at 1 p.m.

The K[illegible] outnumbered the Pleasant Valley boys in the opening game 29 to 21. Island Hill went to work on the Reserve Army boys 21 to 3 in the second game of the day and blasted the All Stars of Vermilion 14-5 in the third game.

This brought Island Hill and the Vermilion Kinsmen together in the final game. The way the draw worked Island Hill boys had to play three games in a row to capture the trophy and this they did, winning from the Kinsmen 10-9 in the final. This game featured some excellent ball and was in doubt until the very last. In the 9th the Island Hill-ers pushed across the run that gave them the championship.

This final game was an all-out affairs by both teams and yet not a player forgot that he was a real sportsman showing that they were the friendliest rivals that could be found anywhere. Congratulations Island Hill and to the rest of the teams — better luck next year!

## Fish and Game Meeting July 5th

Fish and Game meeting Monday July 5 at 8 p.m. in the court room.

## Vermilion Angler Catches Huge Pike

Cecil Sinden caught a huge pike while fishing at Cold Lake on Sunday last. The big member of the finny tribe weighed in at 19 lbs., 2 ozs. and measured an even three feet four inches from tip to tip. Witnessing the catch and in the same boat were Lawrence and Paul Hareuther and Jim Chalmers. Cold Lake also has a big fish competition but this one despite its size would have been second best as already one has been entered weighing 22 pounds. Cecil was using a red and white dardevil when the strike was made and the spot was in Frenchman's Bay of Cold Lake. The fish is now on display at Vermilion Food Lockers.

According to a table in the Hunting and Fishing magazine this fish would be approximately 17 years old.

## Lady Golfers To Hold Meeting July 5th

A meeting of the Ladies' Golf club will be held at the home of Mrs. Mona Pockett on Monday evening at 8:00 o'clock July 5.

All members are urged to attend to make plans for the tournament to be held the following week.

## Colored Boys Trim Local Team

The Ligon Colored Boys, a touring team of lithe baseball players were too heavy on the stick for the Tigers Tuesday evening bunching their hits in three innings to win handily 11 to 3. It was a good exhibition of baseball and the favorite exclamation of the colored players was "it's all in fun" whenever the decision of the umpire went against them. Wilf Little did the receiving with George Cruthers, Al Baker and Ernie Larcombe on the mound during the game.

For the visitors it was Pierce, Shieler and Scott.

Irvin Gordon and Ted Koehli handled the officiating.

## Vermilion Turns Back Lloyd. Pirates

Gerry Moffat's Vermilion Tigers turned back Lloydminster Pirates by an 11-3 score last Friday evening. The game was witnessed by a big crowd which saw the local boys in a real batting mood showing little respect for the offerings of Barrack and McGale. Al Baker did the Vermilion hurling with Wilf Little behind the bat.

*SCORE BY INNINGS*

| | | | | | | | | | |

Irvin Gordon was umpire.

*LADIES' FASTBALL DANCE in Elks hall Tuesday July 6.* 1-2

## Elk Point Players Injured When Fielders Collide

Two huskey Elk Point fielders Morris Melnyk and Mike Schur collided in left field in the last half of the first inning on Sunday in a regular Sunday league fixture here. Both were knocked out of [illegible] contest, taken to the hospital where Melnyk was found to have suffered a broken collar bone, and Schur, at first thought to have a broken jaw, had some teeth loosened and a badly cut and bruised mouth. The accident occurred when Wilmer lifted a high fly ball midway between the left and center field. Both players went for it, neither noticing the other and crashed. The accident resulted in the Elk Point boys having a very bad first inning, Vermil getting in 7 runs. After that the game settled down into a close contest.

Phil Huber cracked one over the fence for a home run while Doug Wilmer also circled the bases on an inside the fence homer. Elk Point player Bourtaski knocked a circuit clout too.

For Vermilion Ernie Larcombe pitched to Ray Jones and Ray pitched to Macnab to finish the game. For Elk Point Charlie Hall weathered the storm and went the entire route with Stetako catching.

Irvin Gordon did umpire duties.

*SCORE BY INNINGS—*

# MANNVILLE & DISTRICT LOCALS

At the last meeting of the W.A. of the United church held at the home of Mrs. Sloan, Mrs. Crighton and Mrs. D. McCauley were presented with farewell gifts in token of their work in the W.A. Mrs. Crighton will be leaving soon to make her home again in Toronto. Mrs. McCauley who has been a resident of Mannville for a good many years and has been an active [illegible] in various groups such as the W.A. and Sunday school of the United church, the Home and School Assoc. and others, will be moving to Lloydminster.

Miss Joyce Gamble will be employed for the summer months at the Baker Creek Cabins at Banff.

Visiting at the M. Mercer home this week are Mrs. Mercer's sister and her husband Mr. and Mrs. H. L. Bealrsto of Winnipeg. It is eight years since Mrs. Bealrsto has been back to Mannville and 16 years since Mr. Bealrsto was here.

Mr and Mrs. George Wilson of Burnaby, B.C., are visiting with Mrs. Wilson's mother and brothers Mrs. Sloan, Mr Eddie and Mr. and Mrs. Percy Sloan.

On Saturday evening a group of the younger boys and girls held a party in the school auditorium with Mrs. R. Legg and Mr. J. Johnstone supplying the music. The evening was spent in games and dancing.

Mrs. Eddie McFadden and two children of Terrace, B.C. are visiting relatives and friends in Mannville and district. They plan to remain a month.

Mr. and Mrs. Tom Candler of Edmonton were callers in Mannville one day this week on their return from a business trip to Regina. It was Mrs. Candler's first visit back since she left here as a child. Mrs. Candler is a sister of Mrs. Dan Smith and Mrs. P. Arnold.

Visitors in town on Saturday were Messrs. Vic and Alex Mark of Edmonton. They are both old timers of the district and would notice many changes since they left here.

About 18 couples of the Mannville Square Dance club attended the Square Dance jamboree at Wainwright on Friday night after the Stampede.

Schools close this week and by the time the Standard is out picnics etc. will be all over for another year. Among those planning to attend summer school this year are Mrs. Otto, Mrs. Gamble, Mrs. Park, Miss Bourassa, Mr Mlalk, Mr. Kott and probably some of the others.

Mr. and Mrs. Hugh Doherty and family are leaving this week for Vernon, B.C. Mr. Doherty will be Chief Recreational officer for the Vernon Cadet Trades training camp for the next six weeks.

Mr. and Mrs. N. McKinnon have recently returned from a visit with their daughter and family, Mr. and Mrs. Neil Phillips and girls of Tofield.

Wheat acreage in Britain is 2,344,000 this year compared with 2,143,000 in 1953, an increase of 201,000 acres.

You may save your life by reporting to your family doctor any signs of ill health.

## Paradise Valley

Work on the seed cleaning plant is underway and good progress is being made under the management of Mr. Anderson. It will be quite an asset to the district when completed and in operation.

By the time that these items appear in print school days will be over for this term. We wonder what will be in store for the pupils during the next year? Many changes take place, older ones leave and new ones take their place.

The weather during the past week has been fairly good. It has not been as warm as we would like and crops are not coming along very fast. Spraying for the weeds is the order of the day.

Mrs. Evan Jones and family have returned home after visiting at Wetaskiwin where Mr. Jones is working at the present time.

The annual Trustees' convention of Vermilion School Division was held in Paradise Valley on Saturday June 19. Speakers were Mr. A. G. Andrews Secretary Alberta Trustees' Assoc., Hon. A. O. Aalborg, Minister of Education and several others. As the secretary is making an official report we will not go into details of the meeting.

Patients in the Lloydminster hospital include Mr. Charles Bennett who we are glad to hear is improving, Mrs. Fred Towndrow and Mrs. A. W. Flint.

Cancer of the lung is nine times as prevalent with men as with women.

Japan has a population of 3,334 people per square mile of cultivated land, the highest of any country in the world.

## Thorncliffe W. I. Highlights

On June 16 five members of the Thorncliffe W.I. met with the following visitors. Mrs. H. Hamilton and Mrs. George Clarke of Mannville, the Misses Mary and Betty Coulter and Mrs. R. C. Rodgers of Vermilion. The meeting opened in the usual manner followed by the W. I. Creed. Minutes of the previous meeting were read and approved.

A thank you card was received from Mrs. Eric Watt for the W. I. spoon the group gave her as a farewell souvenir. Mrs. Watt has now moved to Viking. A 'get-well' card was sent to Mr Cecil King who has recently been in hospital.

Mrs. Tommy Thompson was appointed delegate to attend the district W. I. conference at the V.S.A. July 16.

Mrs. James Moses is the new social welfare convener.

The members will each donate 10 cents per month towards the Social welfare. On behalf of the ladies of Thorncliffe Mrs. Thompson and Mrs. Fred Clark shipped 125 pounds of old woollens to the Fairfield Mills to be made into blankets and sox.

Mrs. H. Hamilton, district convener of the W.I. addressed the meeting and congratulated the group for their splendid work for such a few members. She told of the W.I. in Ceylon. This was formed by an Ontario lady Dr. Mary H. Rutnam in 1930. It is the most powerful organization on the island. There are 700 branches and 35,000 members. Ceylon has a population of 4 million people. She read the speech by Mrs. Berry when she was elected president of the A.C.W.W., which everyone enjoyed very much.

The president on behalf of all present, thanked Mrs Hamilton for a very interesting talk. Mrs. Hamilton kindly invited the ladies to visit here whenever convenient.

The social was a brief demonstration by R. C. Rodgers, the district aluminum representative. He also made the coffee.

The next meeting will be held at the home of Mrs. R. Clark on July 7 at 2 p.m. Roll call — a safety rule for a vacation. Social will be by Mrs. Clark. Lunch by Mrs Rubeun and Mrs. Fred Clarke.

The meeting closed with singing of God Save the Queen. Lunch was served by Mrs. T. Thompson and Mrs. Fred Clark.

IN FAVOR OF PARKING LINES

In answer to the opinion expressed by the writer of Wildmere Winks regarding the repainting of lines on sidewalks marking proper parking spaces and angle for cars at the curb, we, representing the farmers of Thorncliffe district, are 100 per cent in favor of the same to be done; also for the authorities to SEE that everyone ABIDES by the [illegible].

World butter production in 1953 totalled 8,530,000,000 pounds, an increase of 320,000,000 pounds over the 1952 figures, but about one billion pounds under the average annual prewar production.

Crop conditions in Saskatchewan although late, are about equal to last year. The wheat crop in that province totalled 375 million bushels in 1953.

## Wildmere Winks

Our deepest sympathy goes out to Mr. Don Taylor and family and relatives on the passing of a loving wife, mother and sister. One does not know when the grim reaper will call. It's a secret God keeps to Himself and He knows best.

We were indeed sorry that Mr. and Mrs. Cairns of New Westminster, B.C. were unable to come as far as Wildmere after getting to Edmonton. Mrs. Cairns was not very well after reaching the city so after a few days rest at Mr. and Mrs. R. Gilholme's they returnde to the coast. Hope they felt better on arrival home and we wish them better luck another time. The writer had planned very much on seeing them both.

Mr. and Mrs. R. Jones and Mr. and Mrs. P. Fitsell were Wednesday evening visitors at the Wallington home. We surely enjoyed your visit folks and hope you can come soon again. Mr. and Mrs. Jones are now away on holidays.

Crops are really growing these days but so are the weeds. Gardens are doing well too trying to catch up.

A nice crowd attended church on Sunday at Basswood school. We were pleased to see Mr. and Mrs. George Seuffert, Alice and Mrs. Riley and Shirley Underdown of town out also Marjorie Watt of Thorncliffe. Mr. Plante gave a fine sermon on Missions. It should make no difference as to race color or creed. They can all be good Christians. Next Sunday at Basswood at 7:30 in the evening there will be church service again. Junior choir is doing well.

Jimmie is still busy with gravelling roads, at present in the Battleview district and also past Albert Holte's west. Only trouble is he is always running out of gravel as it takes an enormous amount of it. Johnny Bowman and Bob Blake are working on the road east to the coulee past Basswood school.

Mr. and Mrs. C. Cruthers, Billie Smith, Kenny Graham and the writer took in the Bingo on Saturday evening but were not lucky enough to cop any of the prizes. There was not so large a crowd this time.

This week will see schools close for the summer holidays. For some schools it may be the last time the bell will ring and lessons taught in them. From those same little classrooms some very good students have learned their A B C's. In the fall many of the pupils will be gathered in one group at the larger school. We only hope they do as well as they have done in our little school under the guidance of Mrs. Wilson who so faithfully kept our school running during the teacher shortage. Happy holidays to all and may you all pass.

We had nice chats with Mrs. B. Gould, Mrs. Moore, Mrs. Tweedy, Mrs. A. Smith and many others on Saturday evening.

Mrs. J. Wilson and husband were pleasantly surprised on Friday evening when her sister Mrs. W. Fluker of Fort Saskatchewan and three cousins from Ontario called on them. On Saturday a family re-union was held at Mannville.

Cancer is not contagious. It can appear at any age, but usually in older people.

# WEDDING BELLS

*JOHNSTON—MacLEOD*

The scarlet and gold of the Royal Canadian Mounted police added a brilliance to the wedding solemnized in the Penticton United church on Wednesday of last week in which a Penticton nurse, Joy Victoria MacLeod, became the bride of RCMP Constable Lloyd John Johnston of the Penticton detachment.

White, pink and garnet peonies decorating the church altar, made a lovely color setting for the double ring ceremony performed by Rev. Ernest Rands to unite in marriage the elder daughter of Mr. and Mrs. D. J. MacLeod, of Charlottetown, P.E.I., and the only son of Mr. and Mrs. H. W. Johnston, of Vermilion Alberta.

As the bride's parents were unable to be present for the wedding she was given in marriage by S. A. MacDonald, of Summerland, a family friend formerly from P. E. I.

White Chantilly lace designed in the princess mode misted ivory satin to fashion the charming bride's gown on train. Sleeves were in lilypoint and a Dresden neckline accented the beauty of the gown. Her finger-tip veil was held in place by a Juliet cap and garnet roses with white daisies combined to style her cascade bouquet. A strand of pearls, a gift of the groom, was the bride's only adornment.

Miss Phyllis Patton, R.N., of Grande Prairie, Alberta, was maid of honor, and Miss Lorraine Foster, R.N., of this city, was bridesmaid. Their full-length frocks, fashioned alike, were of silvery-blue shade which was contrasted by their bouquets of pale yellow carnations. They wore matching blue head circlets.

Cst. David Williams, of the local RCMP was best man and ushering were Cst. Charles Woods, also of this detachment, and Cst. Donald Wilson, of the Oliver-Boundary detachment of police. Mrs. Monica Craig Fisher was organ accompanist for soloist Miss Bette Thomas, who sang "O Perfect Love" during the signing of the register.

At the reception held aboard the SS Sicamous the guests were received by the wedding entourage, with Mr. and Mrs. MacDonald acting for the bride's parents, and Mr. and Mrs. Johnston, the groom's parents. Mrs. Johnston was attractively attired in a gown of pale blue crepe and lace with white accessories and pink carnation corsage. Mrs. MacDonald wore a rust suit with beige accessorie complemented with a corage of Kohomo carnations.

George Darters of Naramata, proposed the toast to the bride.

The bride donned a navy blue suit with white accessories and pink carnation for travelling on the honeymoon trip to centres of interest in the States.

On their return to this city the newly married couple will reside at 522 Martin street.

Out of town guests at the wedding were the groom's parents, Jack Gabroushi of Haney, as well as many other friends from centres in the Okanagan Valley.

—Penticton Herald.

## ALLANDALE NEWS

The weather has been grand sunny days and a few showers.

Mrs. Orlene Whelan spent the week end of the 19th with her husband Paul at Cold Lake. The Omness grandparents cared for their daughter Paulette.

Congratulations and our very best wishes for a long and happy wedded life to Mr. and Mrs. Walter Cox of Greenwood, B.C. She is a niece of the Omnesses.

Orley Omness and son-in-law Don Wilson spent the week end of the 19th at Moose Lake. Fishing was good.

Congratulations to Mr. and Mrs. Orville Armstrong on the birth of a son June 21. A wee brother for Neil, Carol and Karon.

Church work has begun on our little church. Bill McIntyre, Gus Throndson and Orley Omness on June 23 levelled the ground and put up the forms for the foundation. Cement will be poured later.

Noticed recently that the Island Hill road is gravelled. We have hopes that more will be done in these parts.

From the number of cars at the Island Hill softball grounds last Sunday their tournament was a huge success. Island Hill won the cup for the second time in a row. Congrats boys!

Mrs Belle Knowles who is so well known to the old timers of Allandale visited at the Mayers home on the evening of June 25. She is 82 years young and travelled alone from Oklahoma to visit her daughter, Mrs. Ella Hollen south of town.

After church service last Sunday the Laird family of Clandonald, Mr Stanley Calder, Don Wilson's family, Baldocks and Omnesses picnicked at Vermilion Park lake and had a very enjoyable afternoon. This is an ideal place for such occasions. Around 60 pupils and their parents from Lavoy were being entertained by their teachers. A number of other folk were enjoying the afternoon also. It was good to meet Mr and Mrs Alfred Logan from south of town.

Closing Thought: When we think how much we have been given and how much we owe we gratefully seek partnership in the Christian witness in the home, the church and the mission field.

Only by costly research can the cancer riddle be solved. Last year the Canadian Cancer Society supported, partly or wholly, 75 research projects on cancer.

## Annual Sunday School Picnics Held

MANNVILLE —The weatherman favored us with good weather on Wednesday afternoon last for the United and Anglican Sunday school picnics. The United church Sunday school held their picnic at the fair grounds and the Anglicans met west of town. The children enjoyed ball games, races, etc. and consumed large amounts of ice cream as well as the bountiful lunches provided by the parents. The children certainly enjoy these gatherings and this was the first year for several years that either one or the other did not have to be cancelled due to bad weather.

Check that date on your label!

## Shower for Miss Dorothy Oldenberg

Miss Dorothy Oldenberg was the guest of honor at a shower held recently at the home of Mrs. H. C. Oakley. About thirty friends gathered to express their best wishes to the bride-to-be, who was the recipient of many beautiful gifts. A tasty lunch was served by the hostesses, Mrs. Hawley and Mrs. Eidem and a very enjoyable evening came to a close with the singing of, "For She's a Jolly Good Fellow".

SHOWER [illegible]
A shower was held recently for Hilda Anderson prior to her marriage to Richard Hammer. Mr. and Mrs. Randolph B. Hutchinson welcomed over 40 guests to their home for the occasion.

After several contests and singing of choruses refreshments were served. Following this Sharen Anderson and Kenneth Tovell dressed as bride and groom brought in a decorated basket of gifts and presented it to the bride-to-be.

The evening, thoroughly enjoyed by all, ended with the singing of "Blest be the Tie that Binds".

SILVER WEDDING
In celebration of their 25th wedding anniversary several members of the family and friends gathered at the home of Mr. and Mrs. A. J. Little at Vegreville on Sunday, June 20. It was 25 years ago on June 10th when they were married at the family home of the bride's parents Mr and Mrs. Wm. Smith in the Salteaux district. The Rev H. A. Boyd, United church minister in Vermilion at that time, officiated.

Among those present on Sunday at the silver wedding were Mrs. Little's father and mother, Mr and Mrs. Wm. Smith, Mr. and Mrs. Alex Stone and children, Mr. and Mrs. Bert Smith, Mr. and Mrs. Tom Smith and sons, Mr. and Mrs. Reg Little of Westlock, Mr. and Mrs. Hal Johnson of Edmonton, Mr. and Mrs. Thos. Watts, Vermilion, Miss Audrey Watts, Mr. Marvin Willmer. Many friends of the Vegreville district called during the afternoon and evening to extend their good wishes.

Friends here regret to learn that Dr. and Mrs. Hugh Macdonald will move this summer to Victoria, B.C.

Mrs. Orley Omness left on Wednesday June 30 for Waterways Ft. McMurray to visit with her daughter Della and family, Mr. and Mrs. Jimmy Walsh and Adele, Doreen, Wayne and Laura.

Mr and Mrs Alex Stone and family will leave this week for Vancouver where they will spend the next six weeks. Alex has been ordered to sea level by his Doctor as an aid in recovering his health.

FASTBALL DANCE JULY 6
Win a valuable hostess chair at the dance in the Elks hall July 6. The dance is sponsored by the Girls' Fastball club. Keith Inman's orchestra. 1-2x

CLANDONALD HALL
Showing at the Clandonald hall this week end Friday and Saturday July 2 and 3, "A Slight Case of Larceny" with Mickey Rooney and Eddie Bracken. Monday and Tuesday July 5 and 6 "Loophole" a crime drama with Barry Sullivan. Next week end "Rhubarb". News reels each week. 2x

TOLLAND PICNIC
Tolland F.U.A. will hold their annual picnic on Wednesday, July 21. Dance at night. Everybody welcome. 2-4x

Miss M. Rhodes of Wakefield, Yorkshire, England, arrived in Vermilion to spend several months visiting at the home of her sister Mrs. Jack Kneale and family. A brother Mr. Healy Rhodes of Edmonton is also spending a week or two as the guest of Mr. and Mrs. Kneale.

Mr. and Mrs. Charlie Hollen and the latter's mother Mrs. Belle Knowles leave this week for Colorado where the Hollen's will spend the next month. Mrs. Knowles who is 83 years old has been visiting here for the past two months making the trip from her home at Canton, Oklohoma by train all by herself. She will continue on south from Colorado with other relatives.

Mrs. Victor Harmony and son David of Albuquerque, New Mexico, is spending a month here with the former's parents Mr. and Mrs. W.S. [illegible].

Three popular Vermilion young people, Misses Janet Wilson, Helen Adam and Alice Brix all went to Edmonton Sunday evening to commence work in various positions in that city. A large crowd of young people were on hand to see them off and wish them well in their new careers.

Mr. and Mrs. George Webb Jr. are holidaying at Banff and Calgary.

Mr. and Mrs. Todd Kuehn and family leave this week for a vacation which they plan to spend sightseeing at Jasper and Banff. They will be away for two weeks.

Mr. and Mrs. Charlie Upshall and family left Wednesday for a two weeks vacation which they will spend visiting relatives in various parts of southern Saskatchewan.

Miss Anne Snaychuk returned this week from a three weeks' holiday at Vancouver. The trip was made by plane.

## Bowtell Bulletin

Sympathy of the writer and of the people of this distict is extended to the Taylor family in their recent sorrow.

The writer enjoyed a chat in town recently with Gerald Fenton who, with his wife and baby were visiting the former's parents Mr. and Mrs Tom Fenton at Borradaille. Gerald informed the writer that they were on a trip to the U. S. and his mother accompanied him as far as Turner Valley.

The play-off for the district softball teams was held at Island Hill Sunday and once again Island Hill team won the trophy. A very enjoyable afternoon was spent. What was the matter with your booth folks it looked as if all brought your own lunch except the visiting folks?

The writer and family enjoyed a visit Sunday with Barney and Frank. If you want a good story ask Barney about the dish pan.

Mrs. Jones celebrated her birthday Saturday and was pleased and surprised to receive a phone call from the Perkins family at Langley Prairie B.C. The children out there sang Happy Birthday which was heard quite plainly.

Mrs. Dedelly is up and around again after spending a few days in hospital. Mr and Mrs Walker were Sunday visitors at the Dedelly home.

The June Busy Bee meeting was held at the home of Mrs. Gow with 14 members and one visitor present, Mrs. Gagnon. Plans were made for the annual picnic which will be held at Bowtell on the afternoon of July 4. Mrs. Johnson was the winner of the draw.

To close an enjoyable afternoon a dainty lunch was served by Mrs. Madill, Mrs. Moses and Mrs. O [illegible]. The next meeting will be held at Mrs. J. Millar's on July 21.

Mr and Mrs. O. Repp leave on Sunday for a trip to Calgary where they will attend the stampede.

*CARD OF THANKS*

We would like to thank our friends and neighbors for the kindness shown us while Allan was in the hospital. Also for the cards and flowers he received. Special thanks to Dr Evans, Dr. King, the matron and staff of Vermilion hospital, and Claysmore W.I. for the lovely fruit basket.

Mr and Mrs Allen Olstad

*IN MEMORIAM*

In loving memory of our dear husband and father
*John Alexander McFadgen*
who passed away June 28, 1946.
"Eight years have passed,
Our hearts still sore,
As time goes on,
We miss you more
When days are dark
And friends are few,
Our dearest father
We long for you."
Fondly remembered and sadly missed by his wife and sons.

## Vermilion Seed Cleaning Plant

At the Directors' Meeting of the Vermilion Seed Cleaning Plant held June 26, 1954, a dividend of $2.00 per share was declared payable on August 15th on all shares that were paid up on July 31, 1953. It was also decided that a grass cleaner be installed as soon as possible. There are 60 shares still for sale; anyone wanting to buy please contact the manager, secretary or any director.

We are now able to clean commercial grain until the end of July. The plant will be closed down in August for alterations and holidays. It will re-open September 1.

Worthy Of Permanent Museum

# RARE AND VARIED COLLECTION AT CURIO AND RELIC SHOW

When the Anglican Men's club proposed to stage a curio and relic show it simply proposed something better than it knew. They started in Vermilion something new, something different and something very worthwhile; something educational, interesting, edifying and instructive. They linked the present day with ages and men and women of centuries long past in an exhibition of curios, relics and heirlooms at the exhibit building of the Vermilion Agricultural society on Thursday, Friday and Saturday of last week and which was a revelation to the crowds that peered through the wire netting into a forgotten past.

The exhibition was formally opened Thursday evening by His Worship Mayor Heckbert who was introduced by John Kneale, president of the Men's club. His Worship congratulated the club on the wonderful display of curios and relics shown. He hoped [illegible] day Vermilion would have a permanent home for reminders of the pioneer days in the district. In fact consideration was now being given to the founding of a museum where curios and relics may be preserved for generations to come.

Everyone visiting the exhibition expressed great surprise and wonderment at the diversity and wealth of relics and curios exhibited. It was realized that these had remained long years in families, being handed down from generation to generation. It was also appreciated that the Anglican Church club performed a wonderful item of public service when it became instrumental in having all those articles, cloistered for centuries, one way or another brought out to be viewed by the public at large for the first time.

People saw a transmitter and receiver of the field telephone [illegible] as perfected in World War 2; cannon balls from both world wars and back to the war of 1812; a bell from the U.S. gunboat 'Chesapeake' captured and escorted to Halifax harbor by British gunboats; cabinets of teakwood from Indonesia; all sorts of Chinese and Japanese curios, facsimile of the surrender treaty ending World War 2; a print of Giant McAskill of Nova Scotia, publications dating back to the 16th and 17th centuries, pottery dating back to the middle ages; a copy of the first issue of the Edmonton Bulletin about the size of an ordinary 9x12 inch handbill and the first appearance of the Vermilion Standard 45 years ago. Several items recalled the Boer war, now nearly forgotten, among them an army scout's permit to ride 'abroad', the scout's bandolier, a leopard skin from Africa.

Heirlooms in families from past generations kept for the edification of generations yet to be; an Indian box deftly made of porcupine quills; an opium table and an extension table of several sections, drawer-like; paintings on a blown up background, an art lost long since. On display too was a book containing the first census taken in Prince Edward Island in 1789, complete with family records; many large family bibles, several quite old, among them a Hungarian version of the sacred volume; vases of gun metal off the H.M.S. Lion; pictures of a giant iceberg taken in the Antarctic in 1869 by a local resident, Hugh Evans; a silver ink stand beautifully wrought, over 200 years old; an exquisite inlaid music table from Ireland; a glass candlestick from Iceland; a painted tea plate of 1750; a bible printed in Ireland in 1730; a pair of horse shoes made [illegible] a bolt from Nelson's battleship; a bracelet 300 years old from Scotland; a teakwood sewing basket; rolling pin 100 years old and still a formidable weapon; [illegible] temple lamp; an envelope of first air mail letter on the service from Australia to England; Royal Arcade ware; a silver cake basket of 1780 and a tea service of Rochingham china not procurable for the past two centuries.

This mentions but a few of the exhibits as there were 800 on display, and which could only be appreciated by being seen. Over [illegible] people were admitted during the three days of the display.

## Minister and Family Are Farewelled

MANNVILLE. Monday evening the congregations of Mannville, Innisfree and Minburn United church gathered in the school auditorium to bid farewell to Mr. and Mrs. Crighton who are leaving for a parish in Toronto very soon. Due to illness Mrs. Crighton was unable to attend but Mr. Crighton thanked the many friends present on her behalf.

A short program was held with members of the three congregations participating and Mr. Crooks as M.C. Misses Adele Mainey and Connie Gerhart sang a duet and solos were sung by Miss Betty Proudfoot and Mr. Harley Dick of the Mannville congregation. The Innisfree choir sang two numbers and Mrs. W. C. Taylor, accompanied by Mrs. D. H. Dickson sang a solo. From Minburn congregation an action song by Thelma Rustad and Eva White, a Dutch song presented by Maxine de Kat and Esther Wasslaske, and a duet by Mrs. Kat and Mrs. Myer completed the program. Mr. Wright of Innisfree and Mr Cowell of Minburn spoke on behalf of their congregations and Mr. Crooks on behalf of the three congregations presented Mr. Crighton with a purse of money with the best wishes of all the people. Mr. Crighton [illegible] fittingly replied. The evening then closed with a delicious lunch served by the W.A. ladies of the three points.

## V.S.A. Rose Ball Friday, July 2nd

The Vermilion School of Agriculture Alumni Association invites all members and friends to their Summer Re-union and Rose Ball on Friday July 2. A lawn supper will be served at 6:30 p.m. with the Rose Ball commencing at 9:30.

A special invitation is extended to members of Class '29 on the occasion of their 25th anniversary.

## LOCALS

Mrs W Goodwin and two daughters Margaret and Carol plan to leave this Saturday for a vacation during which time they will visit their daughter and sister Eleanor Joan and her husband at Calgary during Stampede time.

Mr and Mrs Frank Walker and son Douglas have now moved to their new home in Edmonton.

Chas. Mooney of Prince Albert was a visitor in town Wednesday.

Dr and Mrs. Evans and family left on Wednesday for a holiday trip to Vancouver and other coastal points.

Mrs. E. M. Stewart and family have moved to their summer cottage at Jackfish Lake, North Battleford for two weeks.

## Picnic Completes School Year At Islay

Building of all kinds is very much in evidence in Islay. Harry Young is building an addition to his house - he is also building a boat with the assistance of Mr King. Hardie Ford has already built more than one boat.

Mrs. Eva Dibbs, the twin girls and May motored from Fairview to visit Mrs. Dibbs' parents Mr and Mrs Dave Burhonan.

Omer Easton returned from Edmonton last week driving a smart looking Chev car.

On Saturday Gordon Robinson and family moved to Edmonton and a truck arrived from the city to transport their effects.

The only lucky one at the Vermilion Kinsmen bingo on Saturday night last from Islay was Mr Kennedy. Mrs. Bill Armstrong of Allandale was lucky too. The deep freeze went to Dewberry.

The weiner roast and ball games races etc [illegible] on the school grounds on June 22 as the wind-up of school activities was really one grand evening except for those big vicious mosquitoes. The three ball diamonds were used. On one the fathers played the boys and it was a dilly of a game. The boys are just longing for another such game. There was a large crowd, so why not do it again before long?

Saw Pat Baxter on Tuesday. He was on holiday and thought he'd like to [illegible] the [illegible] home town. Pat said he would like to be at the strawberry social and meet old friends. His home is now in Edmonton. Pat's mother was unable to make the trip with him as she had intended.

The July meeting of the W. A. is at the home of Mrs. Dunc McFadyen on Thursday the 8th. We hope to see the many friends from all points of the compass there.

## Claysmore Clippings

A large number from the district attended the picnic at the school June 27. All enjoyed the afternoon with the races, ball games and horse shoes. A picnic lunch was served on the grounds about 5:30.

Mr. and Mrs. Gerald King left last week for Salmon Arm, B.C., where they are visiting Mr. and Mrs. Harry Hamilton for a few days.

A. Van Nest and the boys were fishing at Long Lake on Saturday and Sunday. They returned with a catch of 40 good sized fish.

Mr. and Mrs. Bert Richards of Grande Prairie and Miss Melba Olstad of Edberg were Sunday and Monday visitors at the Olstad home. Little Sandra Olstad returned with them to Edberg where she will stay for a week or more with her grandparents.

Mr. and Mrs. R. Bauer are now on the phone line. For those who are not sure of this new ring it is one long, 3 shorts and one long.

Hazel Winters came from the city to spend Sunday visiting at home.

Mrs. C. Bauer and daughter Emma spent Thursday visiting Mrs. P. Willes.

Mr Oliver Willes was elected president of the Mannville Home and School at the meeting held on June 17.

Miss Patsy Winters who is working in Edmonton is spending her holidays at the family home here.

L. C. Burnett from Lethbridge was a recent visitor at the home of Mr. and Mrs. Robert MacMillan on June 23. He left on his homeward journey on Thursday morning.

Mr. and Mrs. Bruce Johnson of Peachland, B.C., were week end visitors at the home of Mr. and Mrs. A. Olstad.

Mrs. George Watling had a birthday party Monday afternoon June 28 for her small daughter Georgena who was 5 years old. Fifteen little friends came to help her celebrate the occasion and all enjoyed a wonderful time with games and play followed by a lovely lunch complete with birthday cake and ice cream.

# W. I. Activities for Month of June

Saltaux W.I. enjoyed hearing Mrs. Walter Hinton read a paper on "Rheumatic Fever" and Mrs. B. Staden read one on "Education". Used cards were collected and forwarded to a Missionary society in Regina. A donation was given to the Arthritic society and a box of useful articles to a family who had lost their home by fire.

Ramsay: Two interesting papers were read at the Ramsay W. I. meeting. One, "Home and School Co-operate" by Mrs. R. Bang and "The Dress of the Indian Women" by Mrs. A. Henderson. Mrs. R. Bang conducted an entertaining contest.

Wildmere W.I. heard three very fine reports read on "Social Service", "Handicrafts" and "Citizenship". This branch donated a large quantity of used clothing to Korea and also donated to the A.C.W.W. travel fund.

The Wildmere Beavers held their meeting at the home of Doreen Martin with 12 members and four visitors present. The girls displayed their sewing and it was judged. The best apron and tea towel will be sent to Olds to be placed in competition with work from other girls' clubs in Alberta.

Claysmore W.I. chose Mrs. H. Williamson as delegate to attend the conference at the V.S.A. July 16. This branch had a very interesting demonstration "Finishing Touches" given by Miss Holms and at this time entertained the Ramsay W.I. Baskets of fruit were sent to the sick. This branch will hold a community picnic June 27.

Thorncliffe W.I. chose Mrs. T. Thompson as delegate to attend the constituency conference. Mrs. Jas. Moses was appointed Social Service convener, taking over duties from Mrs. Erle Watt who has left the district. Mrs. Thompson and Mrs. Clark are collecting used woollens to be made into blankets. Mrs. G. Clark and Mrs. B. Hamilton of the Creighton W.I. visited at this meeting.

Princess Anne W.I. heard Mrs. McIntyre read an interesting paper on Polio. W.I. pins are to be presented to each member. The presentation of First Aid certificates to the 16 people who successfully completed the First Aid course sponsored by this branch last winter occupied a portion of the meeting.

## McCauley Girls Are Feted at Mannville

MANNVILLE.—On Friday last, June Van Dusen and Jackie Hasinoff were joint hostesses to about sixteen girls at the home of Mrs. D. Hasinoff. The occasion was a farewell party for the three McCauley girls, Audrey, Doris and Gloria who are moving to Lloydminster to make their home. The girls were presented with a gift from their friends of Mannville.

On Saturday afternoon about 13 girls held a weiner roast at the farm of Mr. and Mrs. R. Whitson. This was also a farewell party for the McCauley girls.

## Irishmen's Day At Elk Island Park

Visitors to Elk Island park Sunday, July 4 are in for a treat when the 'Sons of the Auld Sod' take them on a musical journey to the Emerald Isles, for it's Irishman's day at the park.

There'll be singing solos and choruses, instrumentals, Irish Jigs and of course there'll be a piper too. Mr. H. Carrigan who is in charge has arranged a varied concert that is certain to provide a most enjoyable afternoon for everyone.

Concert time is 3 p.m. A recorded program of music will be given during the supper hour and at 7:30 films from the National Film Board will be shown.

## New Fire Truck Arrives in Grimshaw From Vermilion

(Fairview Post)

Mayor Chubb, Cr. Mackie and Mr. R. Minard travelled to Vermilion recently where they made arrangements for the purchase of the fire truck which Vermilion advertised for sale. While there they talked about matters pertaining to fire protection with Fire Chief Conboy.

The truck which was offered for sale at $500 has been part of the Vermilion fire protection system for a number of years. It is now being replaced by a new truck as part of a general modernization program.

Mr Karst drove the truck to Grimshaw arriving here Wednesday. Mr Karst reports a very windy trip. Wednesday was the day of the high wind and the truck has an open cab.

Arrangements are being made to provide a fire hall for the truck.

# Health Unit Notes

GOOD RED BLOOD!

The blood is a suspension of tiny cells. A single drop of blood contains millions of these cells. Most of them are filled with a red coloring material 'haemoglobin' which is a combination of iron and other substances. The blood circulates through the body carrying food to all parts and removing waste products. The red blood cells carry oxygen which is necessary for the life of all body cells. These are no small tasks and to do them well the blood must be in good condition, this depends very largely on the food eaten. For good red blood we must eat a variety of foods such as milk, fruits, vegetables, cereals and bread, fish and meat and select within these groups foods especially rich in iron.

The body is constantly making new cells to replace cells that are lost or have become old. Although most of the iron is used this way some of it is lost. Then if there is not enough iron in the food eaten the body cannot make enough haemoglobin. Cell by cell the [illegible] becomes weakened. To guard against low haemoglobin [illegible] makes people eventually become pale, thin and undernourished, eat a variety of foods rich in iron.

FRUITS. Dried apricots and peaches, prunes and raisins.

VEGETABLES. Beans and peas dried, canned or fresh, and dark leafy green vegetables including in some areas dandelion greens, fiddle heads and lamb's quarters.

CEREALS & BREAD. Whole grain cereals, especially oatmeal, whole grain ready-to-eat cereals and whole wheat bread. These should be given a definite preference to refined cereal products as the iron content of whole grains is greatly reduced in the milling process.

MEATS. Liver, kidney, tongue, heart, beef and eggs.

MOLASSES.

# WOODVALE NOTES

More visitors from B.C. this month' Mrs. Lilian Labine and her daughters Kathleen, Mary and Elsie Titley of Vernon, spent a few days with her brother Mr. Wes Isley and family of Woodvale and with her sister Mrs. F. Kottmeier of Tolland, after the diamond wedding celebrations of her parents. Mr and Mrs. John Isley of Vermilion.

Mrs Paula Peterson of Reed Island and of Vancouver, stayed at the writer's home for three days before continuing her trip to England.

The roads were not in any too good condition at the time of the dance at the community center and this fact probably accounted for the small attendance, although a good time was had by the crowd there.

Mrs P Goutier is arriving home this week from Vegreville, and so are Bob and Jeanne Joseph came back a week earlier Camille will leave early in July to take the six weeks course offered to Grade 12 students giving them teaching privileges.

The Tolland softball team is laying out a new diamond across the road from the Ganton community centre on the corner of Chris Thomsen's farm. The booth will be moved to the centre's grounds so that it can be connected with the hydro and used at night, saving a lot of extra work at picnic times.

Wires are being strung and the last poles erected and rumors of an early hook-up give dates from July 1st to Aug. 1st — depends if you talk to an optimist or a pessimist. Do you know you can earn a box of chocolates guessing the right date" Details at the Tolland store, proceeds to go for wiring the community centre

Crops are finally all sown and growing well Summerfallowing is now the order of the day.

Here are two bird observations: A mother oriole trying very hard to take white threads tangled in the caragana hedge home, but not succeeding and finally being chased home back to her nest after a short fight by her irate spouse. We loosened the threads for her and by evening they were all gone. We hope she'll enjoy bringing the young ones up in her decorated nest Mother Robin in the front garden trying to teach three of her as yet speckled offspring to dig for earthworms. Finally one did catch one and went off on his own but the two others were still following ma, chirping and with their mouths wide open, when they were lost to sight.

# Kitscoty News

Mr. and Mrs. Ralph Small and family of Claresholm are visiting with their parents Mr. and Mrs. E. H. Sheppard and other relatives.

Mr. and Mrs. J. McCorry were Edmonton visitors last week, they were accompanied home by their daughter Sheila for the holidays.

Mr and Mrs. Lewis of Fort Saskatchewan spent the week end with their grandmother, Mrs. J A. Blair and attended the Sherwyko-Lewis wedding in Lloydminster June 26.

Mr. and Mrs. Wm. McCourt and Larry of Hughenden visited relatives and friends here last week end.

Best wishes for a speedy recovery are extended to Mr. E. Maas and Mr. M. Christoffersen who are hospital patients.

Congratulations are extended to Miss Helen McCourt, grade IX pupil who won the $25 scholarship presented by the Ladies' Auxiliary of the Canadian Legion, Kitscoty Branch, Post 158, B.E.S.L.

Mr and Mrs. John Dale are visiting in Saskatoon for a few days, and will bring two of their granddaughters back with them for the holidays.

A breeding program is underway at the Lethbridge experimental station with the object of developing a sawfly resistant variety of wheat in which the resistance has been transferred from tall wheat grass.

## LETTER FROM THE CAPITAL

# More About the Salk Polio Vaccine

EDMONTON As local health officials throughout Alberta last week were completing the second of three doses of poliomyelitis vaccine in current tests. Hon Dr W W Cross minister of health, announced that the government is ready to buy 29,000 doses for next year

In other words, health officials believe there is sufficient chance the Salk vaccine now being tested here and in the U.S., will be effective to some degree against polio and are prepared to gamble $58,000 on that chance

In addition, it will be a means of keeping Canada's only source of supply the Connaught Laboratory in Toronto, producing the vaccine and building up supplies for next year until its value is proved or otherwise Until now, the laboratory has been producing only a part of the vaccine and shipping it to U.S. centres of completion.

American laboratorie are now prepared to make the portion supplied by Connaught tissue culture, and the U S will no longer need the Toronto shipments. In order to have a guaranteed supply of the vaccine for next year, Canada depends on the Connaught Lab which told a recent meeting of Canadian health officials it is prepared to start producing the whole vaccine if enough provinces will commit themselves to buy certain quantities.

If the provinces wait until the vaccine's effectiveness is known definitely the Toronto laboratory may have to let staff go and will lose time which could be used in accumulating supplies of the vaccine

There are indications that the proposal will be viewed favorably by most of the provinces It is pointed out that if current tests show the vaccine is most effective it will be used next year in Alberta The provinces which commit themselves to purchasing the vaccine would have to pay only their share of what is actually produced by the laboratory if the vaccine is proved useless before the full quota is made.

If it is produced and used next year, the Alberta health department plans to make the 29,000 doses available free to local health units.

Of the several thousand children participating this year in the tests, only half are receiving vaccine, the others getting shots of sterile water The vaccine's effectiveness will be checked partially by comparing the experience during the polio season of those vaccinated and those who received only water

It is indicated that those who received only water this year would be the first to receive the vaccine next year.

Medical officials now are worrying about the possibility that some of the children receiving doses will not return for the third one which will be administered during the second week in July, the first month of school holidays. They are urging parents to bear in mind the importance of the tests and the necessity of their children receiving the third dose.

A New York report states that of the 43,047 children who received the first dose in that city, only 6% dropped out before receiving the remaining two. Health officials there were fortunate in not having to contend with vacations, the final dose having been administered on June 12.

The value of the vaccine cannot be determined until after the summer and fall period during which polio is most prevalent.

Health officials in the province will be watching to see if any of the children vaccinated catch polio and, if any do whether the vaccine can be credited with lessening the severity of the attack or paralysis.

Meanwhile there are conflicting reports about the value of gamma globulin, the serum made from blood and carrying antibodies against polio viruses. Some officials in Alberta have said the use of gamma globulin will be discontinued But from the U.S. comes a report that tests show it can give fairly good protection or make an attack of polio less severe.

Despite the confusion, there seems to be indications that with so much research on various fronts of polio prevention, the dread disease may be licked to a great extent in the not too distant future.

# Sixteen Years Ago Today

*June 30, 1938*

P. H. Steele tendered his resignation as principal of the high school.

Weather has been hot, smoky and dry. Rain is urgently needed.

Annual high school graduation was held with Mayor Morrison as guest speaker. Prominent in the program were high school students Jessie Swanson, Mary Dwyer, Gwen Robinson, Lorraine Andrew, Robert Clarke, Grace Forbes, Myrtle Glidden and Frances Antoine.

Vermilion ratepayers voted on Monday to continue operating the electric light and steam heat plant as a municipal enterprise in preference to selling the plant to the Canadian Utilities. 102 voted in favor of the sale with 71 wanting to keep the plant. The plebiscite required a two-thirds vote to carry. The Utilities' offer was $80,000 in cash, and the taking over of $20,000 worth of plant debentures.

# Thirty-two Years Ago Today

*June 29, 1922*

A farewell party was held at the home of Mr. and Mrs. W. B. Nellis in honor of Rev. and Mrs. M. L. Wright who are moving to Fort Saskatchewan.

Actual paid admission to Queenie Creek Stampede held Wednesday was 2011.

Good heavy rains are needed to help the backward crop along.

Winners at the plowing match were W D Williams, Peter McCallum, Art Wharry, J. A. Johnstone, Clarence Barr, Russell Jap, Alf Pinchbeck.

# NEWS from VANESTI

It is pleasing to report that Mrs. C. Flewell is home again from the Lamont hospital, and feeling fine again, although we understand she acquired a rabbit's tummy.

It is nice to have a little sunshine and warmer weather after all the cold and rain earlier in the month. Crops and gardens are very slow in growth due to lack of sunshine. However it is hoped the weatherman will be considerate in bringing a late fall.

The ladies of the F.W.U.A. met for their monthly meeting at the home of Mrs. Flewell on Wednesday afternoon of the 23rd. A very busy afternoon was enjoyed by all with Miss Holms of Wainwright giving a fine talk and demonstration on Interior Decorating and Mrs. Block, of Paradise Valley a demonstration of Avon products. Finally the ladies priced the articles of needlework for the sale to be held at Vanesti picnic on June 30. These pieces are really very nice and priced just right to suit your purse.

Quite a number of folks from this district journeyed to the Wainwright Stampede on Friday and report a wonderful time. Weather was really swell that day too.

Mr. and Mrs. J. Coleman, Mr. and Mrs. C Oldenburg and Mr. and Mrs. C. Bleakley and families have left for a fishing vacation. Some tall fish stories are expected when Clifford gets home

Congratulations to Mr. and Mrs. Bryne Williams of Lloydminster on the birth of a son.

# PARADISE VALLEY NEWS

Baseball seems to be coming back to Paradise Valley with the recent organizing of the Little League and the Pony League with Lone Rock, Rivercourse, McLaughlin and Paradise Valley supporting one team of each class. As this is the first season one cannot expect too much from the boys but in another year or two some good ball should result The weakness seems to be in the pitching at the present time but even so there have been some good games On Sunday last the P.V. men decided they would show the young fellows a good game and that they did For some reason the little old baseball did not look the same at all to the men that it did 10 or 15 years ago but finally after 12 or 13 innings the men edged out the boys. You should have seen the cripples around the town on Monday! On Wednesday evening McLaughlin Pony Leaguers came over for a regular game. It started out evenly enough but as it went along it was plain to see that on account of McLaughlin being short a pitcher Paradise Valley gained a considerable lead and kept it all through the game. Flint and Rohls took the mound for half the game each and made a very good showing. On Tuesday night the Lone Rock Little Leaguers played a scheduled game here This was a good game all the way through to the 6th with P.V. having a one run lead going in for their last bat. Several runs were scored before the game was called but it made a good match for both clubs. The little fellows are showing up very well for this age, 9 to 12, and it will not be long before they can put up a good style of ball. Give them your support as they will be the baseball players of the future. On Thursday evening the P.V. team played a double header at Lone Rock. They won one game and tied the other.

Mrs. Hattie Pickering of Calgary is visiting with her daughter and son-in-law Mr. and Mrs. Alex Miller

Mr Parke Dobson was called to Edmonton on Friday to attend a meeting of the Alberta Wheat Pool Mr Dobson is the delegate from this district.

Mr and Mrs Nelson Ruttan have had as their guests Mr and Mrs. James Moffatt, Mrs. P. Beauble from Detroit, Mich., and Mr. and Mrs. Herb Roushorn of Mannville

On Wednesday afternoon June 23 quite a number of those interested gathered at the Oxville cemetery for clean-up day. As a result the cemetery now looks well cared for. It does seem a pity that some people take no interest in the place where their loved ones are buried. Lunch was served and the annual meeting held after lunch. The company is in fairly good financial condition according to the reports. Messrs. W. A. Nickle, Jorn Fair and W A. Gunn with Ira S. McLeod as secretary will be directors for the coming year

Mr and Mrs. Frank Towndrow have returned home from Edmonton where they have been visiting with their family We regret to say that Mrs. Towndrow is in very poor health

The P.V. United Church Sunday school held their annual picnic and open air service at the Sports grounds on Sunday June 27.

## WED IN JUNE CEREMONY

*MR. and MRS. DONAGHY*

An afternoon wedding was solemnized in Mrs. D. Dundas assisted by Miss Blessed Sacrament parish, Wainwright on Thursday, June 10 at 5:00 o'clock in the afternoon united Miss Florence Mae McNeen and Mr. Alexander Michael Donaghy.

Rev. Father Moriarty performed the double-ring ceremony for the daughter of Mr. and Mrs. R. H. McNeen of Wainwright and the son of Mr. and Mrs. P. J. Donaghy of Vermilion, Alberta.

The bride, given in marriage by her father, chose for her nuptials a floor-length gown of embroidered nylon net featuring lily point sleeves fitted bodice and a match ing cap of tulle with lilly of the valley trim and her fingertip veil was of nylon tulle and embroidery She carried a cascade bouquet of roses and carnations and lily of the valley with trailing rose buds. The bride's only jewelry was a three-strand pearl necklace and matching earrings, a gift of the groom.

The bride's attendants were her sister Doreen and Miss Mary Hilderman. Doreen chose a waltz length dress of yellow nylon net and taffeta featuring a lace bolero while Mary chose a long length dress of green nylon net over taffeta with a matching taffeta bolero. Each wore a nosegay of roses and daisies in her hair and carried a cascade bouquet of carnations and fern.

Little Beverly Ann McNeen, the youngest sister of the bride acted as flower girl and was very sweet in a floor length gown of pink nylon with matching veil and pink satin sash. She carried a basket trimmed with pearls. She carried a nosegay of roses and daisies.

Attending the groom was Mr. Ray Jones of Vermilion and ushers was Mr. Lester Babb, brother-in-law of the bride. The wedding music was played by Miss Maureen Kilcoran

Following the ceremony a reception was held at the I.O.O.F. hall for over 90 guests catered to by

brand new midway, operating in Canada for the first time. Keith Stewart, Secretary of the Western Canada Fairs Association has reviewed the local management that the programme of both the attractions and midway are of the highest calibre.

The grandstand attractions this year take the form of a bus trip through the major countries of Europe and various acts are performed in the setting most appropriate to them, with the result, that the performances are greatly enjoyed. Stress is laid upon entertaining the youthful patrons, while the mothers and fathers are not forgotten. Looking back over a long period it is difficult to recall a grandstand show at Vermilion Fair that was not a thoroughly good show and with advance reports indicating higher quality than ever there is little doubt that Vermilion's big 80th Fair will cater to ever increasing numbers and that all will be well satisfied with the results obtained.

**Advance Ticket Supply Limited**

Advance tickets for Vermilion Fair are already on sale throughout the entire district. The number printed this year has been limited to some five thousand strips and when these have been sold no others will be available. All who wish to take advantage of the reduced admission saving are therefore urged to purchase their tickets early and avoid disappointment. ADDITIONAL TICKETS will be printed when the present supply has been exhausted and the date of same announced and definitely on WEDNESDAY JULY 21st.

Keep Vermilion Fair — July 22, 23 and 24 in mind — you will not be disappointed!

## News Notes From Your District Home Economist

STORAGE TIP

Nowadays you are an experienced home sewer or one who only reverts to sewing occasionally. It is absolutely necessary you should consider using plastic food storage boxes for sewing aids. The fact that many sizes and shapes of these transparent boxes are available adapted to accommodate various types of sewing equipment and notions makes them a real planner what is made

THAT READY MADE LOOK!

How is this for an idea from a woman who buys most of her daughter's clothes ready made? She told her neighbor who was sewing with matching plaids to the fold her pattern. Don't do it too cars fully or it will look home made.

Grace Stoddart

These girls are entitled to attend this week at Vermilion and other agriculture the first week in July. Congratulations to all.

PUTTING FURNITURE IN ITS PLACE

This is the title of a booklet free for the asking. It gives fine hints on furniture arrangements. For instance it suggests placing large pieces of furniture against plain walls as chests, desk, piano and china cabinet at a right angle or parallel to the nearest unbroken corner. Furniture cutting diagonally across the room corners cuts up floor space thus wasting space. Furniture placing into the room at odd angles makes it look cluttered and untidy. This applies to rugs too.

As for the small pieces, occasional chairs and stools may be turned at easy angles towards the chesterfield to form a conversational grouping.

## V.S.A. Rose Ball Friday, July 2nd

The Vermilion School of Agriculture Students Association invites all members and friends to their Summer Rose Ball and Rose Ball on Friday July 2. A keen supper will be served at 6.30 p.m with the Rose Ball commencing at 9.30.

A special invitation is extended to graduates of the class '29 on the occasion of their 25th anniversary.

This occasion is also an opportune time for all visitors and former students to see the school grounds, gardens and live stock in their summer dress.

## Vermilion's Big Fair July 22, 23, 24

Vermilion's 48th annual Exhibition opens its gates on Thursday, July 22nd for what promises to be the biggest and best exhibition in all parts of Alberta and from several points in Saskatchewan success appreciating the Fair editor and the news stalls erected this year to help accommodate the ever growing exhibition will be no more than enough to handle the increasing number of exhibits.

**Light and Heavy Horses**

Classes for light and heavy horses promise to be exceptionally well filled, many prominent breeders being represented in the entry lists. Hereford cattle so far have the lead in the beef breeds and the competition in those classes will be extra heavy, with Shorthorns and Aberdeen Angus following in the dairy cattle too, will be arriving in larger numbers than formerly and the show of beef cows and calves, Vermilion, Mannville and Derwent Calf Clubs will be tops in every respect.

The Junior Farmer Improvement unit of three years ago will have an unusually large exhibit and some of the work so far received appears to be of a quality which would rival that of exhibitors much older than the ages given by the pupils submitting he work. All boys and girls are cordially invited to attend the Fair and a glance at the Prize List will indicate some scope for the abilities of all juniors.

**Plenty To See**

The exhibit and display buildings will undoubtedly or filled to capacity and all in all patrons of the 1954 Fair will find plenty to see and to enjoy. Improvements have been called for generally, with a new section of twenty stalls having been added to the already long line of accommodation at the extreme west end of the grounds. Consideable improvement has been effected in the floor of the main exhibition hall. Vermilion district being considered very fortunate in the establishment of facilities at the exhibition grounds.

**Grandstand Attracting Record Crowds**

Reports from the grandstand attractions from points where they have already shown continue to be impressive, and Mona Lee, Pee-tage is Prairie and Weyburn Fairs have broken all previous attendance records due to the interesting reference of the attractions and the

Mr and Mrs. Gordon Hay and two little girls of Stettler are visiting in town for a few days Mr. Hay is a former high school teacher and principal here Mr. Hay is now supervisor of the Stettler-Vermilion division

Canadian housewives spent between 5 and 6 per cent of their food budget for meat.

## Edmonton Girls To Play Here Sunday

Vermilion Cardinals who have entered the provincial ladies' fastball championships later on this summer, will receive a real test on Sunday afternoon at 2:30 when the Edmonton Cloverbar play an exhibition game here.

The girls from the capital are playing an errorless type of ball and aren't giving away any easy runs and local enthusiasts claim that they will hold the Truckettes who are famed for their home run clout to a standstill.

By all means, see this game at the Vermilion ball park on Sunday afternoon at 2:30 p.m. and be prepared to give the girls lusty vocal support.

## Dewberry Lady Wins New Car At Bingo

Mrs. Dave Finlay of Dewberry won a new four door Ford sedan at the Legion car bingo at Lloydminster on Wednesday evening. The lucky card was a four-way the unfortunates out of work and for local farmers. The dam was to be built on a site donated by two farmers with an earth fill. The Provincial U.F.A. government appeared somewhat negative but the matter was dropped when purchase of the actual land was investigated.

The plan is now in use on two other occasions, one when Ducks Unlimited invested in a dam for waterfowl breeding places, and again when the possibility of a salt water lake for this area was being considered. It was thought in connection with the latter that water necessary for the operation could be supplied from a dam in the val-

With the increasing demand for rural electrification and greater use of power all over, it requires that Canadian Utilities and the Provincial Government have brought together by a committee of the Board of Trade to investigate the plan again. This time it resulted in more definite and resultant fine park and recreational facilities we have today and which will continue to be developed along lines that will increase the usefulness of the project to an ever increasing number of people.

Purchase of the land required was made by the Provincial government some 1400 acres being bought, 1000 acres of it being timbered and the area set aside for park purposes. By the construction of the dam the valley bottom flooded for the lake, both north and south sides for park purposes. Roads were built and a bridge were built by the Department of Highways.

Canadian Utilities were responsible for building the dam and the power house and have had part supervision in the project supplied some of the labor and the area is now a bird sanctuary.

Actual development of the beach building, golf links, bathing houses installation of playground equipment, camp kitchens, have been covered in these columns many times and was all done under the supervision of the Joint committee of the Board of Trade and Town Council. Much of the actual material has been supplied by the Parks commission of the Dept of Lands and Forests

A tremendous amount of voluntary labor was contributed and all was been used to good advantage. All organizations in the town Elks Lions, Legion and the V.S.A. have cooperated to the nth degree a development as the Vermilion provincial park

## Beautiful Day Draws Attendance of 3500

## Vermilion Park Officially Launched

Designed to acquaint the world with the fact that Alberta in general and this north-eastern area in particular now has a provincial park well equipped with all the facilities necessary to an enjoyable outing, lovely picnic sites, swimming beaches, boating, fishing, bathing houses, camp kitchens, children's playground, and scenic drives — the official opening of the Vermilion provincial park took place on Wednesday June 30. The event was observed fittingly enough, under glorious Alberta sunshine and before a crowd estimated conservatively at 3500 people drawn from all over an area 100 miles wide. Little did the committee in charge realize the widespread interest in the park development The need and demand for such recreational spots as the Vermilion park was clearly apparent to the provincial members of the legislature and officials present.

The making of an artificial lake in the valley was first seriously mooted early in the great depression, about 1933, as a means of employment for the thousands of and the construction was carried out by local farmers with horse and four scrapers and teams and men on relief. Little did the committee in charge realize the widespread interest in the park development The need and demand for such recreational spots as the Vermilion park was clearly apparent to the provincial members of the legislature and officials present.

**Dewberry Lady Wins New Car At Bingo**

Mrs. Dave Finlay of Dewberry won a new four door Ford sedan at the Legion car bingo at Lloydminster on Wednesday evening The lucky card was a four-way the with Mrs. Finlay coming out the big winner on the tie-breaker. Six hundred games were played with an attendance announced of between 2500 and 3000.

Game number 4 was won by Mrs. Bob Tweedle of Borradaile, a television chair; and game number 15, a record player by Mrs. Noel Cooper.

## 200 Enrol For Swimming Lessons

Some 204 children, youths and adults have enrolled for the swimming lessons being given at the Vermilion park lake by instructor Glen Tuck. The swimmers are divided into classes by ages.

Incidentally the very fine H-pier at the beach was designed by Mr. Tuck. This provides ideal accommodation for the swimmers during their lessons. Besides designing the pier, Mr. Tuck also did a considerable amount of the actual labor.

## Get Courtesy of Road Stickers Free

People of Vermilion and district who are anxious to cut down the telephone toll on Alberta highways may obtain their safety cards and bumper stickers at the places noted below. These are being presented to motorists free by the courtesy of the Vermilion Board of Trade who are defraying all costs.

Ask one of the following for your card or bumper sticker and display it at once Make Courtesy your Code of the Road.

Herzog Motors, Oilfield Motors Rowe's Webb's Texaco Noe Hern Hardware Nelson Hill and Macleod's.

## Arabian Horses For Vermilion

Two purebred Arabian horses will shortly be on their way from the famous Whitcomb Stables of Verendrie, Calif., to the John Nel son farm in the Mahsdale district north of Vermilion

One of the Arabians is El Gattali a chestnut stallion one year old in March who represented the Imperial Stables in the Arabian world championship at the famous Show ground three times.

Arabian horses are quite rare in Canada and the two fine horses are being brought by van by their well known owners. Mr and Mrs Whitcomb themselves They expect to be here about the time of the Vermilion fair and will no doubt take a keen interest in the horses exhibited there. Besides being famous as breeders of Arabian horses they are well known exhibitors at all the larger shows in the U. S.

Mr and Mrs John Nelson are lovers of fine horses and subscribers to the magazine called "Arabian Horse News". The Whitcombs have become quite familiar names to the Nelsons who one of the most famous show horses was seriously injured by a trainer Mr Nelson wrote a note of sympathy to Mrs Whitcomb The friendship developed by correspondence culminated in the purchase of the two animals and the forthcoming visit of Mr and Mrs Whitcomb

The arrival and appearance of these Arabians the purest breed living in horses in the world is awaited here with a great deal of anticipation and interest.

## Three Masonic Lodges Hold Joint Installation Here

Joint installation of newly-elected officers was carried out in the Masonic hall in Vermilion on Monday by Kitscoty Lodge A.F. & A.M., Kitscoty, Hope Lodge A.F. & A.M., Marwayne and Vermilion Lodge A.F. & A.M. Vermilion. The installation was in charge of the Kitscoty Lodge with the Rt. Wor. Bro. F. O. Seward as installing officer. The officers installed for each of the lodges for the ensuing year are:

*HOPE LODGE, MARWAYNE*

Following the installation refreshments were served and the newly-elected Masters and some visiting brothers were called upon for remarks The ceremonies were marked by the attendance of a large number of brethren from Vermilion all the lodges interested and some visiting brethren.

## Death of Mrs. Peggy MacMillan of Ranyivia

The death occurred on July 2, 1954 of Mrs. Peggy MacMillan of Ranyivia, at the age of 77 years. Surviving are her husband, family including three sons, John of Ranyivia Lachan, Ibraleorne B. C. Alex in Vancouver and two daughters, Mrs. A. MacDonald of Chelmsford Mrs. J. Cross, Vancouver. There are 10 grandchildren. A brother and sister reside in Scotland.

Funeral services were held on Tuesday, July 6th at St. Andrews Presbyterian church, with interment at St. Andrews cemetery The Rev Father Bretven officiated. Mayer's rose in charge of arrangements.

## Opens Monday with Good Registration

## Interesting Programme At Farm Women's Week

The Annual Farm Women's week which is held at the school of agriculture will open next Monday afternoon A splendid program of lectures and discussion has been received and numerous registrations from many districts have been received there. Besides being famous as breeders of Arabian horses they are well known exhibitors at all the larger shows in the U. S.

Featured speaker for the opening day is Dr A Sommerville Deputy Minister of Health who will speak on Monday evening at 7:30 His topic is "What's News in Medicine" also featured will be Readers of Vermilion and district are especially invited to attend this interesting address and discussion on this timely topic

Other prominent speakers includes Inez Bentinck-Smith on basket weaving Miss C. Sykes Lady Nevin and on the choosing and care of furs Miss M. J. Spencer of the Shell service will also speak on the subject The Oil Industry in Alberta at 7:30 p.m.

On Wednesday Mr Wm Harvey of the school staff will conduct a tour and discuss flowers and shrubs and trees growing on the school grounds Miss A. Randle a will deal with This Question of Clothes and Sewing Problems of Other topics include "What's on Your Wedding List" and "Every House can have a Utility Room" The evening speaker will be the popular Women's Club radio commentator Miss Betty Tomlinson, using as her subject "Interesting People and Places".

The course will close on Thurs. with a recital by the Vermilion Choral Society and a splendid program of lectures and demonstrations on basket weaving for ladies specially interested in such work.

Further details as to program, culture and reservations may be obtained by contacting the School of Agriculture.

## Appoint Junior High School Principal

Mr William Novak a young man who has been assistant principal at the Mecca Glen nine-room school 13 miles east of Ponoka for the past year, and for the three years prior to that a member of the Ponoka high school teaching staff, has been appointed principal of the junior high school in Vermilion. He succeeds Mr. Frank Walker, principal for the past eleven years, who resigned to accept a position on the Edmonton teaching staff.

Mr Novak was one of three applicants selected to meet the local board last week. Following these interviews he was the choice of the board Mr. Novak has a Bachelor of Education degree, majoring in physical education For the past three years he has played hockey with the Ponoka Stampeders, and as well a football and tennis player. The new principal is a married man with one small daughter. The family is of Anglican faith and will move to Vermilion in the latter part of August.

## Former V.S.A. Students Gather for Re-union

Over four hundred former students and their friends attended the Alumni Re-union of the Vermilion school of agriculture on Friday, July 2

Gathering through the early afternoon former students from all areas throughout Central Alberta enjoyed renewing acquaintances and viewing the school buildings and the beautiful grounds. Guest speaker at the dining banquet was the Hon. E. M. Evans

Specially honored guests were the members of the 1929 class celebrating the 25th anniversary of their graduation. These included: Mrs. Lorne Shetler; Ethel Jones, Dewberry; Don Folkins, Chauvin; Edwin Chandler, Ranfurly; Bert Kiernan, Crossfield; Jas. Adamson, Fort Saskatchewan; Eric Hale, Mundare; Clarence Boggs, Turner Valley, Mrs. Neille (Thomas) Cattran, Mannville. Jim Sharpe, St. Albert; Charlie Finlay, Mannville. The 1929 staff was represented by Mr. C. Heckbert of Vermilion Mr R. M Putnam, Superintendent of experimental agriculture, represented the Alberta Department of Agriculture

Mr. J. C. Polk of the school staff was M C at the Rose ball and had the former students in singing the school song

## School Principals Attend Final Board Meeting

Two departing school principals, Fred H. Walker of the Junior high and Miss Dorothy Oldenburg of the primary school, attended their final meeting of the Vermilion local school board on the occasion of the regular June gathering.

Mr Walker and Miss Oldenburg came to the Vermilion teaching staff at the same time, 11 years ago, the former as principal and the latter as a member. Six years ago Miss Oldenburg was promoted and principal of the new primary school.

The principals made reports and discuss education generally at each board meeting held monthly.

Chairman for the Board, Mr Don Taylor thanked the two retiring principals commending them highly for the part of service rendered to the people and to the children in the district and district. The Board was always unanimous in thinking that the utmost in service and co-operation had been received from Miss Oldenburg and Mr. Walker.

Both the departing teachers replied, stating their appreciation of working and with the board and noting that attendance at the monthly board meetings always inspired renewed interest and zeal for their work.

Vermilion is leaving to be married while Mr Walker goes to Edmonton to teach.

**CONVENTION REPORT NEXT WEEK**

Despite the very best efforts of our local typewriter a numerous larger amount of reading material than usual is held over this week. Chief item is the report of the F. U. A. convention held last September and numerous other interesting items. Regular features such as the Letter from the Capital and Mr. Manny Things were also held out giving way to the school page and the Rod and Gun column. If it's not in this week look for it next week.

*COMMUNITY SERVICE—*

No other business carries such a great load of community service as the town weekly newspaper. Reading the news columns week after week will convince even the most skeptical of that fact. Every public project in any field receives copious publicity which costs the newspaper real hard cash donated freely by the publishers for the good of the community. It is in the interests of every business man, every individual, to guard the welfare of their weekly newspaper zealously and firmly. Only by maintaining a paper on a high level of prosperity can such free publicity and promotion of town and community interests be given or expected. If you are not an advertiser or supporter of this chief means of attracting business to your town, you are merely riding along on the backs and efforts of your fellow business men.

## Dominion Day

On Thursday, July 1, Canada celebrated its 87th birthday. As nations go this country is among the youngest in the world but in its brief history the Dominion has achieved substantial progress, particularly when the smallness of the population is considered. Even today there are only a little more than 15 million people in the ten provinces of this great land.

The Dominion of Canada comprises the northern half of the continent of North America and its adjacent islands except Alaska which belongs to the U.S. Canada has a total area of 3,845,774 square miles, being 228,257 square miles larger than the United States and slightly larger than the continent of Europe. Canada was discovered by John Cabot who led a British expedition which landed on Cape Breton, Nova Scotia, in 1497. He claimed North America for Great Britain. In 1534 Jacques Cartier landed a French expedition which landed at Gaspe, Quebec. Subsequently Cartier claimed the land for France and French settlement followed. In 1759 the British General Wolfe defeated the French in the battle of the Plains of Abraham and Canada came into possession of Great Britain.

On July 1, 1867, the Dominion of Canada was formed by the federation of Ontario, Quebec, Nova Scotia and New Brunswick. In 1873 Prince Edward Island joined confederation and in 1869 the government arranged with the Hudson Bay Co. for the acquisition of Prince Rupert's Land which eventually brought in the western provinces of Manitoba, Saskatchewan and Alberta. British Columbia entered confederation on the assurance that a transcontinental railway line would be built.

In 1949 the ancient British colony of Newfoundland joined Canada, making it the tenth province thereof.

While originally a colony of Great Britain, Canada has now become in the process of political evolution, an independent nation and an integral part in the British Commonwealth of nations. The Dominion has made remarkable progress in production and trade and it holds a high and honorable place among democratic nations of the world.

—Wheat Pool Budget.

## Extract from The Allendale News

We're so grateful to all who have made the Vermilion Lake a place so suitable to spend an afternoon or to camp. There are grand facilities such as bathing houses, camp kitchens, stoves, tables, benches, piers, all in beautiful surroundings.

The only defect noticed was a lot of broken glass on the beach and bottles elsewhere. Those who want to drink should take their empty bottles with them and thus prevent serious glass cuts. Remember little children run barefoot and it may be one of your own who could be very seriously cut and injured by a broken bottle.

## Housewarming Party Held At New Home

MANNVILLE.—About 225 friends gathered at "Greendale Farm" some in the afternoon and the rest in the evening to see the beautiful new home that Mr. and Mrs. J. J. [illegible] will soon be moving into. It is indeed a lovely home and a great deal of planning and work has been done in the past 12 months. Mr. Bill Pettigrew of Vermilion was the carpenter in charge.

Rev. Father C. Landrigan of Vermilion blessed the home. After this ceremony those present gathered [illegible] outside among the trees [illegible] the house and a delicious lunch was served by the hostess, assisted by several neighbors. About [illegible] the children [illegible] in the afternoon. In the evening about 70 more made a tour of the house and then gathered in the spacious basement for a few games and lunch.

A total of 120 certificates were presented to graduates of the food service training course by Ralph R. Moore, Deputy Minister of Economic Affairs, in convocation at the Wauneita Room of the Students' Union Building, University of Alberta.

By Your District Agriculturist

## "GREEN ACRES"

COMMON KNOWLEDGE

The head of the Oklahoma Agriculture College says that the need today is not so much for research and better knowledge as it is to make more use of what we already know. What is true in Oklahoma is also true here. There are many, many ways in which we can lower the cost of producing farm products. Good farm management pays dividends.

MING TREES FOR PEPPER GRASS

Recently a lady living in this district brought in a plant for identification. She said the seed was sold to her to grow miniature Ming trees. The plants were identified as ordinary pepper grass. It's a pretty good racket if one can get away with it.

FREE TREES FOR FARMS

Last week the Agricultural [illegible] Board recommended to farmers the growing of trees around buildings for a better place to live, in fields as a protection against soil drifting, and along roads to prevent snow drifting. Also trees add greatly to the value of the farm. Now is the time to summer-fallow a strip and order trees through this office. They are free except spruce and pine which cost one cent each.

CUT HAY EARLY

Nearly all the hay in this area is left standing too long before cut. When hay comes into head, is the time to cut for making the best hay. After brome or crested wheat comes into head the hay becomes coarse and woody losing value every day it is left standing. The little bit it increases in weight does not make up for the loss in feed value.

SWINE ERYSIPELAS

There have been several cases of swine erysipelas in this district recently. Get a new circular just issued on this disease. If in doubt call your veterinarian immediately. One man waited too long and lost 60 pigs before the disease was checked.

OVER WEIGHT PIGS

Some farmers are tempted to hold pigs to 230 pounds live weight. At the University pigs sold at 200 pounds made $1.20 each more than pigs held until they weighed 230 pounds. You can get rid of more feed but you get nothing for it and besides there is the bother of feeding those pigs twice a day.

A party from Cold Lake including Mr. and Mrs. Lyle McKee, Helen Andrews, Art [illegible] and Bob Bartholomew were in Vermilion recently to see the road grader and the new fire engine. The town of Cold Lake is in need of both these machines. Despite the fact that it was Sunday when they were here John [illegible] demonstrated the versatility of the road grader in some actual work, while the fire brigade took some pride in showing off the new fire engine.

## Wildmere Winks

The writer, husband, and Peggy Graham attended the Park opening on Wednesday afternoon last. There certainly was a grand crowd there and the weather man co-operated to the fullest extent. Only one thing wrong was the mountain of a hill to climb to get back to the car, but in time too, that will be rectified. The park really is a wonderful place to hold picnics and get togethers.

There was a nice crowd too at Buffalo Coulee picnic the same day as the park opening. Some good ball games, races, etc. were enjoyed. The nail driving contest drew quite a crowd. Many old friends and neighbors were seen and chatted with there.

Several, namely Cruthers, Martins, Gibsons and others from Triangle attended Mannville sports day July 1. All reported having enjoyed the day very much.

Mr. Harry Howard of Edmonton accompanied his son Albert and his wife and little son Roger to Wildmere to visit with Mr. and Mrs. Lloyd Howard and family. Albert and family live at Victoria but are on holidays at present. They returned to Edmonton again Sunday. Mr. and Mrs. Howard's daughter Mrs. A. Mattee from the [illegible] is also visiting at the family home in the city.

A reminder — get your old woollens in to the shipper Mrs. C. Cruthers as the closing date is July 15.

Mr. and Mrs. R. Mar[illegible] ter Doreen and Mary [illegible] Benwood are attending the Calgary Stampede this week.

Quite a number of ratepayers are out on the telephone line this week. Two new subscribers will be added when the line is finished, Dave Hughes and Albert Smith. The line will come in from Brockville school and the one west from Albert Heller's will be discontinued.

Remember W.I. members that our conference is on Friday, July 16th at the school of agriculture and display your handicraft. Plan to attend.

On Sunday the writer and husband enjoyed a visit at the home of Mr. and Mrs. Arthur Clark of Paradise Valley. Real hospitality can be enjoyed when at their home we can assure you. We were very pleased to see Mrs. Clark once more as she and the writer had [illegible] enjoyable times together in the city last fall. Thanks again [illegible] all your kindness. Mr. John Clark, Mr. Clark's brother was [illegible] at the same home.

We had nice chats on Saturday with Mrs. R. Clark of [illegible], Mrs. Williamson of Clayton[illegible], Mrs. Moore of Deer Lake, Mrs. Haverstow and Mrs. Ford of town.

Mrs. J. Wellington visited with Mrs. C. Cruthers on Friday afternoon.

Peggy Graham of the Royal Alex hospital spent a couple of days at her home in Wildmere last week, returning on Thursday evening.

Lawrence Graham of Hillside [illegible] view spent Thursday at the Wellington home. He and the writer and the Grahams spent a while at the Battle River that day.

Mr. Aubrey Rendell, formerly of Wildmere but now of Nanaimo, B.C., is here visiting at present. He reports Mrs. Rendell has recovered very well from her serious illness of last year and sends her best regards to all her old friends and neighbors here. Aubrey himself looks very well.

## Getting The Itch

# Blanket Lay-Away Sale!

STARTS JULY 8th. THROUGH AUGUST 14th.

Select Today — Months To Pay

During this 5-week event we are again offering Blankets of a quality unequalled anywhere. Every single Blanket is an outstanding value and specially priced to please your budget. ## Family Re-union At Mannville

MANNVILLE.—There was a family reunion held at the home of Mrs. Renspies on Sunday July 4 prior to the departure to the States of Mr. and Mrs. Geo. Ackerman and Donna.

Among those attending were Mr. and Mrs. George Ackerman and Donna from Colorado; Mr. and Mrs. Floyd Hubbard and family of Lavoy; Mr. and Mrs. Geo. Hubbard, Mr. and Mrs. Herman Herringa and family, Mr. and Mrs. Joe Dowkid, Mr. and Mrs. Don Symington and Penny, all of Edmonton; Mr. and Mrs. Helmer Hansen and family of Viking; Mr. and Mrs. Archie Hubbard and Bruce, Mr. and Mrs. Elbert Hubbard, and Mr. and Mrs. Wallace Chrysler and family of Mannville. A few of the relatives from out of town were unable to attend.

A delicious dinner served [illegible] style, a thrilling game of ball and horseshoe enjoyed by all and lunch brought the happy gathering to a close.

## Sports News

## Tigers To Play In Two Hills Tourney

Vermilion Tigers who are enjoying more games and more activity than they have for several years, have entered the 8-team two-day tournament at Two Hills this Sunday and Monday. The boys might be a trifle short hand-d on Monday but have high hopes of being right in there sharing the big prize money.

Prizes are $500 for the winner, $300 for second and $100 each for third and fourth.

## Derwent Wins Big Money At St. Paul

The Derwent entry in the St. Paul $3400 two-day baseball tourney on July 1 and 2 won first money. They won from Cold Lake 9-0, from Vermilion 8-6 and took the final from St. Paul 3 to 1.

The scheduled league baseball game between Vermilion and Elk Point last Sunday was cancelled in respect to the memory of Harry Ramsbottom, well known Elk Point business man and ball umpire. Mr. Ramsbottom died suddenly the night before the game. He had been in a car accident one week before but had apparently suffered no ill effects and had carried on business as usual. Apparently some serious internal injury had been sustained.

## Tigers Share Prize Money At St. Paul

Vermilion Tigers playing with a simon pure amateur team of local products shared in the prize money at the two-day St. Paul tournament over July 1 and 2. Purses amounting to $3400 were hung out and the tourney was supposed to be open only to strictly amateur teams in order to preserve local baseball.

The Tigers won their first start on Thursday meeting their old rivals of the league Two Hills taking a thriller from them 13 runs to 7. Les Williams cracked out two homers in this engagement.

On Friday they ran into Derwent in the semi final and found that team fortified by practically the whole team of the Edmonton Oil Kings of hockey fame. Vermilion was in the lead until the 7th when Norm Ullman of Edmonton hit a home run with two men on which put Derwent in front, the final score being 8-6. Les Williams who really has found his batting eye knocked another home run in this game despite the fact that the opposing pitcher was 'Lefty' Belter of Edmonton who has built up quite a reputation [illegible] in that city.

The Tigers gathered in $350 as a result of winning their way into the semi finals.

## Cardinals Defeat Dewberry Girls

Vermilion Cardinals turned in a snappy performance on Sunday afternoon last in the local ball park to hang a 12-6 defeat on the Dewberry ladies' fastball club.

The visitors battery was Dennill to Lunden. For the locals it was Gordey to Beaton for the first five innings, then Ivy Chapman took over the receiving duties with Carol Mercer pitching two innings and Norma Candal two.

Umpires were Irvin Gordon and Joe Winters.

## Fishing with The 'Doc'

At last we have two entries to the Fish and Game fishing competition. Cecil Sinden caught a Northern Pike weighing 19 pounds 2 ounces and Jim Chalmers managed to land a pickerel that tipped the scales at 8 pounds 15 ounces. How about those other species and let's beat Sinden's and Chalmers' catch!

Harold Schoonmaker is the third entry in the big fish competition with an 8 lb. 7½-oz. lake trout.

The Association still needs old binder rollers for the boat loading pier. Let us know and we will pick them up if you haven't time to come in with them.

Members — have you sold that extra membership card that was sent to you in the news letter? Please let Jim Chalmers know and if you haven't sold it, get busy, it's [illegible]

Don't forget the general meeting that is to be held in the court room on Monday July 12 at 8 p.m.

Kids, let's get those crow and magpie feet in. The competition will be closing very soon.

Lawrence Hareuther should soon be giving details on the crow shoot.

Will be seing you Monday at the meeting. All members and guests welcome.

*LOOK AT YOUR LABEL DATE!*

## Tips on Touring

By Carol Lane

Women's Travel Authority

Small fry actually make the best travellers IF their comfort [illegible] anticipated. A pillow for each child, for instance, is handy for naps and as a booster to see out of the window. Many children need a blanket to help them fall asleep.

While dress-up clothes may make you nag them about wrinkling their finery, simple, comfortable garb will add to everybody's peace of mind. And scolding for crawling over the upholstery can be avoided if you cover the kiddies' shoes with an old pair of socks. Or, in warm weather just remove their shoes and let them frolic.

On twisting highways, drive especially slowly. A succession of swift turns can make the child car sick.

Bring along his favorite toys but be sure he gets only one at a time to sustain their novelty during the trip.

Those sudden hunger pangs can be eased if you keep a small basket filled with crackers, raisins, fruit juice or other snacks within reach.

Incidentally, a well known cure for bedtime crankiness away from home is — an extra dose of attention at day's end.

## Letters to the Editor

Toronto, Ont., June 15, 1954.

[illegible]

Dear Mr. [illegible]

There is a possibility and a hope that when final returns are filed the 1954 annual appeal of the Canadian Red Cross Society will be a success.

The weekly newspapers of Canada may well share in this success as you have generously supported our appeal in many ways.

On behalf of the Society I would like to express our appreciation to you and your staff for your kind co-operation at campaign time and throughout the year.

Yours very truly,

H. H. Rimmer,

Chairman, Publicity Committee.

# Holiday Trips and Visitors Feature News From Clandonald

Contrary to the belief held by some readers of the Standard this correspondent has not left the country but has simply been neglecting his duties for the past couple of months. Perhaps now that the crop is in and some of the worst fences propped up we will be able to keep a bit more up to date on local and district events.

Crops on the whole are looking fairly good although in some cases seem to show the effect of the prolonged cool and wet weather. Right now spraying is in full swing those with outfits being in great demand. Hay is an exceedingly good stand in most cases and given favorable weather a good crop should be general.

A resident for many years and teacher of the senior room at the public school Tony Convey left for an extended holiday immediately following the end of the school term. When leaving here he planned to fly from Edmonton to Montreal where his mother lives with her married daughter. From there Tony and his mother plan to fly to the Old Country which Mrs Convey has not visited since leaving there for Canada about 25 years ago.

Mr and Mrs. Ken Hoffman and infant son of Victoria were recent district visitors. Mrs. Hoffman who is a daughter of Mr and Mrs Ernest Stanley is well known here having atended high school prior to leaving for the coast several years ago. The trip was made by air.

Friends of Mac Patterson former resident who is now working in Winnipeg were pleased to see him around again last week. During his stay here Mac was employed in the bank being transferred late last summer to the Manitoba city. After a brief visit he left for Banff accompanied by Maurie Masyk who is on holidays also.

Another district resident at present on a holiday is Mrs Ernie Lawrence. Mrs Lawrence planned to visit with her married son whose home is in the city and at her daughter's home near Lake Wabamun. She has also been visiting friends in the Ponoka and Big Valley district taking in a few stampedes at the same time.

Mrs Leon Roberge recently returned from a holiday trip to Prince George where a sister Mrs Charlie Martin resides. She made the trip by car with her brother Francis Doyle a former resident here and now employed at Herzog Motors.

CURIO SHOW AMAZES

Those who visited the curio show in Vermilion not long ago spoke very highly of the large collection on display. It is doubtful if anyone realized the vast amount of antiques and other articles of interest which are scattered throughout the district. Great credit is due those who worked so hard to put the exhibit on and it is hoped that in the not too distant future that we may again have the opportunity to see what interesting relics are located in this area. It would also seem likely judging by remarks that there is still a vast amount of interesting material to be exhibited but many people did not realize the fact in time to have it at the show. Better still, if some kind of a permanent museum can be established in Vermilion. Many of the relics could again be put on display temporarily at least. Among the many things about the show which amazed us was the number of antique weapons on display, also the vast number of Indian relics which have been discovered hereabouts, especially stone hammers.

THE VERMILION PARK

The official park opening on June 30 was an event of outstanding importance for residents of the town and rural districts of Vermilion. The new park although only started two years ago offers as many attractions as some other long estalbished places which are drawing huge crowds at this time of year. Our thanks go to the town of Vermilion for a very pleasant afternoon which was highlighted by the water sports, the Dewberry Boys' band, the official opening and the very interesting performance by the jet aircraft.

NEW TYPE BARN

One of the largest construction jobs around here for some time was recently completed on the farm of Hugh Hagen about 2½ miles east of town. Last year the big barn was severely damaged in the disastrous July storm. During the past few weeks a new barn has been erected under the direction of Ward MacDonald of Vermilion. The construction is of a new type for this immediate area the rafters being laminated nailed and glued. There is no break from the foundation to the peak so that in the event of another windstorm it will be a case of all or nothing. These rafters are built in Edmonton and are being used extensively for barns arenas etc.

HAIL INSURANCE IDEA

At this season of the year when thoughts turn to hail insurance an item noticed in a recent copy of a popular farm periodical may be of interest. It appears that in Italy they also suffer from hail damage and take out insurance. However, over there prizes are awarded to lucky policyholders, some of the most valuable being 50 head of oxen. Perhaps agents out here could follow their example as no doubt a yoke of oxen would come in pretty handy should we have many seasons as wet as the spring just experienced.

A former resident here who now makes his home in Edmonton, Doug Cusack, accompanied by his wife and three children is at present visiting here with his parents and married members of the family. Mrs. Cusack is also renewing old acquaintances as she is a daughter of Mr. and Mrs. Albert Donald who farmed for a number of years in the Dewberry district.

# Old Timers Attend Mannville Sports

MANNVILLE — Many who attended the first sports day in Mannville in 1905 were present on Thursday for the 50th Anniversary. Among those on the platform were Mrs Ronald Scott, Mr Bill Steel, Mr. Jim McLaughlin, Mr George Bennett, Mr Jack Clark, Mr. Bert Williams. Mrs. Scott and Mr. Steel received prizes for being the oldest old timers who were present at that first sports day and also this one.

The day opened officially with the parade led by Clandonald Pipe Band. There were two exceptionally good floats, several decorated cars, several horses and riders, and a number of decorated bicycles.

Ball games, soft ball, races, horseshoe tournament, skeet shooting and the grandstand performance made up the program for the day. Despite the strong wind that the entertainers had to sing and talk against, their program was much enjoyed by those watching. Mr Williams introduced Mrs. Alison Lamb, who is no stranger in the Mannville district. With her parents, Mr and Mrs Ebbett, she was one of the early comers to the district, moving on to Vermilion when the town was moved to the new site. Mrs. Lamb acted as Mistress of Ceremonies for this group of people who have been entertaining at the various hospitals in Edmonton for sometime, giving their time and talent to the shutins. The young Buckaroos, Donna and Tommy Obermeyer were very well received by the younger members of the audience. Mrs. Crystal McDonald, Miss Mary Broadhead, Gerry St. Arnaud, Angus McDonald, Bob Lamb as soloists and Mr Jack Oldfield the ventriloquist rounded an excellent afternoon's entertainment.

## MASSEY-HARRIS FIRST WITH FULL SCALE TEST TRACK FOR FARM EQUIPMENT

Wide-spread and fast has been the swing to modern mechanization. Urgent demands have been made upon implement engineers to develop new models to keep up with the needs of agriculture.

To get information on materials, designs and features in hours and days instead of the usual months and years, Massey-Harris designed and built the first full scale test track for tractors and modern power farm equipment.

On this test track the machines lug heavy loads, bump and shake, bounce and sway, jolt and jar, climb steep grades, and spin round and round. As they go through the test, electronic instruments write the inside story of stress and strains and complete records are kept of the day to day wear and tear.

These controlled supervised tests help Massey-Harris engineers design equipment that will offer more advantages in ease of operation, long life with low upkeep cost and greater ability in saving time and labour. For quality, satisfaction, and service with modern mechanization, equip with Massey-Harris.

MASSEY-HARRIS-FERGUSON LIMITED
*Makers of high quality farm implements since 1847*

# Sonja Henie At Edmonton Exhibition

—SONJA HENIE, "queen of the ice" brings her brilliant 1954 Ice Revue to the Edmonton Gardens every evening during Exhibition week, July 12 to 17. The giant show presents a cast of 165 and features 28 thrilling acts in a sparkling two-hour ice extravaganza.

# Sonja Henie Darling Of Skating Fans

Sonja Henie, 'first lady of the ice' will make her premiere appearance in Northern Alberta when she stars in the "Sonja Henie 1954 Ice Revue" to be held in Edmonton during Exhibition week July 12 to 17. The 2-hour skating extravaganza will be presented each evening in the Edmonton Gardens with a matinee Saturday.

Though never seen in person in Western Canada before, Miss Henie has endeared herself to skating fans in this part of the country through her performances on the screen.

Best known perhaps as a movie star, she is far more than that, far more than a skater or a combination of the two.

She is a ten times world skating champion, three times Olympic champion, a great showman and trouper, a successful business woman, an all-around athlete and a top salesman.

Ambition, determination, self-confidence and plenty of hard work have earned for Sonja the enviable position she holds today.

When she won her third Olympic championship in 1936, she turned professional. To attract the attention of Hollywood magnates, she rented the Polar Palace in the movie capital, hired a troupe of skaters and put on her own show. The next day she signed her first long-term movie contract.

The little show was the beginning of the ice tours the petite skater now makes each year as the star of the Sonja Henie Ice Revue. The operating expenses of the show approach $50,000 a week and involve a travelling company of more than 200 persons.

When she was 14 she left her home in Oslo to study the ballet in London. This interest in dancing gave her the idea of putting ballet on skates, the basis of all her present ice routines. Other ice shows are now following this idea which she originated.

Sonja has earned a great deal of money which has enabled her to indulge her generosity, one of her outstanding traits. She loves to give presents and is a very generous donor to charity. The entire proceeds of her 1952 revue went to the Damon Runyon Cancer fund. Never a year passes that she does not send huge boxes of food and clothing overseas.

This is how the blonde skater describes her formula for health and happiness: "I always try to be the best in the field in which I'm working. As long as there's something to work for, I never get tired."

*ORDER YOUR COUNTER CHECK BOOKS from THE STANDARD*

# MANNVILLE & DISTRICT LOCALS

Among those seen here on July 1 were Mr. and Mrs. Ken Cundal and son and Mrs. M. Cundal of Edmonton; Mr. and Mrs. L. C. Smith and Barry; Mr. and Mrs. L. Colborne; Miss Jean Brickman; Mr. Peter Smart; Mrs. A. Dickson; Mr. and Mrs. Bob Todd and family; Mr. and Mrs. C. Clennett; Mr. and Mrs. Farrar and daughter; Mr. and Mrs. Bruce Leason; Mr. Allan Williams; Mrs. Malcolm Morrison; Mr. Bucky Fisher; Mr. Archie McCallum and others we may have missed. Several of these people have not been back to Mannville for several years. It was rather like old home week.

Holiday visitors at the E. Hubbard home were Mr. and Mrs. Joe Dowicki and daughter. Mrs. Dowicki and daughter remained in town until after Sunday for the family reunion.

Visiting with Miss Jean Allanach is her niece, Miss Donna Allanach of Fort Saskatchewan.

Attending Anglican camp at Kapasiwin this week are Merna and Diane Whitson, Berna Cotter, Karen Hubbard and Jean Wright.

Mrs. B. K. Jones has returned home after spending several months with her daughter Mrs. R. Hart in Winnipeg and a short time with her sons in Edmonton.

Mrs. Doris Pearce formerly of the local hospital staff is now working in a hospital in Saskatoon.

Relieving at the hospital during holidays are Misses Trudy Keusching and Kathleen Thomas. Miss Gladys Veitch is on holidays.

Mr. and Mrs. R. Whitson and Mr. and Mrs. M. Johnson are holidaying at Jasper and other points.

Miss Berniece Phillip is back at the Bank of Commerce after a holiday trip to Vernon, B.C.

Mr. and Mrs. Chris Hamilton are holidaying in the U.S.

Mr. and Mrs. W. Osborn have returned from a holiday at Waskesiu.

Miss Ann Dzuibaty is spending several days of her holidays with her parents Mr. and Mrs. C Dzuibaty.

Visiting with Mr. and Mrs. C Hughes and family for a short time is Mrs. R. Hughes who is making her home in Edmonton at present.

Mr and Mrs. H. T Taylor and Janis of Vegreville called in at Mannville on the July 1 holiday on their way to Lindbergh.

# F.W.U.A. Hold Annual Conference

The Sub-district 7, F.W.U.A. conference was held at the Vermilion school of agriculture on June 22. Ther were 26 ladies present and they represented the F.W.U.A. locals of Marwayne, Hazeldine, Durness, Greenlawn and Dewberry. The conference opened with the singing of 'O Canada'.

Mrs Matheson, F.W.U.A. director of District 7, gave an interesting address on F.W.U.A. projects, Farm Young Peoples week and Junior projects.

The minutes of the previous conference were read and adopted. The committees were nominated for the day and after lunch the group had a short sing-song after which each local gave a report of their year's activities.

Mrs. Braithwaite, F.W.U.A. director from Red Deer, gave an interesting report on the A.C.W.W. conference in Toronto which she attended last August.

Mr Bentley spoke briefly to the ladies welcoming them. He also spoke regarding dormitory management and showed them through some of the dormitories which were being remodelled.

Two films were shown and enjoyed, one depicted the Red Cross Children's hospital and the other North Western Utilities.

Tea was then served by the Marwayne ladies. After a few resolutions were discussed the meeting was adjourned bringing an end to an enjoyable day.

The conference is to be held next year around June 15 with Dewberry ladies providing tea.

WILDMERE F. U. A.

The regular meeting of the Wildmere F.U.A. local will be held on Monday July 12 at 8:30 p.m. at the Wildmere school. The delegates report to the convention will be given.

# Mid-Lake Nest Yields Rare Birds

*Grande Prairie Herald-Tribune*

Quadruplets born about three miles south of here last week have given a healthy boost to the population of one of Canada's rarest species.

And the little fellows are being much more warmly welcomed into the world than their Hans Christian Andersen fabled cousin "The Ugly Duckling".

The foursome newly hatched [illegible] survival.

The species, once common in North America, has dwindled. During the past few years wildlife authorities have guarded the birds closely and particularly in this area they seem to be making a comeback.

[illegible] H. H. Mansfield and family, on whose farm the multiple birth occurred, the outside interest shown in the nest and parent Trumpeters during the past few weeks is surprising.

"They're a part of our everyday life," says Mr. Mansfield. "Yet people will go for miles just to get a look at one."

The Mansfield's daughter [illegible] several pictures of the nest atop an old muskrat hut out in the middle of the lake. She got close-up shots by boat.

She says the birds, presumably the same two, have been nesting in [illegible] leaving each fall and returning in the spring.

Though the Mansfields did [illegible] from the time they were first noticed until they hatched.

Now with the youngsters hatched they leave the nest if anyone approaches.

During the nesting, as the female sat on the nest, the male [illegible]

## "Gone Fishing"

Todd's Barber shop will be closed from Friday July 2 to July 19 for holidays. 2-3

# Former Vermilion Doctor Dies At Vancouver

VANCOUVER. — Funeral services will be held Saturday for a well known city doctor Frank Day Smith, 72, of 1075 West 52nd who died Wednesday in Vancouver General hospital.

Dr Day Smith, who was born in Guelph Ont., graduated from the University of Toronto and received his degree in 1909. He moved to Vermilion, Alberta where he practised for 11 years.

Later in 1922, he came to Vancouver and took offices in the newly-built Medical Dental building.

An ardent golfer Dr Smith was a pioneer member of the Point Grey Golf club and held membership in a Masonic lodge.

He is survived by his wife; a son, Allan, Victoria; a daughter, Mrs Hal Moorehead, Powell River and two sisters, Mrs. J. R. Monaghan, Baltimore Md., and Mrs. Cameron Wilson, Aberdeen Ont.

TOLLAND PICNIC

Tolland F.U.A. will hold their annual picnic on Wednesday, July 21. Dance at night. Everybody welcome. 2-4x

DERWENT THEATRE

Showing at the Derwent theatre this week end Sat July 10 at 9p.m. "Guess Again" and on Sports day July 12 at 8 p.m. During the afternoon of Sports day Monday July 12 a special program 'Joan of Arc' will be shown at 2.30 and 4:30 p.m. Next week end Sat. July 17 at 9 p.m. and Mon July 19 at 9 p.m. "Down to the Sea in Ships".

## Pleasant Valley

Now we can sing "In the Good Old Summer Time". Today it was 75 above with little wind. The wild roses are now noticed in bloom along the roadside, but the garden roses are late.

Mr. and Mrs. Ken MacDonald were week end visitors at the home of Betty Gould. They now [illegible] from Heinsberg.

Mrs. Gillies is presently [illegible] Christie and family. [illegible] and Christie were visitors at the home of Mr. and Mrs. Gordon Purser in Islay on Sunday last; The Dew family called on Mrs. Gillies.

Mrs. Daisy Cummings left for the coast on Sunday accompanied by her daughter Ruby.

Pleasant Valley church was the setting for a wedding when Louise Habetritt, daughter of Mr. and Mrs. John Habetritt of the Allandale district, was united in marriage to Leonard Giles, son of Mrs. Lily Giles of Pleasant Valley. The Rev. D. A. Ford officiated.

The bride wore a tailored suit. Doris Giles, sister of the groom was bridesmaid. Corsages were of pink roses. The bride was given in marriage by her father and the wedding music was played by Mrs. W. Waterfield. A reception was held at the home of the bride for about thirty relatives. The bride's table was centred with a three-tiered wedding cake.

The happy young couple will reside in Vermilion.

The roads at last are quite good, and travelling has been a pleasure. We have seen some lovely gardens around the country. The lilacs were wonderful. There is one particular garden we expect to visit soon. How soon Isabel?

It was nice seeing a few old friends in town Saturday including Mrs. Jones, Mrs. Moore and Mrs. Wallington.

Oh yes Jim, come down to the river here and get some good gravel for your roads.

By all reports the dance at the old school house was greatly enjoyed on Friday night recently.

# LOCAL NEWS

Mr. and Mrs. Jack Wiebe who have been at the Lindbergh salt plant since it started operation six years ago, have moved to Edmonton where Jack has secured a position at the Namao airport.

Mr. and Mrs. Jack Willes, Linda and Don left Saturday last for Vancouver and other coastal points on a holiday trip. On reaching Edmonton they were joined by Mrs. Willes' sister Mrs. Alex MacKenzie and two daughters for the outing. They plan to be away for three weeks.

Mr. and Mrs. Keith Chalmers and family are holidaying for three weeks. They are visiting the former's parents, Mr. and Mrs. George Chalmers in Edmonton this week and will then spend two weeks in a cottage at Sandy Beach.

George Washington of Grande Prairie spent the past week end here visiting his mother Mrs. A. E. Washington. George is on vacation.

Mr. and Mrs. Clarence Elliott and son Johnny of Edmonton are visiting the former's parents Mr. and Mrs. A. W. Elliott this week.

A party comprised of Mr. and Mrs. Wm. Bushko and Mr. and Mrs. Tom Smith left Tuesday for a holiday at Lake Waskesiu in the Prince Albert National Park.

Mr. and Mrs. Paul Hareuther and children are away on a holiday trip which will take them first to Calgary where they will attend a day or two of the stampede and visit the former's sister and family Mrs. Al Potter. They will then continue on to Coeur D'Alene, Idaho and other points of interest in the U.S.

Mrs. W. Goodwin, daughters Margie and Carol left last Saturday for a month's holidays. Part of the time will be spent visiting their daughter and sister Elenor-Jean and husband at Calgary.

Marjorie Stack of Redwater is holidaying in Vermilion staying with her aunt and family Mrs. K. G. Urquhart and thoroughly enjoying the Vermilion River park.

Well known old timer of the district Jack Coward who now lives at Easyford, Alberta, is visiting Mr. and Mrs. Vic Dedelly for two weeks. Following his stay here Mr. Coward plans to visit Mr. and Mrs. Harry Perkins at Langley Prairie, B.C.

Mr. and Mrs. Ken Rowe returned last week end from a very delightful trip which took them right across Canada to the Maritimes where they visited their daughter and family Sgt. and Mrs. Keech (Norma) at Chatham, N.B. The first portion of the journey was by rail to Windsor where they took delivery of a very smart looking metallic maroon Buick Riviere coupe. They travelled through Montreal, Quebec, then on through Prince Edward Island which they found very beautiful, Nova Scotia and New Brunswick. The return was through the State of Maine, Vermont, New Hampshire, New York with many well known cities being seen on route. On reaching Alberta Mr. and Mrs. Rowe visited Mr. and Mrs. Chas. Laverty and family at High River, the Crawfords and Dabinettes in Calgary.

Mr. and Mrs. Askew, daughter Phyllis and son Ricki formerly proprietors of the Vermilion hotel but since living at Gibbons, Alta., spent Tuesday afternoon in town. They are on their way by motor to Rochester, N.Y., and stopped off to see the new lake here. Mr. Askew could hardly believe it possible that what he had read and heard about the project here was true and the development fully lived up to all advance notices. That such a lake could be made had to be seen to be believed.

Mr. and Mrs. A. C. Underdown announce the engagement of their eldest daughter Jenni Diane, to Mr. Peter James McCafferty, son of Mr. and Mrs. William McCafferty. The wedding to take place at the Holy Name church at 10:00 a.m. July 22, 1954.

Mr. and Mrs. James Cameron wish to announce the engagement of their youngest daughter Doreen Mae, to Mr. Lionel Foley, eldest son of Mr. and Mrs. Thomas Foley of Vegreville. The wedding will take place at the United church, Vegreville on July 24th at 4:30 o'clock in the afternoon.

Fred Bentley, associate professor of soils at the University of Alberta, Mrs. Bentley and family were week end guests at the home of the former's brother and family, Mr. and Mrs. N. N. Bentley.

Mrs. Hilda English and son Jim left Vermilion last Saturday to make their home in Edmonton. Their departure from Vermilion is genuinely regretted by a very large circle of friends. Their home in the west end has been purchased by Mr. and Mrs. Wm. Parker. Mrs. English has been appointed to the teaching staff in the city.

Mr. and Mrs. W. MacKenzie Matheson of Vancouver have now returned to the coast after visiting for two weeks at the home of Mrs. Matheson's parents, Mr. and Mrs. George Reasbeck.

Principal Jas. B. Bell of the V.H.S. is in Edmonton marking departmental exam papers.

Mrs. F. H. Waite and little daughter Arundel returned to Edmonton Tuesday after spending several days here visiting Mrs. Waite's parents, Mr. and Mrs. Vernon H. Cooper. They were accompanied to the city by Miss Joanne Cooper who will spend a week there.

Mr. and Mrs. Dennis Telford (nee Louise Baddock) of Edmonton spent July 1st holiday with her parents Mr. and Mrs. Jack Baddock in Vermilion.

Mr. and Mrs. W. L. Robinson and family returned on Monday from an enjoyable holiday spent at the Miette Hot Springs and Jasper.

Miss Betty Baddock is spending a couple of weeks in Edmonton, the guest of her sister Mrs. Dennis Telford.

Mrs. Mitchell Taylor and two children are spending this week in Calgary. They will be joined by Mr. Taylor for the last two days of the Stampede.

Misses Marie Miller and Lois Herzog are visitors at the Calgary stampede this week. They will continue on for a visit to Banff and other scenic mountain spots.

Bud Baddock of Edson is home on two weeks vacation.

### DERWENT THEATRE

## NEWS from ISLAY

Miss Anne Landells R.N., who is a psychopathic nurse at the Essondale hospital in B.C. called on relatives at Islay on her way to Flin Flon where she will attend the wedding of her brother. Anne is the daughter of former Islay old timers Mr. and Mrs. Harry Landells.

Mr. and Mrs. Bill Roebuck and daughter Marion visited at the Don McInnis home for a day recently.

Mr. and Mrs. Don McInnis, Mr. and Mrs. Norman McInnis, Mr. and Mrs. Lloyd McFadden and Miss Catherine McEachern were dinner guests at Mr. and Mrs. Bill Roebuck's where quite an enjoyable time was spent talking over old days in the Islay district.

Mrs. W. Landells and daughter Mildred, nurse at hte Tofield hospital, visited at the Don McInnis home recently.

BRIDE ELECT SHOWERED

On Tuesday night a shower was held at the home of Mrs. Gordon Purser in honor of Miss Bernice Hannon whose wedding takes place on July 15. There were 17 ladies present and a very enjoyable time was spent working various contests. The bride-elect received a beautiful array of gifts.

### *IN MEMORIAM*

In memory of our dear wife and mother

Augusta Moses
who died June 28, 1953.

"No one knows how much we miss you.
No one knows the bitter pain
We have suffered, since we lost you.
Life has never been the same.
In our hearts your memory lingers,
Sweetly tender fond and true.
There is not a day dear mother,
That we do not think of you."

Ever remembered by Dad, Muriel, Winnie, Margaret, James, Harry, Ray, Bob.

## Canada Gives World Vast Paper Supply

Most of the world newspaper readers take their information from sheets of newsprint that once grew in Canadian forests. No less than 41 billion sheets of standard newspaper size are whirred from the machines of Canada's paper mills each year, says the Canadian Forestry Association. A carpet of print paper sufficient to blanket 35 farms of 100 acres each is turned out during every hour of the 24.

About 80 million trees are taken from Canada's forests each year to be fed into the teeth of pulpwood grinders. The process, says the Association, offers no threat of a timber famine provided that by cautious cutting new forests are brought into being to offset the amount utilized for industry. While industry has steadily improved its forest conservation methods, says the Association, the deadly contribution of forest fires by a reckless public incinerates two million acres a year of essential raw material. Four in five of all destructive conflagrations in wooded country are caused by human agency.

The Association points out, further, that an acre of good forest when converted to newsprint paper brings $1500, mostly distributed in wages. Each year, Canadians travelling in timbered areas account for more than 4000 fire outbreaks, virtually all being due to personal negligence.

## Visit Old Country

MANNVILLE. Miss Pat Jones and her father Mr. J. I. Jones left the end of the week for a two month's holiday in England, Scotland and France. Miss Jones is going overseas with the Overseas Education League of Canada and will leave from Montreal on the Empress of France on July 6. She will tour England with the party and then meet her father in London on Aug. 3 and go across to Paris. Mr Jones journeyed to Montreal by train with his daughter but plans to fly to Scotland. Mr Jones and Pat will to tour Scotland before returning to Canada by Aug 30.

## Attend W. M. S. At Kitscoty

A number of members of the United church W.M.S. attended the rally held at Kitscoty one afternoon during the latter part of June. A very fine program was presented consisting of beautiful vocal numbers, a concise informative and interesting report on Conference branch by Miss Bessie Anderson and a wonderful address on racial discrimination by Mrs. W. Adam of Elk Point.

## Islay Homesteaders Get Together On 50th Anniversary

On Sunday June 27 the two men who filed on the first homesteads in township 51 range 4, just northwest of Islay got together at the home of Mr. and Mrs. Tom Bothwell.

It was fifty years ago in April 1904 that the two, Thomas Bothwell and Will Muir filed on their homesteads. Mr. Bothwell on the N.E. 30-51-4 and Mr Muir on the S.E. of the same section. Muir later sold his homestead quarter to Bothwell and purchased land immediately south-east, where he still lives. Tom Bothwell lives on his homestead quarter which has been the family home ever since.

June 27 this year was the actual anniversary of moving on to the homesteads as it was on that day that they arrived by ox team from Vegreville and set up camp on the land they had chosen, the first homesteads in the township, and many miles from the closest rail point Edmonton.

There being no railroads between Saskatoon and Edmonton the mode of travel was by ox team which was of course very slow and the trip from Edmonton took one week.

Messrs Bothwell and Muir went through all the pioneering operations of building their shacks from material at hand, logs cut in the Vermilion River valley, of breaking up the prairie sod and haying along with their closest neighbors who arrived about the same time.

Mrs. MacInnes and two sons Stewart and Alex arrived in the township then too and many a good loaf of bread and fresh milk came from the MacInnes homestead. The two MacInnes boys, Dave Gilchrist and Art Trickett were other old timers who formed part of the haying gang when equipment and labor was pooled for the common good.

The railroad was gradually nearing the area and provided work for many of the early homesteaders and Will Muir found employment with the railroad gang.

Mr Bothwell came from Durham to Edmonton in 1903 and went to the farm of his brother Stewart then at Vegreville. He spent that winter working in lumber camps and filed on his homestead in April 1904 at which time he was joined by Mr Muir who hails from Dundalk. Both men still own and operate their farms after these 50 years.

## Miss Dorothy Oldenburg Married In Quiet Wedding

A quiet wedding was solemnized in the First United church, Vermilion on Saturday, July 3, uniting in marriage Miss Dorothy Oldenburg, daughter of Mrs. S. Oldenburg to Mr Kaare Seite, son of Mr. and Mrs. K. Seite of Koenfoss, Norway.

The bride wore for the occasion a pale blue two-piece linen ensemble with accessories in navy. Her corsage was of cream Talisman roses.

Her attendant Mrs. Lee Ramsay, sister of the bride, was attired in a navy two-piece linen dress with pink accessories. Her corsage was of yellow tea roses.

Mr Robert Ramsay attended the groom.

After the ceremony a reception for a small number was held at the home of the bride.

Mrs. Oldenburg received the guests wearing a gown of flecked nylon with white accessories. Her corsage was of red tea roses.

Telgerams of good wishes were received from relatives in Norway and Saskatchewan.

The happy couple left later on a motor trip to the south-western United States.

## Wedding Bells

*GILES—HABESTRITT*

All Saints Pleasant Valley church was the scene of a pretty wedding on June 14 at 2:00 p.m. when Alice Louise, eldest daughter of Mr. and Mrs John Habestritt, became the wife of Leonard Walter, youngest son of Mrs. Lily Giles and the late Thomas Giles, of Islay. The Rev. D. A. Ford officiated.

The bride, given in marriage by her father, looked lovely in a blue gabardine suit. Her accessories were white and she wore a corsage of roses.

Miss Doris Giles, sister of the groom, was bridesmaid. She also wore blue gabardine with white accessories and her corsage was pink rosebuds.

David Giles, brother of the groom, was best man.

After a reception for some 35 relatives at the bride's home, the young couple left for a short honeymoon to Edmonton and Grimshaw.

They will make their home in Vermilion upon their return and their many friends wish Mich and Louise a long and happy married life.

## Departing Citizens Are Farewelled

A very large number of friends gathered at the Masonic hall on Friday evening June 25 to bid farewell to several departing friends. Those leaving included Mr. and Mrs. Frank Walker after 11 years' residence; Jas D. Adam, Q.C. and Mrs. Adam, citizens of more than 25 years, and Mrs. Hilda English, fifteen years resident in Vermilion. All go to live in Edmonton.

During the course of the very enjoyable social evening, presentations were made and best wishes for a happy future extended to the guests of honor, all of whom have set a very high standard of community citizenship during their years here.

Host and hostess for the evening were the Queen Esther Lodge, O.E.S. and Vermilion Lodge A.F. & A.M.

## POLICE COURT

James Wilkinson was found guilty of attempted theft and fined $50 and costs, and William W. Hunter was found guilty on a charge of actual bodily harm to George Lyons and fined $40 and costs in police court here on June 30th before Magistrate L. Basler.

The information and complaint was laid by Wm. G. Lyons of the Lyons Hatchery. A second charge of assault against James Wilkinson was dismissed.

The charges arose from the finding of James Wilkinson on the property of Lyons Hatchery, later making his getaway in a car in company with Wm. Hunter.

F. J. Richardson, Q.C., acted for the Crown and N. McLean for the accused.

## Car Accident Park Opening Day

In the local police court, Magistrate L. Basler dismissed a charge against Peter Kurtile of Derwent, of driving while his ability was impaired by alcohol.

The case arose out of an accident near the hospital on the day of the park opening, when a car driven by Peter Kurtile and a car driven by David Hryciuk of Islay struck one another on the turn just past the hospital. His Worship found that the Crown had not proved the accused's ability to drive was impaired when driving.

The charge was laid by the Crown. F. J. Richardson, Q.C., acted for Peter Kurtile.

## Always Something New At V.S.A.

Former students, and particularly the First year boys who will be returning for their Second year this fall, will be interested to learn that all the rooms on the third floor, short corridors, are being refitted with built-in beds and study counters. The chairs will be the only moveable pieces of furniture and the beds will have spring-filled mattresses. Plans are that all the rooms in the boys' dormitory will equipped in this way in the next year or two. In the meantime, the prize question is, who will occupy the new rooms this winter?

## Old Timers Visit Here

Back re-visiting scenes of old homestead days were Mr. and Mrs. Wayne Merrick who settled north of Vermilion back in 1906 and left here in 1920. They come from Grand Rapids, Michigan. The trip was being made by car and Mr. and Mrs. Merrick were accompanied by their daughter and husband. While here they called on many old friends including S. R. P. Cooper, Raymond Taylor, Grace Bury, Curtis Wilson, Arthur Lord and Went Brown.

HEALTH UNIT NOTES

## TRIALS OF POLIO VACCINE

The third injection will be given as follows:

VERMILION, Primary school — Tuesday, July 13 at 9 a.m.

DERWENT school — Wednesday, July 14 at 9 a.m.

KITSCOTY Primary school — Wednesday, July 14 at 2:30 p.m.

INNISFREE, Primary school — Thursday, July 15 at 9 a.m.

MINBURN school — Thursday, July 15 at 10:30 a.m.

MANNVILLE, Primary school — Thursday, July 22 at 9:30 a.m.

As this last injection is vital for the success of the trials all parents are requested to see that their children attend on the day and time stated.

SUGGESTIONS FOR POLIO PROTECTION

Avoid contact with known cases of polio.

Keep out of crowds during an epidemic.

Remember that the active child is most susceptible, if allowed to play to the point of fatigue.

Avoid physical fatigue and exhaustion.

Do not swim in polluted water.

Avoid chilling by staying too long in cold water.

Keep hands clean by washing before meals and after going to the toilet.

Keep garbage and waste covered, so as not to attract flies.

Insure proper disposal of human excreta.

Protect food from exposure to flies and insects.

Wash fresh fruits and new vegetables before eating.

Stay away from persons with nose and throat infections and avoid operations for removal of tonsils and adenoids during a polio epidemic season.

Remember that stomach flu, summer complaint, dysentry or any infection of the bowels, may predispose to a polio infection.

Be on the alert for symptoms. Any infection during a polio epidemic season should be viewed suspiciously until proven NOT polio.

Call your Doctor or local health authorities if suspicious symptoms do occur, or when in doubt.

BABY & PRESCHOOL CLINICS

Monday, July 12 — Legion hall, Vermilion, 2 to 4 p.m.

Tuesday, July 13 — Ranfurly hotel 10 to 12 noon.

Tuesday, July 13 — Innisfree clinic 2:30 to 3:30 p.m.

Friday July 16 — Mannville school 11 to 12 noon.

Friday July 16 — Minburn school 2 to 3 p.m.

## Ron Williams, Gloria Holloway Married At Vegreville

In a recent double ring ceremony, which took place in United church, Vegreville, performed by Rev. G.B. Mather, Miss Gloria Laurine Holloway exchanged vows of marriage with Mr. Ronald James Williams of Vermilion.

Bouquets of peonies, gladioli and mixed spring flowers decorated the church for the ceremony.

The bride is the daughter of Mr and Mrs Ray Holloway of Vegreville and the groom the son of Mr and Mrs. Jack Williams of Edmonton.

Given in marriage by her father, the bride wore a floor-length gown of white nylon lace, full skirt with pleats down the centre front. The strapless bodice was modified with a matching lace lily point sleeves and collar decorated with tiny pearls. Her finger-tip veil was gathered to a fitted headdress which was decorated with seed pearls. She carried a white Bible garlanded with Sweetheart roses.

Mrs. Esther Moore, cousin of the bride was matron of honor and bridesmaids were Miss Joyce Holloway, a sister of the bride and Miss Martha Giebelhaus. They wore floor-length gown of nylon lace in blue, pink and turquoise. Their floral headdress and bridal veils matched their gowns and gloves. They carried nosegays of mixed blossoms.

Attending the groom were Mr Marvin Atkinson, Mr David Ziegler and Mr Leonard Gafka.

Ushers were Mr John Williams, brother of the groom, and Mr Ronald Moore, cousin of the bride.

Miss Jean Gibson played the wedding music and Mr George Hosking sang "I'll Walk Beside You".

A reception was held later for 75 guests at the Alberta hotel.

The bride's mother received her guests wearing a blue lace dress. Her accessories were white and she wore roses en corsage.

The groom's mother chose a two-piece suit in navy complemented with matching accessories of white. She wore a spray of red roses pinned at her shoulder.

A three-tiered wedding cake, decorated on white satin and flanked by lilacs with candles at each end, decorated the bride's table which was laid with a luxurious Madera lace table cloth.

Mr. C. A. McDonnough proposed the toast to the bride at the reception and Mr. George Hosking sang "O Promise Me", accompanied by Miss Jean Gibson at the piano.

Out of town guests included Mrs. Mary Ankeney, Mr and Mrs Lewis Boggs and their son and daughter Keith and Cheryl, all of Xenia, Ohio; Mr and Mrs. John Williams, Kenora, Ont., Mrs. John Kelly and daughter of Minnedosa, Man.; Mr C. A. McDonnough, Calgary; Miss Shirley Draeger, Wetaskiwin and numerous visitors from Edmonton.

A dance was held in the evening at the Elks hall with Dubuc's orchestra playing.

Mr. and Mrs. Ronald Williams left for a honeymoon trip to Great Falls, Montana, stopping off at Cardston and Waterton Lakes en route.

For travelling the bride wore a suit of blue gabradine with matching accessories and Sweetheart roses en corsage.

The couple will reside in Vermilion where the groom has a grocery business. — Vegreville Observer

## Former Mannville Lady Dies

Friends in Mannville and Vegreville will regret to learn of the death of Mrs. Wm. Whitehouse Sr. which took place in Edmonton recently. Mrs. Whitehouse was the widow of Mr. Wm. Whitehouse, Editor of the Mannville Mirror in that town for several years, later moving to Vegreville. They went from Vegreville to Burns Lake where Mr. Whitehouse died. Since that time Mrs. Whitehouse has been living with her son William in Edmonton.

NOTHING BUT THE TRUTH By Arnold

## NEWS from KITSCOTY

Mr and Mrs. J. G. Inglis and Marion accompanied by Miss 'Kelly' Tyler are enjoying a vacation at the west coast.

Mr and Mrs. Chris Cairns Jr and family of Edmonton spent the holiday week end visiting here with Mrs. Cairns' parents Mr. and Mrs. C. N. Gray and relatives.

Mr and Mrs. Anderson from Glen Park visited with their daughter and son-in-law Mr. and Mrs. M. Sparrow and family for the week end. Also visiting was Mrs. Sparrow's sister Mr Fred Hamilton and family also from Glen Park, Alberta.

Mrs. A. C. Linsdell of Edmonton and a cousin Miss Nora Wood of Vancouver are spending the summer here on the farm.

The following folks are holidaying at Loon Lake, Sask. at present: Mr and Mrs Wm Tipper and boys, Mr and Mrs. D. Vennance and Mrs. P. McLean.

Mr and Mrs. J. McCorry and Sheila left last week for a month's holiday in California and Mexico.

Miss Jean Trask of Saskatoon is visiting with her aunt and uncle Mr and Mrs R. D. Trask and cousin Nita.

Mr and Mrs Fred Drus and Peter accompanied by David Smith spent the holiday fishing at Loon Lake.

Mr and Mrs. Bob Potter and family of Edmonton spent a few days last week at the home of their parents Mr and Mrs Alex Potter.

Mr and Mrs. Alan Batty and his mother Mrs. H. Batty spent the week end on a fishing trip to Loon Lake.

Mrs. F. M. Inglis and Eder of Delph, Yorkshire, England visited with Mr and Mrs R. S. Pidcock and other relatives for two days last week.

Mr and Mrs. Fred Armstrong and family of Grand Centre spent the holiday visiting with their aunt Mrs. A. McClelland and other relatives in town and district.

Mr and Mrs. J. Porkorski of S. Edmonton visited with their daughter and son-in-law Mr and Mrs Donald McLean.

Visitors at the home of Mr. and Mrs. J. F. Finlin during the week end were Mr and Mrs. Victor Stott, Miss Doreen Cameron and Mr Lionel Foley, all of Vegreville.

Mr and Mrs. R. Milligan and family of Edmonton spent the week end at the farm home of Mr. and Mrs. Henry Joy.

The Kitscoty ladies' fastball team took in the Mannville Sports on July 1 and won second money. 'Good going, gals!'.

Miss Betty Gray has left for Edmonton to attend summer school at the U. of A. for the next six weeks.

Miss Beth Tyler is home again from teaching in Vermilion and has accepted a position in Stordy's store for the summer holidays.

Miss Marlene Quinn of Edmonton spent the past week end here at the home of her parents, Mr. and Mrs. C. Quinn.

LS Theodore May, RCN, is spending his holidays here with his folks, Mr. and Mrs. R. E. Lascelles and family.

TOLLAND PICNIC

Tolland F.U.A. will hold their annual picnic on Wednesday July 21. Dance at night. Everybody welcome. 24c

*How to say Hello to a GARGOYLE*

Afraid of heights? Then you wouldn't want to be one of the men who recently did repairs up among the gargoyles of the Peace Tower, atop the Parliament Buildings in Ottawa. The scaffolding, rising 280 feet, was the highest ever erected in Canada. We were pleased but not surprised, that it was made of light, strong, easily assembled aluminum tubing — 37,000 feet of it. Saved a lot of time putting up and taking down. And incidentally saved Canadian taxpayers a tidy sum of money. Aluminum Company of Canada, Ltd. (Alcan).

# Sixteen Years Ago Today

*July 7, 1938*

Miss Ernestine Capsey has resigned from the high school staff to accept a position at Red Deer.

Rainfall at the V.S.A. from June 28 to July 4 totalled 2.7 inches, [illegible] just at a critical time in the development of the crop.

Thirty farm women are attending Farm Women's week at the V.S.A.

Vermilion ball club played three consecutive games to win the July 1st tourney at Mannville.

# Thirty-two Years Ago Today

*July 5 1922*

District hereabouts has received copious rains this week and the crops are in excellent shape.

Vermilion athletes were prominent in the Dominion Day sports at Vegreville. C. W. Aikman won the tennis tourney, winning from Fred Mitchell the Edmonton champion in the final; Himie Bregman well known local football player won the open 100 yard and 220 yard dashes while Ashley Cooper won the boys 100 yards, 220 and second in the running broad jump.

Sam Ferrell fell from his wagon and broke his arm.

Hubert Winters and Johnny Anderson were slightly injured when the radius rod on the car broke resulting in the car tipping over.

# PARADISE VALLEY NEWS

Mrs. Chris Ooster is spending her vacation at Vancouver visiting with friends and relatives.

Mr. and Mrs. A. M. Levitt, Helen and Donald left on Thursday for a motor trip to Eastern Canada. They will pick up a new car down there.

We see D. B. Baxter and M. Hoskins driving brand new cars around town these days getting them at Marsden, Sask.

Mrs. W. A. Gunn and Miss Shirley Gunn left on Friday morning for a visit to Minneapolis and other parts of Minnesota where they have a number of relatives.

School days are over for students and teachers for another term. For some of the teachers it is summer school while others are taking well earned vacations.

Mr. and Mrs. M. Hoskins left on Saturday for a three weeks holiday to be spent in travelling in the States, coming home via South Dakota which is Mr. Hoskins' home state.

We regret to hear that Mrs. Wm. Mayo is a patient in the Lloydminster hospital. Her many friends wish her a speedy recovery.

On Thursday evening June 24th Paradise Valley Little leaguers went to Lone Rock to play a double-header. The first game was a five inning affair in which P.V. built up a comfortable lead using W. Sunderland and Gerald McLean as pitchers with Frank Knox catching. Both teams showed up very well. The boys then had a picnic on the grounds and at 7.15 went at it again. This proved to be a very interesting game as both teams held their own very well. At the end of the 6th inning it was tied at 10-10. One more inning was played to try to break the tie but both teams played well and so the game ended in a draw, called on account of darkness. Will Sunderland caught with Larry Flint, Billy Johnson and Gerald McLean pitching. It is interesting to note the great improvement in these two teams over their form of a month ago and by the end of the season a very good exhibition of baseball certainly should develop.

Mr. and Mrs. Donald Beckett and son Neil of Hazeldine are spending their vacation with Mr. and Mrs. Fred Beckett.

The Church of God have completed four days of special service. Three main services were held daily from the 1st to 4th of July. The speakers were Rev. L. R. Hoffman of Saskatoon and conference leader Rev. W. G. Ewert of Camrose.

The weather during the past week has been on the brighter side but we certainly need some warm weather to bring the crops along as they are sadly behind for the first week in July.

The boy scouts are camping at Clear Lake for the week. Mr. D. Churchill and Mr. T. Raynon are in charge of the boys.

Mr. and Mrs. C. A. Richardson and family spent the week end visiting with Mr. and Mrs. Acaster at North Battleford.

# News Notes From Your District Home Economist

VEGETABLES MAKE THE DINNER PLATE

Fresh garden vegetables are soon to be enjoyed by many. Try out new ways to serve the everyday vegetables to add variety and interest to your meals.

*BAKED BEET CASSEROLE*

- 4 tbsps. butter, melted
- 4 tbsps. flour
- 1 cup water
- 4 tbsps. brown sugar
- 3 tbsps. horse-radish or grated orange rind
- One-third cup dry bread crumbs
- 3 tbsps. butter

Blend butter, flour, add water gradually, cook until mixture begins to thicken, stirring constantly. Add salt, sugar, horse radish, beets. Pour into greased baking dish; cover with crumbs, dot with butter and bake in moderate oven (375), about 20 minutes until crumbs are [illegible].

Send for "Vegetables Make the Home Plate" for many other tested recipes.

PRESERVE BY FREEZING

"Preserve By Freezing" is the booklet every home freezer owner should have on hand. Advantages of freezing compared with other methods of preservation are:

More of the food value is preserved.

The product more closely resembles the fresh food in color, flavor and texture.

Less labor and time in preparation and cooking are required.

SAFETY IN YOUR HOME

Short circuits can cause fires! So take good care of electrical appliance cords and plugs, warns Miss Caroline Judson, Home Designing Specialist, Alberta Department of Agriculture. It can be a cheap form of fire insurance.

A common cause of failure on any lamp or electrical appliance is broken or crossed wires in an extension cord or plug. Repair it at once and you eliminate the danger of a short circuit and possible fire.

Miss Judson outlined a few suggestions for making cords last longer. They are as follows:

1. Don't pull cord to disconnect appliance, grasp the plug itself.
2. Don't place cords under radiator or pipe — heat dries and cracks the rubber insulation.
3. Don't run cords under rugs where they may be walked on or where furniture may puncture the cord causing a short circuit.
4. Don't place cords in door jambs for shutting the door will squeeze the cord causing a short circuit.
5. Don't put tangled cords away or hang them over a nail, coil the cord loosely and hang over a thick wooden peg or place in cool dry [illegible].

These precautions don't cost anything in time or effort, but they certainly can pay by preventing a short circuit and subsequent fire.

# THE VERMILION STANDARD

Vol. XLVI. No. 4. Vermilion, Alberta, Thursday, July 15th, 1954. 12 PAGES $2.00 a Year

# "All Aboard For The Big Fair"

## Thursday, Friday, Saturday, July 22, 23, 24

Less than a week from now Vermilion's 49th annual exhibition will swing into action and from all indications will be the biggest and best in almost half a century of operation. Reports from A and B class fairs all over the west say that attendance records are falling by the wayside in no uncertain terms and it is expected that the same will apply at Vermilion.

Everything is now in readiness to receive exhibitors and patrons and all can be assured of a most cordial welcome to the 'Friendly Fair' here. Advance ticket sales have reached a new high and as the supply is limited all wishing to effect worthwhile savings in taking the family to the fair should make it a point to buy their tickets without delay. It has been repeatedly stated that no additional tickets will be printed and when present supply is exhausted no others will be available.

MANY INTERESTING DISPLAYS

Exhibits will be heavy in all cases and the display buildings are already completely sold out. The Board of Grain Commissioners for Canada are bringing a special display, using the entire end of one of the larger halls; the Northwestern Utilities will have on display a complete well drilling outfit in the display building and the Dominion Department of Agriculture also has a most interesting display. Other firms will also compete to make the 1954 exhibit one well worth while to see.

LARGER MIDWAY NEEDS MORE SPACE

The brand new midway has broken all records and have asked for additional space in which to set up their fine collection of rides for the kiddies. The grandstand attractions are par excellence and include such fine shows as the four Karis, a beautiful attraction replete with thrills, the Les Aeros who perform nerve tingling feats on a revolving aeroplane, the Arwoods with one of the finest presentations ever to be seen in Canada. This act features two 'pink poodles' and their antics will delight the youngsters and the oldsters as well.

Prominent among the attractions is the act staged by the Phillips Family in a swiftly moving panorama of juggling, this being no ordinary team of jugglers, by any means. The Flying Meteors are a group of sensational aerialists who have performed their way right to the top of the profession and come to Vermilion straight from a long season with the larger circuses of the U.S. Mike 'Miguelito' Gesca is a sure-fire hit in his comedy act and the kids will really get some thrills from this famous comedian.

Space does not permit an outline of all the acts arranged for your entertainment, so we merely urge that you make sure to get your advance tickets and come to Vermilion Fair July 22, 23 and 24.

DAILY PROGRAMS

The Standard is glad to print for the information of its readers the following daily programs which give an indication of the fine show that awaits patrons of Vermilion's Friendly Fair, where your dollar goes twice as far as at any other fair in Canada.

*THURSDAY, JULY 22*

10 a.m. — Exhibits in place at exhibition grounds.
11 a.m. — Judging begins in the buildings.
1 p.m. — Show and sale of Vermilion and Mannville Calf Clubs.
1 p.m. — Judging in the Junior Livestock classes.
2 p.m. — Midway opens.
4 p.m. — Exhibit halls open to public.
7 p.m. — First grandstand show complete in every detail.

*FRIDAY, JULY 23*

10 a.m. — Livestock judging in rings west end of ground; horses, cattle, sheep and swine.
1 p.m. — Livestock judging continues with Light Horse show.
1 p.m. — Exhibits and displays open.
2 p.m. — Afternoon grandstand show.
7 p.m. — First evening grandstand show.
7 p.m. — Livestock parade.
9 p.m. — Second evening grandstand show.

*SATURDAY, JULY 24*

10 a.m. — Livestock judging resumes and continues throughout the day.
12 noon — Exhibit and display buildings open.
2 p.m. — Afternoon grandstand show.
5 p.m. — Exhibits close.
7 p.m. — Evening grandstand show.

## Doubleheader League Baseball On Sunday

### St. Paul vs. Vermilion

A doubleheader will be played at the Vermilion baseball park Sunday at 2 and 5 p.m. when St. Paul make their first appearance of the season here. Two good [illegible] are anticipated which will find the players at the very peak of their [illegible].

*LEAGUE STANDING*

| St. Paul | 6 | 2 | 4 | .333 |

## Alberta Poultry Commissioner To Speak At Vermilion

Mr. R. H. McMillan, Poultry Commissioner for the province of Alberta, will be in town from Edmonton to attend a meeting of the Junior Turkey club called for 7:30 p.m. July 20 in the court room.

Mr. McMillan will speak on the care and feeding of chicks and poults. He will also discuss poultry diseases and answer questions asked on diseases.

Many raisers of poultry suffered heavy losses this year from various diseases of chicks and poults. Some of these diseases are new in this area so here is a chance for poultry raisers to get first hand information. Everybody is welcome to the meeting to hear Mr. McMillan.

## Graduate Nurses Elect Officers

The Vermilion Chapter of Graduate Nurses held their election of officers at the farm home of Mrs. Hilda Cross. The officers elected for the ensuing year are:

Hon. President — Miss A. Keith
President — Mrs. Edith Waldenberger
Vice President — Mrs. Kay Brix
Secretary — Mrs. Doris Coulter
Treasurer — Mrs. Pat Tucker
Telephone Committee—Mrs. Nellie McFadden and Mrs. Amy [illegible]

The retiring president, Mrs. M. Callas, thanked the members for the help given her during the past year.

Mrs. Edith Waldenberger was then called upon to give her report on the Canadian Nurses' Association 27th Biennial held in Banff Springs hotel June 7th to 11th. The report was illustrated with pamphlets, menus, and literature from other provinces. This is a convention to look forward to attending another year.

Of the 25 members enrolled in the Vermilion Chapter, there was an average attendance of 14 during the nine meetings held during the year.

If you are a graduate nurse please join forces this fall when meetings are resumed.

## M. P. Visits

Mr Charles Johnson, member of parliament for the Bow River riding, accompanied by Mrs. Johnson and their daughter and son-in-law, Mr. and Mrs. Pickard, all from Calgary, were guests at the home of Mr. and Mrs. Robert Fair for several days during the past week. The two Social Credit members share an office in the buildings at Ottawa.

## District Calf Club Held Meet At W. L. Robinson's

The final meeting of the year for the Mannville and Vermilion Calf clubs was held on Thursday evening at the farm of Lyle Robinson. The show and sale of the members' calves on July 22 will complete the club's activities for this year.

After a short business meeting, E. H. Buckingham, District Agriculturist, gave instruction on judging of beef animals. The members then judged a class of fine Shorthorn heifers that Mr. Robinson intended taking to the Edmonton exhibition. Following the judging competition a demonstration on showing of calves was given by R. C. Moffat, Assistant D.A. Jack Cross and Lyle Robinson gave suggestions on the preparation of calves for show and sale.

It was announced that the Vermilion Agricultural Society will pay $3 to each calf club member who exhibits a calf at the Vermilion fair on July 22.

The club members wish to thank Mr. Robinson for allowing them the use of his farm and fine cattle during this meeting. This stock farm is ideal for meetings such as this, and has been used for this purpose for the past several years.

## Sees Lynx In Woodvale District

### S.-E. of Vermilion

*(From Woodvale News)*

Mrs. M. Watson, while working in the garden of her farm home in the Woodvale district, some 20 miles south-east of Vermilion, saw a great cat-like animal appear in an opening of the shelter-belt. She immediately called her sons but they jokingly teased her saying that she had probably seen the neighbor's Persian cat. However on attempting to follow the trail they saw a lynx disappear over the summerfallow. They tracked the animal, following it's great footprints, but could not catch up to it. Lynx had been seen in this area years ago but are very, very rare now.

## To Attend Civil Defence Course

George Martin, Civil Defence director for M.D. Vermilion River No. 71 and the Town of Vermilion, will leave shortly to attend a civil defence course being held at Arnprior, Ont., 42 miles from Ottawa. The course commences on July 24th. George will travel by TCA and while in the east will visit his daughter Connie at Windsor.

## Mannville Plans Clean Up Day at Cemetery

MANNVILLE — There will be a clean up day at the Mannville cemetery Wednesday July 21. Bring your hoes, rakes, lawn mowers, grass cutters, etc., and help clean up and beautify the cemetery. This is a public cemetery and unless the citizens of town and district have enough interest to keep the grass cut and the weeds down it will soon be too over-run with them to do much about. So let's all help this year to make a general clean up.

## EIGHTEEN AIR CADETS OFF TO ABBOTSFORD CAMP

Eighteen air cadets of No. 97 Squadron, R.C.A.C. Vermilion, will attend the summer camp No. 2 at Abbotsford, B.C. The conducting officer is F.O. A. E. Moore.

The Air Cadets making the trip are: Cpl. Roebuck, H.; Cpl. Roscoe, A.; LAC Coyne, L.; Callaghan, G.; French, J.; Gannon, A.; Hough, M.; Klashinsky, R.; McDonnel, A.; Raun, G.; Sobey, A.; Tough, B.; Le Rossignol, A.; Isley, W.; Lind, R.; Ireland, W.; Gunn, G.; Ford, B.

The Cadets will form up at the C.N.R. station on Saturday morning July 17 at 1:45 for entraining for camp at Abbotsford.

*PERSONAL EQUIPMENT*

Each cadet should have comb, soap, toothbrush and paste, good lock and key, swimming trunks, a pair of walking shoes, pair running shoes, four pair socks, gym shirt and shorts, belt (black), button and shoe polish.

BOYS — Do not forget your permission to fly forms. Let's all have a good time.

A NOTE TO PARENTS

FO A. E. Moore suggests that each cadet takes from $15 to $20 spending money. On arrival at camp their money can be placed in the camp bank and the cadet can draw from this bank at any time.

The address of the cadets while at Abbotsford will be as follows:

Air Cadet (name)
No. 97 R.C.A.C. Squadron,
Air Cadet Camp No. 2,
RCAF Station Abbotsford
ABBOTSFORD, B. C.

## Silage Field Day At Castle Scott Farm

A field day for the demonstration of hay balers and silage cutters has been called for Castle Scott's farm at 1 p.m. Saturday July 17.

Mr. Scott is putting up silage in the modern way. A silage cutter is used in the field and the chopped up silage is taken in special racks to the trench silo where it is packed down by tractors. All the operations are done by machinery and pitch forks are not used at any time in the cutting or feeding of silage on the Scott farm.

A hay baler, a side delivery rake and new type power mowers will also be demonstrated.

District Agriculturist E. H. Buckingham states that storing of green crops as silage appears to be gaining in popularity in Northern Alberta. He says that it will pay stock men to see how silage is put up on Castle Scott's farm.

## Notice To Mannville & District Parents

To parents at Mannville whose children are to attend school on Thursday July 22 for their polio injection: As it has not been possible to arrange for the school buses, will all parents please make their own arrangements to bring the children in.

## AUGUST 2nd DECLARED CIVIC HOLIDAY BY TOWN COUNCIL

The regular meeting of the town council was held July 5 with Mayor S. C. Heckbert and Crs. D. R. Mitchell, H. J. Payne, G. W. Sutherland, K. G. Urquhart, Geo. C. Webb present.

Absent Cr. M. Hill.

A. E. Locke representing the Vermilion Curling club attended the meeting and discussed with the council the possibility of borrowing $40,000 under the provisions of the Municipal Capital Expenditures Loans Act for the installation of an artificial ice plant in the curling rink.

Correspondence: Dept. Public Works, lots D and E Blk. 20; R.M. Hardy and Associates re street paving; Dr D R Stanley and Associates re storm sewers; Canada Drafting and Commerical Art re Townsite map; J. J. Ouellette re Oilund Construction; W. C. Martin quotations on heating units; Geo. Senz, transfer Lot 22, Blk. 2; The Western Canada Water and Sewer conference convention date.

Following motions were passed:

That R. M. Hardy and Associates be hired on a 9½% basis re pavement engineering work.

That Secretary proceed to get a map of the town for the wall at a price of approximately $[illegible].

That W. C. Martin be instructed to install forced air furnace in the town hall, 200,000 BTU completely installed for $1047 and in workshop 165,000 BTU forced air for $725 complete and installed as per the quotation of June 28.

That application of George Senz and Wm. Dyck for permission to transfer lot purchase Agreement covering Lot 22, Blk. 2 Plan 6647-S be approved.

That H. J. Payne be appointed Deputy Mayor for July and August.

That Monday, Aug. 2 be declared a civic holiday.

The following building permits were approved: [illegible] Lot 22, Blk. 2, Plan 6647-S residence $[illegible]; F. Loveredge Lot 10 Blk. 3 Plan 6647-S addition to residence $[illegible]; Algot Osterberger Lot 11, Blk. 20 Plan 6647-S addition to residence $[illegible].

That the membership fees for swimming be turned back to the [illegible].

That the secretary be instructed to request the Vermilion River M.D. council to repair the road from Vermilion to the Protestant cemetery.

That council authorize payment of half wages of George Martin for period of being away on course on Civil Defence.

Town and water and sewer accounts were passed and ordered paid, same having been certified by the finance committee.

## Ab. Sinclair Retires From the C.N.R.

More than 43 years with the railway ended for Albert Sinclair, agent at Port Mann, when he left the station for the last time recently to go on pension. On leaving, he said he would devote his time from now on to raising bees, looking after his flower garden and adding to his stamp collection.

Born in Harriston, Ontario, Mr. Sinclair moved to Saskatchewan in the year 1910.

One year later he started with the Grand Trunk Pacific as an operator at Calder yards, Edmonton, and moved to Tofield soon after. In 1912 he opened the station at Tracina, on the Calgary-Edmonton line, where he remained as agent for one year. He later served as agent at Tofield, Wainwright, Kinsella, Bruce and Vermilion, Alberta before moving to Port Mann in 1939.
—C. N. Magazine.

## Death of Wm. Wilhite

Funeral services for a former Vermilion resident, William Wilhite who passed away at St. Joseph's hospital, Edmonton, on Tuesday, July 13 will be held at the United church, Vermilion on Saturday July 17 at 2:00 o'clock. Interment will be in the Vermilion cemetery. The deceased had reached the age of 85 years and at one time operated a blacksmith shop in Vermilion.

The trend towards automatic transmissions has reached the point where more than 1,300,000 Chevrolets in Canada and United States are now equipped with powerglide.

By The Agricultural Service Board

## RAT PROOFING OF BORDER LAND IS ADVOCATED

The meeting of the Agricultural Service Board of the M.D. of Vermilion River, No. 71 was held at Kitscoty on Monday June 28 with Messrs. H. Haan, J. C. Wallington, J. C. Anderson, Sol Lamp, E. H. Buckingham, A. Houack, A. Clarke and J. McLean present.

Mr. H. Haan was appointed acting chairman.

TOAD FLAX CONTROL

The board recommended to the council the adoption of the Government assisted program whereby the Government and the M.D. will share equally with the farmer for sodium chlorate used in Toad Flax control, and that the maximum of three bags per quarter section be allowed. Oil.

It was moved and carried that a weed inspector be employed for a period of two months at a salary of $8 per day and 12 cents per mile for necessary travel.

RAT PROOFING

A motion was carried that the Provincial government be asked to rat-proof an area from the town of Provost north to the Saskatchewan River similar to the program developed from Cypress Hills to Provost.

CHECK FOR RATS

It was moved and passed that the weed supervisor be instructed to check farms in Range 1 for rats, put out warfarin and to gas buildings where necessary. This is to be speeded up as soon as weed control work is finished for the season.

The board recommends to farmers the planting of trees around buildings for a better place to live, across fields, as a means of protection against soil drifting and to increase the value of the farm, and along roads to prevent snow drifting.

John Anderson, Dewberry, Re-elected President

## F. U. A. District No. 7 Hold Successful Convention

District No. 7 of the F.U.A. held a successful convention recently at the Vermilion school of agriculture. The gathering was somewhat smaller than last year due to the late seeding operations in the district, despite this however, over 100 delegates, visitors and officials were in attendance.

District President J. Anderson opened the convention and later acted as chairman, as did Andrew Wood, Provincial Vice-President. E. P. Taylor, District Vice-President and F. Collins. Mrs. Mildred Redman and Mrs. Myroniuk acted as convention secretaries.

Mayor Heckbert, welcoming the convention for the fourth time to Vermilion, stated that he and the citizens of the town tendered a genuine welcome and the hope that the F.U.A. gatherings would return year after year. He urged that all feel free to make use of the Vermilion park which had recently been officially opened. Striking a serious vein Mr. Heckbert said that he knew deliberations of the convention would be overshadowed by existing circumstances in a year when farm income had dropped 15 per cent, and that residents in towns and cities were feeling concerned because of the possible effect on the community as a whole as well as on the welfare of their rural friends. It was encouraging however to see present so many of the young men and women on whom so much would depend in future.

Mr. Urquhart, representing the Vermilion Board of Trade also welcomed the delegates and said that the Board was very keen on enlisting farmer members. He invited all to call on the Board for help in community projects and then outlined the facilities to be enjoyed at the new park and closing wished the convention well in its deliberations.

Mr. Bentley, Principal of the school of agriculture said that in returning to the school and in using its facilities, the delegates would encourage many others to attend the various activities held there. He mentioned the Farm Women's week as being of particular interest to those present and said that there were still some accommodations open for ladies wishing to attend.

Mrs. Mildred Redman, District F.U.A. director, the only woman holding this office in the organization, reported on district activities for the last year. She congratulated M. Chmiliar of Myrnam, as sub district director of the most active and efficiently organized area in the district, and mentioned Dewberry local as that having the largest membership gain. Mrs. Redman was later re-elected by acclamation for her third term as Director.

Mrs. Winnifred Mathieson, District F.W.U.A. director related the various projects of the Farm Women's Union, and reported on the Farm Young Peoples week. She too, was returned to her office by acclamation.

ANDERSON RE-ELECTED

Election of district officers returned J. Anderson of Dewberry as President while H. Bente will serve as Vice-President. Miss Della Christopherson of Wainwright was elected Junior Director. Sub-district directors elected for the coming year were M. Chmiliar S.D. 1, Geo. Jack S.D. 4, L. [illegible] S.D. 5, W. Pugh S.D. 6, W. C. Dewar S.D. 7.

PROVINCIAL PRESIDENT SPEAKS

Speaking to the convention during the afternoon session Provincial President Henry Young complimented District 7 on the interest they have shown in F.U.A. work and in the fine way in which they conducted their convention. He urged that more time and money be spent on organization work as a united and vital organization was needed to counteract present conditions. He urged continued demands for Livestock Marketing boards and for public ownership of electricity. In referring to the high price of gasoline, Mr. Young told of the success achieved in Saskatchewan by the setting up of a Co-op refinery and felt that it might be profitable to explore the possibilities of a similar project in Alberta.

OFFICE BUILDING FUND

The Building fund, which is being raised to erect an F.U.A. office in Edmonton had reached $27,000, said Mr. Young. Further contributions were still necessary, however. When asked what was being done to alleviate the adverse conditions facing the farmer, Mr. Young stated that a set floor price on grain had been requested and that a delegation to Ottawa had suggested lowering of trade barriers and taking currency other than our own or barter.

ADDRESS BY MRS. TAYLOR

Mrs. W. C. Taylor, Provincial F.W.U.A. President, opened her address to the gathering by explaining the stand taken by the F.W.U.A. on the teacher-training program. As a former teacher she could understand the feeling of the teaching profession and of parents to the plan. However, in her travels about the province she had met too many parents whose children were being taught only by supervisors and by correspondence and that as a wholly temporary measure, the six weeks training course might help. She touched upon the tentative plans being made for much needed Homes for the Aged and the forthcoming grants to assist in the building of such homes. As much of her work is concerned with legal and income tax problems, she outlined some of the clauses which might save farmers and their families both money and worry.

IMPORTANT RESOLUTIONS

The convention voted solidly in favor of resolutions asking for the Livestock Marketings Boards, for a rural pickerite on the rural electrification system, and for provincial long term loans to young farmers. They asked amendments to Pension Laws, Community Property Laws and Intestate Succession Act, and for car insurance financed by a gasoline tax.

## 50 M.P.H. Speed Limit For Night Driving

Fifty miles an hour has been the maximum speed for night driving on Alberta Highways since July 1 the Provincial Secretary's Department once again reminds motorists.

Previous speed limit was 60 miles an hour, either day or night, but amendments to the Vehicles and Highways Traffic Act which took effect July 1 make the speed limit 50 miles an hour "when the vehicle headlamps are required to be alight" or 60 miles an hour at any other time.

Other amendments call for an automatic suspension of a person's driving licence for 12 months on conviction of being in charge of a motor vehicle while intoxicated, and for six months if convicted of a charge of driving while his ability was impaired by alcohol; second and subsequent convictions on the latter charge provide for automatic suspension of the driving licence for a year.

Also new since July 1 is the new section of the Vehicles and Highway Traffic Act making it an offence to drive at such a slow speed as to impede or block normal traffic movement.

Operation of a motor vehicle while the driver's licence is cancelled or suspended calls for a sentence on conviction of 30 days minimum and 30 days maximum.

## Kitscoty Curlers Sponsor Sports

With proceeds ear-marked for their new curling rink Kitscoty is holding a big sports day on Wednesday July 28. Headlining the attractions are men's softball with prizes totalling $75 and ladies' softball with $35 in prizes. Junior baseball 15 and under and a variety of other features have been arranged promising an interesting day. Ball entries should be phoned to S. Speelman, Kitscoty.

## By Your District Agriculturist

# "GREEN ACRES"

CUTTING EARLY HAY

Last week I mentioned that brome and alfalfa hay should be cut now if the best hay is to be stacked and if a second crop of alfalfa is to be cut later. Live stock does much better on early cut hay. It was noted in driving across the district that hardly anyone had started haying yet.

SUNBURNED PIGS

Too much hot sun burns pigs and they usually become unthrifty and stunted. Provide shade and treat with crank case oil every few days.

SILAGE FIELD DAY

On Saturday July 17 at 1 p.m. a silage field day will be held at Castle Scott's farm south of Claysmore. Here is a chance to see green feed cut, chopped up and put into a trench silo.

4-H CALF CLUB SHOW

On July 22, the first day of Vermilion Fair a calf club show and sale will take place at the fair grounds. At 11 a.m. three calf clubs will be judged and then at 3 p.m. the calves will be sold by auction. From 1 p.m. to 3 p.m. the junior live stock classes will be judged. This is a good show and I would ask that more people than usual should come out to see what the boys and girls are doing.

POISONED WHEAT

A number of cars of wheat shipped from Alberta this spring were condemned for having treated seed. Most seed treatments are poisonous. It is hardly expected that any farmer would knowingly sell grain with even a trace of poison, hence it must be assumed that someone has been careless. Maybe the grain loader was not cleaned after hauling treated seed. Someone is going to get caught some time and I hope it isn't you.

2 4-D IN GARDENS

Some gardeners tried using 2,4-D to kill dandelions in the lawn and weeds around the sides of the garden but found that the spray drifted onto the flowers and vegetables causing heavy losses. Just a little more care is needed in using 2,4-D.

PUSH BUTTON MOWERS

These fellows who bought electric and gasoline motor driven lawn mowers are behind the times already. I have a picture taken of F. V. McHardy, Agricultural Engineer of Vermilion, sitting in a chair and guiding his lawn mower around by remote control. Ain't science wonderful!

PLYWOOD FREEZERS

We have some good circulars now on making plywood freezers and plywood granaries. All pamphlets are free of charge at this office.

## Alberta Artists Opportunity

The Alberta Government will buy eight oil paintings by Alberta artists for reproduction in the Alberta Golden Jubilee Anthology, Hon. C. E. Gerhart, jubilee committee chairman has announced.

After reproduction in the anthology, a book of fiction, articles and poetry dealing with Alberta, the paintings will become a permanent provincial art collection and will be exhibited in all major Canadian cities as part of the promotion of Alberta's Golden Jubilee.

Paintings submitted for consideration should be not larger than 30 inches by 24 inches, must be in oil and must be representative of the Alberta scene, although any subject material may be chosen. Paintings submitted for this competition may be sent to the Cultural Activities Branch, Dept. of Economic Affairs, Edmonton, with the competition closing Oct. 1, 1954. Each artist may submit no more than three paintings. Entries may also be considered for adjudication for the biennial exhibition of the National Gallery.

Mr Gerhart also announced that the closing date for literary submissions to the Jubilee Anthology had been extended to July 20, 1954 from June 30.

## July 19, 20, 21

Derwent, Alberta
July 6, 1954

The Editor,
The Vermilion Standard.
Dear Sir,

Having just read your highly inaccurate report of the baseball tournament at St. Paul, especially insofar as it concerns the semi-final game between Vermilion and Derwent, I felt it important that your readers, a large number of whom are loyal Derwent fans, get a true account of what took place.

It is a fact that we found it necessary to bolster our player roster, with some Edmonton players (by the way only Kinasewich and Ullman are or were Oil Kings) but then what club represented in said tournament didn't obtain help? Vermilion itself wasn't ashamed to utilize the services of Mike [illegible], a perennial Derwent stalwart now residing in Edmonton, to pitch against us in the semi-final and a great job he did too! We deplore the necessity of spiking local teams as well as you do, but if we small towns wish to make a [illegible] showing we have no alternative.

A further inaccuracy crops up in your report. Les Williams is a good ball player and a powerful hitter, but if he ever hit a home run off Lefty [illegible] it wasn't in this tournament, as Mel Force pitched eight innings against Vermilion, [illegible] working only in the 9th and Les never faced Lefty. Further Les's home run came with no one on base — it was Clark (it's quite a distance from Fort Saskatchewan to Vermilion too) who homered with two mates aboard to put Vermilion ahead for half an inning in the ball game, which lead they relinquished as soon as our club came to bat. If your correspondent searches his memory he will discover too that it was three local boys, Metrunec, Medryk and Lychak who broke up this ball game at that point by their timely and powerful hitting.

I wish to thank you for granting us the space and opportunity to clarify the facts to all our fans and friends.

Charles Gordon,
Manager Derwent Baseball Club.

Editors note — The Standard stands corrected and admits that the story as published was the result of some long distance reporting. As a matter of fact the Standard and the baseball minded people of Vermilion admire greatly the calibre of baseball played by the Derwent club and the initiative they show in competing in the better baseball tournaments around this section of Alberta, against teams representing very much larger centres.

## NEWS from VANESTI

The school closed with the usual smiling faces of teacher and the pupils. The term was completed with the F.U.A. picnic which was a very successful event. A full report has not yet come to hand.

Congratulations and best wishes to Mr. and Mrs. Karre Seite for a long and happily married life.

At last the district has been enjoying some nice sunny weather. This has improved crops and gardens a great deal. A good rain right now would be appreciated.

Mr. and Mrs. Coleman and family and Mr. and Mrs. Clifford Oldenburg have returned from a nice fishing trip lasting 11 days.

Mr and Mrs. Roy Oldenburg and Mr. and Mrs. C. Flewell are away on a trip to the Calgary stampede. The Flewells will continue on to the States to visit with Mrs. Flewell's relatives.

Mrs. S. Oldenburg and Mrs. R. Ramsey and daughter are home at the ranch for the holidays.

Mr. and Mrs. Maurice Fox and daughter are visiting at the Allen home.

# Sports News

## Vegreville Lady Wins Local Golf Tourney

Twenty-five ladies competed in the annual open golf tournament held here on Sunday by the Vermilion ladies golf club. Winner of the championship flight was Mrs. Kae McKenzie (nee Dwyer) of Vegreville with the score of 102 for the eight holes. Mrs. McKenzie made a 55 on the first nine and then scored a sensational 47 on the second round. The 102 also won for her the low qualifying prize for the visitors. Taking second in the championship flight was Mrs. Emma Locke of Vermilion. Her 106 gave her the prize for the low qualifying score for members of the local club.

Winners of the other flights were as follow: — First flight — 1, Mona Pocket; 2, Hilda Cross.

Second flight — 1, Francis Mills; 2, Madelon Riley.

Third flight — 1, Jean Rowe; 2, Peggy Robson and Doris Greenwood, tied.

Fourth flight — 1, Betty Cross; 2, Louise Lang.

Fifth flight — 1, Gertie Simonsen; 2, Thursa Dixon.

Presentation of the prizes was made by Mrs. Mona Pockett, President of the Vermilion Ladies Golf Club following the final rounds. Mrs. Pockett also thanked several members of the men's club for preparing the course for the ladies tourney, several of them doing a lot of preparatory work as the club has not a full time caretaker as in previous years.

Two novelty prizes were awarded on hidden holes, Kae McKenzie winning with a low of five on No 5 and Marg Maclean the prize for high on No. 1.

The tournament was played under perfect weather conditions. The golf course benefitting from the copious rainfall received, is particularly beautiful and inviting.

## Vermilion Wins 2nd At Two Hills

Vermilion Tigers annexed second prize money of $300 in the eight-team two-day baseball tourney at Two Hills Sunday and Monday. They won their first two starts and then dropped the final to Two Hills by a 15-11 score.

Gerry Moffat's proteges defeated Derwent 11-9 in the first game with Ray Jones going the route for the locals. The semi-final resulted in a 4-1 victory over Cold Lake. This brought them against the hometown Two Hills team in the final. Both teams made numerous errors with runs scoring freely to make the final count 15-11.

First prize was $500 and second $300.

## City Girls Take Two From Cardinals

Vermilion Cardinals lost their two starts against a senior A team from Edmonton on Sunday before a large crowd of fans, by scores of 15-7 and 6-2.

The Truckettes, a senior B fastball ladies team, could not make the trip at the last minute with the result that the stronger ladies team representing Alex Auto Sales substituted for them, dishing up a very classy brand of ball.

In the first encounter Cardinals kept right up with their experienced opposition and at the end of the regulation 7 innings the count was tied up at 7-all. An extra frame was played and the strain seemed too much for the locals with the visitors running in eight counters.

SCORE BY INNINGS

| | | |
|---|---|---|
| Edmonton | 5 0 0 1 1 0 0 8 | 15 |
| Vermilion | 0 2 0 0 2 3 0 0 | 7 |

Batteries — Mona Hepburn to Cortguard for Edmonton; Eva Gordey to Trudy Beaton for Vermilion.

The second game was a tightly contested affair with runs proving hard to get as the 6-2 count indicates.

The showing of the local Cardinals against a team in the senior A division was very creditable indeed.

SCORE BY INNINGS

| | | |
|---|---|---|
| Edmonton | 0 4 0 0 1 1 0 | 6 |
| Vermilion | 0 0 1 0 0 1 0 | 2 |

Norma Cundal to Hazel Barr for Vermilion.

## Dewberry Sports July 28th

Senior and junior baseball and ladies softball are featured at the Dewberry sports this year on Wednesday, July 28. Entries should be sent to Neil Jones. A very fine list of attractions has been arranged for your entertainment.

Alberta's average rainfall from April 1 to June 30 this year was 6.28 inches against a normal figure of 5.26 inches.

TOLLAND PICNIC

Tolland F.U.A. will hold their annual picnic on Wednesday July 21. Dance at night. Everybody welcome. 2-4c

## Annual Open Golf Tourney Aug. 1 & 2

The Vermilion Golf club will hold their annual open golf tournament on Sunday and Monday Aug. 1 and 2. Entries are accepted up to 10 a.m. Sunday Aug. 1 by tourney secretary G. F. Stephens. The Rowe trophy is at stake. Monday has been declared a civic holiday.

## Fishing and Hunting With The 'Doc'

C. Neis did not have too much luck with the pheasant eggs and young chicks that did hatch, but we learned a lot and will be better knowledged for next year. The Association is still trying and we hope to have hens for next year. Then we will be able to have the eggs under their proper conditions.

DOG POISONING

One of our members lost three registered Labradors a while back, from the history and symptoms it looks very much like poisoning. These dogs were penned up and they could not bother gardens, etc. It is quite a loss financially, sentimentally and in time put into training these dogs, for the owner. The poisoning of dogs is one of the lowest tricks out and you know what should be done to anyone caught doing such a thing. If you know any definite information on the above or similar cases please let us know and the Association will make sure the matter is handled in the proper way.

FISH DERBY

The Fishing Derby in the Vermilion Lake will take place on Aug 22. Fishing will start at 6 a.m. and lasts until 1 p.m. Then we will have a dog demonstration put on by the Sporting Dog Club of Edmonton.

FISH LIMIT

For those who fish in the lake or river below, the fisheries have notified us that there IS A LIMIT on the number of fish allowed to be taken in one day: 15 of any one specie or for a party of fishers 25 aggregate, then only when the party has enough space in their lockers or freezers to keep the fish. Anyone caught catching fish and leaving them on the ground will be very severely dealt with by the Association and the Fisheries police.

It would be a good idea if those of you who fish in the river below the lake to take along a pail with you and those fish caught other than suckers put into the pail of water, taken up to the lake and released therein.

Like putting your grain in the bank when you store it in a BUTLER grain storage building

Bank your grain in a Butler grain storage building. Keep it safe, clean and bright, fully protected from weather, rats and mice. Keep your grain up to Food and Drug Administration standards for highest prices and profits.

Ready in a hurry. Whether you need storage space for 10,000 or 100,000 bushels, you can have a Butler grain storage building ready for use in days —ahead of the crop. Our complete service covers everything from planning to erection.

Use it all season. When your grain is marketed, use your Butler building for seed, feed, fertilizer, machinery or any other warehousing need. Get the complete facts — get our prices now! Call or write today.

The above building will be on display at the Lloydminster Exhibition, July 19th, 20th & 21st.

This is a new style building, 36x80 with 13-ft side wall which will hold grain up to ten feet on the side walls and also may be used for machine storage.

Be sure to see this building at Lavold's Ltd. display. Prices and particulars on hand. If unable to attend, write or phone for particulars to:

LAVOLD'S LIMITED

Lloydminster, Sask.

## LETTER FROM THE CAPITAL

# Legislature Considering Producer Marketing Boards for Farmers

EDMONTON. From the flat rejections of a few years ago, the Alberta government has progressed to a state of more active consideration of the requests of farm organizations for producer marketing boards.

First official word that such was the case came last week from Hon. L. C. Halmrast, Alberta's agriculture minister, as he spoke to the annual meeting of the Alberta Livestock Co-operative.

He said a livestock marketing board may be established later this year if there is sufficient indication that producers desire one. He indicated that the government is prepared to arrange a plebiscite. If two-thirds of those eligible to vote in such a plebiscite favored a marketing board, it would be established.

The government hopes to obtain [illegible] of producers' views on marketing boards through current meetings being held throughout the province.

The government's views as expressed by Mr. Halmrast contrast considerably with those of his late predecessor Hon. D. A. Ure, who told delegates of an Alberta Federation of Agriculture convention only last December that the present government was unlikely to pass legislation enforcing marketing boards. Mr. Ure said the government was "satisfied such legislation would not be in the interests of producers."

He was speaking to the group which has been most active in pressing for marketing legislation. The AFA's first submission on marketing board was made to the Alberta government in 1949 and has been repeated at every opportunity.

The Farmers' Union of Alberta also supports the proposal and at its annual convention last December approved a policy feature urging continual representation to the government for "adequate marketing legislation" to allow the establishment of marketing boards for any major agricultural product as and when a majority of the producers wish to employ such a system on an experimental basis to determine it it can improve the marketing of their products.

During the last legislative session, it was reported that producer marketing boards were discussed at some length in government party caucuses. Some of the members spoke out in the legislature about them, being careful not to give any indication of what the government had in mind.

William Masson, the Social Credit member for Wainwright, told the house he had been asked to support legislation for the marketing board. He said he favored them provided it was the wish of a majority of the fa[illegible] and would not result in curtailment of production. Peter Chaba, Social Credit representative of [illegible] constituency spoke in favor of the boards as a means of protecting the farm from an economic system which he claimed placed the farmer at the mercy of "gamblers".

Harry Lobay, Lac La Biche S.C. believed the boards should be established if farmers want them and he felt there should be caution in implementing them.

Not all members were in favor. J. E. Clark (SC-Stettler) said a majority of farmers did not want the boards because they were not sure the boards could help them. He urged a greater study of the proposals by the farmers before they continued their demands.

CCF member for Willingdon D. Dushenski, believed the farmer desired the boards as a means of giving the farm industry stability.

The form the boards in Alberta would take is still a matter of study. Mr. Halmrast told the livestock co-operative that in Manitoba a proposed board would be given power to control eventually all aspects of livestock marketing, including [illegible] prices. In the initial stages it [illegible] act only as a bargaining agent between buyers and producers.

He spoke of varying reactions to marketing boards and said opinion of B.C. fruit growers on their board established for some time, is divided.

Throughout period of controversy in Alberta, government officials and others have stressed that the wishes of the individual farmer were unknown. This is the main thing to be established in the next few months.

## NEWS OF THE DISTRICT

# Work Day Planned At Islay Cemetery

A meeting regarding the cemetery at Islay was held Monday July 12 at which it was decided to call a "work day" on July 21 beginning at 2 p.m. During lunch period a meeting to discuss various items will take place. By the way, lunch is free! It is hoped all who have an interest, or otherwise, will come and bring your own tools with which to work. Remember — July 21.

W. A. MEETING

The W. A. meeting held at Mrs. Doris McFadyen's was a very successful one, with 23 present. It was decided to have a day during the last week of July to clean the church. Mrs. Chrissie Gould gave the W.A. a great quantity of woollens with which to have blankets made, now the W.A. is waiting for a shipment to Fairfield's. There are also some nice clothes for Korea which it is hoped to add to and ship early in the fall.

Mr. and Mrs. Bill Shaw and Jimmie attended the Edmonton [illegible]hibition and were up in time to see the opening parade.

Miss Shirley Bootsman of Jasper Place is visiting with her cousins Janet and Sandra Bell and Marion and Jack Teskey.

Mr. Bill Davies is a patient in hospital. It is hoped that he will soon be well and out again.

Everend Inman is driving a new and larger station wagon.

Mr. Jack Carey left by plane from Edmonton last Tuesday at 1 p.m. landing at Dorval airport Montreal in 13 hours flying time. He enjoyed the trip immensely. Mrs. Carey is already in the east.

VERMILION PARK POPULAR

Many are really enjoying the Vermilion Park lake. The writer has heard many say — "Why go so far to a lake when Vermilion is so handy and where there are so many facilities?". On Sunday afternoon the Teskey and Bell families enjoyed a picnic supper there.

SUNDAY SCHOOL PICNIC

On Friday July 9th the United Church Sunday school enjoyed a picnic on the Anderson farm by a very lovely grove of trees. There is a fine pond there which is always full of water. There is an easy approach and some gravel and [illegible] would make a small beach for the kiddies. There is a nice spot for ball and other games. The children entered into games with [illegible] even after all the prizes were given out they still wanted more outlets. "Never mind prizes, we just want to play", they said.

Mr. and Mrs. Bill Waterfield, Mr. Bowser and Ken motored to Edmonton last week [illegible] to visit Mr. and Mrs. Earl Bowser who have [illegible] returned from a year in Pakistan. Earl reports a grand trip home with stop-overs at Cairo, Rome, Sorrento, Capri, Geneva, Amsterdam, Paris, Glasgow, London and Montreal.

Shirley Fortien celebrated her twelfth birthday last Wednesday by having several of her friends in for a tea party.

Mr. Bowser is having a holiday in Winnipeg and will fly home about July 20.

Dena Pearce of Regina has been spending a few days with her cousin Kenny Gunn.

Kenilworth had a very successful day for their picnic July 7th. The extreme heat didn't seem to bother the ball players and a good time was had by all.

# Graduate Nurses To Meet July 19th

The Vermilion Chapter of Graduate Nurses will meet in the high school July 19 at 8 p.m. sharp.

Miss Lois Kremer of the Civil Defense Health services will give lectures on 'Polio Nursing'. All nurses in the district should make it a point to attend.

# Bowtell Bulletin

Deepest sympathy of everyone in the district is extended to the Dixon family in their bereavement. Mrs. Dixon had been in failing health for some years but it was little thought that the end was so near. The deceased was an old timer of the Bowtell district.

Friends were sorry to hear that Mrs. Repp had to spend a few days in hospital suffering from sun stroke while she was away on holiday attending the Calgary stampede.

Ernest Sweeney was a recent visitor for a few days at the home of his grandparents Mr. and Mrs. E. Jones.

The writer was pleased to have the children's uncle Jack [illegible] visit last Friday. Jack says there is no place like Vermilion.

The Williams, Robinsons, Mrs. A. Ronaghan and family, the Jones and Carns all enjoyed Sunday afternoon at the Vermilion Park lake. It is certainly one grand spot for an outing.

The big new barn at Walker's is nearing completion. About 15 men ran the cement foundation in two days.

Granny Robinson is back in the district for the summer holidays.

It was pleasing to [illegible] Mrs. Reed of Tulliby Lake and Miss Kay from England present at the last church service held at Pleasant Valley.

This writer is sorry to learn that at time of writing our Pleasant Valley scribe is in the hospital.

Mrs. [illegible] is spending a vacation [illegible] and family and her [illegible]. She arrived from Vancouver on [illegible].

Mr. and Mrs. [illegible] and Jack [illegible] were Friday evening visitors at the Robinson home.

# John Bateman Dies In His 74th Year

Funeral services will be held on Monday at 1:30 p.m. at St. Margaret's Anglican church, New Toronto, for John M. Bateman, 73, of Royal York Road, who died Friday. He will be cremated at the Toronto crematorium.

Mr. Bateman, for 38 years a CNR employee, was well-known in Masonic circles. He retired in 1946. He was a past district deputy grand master of the Manitoba Grand Lodge, a life member of the Vermilion Lodge, and the Lakeshore Lodge, Mimico A.F. & A.M. and of the Toronto Society for Masonic Research. He was a past patron of the Rockwod Chapter, OES, and a member of St. Margaret's Anglican church, New Toronto.

He is survived by his widow, the former Margaret Anne Motley, a son James P. Bateman, Winnipeg, four daughters, Mrs. D. M. Bickford, Mrs. K. M. Fairchild, Dorothy Bateman, Toronto, and Mrs. H. C. Young, Long Branch, and a sister Mary Bateman, Wimbledon, Eng.

—Toronto Daily Star.

Mr. Bateman and family lived in Vermilion for many years and will be well remembered by many old friends here.

BABY & PRE-SCHOOL CLINIC

Friday July 23 — Paradise Valley school 2 to 3 p.m.

THIRD INJECTIONS OF POLIO VACCINE

Mannville Primary school on Thursday, July 22 at 9:30 a.m.

## Tips on Touring

By Carol Lane

Women's Travel Authority

It's never too hot to travel if you know a few simple tricks for keeping cool — while the sun is sizzling.

Get an early morning start, of course, that's Rule No. 1. By starting at 5 or 6 o'clock you can cover 200 to 250 miles before 11 when the sun really begins to bear down in earnest. Then, if you've planned that trip wisely, you'll be near a shady picnic spot or city park and you can rest a few hours during the heat of the day, eat a light lunch and let the children play under the trees or take a swim.

If your vacation time is short, you'll want to cover some more ground — well, that's easy. Start driving again around 4 o'clock when the sun begins to cool and you have time for another 200 miles or so.

Here are some heat-beating tricks while travelling: Always carry a thermos of ice water and fill it at each stop; eat lightly on long trips; and, even if you stop for little snacks along the way, you'll do well to avoid heat-producing sweets. Mothers will find that children are completely happy munching raisins or fruit — excellent hot weather foods.

Rest your eyes with sun glasses and carry a little jar of boric acid solution, too. A quick eye rinse at the end of the day is as good as a cold shower for relieving tired eyes. By all means take cream to prevent sunburn and windburn.

A jar of astringent pads is handy for a quick refreshing change of face. But don't use make-up if your face perspires — face powder cakes and become unsightly. A dash of cold water on the face is better than a beauty treatment.

Try these ideas for happy motoring and, if you have a trick or two of your own I would appreciate hearing about them.

# Kitscoty News

Sgt. and Mrs. K. R. Tinney of Calgary arrived for the week end and to take Mr. and Mrs. R. M. Mathewson back with them for a few weeks holiday, also visiting for the week end were Mr. and Mrs. George Mathewson and family of Heath, Alberta.

Mr. and Mrs. Fred Cooper of Edmonton spent the week end with their son Ralph, Mrs. Cooper and family.

Mr. and Mrs. Larry Watt and baby daughter are spending a few days at Biggar, Sask., visiting relatives.

Best wishes are extended for a speedy recovery to Mr. Thos. Givens a patient in the University hospital in Edmonton, and to Mr. Cliff Miller who is in Lloydminster hospital at present.

Mrs. George McTaggert has returned home from spending a months holiday with her daughters and families in Saskatoon.

Mr. and Mrs. Grant Evans, and boys of Dewar, Sask., are spending a holiday with Mr. and Mrs. Dick Evans and family, also visiting the Evans home last week was their daughter Mrs. Homer Hines and baby daughter Elaine of Streamstown.

Miss Marilyn Whitesides of Hazeldine visited at the home of Mr. and Mrs. R. D. Trask last week.

The following folks are all spending a holiday at Cold Lake: Mr. and Mrs. Jack Potter and David; Mr. and Mrs. Ralph Gray and family and Mr. and Mrs. Ken C. Gray and family.

Mr. and Mrs. E. Walker and family have now taken up residence in Vermilion.

Mr. and Mrs. Wm. Barge of Detroit, Mich., are visiting with Mr. and Mrs. Cliff Miller for three weeks. Mrs. Barge and Mrs. Miller are sisters; also visiting was Mrs. Wm. Ingram of Sarnia, Ont., an aunt of Mrs. Miller.

Mr. and Mrs. Paul Owen and Marylin, Mr. and Mrs. George McGregor and girls, spent a day at the Calgary Stampede en route to different points in the U.S. for a holiday.

Mr. and Mrs. Alan Batty and Mrs. H. Batty spent the week end in Edmonton where Mrs. H. Batty met her nephew Mr. Kelvin Nicholson of Tarawa, Gilbert Islands, who spent a few days here while on his way to the British Isles by air on leave.

# OBITUARY

*ANDREW MORRIS*

Funeral services for the late Andrew Morris who passed away on June 5 in the University hospital following a lengthy illness, were held at Islay United church on Wednesday, June 9. Interment was in the Islay cemetery.

The deceased was born in Russia 59 years ago but has been in Canada for the past 24 years. He first came to Toronto where he stayed but a short time coming west on a harvest excursion. Following the harvest he went to work with Mr. and Mrs. H. Redmond where he remained until Mrs. Redmond's death a year ago.

Andy was very quiet but always the same cheerful person ready to lend a helping hand if possible. He will be greatly missed by his many friends. There are no known relatives.

Moyers were in charge of the funeral arrangements.

Beautiful floral tributes and memorial donations were received from the following:

The Redmonds, Wildwood Community, Alf and Margaret Jack, Edwin and Dorothy Hearty, The Sholdice Family, Jim and Shirley Sholdice.

The Cancer Fund: Mrs. D. C. Drysdale, Bob and Sadie Drysdale; Anne Redmond.

Crippled Children's fund: Howard and Marjorie, Mr. and Mrs. W. A. Barnett, J. A. Barnett, Mr. and Mrs. Garfield Simmons.

Islay Church fund: Mr. and Mrs. Stanley Davidson.

# Of Many Things . . .

By AMBROSE HILLS

YOU HAVE A JOB

At this time of year a lot of young men and women leaving school are starting to look for work. Those who sit around the house or go about finding a job in a desultory fashion will be disappointed. Those who put in a good eight hour day looking for a job will very likely find one and do very well at it.

It might be wise if each candidate for a job reminded himself that he is already employed. His first job now, and always, will be on himself. If he does that job well, all other things will eventually come to him in full measure.

Once upon a time a young lad went to Mark Twain to ask advice about getting a job. Mark Twain told him to go find a man and work for him — for nothing if necessary to prove his worth. I know that was good advice, because that was the way I got my first good job.

It happens every day. Many of the big timers in radio or in the newspaper business got their job that way. They hung around a broadcasting station or a newspaper office and made themselves useful. Pretty soon they found a place on the payroll either at that radio station or newspaper or in some allied field. Nothing is ever wasted.

Everyone believes the old saying that you cannot get anything for nothing in this world. It is equally true that you cannot give anything for nothing. Honest, ardent service cannot go unpaid for long.

Ralph Waldo Emerson urged young men to remember that no one can cheat a man but himself. Give good service. If you serve an ungrateful master, serve him the more. Put God in your debt. You will be repaid.

Too many of us today look for the reward before we give the service. Too many demand guarantees, security, [illegible] pay [illegible] without first earning them. We seem to have forgotten the age old truth that he profits most who serves best.

Unemployed? You can never be unemployed as long as you are alive! Start to work now and the rewards will follow as sure as night follows day!

## Tips on Touring

By Carol Lane
Women's Travel Authority

Only about one owner in a [illegible] realizes that the blazing hot sun of July and August can damage his car as much as the sub-zero freezes of January and February.

The next time that you burn yourself on the sun-exposed parts of your car, remember these points:

1. Check tires carefully for worn and weak spots and be careful not to over-inflate since heat causes air to expand. That expansion might cause a blow-out.

2. In hot weather, keep a constant check on the cooling system temperature and make certain that the water is checked every time you fill the gasoline tank.

3. Take the advice of your service station operator on what grade of oil to use. He has a chart for your car.

4. It's important to have your car inspected and lubricated every 1000 miles. A good safety precaution.

5. Always park in the shade, if you have a choice; and summertime is no excuse to leave the car exposed overnight if you have a garage.

As in winter driving, the best guarantee for pleasurable summer driving is a combination of common sense and mechanically well-kept car.

## For Sale - Miscellaneous

B. W. Karman of Spokane, Wash., spent some days in Vermilion and Islay districts coming here for the funeral of his brother John Karman who passed away Monday of last week at Islay. Funeral services were held at the Islay United church on Thursday. Mr. B. W. Karman lived at Wainwright for many years leaving there in 1929 shortly after the big fire wiped out the business section of that town. He is well satisfied with his present location and is always pleased to see anyone from this area when in Spokane.

## LOCAL NEWS

Mr. and Mrs. R. S. Pidcock of Kitscoty wish to announce the engagement of their youngest daughter, Ella Miriam, to Brian Arthur Kent, only son of Mr. and Mrs. J. A. Kent of Marwayne. The wedding will take place on Wednesday, August 4, at Holy Trinity church, Irvineville.

Mr. and Mrs. Clarence Barr were in Edmonton on Tuesday to attend the exhibition and the Sonja Henie ice revue.

Mr. and Mrs. Ronnie Barwick and two girls of Elk Point passed through town on Wednesday morning on their way to the Edmonton exhibition and to the Sonja Henie ice revue.

Mrs. D. Brandein and son Raymond of Edmonton visited with Mr. and Mrs. J. D. Perkins for the past week. Doreen Perkins returned with her aunt for two weeks holiday and will attend the Edmonton exhibition.

Spending exhibition [illegible] in Edmonton is Miss Marion Barr, daughter of Mr. and Mrs. Manson Barr.

Lloyd McFadden was called to North Dakota this past week by the sad news that a sister had passed away there.

Mr. and Mrs. Bud Williams and two children of North Vancouver are holidaying with the former's parents south of Vermilion where a family re-union took place on Sunday, July 11. They will also visit Bud's sister Mrs. E. Johanson at Camrose before returning to the coast.

Mrs. E. O. Dow of Vermilion and son Earl of McLaughlin are holidaying and visiting relatives at Minomenee, Wisconsin.

## Mannville & District LOCALS

Mr. Sam Soldan of Vermilion is relieving at the Mannville Drug store while Messrs. Leslie and Edwin Torrance are on holidays. They are accompanied by Mr. C. Garrison of Red Deer. Mrs. Garrison and children are staying with Mrs. Torrance.

Messrs. Nick and Paul Krushinsky fom the coast are in Mannville visiting their father who is in the hospital.

Holidaying at Banff are Mrs. W. Sargent and two boys and Miss Adele Matney.

Mr and Mrs. Elmer Kreller and family are visiting relatives at Vancouver and Victoria for a few weeks.

Gloria and Doris McCauley now of Lloydminster were week end visitors with June Van Dusen. June and Carol McFadden returned to Lloyd with them.

Mrs. Mac Smith is relieving at Ralph's General store while Mr. Joe Meinichuk is on holidays.

Mr and Mrs. Ed Taber of Vancouver Island were Mannville visitors this week. They are guests of Mr. and Mrs. Del McFadden.

Master Ian Van Dusen attended the church camp this past week.

Mrs. Edith Pederson is relieving at the post office during vacation time. Miss Kay Sutton has returned from holidays and Mr and Mrs Crooks are at present holidaying at the coast and in the States.

Mr and Mrs Les Kreller and Mr and Mrs. Jas. Horne took in the Calgary stampede and then motored on to Big Fork, Montana.

Mrs. Fred Robinson and son of Devon were visitors at the home of Mrs. Robinson's brothers Mr. Will and Ed Barnes.

Mr and Mrs. Roy Hay are on holidays this week and next. The library will be closed on Saturday July 18 only.

Mr and Mrs Fred Proudfoot and girls are holidaying at Banff and points in B.C.

Mr Alan Emsland of Bowden was a visitor in town Tuesday renewing acquaintances with old friends. It is the first time he has been back since the family left in 1929.

Happy Centre W.I. members and their families held a picnic on Sunday at Vermilion Park. It was a good day and the children as well as the adults thoroughly enjoyed the outing.

Vacation Church school will be held in the United church hall from Monday July 19 to Friday July 23. This is open to all children.

## Holiday in England

Mrs. L. Eidem and daughter Miss Dorothy Eidem left on July 2 for a holiday in England and Europe travelling with the Overseas Education League of Canada. They sailed from Montreal on the Empress of France. Mrs. Oakley is spending the summer with Mr. and Mrs. Hawley.

Old pupils and friends of A. W. Prime who left here some 30 years ago after serving very acceptably as principal of the public schools for quite some years, will be interested to learn that he has just retired from the teaching profession. For the past 25 years he has been high school principal at Hanna. Both he and Mrs. Prime are in good health and plan to continue living at Hanna.

The following results were obtained by the music pupils of Mrs. D. C. Folk at the examinations conducted by the Toronto Conservatory of Music:

Practical Pianoforte — Margaret Goodwin, grade 9, Honors; Tom Kibblewhite, grade 7, Pass; Joan Stephens, grade 3, Honors; Tom Kibblewhite passed his Theory 1 with Honors.

Mr. and Mrs. Jim Emsland, daughter Sharon and son Roddy left on Tuesday by motor for Penticton and other B.C. points where they will visit relatives.

Visiting at the home of Mr. and Mrs. M. Barr is Donnie Lewis, 10 year old son of Mr. and Mrs. P. R. Lewis of Winnipeg who is spending the holidays here. Visitors at the same farm home for the past ten days were David and Timmy Bain of Edmonton.

BORN — Ron and Margaret Smith (nee Amos) announce the arrival of their son, Colin James, at the University hospital, Edmonton, on July 6.

Miss Marjorie Waidenberger is spending exhibition week in Edmonton, first at the home of Marilyn Batchelor and then with Eleanor and Irene Adam.

An S O S was received from Alex Stone this week asking to have his Standard forwarded to him at 7882 Jasper Crescent in Vancouver, and saying hello to all the boys in town and country.

Ashley Cooper received a very pleasant surprise on Saturday morning when he was visited by an old boyhood friend, Joe Gosnell who left Vermilion some 34 years ago never to return until this occasion. Joe was accompanied by his wife and they come from 4118 South Yakima, Tacoma, Wash. When living in this district they farmed north west of town, leaving shortly after Joe's dad returned from overseas following the first world war. Mr and Mrs Gosnell are travelling by car.

CLANDONALD HALL

At the Clandonald hall this week end July 16 and 17 "My Man and I" starring Shelley Winters, Ricardo Montalban, Wendell Cory and Claire Trevor. Next week 'Copper Canyon'. News reel with each program. 4x

DERWENT THEATRE

Showing at the Derwent theatre Saturday July 17 and Mon. July 19 at 9 p.m. "Down to the Sea in Ships" featuring Richard Widmark, Lionel Barrymore and Dean Stockwell, riding full sale into mutiny and high masted adventure. Next week July 24 and 26 'Rhubarb'. 4x

*APPRECIATION*

I wish to publicly thank Don McPhee and Walter Bezusiko of Rusylvia for their very timely help in putting out the fire on my tractor. This help resulted in saving the machine. Thanks again.

## Bride-Elect Showered

On the evening of July 6, about thirty friends and relatives gathered at the home of Mrs. Thelma Gould, to honor Miss Jennie Underdown with a surprise shower. The very surprised bride-to-be arrived amid a rain of confetti and the fun continued when all took part in making a very humorous bride's book.

A most wonderful assortment of gifts were wheeled in and when the dust cleared the room and the guests were covered with ribbon and wrapping paper. A table, in the centre of the room was also covered with gifts.

A most enjoyable lunch was then served and it was way past everyone's bedtime when the guests reluctantly left.

## Engagement of Allen Wells Announced

The engagment was announced at a party held July 1 in Black Rock, Barbados, B.W.I., of Mona Louise, daughter of Mr. and Mrs. R. H. Mayers, Black Rock, Barbados, to Mr. Allen R. Wells, B.Sc., the youngest son of Mr. and Mrs. E. Wells of Vermilion. Allen has been employed in the Barbados for the past year, organizing secondary school courses in Science and Agriculture. The couple plan to be married early next year in Canada and will take up residence in Ottawa where Allen has been engaged as a Science instructor.

## Visits After 29 Years

A friendship that has endured over 29 years of separation was renewed last Saturday to Monday when William D. Anderson of Austin, Texas, visited with Ashley Cooper and family. He was accompanied by Mrs. Anderson and 14 year old daughter Sally, the trip being made by car. During his stay Bill was interested in picking out his old landmarks and was greatly impressed by the obvious developments since his good old school days here. He is now a very successful building contractor in Austin, a city of some 160,000 people where he has lived for the past 16 years.

It will be recalled by old friends that Mr. Anderson graduated from the Vermilion high school, the Camrose Normal and then taught at Primula and Angle Lake schools. The year following he went to Detroit, Mich., as his parents and the family had moved there. That was his home for some 12 years and it was there that he received his grounding for the construction business which he now operates so successfully. The move was made from Michigan to Austin in the big state of Texas. Bill's office is only half a block from the State capitol and his home address is 3100 Beverly Rd. The visit of Mr. and Mrs. Anderson and Sally was all too short as they left Monday morning for a stop-over in Edmonton and then will continue on to Jasper to visit Bill's brother Earl Anderson and family.

## . . . WILDMERE WINKS . . .

The Gilholme family of Edmonton were visitors at the home of Mr. and Mrs. W. J. Garnett of Rosewood on Sunday July 4.

Mr. and Mrs. Albert Smith now have the telephone. Their number is 2214 or for a local call one long and four short rings. David Hughes is getting the phone too but not until he moves his house to a new location.

Triangle picnic had a nice day after the shower on Friday. Some good ball games were enjoyed. Triangle won 1st and Tolland 2nd money. A dance at night closed the big day.

There was a good attendance at church on Sunday evening. We were pleased to see Mr. and Mrs. Chas. Sweeney and family there.

Mr. Plante has been at Whitney Lake with the boys' camp. Over seventy boys attended. Church next Sunday at the same time, Rosewood school.

Mrs. Albert Matteo (nee Evelyn Howard) and little daughter Darlan from New Jersey, have been visiting her brother Lloyd and family of Wildmere. She also visited many of her old neighbors and friends as Evelyn herself was born and raised here, taking her public schooling at our little school.

Doris Fadden, 13 year old daughter of Mr. and Mrs. L. Fadden of our district, had her appendix removed this week at the local hospital. We all wish you a speedy recovery to health and home Doris.

Gary Cruthers is at present working for David Hughes of Rosewood.

News is rather scarce at present. But here's a reminder—Don't forget to attend Vermilion Fair next week.

## Borradaile District Lady Passes Away

Mrs. Clara Beatrice Dixon, beloved wife of Mr. Jos. Dixon, passed away at the Vermilion hospital on Saturday July 10 at the age of 70 years.

Funeral services were held at St. Saviour's Anglican church on Tuesday July 13 with interment in the Vermilion cemetery. The Rev. D.A. Ford officiated.

## Local Men Attend Parts Plant Opening

RED DEER. — Optimism concerning the future of the Canadian West was the key note of addresses delivered here by senior officials of Chrysler Corporation of Canada, Limited, on the occasion of the corporation's new parts plant and regional offices.

Heading the group, E. C. Row of Windsor, president and general manager of Chrysler of Canada told audiences of leading citizens and press and radio representatives that "this building means that Chrysler of Canada is determined to grow with Canada, that we are casting our lot with you and are becoming partners, in a very real sense, in the great business of developing the economic potential of the west."

Among local people attending the ceremonies were: A. Dobler, Innisfail; Alex. J. Marion, Vermilion; A. Hannochko, Paragon [illegible], Two Hills, Alta.

Referring to economic survey of Canada initiated by the company, Mr. Row asserted that the huge expansion program now being undertaken by Chrysler of Canada was amply justified by the forecast for [illegible] 20 years. "The added production facilities which the expansion program will provide, commencing early in 1955, has [illegible] necessary for the company to [illegible] up the tempo of its operations. The Red Deer plant is the third such establishment to be built by the company or brought into operation within the past year.

Explaining in detail the function of the new plant, H. J. Moore, general parts and service manager pointed out that automobile dealers seldom carry more than five or six thousand items in stock and that to ensure [illegible] of all parts needed for [illegible] delivery to a dealer, the Red Deer plant will stock upwards of 20,000 different items.

Introducing Mr. Row, J. H. Hinkey, staff executive to the president, referred to the company's confidence in Alberta's future growth and prosperity. "You may think this building looks big for a parts service plant," he said. "Well, it is big; it is bigger than we require at this moment. But Chrysler of Canada's management has great confidence in Alberta's future growth. You can see that we have [illegible] of land around this building and we are prepared to expand, if and when it becomes necessary."

During the two-day opening ceremonies the guests were taken on conducted tours of the plants and afterward enjoyed dinner and refreshments at the Red Deer armouries as [illegible] of the corporation.

MEETING THE WEED PROBLEM

During the past few years Canadian farmers generally have become very 'weed conscious' and they have been quick to adopt the latest and most approved methods of combatting weeds, but we are told that the number of prairie farmers who use weed-killing chemicals is still far short of what it should be.

The fullest measure of weed control calls for, first, the following of approved cultural and other practices, and then the use, to the limit of recommended chemicals. Only if this is done can the greatest benefit be derived from the materials which scientists have placed at our disposal and from the careful trials which have been carried out during the [illegible] few years by Experimental Farms and by various commercial concerns interested in this important field of agriculture.

## LOCALS

W. I. MEETING

Regular meeting of the W.I. will be held at the home of Mrs. Jim Cameron on Monday, July 19 at 3 p.m. 4x

## OBITUARY

*JOHN ROYDEN KARMAN*

Funeral services for the late John R. Karman, aged 79 years, who passed away in the Islay hospital, were held at the Islay United church on Thursday afternoon July 8. Capt. Hill of the Salvation Army conducted the services and interment was in the Islay cemetery.

The deceased was a bachelor farmer of the district residing there since 1921. He is survived by one brother R. W. Karman of Spokane, Washington, who attended the funeral.

Moyers Funeral Home were in charge of the last rites.

Mr. and Mrs. Gordon Hay and daughters Bonnie and Betty were visitors in town from Thursday last week to Sunday, during which time many old friendships were renewed. They now live at Hanna and Mr. Hay is superintendent of the Hanna school division.

Mr. and Mrs. Clarence O. Wilson and family accompanied by Donna Cooper spent Thursday at the Edmonton exhibition.

## Mannville Orangemen Observe July 12th

MANNVILLE. — Battle of the Boyne was celebrated by Mannville Orangemen and members of the Ladies Orange Benevolent Association by attending divine worship in Christ church on Sunday morning at 11 o'clock. Rev. R. Alcock was in charge of the service and also delivered the address. The Orangemen and Ladies formed at the Orange hall and paraded to the church.

On Monday evening, July 12, both Lodges met in the hall, the Ladies in the upper hall and the L. O. L. members on the first floor. The Royal Arch Purple degree was conferred upon a class of candidates. There was a large attendance. This was followed by a banquet and social evening by the two lodges. Mr. and Mrs. E. M. Tabor of Courtenay, B.C., were the honored guests for the social part of the evening. Mr. Tabor is a Charter member of the L.O.L. of Mannville and also a Past Master.

An Orange picnic has been arranged for Sunday, July 25. All those who wish to attend are requested to meet at the Orange hall at [illegible] o'clock when transportation will be arranged for them.

## Scandinavian Program At Elk Island Park

Sunday July 25 will find Scandinavians and their friends from all parts of Northern Alberta gathered for a celebration at Elk Island park.

Sponsored by the [illegible] Centre Co-operative [illegible] the picnic is intended to bring together all people of Norse descent for a unified program of the folk songs, folk dances and folk music of Norway, Sweden, Denmark, Finland and Iceland. With the artists in the colorful [illegible] of their homelands this [illegible] to be one of the season's outstanding outdoor programs.

Crystal MacDonald, well known Edmonton artist, will be the featured soloist and musical selections will be provided by the Lily Taylor orchestra. 6b

The program starts at 2:30. The regular showing of travelogues of the National Film Board will be given at 7:30.

## Bear for Punishment

ALASKA'S GIANT Kodiac bear plays rough. But the people who run the Bronx Zoo have found the perfect toy for him. It's an aluminum beer barrel, which in his playful moments he can bang, bounce and generally maltreat without serious damage. Having seen barrels (filled) being tossed around trucks, we can understand why breweries have turned to these rugged, attractive containers. Another reason, of course, is that aluminum is an excellent protector for food and drink, preserving their purity and flavour indefinitely. Aluminum Company of Canada, Ltd. (Alcan).

## National C. C. F. Convention In Edmonton July 28-30

Delegates from all over Canada will be in attendance at the National C.C.F. convention which will be held at the Macdonald hotel in Edmonton, on Wednesday, Thursday and Friday, July 28, 29 and 30. The convention will be preceded by a meeting of the National Council on Monday and Tuesday, July 26 and 27. A Trade Union-Farmer conference is scheduled for Tuesday a.m. July 27.

Mayor Wm. Hawrelak will welcome the delegates on behalf of the city at Wednesday morning's opening session.

On Tuesday evening, July 27, Premier T. C. Douglas of Saskatchewan, and Elmer E. Roper, M.L.A., Alberta C.C.F. Provincial Leader, will address a public meeting in the Masonic Temple.

M. J. Coldwell, M.P., National C.C.F. leader, and Angus MacInnis, M.P., will be the speakers at a banquet at the Macdonald on Thursday evening July 29.

Madame Therese Casgrain, vice-chairman, will address a women's luncheon at the Mandarin Gardens Wednesday noon.

A sight-seeing tour by city bus has been arranged for Saturday morning July 31.

WETASKIWIN REALLY 'WET'

The wettest point in Alberta's farming area this past spring was Wetaskiwin. From [illegible] 1 to June 28 a total of 9.08 inches of rain fell in that district.

## BOY SCOUTS ENJOY ANNUAL CAMP AT LAKE WHITNEY

Assembling at the Scout hall at 5 p.m. Wednesday, June 30 the gear was loaded on Bill Dixon's truck and with a number of private cars fourteen boys and Scouters Bill Nankivelle and Mitchell Taylor took off for Lake Whitney. The boys went to work with a will on arrival and all tents were put in short order and the camp was in fairly ship-shape condition by bed time. Hot cocoa before lights out. Not too much sleep the first night.

Thursday, July 1 — Some of the fellows up at 4 a.m. to go fishing but no fish for breakfast. Don Stewart's Panther patrol was duty patrol and served up fairly good food during the day but it's too bad Don got the salt and sugar mixed up when making that rice pudding. After prayers the morning was spent in putting finishing touches to the camp site. A ball game in the afternoon and a patrol competition completed the day's activities. Lots of swimming in between of course, early to bed for everybody.

Friday, July 2 — Friday dawned wet and chilly but a few of Raymond Marfleet's pancakes brought everybody to life. The boys really went to work and erected some very elaborate entrances to their tents complete with patrol names and the Panthers and Beavers built themselves tables and benches. In the supervised these activities Scouter afternoon while Scouter Nankivelle Taylor spent all of his time concocting a stew which was voted surprisingly good. The night was fairly dark so the boys played 'Rum Runners' until midnight. Virtue triumphed with a victory for the "revenooers".

Saturday, July 3—Scouter Bill left at noon for the Prairie Getwell at Gimbli, Man., but before leaving was called upon to umpire another ball game. The afternoon was free and some of the fellows went to Heinsberg to buy some more food with Scouter Mitch. An attempt to make chips for supper was somewhat marred when the fat caught fire and the pot had to be dunked in the lake before being extinguished. Our numbers were reduced by some of the boys leaving for home.

Sunday July 4 — Everybody was up at 7 a.m., breakfast at 8 and flag breaking and a Scouts Hour service at 9:30. Tents were then taken down and the campsite all cleaned up. The Dixons arrived with the truck shortly after noon and it was loaded pronto and the camp was officially over. Much fun was had by all but the camp was too short to do all we would have liked to have done. We hope to have a couple of week end camps later in the summer.

## Graduate Nurses To Meet July 19th

The Vermilion Chapter of Graduate Nurses will meet in the high school July 19 at 8 p.m. sharp.

Miss Lois Kremer of the Civil Defense Health services will give lectures on 'Polio Nursing'. All nurses in the district should make it a point to attend.

Alberta's average rainfall from April 1 to June 30 this year was 6.28 inches against a normal figure of 3.28 inches.

DEMONSTRATION PLOTS

One way to judge the suitability of any variety of grain for a particular district is to see it growing side by side with many others. This is possible by paying a visit to one of the large number of "Crop Testing Plan" Demonstration Plots planted this year not only by our elevator agents but also by individual farmers.

Ask your Searle Agent for the location of the nearest plot.

SEARLE GRAIN COMPANY, LTD.

## Health Unit Notes

PREPARING YOUR CHILD FOR SCHOOL

Is he ready for school? Your child is facing an exciting adventure — his first days at school. He has heard a lot about this strange new world and he's looking forward to it with eagerness, curiosity and a mixture of many other emotions. To leave the cosy protection of his home for the uncertainties of a new kind of life is a tremendously big event. For some time now, he has perhaps been feeling left out of things as he watched other children going off happily to that mysterious somewhere where one learns to read and write like grownups. He very likely has listened, wide-eyed, to tales of what you can or can't do in this place called school. Yes, above any shivers of doubt or anxiety concerning the unknown, he has probably become quite sure in his own mind that it is a good place because, after all, other children, his friends, go there. It's natural for your child to want to do what his playmates do just as he wants to like and be liked by them.

But will your child be ready for this adventurous journey into a new life? Naturally the better he is equipped, the more successfully will he fare. There are certain things he needs in order to face his new experiences with confidence and a good chance of getting along all through his school career.

GOOD HEALTH IMPORTANT

Your child should start his school life in good sound health. Have your family physician or the local public health clinic give him a complete physical examination. His teeth should be checked, too, by a dentist. If these examinations show that there are ailments or defects that can and should be looked after, then follow the doctor's and dentists advice and have them corrected, if possible before you enrol him at school.

It's likely that your child has already been immunized against certain of the childhood diseases such as diptheria, whooping cough and smallpox. If not, have it done immediately either by your doctor or at the nearest public health clinic. If all immunizations have been done previously make sure your child gets the necessary booster dose.

Insist on him getting regular and sufficient hours of sleep to help him enjoy school. He needs from ten to twelve hours of sleep in a quiet darkened room with an open window, to build up his energy and offset tiredness.

LOOKING AFTER HIMSELF

Good appearance will go a long way in helping your child get along well with his schoolmates. He should know how to wash his face and hands, comb his hair, carry and use a handkerchief or tissue, not only for blowing his nose but to cover a cough or sneeze. His clothing should be simple and practical and at the same time attractive.

When a child has learned to do things for himself he gains poise and respect. He will be better able to look after his outer garments by himself at school if his clothes are roomy and all fastenings are simple.

If he is used to sharing his duties at home he'll have confidence in doing things at school. He should be able to keep his own toys and belongings in order and help with simple household tasks.

Your child's ability to talk so that he can be understood is obviously a basic necessity. It's most unfair to him to send him along to school handicapped in this way. He learns speech habits in his home so let him hear good English; encourage him to say what he means in sentences, not merely in single words or phrases which are understood in the family. It is well to set an example of soft, pleasant voice, avoiding harsh loud tones. Teach him correct terms and names of things. He should be able to say clearly his whole name address and telephone number. Baby talk sounds cute at home, perhaps but he'll be embarrassed, maybe even laughed at, if he carries this habit to school with him.

Learning to give and take, to get along with others is necessary for your child's happiness at school—in fact throughout his entire life. Encourage his friendliness towards other people. Give him the place and the opportunity to play with other children.

# Princess Anne W. I. Notes

Our meeting took a [illegible] different procedure on the afternoon of July 6. Mrs. J. Parchewsky had the topic for the day which was Home Economics. She demonstrated the preparation and baking of a banana chiffon cake. She made it at the beginning of the meeting so that we were all able to see the finished product and to taste it before the meeting adjourned. We then conducted the meeting in the usual manner.

The President was in the chair. There were 12 members and one visitor present.

At roll call each member was presented with her A.W.I. pin from the branch.

Minutes of the last meeting were read and adopted.

The treasurer's report was read, showing a bank balance of $[illegible]. On motion of Mrs. Richardson and seconded by Mrs Dollman the report was adopted as read.

Correspondence was read from Mrs. L. D. Smith. New business was the appointment of Mrs. O. Strome as delegate to the conference on July 16. Mrs. F. West gave a report on the operation of the refreshment booth at the football play-offs on June 27. Net proceeds were $48.53.

The president spoke on Civil Defence classes to be held in Edmonton in the winter months and she hoped that some of the members would be able to attend.

An invitation was extended to the Branch to attend the W.A. in the King Edward district in July.

Handicraft for the conference was attended to.

Federated dues were collected.

The topic was Home Economics and Mrs. J. Parchewsky read a paper on the use of proper utensils in the success of cooking and baking.

Mrs A. Withington of Seale, Farnham Surrey, England, gave a short and interesting talk on the work of the W.I. and its projects as carried on in rural England.

This was greatly enjoyed by the members.

Mrs Mead thanked Mrs. Withington for her interesting address.

The social, handled by Mrs. Geo. Mead, took the form of a 'Jumble Word' contest, things pertaining to the baking of a cake. A four-way tie resulted and Mrs. R. Reeves won the draw.

The meeting adjourned with 'The Queen'.

Mrs. Dollman and Mrs. Scarfe then served lunch.

The next meeting Aug. 2 at the home of Mrs. George Dollman and the lunch committee will be Mrs. McIntyre and Mrs. G. Mead.

## OBITUARY

*MRS. EULALEE TAYLOR*

Funeral services for Mrs. Eulalee Taylor beloved wife of Mr Donald Taylor were held at St. Saviours Anglican Church on Monday June 28 at 2 o'clock in the afternoon. The Rev. D. A. Ford conducted the service and his talk carried a message of comfort to the mourners.

Interment was made at the Vermilion cemetery. The pallbearers were all members of the local Elks Lodge, being Messrs George Capatos, Tom Davis, Russell Carroll, Frank Welsh, Ted Edey and Victor Tillett.

Mrs Taylor passed away on Friday morning June 25 after a short illness.

Born at Osage Iowa 57 years ago, the deceased was the daughter of the late Mr and Mrs. Scilas McGhan. The family moved to Clover Bar in 1903. Mrs. Taylor was married to Mr Donald Taylor in 1919 and came in that year to Vermilion which has since been the family home.

Besides her husband she leaves to mourn her passing three sons, Donald of Edmonton, Clayton in Toronto, and Robert at home, and two daughters, Shirley and Diane both at home. There are five grandchildren.

There are two brothers, Clayton of Bremner, Alta., and Cliff of Seattle Wash.; three sisters, Mrs. Tom Marler of Bremner, Mrs. Harry Collicut of White Rock, B.C., Mrs. Ada Southworth of San Ysidro, Calif.

Moyers were in charge of funeral arrangements.

Beautiful floral tributes were received from: Dad and Family; Vera and Gerry; Stacia Tom and Aubrey; Irma, Harry and Eva; Clayton Annie and family; Cliff and Gladys, Mrs. George McGhan and family; Lester Gwen and family; Lloyd and Eileen, Merna, Len, Thelma and Joe; Ray, Jean McGhan and family; Dorothy, Abe Niufeldt and family; Alfred and Phyllis McGhan; Mrs Parker and Kathleen, Fred, Mollie, Norma and Valee Kipp; The Actons; Lorne and Emily Ted and Madelon; The Gerries, Paul and Edith Halliburton, Mrs P Dixon and Miles; St. Saviour's S. S.; Vermilion School Board; Staff, Jr High School; Principal and Staff of the Elementary school; Mr and Mrs. Fred Stewart Elizabeth and Patricia; Mr Connolly; District Director and inspecting staff of P.O.; Alta. Branch Canadian Postmasters Association; Mr and Mrs. J McQuarrie; Bell and Mrs Curtis; B. P. O. E.

## The World of Wheat

MEETING THE WEED PROBLEM

Those who advocate the use of chemicals in the control of weeds are the first to agree that tried and tested cultural methods as well as the use of clean seed and the prevention of the spread of weed seeds, are still basic to any successful weed control program. That is to say, weed-killing chemicals or 'herbicides', invaluable as they are, cannot be considered substitutes for good farming methods. Nor do selective chemicals like 2, 4-D and MCP kill all weeds, which means that other methods must sometimes be employed.

Canadian exports of wheat and wheat flour had totalled 223.4 million bushels up to June 16, a decline of 32 per cent from the 325.8 million bushels exported in the same period last year.

# PARADISE VALLEY NEWS

Mrs. R. R. Adams and Mrs. Norman Adams and family left for Yeoford during the week to visit with Mr. A. A. Adams and Mr. and Mrs. G. Tufts.

We had the pleasure of a call from Mr. and Mrs Leonard Ling recently. Mr. Ling is stationed at Jarrow again this year.

Mr. and Mrs. Elmer Clay have left for a tour of the Western States where they will visit with their sons David and Stanley.

Mr. Bill Swedak now of Regina is spending his vacation with his parents Mr. and Mrs. W. Swedak in town.

Mr. and Mrs. Wm. Stoddart and family have moved to Loon Lake for 2 weeks. Miss Grace Stoddart is attending the course at Vermilion agricultural college, also Miss Shirley Wiley who were winners of this award in their respective clubs. Charles Stoddart who recently underwent an operation in the Lloydminster hospital is convalescent now.

Mr. and Mrs. Jack Norton and family of Sudbury, Ont., but former residents of the McDonaldville district, have motored up to spend their vacation with their parents.

Mr. and Mrs. Roy Stewart have had as their guests during the past week Mr. and Mrs. E. H. Cleland, Hugh and Marion of Penticton, B.C. Mrs. Cleland is a sister of Mrs. Stewart. Mrs. Stewart accompanied them as far as Edmonton.

Congratulations to Mr. and Mrs. Park Dobson on the birth of a son William Arthur, born Saturday, July 3 in the Lloydminster hospital.

Mr. and Mrs. Charles Clarke and Miss Kay Clarke of Sudbury, Ont. were week end visitors at their old home here. They then went on to Empress, Alta., where Mrs. Clarke's home folks live.

Mrs. A. W. Flint and Mrs. Fred Towndrow who have been patients in the Lloydminster hospital have now returned home. Paradise Valley patients still there include C. Bannett and John Rayson.

Mr. and Mrs. Elner Olsen of Wetaskiwin have been visiting with Mrs. Olsen's mother Mrs. C. Beckett for a few days.

The weather during the past week has been the warmest of the year and the crops have come along well. Showers Friday and Saturday did a lot of good.

Mr. C. A. Richardson, Miss Thelma Flint and Miss E. Redmond are all attending university during the summer session at Edmonton.

Mr. and Mrs. Elmer Greenwood of Rocky Mountain House were recent visitors with Mr and Mrs. C E. Conarroe. It is 20 years since Elmer has been back to these parts and sees quite a change in the district and the people.

Visitors at the Frank Flint home during the past week were Mr. and Mrs. Ben Lievers and daughter Karen of Neerlandia Mr and Mrs Clifford Lock and daughter Delores of Edmonton. Mr. and Mrs Lievers returned home and young Roger Flint accompanied them for a month's holiday. Mr. and Mrs. Cyril Flint and son David have had Mrs. Flint's parents Mr. and Mrs. Dunn of Calgary visiting them and will return to Calgary with them during the week. Mr. Dunn is attending a conference at Mervin, Sask., this week. Mr. Cyril Flint accompanied him.

Mrs. Robert Bleakley and Mrs. Leonard Block entertained the W.A. of the United church at the July meeting. Final arrangements were made for the Strawberry tea and sale of work. The next meeting will be held Sept. 3.

Mrs. L. A. Matheson and Miss Muriel Matheson were recent visitors at Saskatoon with relatives at that point.

Miss Beth McLean has accepted a position with McLean and Anderson at Lloydminster starting to work on Monday.

... and the well-wishes of friends. The presentation was made by Mr. Russ McKeever, and the young couple both expressed their appreciation to all those gathered there. After the opening and displaying of the gifts a tasty lunch was served by the hostess, assisted by Mrs. Clayton Davis. A pleasant social evening was enjoyed by all.

Mr and Mrs. Albert Geenaert and baby son Darryl, and Miss Elizabeth McGaughey of Edmonton, visited relatives and friends in Vermilion and district last week end.

## Blind Golfers Train For Championship

Now that the long sun beats down on neighborhood golf courses, Canadian blind golfers are stepping up their practice in training for the International Blind Golfers Team Championships, which are to be played at the Lambton Golf and Country Club, Toronto, July 21 - 23 inclusive.

Teams composed solely of blind golfers will represent Canada and the United States in this first international team championship competition, which is being sponsored jointly by the Royal Canadian Golf Association and the house of Seagram. Each team will consist of seven players (six and an alternate), and in completing 36 holes of tournament, ing simultaneously in three separate play the blind golfers will be compet contests.

## Chatsworth Chatter

We regret that the 'Chatter' has been missing this last couple of months but hope to be able to keep up contributions more often in the future.

Farming has been a month behind hereabouts and crops are quite late. Most farmers are into the spraying operations now, with haymaking coming close also. We always consider the summer almost over when the Fair rolls around, and here it is almost Fair time!

Roads have been in very bad condition. We'd certainly like to see some maintaining done in this corner of the M.D. Perhaps with our transfer into the Vermilion M.D. we will see some improvement in roads (we hope). One or two mudholes on a road can cause plenty of trouble.

Mosquitoes are certainly working overtime, and are really quite a pest.

Mrs Jack Thompson of Edmonton spent the week of June 18 to 27 visiting with the writer. Jack spent the week end here, returning Sunday 20th by bus.

Mrs. Cummings and Mrs. Al Moss of Edmonton, left on June 21 on a motor trip to the U.S.

Mrs. Hawryluk of Spirit River, Alberta, was a visitor at the home of Evelyn Thompson for the week end of June 23rd. Also visiting here over the week end were Mr. and Mrs. G. Honey Sr., and June, George and Jack. They returned to the city Sunday evening.

Jack and Diane Thompson were honored by a miscellaneous shower held at the home of Mr and Mrs. Cyril Davis on Saturday evening June 26 when they were recipients of many beautiful and useful gifts.

"Remember darling . . . last year you did this!"

"Do I?" Jane Wells smiled at her husband. We can thank your Chiropractor for putting you in shape to do it this year."

"We sure can," Jim grinned up at her. "But remember how long it took your brother to convince me I needed Chiropractic care?"

Jim Wells had never been to a Chiropractor before last spring. He couldn't exert himself in the slightest without his back causing him great pain.

And then he learned, as so many have done, that he could trust his Chiropractor's judgment, and placed himself in the Doctor's hands.

You see, being a Chiropractic Doctor is a demanding profession, for, to obtain his degree, every Doctor of Chiropractic must pass one of the most rigid, intensive training courses in the world. He must learn to know the human body's complexities . . . how to ascertain the cause of illness . . . and how to treat each different illness in the most effective manner.

The Doctor of Chiropractic in your neighborhood is a member of your community . . . and his presence there indicates his desire to be of service to you.

Go to him in confidence.

## WOODVALE NOTES

Fine warm weather prevailed for the first part of July, good for the crops, spraying, summerfallowing, haying, picnics and ball games with just one pleasant shower on the 7th to settle the dust and soften up the top soil making working and weeding in the garden possible again. The ground was just like cement in the gardens this year.

There were quite a number of Tolland people in the hospital last week. Mrs. T. Preston and Mrs. F. Slocum in Islay and little Wayne Lyseng in Vermilion, where he underwent an emergency appendix operation. We wish them all a speedy recovery.

This time of the year is travelling time – Mr and Mrs. Wes Funnell and son went to Vancouver while Mr George Brown looks after their place; Mr. and Mrs. Ray McQuid spent a week in Jasper with Allan and Larry; Mr. and Mrs Cliff Crocker visited in Rocky Mountain House and went on to a convention in Didsbury; Mrs. Ruby Pearman also went to the same convention, with Dorothy Isley looking after the children at home; Mr A. and Mrs. R. McQuid hope to attend Farm Women's week in Vermilion at the V.S.A.; Mr. and Mr McCorkel is at Sylvan Lake for ten days as supervisor in a boys' camp. Mrs. M. Watson spent the week end in Edmonton with her daughter Mabel.

Then there have been visitors in these parts. Mrs. Stranahan of Wainwright stayed three days with her friend Mrs. C. McGrath; Mr John Portsmith of Port Coquitlam, B.C. visited his brothers on his return journey from a trip to Ontario and while here went fishing with Bert and Gordon to Moose Lake bringing back a nice catch; Elmer Kottmeier from Des Moines came back with Herman Wolters and spent a few days with his brother Fred Kottmeier and Otto Wolters.

Congratulations to Mr. and Mrs. Kaare Seine (nee Dorothy Oldenburg) whose marriage took place in Vermilion on the 12th. We welcome Dorothy back to the Tolland district where she went to school and where she has so many friends.

Woodvale and Tolland ball teams are playing regularly at home and at several picnics in the neighborhood but have not brought back any trophies so far, but wait till they are properly warmed up! In the meantime playing ball is fun for all!

Don't forget the Tolland picnic on the 21st at the new grounds near the Ganton community centre at the crossroad.

The Robinson store at Koknee has been sold to Mr. and Mrs. Allan and Mr. and Mrs. McLean who took over on the 5th. Mr. and Mrs. McLean have three children of school age and we welcome them to the community. Mr. and Mrs. Robinson plan to live on the farm east of the store and we are all glad to see them stay in the district.

The July Red Cross meeting was held on the 8th at the home of Mrs. Van Wageningen and though there was no quilt to work the ladies were kept busy arranging for the coming picnic. It was quite late before there was time for lunch and a bit of visiting. The next meeting will be on Aug 4 probably at the home of Mrs. Edna Oldenburg.

We have a few items we should have reported earlier. Pat Portsmith was unfortunate enough to break her arm when she fell while playing in the school yard. She is still wearing a cast but the break is healing well. Marion McQuid has been working at Waterton Lakes where she will be employed until the end of July and then hopes to spend August at home with her parents.

Mr Krueger arived back in the Tolland district a few weeks ago coming from Chicago where he has lived for many years. He plans to retire to his farm on the Battle River and we are all glad to have him back with us again.

TOLLAND PICNIC

Tolland F.U.A. will hold their annual picnic on Wednesday, July 21. Dance at night. Everybody welcome. 24c

Farm wages in Alberta at mid-May were reported to average $115 plus board by the Dominion bureau of statistics. The Canadian average was $102 a month.

## News Notes From Your District Home Economist

NEW INTERFACING

Now that summer is here, one thinks in terms of clothing made from washable fabrics. These garments need not have the look of the little cotton wash dress of old. Using a washable interfacing in collars, cuffs, front facings, and hip shaping gives the home sewn garment a professional touch.

Pellon is one of the new interfacings. Made of nylon, wool, cotton and rayon, it is pressed by use of heat into a thin material similar to felt and will neither shrink nor pull apart. It cannot be crushed and moisture has no effect on it. It is half the weight of any other interfacing of the same thickness and so porous that smoke can be blown through eight layers of it.

This washable interfacing looks like a slippery surfaced felt. It is made in white, grey or black, is 25 to 27 inches wide and sells for about 90 cents a yard for the lightest weight, $1.49 for the heaviest. Because it is non-woven there is no lengthwise, crosswise or bias to the fabric but is equally flexible in all directions. When cutting interfacings you can fit your pattern pieces as closely together as possible on the material with no concern for the straight of goods. In this way every scrap can be used.

It cuts and handles like paper. But unlike paper it cannot be permanently crushed. It is sewn with ease, is not bulky at the seams and the sharp, neat edges give a tailored finish to collars, cuffs, pockets and buttonholes.

NEW FINISH

A silicone finish for wool which is claimed to impart a water repelancy that can withstand dry-cleaning and also increase stain and crease resistance has been developed. Sewing tests on silicone treated fabrics show that seam strength is increased by about 60 percent. The new finish will appear in garments now being made for fall distribution.

STORAGE TIPS

Upright Home Freezer and Refrigerators: The similarity in the appearance of the upright freezer and the household refrigerator tends to create some confusion as to the proper method of storage. In the refrigerator satisfactory cooling of food is dependent upon air circulation, so food should not be closely packed. However, in the upright freezer, where each shelf is refrigerated, food should be packed solidly for best use of storage space. Some consideration should also be given to the size and shape of packaging with preference to the space-saving square and rectangular shapes. An inventory is also an aid to the efficient use of the freezer because it tells the type of food stored, the length of storage, and the location of the food in the freezer. An inventory will also show whether the freezer is actually contributing to the effective management of the home or whether it is merely being used as a storage area.

## PIONEER BUSINESS MAN, W. R. WIEBE PASSES AWAY

William R. Wiebe, a pioneer business man of Vermilion, proprietor of Wiebe's Flour mill, passed away in the Vermilion hospital early Monday morning July 19. He had been a patient in the hospital for a week and died quietly in his sleep. He was 72 years of age.

Mr. Wiebe had been associated with the development and progress of the town since 1910 when the original flour mill was erected, and had taken a keen interest in the community ever since.

The deceased was born at Rosenfeldt, Manitoba on April 19, 1882. The family moved from there to Rosthern, Sask., and then to Langham, Sask. William first worked as a bank clerk in the Imperial bank at Rosthern but in 1906 entered the milling business conducted by his father, an experienced miller who operated mills at both Rosthern and Langham. In 1909 the Wiebes began negotiations for the erection of a mill in Vermilion and the new plant was opened here in 1910. The project was an unqualified success from the start. Farmers brought their grists during the fall and early winter from a radius of fully 60 miles by team. Old timers will recall the scores and scores of teams, wagons or sleighs according to the season, encamped around the flour mill, awaiting their grists. The mill during the gristing season ran the clock round. Later the teams were supplanted by trucks. The practise of farmers bringing their grists to the mill gradually passed away and the famous Marquis flour, manufactured by Wiebe's mill, was trucked to the neighborhood stores and obtained from that source. Following the building of the C. P. R. line to the north, Mr. Wiebe built and operated a branch mill at Myrnam.

Ill fortune struck the business on Sunday night, Aug. 3, 1941 when a fire broke out in the big 80-foot high mill and completely destroyed it. The fire was discovered very shortly after a violent electrical storm had passed over the town, and the origin of the conflagration was attributed to lightning which hit the electric light wires near the mill. The loss was a heavy one, over $80,000 in building and equipment.

Operations were thus confined to the branch mill at Myrnam. At the end of the second world war in 1945, Mr. Wiebe conceived the mammoth plan of dismantling the mill at Myrnam and moving machinery and building 60 miles to Vermilion. A young man fresh from army service, Harry Noton, undertook the mammoth task and succeeded in doing it. The mill building was cut into two pieces, top and bottom, moved the 60 miles, put together, machinery assembled, and in late November 1945 milling operations were recommenced in Vermilion. The task might well have phased a lesser man but Bill Wiebe loved the milling industry and wanted his home town to benefit from its activities.

The years following the war saw heavy demands on the mill. As Mr. Wiebe used to say at that time "the bread baskets of the world are empty". The mill was engaged full time making flour for shipment overseas, first to the United Kingdom, then to other countries in Europe and the Middle East. "Marquis" flour received high praise from the exporters for its excellent quality.

These contracts were filled and the home market was gradually taken over by the large milling concerns, resulting in Mr. Wiebe regretfully closing his mill here at the end of last year, writing finis to an industry vital to the pioneering days of a vast new territory.

The habits of nearly half a century are not easily broken off and 'Bill' continued to make his daily trips to the mill and opened the office. His health however hadn't been overly good for the past few years and a week before his death he entered the local hospital for rest and treatment.

He is survived by his wife, two sons Arthur and Len of Edmonton; and five daughters, Mrs. Hugh Fraser (Adeline) Edmonton; Mrs. Laird Kearns (Leone), Edmonton; Mrs. Verden Burtt (Phyllis), Fredericton, N. B.; Mrs. Ed Melvey (Marion), Wyoming; Mrs. Roger Rowe (Maxine), Vermilion. There are nine grandchildren. Two brothers and three sisters also survive, Jack in Edmonton and Herman of Chinook Valley, Alberta, Mrs. John Lorenson of Eston, Saskatchewan; Mrs. Wesley Scannell, Ottawa; and Mrs. David Klassen, of Victoria. He was predeceased by one daughter, Eleanor.

Funeral services under Masonic auspices were held at the United church, Vermilion, on Wednesday July 21, at 2:00 o'clock. Interment followed at the Vermilion cemetery. Rev. D. A. Ford officiated. Moyers Funeral Home was in charge of arrangements.

## Appointed Principal At Lakeview School

J. Kokotailo, a member of the Vermilion high school staff for the past three years, has resigned to accept the principalship of the 9-room Lakeview school at Westrose in the Wetaskiwin school division. The school is located 30 miles west of Wetaskiwin and just two miles from the well known Ma-me-o beach on Pigeon Lake.

Popular members of the younger set Mr and Mrs. Kokotailo will be missed in town. He is the newly elected president of the Kinsmen club and was responsible for coaching the high school girls' basketball team to the very finals of the Alberta championships a year and a half ago. They will remain in Vermilion until Aug. 15.

## Legion Picnic Held At Holvik's Lake

MANNVILLE On Sunday afternoon the local Legion members and their families gathered at Holvik's Lake for a picnic. While the children and grown-ups enjoyed the beach and the water a few played horseshoes, and others spent a social time chatting.

## TWO BIG FAIR DAYS LEFT

Thursday dawned perfect for the beginning of the three-day Vermilion Fair, the district's largest and most widely patronized annual event. There are still two big days left and according to all reports every phase of the Fair, exhibits, grandstand and midway are all tops this year. Here are the programs for Friday and Saturday:

*FRIDAY, JULY 23*

10 a.m. — Livestock judging in rings west end of ground; horses cattle, sheep and swine.

1 p.m. — Livestock judging continues with Light Horse show.

1 p.m. — Exhibits and displays open.

2 p.m. — Afternoon grandstand show.

7 p.m. — First evening grandstand show.

7 p.m. — Livestock parade.

9 p.m. — Second evening grandstand show.

*SATURDAY, JULY 24*

10 a.m. — Livestock judging resumes and continues throughout the day.

12 noon — Exhibit and display buildings open.

2 p.m. — Afternoon grandstand show.

5 p.m. — Exhibits close.

7 p.m. — Evening grandstand show.

## 291 TAKING SWIM LESSONS

Two hundred and ninety-one people are now taking the swimming lessons at the Vermilion Park lake. Instructor Glen Tuck who is being assisted by Miss Anne Stewart, reports that nearly all classes are well advanced in performing the skills involved in the crawl stroke, and nearly everyone is swimming the crawl. Practically everybody too is able to do the back float and the back crawl.

The classes are now working on the scissors kick which is used in treading water, in the side stroke and in life saving tows. Instruction has been started in artificial respiration.

From the scissors kick an advance will be made to instruction on treading water, then to the side stroke, to the elementary back stroke and to the breast stroke. During this time other phases of water safety will be dealt with.

The following schedule gives the number in the class, the class and time of lesson:

*THURSDAY LESSONS*

29 A: boys 10-12. Thurs. 1-2 p.m.
35—D: girls 10-12. Thurs. 2-3 p.m.
29—F: boys 13-15. Thurs. 3-4 p.m.
34—G: girls 13-15. Thurs. 4-5 p.m.
[illegible]—I: ladies 16 over. Thurs. 8-9 p.m.

*MONDAY LESSONS*

24 B: 2nd class boys 10-12. 1-2 p.m.
20—C: 3rd class boys 10-12. 2-3 p.m.
28 E: 2nd class girls 10-12. 3-4 p.m.
26—H: 2nd class 16-over ladies. [illegible]

FROM MANY POINTS

Classes have been so arranged that those coming from other points such as Dewberry, Mannville, Kitscoty, Clandonald, Marwayne, Hazeldine, Claysmore and some rural areas will all have their classes on Thursdays. In this way transportation can be more easily arranged and families with more than one child taking lessons can all get their instruction in one afternoon.

POOL UNDER SUPERVISION

The swimming area at the lake is under supervision every week day from 9 a.m. to 9 p.m. and on Sunday from 11 a.m. to 9 p.m.

The beach is daily becoming more popular, last Sunday saw a peak crowd of 204 cars at one time, meaning that many more than that number stopped during the course of the day, and that as many as 1000 people were enjoying the recreational facilities at one time, with several also basking in the [illegible]

## 70 W. I. Members Convene At V.S.A.

Over seventy W.I. members of the various branches around Vermilion and Mannville were welcomed to the school of agriculture by Mr. N. N. Bentley, Principal of the school on Friday morning last for the annual conference.

Following the singing of 'O Canada' the Creed was repeated and a two-minute silence was observed in memory of the late Mrs. Morton and other departed members.

Mrs. W. J. Bell of Vermilion welcomed the delegates and visitors and Mrs. Reeves of the Princess Anne branch replied.

The minutes of last conference were read and then Mrs H. Hamilton, constituency convener, gave her report. She had visited all ten branches with a total of 111 members and one girls' club, with 14 members.

The branch reports were given by the delegates and these were followed by the reports of standing committees, health, education, agriculture, citizenship and home economics, social services and handicraft.

Mrs. J. L. Jones of Mannville district convener, then gave a short address. This was followed by an address by Mr Lefarud of Viking, President of the Alberta W.I. Her speech dealt mostly with A W I work and the world conference in Toronto last year, and was very beneficial and greatly enjoyed.

A new standing committee convener for United Nations, Mrs Hugh Thompson of Mannville, was appointed.

After the afternoon tea Miss Holms, district home economist from Wainwright, gave a talk on the handicrafts display. The cup was awarded to the Saltaux branch with a total of 34 points.

Kitscoty was second in this competition with 29 points.

Several small business matters were then discussed and the meeting adjournde with the singing of 'God Save the Queen'.

## Stores Closed Friday At 1:00 P.M.

Friday is Citizens' Day at the Vermilion Fair and stores in town will close at 1 p.m. so that everyone can attend this big annual event.

## More Honors For Vermilion Air Cadets

Attending the air cadet camp at Abbotsford are F.L. Stan Manyluk, and Ken Stone civilian instructor. Both men motored to Abbotsford taking their families along [illegible] a holiday.

F.L. Manyluk informs the Standard that two cadets from the Vermilion squadron will be chosen as members of the Guard of Honor for the Duke of Edinburgh at the official [illegible] of the [illegible] Empire games in Vancouver on July 30. They will be held over after the camp ends for this purpose and will be inspected by the Duke and will be able to attend the Games.

Three members of the Vermilion squadron will be picked for participation in the Dominion of Canada Rifle Association competition to be held at the Connaught armories in Ottawa for a week commencing Aug 4. This honor was based on the showing made in rifle shoots held at the local armories by the cadets during the winter months.

## Economist Visits Home, Will Soon Leave For Pakistan

Malcolm Urquhart, Professor of Economics at Queen's University, Kingston, who has been selected as a member of the eight man team of Canadian and U. S. experts going to Pakistan to help that country's government formulate a comprehensive plan for economic development spent two weeks in town visiting his mother Mrs. V. G. Urquhart and his brother Len and family. 'Mac' left Sunday on his return to Kingston via TCA from where he will shortly leave for Pakistan. He will be away on this important mission for about 18 months.

## Suffers Foot Injury

Bob Bentley who is working with Canadian Utilities at Vegreville was injured last week when a newly painted steel light standard which he and another man were carrying slipped out of their hands and fell on Bob's toes. One toe was badly hurt suffering a compound fracture.

## Sports News

### TIGERS WIN TWO ON SUNDAY

Vermilion jumped from third place to the top rung of the Eastern Alberta Baseball league by winning both ends of a doubleheader on Sunday at the local ball park. Scores were 3-2 and 10-5.

The afternoon fixture looked like a St. Paul win all the way as they were in front 2-0 going into the bottom half of their last inning. Gerry Moffat master-minded his team to three runs to annex the two points. Korhan and Moffat got on and then first baseman Bill Hunter banged out a screaming two bagger scoring two runs tieing up the game and before the inning ended Bill crossed the plate with the tiebreaker.

| | |
|---|---|
| St. Paul | 0 1 0 0 1 0 0—2 |
| Vermilion | 0 0 0 0 0 0 3—3 |

Batteries — Wm. Brereton, Lelendre to Joly; Ray Jones to Mike Korhan. Umpire Irvin Gordon.

THE NIGHTCAP

Vermilion hitters were functioning better in the nightcap and they ran up a comfortable lead in the second and were never in danger from then on. Outstandig play of the game was in the fourth when centrefielder Jory Winter made a spectacular running catch of a fly ball deep in centre. Jory made all three outs that inning catching two flies and catching a man off first with his peg on the second fly ball.

| | |
|---|---|
| St. Paul | 0 2 0 0 0 0 3—5 |
| Vermilion | 0 4 0 2 4 0 0—10 |

Al Baker to Brent Macnab, Brokke to Wm. Brereton. Umpire Irvin Gordon.

### Tigers Split Twin Bill At St. Paul

Playing at St. Paul on Wednesday July 21 the Vermilion Tigers split a twin bill. They took the afternoon fixture by a score of 4 runs to one, mainly as the result of a mighty home run clout by Ernie Larcombe with two men on. Gerry Moffat pitched the first five innings, being relieved for the last two by Larcombe. Wilf Little did the receiving.

In the second game St. Paul took the long end of a 6-4 score. Al Baker and Ernie Larcombe shared pitching chores with Little again behind the bat.

### Kitscoty Girls Win

KITSCOTY.—The Kitscoty Ladies softball team took in the Lashburn sports on July 14 and won first prize. They defeated Paynton, Maidstone, and then Vermilion in the final game 21-8.

## LOOKS FOR 1907 LANDMARKS

Leonard Bennett who worked in the old Vermilion Signal printing office in 1907 returned to town last Saturday and began looking for landmarks. Mr Bennett had a large photo taken in 1907 looking east from the memorial hall corner and looked in vain for some of the buildings shown there. It is no wonder, the only one left is the present portion of the Memorial hall which was then the Bank of Commerce. Mr Bennett is still active in the printing trade, living in Toronto. He came west to visit his son in Edmonton and while there gave way to a desire to see Vermilion.

## Farm Women's Programme Proves Both Popular and Successful

A total of 82 ladies registered at the school of agriculture last week for the Farm Women's Program. Of these, 45 stayed at the school throughout the four-day period while others from St. Lina, Minburn, Irma, Wainwright, Lloydminster and Vermilion came in for special parts of the program.

A considerable number of the ladies have attended Farm Women's Week regularly for years but Mrs. Mary E. Wright of Blackfoot was the only one who had been among those registered at the first course for farm women held in the summer of 1930.

A feature of the enrollment this year was the number of young married women who were attracted by the special sewingcourse conducted by Miss Margaret Smith in which she provided demonstration and instruction in the use of sewing machine attachments and in individual problems relating to clothing construction.

Dr. A. Somerville, Deputy Minister of Health was guest speaker on Monday evening when he gave a most interesting illustrated outline of the services provided in Alberta by the Department of Health. He also discussed various items of news in the field of medicine and created special interest among his audience when he reported that general distribution of vitamin pills to school children as is widely practised in many areas including the Vermilion S.D. has been proven to be entirely valueless.

"How to Choose and Care for Furs", was the topic of a most interesting lecture by Mr. E. Ford of Edmonton. The beautiful furs and construction materials used by Mr. Ford to illustrate his subject created keen interest and discussion.

The ladies were happy to meet Miss Betty Tomlinson, the C B C Women's Commentator for Alberta who spoke on Wednesday evening on the subject of 'Interesting People and Places'.

A group of Edmonton district homemakers conducted a panel discussion on the subject of 'Efficient Homemaking' as a fitting conclusion to the short course Thursday afternoon. Mrs. M. E. Lowe was chairman with Mrs. E. A. Atkinson, Mrs. E. H. Bell, Mrs. F. McCalla and Mrs. R. A. W. Briggs participating in the panel. Their practical approach to and knowledge of the day to day problems of managing a household on the modern farm provided a wealth of information and ideas for all who attended.

Banquet speaker was Mr Bruce Leyden of Calgary who had recently visited the Far East as a representative of Lions International. This experience inspired his message of appreciation of Canadian citizenship and the need for Canadian responsibility in meeting the current challenge of world affairs. At the conclusion of the program Mrs. George Young of Mannville moved a very hearty vote of appreciation to the Women's Extension Service, the School of Agriculture and all who had participated in the short course.

## Death of Mrs. Janet Eleanor Bell

Mrs. Janet Eleanor Bell, aged 86 years, died at the home of her daughter Mrs. P. Walsh on Tuesday, July 20. Funeral services will be held at St. Saviour's Anglican church on Friday July 23 at 2:00 o'clock. Interment will be in the Vermilion cemetery.

Mrs. Bell was a very well known and highly esteemed old time resident of the town and district. Her husband the late J. H. Bell was postmaster in Vermilion for many years.

## Moren Electric Instals Television

Television (TV) has come to Vermilion despite the fact that the closest broadcasting stations are supposed to be hundreds of miles too far away for possible reception here.

Clarence Moren of the Moren Electric, has installed a television set in his electric shop and manages to pick up programs daily. Stations channelled in include Denver, from which best results are obtained, and Hollywood. It appears that once broadcasting is done from Edmonton, Calgary and even Winnipeg reception can be relied upon in this area.

A television set installed complete will cost in round figures [illegible] although it is possible to obtain cheaper installations. Good antennae is very important.

CFRN has practically finished a television station in Edmonton with broadcasting scheduled to commence in August. Calgary will begin televising in September. It appears from interest already manifested that television which has swept the East and the U. S. will spread just as rapidly in Western Canada.

## Britannia Rebekah Lodge Elects Officers

Officers of Britannia Rebekah Lodge No. 48 were installed for the current year by District Deputy President Marie Martin and staff on July 5 as follow:

Past Noble Grand—Marion Davis
Noble Grand—Beryl Seuffert
Vice Grand—Louise Lang
Chaplain—Edith Logan
Record Sec.—Clara Cameron
Financial Sec.—Dora Caron
Treasurer—Ethel Miller
R. S. N. G.—Marjorie Tough
L. S. N. G.—Elsie Sinden
R. S. V. G.—Jessie Burns
L. S. V. G.—Ena Leigh
Pianist—Addie Mead
Flag Bearer—Bell Carmichael
Inner D. K.—Gwyneth Clendenning
Outer D. K.—Mabel Lee
Warden—Kathleen Williams
Conductor—Madge Callan

On July 7 D.D.P. Marie Martin and staff journeyed to Minburn and installed the officers of Fern Rebekah Lodge No. 68.

## Bible School Closing At Alliance Chapel

An apreciative audience attended the closing exercises of the daily vacation Bible school held at the Alliance chapel, Friday last. Each department of the school, including pre-school, primary, junior and young people gave a demonstration of the work covered under the supervision of the instructors. At the close of the service parents and friends were invited to view the large display of handwork, completed by the children.

Seventy-seven pupils were enrolled in the school this year, representing most churches in Vermilion. With the enlarged [illegible] tion at the chapel it is planned to make D.V.B.S. next year bigger and better than ever.

By Your District Agriculturist

## "GREEN ACRES"

FALL WHEAT

Several farmers lately have enquired about growing fall wheat in this area. Yes, it will grow here and very likely one would have good crops for two or three years. Then it would winter kill and there would be nothing. It is best to stick to spring wheat in this district.

ALKALI LAND

Low land around lakes in this district often contains quite a bit of alkali. A growing test is the best way to find out if crops will grow. If grain crops die down after the plants are 3 inches to 6 inches in height, then you better get it back to grass. Tall wheat grass is the most resistant grass to alkali.

HYDRAULIC MOWER

A farmer in New Brunswick converted a horse drawn mower to tractor use at an outlay of $8. The hydraulic control furnished with most tractors is used to control the lift. See a drawing at my office.

FREEMARTIN HEIFERS

A freemartin is a sterile heifer born twins to a male calf. It has been found by enquiry that about 90 per cent of heifers born twins to a bull calf are sterile. Does anybody want to start an argument?

SMILE BEFORE YOU SPEAK

The Market Examiner says "You may not get much of an answer but it's a good idea to speak to animals before you approach them". Why not raise sheep, they neither bite nor kick!

BREAKFAST BACON

When you see 'Breakfast Bacon' on sale at your favorite store, it does not mean that it comes from a pig. It really is 'Brisket Bacon'. It is reported that beef bacon is quite popular at Calgary where it is cured and sold in meat shops.

EGG PRICES

Don't forget you poultry men that Grade A large eggs sell for twice as much as Grade B. 1. keep the laying hens inside; 2. try to keep the eggs clean; 3. feed a good laying mash.

## National Emblem

There has been a certain amount of talk lately about changing Canada's national emblem, from the beaver to the stag, which it is said, is beautiful, regal and glamorous. The beaver, on the other hand, is a fat old fellow with a flat tail, a figure like an overstuffed pillow and buck teeth.

The beaver may be no beauty but perhaps he represents certain qualities this country needs right now. In the first place, although he works with his fellows in community projects such as dam-building the beaver is still an individualist. He lives in his own house, which he [illegible]. He stores up food for the winter by carrying bits of sapling into his home to be [illegible] when there is nothing green growing. He has a sense of responsibility. He helps to look after his young and doesn't leave it all to the lady beaver. On top of all this, the beaver is just about the only animal not afraid of hard work. He's at it all the time, day and night, whether he gets time and a half for overtime or not. Whenever he sees a little break in the dam he patches it. He doesn't expect somebody else to do it for him.

This business of wanting to throw over the hard working beaver for the high-stepping stag is a sign of the times. The stag is irresponsible. He has nothing to [illegible] them after they are born. He deserts his wife. For all his glamour and good looks and grace he is a good-for-nothing.

The stag's head might look better on a twenty-five cent piece but the beaver represents what that money stands for —hard work.

—The Printed Word.

## Province-Wide Courtesy Campaign

The province-wide Courtesy campaign sponsored by the Alberta Safety Council has scored fresh successes since it opened June 30 for a month's duration, according to reports.

Local safety councils, municipal authorities and others are giving their full co-operation. In more than 30 Alberta cities, towns, villages and municipal districts, the campaign is being waged with new vigor.

Thousands of bumper stickers, posters and wallet cards have been [illegible] in the province. The bumper sticker in black and white coloring not only identifies a supporter of the program, but reminds other drivers that "Courtesy is My Code of the Road."

The wallet card setting forth the seven-point courtesy code can be kept handy in wallet or licence case.

"The person who drives by the golden rule will never have a serious accident", says H. B. Macdonald, MLA of Calgary, President of the Alberta Safety council. "Safe driving is a moral responsibility and a daily demonstration of decent and moral conduct".

The concept of moral responsibility is embodied in the Code of the Road, which asks every motorist to:

1. Share the road by driving in the proper lane.
2. Allow ample clearance when passing.
3. Yield the right of way to other drivers and pedestrians.
4. Give proper signals for turns and stops.
5. Dim headlights when meeting OR OVERTAKING vehicles.
6. Respect traffic laws, signs, signals and road markings.

Adjust driving to road, traffic and weather conditions.

One noted traffic safety authority said "No one likes to be told he is impolite. It therefore becomes necessary for everyone to adopt courtesy as his own code of the road and live up to it. Courtesy extended by one driver to another can spread — it can become an epidemic — for courtesy is contagious."

During the Edmonton Exhibition the Alberta Safety council had a special section on "Traffic Safety" at the grounds. It drew a large number of visitors. One booth featured driver testing and procedure, another [illegible], and a third was of interest to bicycle riders and Pedal Pusher clubs. There was a display of traffic signs and street marking by the City Engineer's Dept., and a wrecked car was on display at the booth entrance.

## Tea Party

**SHIP YOUR CREAM TO SILVERWOOD'S E.C.D.**

Thousands of Alberta farmers are enjoying the advantages of shipping to Silverwood's E.C.D. by road or rail.

- Prompt, courteous service.
- Quick, accurate grading.
- Speedy return of empty cans.

For faster, better service, ship your cream to SILVERWOOD'S E.C.D., Edmonton.

OPPOSITE THE C.P.R. DEPOT

## Dewberry Pioneer Visits District

Mrs. Eli Sweet of Winnipeg who is now 82 years of age, is renewing acquaintances in Dewberry, Marwayne and Vermilion districts. Mrs. Sweet will be recalled as a very early settler at Dewberry, operating the first store and post office in that district. While here she is a guest at the home of her daughter Mrs. Oram at Marwayne. Despite her 82 years Mrs. Sweet still has the desire to travel and to see things and has just accompanied her grandson Verl Sweet of Dewberry and grandson Bob Oram of Marwayne on a trip to Lacombe, Red Deer, Calgary and Banff.

TWIN COLTS BORN

That very rare occurrence, twin colts, were born on the Wm. Coulter farm east of Vermilion last week. One of the little fellows only lived 36 hours but the surviving twin is well and strong.

## NEWS from ISLAY

Mr. and Mrs. Walter Easton were here from the coast and called on old friends in Islay Monday.

Mr. and Mrs. Wm. McPherson of Woodville, Ont., called on Mr. and Mrs. McEachern. They were on a motor trip to the coast and were on their way home.

Mrs. Betty Scott and son David of Saskatoon are visiting her mother Mrs. R. Martin.

Mrs. Jean Welin and two children of Trail, B.C., are visiting the old home, Mr. and Mrs. Neil McLennan.

Mr. and Mrs. Walter Easton who were in Edmonton watching the parade the first day of the exhibition in front of the General hospital met Mr. C. C. Mitchell and Yvonne who was there in a wheel chair along with several other patients.

Mr. and Mrs. Dick Bootsman of Jasper Place are holidaying here and in Vermilion with relatives.

Mr. David Clark was home from University summer school for the week end.

Mr. and Mrs. Charlie Robertson, Catherine and Minna returned on Friday night after holidaying at Banff National park and report a very lovely time.

We notice some men and boys tearing off old shingles and putting on a nice new green roof on the R.C. church in Islay (the original public school).

Mr Bauman returned from Drayton Valley and was in Islay. He has obtained the principalship of Preston school.

## Tips on Touring

By Carol Lane
Women's Travel Authority

Look again before you throw out those old summer clothes. That pair of frayed and faded dungarees, for instance. Cut them off at the [illegible], the cuffs, sew on a gay print pocket, add a simple sash or belt — and you have a perfect [illegible].

Old scarves make excellent halters because since you would have thrown them away anyway, you don't have to worry about sun oil lotion or salt water spray. Ditto for that old shirt John was about to discard.

Now those [illegible] to the closet. Perk them up with a scarf of brightly colored [illegible] taffeta or white pique, [illegible] scatter pins made from [illegible] earrings and notice the [illegible]. Your other jewelry might come from the dime store. It will wear well enough for the vacation and ease your mind considerably about the possibility of loss or theft.

Any [illegible] can be well dressed on an unlimited budget, but the really clever woman makes the most of what she has with the comforting knowledge that away from home everything she wears looks new to new people.

**A Complete Service for 8 Persons**
DISHES, GLASSWARE and FLATWARE for a new low of
**$39.95**

**The Northern Hardware**
Company, Limited — Vermilion

**FISHING HINTS**

When you get a strike, set the hook, then play your fish. Use the lightest tackle that is practical. Longer rods and lighter lines provide more sport. Pressure of one pound will soon tire a large fish. Uneven pressure on the brake will encourage a fish and shorten his runs. Keeping the rod at an angle of 45 degrees prevents the line slackening. Give him the butt. Never try to boat a fish before it is ready. Use a good gaff, it pays.

### Asphalt Paving Program

SEALED TENDERS for the construction of approximately eight (8) blocks of asphaltic concrete pavement and related base course and culvert work will be received up until 5:00 p.m., August 3rd, 1954, at the office of R. M. Hardy and Associates Ltd., 10214-112th Street, Edmonton, Alberta.

Plans and specifications for the project may be obtained at either the Town Office, Vermilion, Alberta, or at the Edmonton office of R. M. Hardy and Associates Ltd., for a deposit of $20.00. The deposit will be refunded following the return of the plans and specifications in good condition and the submission of a tender. When a contractor fails to submit a tender, his deposit will be refunded only if plans and specifications are returned prior to the date for closing of tenders.

A certified cheque for 10% of the tender sum, payable to the Town of Vermilion, must accompany each tender.

The lowest or any tender, not necessarily accepted.

## NEWS from VANESTI

The nice warm sunshine has surely improved the gardens and crops during the past week. It was nice to receive a rain Thursday of last week as the top soil was drying out.

On Wednesday July 15 quite a number from this district enjoyed the picnic and ball games held at Wildwood. There were two ball diamonds so the boys were kept quite busy.

Congrats to Evelyn Lamport on winning the rooster.

Ladies of the F.W.A. held their usual monthly meeting on July 16 at the home of Mrs. W. Quinn with eight ladies and two visitors present. The latter were Mrs. Oldenberg Sr. from Vermilion and Mrs. Block. Mrs. Block demonstrated the Avon products.

Mr. and Mrs. Leo Hutchinson and family have been visiting at the Gordon Beckett home for the last week, renewing old acquaintances.

A heavy thunderstorm passed through the north part of this district on Saturday evening with rain hail and wind. Only light rain fell on township 27 south so the storm travelled in strips as usual.

Mr. and Mr. C. Flewell have just arrived home from a trip through Blackfalds, Calgary, the mountains to Montana and return. They report a fine holiday with good weather and roads. Master Bert Howden accompanied them home from Calgary.

## A New Alberta Industry

Construction work began on another new Alberta industry resulting directly from the province's oil development when the first sod for Imperial Oil's new lubricating oil plant was turned at Edmonton recently. Reeve A. M.Adamson, of Strathcona, the M.D. in which the plant is located, broke the earth on the site of the $14 million project.

The new lube plant which is expected to be completed late next summer, will be he first in the west and the second largest in Canada—second only to Imperial Oil's Sarnia plant. It will be fully modern and will incorporate some of the newest lube manufacturing processes. It will produce about 750,000 barrels of high quality automotive and industrial oils a year, or about 70,000 gallons a day.

The finished oils will be prepared for shipment in a modern packaging plant. Packaging equipment will include an automatic machine capable of filling and sealing 400 quart cans per minute.

Mr. Adamson was introduced by H. H. Moor superintendent of the refinery who said that the new plant would make Imperial's lubricating oils operation west of the lakehead independent of eastern Canada except for specialized oils which are not in large demand.

## Dewberry Sports July 28th

Senior and junior baseball and ladies softball are featured at the Dewberry sports this year on Wednesday, July 28. Entries should be sent to Neil Jones. A very fine list of attractions has been arranged for your entertainment.

## The World of Wheat

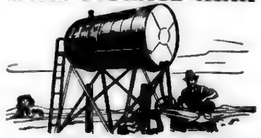
*By W. G. MALAHER,*
*Director, Research Department,*
*Searle Grain Co. Ltd.*

AGRICULTURE PROGRESS IN THE UNITED KINGDOM

In common with many other countries Britain has made considerable progress agriculturally during the past 15 years. Technical development has been rapid, the efficiency has improved and production has greatly increased, as may be judged from the fact that the net agricultural out-put for 1953-54 is estimated at 56% above that of the pre-war period. Although livestock numbers, generally have shown little change over the years, there has been a very noticeable increase both in the acreage and production of grains, the estimated 1953-54 production of wheat, oats and barley, with pre-war average shown in brackets, being as follows: wheat 99.4 million bus. (61.6); oats 185.6 (127.6); Barley 117.5 (35.6).

In reviewing future policy against the background of the removal of most war time controls over the production, marketing and distribution of agricultural products, the United Kingdom government has emphasized that from now on the pattern and scope of production must be related, not only to considerations of out-put, but also to world food prices and market prospects. The British farmers will no longer be asked to produce a given amount of a particular commodity, irrespective of cost. Emphasis is to be placed, too, upon raising the quality and reducing unit costs of production.

Mr. Farmer: Fuel is surer—safer—handier if you use a
FARM STORAGE TANK



TEXACO PRODUCTS

## Local Stock Feeders At Silage Meeting

Last Saturday a number of stock raisers met at the farm of Castle Scott to see at first hand the modern method of putting up silage.

District Agriculturist Buckingham reviewed the system of cutting sunflowers, corn or other crops and making silage in upright silos. This method proved to be too expensive on account of the many hours of labor required to get the crop cut and into the silo.

Mr. Buckingham outlined the method used by Mr. Scott whereby the hay was cut by a power mower and raked into a windrow by a side delivery rake. Then the forage harvester which is operated from a power take-off from the tractor, cuts the hay into short lengths and blows it into racks.

The racks are then pulled by tractor to the trench silo where they are unloaded by use of a chain attached to a sliding endgate. A tractor is then run over the silage, back and forth until it is thoroughly packed.

In the winter a farm hand is used to take big shovelfulls of silage from the silo to the feed lot.

Mr. Buckingham pointed out that a pitch fork is not needed anywhere either for putting up silage or for feeding it in the winter.

Mr. Alex Palin, Mechanics instructor at the school of agriculture compared the advantages of putting up hay and silage. Certainly good feed can be put into a silo in wet weather when hay is often a total loss.

The cost of a forage harvester and racks ought to be shared by two or three farmers to reduce the overhead per ton of silage.

Mr. Palin stressed that it is important to have the right amount of moisture in feed when dumped into the silo. Also it must be very well packed to reduce the amount of air and prevent spoilage.

It takes about 3 pounds of silage to equal one pound of hay. Animals on feed will eat 30 pounds of silage in a day. They are generally more healthy and thrifty than hay fed cattle.

Mr. Palin warned farmers to be careful of mouldy sweet clover whether it was in the silo or in the stack. Many head of cattle have died in Alberta in recent years from eating mouldy sweet clover.

Mr. Palin also mentioned about putting up silage in stacks on the college farm last year. It did not work out very well as there was a lot of spoilage. The feed appeared to be musty and mouldy for a foot or so all around the outside of the stack.

The farmers who attended were greatly impressed by this method of putting up stock feed and there will no doubt be a few more trials in this area before long.

Acheson & Goddard Farm Equipment brought out a hay baler to the field. Bales of regulation size were kicked out as fast as the tractor could get around. Up to 12 tons of hay can be baled by this machine in an hour.

## CLAYSHORE CLIPPINGS

Mr. and Mrs. A. Olstad and the family are spending their holidays at the home of their parents at Edberg, Alberta. Mr. Olstad is not too well and a speedy recovery to health is wished him. Mr. Harold Simmons is relief operator while Mr. and Mrs. Olstad are away.

The July meeting of the W. I. was held at the home of Mrs. Gerald King Wednesday afternoon July 14 with 5 members and 3 visitors present. Mrs. W. G. Garnett from Wildmere visited the branch and gave a very informative talk on the work and rules of the W.I. Mrs. S. Hillcox joined the branch bringing the total to twelve members. The next meeting will be at the school Aug. 11.

Mr. Malcolm Urquhart of Kingston, Ont., and his mother from Vermilion visited friends in this district Friday evening. 'Mac' taught the Claysmore school a number of years ago.

Haying is well underway and the farmers are hoping for good weather to finish the job by fair time.

Several members of our W. I. branch were able to attend the W.I. conference held at the agriculture college on July 16. It proved a very enjoyable day for the ladies and there was much to be gained from hearing the interesting speakers who told of the good work and lofty aims of this world-wide organization.

Mrs. Blair of Donalda, Alta., has been visiting at the home of her daughters Mrs. T. McCauley and Mrs. F. McCauley for a few days. On Saturday afternoon Mr. and Mrs. Tom McCauley drove Mrs. Blair to her home at Donalda and will spend the week there with them.

On Sunday July 11 Mr. and Mrs. Robt. MacMillan had a surprise visit from the former's niece and husband Mr. and Mrs. C. Morlland who recently moved to Saskatoon from Medicine Hat. Mr. MacMillan had not seen his niece since 1932 and they enjoyed a very pleasant visit. Mrs. Morlland spent part of last year in Scotland at the family home and was able to tell her uncle a lot about changes in the countryside and bits of family news.

Mr and Mrs. George Stewart and family have returned from a short holiday visit with Mrs. Stewart's parents who live near Prince Albert.

Mr. and Mrs. T. Wyatt left Monday for Calgary where they will make their future home. Mr Wyatt has retired from the C.N.R. after serving that company for many years as section foreman. He and Mrs. Wyatt have been at Claysmore for more than five years and it is with regret that their many friends see these good neighbors leave. Many happy years is wished to them in their new home.

Mr and Mrs J. Horne and family are home after a two weeks holiday during which the children visited with their grandparents Mr. and Mrs. E. Brown of Red Deer. Mr and Mrs Horne went on to Calgary and spent a day at the Stampede. Later they toured the state of Montana visiting some of the well known parks and saw many interesting places. The return trip was through southern B.C.

### Barley Club Display For Vermilion Fair

MANNVILLE. — The boys and girls of the local Barley club were busy over the week end completing a display which is being shown at the Lloydminster and Vermilion fairs.

# PARADISE VALLEY NEWS

Mr and Mrs. Ruttan had as Sunday visitors Mr. and Mrs. Johnny Fredrickson and family of Winfield, Alta., Mr. and Mrs. Alfred Wurm of Detroit, Mich., Mr. and Mrs. H. Rounhorn and granddaughter Della of Mannville. Mrs. Wurm is a sister of Mr. Ruttan.

Mr. and Mrs. Leo Hutchinson and family of Saskatoon, former residents of the Vanesti district, were recent visitors with old friends and neighbors.

Miss Rita Knutson of Edmonton is spending her holidays with Mr. and Mrs. Lloyd Knutson.

Mr. and Mrs. L. W. Shaw and family have returned after spending a short holiday at Banff and Jasper.

Mr. and Mrs. William Swedak and Miss Helen Krawchuk left on Monday for a holiday to be spent at Vancouver and other B.C. points.

Mrs. H. G. Stanway and son Billy of Brockville, Ont., are visiting with her brother and sister-in-law Mr. and Mrs. L. Vice.

Mrs. Look Lume arrived from Hong Kong during the week end and joined her family at the Royal cafe.

Mr. and Mrs. Vern Phillipps and family were recent visitors to the Calgary stampede, Banff and Jasper.

Mr. and Mrs. J. W. Guy and Mrs. E. L. Kragness left for Edmonton on Saturday and took in the last evening of the fair. Mrs. Kragness will remain in Edmonton with her daughter Beatrice for awhile.

The weather during the past week has been ideal for the growing crops. We had a grand rain on Tuesday night and Wednesday. With the heat of the past week it was getting quite dry and the rain was very welcome.

Mr. G. McIntyre and Mr. Parke Dobson attended a meeting of the Seed Cleaning plant directors held in Edmonton on Tuesday.

Rev. R. G. Thompson of Edmonton was the guest speaker at the United church on Sunday evening. He presented a film by the Pacific Garden Mission "Out of the Night", a documentary picture of Chicago's Skid Row.

## Pleasant Valley

The weather is nice but gardens and crops need rain. Flowers are lovely, rose bushes were loaded with bloom but are now past their peak. Come and get some flowers folks, stocks, carnations, and plenty of others too.

Many thanks for the cards folks, they were all very pretty. A nice card was received this morning from Mrs. Wallington.

The Moore family, and Mr. and Mrs. Bothwell were visitors at the home of the writer Friday night. Saturday Mrs. Gillies and Betty visited.

Mrs. Stevenson from England spent a few days with the writer last week.

On Sunday Mr. and Mrs. Gould, Mrs. Gillies, Betty and the Simmons family spent the day at Sandy Beach.

## Dewberry Sports July 28th

Senior and junior baseball and ladies softball are featured at the Dewberry sports this year on Wednesday, July 28. Entries should be sent to Neil Jones. A very fine list of attractions has been arranged for your entertainment.

# LOCAL NEWS

Mr. and Mrs. Louis Hicks wish to announce the engagement of Mrs. Hicks' eldest daughter Sophie Isobel Davies, to Maurice Roy Horpestad, son of Mr. and Mrs. Aron Horpestad, Ladner, B.C. The wedding to take place at the First United church at 3:00 p.m. August 4, 1954.

Open reception at 4:30 in the Legion hall.

Mr. and Mrs. H. S. Hutchinson of Marwayne, Alberta, announce the engagement of their younger daughter, Irene Janice, to Angus James Smith, younger son of Mr. and Mrs. D. Smith, of Mannville, Alberta. The wedding to take place Thursday August 5th at 5:00 p.m. in St. George's church, Marwayne.

Mr. and Mrs. W. A. Anderson announce the engagement of their elder daughter, Annie Leslie, to Mr. Frederick Swyripa of Kitscoty. The wedding will take place at St. Saviour's Anglican church, Vermilion, on Monday, August 2nd at 3:00 o'clock in the afternoon.

An open reception will be held at the home of the bride's parents from 5 to 7 p.m.

Lt. Commander Bert Mead, Mrs. Mead and the three children, Richard, Michael and Heather motored from Dartmouth, N.S., and are presently visiting Bert's mother Mrs. Addie Mead and other relatives, and Mrs. Mead's father Mr. F. J. Richardson. They plan to stay for ten days.

Mr. and Mrs. Frank Eyben with the three youngest members of the family, recently enjoyed a trip to Dawson Creek, B.C., then over the Hart highway to Prince George. Going on to Vancouver they visited Mr. and Mrs. Alex Stone and family, the Herman Eybens at Cloverdale and made a trip through the state of Washington on the return journey home.

Mrs. E. P. Langridge and children of Banff are visiting at the home of the former's parents, Mr. and Mrs. A. M. West.

Mrs. Gladys Baird (nee Eckford) of Vancouver, is in Vermilion visiting her mother Mrs. Hess Eckford and sister Joan. Since her discharge from the Women's Division of the RCAF Mrs. Baird has been teaching school.

Guests at the home of Mrs. H. R. Parker are her daughter Mrs. Brian McLellan and granddaughter Jeannette from Naicam, Sask.

The many young friends of Wes Dobbyn will regret to learn that he has recently been transferred to the branch of the Revelstoke Sawmill Co. at Wainwright. Wes was a member of last winter's Tigers and plays baseball with the Vermilion Seniors.

The names of Clayton, Gerrie and Susan were omitted from the list of those sending flowers in memory of the late Mrs. Donald Taylor.

*IN MEMORIAM*

In loving memory of
*Mrs. A. C. Burkehead*
—who passed away July 23, 1951, at St. Joseph's hospital at the age of 83 years.
- Ever remembered by Mr. and Mrs. J. Doherty and family and sisters Emma and Minnie.

**In Memoriam**

In loving memory of our only son
[illegible]
*Royal Canadian Air Force*
who gave his life for his country July 21, 1944.

"And God shall wipe away all tears from their eyes, and there shall be no more death, neither sorrow nor crying, neither shall there be any more pain, for the former things are passed away. And He that sat upon the throne said, 'Behold, I make all things new.'"
*Rev. 21 4, 5*

Ever remembered by his Mom, Dad, and Sisters Nadeen, Shirley, Beverley and Joanne.

Dr. and Mrs. C. W. Stephens, Peggy and Roger, left by Canadian National last Sunday morning for Hamilton, Ont., where they will visit at the home of Mrs. Stephens' sister Mrs. George St. James. They expect to be away two weeks.

Mr. and Mrs. Leo Sturvey of Vancouver are visiting in the town and district. While in Vermilion they are the guests of Mrs. Sturvey's sister, Mrs. Earl Geake. They also visited Mrs. Sturvey's sister Mrs. Walter Parker and brothers George and Ernest Davies all at Dewberry. On Wednesday of last week a family reunion was held at Kims Lake with 23, all members of the family, attending.

Mrs. George Garland and daughter Betty of Bowness, Calgary, are in town visiting the former's mother Mrs. McKee, sister Mrs. George Lyons and brothers Vic and Cliff. Vic attended the Calgary stampede and returned with the visitors. It is now 13 years since George and Lottie Garland and family left Vermilion for Calgary.

Mr. and Mrs. Walter S. Easton, well known old timers of Islay who now live at Vancouver, arrived on Wednesday last week to visit Mr. and Mrs. Vanden Dolder for two or three weeks. They travelled by plane to Edmonton and then completed their journey to Vermilion by car with Mr. and Mrs. Tom Watts.

Kenny Gunn of Islay celebrated his 12th birthday with a real picnic at Moose Lake on Sunday, where 35 relatives and friends gathered for the special occasion.

Miss Joan Eckford of the Telephone Exchange staff is holidaying in Edmonton this week.

## Mannville & District LOCALS

Mr. and Mrs. Bill Mercer have returned from a holiday trip to Kimberley, B.C. and points in the U.S. They reported excellent roads on the way. Mrs. Mercer and Miss Barbara Arnold accompanied them from Edmonton on their return home.

Visiting with Mrs. Townsend are her daughter and family, Mr. and Mrs. Edward Hogarty and son of Kingston, Ont. They plan to remain a month.

Mr. and Mrs. John Jondel visited with relatives at Morinville last week.

Mr. and Mrs. John Freid of Kelowna, B.C., were visitors at the John Schock home and have now gone on to Medicine Hat. Mr. Freid is Mrs. Schock's brother.

Mrs. Dudley Croft accompanied her brother and wife Mr. and Mrs. R. D. Brown of Toronto to Edmonton for the ball games.

Holvik's Lake and Vermilion Park area were popular places on Sunday with a large number of people enjoying themselves at the beaches at both places.

Mr. and Mrs. Archie Hubbard and Mr. and Mrs. Nels Gausvik spent Sunday at Moose Lake. The fishing was fine.

Latest word re the water and sewerage installation is that water lines should be completed this week end and ditching into the houses well started.

Doris and Iris Byer are holidaying with relatives in Edmonton.

Glen and Gary Croft are visiting with their sister and husband Mr. and Mrs. Carl Lindbeck at Wainwright.

Sunday visitors in town were Mr. Frank McMartin of Edmonton and his sisters Vera from Dresden, Ont. and Edna from California. It is quite a number of years since any one of these folks have been here.

Visiting at the Allanach farm for two weeks was Sandy Allanach son of Mr. and Mrs. George Allanach of Edmonton.

Mr. Jack Gamble of Edmonton spent a couple of days last week in Mannville. Mr. C. J. Gamble was an Edmonton visitor over the week end.

Mrs. Don Upton is visiting with her grandparents Mr. and Mrs. A. Sunderland of Seattle. Mr. Upton is leaving by plane on Sunday to join her.

Mr. Doug Hollaway, foreman of the M.D. outfit had the misfortune to have his eye injured on Monday in a welding accident.

Mrs. Crowe and son Oswald are visiting Mrs. Wharry and family.

Mrs. Brown of Edmonton is visiting with Mrs. Nicoll for a few days.

Mr. and Mrs. Jack Hawley have returned from a ten day visit with their son and family, Mr. and Mrs. Harold Hawley of Hanna.

In the local hospital are Mr. K. Hubbard and Mr. Chris Jensen. Both are reported as progressing favorably.

Mr. and Mrs. Ross Leitch and girls attended the Sonja Henie ice show in Edmonton last week and reported it well worth the trip.

Mrs. Ralph Meinichuk and son of Edmonton are visiting in Mannville.

## Celebrates 84th Birthday

Mr. Arthur Snape, a long time and well known resident of Vermilion, celebrated quietly at home his 84th birthday on Monday, July 19. Mr. Snape was born in England and came to the Vermilion district in 1904, before the railroad, which entitles him to be classed as a real old timer, of which very few are left. Mr. Snape has rather another distinction in that in all those years he never took a holiday and the farthest he ever went was once to Edmonton. Mr. Snape has been retired for several years and has as his only hobby his garden which is quite a beauty spot.

CLANDONALD HALL

Showing at the Clandonald hall this Friday evening July 23 at 8:30 p.m. and Saturday July 24 at 7:30 and 9:30 p.m. "Copper Canyon" with Ray Miland, Heddie Lamarr and McDonald Kary. Next week end "The Washington Story". News reel each week. 5x

DERWENT THEATRE

Showing at the Derwent Theatre Saturday July 24 and Monday July 26 "Rhubarb" starring Ray Milland and Jean Sterling — the funniest movie in nine lifetimes, a tomcat inherits $30,000,000 and a baseball team. Next week July 31 and Aug. 2 "Abilene Town".

# Death of Mrs. Stella B. Filer

The death took place in Edmonton on July 15 at the age of 66 years of Mrs Stella B Filer the widow of George P Filer She is survived by one son Earl L. Filer of Vancouver, B.C., two daughters Mrs J W Ritchie of Wainwright and Mrs H Bleasby of Edmonton, one sister Miss Minnie King of Grouvo N.Y. also eight grandchildren and eight great great grandchildren.

The Filer family formed its many years on the old Taylor farm south of Vermilion and while there established a nursery from which many of the now old trees in Vermilion were obtained Those remaining in the district knew Mrs Filer as a friend. The family left the district several years ago to reside in the

# Lovely Summer Wedding

MacCRAE—SHIRREFF

A pretty summer wedding was solemnized recently in First United church Vermilion when Evelyn May Shirreff elder daughter of Mr. and Mrs. D B. Shirreff of Vermilion became the bride of Mr. Kenneth Esso MacCrae youngest son of Mr Willson MacCrae and the late Mrs MacCrae of Vancouver, B.C

Rev. C. W. MacKay performed the marriage ceremony.

The wedding march was played by Mrs. W. L. Rorbuck.

Entering the church on the arm of her father, the bride was radiant in a gown of imported white chiffon. The fitted bodice with lily point sleeves was trimmed in front with dainty net insets edged with tiny seed pearls. A cascading ruffle of matching satin completed the back of the full-length skirt. The graceful floor-length veil of illusion net edged with satin bows and held in place by a satin headband lace piece formed a charming halo over her hair She wore pearl earrings set in gold, gift from the groom and carried a bouquet of pink roses with pink heart shaped throat.

Cameron chose a floor-length strapless gown of green imported crepe taffeta The full skirt was tiered with lace on either side and a matching lace bodice completed the trim-fitting bodice She wore a dainty headpiece and gloves of green nylon net.

Miss Lois Allen as bridesmaid chose a floor length sheath of blue nylon net over taffeta. Rosers of nylon net formed the large cape collar of the bodice and relieved the full skirt Her headpiece and gloves were of matching net.

Miss Elaine Shirreff, sister of the bride as junior bridesmaid wore a pretty floor-length sheath gown of yellow frosted nylon. She wore white nylon gloves and her headpiece was a row of large lacy daisies nestled in a bandeau of yellow net.

The attendants carried contrasting Colonial bouquets of carnations Mr Keith Shirreff, brother of the bride and Mr Stan MacCrae, the brother of the groom were groomsmen.

Mr. Pringle Galloway and Mr Frank Cameron were ushers.

During the signing of the register Mr Percy Watts, soloist for the occasion sang "The Wedding Prayer".

After the ceremony a reception for 60 guests was held in the dining room of the Brunswick hotel. Rev C. W. MacKay proposed the toast to the bride. The highlight of the festive tables was the beautiful three-tiered wedding cake, very unique in the fact that it was topped with the more costly decoration that adorned the bride's mother's cake on her wedding day.

Receiving with the bridal party at the reception were Mr. W. MacCrae and Mr and Mrs. Shirreff

Mrs. Shirreff wore a charming two piece dress of rose crepe with lace sheers White and silver accessories complemented with a corsage of baby mums completed her ensemble Mrs. Hunt grandmother of the bride chose a becoming two piece dress of navy blue complete with white stole white accessories and a corsage of baby mums

Miss Margaret Taylor was in charge of the guest book. Mr. Frank Cameron and family of Vancouver for the occasion.

For her going-away outfit Mrs. MacCrae donned a crisp dress of mauve frosted nylon and a white hat with lace accessories white and a corsage of matching carnations completed her costume

After a motor trip to the United States the happy couple will reside on their farm north of Vermilion

Out-of town guests were Mr W MacCrae of Vancouver; Mr. and Mrs Frank Cameron and family of New Westminster. Mr and Mrs. Sperling of Saskatoon; Mr. and Mrs J R. Shirreff and daughters Ann and Lee of Edmonton; Mr. and Mrs. Don Cameron of Riverhurst Mr and Mrs. L. G Allen and Lois of Lloydminster.

# Novel Shower At Hazeldine

The Hazeldine hall hummed with activity last Tuesday afternoon when the ladies of the Community club entertained Betty Lou Gardiner, former marriage to Mr Ron Kowalski will take place on Saturday, to appear before Judge Beckett on a charge of theft of a valuable diamond.

Evidence against her in the form of many useful and beautiful gifts, was presented in a model court room. These were then opened by Betty Lou assisted by her mother, sister and former schoolmates Following this the Judge pronounced her to a life-time of marriage.

Betty Lou then very graciously thanked her friends and complimented the hope that in her days in Court would end so happily

A very dainty lunch was served at tables tastefully decorated with flowers.

After an enjoyable time of visiting the company all joined in singing "For She's A Jolly Good Fellow"

Those whose fancy confirmed the contrary business took to make it like

Second Section

# The Vermilion Standard

Page 1 — Second Section Vermilion, Alberta, Thursday, July 22nd, 1954.

ALUMINUM cable from Canada was used in a Peruvian high-voltage power line, installed at altitudes of more than 13,000 to 15,000 feet—the world's highest. Canada supplied not only the cable but also the technical assistance required on this record job. We imagine that aluminum's light weight was particularly appreciated by the natives or whatever other beast of burden was used to get the cable to the top.

In the rugged mountain country of British Columbia where Alcan's own huge K-Island construction is going on, the aluminum transmission lines used represent another record: they are the highest-density overhead power lines in the world, Aluminum Company of Canada, Ltd. (Alcan).

# 1000 Air Cadets Converge On Abbotsford, B.C.

ABBOTSFORD, B.C. — About one thousand air cadets travelled to Abbotsford B.C. over the week end. They came from all parts of Western Canada to attend the second two week summer Air Cadet camp at RCAF Station Abbotsford.

The cadets will undergo an extensive flagillantation program, following a syllabus laid down by the RCAF The boys, ranging in age from 14 to 18, will be under constant supervision by their own squadron officers, under the command of WC W. Leslie of No. 9 Wing, Edmonton.

The training program is flexible in nature and varies from academic subjects such as theory of flight, to handicrafts in the hobby shop, mainly building model aircraft.

Tours, sports and overall station activities will occupy the greater portion of the cadets' time. All will receive an hour's flight in Expediter aircraft with a chance to handle the controls.

Of special interest will be the opportunity to compete for a place on the cadet guard of honor which will be inspected by HRH the Duke of Edinburgh at the British Empire games in Vancouver Aug. 4.

Excellent messing facilities include night time snacks before lights out. The station hospital is completely manned by RCAF doctors, nurses and medical assistants.

Station Abbotsford is located in the Fraser Valley, nestling at the foot of Mt. Baker. Commanding officer is WC M. W. Gall, C.D. of RCAF Station Camp Borden, Ont.

# REGULAR MEETING OF THE ISLAY MUNICIPAL HOSPITAL BOARD

The regular monthly meeting of [the] Municipal Hospital board was held in the hospital on July 3. Present: Mr. G. D. Jack, Chairman, board members Messrs. L. D. Inman, D. B. Shirreff, Alan E. Whiteside and the secretary.

The minutes of the previous meeting were adopted as read. Cd.

Two applications for positions on the professional staff were accepted to commence duties Aug. 1.

The secretary was instructed to secure full information re the circumstances relative to the admission as an emergency of a ratepayer of this hospital district to the Elk Point hospital.

An application by Fort Garry Agencies to install coin operated radios for patients' use was accepted. installation, maintenance, breakage, theft, property damage, and full liability costs and insurance to be paid by the Agency. Cd

The secretary was instructed to secure an appointment with the Vermilion Hospital board to discuss matters of mutual interest Cd.

The report of the Associated Hospitals Convention held in Banff on the 15, 16 and 17 of June was previewed by the delegate Mr. Shirreff and expense account ordered paid.

Offers to purchase three doors, and a quantity of used lumber were refused by the Board as being too low.

Accounts and salaries as approved were ordered paid.

Matron's report: In hospital June 1; admitted 14; discharged 12; remaining 7; births 3; deaths 1; minor ops. 6. Receipts $5547.40.

# Health Unit Notes

IS YOUR CHILD READY FOR SCHOOL?

(Continued from last week)

HOW IS HIS MENTAL OUTLOOK?

Your child should be well equipped with sound mental and emotional health. He'll have this in good measure if he has felt secure in your attention, learned to take his place in the family group, shared in small responsibilities, learned to do some things on his own, and has had a chance for play with playmates his own age.

If he has a healthy attitude towards authority he'll it more easily take the school with its many regulations. If he hasn't as yet learned obedience and the (overall) to co-operate in routine, you'll not be helping him by being overly protective and taking his side against the school. If you sincerely think that there is something wrong with the school rules, then talk them over frankly and openly with the proper school authorities.

When your child starts school, he hesitates, naturally, about leaving the familiarity of home. Yet, at the same time, he wants to push aside babyish habits of being dependent on you. He wants to be on his own like his fellow pupils. The exciting time he has in feeling self-important and independent may, for a time, make him guard his new experiences as quite secret, something very private and precious to him. He may resent your question ing and curiosity and try to keep his new life apart from you This is a phase that soon passes in a happy blending of school and home influences.

Before long, if not immediately, your child will want to share with you his school experiences and achievements. He proudly brings his work home, tells you about his songs and games. Meet his pride with your praise, his efforts with the same enthusiasm he shows for them and go easy on criticism. He'll move farther and faster with praise than with criticism.

BE A PARTNER IN HIS SCHOOLING

Your school is a very special person whom you've watched and tried to understand and help from his earliest infancy. For this reason you have valuable suggestions that

you can share with his teacher If you work closely together (rather than apart, or against) then the home and the school can assure your child the attention and consideration he needs. With such opportunities to meet new experiences and to overcome difficulties he'll have a better chance of becoming a happy, useful grownup

Even though the school will now occupy the greater part of his day, you still have the leading role to play in helping to develop your child's character. His future will depend, more than anything else on your maintaining that warm loving relationship which began in his babyhood and which should continue throughout the growing years. Supporting and encouraging him in all his outside activities will provide him with that feeling of security so essential to his success in school

REMINDER TO PARENTS

Don't forget to visit your doctor for a physical check up before your child starts school and also a visit to the dentist.

Make sure he gets his reinforcing injection against diptheria and whooping cough at your local clinic.

BABY & PRE-SCHOOL CLINIC

Monday July 26 Legion hall Vermilion, 2 to 4 p.m.

Tuesday, July 27 — Streamstown cancelled until further notice due to small attendance.

POLIO VACCINE TRIALS

The staff of the Health Unit wish to thank parents teachers and others who have co-operated in these trials. All clinics have gone smoothly and without incident and very few children failed to report for the third injection

It is hoped to give a report on the trials early in 1955. New Year

# NEW CAR SALES

New car sales in Canada for May, usually a peak month with 44,077 reports The Financial Post This was 16.9% below last year's 52,999. Retail value was off 15% at $113,370,000 First five months sales were 190,215 units down 11 per cent with retail value 11% lower at $407,661,000 Commercial vehicle sales showed bigger decline than passenger cars.

# Big Demands On Unsatisfied Judgment Fund

Payments from the Unsatisfied Judgment Fund totalled $161,200 between April 1 and June 30 of this year, the Provincial Secretary's department announced

Fees collected during the same period were $207,654 Practically all fees, amounting to $1 for each motor vehicle registration are paid into the Fund during this period while the expenditures continue throughout the license year.

Unsatisfied Judgment fund expenditures were made of $36,703.16 in hospital and medical payments, $61,379 in judgment damages and $6,650 in judgment costs, and $4,615 miscellaneous payments. The Fund operates to assist drivers who have received injuries or property damage in motor accidents but are unable to obtain financial compensation from those found responsible for the accidents in subsequent court judgments

# Scandinavian Program At Elk Island Park

Sunday July 25 will find Scandinavians and their friends from all parts of Northern Alberta, gathered for a celebration at Elk Island park

Sponsored by the Scandinavian Centre Cooperative Association the picnic is intended to bring together all people of Norse descent for a mixed program of the folk songs folk dances and folk music of Norway Sweden Denmark Finland and Iceland. With the artists in the colorful costumes of their homelands, this promises to be one of the season outstanding outdoor programs.

Crystal MacDonald well known Edmonton artist will be the featured soloist and musical selections will be provided by the Lido Taylor orchestra. 4-6

The markets of General Motors was four firms which joined GM within months after its incorporation in 1908. They were the companies that resulted from the work of three automotive pioneers: R. E. Olds, Henry M Leland (Cadillac), David Buick and Edward M. Murphy (Pontiac).

## NEWS OF THE DISTRICT

# Many Interesting Vacationists Visit At Clandonald

It would appear as if, at this time of year, a goodly proportion of the population of Western Canada and the U.S. are taking vacation trips. Clandonald and district seem to get their share and no doubt the same is true of other points throughout the country.

A former resident of Vermilion and well known in this district about 20 years ago, Mrs. Charlie Simcoe and 15 year old son Blair visited briefly at the writer's home last week. Mrs. Simcoe, better known around here as Helen Sharp now lives at North Star in the Peace River country where she has held the position of postmistress for the past seven years. News of the rest of the family will be of interest to former acquaintances also. Of the three brothers, Edgar keeps a hardware store at Manning, Fenton is in business in Edmonton and Jackie at present is the owner of a motel at Fort McLeod. During her visit Mrs. Simcoe stayed with friends of long standing Mr and Mrs. Lloyd McFadden of Vermilion.

Mr and Mrs. Leo Sturrey and 2 children of Vancouver were also in Vermilion and district visiting recently. Mrs. Sturrey, formerly Hilda Davis whose home was at Rusylvia for many years has not visited here for some time. Mr. Sturrey returned home during the past week but Mrs. Sturrey and the kiddies plan to spend several weeks with relatives and former acquaintances. Mrs. Earl Geake of Vermilion and Mrs Walter Parker of the Dewberry district are sisters of Mrs. Sturrey while two brothers George and Ernie also farm near Dewberry.

Rev and Mrs. Clennet had the former's parents as their guests for several days during June. Mr. and Mrs. Clennet Sr are former residents of the Mannville district as well as living some time at Westlock and are now making their home in Calgary. Following their visit here they spent several days at Mannville renewing friendships and visiting relatives. They returned to the southern city with their son and daughter-in-law during the first week of July. Rev. and Mrs. Clennet who now also are on holiday planned to continue on to Vernon where a brother of Mrs. Clennet's resides. They expect to be away about a month.

During the absence of the Clennet's Rev. D Ford of Vermilion is helping with the services, the next being at 2 p.m. Sunday July 25.

Mr. and Mrs. Hugh Hagen and Anne are taking a few days well earned holiday. They plan to visit with Mr and Mrs. R. J. Hagen at Blackfalds and friends in the city.

Alex Grant, well known district trucker is at present operating out of Edson on a gravel haul. Recently the rest of the family joined him where they plan to remain for the summer vacation period.

Congratulations to Mrs. Dave Findlay on her extraordinary good luck in winning the car at Lloydminster bingo party. We understand that the Findlay's quite recently purchased a car of the same make but for the present at least do not feel it necessary to have his or hers so have the prize up for sale.

A resident here for many years and a business man of Clandonald since the early days of the town John Grauman has been forced to give up his welding shop for reasons of ill health and at present is working in Edmonton. The rest of the family are still residing in town as their future plans as yet are indefinite. We are sorry to face the prospect of losing the Grauman family., as well as being good neighbors Johnny is an excellent workman. Just at present we have neither blacksmith or welding shop operating here and this poses a serious inconvenience with harvest season not far away.

The news item in the last issue of the Standard regarding the sighting of a lynx in the Woodvale district calls to mind that one was shot not far from here about 40 years ago by the late Thomas Wilkinson. At that time the old Wellsdale school was about two miles northeast of the present town of Clandonald and the beast was shot not far from there. It is recalled also that following the incident it was truly amazing how short a time was required by the pupils going to and from school as compared to previously.

Mr and Mrs. Willard Sikstom and two small daughters from Edmonton spent over two weeks visiting with Mrs Sikstom's parents Mr and Mrs. R. Goad of Clandonald. Also visited was Willard's sister Mrs. Harry Brake and family as well as many former acquaintances.

Miss Isabel Fisher formerly employed at the Treasury branch in Vermilion has accepted a position at the Bank of Toronto in Clandonald. Also of the bank staff for the past few months John Helm, whose home is at Rosetown, recently returned to work following his annual vacation.

Does anybody know how high these jets are that fly over, when they can only be spotted by a faint vapor trail? The jet itself looks about as big as a pin head and probably could not be seen at all except for the reflection of the sun.

## Legion Picnic Held For Vermilion Fair

MANNVILLE. - The boys and girls of the local Barley club were busy over the week end completing a display which is being shown at the Lloydminster and Vermilion fairs.

## Kitscoty Curlers Sponsor Sports

With proceeds ear-marked for their new curling rink Kitscoty is holding a big sports day on Wednesday July 28. Headlining the attractions are men's softball with prizes totalling $75 and ladies' softball with $35 in prizes. Junior baseball 18 and under and a variety of other features have been arranged promising an interesting day. Ball entries should be phoned to R. Speelman, Kitscoty.

# News Notes From Your District Home Economist

VEGETABLE RECIPES

Use your vegetables in various ways. For instance, here is a recipe using string beans with which you could surprise your family.

*Lyonnaise String Beans*

3 cups cooked or canned beans
[illegible]
[illegible]
2 tbsp. vinegar and water (if desired)
2 tsps. sugar (if desired)
Salt, pepper

Fry diced bacon, remove bacon and cook onion until it is slightly browned. Add other ingredients [illegible]. Serves 6. Tomatoes, green peppers or chili powder might be added. For more vegetable recipes write for the booklet — "Vegetables Make the Home Plate"

DID YOU PLANT PARSLEY?

Why not transplant several of those tiny sprigs to a flower pot or other suitable container. This can be kept in the kitchen the year round and is always within a few steps when you need some extra color for sauce, salad, or as a topping for meats and vegetables.

In winter, especially, it gives you something green to eat as well as to look at.

Be sure to keep using it. If the leaves aren't picked, the plant will eventually go to seed.

MR. AND MRS. THOMAS JOSEPH BELTON

## Islay Man Married in Edmonton

In a quiet ceremony in the manse of Norwood United church, Rev. W. T. Young solemnized the marriage of Miss Kathleen Vickers and Mr Thomas Joseph Belton.

The double-ring service united the daughter of Mr. and Mrs. Jack R. Vickers of Leicester, England, and the son of Mr. Joseph Belton and the late Mrs. Belton of Islay.

For her nuptials the bride chose a blue floor-length gown of nylon net, with a blue chapel veil. She wore blue drop earrings and carried a bouquet of red and white roses.

The bridesmaids, Miss Fernne Vickers and Miss Rhoda Deschamps, wore similarly styled floor-length dresses of nylon net in shades of yellow and pink respectively. Both wore leaf-designed headdress.

Attending the groom were Mr. Ralph Symonds and Mr. William [illegible].

A reception for the bridal party and two special guests, Miss Florence Cubitt and Mr. Robert Berthe, was held later at the Seven Seas. Toast to the bride and groom was proposed by Mr. Berthe.

For her wedding trip the bride donned a grey tailored suit. After a honeymoon in Calgary and Banff Mr. and Mrs. Belton will reside in Edmonton. — Edmonton Journal.

## Sixteen Years Ago Today

*July 21, 1938*

Dr. J. E. Rattray, Veterinary Surgeon, [illegible] a practice at Vermilion.

The Wain-Town Gas and Oil Co. have submitted an application for a franchise to supply natural gas to the town for a period of 20 years.

Art Gould of Islay passed through town on Monday morning en route to Vancouver by motor bike.

A short story . . . fewer cats — more birds — fewer insects. (t.f.)

Recent heavy rains have assured the farmers in the district of good crops. One more good shower will fill the kernels to perfection and nothing but hail or frost can damage the grain extensively now.

## Thirty-two Years Ago Today

*July 19, 1922*

Major W. T. Trench of Mary Lake has sold his half section farm to S. Hopkins of England.

The first annual convention of the Vermilion district F.U.A. association was held in the Albert hall and was attended by 100 delegates. Speakers included H. E. Spencer, R. G. Reid and P. J. Enzenaur.

The Federal Grain Co. have now started the erection of a large elevator at Claysmore. They will also build one of 30,000 bushels capacity at Vermilion.

R. Macklin of Borradaile intends to hold an auction sale soon and will move to Peace River country.

# Of Many Things . . .

By AMBROSE HILLS

*A GOOD NEIGHBOR*

I was listening to the radio the other night and I heard a commentator, on our government radio system, talking about the United States of America. He was far from enthusiastic about them. It seems to be fashionable with radio commentators these days to take left-handed cracks at the U.S.A.

I think we Canadians have formed a rather foolish habit of criticizing the United States. I think it would be a good idea if we reminded ourselves once in a while of what they have accomplished.

Everybody knows about their material progress. Under the capitalist system they have increased their wealth to an extent almost unimaginable fifty years ago. Back in 1936 about 17 million Americans had incomes of less than a thousand dollars a year. Today only about a million are that low on the scale, while 17 million have incomes of five thousand dollars a year or more.

We should also remember how all this was done. It was not through slave labor or sweat shops. It was done by increasing the productivity of each person and, according to Adlai Stevenson, "By putting government to the service of the people."

Marx predicted the disappearance of the middle class and the falling apart of democracy. Yet the United States, with its firm belief in freedom, is living better than ever before.

No one can accuse the United States of imperialism. Surely we have lived beside them long enough to know that. We used to criticize them because they stayed out of wars. Now we criticize them because we think they're overeager. We should remember that on two recent occasions they have come in and tipped the scales for freedom in World wars. Surely that would give a more gentle tinge to some of the bitter criticism going on these days.

The United States of America has been generous. They have paid fabulous taxes in order to give away millions and millions of dollars to help undeveloped areas. They have had little in return except more criticism.

It is quite true that the United States of America has often put very high tariffs and trade barriers between us. But surely they cannot be blamed for trying to protect their own working men.

If we were a little bit more astute ourselves in that regard, and matched a few of their policies we would probably do better. As it is, we seem to prefer to throw wordy brickbats and snide criticism at our good neighbors. Why can't we be straightforward and business like [illegible]

The Americans are quick to criticize themselves. We Canadians are also pretty good at self criticism. There is therefore little reason to toss brickbats back and forth across our borders. Instead let each of us be grateful for a good neighbor.

## NEWS from ALLANDALE

The weather since last writing has been very hot with only a few showers.

On July 8 Mr. and Mrs. Orville Armstrong, the latter's sister Mary and Auntie Mable Lee left by car for Rochester, Minn. Auntie Mable was stopping off at Ada, Minn., to visit with an aunt and family. Recent word came and Orville had a very favorable report from the doctors.

Mrs. Allen Ronaghan and daughters May and Beth are holidaying on the Ronaghan farm with Rena. Allan is attending university working on his B.A.

On July 13 Miss Joan Nelson left for the city where she has a job with London Life Co. in the Bank of Commerce building, as a stenographer.

Noticed Mr. and Mrs. Sellas Lee with a 1953 Meteor car.

Mr. and Mrs. Jim McNabb and family from Rabbit Lake, Sask., visited Mr. and Mrs. Strang recently and called at the Mayers' home one afternoon.

Glen Baldock returned home from the city on July 10 and is now helping on the Cross farm.

Albert Armstrong spent a few days in the Islay hospital. Little Linda Strang was also in at the same time. Both are home now and feeling much better.

On July 13 Vernon Nelson was injured while riding horseback. He suffered a broken arm, cuts and bruises. He was in the Vermilion hospital for a few days and is now home on the farm.

Mrs. Louis Baldock spent a few days in the Vermilion hospital having dentistry work done.

July 4 Louis Baldock was taken to the Vermilion hospital suffering from arthritis. A speedy recovery is wished him.

Mr. and Mrs. Butler have their daughter May and family home for holidays. Mrs. Sanford DeFord from Athabasca is also holidaying with relatives at Deer Lake.

Mr. and Mrs. John Arnold have their granddaughter Sharon Childress of Kimberley, B.C. with them for the holidays.

On June 30 Mr. and Mrs. Orley Omness motored to Lac la Biche. Mrs. Omness continued by train to Waterways to visit her daughter and family, the Walsh's. On July 10, Mrs. Della Walsh, Adele, Doreen, Wayne and Laura returned home with Mrs. Omness, Della to recuperate from a recent illness. The trip from Lac la Biche was made by car through the kindness of Uncle Gus Throndson, accompanied by Mr. Omness.

Mr. and Mrs. Wm. Mayers spent last Sunday at the latter's sister's Mrs. Gertie Swanson at Elk Point.

Mr. and Mrs. Tommy Greaves and daughter Brenda, Mr. and Mrs. Greaves Sr. with their two grandsons, motored from the city and spent the week end at Baldock's.

On July 8 the foundation of the Allandale United church was laid. We are grateful to all those who helped in any way.

Mrs. Woody Wilson, Curtis and Linda, left last Monday on the bus to visit her sister and family at Rabbit Lake, Sask.

Cpl. Paul Whelan from Cold Lake, R.C.A.F., spent last week end with his wife Orlene and daughter Paulette at the Omness home.

July 16 Mr. and Mrs. Herb McPhee returned from the east with their new Pontiac car. They report a good trip, visiting relatives and friends.

Closing Thought: It is not every question that deserves an answer.

## Our Letter From The Capital

## OIL SANDS : Alberta's Sleeping Giant

EDMONTON. Gradually things are being done to Alberta's gigantic "sleeping giant" the oil sands in the northeastern corner of the province.

The latest development was announced last week in the capital. Two Calgary oil companies have taken an option to purchase the government-owned oil sands extraction plant at Bitumont, near McMurray.

The two companies, it is reported, have a process for extracting the oil from the sand and during the 18-month period the option will run plan to see if their process can be co-ordinated with the facilities of the Bitumont plant.

The option price is $19,952. If the companies decide before the end of 1955 to buy the plant and the 47 acres on which it stands, they will pay $180,000. The provincial government also would approve a lease giving the companies rights to 3,874 acres of oil-soaked sands in the area.

The option was issued by the government after the second call for bids on the plant, which was developed and operated in order to establish a commercially-feasible method of separating oil from the sands. This has been done to the satisfaction of the Alberta Research Council and having no further use for the pilot plant, it was put on the auction block.

Just what the new developments mean in terms of production from the fabulous oil sands remains to be seen.

Work in the wilds of northeastern Alberta where hundreds of billions of barrels of oil lie imprisoned in many thousands of acres of sand, has been going on for many years. In fact it is exactly 60 years ago that the first oil well was drilled into the sands by the federal geological survey.

A second well, which struck terrific gas pressure, started a rush of private drillers. But time, money and energy showed that all the oil was in the sands, locked in and not to be found in pools such as the oilmen were accustomed to elsewhere in the world.

To many it meant the vast reserve largest oil field in the world was useless, only a curiosity from which no good could come.

Fortunately to others it was a challenge, a process to separate the oil and sand remained to be found. It was and no doubt, variations and modifications are being developed today.

Even if an economically feasible method of production is a reality and commercial production of oil from the sands is within reach, many problems remain to be solved before the full impact of the oil sands is felt in Alberta.

For instance there is the transportation problem. This involves both the difficulty and expense of freighting vast amounts of equipment and supplies to the area and the even greater problem of shipping the oil out of the wilderness area. Then there is the question of marketing the oil. With continuing development of Alberta's oil fields, more markets are essential. The pipelines east and west carry only so much oil and the province's wells are allowed to produce only so much in any given period.

One solution to the shipping problem was advanced away back in 1883 by Dr. Robert Bell, a noted geographer and naturalist, who probed the mysterious sands before 1880. His suggestion was the construction of a pipeline from the McMurray area east to Fort Churchill on Hudson Bay, from where the oil could be shipped in ocean-going tankers.

The two Calgary companies interested in purchasing the Bitumount plant, are Can-Amera Oil Sands Development Ltd. and Mill Creek Oil Company Ltd., both headed by S. M. Paulson.

He reported that earlier this summer 40,000 pounds of oil [illegible] sent to New York state, where construction of the companies' oil extraction equipment is being completed. Tests there were successful and resulted in the deal with the government. The equipment is expected to be shipped to McMurray sometime in August.

TODAY, SUCCESSFUL FARMERS RELY UPON MACHINE HELP

Profitable, efficient, low cost farming depends largely upon the effective use of machinery to get more work done in less time and at the lowest possible cost per unit of production.

This trend to mechanization of more and more farm operations and to the utilization of the greater advantages in work output of the latest machines has been speeded up by the scarcity and high cost of dependable, experienced farm labour.

When checking your work program be sure to look into the labour-saving features of the latest Massey-Harris and Ferguson machines. Designed and built to help you do more work quicker and at less cost, Massey-Harris and Ferguson machines fit ideally into present-day farming operations.

For high quality equipment and for fast dependable service see your local dealer.

# THE VERMILION STANDARD

Vol. XLVI No. 6. Vermilion, Alberta, Thursday, July 29th, 1954. 12 PAGES $2.00 a Year

# Successful Fair Ends For 1954

Vermilion's 49th exhibition drew to a close on Saturday last and proved to be most successful, with splendid livestock and hall exhibits, a fine display of the most modern farm machinery, and exhibits of highly educational value shown by the Dominion Department of Agriculture, the Board of Grain Commissioners, the Postal Service of Canada, Northwestern Utilities Ltd., Burns and Co., the Workmen's Compensation board and a number of local merchants.

BOYS & GIRLS CAMP

The 1954 Boys and Girls camp drew some 130 young farm people who were in attendance at the school of agriculture from Monday to Saturday. The boys and girls were given practical instruction in agriculture and home economics subjects and were also given instruction in water safety and swimming at the new Vermilion park, under the direction of Mr. Glen Tuck, Vermilion's Recreational director.

During the week the Alberta Wheat Pool tendered a banquet to the youngsters and this was attended by representatives of the Wheat Pool and the Agricultural society. Mr. S. C. Heckbert spoke to the group, stressing the advantages that are now available to young people in Alberta and urged the boys and girls to make use of the instruction received when they returned to their homes. He expressed appreciation of the work of the school of agriculture staff and of the contribution of the Alberta Wheat Pool for the banquet, the T. Eaton Co. and the Line Elevators Association for donations of prize awards for competition during the week. Mr. Ripley, speaking for the Alberta Wheat Pool noted that the 'Pool' was only too happy to make the contribution to the work and welfare of farm young people and he joined with the previous speaker in urging that information gleaned while at Vermilion be put to good use in the home community.

CALF CLUB SALE

The show and sale of the Vermilion, Mannville and Derwent Calf clubs was held on Thursday afternoon and judging by the large crowd assembled around the rings the interest in the work was tremendous. A fine group of calves were shown following a judging competition in beef calves which was a feature of the day. Buyers from all the well known packing firms in the province and two or three from Saskatchewan were in attendance and the T. Eaton Co. paid 42½ cents per pound for the Grand Champion prepared and shown by Robert Barr, son of Mr. and Mrs. Manson Barr of Vermilion. The Reserve Champion was shown by Shirley MacDonald of the Mannville club and was knocked down to Eaton's for 36 cents per pound. The general average price received was well over market and the boys and girls are to be congratulated on their fine effort. Mr. Chester Gamble did a good job with the hammer.

JUNIOR FAIR

Vermilion's Junior fair was entirely successful and with some 1200 entries now rates as probably the largest such fair in the province of Alberta; it took five judges most of Thursday to place the awards in the livestock, school work and household science and hobby classes and all were loud in their praise of the work of the young people. The Society is grateful to the teachers of the district for their co-operation and appreciates the work of the children in making such a fine showing.

The 1954 fair produced what was probably the largest and most interesting display for several years and exhibition and display buildings were thronged during the fair with interested spectators, many of whom had come long distances to 'take in the Fair'. Interest in cooking and the handicraft classes especially was noticeable and the showing was worthy of greatest praise.

LIVESTOCK SHOW

The Agricultural Society erected twenty new stalls for horses and cattle this year and it is fortunate that this was done as every available stall on the grounds was filled. The showing of beef and dairy cattle was one of which the district may well be proud, featuring as it did the magnificent herds of such well known breeders as the Old Hermitage Farms of Edmonton, Alex Wynnychuk of Royal Park and Warrilow and Sons of Minburn with Aberdeen Angus; W. L. Robinson of Vermilion and Waring and Son of Lloydminster with Shorthorns; Henry Zeigler & Sons, J. S. Cross and Jas. Kallal with their Herefords. The fine herds of Dale Cole, with Jerseys, Mayer Bros. and Jonathan Fox Jr. with Holsteins, adequately represented the dairy breeds, there being lack of competition in the Jersey breed only.

HORSE SHOW OUTSTANDING

To describe the horse show at the Vermilion Fair would take a great deal of space and it may suffice to say that judges and others who are in a position to know claimed that the Vermilion show was the equal at least of any show in Western Canada, regardless of the size of the centre. The well known Bryden Bros. of Mannville had their magnificent Clydes in fine fettle and showed them to advantage; they had sterling competition from W. V. Flemming of Red Deer and Wm. MacDonald of Edmonton while J. C. Tucker of Vermilion and T. Halstead of Lloydminster showed fine Percherons and the crowds surrounding the rings when the horses were on show testified to the love of good horses that exists in the Vermilion area.

With more than 150 beautiful light horses the now acclaimed Vermilion Fair light horse show surpassed anything that has been seen in Alberta for many years. Local exhibitors did not by any means take a back seat to the horses from Edmonton, Calgary or the Saskatchewan points and the competition of recent years has served to develop a wonderful spirit of local pride in good horses well shown. The Strome entries along with those of the Misses Mahan, Miss Mildred Scarfe, Robert Maggs, Jos. Stewart, Dorothy Jean Stewart, Barbara Campbell, Tom Smith, C. J. McCormick and others compared most favorably with the entries of such outstanding horsemen as the Briercrest Stables, Tony Zeigler, Dr. W. H. Scott, Mrs. Norris, Mrs. Vieweger of Edmonton, the Parker entries of Marwayne, Misses Henry of Paradise Valley, Fred Howard of Lloydminster, John C. Anderson of Dewberry and many others and altogether made a grand show which was fully appreciated by thousands who thronged the rings during judging.

LIVESTOCK PARADE

The livestock parade which has long been a feature of Vermilion Fair was one of the finest such parades held in a long time and all who were privileged to see it were enthusiastic in their praises of the magnificent display of high class livestock.

HOGS AND SHEEP

Hogs and sheep were well represented with entries from Peter Wyllie of Leduc, the MacMillan Bros. of Clandonald, the Centralta Stock Farms of Wetaskiwin, Jas. Stewart, Stephenson of Mannville, R. P. Tymchuk of Vegreville, Alex MacMillan of Clandonald, Stanley Syvenky of Myrnam, Jonathan Fox Sr., of Lloydminster and A. Y. Ross of Vermilion and the showing made taxed the facilities of the sheep and swine barns.

Judges for the 1954 fair were Lawrence Rye of Edmonton for the Heavy horses, J. D. Wills of Keoleville for light horses, W. J. Hosford for Dairy cattle, B. Powlesland of Calgary and Harry Grant of Lacombe for Beef cattle and A. J. Charnetski for sheep and swine. In the Junior fair Mrs. R. McQuid, Miss Margaret Seward, Mrs. Helen McCaughan, Mr. Frank Welsh and Mr. Angus Smith had all they could do to place awards on the classes presented, while Miss Christine McIntyre and Mrs. Melnyk of Edmonton placed the awards in the Ladies' classes.

GRANDSTAND ATTRACTIONS

The attractions in front of the grandstand drew capacity crowds all during the three days of the fair and proved to be most acceptable with the dog act and the speedy juggling acts taking first place in the minds of the biggest crowds in the history of the fair. The Dewberry Boys band under the leadership of Wm. Protsch, and the Clandonald Pipe band, under the baton of Mr. MacLellan drew great applause on the occasion of every appearance, while Jack Jones of Edmonton and the accompanist, W.B. Elford of Vermilion, kept the crowds entertained during waiting periods in the sta[illegible]. The new midway, alt[illegible] larger than that coming to Vermilion for several years past, did not appear to have anything on the Jimmy Sullivan shows which have pleased Vermilion district crowds for several years heretofore.

All in all the 1954 Vermilion Fair, the product of a great community effort, was the most successful ever held and the directors are most grateful for the co-operation of all who, in any way, contributed to its outstanding success.

## Catch Lake Whitney's Biggest Jackfish

Rev. and Mrs. MacKay while fishing in Lake Whitney on Wednesday caught what old timers claim is the biggest fish ever to be pulled out of that lake. It was a 35 inch long ten pound jackfish and looked to weigh even more than that because of its great length. An ordinary spoon was being used when the catch was made and the appearance of the huge head of the fish when it broke surface beside the boat gave the two fishermen quite a start. However it was successfully landed and the trophy was on display in town Thursday.

---

Miss Darlene Marshall, daughter of Mr. and Mrs. T. C. Marshall, is home from Vancouver for a two weeks holiday.

## C.C.F. Convention Held At Viking

The annual convention of the Battle River-Camrose C.C.F. Constituency Association was held at Viking Saturday July 17. Business included election of the following [illegible]:

President: Sigurd Lefsrud of [illegible]

Vice-President: Alfred Arntson, Hay Lakes

Sec.-Treasurer: Earl Calvin, Sedgewick

Directors include J. Inglis, Kitscoty; Hardy Wear, Vermilion; Frank Eyben, Auburndale; Ken Tory, Wainwright.

## HOLIDAY TIME!

**In order to enable the Standard staff to take a short holiday, the office will be closed for one week — from Friday night, July 30th to Monday morning, August 9th.**

**Consequently there will not be a Standard next week, August 5th, that issue being cancelled.**

## Mr. and Mrs. McKinnon Of Mannville Celebrate Wedding Anniversary

MANNVILLE.—In celebration of their 45th wedding anniversary Mr. and Mrs. Neil MacKinnon were hosts at a family gathering at their home on June 30. Those present were Mr. and Mrs. Neil Phillips, Barbara and Sandra of Tofield who were accompanied by Mr. K. Iwaasa, minister of Tofield United church, Mrs. John Bryden, Jack Bryden, Mr. and Mrs. Bill Bryden, Terry, Elaine and Billy, all of Mannville, Mr. and Mrs. Harry Botsford, Brian, Barry, Stewart and Stanley of Edmonton, Mr. and Mrs. Bob Pettigrew of Vermilion.

Flowers, gifts and cards were received by the honored couple and an anniversary cake was presented by their two granddaughters Barbara and Sandra Phillips.

Mr. and Mrs. MacKinnon are old timers of Mannville, having been married here in 1909. In the succeeding years, they have taken active parts in the work of MacQueen Memorial United church, Hope Lodge, Magdaline Chapter, O.E.S. and in community work.

## Alliance Chapel Holds Sunday School Picnic

Wednesday afternoon July 21st was the occasion of a happy event, the annual Sunday school picnic of the Alliance chapel.

Held at the farm of Mr. and Mrs. Ralph Wilson the outing was attended by over 100 members and adherents of the chapel. Games for young and old and softball were the main features of entertainment. A generous lunch was served, and everyone agreed that a good time was enjoyed by all.

## W. B. Mix Purchases New Equipment

W. B. Mix has added to his line of heavy equipment a new D-8 Caterpillar tractor, the very latest of its line, complete with overhead shovel. It can handle any dirt moving job and is equipped for land clearing and breaking. Cost of the new equipment was $30,000.

## Air Cadets To Arrive Home On Sunday

The Vermilion Air Cadets will reach Vermilion by bus at 6 p.m. on Sunday, Aug. 1 on their return from summer camp at Abbotsford. The bus will stop at the C.N. depot for unloading.

Parents, especially those from the country, will please take particular note of this. Day, time and place.

## Civic Holiday, Monday, Aug. 2nd

Monday, Aug. 2 has ben declared a Civic holiday in the Town of Vermilion consequently all business places will be closed. The first Monday in August is practically an annual holiday in every town in the province now, the custom growing rapidly this past few years, affording one of the all too few long week ends.

## Kinsmen Paddling Pool Now Open

The Kinsmen Paddling pool is now open to the kiddies of the town and district. The pool is open every day that weather is suitable and Miss Viola Maggs is the supervisor. A great deal of the work on the pool and grounds was done by the Kinsmen and much more will be done before the completion of the whole project next year.

The club thanks Bill Pettigrew and Will Clifford for their work and splendid co-operation. Special thanks to Mike Hawryluk for the time he gave in extra help to the Kinsmen 'would-be' carpenters. The club would also like to acknowledge a cash donation from the Rebekah Lodge of Vermilion towards the paddling pool construction.

As soon as weather and time permits, the grounds will be levelled and the fence completed, the building painted and a sign over the entrance will be erected, making the paddling pool one more beauty spot in the town.

## Grain Prices Are Maintained

Last week the Canadian Wheat Board announced that the initial price for wheat, oats and barley for the 1954-55 crop year, which begins on Aug. 1, will be the same as those now in effect. For 1 Northern wheat the price will be $1.40 a bushel basis Fort William-Port Arthur or Vancouver. The initial price for 2 C.W. oats will be 65 cents at the lakehead. For 3 C.W. 6 Row barley at the lakehead the price will be 95 cents a bushel. Initial payments for other grades will be announced after the start of the new crop.

## Alliance Chapel Baptismal Service

A recent service of unusual interest was the open air baptismal service held Sunday morning July 18 by the Alliance chapel on the north shore of the Vermilion Lake in the Vermilion Provincial park.

At this service twenty persons were baptized by immersion thereby signifying their conviction and belief in New Testament Christianity. Rev. J. T. McNair pastor of the Alliance chapel officiated.

## Wheat Pool Picnic At Kiscoty

There will be a Wheat Pool picnic at the Kitscoty sports grounds on Friday Aug. 6 starting about 1.30 in the afternoon. An interesting program of sports and games has been arranged for everyone.

The refreshment booth will be taken care of by the Kitscoty Farmers Union Local as well as the dance which is to follow the same evening in Kitscoty.

Bring your own lunch basket and come prepared to spend an enjoyable day visiting with your friends and neighbors. There will be free ice cream for the boys and girls so let's be sure to go and get some. Eh!

## Gunderson's Welding In New Shop

O. Gunderson is announcing the removal of his welding shop to his new building on 49th avenue 1 door east of Little's case agency. In the Standard's advertising columns.

The new building offers very commodious quarters and every facility for the business. It will be recalled that Mr. Gunderson bought the old armories building on Railway street, moved it to the new location and has converted it to the present substantial business premises.

## Mrs. Gerald Miller Wins New Car

Mrs. Gerald Millar of Vermilion was the winner of the new Chev Belaire given away by the Kinsmen club on Saturday evening at the Vermilion fair. The draw was made in front of the grandstand following the last performance and the lucky ticket number was 375, sold by Kinsman Joe Hart.

The Kinsmen appreciate the public support given in this effort and heartily thank all who bought the tickets. The Club expresses thanks to Herzog Motors from whom the car was purchased and E. Katz who helped greatly in sale of tickets. The entire net proceeds of this venture will go towards the Kinsmen Paddling pool project now open to the kiddies of the town.

## Split Doubleheader With Lloyd. Pirates

Playing a doubleheader here on Sunday the Vermilion Tigers and Lloyd Pirates each took a game.

In the opener the local Tigers triumphed 9 runs to 4. The winning battery was Ray Jones to Mike Kochen, with Summers hurling for the Pirates.

The evening fixture saw the visitors win a free-scoring game 13 to 10. Al Baker and Moffat divided pitching duties for Vermilion with Kochen again catching. Barracks and Summers were the hurlers for the winning team.

RAINED OUT

A scheduled league game between Vermilion and Elk Point on Wednesday at 6:30 was rained out.

## Men's Golf Tourney Sunday, Monday

Annual open golf tournament will be held on the Vermilion Golf course Sunday and Monday Aug. 1 and 2. The Rowe trophy awarded annually to the winner will be undefended as Sandy Rattray of Edmonton, winner last year, will not compete. Sandy has been bothered with rheumatism all summer and has been unable to play any golf.

Given fine weather a very large field is expected to compete in the two-day event.

## Flt.-Lt. Steve Pus In Picked Plane Crew

A Vermilion born and raised boy, Flt.-Lt. Steve J. Pus, was selected as a member of the prize crew for the plane which carried the Duke of Edinburgh from England to Canada. Pus is the navigator of the RCAF aircraft chosen for the trip.

Steve is the son of Mr. and Mrs. M. Pus of Vermilion. He received all of his public and high school education here. After entering the air force he showed early adaptability to the training, resulting in his present high standing in the force.

---

Terry Cooper returned home on Wednesday after spending a week at Kapasiwin Beach camp held by the Anglican church. A wonderful time was reported by Terry.

### Vermilion S.D. Board Holds Two-Day Session

## Tender Is Let For New School At Marwayne; $84,150 Building

The regular meeting of Divisional Board of the Vermilion S.D. was held at the Divisional office on Friday and Saturday, July 16 and 17.

Marwayne S.D.: Architect P. Campbell Hope attended the meeting when tenders were considered for a new school building. Board awarded contact to E. M. Cleve Construction Ltd., in amount of $84,151.

TEACHER RESIGNATIONS AND APPOINTMENTS

The following resignations were received from the teaching staff: Miss Tiberg, Miss Pidcock, Mr. Gunderson, Mrs. Barnett, Mrs. Parsons, Miss Flint, Miss Fulgham, Miss Oldenburg, Miss Swanson, Miss Polinsky, Miss Shirreff, Miss Allen, Mr. Walker, Miss Mahan, Mr. Connolly, Miss Wasylishen, Mr. Greenslade, Mrs. Walker, Mrs. English, Mrs. Beck, Mrs. Maltais, Mr. Kokotailo, Mrs. York, Miss Gawryluk, Mr. Venance, Miss Bidulock.

The Board approved the following appointments to the teaching staff: Miss Parker, Miss Prowse, Miss Maggs, Miss Fluney, Mr. Marshall, Mrs. H. A. Ford, Mrs. Reiehus to Marwayne; Mrs. Murray to Paradise Valley, Miss Quinn; Mrs. Goddard, Miss Tylosky, principal of the Vermilion Primary school; Miss Gray to Vermilion, Miss Marshall to Vermilion, Miss Seward to Vermilion, Mr. Cosh to Vermilion; Mr. Novak, principal of the Vermilion Junior high, Mr. Archibald to Vermilion high.

Leave of absence was granted to Miss Marian Fulgham and Mr. F. W. Powell for one year.

Mr. Simonsen presented printed copies of report on following topics.

Schools to be closed: Ellsworth, Crown Hill, Stretton, Silver Willow, Willowlea, Devonia Lake, Basswood, Triangle, Battleview and Preston.

List reviewed operating rooms and requirements to permit re-opening in September.

Board approved opening day of school as Wednesday, Sept. 1.

BUS ROUTES

Approval was given to the following bus routes: Basswood, Triangle, Battleview, Willowlea, Stretton, Silver Willow, Crown Hill, Devonia Lake. Board approved bus contract to Mr. J. Rainey for Ellsworth S.D.

Teacherage at Madresfield S.D. will be sold and teacherage at Cheviot Hills will be moved to Madresfield.

Teacherage at Queenie Creek will be moved to Preston Central.

SHOP AND HOME EC COURSES

Board studied success of courses presently available at Vermilion school of agriculture for high school students and directed that request be forwarded for permission to have courses made available for 1954-55.

Board decided to advertise for sale school barn and coalshed at Woodford S.D.

Board instructed that site and buildings at Bellcamp S.D. be offered for sale by tender.

Community Association to be formed requested permission to purchase Basswood school and site for community centre. Board delayed sanction until 1955 when success of centralization should be established.

Board will seek permission of the Dept. of Education to sell teacherage and barn at Moyerton S.D.

Sale of barn at Koknee S.D. to Mr. A. Robinson in amount of $[illegible] was approved.

GRADE 9 INSTRUCTION

Superintendent recommended that no Grade 9 instruction be made available at Rusylvia school, Westdene school and Flowerdale school in 1954-55.

North Home S.D.: Mr. H. Matheson requested permission to allow children to travel to the Dewberry school by bus. Bus accommodation will be checked when arrangements may be made.

FARMERS' DAY HOLIDAY

Circular from Dept. of Education asked for Board opinion on Farmers' Day holiday. Board questioned the success of this holiday and recommended that it be discontinued.

Board approved payment in lieu of conveyance at regular rates for children of Mr. L. Stafford attending school at Lea Park S.D.

Reserve price of $100 was set on teacherage at Silver Willow S.D.

TRUSTEES' CONVENTION

Mrs. R. Golightly, Willowlea P.O. is newly appointed secretary of the Trustees Association. The Board recommended grant in amount of $100 to Association. Convention forwarded two resolutions for the consideration of the Divisional Board favoring at least two board members in attendance at subdivisional annual meetings and bus service for high school students from Rivercourse and McLaughlin to Paradise Valley.

Meeting of parents with high school grade children in area of Rivercourse, McLaughlin, Paradise Valley will be held at McLaughlin Monday, July 26 to discuss high school accommodation for pupils from these districts.

Board approved sale of old school site at Westminster Park S.D. to Mr. P. Bereziuk.

FINANCIAL STATEMENT

Financial statement covering six months period was presented:

| | |
|---|---|
| Receipts | $382,557.73 |
| Payments | 362,146.18 |
| Balance | $ 20,411.55 |

Main items of expenditure were:

| | 1954 Budget | 6 Mos. Op. |
|---|---|---|
| Administrat'n | $ 11,980 | $ 5,697.62 |
| Instruction | 384,900 | 159,724.76 |
| Plant Op. | 98,300 | 51,410.57 |
| Transportation of Pupils | 94,000 | 35,485.01 |

Board approved statement as it was presented.

CENTRAL BOARD P.V.S.D.

Ministerial order provides that election shall be held in Paradise Valley S.D. prior to Aug. 20 1954 to elect a central board with one member from each of 7 districts, Paradise Valley, Uneeda, Clare, Waverly, Moyerton, Cheviot Hills and West Centre. Board approved Friday Aug. 27 as date on which meeting will be held in Paradise Valley.

Next meeting of Divisional board Friday Aug. 20.

*ENTHUSIASTICALLY RECEIVED—*

In establishing a provincial park by creating an artificial lake at Vermilion the Department of Lands and Forests made a notable contribution to the people of northeastern Alberta. Standing on a promontory overlooking the man-made beach with the H-pier built for the safety of swimmers, toddlers to adults alike, the news editor counted 204 cars at 4:30 Sunday afternoon a week ago. Besides this numerous other cars were parked at favorite spots along the lakeshore on both sides and at the favorite fishing spot, the spillway on the east end or outlet of the lake. Wednesday afternoons and any warm evening see similar gatherings while every afternoon the lake attracts its quota of boaters, bathers and fishermen. On the Sunday afternoon in question there [illegible] 200 people in the water at the two beaches at one time while many others sat on the sand and on the piers. Motor boats plied the water and aquaplaning and water skiing were in active progress on the open waters of the lake, all contributing to make an animated and very happy scene. [illegible] has been good, so good in [illegible] that the local fish and game [illegible] has asked fishermen to limit [illegible] catches to 15 per day and to throw the little ones back into the lake. There are four bathing houses, a completely equipped kiddies' playground on the site, two large camp kitchens and scores of lovely picnic spots.

That development of such recreational and beauty spots by the province is overdue is quite evident by the enthusiastic reception given, and large scale use of this Vermilion park, the first provincial area to see such facilities provided.

*ADVERTISEMENTS HAVE HIGH READER INTEREST—*

While the newspaper strike was on in New York City last December Batten, Barton, Durstine & Osborn, one of the world's largest advertising agencies, had representatives conduct a door-to-door survey, asking the following question.

"What do you miss most about not having your paper?" Here are the answers as tabulated by the agency:

Advertisements — 42%. (Men 30%; Women 54%).

News — 28%. (Men 31% and Women 65%).

Editorials — 29%. (Men 30%; Women 21%).

Sports — 25%. (Men 46%; Women 4%).

Comics — 19%. (Men 12%; Women 20%).

Financial News — 10%. (Men 20%, Women 4%).

*AN OPPORTUNITY FOR RURAL ALBERTANS*

Many young Albertans are undecided on their plans for the future. For those who plan to make farming their career, the schools of Agriculture and Home Economics, operated by the Alberta Department of Agriculture, can give a very valuable background of training.

Emphasizing the practical approach to farming and homemaking, the courses offered at these schools will assist the future farmers and homemakers to make the most of their farm business. The term at the school is designed to permit students to remain on the farm until the fall work is finished and releases them in good time for the rush of spring work. This year the schools open on Oct. 19 and close April 6, 1955.

The minimum age limit is 16 years but older students receive first preference. There is no minimum standard of education, although prospective students should have at least grade 8 standing.

Costs for a term are very reasonable. There is no tuition fee for residents of Alberta and the total estimated cost for one term is about $275. A certain amount of pocket money must be added to this for laundry and incidental expenses.

Two types of courses are offered: the regular two-year course in both Agriculture and Home Economics, and the Two-in-One course designed for those students who have 70 or more high school credits. A popular new course was added to the Home Economics section last year. This was Typing and Business Training, a course designed to assist graduating girls to obtain satisfactory employment during the few years before they become homemakers. No other changes are planned for this year.

Any young person wishing to obtain more information or application forms may write to the Principal, School of Agriculture, Vermilion, Olds or Fairview.

## BOB BARR'S CALF IS JUDGED CHAMPION AT 4-H SHOW & SALE

A Vermilion calf shown by Bob Barr won top honors at the 4H Calf Club show and sale held as a feature of the Vermilion fair. Bob's Shorthorn calf was judged champion of the show and was purchased by the T. Eaton Co. of Edmonton for 43 cents per pound. The reserve champion was shown by [illegible] McDonald of the Mannville Calf Club and was bought by Burns Co. at 38 cents. Forty-four calves were exhibited and sold by the Derwent, Mannville and Vermilion Calf clubs.

Bob Barr and his sister Hazel won the Chester Gamble [illegible] ship trophy for the best team of showmen. William Cornish, MLA, donated prizes for the best 3 calves exhibited by first year club members. The winners of this award were in order of merit Josie McDonald, John Clennett and Gary Bennett, all members of the Mannville club.

Immediately following the show the calves were sold by auction. The 44 calves averaged 21c per pound. Chester Gamble of Mannville was auctioneer. Charles Gordon, livestock supervisor for the province, judged the Vermilion and Mannville club calves, also the champion and junior exhibitor classes.

Individual winners of each club were Vermilion Club — 1, Bob Barr, 2, Hazel Barr, both showing Shorthorn calves; 3, Neil Harrison showing an Angus calf. The Eaton showmanship prize went to Bob Barr with sister Hazel taking second and John Simonet third.

In the Mannville club Shirley McDonald placed first with her Angus calf, Josie McDonald second with a Shorthorn and Bill Warrilow third with his Angus. Eaton showmanship winners were Shirley McDonald, Josie McDonald and John Clennett.

The Derwent club which also competed were judged previous to the fair.

E. H. Buckingham and Jerry Moffat were in charge of the show and sale. They were capably assisted by club leaders Jack [illegible] of Vermilion, Chester Gamble of Mannville as well as by fair directors Gordon Ross, Gordon Larsen, [illegible] McDonald and others.

The following firms purchased calves at the sale: Eaton's, 4; Craig Bros., 1; Proudfoot and Comford, 1; Vermilion Locker plant, 3; Swifts, 2; A.L.C., 2; Canada Packers, 5; Hay, Moore and Earl, 2; Shoprite, 2; Katz, 3; Weller & Wilband, 1; Burns, 9; Allanach, 1.

The Alberta Shorthorn Assoc. awarded a silver tray to Bob Barr for exhibiting the grand champion. Jim Bennett of Mannville donated a brush and comb set which will be given to the first year club member with the highest total score at the end of the fair. The Vermilion Agricultural society gave $3 to every club members showing a calf.

## NEWS OF THE DISTRICT

## CLEAN-UP DAY AT ISLAY CHURCH

It was a busy day Tuesday afternoon at the United church. It was cleaning day and a good job was done. The usual cup of tea was enjoyed and a pleasant visit for a few minutes. Our helpers were Mrs. Neil McLennan, Mrs. [illegible] Axley, Mrs. [illegible] Axley ([illegible]) ladies brought their [illegible] too), Mrs. King, Mrs. Betty [illegible], Mrs. Irene Martin, Mrs. Vera McLean, Betty Martin, Miss Bessie Anderson and Miss Muriel Stone.

Mr. and Mrs. Bob Armstrong of Smooth Rock Falls, Ont., and Mr. and Mrs. Boynton of Elden Station, Ont., arrived Monday by car to visit Mr. and Mrs. Neil McEachern. Mrs. Bob Armstrong is their daughter Mary and Mrs. Boynton is a sister of Mrs. McEachern.

Islay folk were sorry to hear that Mr. Jack Carey, who is visiting relatives in Ontario, was kicked by a horse and received a broken right arm and a gash in the other arm. The horse had shoes on which made matters worse. Jack has been in Cornwall hospital and is doing nicely.

Panda bears from the Vermilion fair, came to Islay last week, one to [illegible] Bell and one to Marion Tookey.

Mr. and Mrs. Stan Rain and two children of Perdue, Sask., are visiting their cousins Mr. and Mrs. Bill Shaw, Mr. and Mrs. B. Tookey, Mrs. Hilda Bell. They are on their way to Edmonton, Calgary and then back to Perdue travelling in a bed-equipped Fargo truck — very neat, compact and comfortable.

While we were working in the church on Tuesday afternoon in came Mrs. Monroe, of Dewberry, mother of Mrs. Jean Axley. She had just returned from a motor (Austin) trip to Banff and had as her bodyguard granddaughter Dorothy Axley. They took camping equipment but it rained so much they rented a cabin at night. They went by Wainwright and visited Mr. and Mrs. Richards, one time minister at Dewberry, then to Camrose, Calgary, Cochrane and Banff. They went up to Johnson's Canyon where they rented ponies and rode to see the scenery. We noticed Mrs. Monroe was walking very well — apparently no ill effects after the riding. Doroty saw a bear, just saw it and then ran — very fast! In all Mrs. Monroe drove 1000 miles.

Dalt Torrance and Mr. and Mrs. Clarence Robertson went to Calgary as a sister Marjorie (Mrs. Summers) was ill in hospital.

Mr. Alvin Anson has returned from a trip to the west coast.

The August W.A. meeting will be at the home of Mrs. Linton on Thursday, Aug. 3.

Mrs. Clark and three boys spent the week end with her brother John McKnight and family at Irwinville.

Miss Marie Carey was home for the week end. She and her sister Catherine attended the wedding of Miss [illegible] Lou Gardiner at Irwinville church.

Mrs. Violet Schaffer is a patient in the Islay hospital. Wishes are extended for a quick recovery.

## MANNVILLE & DISTRICT LOCALS

Recent visitors at the home of Mr. and Mrs. N. McKinnon were Mr. and Mrs. Max Grant and children of Flin Flon, Man. They were en route home after visiting at Peace River and Barrhead. Visiting with their grandparents Mr. and Mrs. McKinnon now are Sandra and Barbara Phillips of Tofield.

Mr. and Mrs. Chas. Golloch and Brian are holidaying in B.C. and the U.S. for a month. They planned to visit Mr. Golloch's sister Mrs. Geo. East at Victoria.

Mrs. M. Malin and children visited with Mrs. Malin's parents at Lloydminster while the fair was on.

Mr. and Mrs. Jim White and family of Brandon are visiting at the Allanach farm and with Miss Jean Allanach.

Visiting at Bob White's over the week end were Mrs. White's brother and his wife Mr. and Mrs. John Chyzyk of Verden, Man. They are on their way to the coast.

Mr. J. Wadsworth of [illegible] was a Mannville visitor last week.

Mrs. D. Morden and son of Edmonton accompanied Mr. and Mrs. Chris Hamilton to Mannville on their return from holidaying at the coast and in the States.

Mrs. Steve Charchuk and family of Sandy Lake have been visiting with her mother Mrs. R. Gordon.

Mr. and Mrs. Percy Thompson and family of Lacombe were week end visitors with Mrs. Gordon.

Mrs. Geo. Woods of Tacoma, and Mrs. Bellar of Wetaskiwin were recent visitors at the home of Mr. and Mrs. Percy Arnold.

Mr. and Mrs. R. Reed and girls spent a few days visiting at Prince Albert last week.

Mrs. O. Blackford and Doug left the beginning of the week for a visit with relatives at Brandon.

Mr. and Mrs. Elliott have returned from a holiday to the coast. They stopped in Calgary on the way to the coast to visit their son Winston Elliott who was leaving on the Coste House trip to Europe to visit the art centre in several different countries.

Mr. and Mrs. Joe Dowicki of Edmonton were week end visitors at the Hubbard home. Mrs. Dowicki and daughter are remaining down for a few days.

Mr. Ralph Leitch is a patient in the local hospital. He is progressing favorably after an operation.

Mr. and Mrs. Ross Lane and family of Peace River are visiting with Mrs. Lane's parents, Mr. and Mrs. McPhee.

Mr. Chuck Thumlert has returned from holidays.

Mr. Robin Stuart who suffered an injury to his leg while employed with Freightways Ltd. and who has spent three weeks in the Royal Alex hospital was home for the week end. He had to report back to the hospital on Monday for further treatment.

Mr. and Mrs. Len Mrstik and Pat of Nordegg are visiting with relatives and friends in Mannville.

Sunday vistiors at the Allanach home were Mr. and Mrs. Jim Allanach and family of Fort Saskatchewan.

Mr. Adam Poliakiwski is a patient in the local hospital having suffered a heart attack last week.

Miss Audrey Hamilton is on the hospital staff during the holiday season.

Over 300 telephone directories were received at the telephone office this week and should be called for by the subscribers.

The hail and wind storm last week didn't do a great deal of damage in town but a number of farmers northwest and northeast had crops damaged from 40 to 75 per cent. In town the wind broke off the service wires leading to E. Kreller's house and the loose ends fell across the high voltage lines on the transformer behind the Anglican parish hall. The loose ends thus hanging in the alley were hazardous to anyone passing near but the Canadian Utilities service truck was not long in responding to a call.

Mr. Martin is relieving at the Bank of Commerce while Mr. and Mrs. Baker and family are on holidays. Also on the staff of the Commerce at Mannville are Ken Kufeldt and Connie Evanchiew.

Miss Jean Allanach entertained at tea on Saturday afternoon for her sister Mrs. Jim White of Brandon, Man. Those present were former members of the Bluebird softball team of which Mrs. White, the former Helen Allanach was a member.

## Funeral Services Held For Mrs. Janet Eleanor Bell

Funeral services for the late Mrs. Janet Eleanor Bell who passed away at the home of her daughter on July 20, were held at the St. Saviour's Anglican church, Vermilion, on Friday July 23 at 2:00 o'clock in the afternoon with interment following in the Vermilion cemetery. The Rev. D. A. Ford officiated.

The deceased was born Janet Eleanor Mercer at Maharabrack farm near the town of Kallalae, County Mayo, Ireland on May 1, 1866.

She came to Canada at the age of 24 years to marry the late Rev. J. H. Bell at St. George's church, Montreal on the 12th day of June 1890. She went as a bride to the parish of Alyene, Que. Later she moved with her husband to Sutton, Que. In August 1911 she and her husband and eight children came to Alberta and settled on a farm west of Vermilion. A year later when her husband was appointed postmaster they moved into town where she lived until the death of Mr. Bell in 1929.

During the most of the last 20 years the deceased had lived with her son Irvine on the farm just west of Vermilion. In February of 1951 she was taken seriously ill and moved to the home of her youngest daughter Joy and had been under her care until her death on July 20, 1954.

Mrs. Bell is survived by five sons, Annesley, Irvine, Cyprian, all farmers of this district, Bob of Calgary and Barry of Edmonton; and three daughters, Mrs. Harding (Gladys) of Toronto; Mrs. Beaton (Charlotte) of Calgary, and Mrs. Walsh (Joy) of Vermilion.

There are thirteen grandchildren and three great grandchildren.

Moyers Funeral Home was in charge of the last rites.

Beautiful floral offerings and memorial tributes were received from the following:

In loving memory of Dear Mother — Her Sons and Daughters; Charlotte, Cecil, Beverley and Anne; Grandma Taylor and family; Ada and Alfred; Mr. and Mrs. E. M. Stewart; Mr. and Mrs. A. M. West; L. B. Benjamin and family; Mr. and Mrs. Geo. Webb; Ray Lynch and family; John and Helen King; and family; Mr. and Mrs. W. Mix and family; Mrs. Cummings and family; Mr. and Mrs. Spielman; Mannville Motors; Mr. and Mrs. F. Buckingham; Mr. L. E. Katz; Mr. W. Barr, Alice and Jim; West Point Service, Doreen and Joe Ahlgren and family; Larry Amy and family; Bill McCombs; Blakely and Jim Barton, Mr. and Mrs. K. de Bruin and family; Mr. and Mrs. H. Hodgins and Elma, Harding and Kay; Mr. and Mrs. Floyd Bottorff and Mrs. Saffran, Doug and Frankie, Joan and Marilyn; Freeman and Isabelle; Mr. and Mrs. Les Kreller; Molly Conboy and Dorothy Ackerman, Edna Alex and family; Mr. and Mrs. Lyons and family; Milton and Eunice Lee and girls.

Cemetery Fund: Grace and Jack Marfleet; W. J. Moses; Faye Gordon and family; Miss A. Keith; Mr. Bruce Winters, Lottie and Ken Urquhart and Mrs. Elliott.

Crippled Children's Fund: Pete and Annie Krashinsky.

St. Saviour's Building Fund: Mr. and Mrs. Claude Brennan and Mr. R. R. Brennan; Mr. and Mrs. C. King and Keith, Fred and Mable Zurch; Mr. and Mrs. E. Corlett and Bella.

Cancer Fund: Mr. and Mrs. Manson Barr and family, Mr. and Mrs. D. R. Mitchell, Mr. and Mrs. N. C. Sobey and family, Mr. and Mrs. Thos. Watts, Mr. and Mrs. S. Conboy, Mr. and Mrs. W. L. Robinson and family.

## Canadian Teacher On British Council Course

Miss N. Y. MacDonald, directress of the Nursery School for Deaf children, Toronto, is among 15 specialists from 8 countries attending a course on the education of the deaf organized by the British Council at Manchester, England.

## 4H CLUB SHOW THEMATIC DISPLAYS

Five 4H clubs in this district assembled thematic displays at the Lloydminster and Vermilion fairs. The displays attracted a lot of interest and favorable comment from people who saw them in the junior exhibition buildings at the two class B fairs in this area.

The object in theme displays is for club members to present a topic related to their club work. Some phase of good farming is presented in words. Then diagrams are prepared to illustrate the project and make the lesson clear to all who see it.

N N Bentley, Principal of the School of Agriculture, Vermilion, and Alex Patin, mechanics instructor, judged the displays, and both expressed themselves as highly pleased with quality of the work [illegible].

The judges picked the entry of the Paradise Valley 4H wheat [illegible] for first place. This display showed the danger of soil erosion and what happens when soils are allowed to wash and blow away. Trash cover, root fibre and trees were shown as the chief ways of checking soil erosion.

The Mannville 4H Barley club set up a display to illustrate the good effect of sowing clean seed. This entry took second prize.

The two Vermilion Grain clubs made effective displays [illegible] toy tractors to show how to avoid accidents. The Greenlawn Grain club worked on the soil erosion problem and depicted what can happen where no effort is made to control soil erosion.

## Too Few Millionaires

Official statistics, remarks The Financial Post, play hob with the illusion that baby bonuses, old age pensions, or any other national social security measure can be financed on a 'soak the rich' policy. [illegible] just aren't enough millionaires to be soaked. Rather it is the people with comparatively modest incomes that must pay the main part of the bill.

For the latest fiscal year, there were 1570 Canadians who reported in the top bracket class with incomes of $20,000 and up a year. They contributed just a little under $90 million in personal income taxes. That accounts for only 7.2% of the total take.

The great bulk of income taxes comes from the middle class, the people with $3000 to $6000 a year. There were almost a million such in Canada in the last fiscal year and they contributed one-third of the personal income taxes.

## Widmere W. I. Notes

On July 7 the W.W.I. met at the home of Mrs. W. Steele with 15 members and two visitors, Mrs. W. Clark Sr and Miss Evelyn Wilson present. The meeting opened with "O Canada" and repeating of the Creed. Roll call was 'Name a product on the pantry shelf and tell where it comes from'. Many and varied were the products named. The treasurer's report was given. Sick convener reported sending of two fruit baskets and one baby spoon with another spoon ordered.

Project for July was 25c [illegible] A C W W fund and money [illegible] was handed in. A short discussion re Beaverdale school re possible purchase for community centre took place.

Mrs. Wallington was appointed delegate to the convention on July 16 with 15 members intending to go. The United Nations flag which the W W I made is to be taken to the conference. Mrs. F Gibson is to address the conference telling about our creeds.

Old woollens and the money for same are to be in this week to the shipper Mrs. C Cruthers.

Handicraft was handed in to the convener Mrs. W T Garnett.

Correspondence was a letter from Miss Holms saying that she would be unable to attend our August meeting but would come for the October meeting which will be at the home of Mrs. Wilson. A letter of thanks for the wash clothes which were sent to Korea was read.

Johnny Jump Up was won by Mrs. Noel Garnett.

Miss Wilson, a missionary recently returned from Africa, spoke and her subject was the women of Africa. Their homes are very crude. Miss Wilson had the miniature wooden bowls, etc. that they use. She also showed how they dress. The children run about naked, the houses are windowless and the fire is built on the floor with the smoke getting out wherever it can. All meals are prepared on the floor. Much more could be told of this interesting address but space will not permit. It all goes to show that we do not know how some of our sisters go through life, yet according to Miss Wilson [illegible] are all very contented.

The meeting closed with the singing of 'God Save the Queen'.

Our hostess and daughters Sylvia Clark served a very tasty lunch.

The next meeting will be at the home of Mrs. Wallington on Aug 4th. Roll call: 'What I'd like to do on my vacation'. Social by Mrs. J. Wilson.

Immigrants entering Canada in 1953 totalled 168,868.

## Bowtell Bulletin

Mrs. Robinson has a nice new Propane refrigerator. Granny Robinson left Monday to visit her daughter and family, Mr. and Mrs. W. Saunders in Edmonton. They will then go on to Banff for a vacation.

Congratulations to Mrs. Gerald Miller on winning the nice new car Saturday night at the fair.

Miss K. Fowler of Edson is visiting relatives in town and district.

The writer certainly enjoyed a visit from Miss Kay on Monday. It was learned that she lives only about 50 miles from our sister in Notts, England. Miss Kay leaves for her home in Yorkshire sometime in October.

The Freestones and Robinsons drove to the drive-in theatre at Wainwright Wednesday and enjoyed the experience.

Mr. and Mrs. Jones and the Sherwood family had a nice day Sunday for their trip to Unity, Sask. to visit Mr. and Mrs. Fox. The big flat fields certainly appealed to the writer. Mrs. Fox is a writer for the Unity paper.

Mary Gow spent some time visiting her sister and family Mr. and Mrs. Jim Fisk at Marshall, Sask.

Miss Maybelle Knutson is holidaying in Vancouver at time of writing.

The writer was surprised recently to receive a phone call from Mr. C. Shepherd who is a patient in the soldiers' wing at the University hospital, Edmonton.

Mrs. Rupp had as visitors recently her nephew and family, Mr. and Mrs. Earle of Cremona.

Mrs. Sherwood was pleased to meet Mr. and Mrs. Wasney and family during fair week. They lived at Berradale quite a number of years ago. They wished to be remembered to all of their old friends and neighbors.

## ALLANDALE NEWS

We've been having some very cool weather for this time of the year. A hail storm went north-east of here on the 20th doing considerable damage in some areas. It seemed to be in the same locality as the terrific storm that hit last year on July 14.

The big fair is over — busy days for many. Congratulations to Mrs. G. Millar on having the lucky ticket for the car.

The road two miles north of the school has been gravelled.

We were pleased to meet and have with us in our church on the 25th the minister's folks Mr. and Mrs. Calder and two sons, and the latter's parents. They motored here from Bow Island on the 24th to spend the week end with their son at Clandonald.

Mr. and Mrs. Gus Throndson have their granddaughters Elaine and Florence Lundblad of Valleyview holidaying with them. They arrived by bus in Vermilion on July 21.

Visitors at the McPhee home last Sunday were Mr. and Mrs. John David and son Keith from Vermilion and their relatives from Edmonton, Mr. and Mrs. Dobberthien and family of Vermilion and Norman and Lorne McPhee. Everyone enjoyed a trip to Lea Park, sightseeing and picnicking on the point.

Closing thought: Good health and good sense are two of life's greatest blessings.

## OBITUARY

*MRS. CLARA BEATRICE DIXON*

Funeral services for the late Mrs. Clara Beatrice Dixon who passed away on July 10 at the age of 70 years, were held on Tuesday July 13 at St. Saviour's Anglican church. Interment followed at the Vermilion cemetery. The Rev. D A Ford [illegible].

The pall bearers were Messrs Logan Gow, Fred Scott, Don Harrison, Tom Fenton, Bill Walker and Ken Fulton.

Left to mourn her loss are her sorrowing husband Joseph, one son William of Edmonton and one daughter Mrs. Richard Tattersal of Wainwright, and five grandchildren.

Moyers Funeral Home were in charge of arrangements.

Beautiful floral tributes and memorial donations were received from:

Loving husband and family; Mr. and Mrs. Fred Scott and family; Mrs. Hardie, Don, Jean Harrison; Mr and Mrs. Tom Sherwood and family; Frank, Thelma and Mrs. A. Robinson; Doreen, Louis and family; Mr. and Mrs. E. Jones, Mr and Mrs. Ken Stowell; Mr. and Mrs. A. F Galloway; the Whitchers; Mary and Ken, Mr and Mrs L. Gow and family; Mr. and Mrs Tom Fenton and family; Mr and Mrs Gerald Miller; Mr and Mrs R. Twerdy; Mr. and Mrs. C Sweeney; Mr. and Mrs. Val Budzilka Kitty, Jim Mullan and children, Mr and Mrs. W Walker and William, Mr and Mrs. Albert West, Mr and Mrs Elmore Stewart; Bowtell Busy Bees.

Flowers for the house: Mary Grant and family.

Donations to Crippled Children's fund: Mr and Mrs. R W Mullen.

Donations to the Cemetery fund: T D Watt, Mr Ed Dardis.

Donations to the Cancer Society: Mr and Mrs J E Miller, Mr and Mrs. Norman Yarwood 1 bible, Mr. and Mrs. Peter Cartwright 2 bibles. (Bibles donated to Salvation Army citadel.)

## Arabian Horses Are Brought From California

*(From Allandale News)*

Mr. and Mrs. Whitcomb of Riverside, Calif., arrived at the John Nelson home on Thursday July 22 after travelling 2000 miles by car and trailer, bringing with them the Nelson's two Arabian horses, El Gattall and Raffnaya.

They stopped at Denver, Col., and showed the horses in the Denver Arabian horse show. In this show 3-year-old mare Raffnaya took 1st, winning a trophy and the blue ribbon. The yearling stallion El Gattall, won a third. This same colt had been shown in California before leaving home, taking a second prize against very stiff competition.

Arriving in Vermilion and at the Nelson home, Mr. and Mrs. Whitcomb were tired but in very good spirits. Their only thought was of getting the horses a place to rest. They marvelled at the big barns in this country, and at the green pastures at this time of year, with no irrigation.

Mr. and Mrs. Whitcomb are wonderful people and were very anxious to see the Vermilion Fair. The light horse show was particularly interesting to them, and showed strong competition. They enjoyed meeting many people and commented on the fact that they were made extremely welcome at the Fair. However, Mr. Whitcomb mentioned that he had more trouble getting in and out of the exhibitor's gate at the fair grounds, after bringing in the horses for the show, than he had getting across the international boundary!

This is a matter the Fair directors should think about. Directors had failed to give Mr. and Mrs. Whitcomb a pass but how could the man at the gate forget the color and writing on that California license, after being told that they were returning within a short time. Where is the courtesy of the west?

The two Arabians now belong to the Nelson's and the one belonging to Bob Maggs, were all exhibited in the show ring and Mrs. Whitcomb, well versed in the lore of horses, gave a short talk to the very interested spectators.

Education is a matter of provincial administration in Canada.

Grave Monuments On Display

A complete line of grave markers on display at Moyer's Funeral Home in Vermilion.

## Lumber Moves Up

Canadian wholesale lumber prices are suddenly higher — American buyers are scurrying north of the border to place orders without even asking about price — activity is quickening in the mills of interior B.C.

These far-reaching reverberations in the Canadian lumber industry spring from just one thing, says The Financial Post. The lumbermen's strike in the U.S. Pacific Northwest.

The insatiable Eastern U.S. market for spruce and fir lumber was suddenly put on short rations by the strike.

# LOCAL NEWS

Mrs. M. Watson announces the engagement of her daughter Mabel to Mr. William Bissonnette. The wedding will take place in the United church, Vermilion, on Saturday, August 21st, 1954 at 3:00 o'clock in the afternoon.

Many old timers will recall H. M. Worden who at one time farmed the land north of town presently owned by Bill Hall. He is now living in Edmonton and on Wednesday last week celebrated his 99th birthday. Mrs. Worden died two weeks ago at the age of 91 years, the couple having been married for 73 years. Mr. and Mrs. Worden and son Gordon homesteaded on the land north away back in 1906. They lived there through pioneering years and then moved to Edmonton where they have resided for 40 years. Mr. Worden is in excellent health and has never been ill. He wears glasses only for reading and goes to church every Sunday. He neither smokes nor drinks.

Mr. and Mrs. Bert Taylor and son Lorne of Edmonton were Exhibition visitors last week, returning to the city by car on Sunday.

Mrs. M. F. Smeltzer of Edmonton, accompanied by her mother-in-law and sister-in-law spent Monday in town, bringing Gerry Smeltzer and Roland Teape down to the farm of Mr. and Mrs. Cecil King where they will spend some of their holidays.

Sheila Smeltzer spent last week in Vermilion, a guest at the home of her friend Joan Stephens. Sheila returned to Edmonton on Monday.

Mrs. A. M. Elder is holidaying in Vancouver, visiting her sister.

Dr. McJannett is leaving Edmonton this Saturday and flying to Korea as one of a medical staff of 25 army personnel. Mrs. McJannett (nee Betty Rowe) and son Lochlin are remaining in Edmonton.

Mr. and Mrs. Barney Sheppard of Kitscoty spent the afternoon of July 26 at the home of their daughter-in-law and grandson, Mr and Mrs. John Parkin and Teddy, the occasion being their 47th wedding anniversary.

Recent visitors in town were Mrs. E. H. Jirsch (nee Joan Calvert) and two children Dennis and Linda of Edmonton. They were here from Wednesday last week to Tuesday evening, guests at the home of Mr. Wm. English and Mr. and Mrs. Ted Clarke.

Mr. and Mrs. Elmer Clay and Mr. and Mrs. M. Hoskins have returned home after making a tour through the Western U.S. All report hot weather in the south and think that Paradise is not such a bad place after all.

Mrs. Letha Howey of Nanaimo, B.C., is a guest at the Ludwig home and will remain here for some two weeks.

Mr. and Mrs. Albert Miller, baby son Miles and Miss Lena Miller are holidaying at Jasper, Banff and other scenic mountain resorts.

**DERWENT THEATRE**

Showing at the Derwent theatre Saturday July 31 and Monday Aug 2 at 9 p.m. "Abilene Town" with Randolph Scott and Ann Dvorak, the raw brawling and fighting of the west. Next week end Aug 7 and 9 — "Road to Bali" with Bing Crosby, Bob Hope and Dorothy Lamour; Aug. 14 and 16 — "Return of Frank James". 6x

**CLANDONALD HALL**

Showing at the Clandonald hall this week end Friday July 30 and Saturday July 31 at 7:30 and 9:30 p.m. "The Washington Story" with Van Johnson, Patricia Neale and Lewis Calhern. Monday and Tuesday Aug 2 and 3, a double feature "Feuding Fools" and "Sea Tiger". News reel each week. Next week end "The Street With No Name". 6x

**APPRECIATION**

The members of St. Saviour's W.A. wish to sincerely thank all those who assisted them in any way with their booth at the fair.

**CARD OF THANKS**

We wish to extend our sincere thanks to Dr King and Dr Evans, Miss Keith and the hospital staff for their care and kindness to Mr. Wiebe during his last illness, and for the many helpful acts and expressions of sympathy received during our bereavement.

The Wiebe Family

**Men, Women! Old at 40,50,60! Want Pep?**

## Wedding Bells

**STETSON—CROSS**

Mr. and Mrs. W. E. Cross of Vermilion announce the marriage of their younger daughter Betty Helene to Albert Ray Stetson, son of Mr. and Mrs. H. A. Stetson of Fort Saskatchewan. The marriage took place at the Rundle Memorial church, Banff Alberta, on July 19, 1954.

**WEDDING RECEPTION**

There will be an open reception at the home of Mr. and Mrs. W. E. Cross at their ranch on Sunday afternoon August 1st from 3 to 6 o'clock, in honor of their daughter Betty, who was recently married at Banff.

All friends please accept this announcement as their invitation.

Mr. and Mrs. Lowell Fisher and family from Reno, Nevada are visiting Mr. and Mrs. E. Ludwig and other old friends in town and district. Lowell is a son of Mr. and Mrs. E. A. Fisher who formerly farmed in the Ottawa district north of Vermilion.

Mr. and Mrs. W. Lingings are at present away on holidays, spending a few days at Banff and a few days with relatives at Fort Macleod. They plan to return to Vermilion about Aug. 3.

Mrs. J. D. Adam, daughter Helen and Mrs. O. Snider from Edmonton spent a day or two in town at the fair last week. Friends will be pleased to hear that Mr Adam is again well after the recent move to the city. Mrs. Adam would like to thank all of the many friends in town who were so helpful when they moved and for the many farewell parties held and sentiments of good will and best wishes expressed.

Jim Wilson who works with a seismograph crew at Oyen, Alta., is home at present on sick leave, visiting his parents Mr. and Mrs. John Wilson. Jim is suffering from severe burn to his hand and abdomen sustained when the truck in which he was riding caught fire and burned.

Miss M Gardiner who will be remembered as a former Vermilion lady being in charge of the dry goods department in Stephens' store for a number of years and who now lives in Edmonton, was a visitor here Tuesday. She was at Hazeldine for the wedding of her niece last week end.

Mr and Mrs. T R West and daughter Marilyn of Sacramento, Calif. visited over the past week end with the former's brother Mr Albert West and family.

George Whitcher, eldest son of Mr Harry Whitcher, who left Vermilion back in 1926 is spending two weeks visiting his father and brothers here arriving on Monday evening. George is accompanied by his wife and now comes from Long Beach, Calif. They are travelling by car.

Misses Alice Brix and Janet Wilson both of Edmonton, just couldn't miss the Vermilion fair and spent Saturday and Sunday at their homes here.

Miss Mil Noonan who was a member of the primary teaching staff here nine years ago and who now teaches at Calgary was in Vermilion last week renewing old friendships.

Miss Margaret Wilson accompanied by Mr and Mrs. Millar Palmerchuk motored to Edmonton last Sunday and will visit her uncles and aunts for about ten days.

Mr and Mrs A. E. Frissell visited the latter's sister and husband Mr and Mrs A H Montgomery at Peace River for a week. On the way home they visited their son Bill in Edmonton.

Little Miss Lois Cooper spent from Sunday to Thursday with her grandparents Mr and Mrs Thos Bothwell on the farm near Islay.

Visitors in town last week were Mrs. Oxford (nee Jessie Swanson) and her two children Donald and Susan. They have left Edmonton in favor of a farm near Hardisty.

## Celebrate Silver Wedding Anniversary

MANNVILLE — About 60 friends neighbors and relatives gathered at the home of Mr and Mrs. Jack Anderson for the 25th wedding anniversary of Mr and Mrs. Fred Summers, and the seventh wedding anniversary of Mr. and Mrs. Jim Summers.

Among those from out of town were Miss Merna Summers of Edmonton, Mr and Mrs. Russ Brown of Kansas, Mrs. Thelma Wells and Sharon, Miss Pearl Lyons, Bill, Ruby and Karen of Cherry Grove, Mr Ronnie Herring, Mr Cameron, Mr Berton Benson, Viking, Mrs. Fargnason, Viking, Mr. Margrave and Lawrence Modin, Lindbergh.

Mr W. McCauley proposed the toast to Mr and Mrs. Fred Summers and Mr. Ed Summers proposed the toast to Mr and Mrs. Jim Summers.

Both Mr and Mrs. Ed Summers and Mr. Jim Summers are old timers of the Mannville district.

## Bride is Showered

A miscellaneous shower in honor of Miss Isobel Davies, a bride of the month was held at the home of Mrs. Robert Rapp on July 28. The home was fittingly decorated for the occasion and 22 ladies attended the enjoyable event. Games were played after which Isobel, under a shower of confetti, opened a grand variety of useful gifts, assisted by her sister Lorna who thanked the ladies for their kindness and generosity after which a dainty lunch was served.

## Greenlawn Goodwill Club Meets

Tr meeting of the Greenlawn Goodwill club was held at the home of Mrs. Walter Jones on July 15. Being July some of the members were away on holidays.

Sympathy was expressed for Mrs. Dave Kailey who had sustained a broken leg. The Sunshine committee reported having sent a card to her at the Elk Point hospital.

At this meeting it was agreed to donate a wool blanket to the Salvation Army. On checking the boxes that came with the silverware set it was decided to have the committee exchange them for knives of better quality. Final plans were made for the picnic at Lake Whitney July 18.

The roll call was answered with many useful "Dusty Hints".

Josephine Grey concluded the meeting with a reading — "The Hungry Thirties".

## Shower Held For Mrs. Joe Malinychuk

MANNVILLE — At the shower held at the home of Mrs. M. Hnatiw for Mrs. Joe Malinychuk, (the former May Hnatiw) the gifts were found in a novel way. Alarm clocks had a ring in them and were the means of each other and each time the alarm rang May had to find the next gift. Refreshments of a delicious lunch with prizes donated by Mrs. Hnatiw, Mrs. Malinychuk and Mrs. Kuzyk, and bows found the successful winners, and bows found there was a large number of games played and plenty of fun for all.

To start the evening a variety of games played and plenty of fun for all.

Then receiving much surprise among the guests.

Mrs. Malinychuk thanked her friends for their kindness and a delicious lunch brought the evening to a close.

## George Sens To Build New Bungalow

The first signs of building activity this summer on the Sorenson estate court lots, dismantled over a year ago, is now in evidence George Sens, who is the present owner of the corner lot of the three, plans to erect a 5-roomed bungalow on it. Skold Bros. Finish will be cedar siding and stucco and estimated cost $3000.

## Orange Picnic Held Sunday, July 25th

MANNVILLE Members of the L.O.L. and L.O.B.A. and their families held a picnic at Cherry Grove on Sunday. Races, horseshoes, baseball and swimming were all enjoyed and then all gathered around for a picnic supper.

## Clyde Activity

Almost a quarter of a million tons of new shipping was launched by Clyde shipyards in the first six months of this year, which is nearly 100,000 tons more than in the corresponding period in 1953, 44 new ships were brought to the launching stage at a value not far short of £60 million.

Canada's first highway was the road between Montreal and Quebec, built early in the 18th century.

On Vancouver Island was found to be 1,000 years old.

## Bowhill Busy Bees Meet

On July 21 fourteen members of the Busy Bees, as well as two visitors, Mrs. Gagnon and Mrs. Caro, met at the home of Mrs. Jim Miller.

The club held a very successful picnic at Bowhill and were very pleased to see so many of the members out to play horseshoes.

Twelve pairs of sheets were donated by the members and returned to the hospital and 13 more pairs were distributed to members for mending.

Mrs. Burton won the lucky draw.

After the business meeting a social lunch was served by Mrs. Miller, Mrs. Williams and Mrs. Miller.

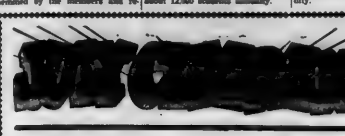
The next meeting will be held on Aug. 18 at the home of Mrs. Repp, the lunch to be provided by Mrs. Hardie, Mrs. Burton and Mrs. Repp.

Canadian universities graduate about 12,500 students annually.

## Three Sets of Twin Calves, Veitch Ranch

The Veitch ranch in the Battleview district has three sets of twin calves, born this spring. The calves have no relationship, the sires being different in each case. Although raising cattle for years these are the first twins in the herds of Mr. and Mrs. Veitch, and that there should be three sets is quite an oddity.

---



Mr. Wright travelled light

Wonder that Wright Brothers first took off at Kitty Hawk fifty years ago, weight-saving aluminum was not used in the art. Their tiny engine had a single cast aluminum crank-case and cylinder block. Aluminum for home growing with the aircraft industry ever since. Today aluminum alloys are helping to combat the heats and stresses of supersonic flight, and Alcan is busier than ever developing aluminum for Canada's busy aircraft plants and for metals every bit as light and strong . . . at a fraction of the price that they were in the days of the Wright Brothers.

Aluminum for Canada — Alcan Sales

**Second Section**

# The Vermilion Standard

Page 1 — Second Section Vermilion, Alberta, Thursday, July 29th, 1954.

At the end of 1953 the Federal government had 40,000,000 pounds of butter stockpiled as a result of price-support operations.

This paper does not hold itself responsible for opinions expressed by correspondents.

Vermilion, Alta., July 28.

Editor, Vermilion Standard.
Dear Sir:

I wonder how many people, on entering the Junior Fair exhibits building, stopped to ponder on how many bird nests were ravaged and plundered for the collections that were on view.

It makes one wonder why a few (far too few) should spend time, energy, labor and money to try to save our feathered friends when collections such as the above mentioned are condoned and even awarded prizes to encourage more to follow suit. Are there no laws to protect our non-predatory songsters from these nesting season ravages?

In my own yard alone this year I had an orioles nest (not too common) torn down and destroyed. A Cedar Waxwing's nest robbed and one of young robins destroyed in the nest. Could be the Oriole's eggs and the Waxwing's are replacing in some such collection. A great thrill for nature lovers.

Possibly the judges could explain on what merits they saw fit to award prizes on collections that cause destruction of bird life. I believe that if the laws on migratory birds were dusted off that they would find such collections illegal except by licensed ornithologists.

Thanking your for your space, I remain,

Yours sincerely,
"Nature Boy"

During 1951 Canada's fish processing industry produced 272,765 sealskins or seven times as many as in 1950.

## Vermilion Scoutmaster Attends Leaders' Training Course

Scoutmaster Bill Mansbridge of the Vermilion Scout Troop recently returned from a special scout leaders training course at Chalmun. The following article gives the general public an insight into the thorough and conscientious training which leaders of the world-wide movement receive.

This is a scout leaders' training course. It's purpose is to increase the knowledge of leaders, to give them a greater variety of ideas for camps and troop meetings, to promote by actual experience the Patrol System with its Patrol spirit, and last but not least, to give to Canadian Scouting a uniformity in the interpretation of Baden Powell's Scouting for boys, and as a result a consistency in the execution of the essentials of our program throughout Canada.

Our Camp Chief was Mr. Eli Boyaner, who is Provincial Commissioner for Nova Scotia.

Among those were Mr. McLennan. Mr. T. Stark. Mr. A. Jenkins and Mr. F. McCoy.

I considered myself very fortunate when I received word, at the last minute, that I could attend. I had taken the course years before in Ontario and as a result would not have been allowed to go had it not been for last minute cancellation by another leader.

I took the train to Winnipeg and met the Alberta group at the Alexandria hotel where we stayed on Sunday night, July 4. On Monday we went by bus from Winnipeg to Gimli arriving at the Bimaali camp at 3:00 o'clock in the afternoon. At the entrance we met the first of the trainees from Saskatchewan and Alberta. Then we marched single file into camp carrying all our gear. Here we were met by the chief Mr. Boyaner and welcomed to camp. The chief became our scoutmaster and his staff his assistant scoutmasters. The leaders making up the course were then stripped of all insignias and became just boys, supposedly about 12, we even had to learn our Tenderfoot test once again. We were divided into patrols, eight in each. Owls, Wolves, Beavers and Eagles. I was made an Owl. The rest of the afternoon was spent pitching tents, getting firewood and generally getting the other incidentals that go to setting up a camp. After supper when everything had been cleaned away, and everything and everyone were in order, we had the traditional first night of camp, we gathered around the council fire.

*/ to be continued /*

## Health Unit Notes

**WHY IS IT IMPORTANT TO KNOW ABOUT CANCER?**

Cancer doesn't often occur in younger people. It usually attacks women over 20, men over 40. But if you learn a few *simple facts* about the disease, you may be able to save the life of someone in your family or of a friend — and, some day, even your own.

Every year thousands of people do save their own live because they know enough about cancer and its warning signals to go to their doctors early when the disease can still be cured.

On the other hand, many thousands who could be cured die of cancer every year because they didn't know enough about it. Largely for this reason, cancer is the second greatest cause of death in the U.S. today.

The more all of us know about cancer the more we can control it. History shows us that cancer was a scourge of the human race even in the days of the Egyptians 3000 years ago. Through all these years, ignorance, fear and superstition have kept us from fighting cancer as intelligently as we can now.

Today, doctors know more about treating it than they did even 10 years ago. But, people must go to them in time.

**WHAT IS CANCER?**

Like a house built of bricks the human body is made up of billions of tiny cells. In the healthy body the cells grow in a controlled orderly way. But sometimes they start to grow in a disorderly, uncontrolled way in a particular part of the body. This is called cancer.

Sooner or later, cancer cells break away from their original growth and "plant" in other parts of the body causing secondary growths. Unless cancer cells are discovered and treated before they spread it is next to impossible to check them down and destroy them.

There are many different forms and types of cancer. All have in common the ability to kill them over, each presents its own peculiar problems in treatment. That is why cancer must always be treated by highly skilled doctors.

**WHAT FATHER FORGOT!**

As yet, no one knows. Doctors all over the world are trying to find the answer.

Scientists can cause cancer to grow in laboratory animals by using various techniques. Such animals are being studied intensively for a clue to the human cause.

Doctors also know what happens in the human body when someone has cancer and what its commonest warning signals are. Here are some of these:

**CANCER'S SEVEN SIGNALS**

Any one may mean cancer, but only a doctor can tell.

1. Any sore that does not heal
2. A lump or thickening in the breast or elsewhere.
3. Unusual bleeding or discharge.
4. Any change in a wart or mole.
5. Persistent indigestion or difficulty in swallowing.
6. Persistent hoarseness or cough.
7. Any change in normal bowel habits.

**CANCER IS CURABLE**

Cancer is curable if it is then treated early. Although cancer is a disease which is most common among older people every young person should know that:

One of the best ways to guard against cancer (or any other disease) is to have periodic physical check ups.

Anyone who notices one of cancer's warning signals in himself should go to his doctor immediately.

Only surgery, X-ray and radium can cure cancer. All home remedies such as pills salves, tonics, etc., and all advertised "cures", "secret" or "secret cures are not only useless but dangerous. Using them only keeps people from going to their doctors early enough to be cured.

**BABY & PRESCHOOL CLINICS**

Monday Aug. 2 — Legion hall Vermilion Cancelled due to civic holiday

Thursday Aug. 5 — Derwent school, 11 to 12 noon.

Thursday, Aug. 5 — Clandonald school, 2 to 4 p.m.

## Fishing and Hunting With The 'Doc'

FARMER-SPORTSMEN RELATIONS

Co-operation is the surest formula for the success of a community, and conciliation the basis for the settling of all honest disputes among neighbors, at least in a democratic country. These two principles should unite the farmer and the sportsmen for their own good against a common enemy — the few irresponsible and thoughtless hunters. Fishermen and picnickers. Such individuals embitter the farmer and ruin good relations between him and the true sportsman. It seems obvious that the best weapons to control these pests are co-operation and conciliation between farmer and sportsman leading to joint action. But what action can be taken?

The suffering farmer complains that 'sportsmen' are an arrogant tribe who break fences and leave gates open, let out registered and valuable stock, throw bottles in his fields to ruin his tractor tires, and sometimes cause considerable loss by driving over swath or growing crops. They shoot up his property, he says, kill cattle, frighten his family, and even endanger lives. Also, they encourage the production of ducks, which occasionally damage his crops. Unfortunately the farmer often has good grounds for his complaint.

The sportsman, on the other hand, while admitting that occasionally some damage is done by persons who certainly are not sportsmen by any measure, maintains that many stories concerning such damage have little basis in fact, and are often used as an excuse to post land. Many sportsmen have land that he has hunted over or crossed through to fishing spots for years, now closed to him, occasionally he suspects, illegally. And he reasons that probably a good deal of damage done to property is the result of resentment in an extremely fleshed-headed and ill-balanced individuals who are completely frustrated in their hunting or fishing.

*(Continued next week)*

## Rubber Roads

The 1953 annual report of the British Rubber Development board notes that 50 rubberized roads were laid in countries throughout the world during that period. Conclusive proof of the advantages had come from wearing tests scientifically controlled.

# News Notes From Your District Home Economist

Are you in a jam about Jelly? Here are the answers to your problems!

Jelly does not set — Too much sugar in jelly, not enough acid in fruit.

Thick, sticky mixture — Not enough pectin in fruit, long slow cooking.

Thin mixture or weak jelly — Not cooked long enough.

Jelly Weeps — Too much sugar in jelly, not enough acid in fruit, cooked too long.

Crystals in Grape jelly — Grapes too ripe, juice did not stand overnight in cold place, sediment stirred up while juice was poured off.

Red jellies turn brown — Stored in too much light, temperature of storeroom too warm.

CONVENIENT SPICE CONTAINERS

The Canadian Association of Consumers has recently made recommendation to eight major spice importers and packers requesting more convenient spice containers. Women across Canada have reported to the C.A.C. Design committee that:

1 Bottle openings are too small to insert any type of measuring spoon even a ½ teaspoon; resulting in unnecessary work in emptying out and measuring the spice with attendant messiness and waste.

2.Bottles are ornate and awkward to keep clean and store, especially in the new type of space-saving racks.

The type of container suggested by C.A.C. is rectangular with a closure large enough to admit a spoon.

At least two firms have taken the advice of this committee and are already packing their spices in cans conforming to the suggested design. These are 2¼in. by 4½in. and have a closure large enough to admit any measuring spoon except plastic spoons which are thicker than the metal ones.

SUBSTITUTIONS

1 cup butter — ⅞ to 1 cup shortening; ⅞ cup lard or rendered fat.

1 cup honey — 1 to 1¼ cups of sugar plus ¼ cup of liquid.

1 cup heavy cream — one-third cup butter plus about ¾ cup milk.

1 cup whole milk — 1 cup skim milk plus 2 tbsp. butter.

1 cup sour milk — 1 cup sweet milk and 1 tbsp. vinegar or lemon juice.

Write for the very useful booklet "Tips on Food Preparations".

## NEWS OF THE DISTRICT

# Paradise Valley Seed Cleaning Plant Nearing Completion

Mr and Mrs A. G Boyce and Dick of Calgary are visiting with Mrs. Boyce's sister and brother-in-law Mr and Mrs. N. A. Brown.

Mrs. George Rehill, Mr. and Mrs. H Schott and Joan of Calgary were recent visitors with Mr. and Mrs. George Venner and Mr. and Mrs. Lewis Vice.

Mr and Mrs. W S Murray of Edmonton are spending their vacation at the old home with Mr. and Mrs. Stanton Murray.

We regret to report the following patients in the Lloydminster hospital: Mrs. Mahlon Kitching, Miss Linda Adams and Mr. Chas. Bennett.

Mr and Mrs J. W Gordon have returned home after spending their vacation at Waskesiu Lake, near Prince Alberta, Sask.

Mr and Mrs. Geo Kitching and family are the guests of Mrs. Kitching's mother Mrs. Henry Thibodeau.

Mr. and Mrs. Fred Sirett and family and Mr. Walter Sirett left recently to visit with relatives at Calgary and Exshaw, Alta.

Mr and Mrs Flick of Bellingham, Wash stopped over for a few days to say hello to old friends in Paradise Valley and district. It is 8 years since Mr and Mrs. Flick left the district.

Mrs. Jacobsen and son Paul arrived from Toers, Denmark, to visit with her brother Mr Chris Oester.

Mr and Mrs. Bert Welsh have left for Nebraska to visit with Mrs. Welsh's relatives.

Miss Velma and Miss Rita Bradwell of Macklin, Sask., were recent guests at the home of their sister and brother-in-law Mr. and Mrs. Fred Sirett.

The weather during the past week has been ideal for the growing crops. So far we have escaped hail but further north they were not so lucky.

F. U. A. MEETING

The July meeting of the Paradise Valley Local 74 F.U.A. was held at the home of Mr. and Mrs. Chas. Rohla with 14 members and one visitor present. Plans were made for a dance in August. Anyone having a cook book on order kindly call at Mrs. Fredriksen's before the next meeting Aug. 11, otherwise they will be sold to anyone wishing one. Next meeting is to be held at the home of Mr. and Mrs. P. Wolfe's. Mrs. Rohla served lunch and the meeting was then adjourned.

SEED CLEANING PLANT

The Seed Cleaning plant being erected in Paradise Valley is nearing completion and has been built in record time. The machinery has not yet arrived but the building will be ready for it when it does come. The plant will be a welcome addition to the district as the long haul to Marwayne has been expensive to say the least. Those who have worked so hard are to be congratulated on the results of their energetic efforts.

Mrs. W. A. Gunn and Miss Shirlye Gunn who have been visiting with relatives in Minneapolis and other points in Minnesota returned home Friday night.

Miss Laura Knutson of the staff of Bruce Robinson Electric, Edmonton, is spending her vacation with her parents Mr. and Mrs. Lloyd Knutson.

## Sixteen Years Ago Today

*July 28, 1938*

E. F. 'Berry' Berrisford was feted by the local Elks prior to his departure for Biggar where he is opening a drug store.

L. H. Bussard was appointed as principal of the high school and Miss L. J. Scott as a member of the staff.

Hugh Gilchrist, Islay pioneer died at the coast at the age of 81.

By-law for a natural gas franchise to Wain-Town Gas and Oil Co. was given first reading.

The fair was all set to be a record breaker.

## Thirty-two Years Ago Today

*July 26, 1922*

[illegible] entries have been made for the annual fair and at least six carloads of stock from outside points will be shipped in to compete.

Two solid brick buildings are being erected, the Mackenzie block on Main street and the Hrynyk building on First Street South.

A good rain was needed to complete the growing and filling of the grain.

About 60 people gathered at the farm home of Mrs. H. Goslo at Rusylvia to wish Godspeed to the retiring pastor Mr M. Billester.

John Bracken was elected as premier of Manitoba. He was 39 years of age.

# . . . WILDMERE WINKS . . .

Our deepest sympathy goes out to the Wilkie family on the loss of a loved one. Years ago the writer cooked for a threshing crew and the late Mr. Wilkie was with them. He lived to a good age and had seen many improvements and changes in the country during that time.

On Thursday last week we went with Laurence Graham to Clear Lake south-east of Wainwright and visited with Mrs. Nels and family. They have a nice cabin and boat. It is well named when they call it Clear Lake as the water surely is clear. We were not lucky in catching any fish. There are some 108 cabins around the lake. It is an ideal spot to spend the summer.

Doreen Martin was unlucky on her holiday to Calgary and Banff bringing back the chicken pox. She is now out of quarantine and feeling fine again.

Thursday was not a very good day for the estate sale of J. Kennedy as it drizzled most of the afternoon. However everything was sold but the house. Lloyd Howard has bought the farm.

George Cruthers and Bobby and Kenny Graham attended Wildwood picnic and reported a big crowd there.

A nice attendance at church on Sunday. Church will be held at 3 o'clock in the afternoon on Aug. 1 as Mr. Plante has to hold service in town that evening.

Mr. Senz and helpers were out testing our lake for depth on Wednesday but we are sorry to say it is not deep enough for fish. The lake on Ray Osterberg's land, better known as the Cairns' lake is deep enough and they plan to put fish into it.

The writer along with 14 other Wildmere W.I. members attended the conference on Friday held at the agriculture college. There was a nice attendance. Mrs. Hamilton, District convener, very capably handled the business part of the conference. Mrs. Lefsrud, provincial president was guest speaker. Mrs. J. I. Jone, district director gave her rpeort and gave u a talk. The writer was sorry to hear that Mrs. Jones' term of office is up. It came a a surprise to most of us or we would have made a presentation to her. Mrs. Gibson told the meeting it was the writer's birhday and they all sang 'Happy Birthday'. Thanks a lot folks. At lunch time Aileen and Doris Jack of Wildwood sang several numbers for us. They are beautiful singers and we are sure Mrs. Batty the pianist is very proud of them as she was the one who trained them. The girls' mothers were there also. Lunch time seemed to go by all too quickly and our conference ended shortly after for another year and all departed home after a very enjoyable day.

Mr. Thos. Cairns, of New Westminster, B.C., was here visiting for a short time. Mr. Cairns looks very well despite his age of 88 years. Mrs. Cairns was unable to make the journey with him. The writer and family enjoyed a visit with him on Sunday at the home of Mr. and Mrs. A. Holte where he was staying. He returned home on Monday. He had visited Mr. and Mrs. Galloway of Union district and Mr. McNair of Tolland.

Noticed around: Mr. and Mrs. C. Cruthers and Mr. and Mrs. Batke fishing at Moose Lake; Bill and Adam Smith fishing down Red Deer way; Mr. and Mrs. F. Gibson, Isabelle and Ernest going to Woodside, Man., this week.

We had a nice visit with Mrs. A. Fortian of Islay on Saturday, also with Mrs. Moore.

# Of Many Things . . .

by AMBROSE HILLS

*THE PRICE OF WHEAT*

I have a daily newspaper beside me on my desk, and it carries a big headline. For anyone who stops to think a moment, the headline is sheer foolishness. It reads "Government slashes the price of wheat."

How long are we going to fool ourselves? The Government, in reality, can neither cut the price of wheat nor boost it. That is done today as it has always been done in the past, by the consumer. Until somebody can get a corner on every fertile acre of land, everywhere in the world, the customers will continue to set the price of wheat.

In the very next paragraph of the newspaper story, some politican suggests that Mr. Howe should get into an airoplane and fly to Europe to drum up some markets for our wheat. Mr Howe is a mighty clever and important man but that's some assignment! It's almost as ridiculous as asking him to fly to the North Pole and do something about the cold weather.

The sooner we all get over this notion that somebody in Ottawa can solve our buying problems the better off we'll be. Whether it's a crop of wheat, a subscription to the local weekly paper, or a seat in a theatre you have to make the customer want it and you have to offer it at a price the customer is willing to pay.

I don't think very many people realize what serious trouble we are heading for. Farmers are just not going to be able to go on paying sky high prices for their trucks and tractors, steel roofs for their barns, premium prices for almost everything they buy. City workers in manufacturing plants and in every industry which supplies the farmer, are certainly going to have to adjust their wage demands or the farmer will not be able to buy the manufactured products and we'll run into the old situation where we have poverty in the midst of plenty.

Then there'll be all sorts of wild and fancy schemes dreamed up to 'cure' the situation. Most of these schemes will be just as silly as the ones which have already caused the situation we are facing! After we have all had a darn good spanking by the facts of life, we'll come back to earth and start selling our products and our labor at prices which our neighbors can afford to pay.

The worst of this situation is that the farmer is the first to take the licking and he takes it for the longest period of time. True, he has been, to some extent, to blame. He should have learned long ago that Ottawa cannot keep his prices unrealistically high for any sustained period. Farmers should have been fighting to make city people understand that the price of manufactured products should bear some reasonable relationship to the price of wheat: that the farmer's hour of labor must be traded for the city worker's hour of labor.

Instead of doing that, too many organized farm groups have encouraged city workers to keep grabbing more and more. Farmers should remember that most wheat buyers live overseas and don't get that kind of money. Farmers should get together now and demand tax relief, sharp reduction in welfare spending, realistic labor policies. If they don't, we'll all be in the soup.

# Claysmore Clippings

Visitors at the home of Mr. and Mrs Stewart Hillcox a short time ago were Mr and Mrs. Harvey Jester of Toronto Ont.

Mr and Mrs. J Horne and family and Mr and Mrs. A. Van Nest and Russell spent Sunday at Fishing Lake.

Mr. and Mrs. Tony Pupul of Edmonton were supper guests at the home of Mr and Mrs. S. Hillcox on Wednesday evening.

Mr and Mrs. A. Olstad and family returned from a holiday spent at Edberg on Thursday of last week. Mrs. Olstad's parents, Mr and Mrs. Karlstrom returned with them and spent the week end here.

Mr. and Mrs. John Hillcox were recent visitors at the Stewart Hillcox home.

---

Over the last five years the federal government's revenue from income taxes has more than doubled.

Quebec's vast area north of the Saguenay River still is largely unexplored.

# Tips on Touring

By Carol Lane
Women's Travel Authority

You can have a sumptuous picnic, fit for a King, without any fuss or bother in the kitchen beforehand. Unusual and succulent foods that require no preparation can be taken right from your grocer's shelves or frozen food locker, into your picnic basket and savoured when you arrive at your open-air dining room. The frozen foods will defrost on route.

For instance, a frozen shrimp cocktail packed in its own tangy sauce makes a delicious appetizer. Frozen chicken a la king, or beef stew can be heated at your destination. Or the canned cold meats such as ham, tongue or chicken can be opened and sliced for sandwiches within a matter of moments.

And for dessert, you can have real strawberry shortcake without going near your oven. A store-bought cake, frozen strawberries and a pressure-can of whipped cream provide the makings.

There'll be no battles beforehand between the black and white coffee drinkers if you carry along a can of the powdered coffee cream now on the market. It dissolves instantly, requires no refrigeration to keep it fresh.

The 'cook's' in the can when you pack prepared foods. And there are so many delicacies to choose from, a butler would be proud to serve them!

TRACTOR SAFETY
Loss of life in farm work most often results from mishandling of tractors. Overturning is the chief hazard of tractor operation. To avoid . . . spread wheels as far apart as practical for the job at hand, put liquid in tires according to manufacturers instructions to reduce bouncing, stay off soft road shoulders and edges of cut-banks, avoid side hills where the slope could cause tipping if the low wheel drops into a depression, or the high wheel runs over a bump; hitchall drawn loads to the drawbar; make safe speeds a habit; stop by closing the throttle before using brakes.
Never Allow Anyone to Ride on Tractor as a Passenger.

## WOODVALE NOTES

On the 14th of July power was turned into the new line and Mrs. Sweeney won the box of chocolates for guessing the right date. We understand that the subscribers in the Thorncliffe area were all connected then, but in the Tolland, Hindville and Woodvale communities only a few have electricity available partly because no permits for wiring were left by the firm doing it and some have not quite finished. It was too bad light was not available yet on the day of the Tolland picnic. Though a cold day quite a crowd attended. Basswood won the baseball tournament while the children had quite a few tug of wars. The booths did a good business, and ice cream seems to be always in demand no matter how cold the day. Coffee was we think most in demand and declared mighty good.

Another two weeks and every community in these parts will have had its picnic. They are popular throughout the summer and it is a meeting place for people to see each other once a year for sure. It should by now be no surprise anymore to see Gordon Trewthick at the Tolland picnic. Since he left five years ago for Edmonton we think he has not missed one and his friends are always pleased to see him again. Fred Slocum got a number of inquiries about "Mrs. Slocum" who was reported ill in the hospital in our last notes! Glad he was not embarrassed as some bachelors might have been. Of course it was Fred himself who was sick there! Glad to see him around again, also Wayne Lysons.

Mr J Hohol is attending summer school during the holidays. Georgette Young, after a year at home with her [redacted] in the Hindville district, left for Belgium where she is doing work in a mission field. She will be greatly missed not only by her own family but also by her many friends.

Mrs Lena Ramsay of Edmonton and little daughter spent the month of July with her mother Mrs. S. Oldenberg at her home in the Vanesti district. Mrs. Cliff Oldenberg and boys were holidaying at Loon Lake for a couple of weeks. Mr. and Mrs. Roy Oldenberg made a trip by car as far south as Kalispel, Montana and visited with brother Charles and family at Bassano on the return journey. Susan and Irene Wolters enjoyed the fair week at the boys and girls camp in Vermilion.

Some showers, light and heavy, fell in the district but on the whole a good general rain is needed.

Bud Heidebrecht is home for his holidays making the trip from Calgary by car via Banff-Jasper.

## LETTER FROM THE CAPITOL

## Maintain $1.40 Initial Wheat Price

EDMONTON The considerable reduction in wheat acreage totals across the prairie this year probably is one of the reasons the federal government felt able to maintain the $1.40 initial price to be paid for Canadian farmers' wheat beginning with the new crop year, Aug. 1.

Whatever the reason, announcement made last week was greeted favorably by the farm and grain leaders.

One official also saw the decision as a possible reason for commercial establishments to be a little more optimistic. He suggested it would mean farmers may loosen the hold they have maintained on their purse strings in anticipation of a cut in the initial price.

Grain circles earlier were apprehensive of a cut in the initial price because of the nation's large surpluses and reduction in exports of wheat. At the beginning of June, there were an estimated 600,000,000 bushels unsold, 57,000,000 more than at the corresponding time last year. Wheat supplies in transit and in storage for the week ended July 7 were reported as 352,900,000, an increase of 3,400,000 bushels in a week.

Prior to the government's decision to retain last year's initial payment price, experts suggested that the $1.40 price again this year might mean the Canadian Wheat Board would have to seek financial aid from the federal treasury because of the inability to make adequate sales.

If this happens, it means, in essence, that the loan would come from the Canadian taxpayer, which, of course, includes the farmer.

Grain officials believed the decision was proof of the government's confidence that the Wheat Board can sell the surplus and thus handle the smaller crop this year. They also believed it showed a confidence in the ability of Canadian wheat to meet international competition at a fair price.

The indication that there will be considerably less wheat for delivery this year by farmers lies in the estimates of the wheat acreage for the three prairie provinces. It is reported down from last year by 2,000,000 to 2,500,000 acres. The lower estimate places the total acreage in wheat this year at about 22,500,000 acres, a 10-year-low while the higher decrease would place the acreage at an 11-year-low.

Observers believe a slash in the initial price would have almost been inevitable if another large crop was expected, the marketing situation being what it is.

They also suggested, however, that a cut would have been the signal for overseas buyers to seek further reductions in the selling month as the government sought more export for the huge surplus.

Maintenance of the $1.40 has been requested by prairie farmers' organizations and their leaders last week expressed appreciation of the government's action, stating that wheat farmers generally would be gratified by the decision. Hon. Gordon E. Taylor, acting minister of agriculture, said the same.

Henry Young, president of the Farmers' Union of Alberta, in commenting on the decision added that his organization is urging the government to set a floor price of $1.50 a bushel on this year's crop.

At the same time Roy C Marler president of the Federation of Agriculture, said farmers realize the $1.40 is an initial payment and that it will be augmented by interim final payments depending on the markets and prices the wheat board can obtain.

"It is important in the marketing policy of the board and in the interests of prairie farmers not to request or expect too high an initial price", he added. "All we, as farmers, can expect for our grain is what it can be sold for in the domestic and world markets"

Total net general expenditure of Canada's 10 provincial governments increased 40% from $876,000,000 in 1949 to $1,222,000,000 in 1952. These figures do not include debt retirement.

How about your SUB?

# THE VERMILION STANDARD

Vol. XLVI. No. 7. Vermilion, Alberta, Thursday, August 12th, 1954. 16 PAGES $2.00 a Year

Deadline for Completion Sept. 30

# Paving Contract Let By The Town

The Council of the Town of Vermilion took another step forward last week when the members, in special session, met with the engineering firm charged with the responsibility of overseeing the first attempt at municipal paving, and considered tenders for the hard surfacing of the business area.

Three tenders were received from well known firms, these being Messrs. T. J. Pounder and Co. of Winnipeg, Messrs. Marmac Paving Co. of Calgary and the Everall Paving Co. of Edmonton. Mr. Sinclair, of the engineering firm checked the tenders with members of the Council and after prolonged consideration tender was awarded to Messrs. Pounder and Co. on a bid of $52,890. Rejected bids were those of Marmac Paving Co. who were slightly under the Pounder tender and the Everall Co. with a bid some 10 per cent higher than that of the successful tenderer.

The Council felt quite justified in accepting the tender of Pounder and Co. owing to the availability of their equipment and staff to undertake the work without delay while doubt existed as to the ability of Marmac Co. to complete work in hand and fulfill the necessary contract with the Town of Vermilion by the deadline of Sept. 30.

The T. J. Pounder Co. comes to Vermilion exceedingly well recommended and with a record of fine performance behind them. They have recently completed successful major paving contracts at Estevan, Moose Jaw and other Saskatchewan points, and at Pine Lake in Manitoba. Mr. Pounder, President of the Company, paid a visit to Vermilion on Friday last and conferred with Mayor Heckbert and Secretary E. Weeres. He agreed to immediately furnish the required performance bond for 50 per cent of the contract price and stated that work would begin without delay, with necessary culvert installations being undertaken at once.

As soon as culverts are in place the streets to be paved will be graded, all foreign soil removed and new gravel added where necessary. Grading to culvert level will follow and when the actual preparation of the surface has been completed asphaltic oil will be spread and traffic permitted on the streets for a short time in order to ascertain weak spots, if any, in the surface. Actual paving is expected to begin about Sept. 5 and to be completed in ten days.

Engineers and contractors have all agreed that Vermilion's fine streets are in first class shape for paving and that the gravel surface that has been building up for some years and the asphaltic oil with which streets have been treated for the past two years have combined to make an excellent base for the application of hard surfacing.

It is notable that the actual pavement will be only two inches thick. Council members demurred considerably in this connection but have been assured by engineers of the Works and the City of Edmonton, as well as by the Town's own engineers and contractors generally that the thickness of the paving is not the important factor, but that base preparation and constituency are the major factors in successful hard surfacing.

Vermilion is one of the first towns in Western Canada to undertake a paving program and has, for some years, enjoyed the reputation of having splendid streets. The paving of the business area will further enhance the importance of Vermilion as a district shopping and vacation centre and citizens have every reason to be proud of the energy with which the Council has underaken the work of further promoting Vermilion as an unusually progressive centre.

It is hoped that the Provincial Department of Public Works will proceed with the base coating of the river hill past the fine new Provincial park; this would make an excellent tie-in with Vermilion's new paved streets and would render the Park even more pleasant than it is today. Altogether the great forward step that has been initiated by the Council of the Town of Vermilion and which has been carried forward with unflagging energy is one which will mean a great deal to all citizens in future years. The Standard congratulates the Council on its efforts and the citizens on the progressive foresight with which they have backed tre Council in this epic step.

## Mannville Barley Club Holds Meeting

MANNVILLE.—On Aug. 3 a meeting of the Mannville 4H Barley club was held in the parish hall, Mannville, with 11 members present. Mr. Gamble, club leader, Mr. Moffat, assistant D.A., and Mr. Bruce McDonald were also present.

At this meeting the emphasis was on weed control. Mr. Moffat gave a short talk on common weeds, after which he had a short quiz on weed identification. Mr Moffat also advised the club members to get their plots ready for judging.

The members of the club were happy to hear that their Thematic display which was exhibited at the Vermilion and Lloydminster fairs won second in the Club displays.

Josie McDonald talked on "Care of the Plot" and Shirley McDonald gave the highlights of her 4H club week at the V.S.A. The two members chosen for talks at the next meeting were Gary Bennett and Ernie Osinchuk. Their topics will be "Improved Harvesting Methods" and "Barley as a Competitive Crop".

Mannville club has challenged the Vermilion Wheat club to a game of softball on Aug. 15. The game will be played at the sports ground at 2:30 p.m.

The next meeting will be held Sept. 7 at the M. D. office at 8 p.m.

## Great Movie "The Kidnappers" Here August 20 and 21

What promises to be the movie hit of the year, "The Kidnappers" will be shown at the Columbia theatre on Friday and Saturday, Aug. 20 and 21. This picture was held over for 13 consecutive weeks on its first run in Edmonton setting a new record for that city. See the Columbia theatre advertisement on Page 1, Section 2, for full particulars. 7-8

## Attend Diamond Wedding of Parents

Mr. and Mrs. Bert Moses and family attended the 60th wedding anniversary of Mrs. Moses' parents, Mr. and Mrs. William Phillips at Battleford on Friday, Aug. 6. Mr. and Mrs. Phillips received congratulatory messages from Her Majesty the Queen and from Canada's Prime Minister St. Laurent. The honored couple were married in England in 1894. Mr. Phillips came to Canada in 1904, was joined by his wife shortly after and this country has been their home ever since.

## Vermilion Ladies Commence Softball Play-Offs At Vegreville Sunday

August 15th will see the first of the Ladies' Provincial Softball play-offs with the Vermilion team going to Vegreville to meet the entry from that town. This will be the first of a home and home series with the return game being played at Vermilion on Sunday Aug. 22.

Those who have followed the softball this year believe that the Vermilion team will go quite a way in the play-offs. They have competed in several tournaments during the summer and results have been extra good. A very fine brand of ball has been displayed and the entertainment has been excellent. Be on hand Sunday Aug. 22 to cheer the girls on — they are worthy of your support.

Players registered to take part in the play-offs are Ivy Chapman, Carol Mercer, Eva Gordey, Lois Dow, Doris Schmidt Florence Chester, Rhea Ireland Joan Kowalchuk, Dorothy Elliott, Anne White Edna Willmer Trudy Beaton, Hazel Barr, Viola Maggs, Marguerite Webb, [redacted]

## Softball Ladies Win and Tie

Sunday afternoon the Vermilion ladies' softball team entertained the Truckettes from Edmonton. The Vermilion ladies won the first game 11-2 the Truckettes coming from behind in the second game to score two runs in their last bats to earn a 9 to 9 tie.

The opening game was never in doubt, the locals got away to an early lead and maintained their edge all the way through. Eva Gordey hurled nice ball and kept the Truckettes well in hand to earn the 11-2 victory.

In the second encounter of the day the Vermil-ites had a two-run lead going into the final frame. The Truckettes however, a little desperate with two losses for the day facing them, pushed across two runs to earn a 9 to 9 tie.

## Bank Managers Transferred

Mr. Wm. Lingings, manager of the Canadian Bank of Commerce here for the past year, has been transferred to Calgary. His successor is Mr. T. E. McPherson who comes from St. Paul.

The transfer is already effective and Mr. McPherson is now in charge of the local branch.

## Crop Testing Field Day August 14th

A field day has been called by the Crop Testing Plan to be held at the school of agriculture at 2 p.m. on Saturday.

The variety plots at the school are unusually good this year so it is a fine chance for local farmers to compare new varieties with old ones.

The red rust situation will be fully discussed at this meeting.

## Gymnasium For Mannville School

Contract for the construction of a gymnasium at the Mannville school was let at a recent meeting of the Vegreville School Division board. Six tenders were submitted ranging in price from $73,865 to $122,368. The lowest tender was accepted and contract awarded to Caron and Calvert of Vermilion.

A similar gymnasium is being erected by the Vegreville board at Vegreville, while a large gymnasium is also well on its way to completion at Lloydminster.

## Garden Club Sets Flower Show Date

August 26th was set as the date of the annual flower show by the Vermilion Horticultural Society. This is a week later than usual but it was felt that gardens generally were that much later this year.

The president, Mr. Hugh Evans, wishes to announce that Mr. McCalla, Supervisor of Horticulture for the provincial Dept. of Agriculture, Edmonton, and Mr. R. Delelande of Lloydminster, will be the judges

The president urges all gardeners to plan on showing plenty of flowers and vegetables. A show is only successful when the classes are well filled.

JUNIORS TO EXHIBIT

Pupils in grades 7, 8 and 9 who got free seeds from the Society last spring, are reminded that they are expected to exhibit in each class

Anyone in town or district who wishes to show anything should get a prize list from the office of the district agriculturist. Everyone is welcome to exhibit.

Mr Evans says that gardens will be judged as usual. W Baranack of the school of agriculture staff and E. H. Buckingham were appointed to do the judging which will be done some time between Aug. 20 and 23.

Anyone wishing to enter the garden competition should leave their name with Mr. Buckingham before Aug. 20.

## Opens Vulcanizing Business Here

Herman Daggatz and family, formerly of Wetaskiwin have moved to Vermilion and have opened a vulcanizing business and tire shop in the Sam Barlow building on Main street, just east of W. C. Martin's tinshop. Mr Daggatz has been doing vulcanizing for the past seven years and guarantees all of his work. While vulcanizing is the main activity of the new business, new and used tires are handled, tractor tires filled etc

See the advertisement elsewhere for full particulars.

## Fish Derby and Sporting Dog Demonstration Here August 22

The local branch of the Fish and Game league have arranged a novel program for Sunday Aug 22 Prizes will be awarded for the heaviest aggregate catch of fish between the hours of 6 a.m. and 1 p.m. that day Three prizes are being given

At 2 p.m. following the conclusion of the fish derby the sporting dog club of Edmonton will show what trained hunting dogs can do in the way of pointing retrieving and field work.

This will also be held at the Vermilion Provincial park, a very fine place to spend an enjoyable day's outing 7-8

## VERMILION TOPS BASEBALL LEAGUE

### Play-Offs Start On Sunday, Aug. 15th

Vermilion Tigers completed their schedule in the Eastern Alberta baseball league with two wins and as a result have undisputed possession of the top rung of the league ladder.

On Aug 1 the locals subdued Elk Point 9 to 3 with Ray Jones hurling a good game and Gerry Moffat doing a nice job behind the bat.

Playing at Two Hills on Aug. 8 the Tigers came out in front in a free-scoring game 14 to 11. Ray Jones was again on the mound with Brent Macnab receiving.

TWO HILLS HERE SUNDAY

The first game of the semi-final round will be played here at 2:30 p.m. Sunday with the third place Two Hills team providing the opposition. The second game will be played at Two Hills the following Wednesday. Semi-finals are best two of three games.

At the same time Elk Point and St Paul will be playing off their half with the winners of the two semi's meeting for the league title.

*LEAGUE STANDING*

| Team | P | W | L | Pct. |
|---|---|---|---|---|
| Vermilion | 12 | 8 | 4 | 666 |
| Elk Point | 11 | 6 | 5 | 546 |
| Two Hills | 10 | 5 | 5 | 500 |
| St. Paul | 11 | 3 | 8 | 273 |

It was impossible to complete the remaining games due to rain and the final league standings were based on the above percentages. In the play-offs the first team vs. the third, and the second plays the fourth.

DON'T FORGET — Sunday at 2:30 p.m. playoff baseball, Vermilion vs. Two Hills.

## 63 Competitors In Annual Golf Tourney

*DON GREENE OF VEGREVILLE WINS ROWE TROPHY*

Don Greene of Vegreville won the Rowe Golf trophy emblematic of the golf championship of north-eastern Alberta, at the annual two-day tournament here sponsored by the Vermilion club. The runner-up was another Vegreville man. Ben Bandura. 63 district golfers entered with many clubs represented.

LIST OF WINNERS

Championship Flight — 1, Don Greene, Vegreville; 2, Ben Bandura, Veg.; Consolation — Clyde Sobey, Vermilion.

First Flight 1, Sam Bourne, Lloydminster; 2, R. Cooper, Sedgewick; Consolation — Bert Smith, Edmonton.

Second Flight - 1, E A. Henning Lloydminster; 2, Al Locke, Vermilion, Consolation H Alexander, Sedgewick.

Third Flight — 1, H. Hall Edmonton; 2, D. Birmingham, Edmonton; Consolation — A. Carmichael, Sedgewick.

Fourth Flight - 1, R Bodard Vermilion; 2, Clinton George, Wainwright, Consolation J R Boake and D R Mitchell both of Vermilion to play off

Fifth Flight — 1, Stan Waldenberger, Vermilion; 2, Bob Rowe, Vermilion; Consolation — P. Hooser, Edmonton

Sixth Flight 1 Winner of Ken Greenwood and Alf Kaiser both of Vermilion; Consolation C A Wear, Wainwright

Seventh Flight 1, Al Shelton Vegreville; 2, Floyd Shaw, Vegreville; Consolation winnner of Dr Lynn and Jack Kokotallo, both of Vermilion.

LOW QUALIFYING SCORE 78

The low qualifying score was 78 turned in by no less than four of the competitors, Don Greene Dr T. Demco, Vegreville, Ben Bandura, Billy Rose of Sedgewick. Owing to the rain this could not be played off and each received a duplicate prize

Due to the showery weather a number of the finals could not be played as will be noted and these will be played at later dates. All competitors in unfinished flights are local golfers

The members of the ladies golf club served full course meals and lunches throughout the two days and despite the wet weather a very fine tourney was enjoyed. Prizes were presented in the club house at the completion of the second day's play by president A Locke

## HONORS ARE WON BY THE VERMILION AIR CADETS

Signal honors have been won by members of the Vermilion Air Cadets, LAC Lee Coyne was chosen as a member of the Guard of Honor for the Duke of Edinburgh when he made his initial appearance at the British Empire Games in Vancouver; Cpl. Albert Roscoe, Cpl. Harold Roebuck and LAC Brian Ford are at present in Ottawa, being three of a team of six representing Alberta in the Dominion Cadet rifle shoot.

The Standard is indebted to F/O A. E. Moore, Adjutant, for the following concise report of the Air Cadet camp at Abbotsford which was attended by 16 members and 3 officers of Vermilion Squadron No. 97.

"Our trip there and back by rail was enjoyed by every member and the activities at Abbotsford were of course tops.

Although we had no outstanding runners at camp this year due to fact that our best track men were in Edmonton on R T T P (B) courses and that Cpl Stewart Cooper was away to Ontario on an athletic leadership course we did well in softball and basketball. Alberta won first in sports at the second camp again this year, although Saskatchewan was a very close second and it was the softball and basketball which decided the issue. In both these sports Alberta won both senior and junior softball finals and senior basketball finals.

Those helping to win for Alberta from Vermilion squadron were Cpl Harold Roebuck, Cpl Allan Roscoe LAC Morley Hough and LAC Lee Coyne.

CHOSEN FOR GUARD OF HONOR

LAC Lee Coyne was also chosen to represent No. 97 Squadron as one of the Guard of Honor for the Duke of Edinburgh when he made his initial appearance at the British Empire Games.

TAKING PART IN SHOOT

Three members of the Vermilion Squadron are now at Ottawa, being three of a team of six cadets representing Alberta in the Dominion Cadet Rifle Association shoot. This is something for any squadron and for any town to be very proud. Parents of these boys and citizens of Vermilion and district have every right to be elated over the distinctions achieved by the local cadets.

The cadets taking the summer courses in Edmonton are doing very well, every one of the seven having passed their exams to date.

People should be proud of the recognition this Squadron is receiving and the officers and members are planning for a bigger and even better Squadron next year."

F/O A E. Moore, Adj.,
for F/L S Manyluk
CO No 97 Squadron.

Attending the air cadet camp from Vermilion squadron were:

F/L S H Manyluk, F/O A. E. Moore, Civilian Instructor Ken Stone, Cpl. W. H. Roebuck, Cpl. A. Roscoe, and the following LAC's—A P Gannon G Raun, G C. Callaghan, J. F French, M. C. Callaghan, G. Gunn, J. B. Ford, A. P. LeRossignol, G B Tough, M. H. Hough, L. L. Coyne, Allan Sobey, R. K Leo, W Isley.

## Visits Air Cadet Camp At Abbotsford

Robt. Allen, a member of the civilian committee of the Vermilion Air Cadet Assoc., was one of a group flown to the Air Cadet camp at Abbotsford. The trip to the camp was made on July 29 with return Aug. 1 Bob reports a very interesting visit at the fine camp and had high words of praise for the manner in which adjutant F/O A .E. Moore looks after the Vermilion boys.

## Blanche Ross Wins U. of A. Scholarship

Miss Blanche M. Ross of Forestburg, Alberta, has been named as the winner of the Alberta Wheat Board Surplus Money Trust Scholarship in the amount of $100 offered to graduates of the Vermilion school of agriculture. This scholarship is tenable in the school of home economics at the University of Alberta in the forthcoming term.

As a member of the Two Year course in Home Economics at the school of agriculture, Miss Ross had an outstanding record in all phases of the school's activities. She was a member of the Students' Council in her first year and was Editor of the school paper as well as a member of the school basketball team, and of several student committees in her graduation year. She obtained First Class honors in her academic work and was named winner of the staff medal for having made the greatest contribution of any member of her class to the academic, social, literary and athletic life of the school.

Miss Ross is the daughter of Mr. and Mrs. Tabor Ross of Forestburg.

## District Fiddlers Are Best At Ponoka

Two fiddlers from the Vermilion district, Billie Sydora of Morecambe and Eugene Michaels of Clandonald won first and second respectively at the fiddlers' competitions held at Ponoka recently in connection with the 50th anniversary celebrations of that town.

The competition was sponsored by the Kinsmen of Ponoka and the two contestants from here were sent by the local Kinsmen

The competition at Ponoka was the first of annual Northern Alberta Fiddlers' Championships sponsored jointly by the Kinsmen clubs of Ponoka and Vermilion, and will be held alternately at each town.

## Barney Klashinsky First Television Set

Barney Klashinsky is the first private citizen to have a television set installed in his home in Vermilion Barney is now set for the opening of television broadcasting stations at Edmonton and Saskatoon Even now he is able to pick up an occasional program.

Second set to be sold by the local dealers, Moren Electric, went to Elk Point into the home of Frank Kettges This is the first set sold in the Elk Point area.

## 400 Attend Annual 4-H Club Rally

Members of 20 Junior farm clubs in the Wainwright and Vermilion districts gathered at the school of agriculture, Vermilion, on Thursday for their annual picnic Parents and friends came along to swell the crowd to over 400.

D C Folk welcomed the guests and District Agriculturist E. H. Buckingham announced the program for the day.

Nine clubs entered teams in the soft ball tournament Three diamonds were used and it was not long before the three inning games had worked down to the finals The Vermilion combined club won out over the Chauvin club

The track events were contested by as many as 20 in some of the classes Winners were as follows

Boys 14 and under: 1, Pat Brown, Czar, 2 Bill Stewart Kitscoty; 3, Fred Brook Vermilion.

Boys 15 and over: 1, Bob Prior, Irma 2 Gary Almberg Czar, 3, Bob Barr Vermilion

Boys 3-legged race 1 Claire Prior and Don Morse both of Irma

Boys Relay race 1, Pat Brown Gary Almberg Jack Rowarth and Glen Almberg all of Czar

Girls 14 and under: 1, Mary Jack, Kitscoty, 2 Joan Stewart, Kitscoty 3, Lilian Thompson, Vermilion

Girls 15 and over: 1, Shirley McDonald Mannville 2 Miss Tulloch Dewberry; 3 Hazel Barr Vermilion

Girls 3-legged race 1 Isobel Prior and Verla Prior both of Irma

Girls' Relay race: 1, Marjory Watcher, of Streamstown, Beverly Jack, Kitscoty, Margaret Wolfe, Paradise Valley and Joan Stewart, Kitscoty.

After the picnic supper which was held on the lawn of the school grounds, the club members and friends met in the school auditorium where the new picture on 4H club work in Alberta was shown to the gathering. The sing-song led by D C Folk was greatly enjoyed by all.

Everyone then proceeded to Vermilion Lake in the Vermilion Provincial park where a life saving demonstration was conducted by Glen Tuck Quite a number had a dip in the lake before proceeding home.

The day's program was carried through under the charge of Stewart Duncan and E. H. Buckingham District Agriculturists at Wainwright and Vermilion respectively and Miss Shirley Holms, District Home Economist Wainwright. Alex Palin and Miss Graham of the Vermilion agricultural school shared in the planned program as well as George Braithwaite of the Alberta Wheat Pool and Assistant District Agriculturist Jerry Moffat.

A Royal Navy Hawker "Sea Hawk" last week established a new London to Amsterdam speed record by flying the distance of 223.90 miles at an average speed of 588 miles per hour

# The Vermilion Standard

VERMILION, ALBERTA

S. R. P. COOPER - - - FOUNDER

Published Every Thursday at the Office, Main Street.

Authorized as Second Class Mail, Post Office Dept., Ottawa

COOPER BROS. — PUBLISHERS

VERMILION, ALBERTA, THURSDAY, AUGUST 12th, 1954

*BACK AT WORK—*

The Standard plant resumed operations on Monday after a brief one week holiday, the first any member of the staff has taken for two years. Trying to make up for the week's absence in a limited time has rendered issuing the paper on time this week a difficult problem. At time of writing this short squib it does appear as if the outgoing Standards will just catch the trains Friday morning and that local readers will find them in their morning's mail thanks to the good nature and industry of the post office staff.

## Press Nears 8 Million Circulation States Canadian Book of Facts

Canada's daily and weekly press has a combined circulation of more than half the country's total population. The 95 daily newspapers publish about 3,850,000 copies, about 1000 weeklies have a circulation of about 4,000,000 according to a section on communications included in the 1954-55 edition of 'Quick Canadian Facts,' the pocket-sized annual of facts about Canada. The 63 foreign-language newspapers, published in 20 languages, have a total circulation of about 400,000. Also a major publisher in Canada is the federal government. In the catalog issued annually by the Queen's Printer it takes more than 300 pages to list the titles and subject matter of government publications.

Radio service in Canada is via 170 broadcasting stations, 150 privately-owned and 20 CBC stations. The non-government stations employ about 4000 people, the CBC about 1250. In the motion picture field are 31 private film producing companies and the government-owned National Film Board. The latter employs 540 persons, the private companies 365. In one recent year output of private companies totalled 1764 productions; of the National Film Board, 311 productions.

Thousands of other facts about Canada are noted in the 10th annual edition of Quick Canadian Facts.

The new edition of Quick Canadian Facts, carrying up to date information on all significant aspects of Canadian life, is now released through newsstands and book stores.

*R. A. F. "AT HOME"*

Fifty-eight R.A.F. stations will be "at home" to the public on Saturday, September 18 during this year's Battle of Britain week. This will be the 14th anniversary of the Battle of Britain and the 10th year in which "at homes" have been held. Last year there was a record attendance of 1,160,000.

Brooks, Alberta.

The Editor,
Vermilion Standard.
Dear Sir:

I am a travelling man and I have just spent a week in your town — which I enjoyed very much, apart from one somewhat disturbing incident. The first day I noticed a small mongrel pup lying in the road near the Government liquor store. The next day he was still there so I examined him and found that he could hardly move, having been struck (most likely) by a car. I got in touch with the RCMP, the town dog-catcher and the Vet. because I thought he should be put out of his misery. However the Vet. Dr. Anderson, who kindly came out to see the dog, told me that he would probably get better. The little animal was in a starved condition and for four or five days I fed him and he improved a great deal. Now I have left town and I should like to think that there is some home in Vermilion which would accept this little stray. I am sure that anyone who took a friendly interest in the poor deserted and bewildered pup would be amply repaid. At first he was suspicious of any advances but soon became friendly.

It is hard to imagine what degraded humans would abandon a young dog. It must have been brought to town and kicked out near the liquor store because it waits there every morning.

I am sure that if you brought the matter to the attention of your readers, some kind soul would befriend this pup. He is somewhat of a Collie but probably a mixture of breeds, but he doesn't deserve to be deserted and friendless.

Sincerely,
L. Barker.

1306-15 Ave., W.
Calgary, Alta.

What if you were on the operating table when the hospital's power was cut off by such a thoughtless act?

EVER STOP TO THINK OF THE CONSEQUENCES?

Canada's laws provide severe penalties for this offence, so for everyone's sake . . . PLEASE DON'T SHOOT AT INSULATORS, AND WARN OTHERS NOT TO DO IT.

Canadian Utilities

## BIG FIRE AT MANNVILLE

MANNVILLE.—Building and the stock was 100 per cent loss in an early morning fire at the International Harvester Co., owned by Proudfoot and Cuxford of Mannville. The fire was noticed by Town Constable Allan who was guarding two prisoners he had caught earlier siphoning gas from a truck. The siren sounded at 3:45 a.m. and it was after seven when the fire was completely under control. The local Volunteer fire brigade did a marvellous job, hampered as they were by lack of water due to the installation of water and sewer and the changing over of tanks. Two basements were emptied while the tank was filling again. It was thought at one time that the front of the building containing parts and display room could be saved but the wall to the office gave way and everything was damaged by smoke or water.

The Vermilion Fire brigade responded to a call about 6 a.m. for aid with their fire truck for which the Town Council and local fire brigade wish to express their appreciation.

Mr. and Mrs. Bob White and two children who occupied a suite above the front part of the building were forced to leave without time to dress or to salvage anything. Their furnishings were all badly damaged by smoke and water, including the equipment and supplies of the beauty shop Mrs. White operated in the front of the suite.

Torrance's Drug store next door to the I.H.C. building removed almost all of their entire stock to the street and into trucks. They will suffer over $1000 in breakage and loss. The firemen kept the flames from the drug store however, which was only about two feet from the burning building.

Mr. Maurice Mercer who had an office also in the doomed building lost a number of papers. He is an insurance agent and stock buyer.

The insurance adjusters for the I.H.C. and drug store arrived soon after being notified. It is still not known whichat started the blaze but it appeared to start in the attic of the shop. Four tractors as well as a large number of tires were destroyed in the repair shop.

The firemen greatly appreciated the coffee brought to them by Ken Scoggins from Linda's Coffee shop and also wish to thank Mrs. W. Ross for bringing milk to the boys.

## Former Vermilion Man W. D. Stacey Dies

A former Vermilion man, W. D. Stacey, passed away at Westlock last Sunday. He was 73 years of age. While in Vermilion he was manager of the Hayward Lumber Co. Mr. Stacey was a great baseball enthusiast and along with his son Gerry injected a lot of life into the game during the years they lived here, which was back in the 1920's.

In 1936 he was appointed superintendent of buildings for the Dept. of Public Works. He retired in 1945.

He is survived by Mrs. Stacey, one son, Gerald of Smithers, B.C.; two daughters, Mrs. T. H. Magee of Edmonton, and Mrs. David Fenton of Westlock, and eight grandchildren.

## Funeral Services For James S. Ewing

MANNVILLE. Funeral services for James Stuart Ewing of Devon were held on August 7 at McQueen Memorial United church, Mannville at 2 p.m. Rev. W. C. McKay officiated and interment took place in Mannville cemetery. Moyers of Vermilion were funeral directors.

The pallbearers were Wm. Jackson, Wm. Dunn, Ronald Scott who were members of the 151st Battalion and three of Stuart's fellow associates from Devon.

Many beautiful floral tributes were received as well as donations to the McQueen Memorial fund, the Cancer fund, Anglican Memorial fund, Cemetery fund. Also received were a number of sympathy cards.

He leaves to mourn his loss his wife, Marie, one son Leslie, a sister Mr. N. Crooks, two brothers Clarence and John and his mother Mrs. Catherine Ewing.

By Your District Agriculturist

## "GREEN ACRES"

FAT AND LEAN HOGS

Once again a test has proved that bacon type hogs use less feed to grow up to 200 lbs. (market weight). This time it was the Ohio Experimental station. It only took 385 pounds of feed for the lean type pigs to produce 100 pounds of pork. Besides the bacon type pigs sold for more money. What is needed in this area is better type boars. Pure bred Yorkshires are the most popular pigs in Western Canada.

LEAD POISONING

The other day I saw cattle [illegible] ing over old car batteries. Many cattle have been poisoned by chewing pieces of lead off of old batteries. It is a wise plan to pick up and bury old batteries. Sometimes calves can get lead poisoning from licking painted walls. Calcium versenate is a good remedy for lead poisoning.

HARVEST HELP

Harvesters will be coming out from Ontario again this year. I do not know how many to order until I get a list made up so will everyone who needs harvest help please let me know what you want. Advise the approximate date you will need a man and how long you can use him.

VETERINARY LAB

The Provincial Dept. of Agriculture operates an animal disease laboratory at 116 St. and 86th Ave., Edmonton, for the use of farmers with sick animals. It is my opinion that a lot of disease outbreaks could be checked if sick chickens or young pigs were sent in to this 'lab' as soon as disease is noticed or soon after 2 or 3 animals die. Sick animals should not be sent in on Friday or Saturday. Write a letter about [illegible] and how sick animals acted, how many lost etc.

KNOW YOUR WEEDS

Anyone with weeds which they do not know can have them named by bringing them in to this office. It is best to check on new weeds as they might be really bad ones and the time to stop them is when they first get a start. Many farmers wish they had stopped Toad Flax before it got out of hand.

HONEY EXTRACTOR

The Vermilion Bee Association has a honey extractor for loan to farmers in the district. Everyone [illegible] use it during the same [illegible] so why not do some extracting now. Another tip to bee-keepers: It is about twice as easy to strain honey at 100 degrees than at 70 degrees.

SAFETY WEEK

Last week was farm safety week all over Canada but one farmer in this district turned a tractor over and he says he was lucky to come out without injury. Now that the harvest season is coming on I hope everyone will try specially hard to avoid accidents of all kinds.

To Take Off Or Put On Is The Question?

## Isobel Davies Is Bride In Late Afternoon Ceremony

In an attractive double - ring ceremony performed by the Rev. C. W. MacKay at the United church, Vermilion, on Wednesday, August 4th, Miss Sophie Isobel Davies became the bride of Mr. Maurice Roy Horpestad.

The altar was banked with fresh garden flowers for the occasion. The pews were marked with red roses tied with white bows.

Entering the church on the arm of her stepfather, the bride was lovely in a gown of nylon lace over satin. Its strapless bodice was of Chantilly lace over satin, edged at the neck with a fine nylon net ruffle.

The overdress of Chantilly lace had a sweetheart neckline topped by a Peter Pan collar and lily-point sleeves. The full skirt was of alternating panels of Chantilly lace and net. She wore a fingertip veil of French illusion net held in place by a nylon net crown lined with satin and studded with pearls. Her only jewelry was a pearl necklace and matching earrings, a gift of the groom. She carried a bouquet of American Beauty roses.

The bridesmaids were Miss Lena Davies, sister of the bride and Miss Shirley Hicks. They wore identically styled strapless gowns of lace and net over taffeta with matching lace boleros with puckered elbow-length sleeves and matching bandeaux. Lena wore pink and carried pale pink carnations and yellow African daisies. Shirley wore green and carried deep pink carnations.

Little Mildred Davies, sister of the bride, was flower girl. She wore a floor-length dress of blue net over taffeta with a shoulder-length veil. She carried a basket of mixed garden flowers.

Groomsmen were Mr. Ken Martin, and Mr. Archie Robinson, cousin of the bride. Mr. Grant Robinson, cousin of the bride, and Mr. Robert Repp were ushers.

Mrs. Albert West played the wedding music. During the signing of the register, Miss Helen Davies, cousin of the bride, sang "Oh Promise Me".

Following the service an open reception for some eighty-five guests was held at the Legion hall.

Receiving the guests, Mrs. Hicks chose a dress of grey taffeta with red accessories. Her corsage was of red roses.

Embedded in lays of pink tulle and decked with hearts and rosebuds, a three-tiered cake, baked by the bride centered the table which was laid wih a white linen and crocheted cloth, decorated with pink and white bells and streamers and lighted with pink and white candles.

Mrs. Alf Robinson, aunt of the bride took charge of the guest book.

Mr. Wes Funnell proposed the toast to the bride to which the groom suitably replied.

Later in the evening a wedding dance was held in the Islay hall. The wedding group entered to the strains of "Here Comes the Bride" then waltzed away to begin a very successful dance. After a delicious lunch the bride and groom passed cigarettes and chocolates.

The bride then changed to a two-toned grey suit with white gloves and hat trimmed with rhinestones. Her shoes and purse were beige. Yellow blossoms were pinned to her shoulder.

Following a motor trip to Ladner, B.C., where they will visit the groom's parents, the happy couple will make their home in Vermilion.

## W. I. Activities For Month of July

Five branches reported in July as this was a holiday month some branches have picnics and others do not hold meetings.

Vermilion — The Vermilion W.I. made a donation to the Girls' club travel fund. Mrs. Cameron and Mrs. Perrier were thanked for their work on the quilt and bolster.

Kitscoty — Meeting was held at the home of Mrs. Govier and was enjoyed in her beautiful garden. Mrs. Batty was appointed delegate to attend the Constituency conference. Mrs. Fox the Visiting committee representative reported several visits and cards sent.

Claysmore — This was a small meeting as many members were on holidays. Mrs. Garnett was guest speaker, her topic was "How to Understand W.I. Work Better". It was decided to give each member a W.I. pin as a birthday gift. A donation was made to the Polio fund.

Five Point—This branch honored the grandmothers of the district. Fourteen grandmothers were present, and received small gifts from the branch. Six of these grandmothers are members of the branch. Mrs. A. Clark read a paper on "Different Types of Handicrafts". Mrs. D. Clark gave a very fine report on "United Nations". Mrs. R. Gordon was chosen delegate to attend the Constituency conference.

Princess Anne — This branch presented their members with A W.I. pins. Mrs. Arthur Witherington of Seale, England, was guest speaker. She described W.I. work as carried on in her home town. Mrs. Parchewsky gave a demonstration on baking chiffon cake. Mrs. R. Mead reported on civil defence classes held in Edmonton last winter. Mrs. O. Strome was appointed delegate to attend the Constituency conference.

## Fishing and Hunting With The 'Doc'

*Farmer-Sportsman Relations*
(Continued)

The sportsman argues also that similar restrictions by land owners was the main reason for many immigrants leaving their homeland and coming to this land of the free, and that such restrictions on a large scale was one of the prime causes of communism with its abolition of privately-owned land.

He also points out that wild birds, animals, and fish belong to all people, not to any one group, and that some of our upland game birds and fish are not native but were brought in at the request of sportsmen.

Duck damage, he adds, is not widespread, and now is easier to control through special license to destroy ducks. However, when sportsmen's organizations did broadcast offers to help drive off the ducks under warden or RCMP supervision, hardly one request by a farmer for help was received by the associations.

With hunting and fishing still two of the main attractions for tourists (tourist business is estimated at $200,000,000 a year in Canada) and for other equipment mostly of our own population owning cars, boats, and other equipment mostly used for outdoor pleasures such as hunting and fishing. It is obvious that in some manner space should be available for these pleasures. At least, it should to those responsible persons having consideration for the rights and property of others.

In many ways the sportsmen should be able to give valuable help to the farmer. Among other things, he can assist in keeping under control predators and certain vermin (which will include in the future no doubt, the common rat) in preventing duck and Elk damage, and in minimizing the destruction caused by irresponsible people. (Next week 'What can be done?')

Copies of the June and July issues of the Fish and Game magazine are now available from the secretary. Pick up yours now.

RECORD CAR PRODUCTION BY U. K. MOTOR INDUSTRY

U. K. motor vehicle manufacture in the first half of this year shattered all previous records, with an output rate of one car every eleven seconds of each working day. Some 390,000 cars were produced — 100,000 more than in the same period last year.

HIGHEST PEACETIME EMPLOYMENT RECORDED IN U. K.

Mr. Harold Watkinson, Parliamentary Secretary, U.K. ministry of labour, recently stated in the House of Commons, that the number of persons in employment in Britain at the end of May was the highest ever recorded in peacetime and over 300,000 more than at the end of May last year. "There are at present," he said, "no indications that employment is likely to fall below a satisfactory level in the second half of this year."

## SEEDTIME and HARVEST

By DR. F. J. [illegible]GREANEY, Director
Line Elevators Farm Service, Winnipeg, Manitoba

Sponsored by the following companies: Federal, Alberta Pacific, [illegible], Consolidated, [illegible], Searle, [illegible] & Hambacher, [illegible], Independent, Ellison Milling and [illegible] Oats

**KNOW YOUR WEEDS—IT PAYS**

No matter [illegible] may be [illegible] in late, wet crops [illegible] to find some weed growing [illegible] farm that he has not [illegible]. The [illegible] thing to do is [illegible] new weed invader identified [illegible].

*Identification Service.* How do I get new [illegible] identified? That's easy! Mail [illegible] good sample [illegible] one of the following [illegible]: (1) Your local Agricultural Representative (2) Your nearest Experimental Farm (3) Your [illegible] Field Crops Branch, [illegible] (4) The Division of Botany, Science Service, Ottawa (5) The Line Elevators Farm Service, Winnipeg. These agencies are [illegible] with trained weed technicians who can soon identify new weeds for you.

*What's Needed?* Identification of weed plants is [illegible] if good specimens are available to work with. Don't send in pieces of a plant. For accurate identification, entire plants with roots, stems, leaves and flowers are necessary. If at all possible send in a plant that is in flower or that is bearing seed. Weed specimens should be carefully collected and packed, and mailed at once.

*Free Weed Service.* One of the simplest ways to have weeds identified is to deliver them to a grain buyer of any of the Line Elevator Companies listed above. The Agent, without charge, will forward the sample to us for identification. We will identify the weed and report back to you at once, giving you information about the seriousness of the weed, and recommendations concerning its control.

*Weed Bulletins.* Most of the weeds commonly found in the Prairie Provinces are described in Line Elevators Farm Service Bulletin No. 2, entitled, "An Illustrated Guide to Prairie Weeds." Free copies of this popular bulletin may be obtained through any of our local grain buyers, or by writing to the Line Elevators Farm Service, Winnipeg or Calgary. Weed infestation increases crop production costs. Know your Weeds—it pays.

## Wedding Bells

*FOLEY—CAMERON*

A very pretty afternoon wedding was solemnized in the Vegreville United church on July 24 by Rev. Reomer when Miss Doreen Cameron exchanged vows in a double-ring ceremony with Lionel Foley.

The church was beautifully decorated with white delphiniums, red carnations and fern, large baskets of peonies decorated the altar. The guest pews were marked with nosegays of lovely summer flowers.

The bride is the youngest daughter of Mr. and Mrs. Jas. S. Cameron of Vermilion and the groom is the eldest son of Mr. and Mrs. Thos. Foley of Vegreville.

Given in marriage by her father, the bride looked radiant in a full-length gown of Chantilly lace, the skirt, very full, was in hankerchief tiers edged with Alencon lace. The strapless bodice was modified by a lace bolero with lily point sleeves and a stand-up wing collar. Her train-length veil of illusion was trimmed with a wide border of Alencon lace and was gathered to a fitted sweetheart headdress. The bride's only jewelry was a gold pendant, a gift of the groom, and she carried a bouquet of American Beauty roses.

Mrs. June Groves, a sister of the bride, was matron of honor. She wore an aqua nylon net ballerina-length gown trimmed with scrolls of self ruching and silver sequins. She wore flowers in her hair and carried a sheaf of pink carnations, yellow mums and fern.

Miss Gwenda Gordey, niece of the bride, made a charming little flower girl in a short full skirted dress of yellow nylon net over taffeta sprigged with violets, yellow mittens and a yellow flower headdress. She carried a tiny basket of yellow mums, daisies and pink carnations.

Attending the groom was his uncle Mr. Lyle Finlan.

Ushers were Mr. Frank Cameron, brother of the bride, and Mr. Doug Tebutt.

Mrs. Nicholsen played the wedding music and during the signing of the register Miss Shirley Gamble of Edmonton sang, "Through the Years".

A reception for 85 friends and relatives was held in the dining room of the Alberta hotel.

The bride's mother received her guests in a dress of old rose crepe with navy accessories, her corsage was of Tallsman roses and cream mums.

The groom's mother received in a navy crystal sheer nylon dress with pink accessories. She wore a corsage of pink tea roses and white mums.

The bride's table was centred by a beautifully decorated three-tiered wedding cake embedded in pink tulle, flanked on either side by tall white candles, tall spikes of white delphiniums, red carnations and fern.

Mr. Roy Cole proposed the toast to the bride.

Out of town guests were: Mr. and Mrs. J. Finlin, Mr. and Mrs. Lyle Finlin of Kitscoty; Mr. and Mrs. Dyson, Mrs. Rovang of Lloydminster; Mrs. Curtis of Marwayne; Mrs. Harvie of Streamstown; Mr. and Mrs. Frank Cameron, Mr. and Mrs. John Gordey, Gwenda and Joyce of Vermilion; Mr. and Mrs. A. Lauder of Ross Creek; Mr. and Mrs. Keith Groves and Mr. and Mrs. McAreavy of Calgary.

Mr. and Mrs. Skinner of Dewberry; Mrs. Gamble and Ruth of Mannville; Mr and Mrs. Walker, Shirley and Jack Gamble, Miss Marie Ross, Mr. Stan Adamowski, June Rowe, Mr. Charlie Lipke, Mr. and Mrs. J. Dwyer, all of Edmonton.

The bride and groom left for a honeymoon trip to Jasper and for travelling the bride wore a navy and white two-piece ensemble with navy and white accessories, sweet heart roses en corsage.

On their return they will reside in Vegreville.

## Santa Claus In The Laurentians

Where was Santa Claus? It seemed he had disappeared. Airmen recently patrolling the polar regions had been unable to locate him, and some concern was felt for his safety. But it has now been learned that after settling last winter at Val David he has remained there, having found the Laurentians a pleasant change from his North Pole home, a land of snow and ice.

Santa Claus therefore now lives permanently 50 miles north of Montreal where he receives visitors all the year round in his village of brilliantly decorated cottages.

The summer heat does not inconvenience him a bit as he has ordered from a prominent Montreal tailor a nylon outfit which keeps him cool, so that he can now go about his busy village in complete comfort despite his snowy white beard.

Like the youngsters, Santa Claus loves animals. He has with him at Val David a live menagerie which is a great source of joy to himself and the little ones. There are bear cubs, deer, ducks, sheep, rabbits, ponies, goats and all sorts of other animals which mix freely with the visitors. There is even a charming and dignified llama, a sort of giant sheep with a silky coat that Santa Claus has procured in S. America.

Santa Claus village is quite extensive, with many wonderful things to be seen. It is something of a fairy tale brought to life for the children. Santa Claus' own cottage on its own little mountain—is itself a delight in character appointments.

In addition there are the Trainatorium where miniature trains operate in a variety of realistic railroad and scenic settings; the Dolls' House; the Toy House for boys; St. Nicholas' Chapel and its Manger complete with biblical figures and background setting of the Nativity (a really unique tableau) and many other story book features and attractions which spring to life for the enjoyment of the young and those who have remained so!

Many visitors, enchanted by the incomparable atmosphere surrounding Santa's work-a-day world, went their way back to this charming village where their children are transported into their own world of book and fancy.

Santa Claus village lies amid scenery of great beauty. The cottages are scattered on a lovely wooded hillside, and in the distance can be seen many Laurentian summits. After centuries spent in the eternal whiteness of the Arctic, Santa Claus is now accustomed to the greenery of the Laurentians, and he only intends to leave it to dispose of his many toys during the night preceding Christmas. Until then, therefore, he can be reached by following Route No. 11 out of Montreal or by taking advantage of the services of the Canadian Pacific Railway, stopping at Val David.

# Of Many Things . . .

By AMBROSE HILLS

POWER OF PRAYER

A group of hard boiled newspaper reporters were interviewing an American industrialist, visiting in Montreal. One of the reporters put this question: "Sir, in view of the present world situation, what one product do you think is of most vital importance to a nation?"

I waited to hear the industrialist name a uranium or some such precious metal. I presume most of the other newspapermen expected the same answer. We got quite a surprise.

The industrialist blushed and said, somewhat sheepishly, "Well, to tell you the trouth, I think the most important thing is prayer!"

There was a long silence. Then the same reporter said, "Will you please explain that?"

"It's hard to explain," the industrialist said, tugging at the lobe of his ear. "It's a pretty personal thing. Yet there it is — available to everybody. It always startles me when men complain about their lot in life, if I know they haven't bothered to pray. Prayer gives a person — or a nation — access to all sorts of power, far beyond the atom or anything like that . . ." He looked up and saw some of us making notes. "Don't quote me," he said "People might think I'm talking for . . . well just for effect. If you want to quote somebody about it, look up what Dr. Alexis Carrel said about prayer. That's what really started me trying it — with some rather remarkable results."

Back in my office, I looked up Alexis Carrel on prayer. He had a lot to say about it. One thing, in particular, is worth pasting in your hat. He said, "When we pray, we link ourselves with the inexhaustible motive power that spins the universe. We ask that a part of this power be apportioned to our needs. Even in asking, our human deficiencies are filled and we arise strengthened and repaired."

Well, it seems to me a man is foolish to pass up advise like that. In this foolish age, too many of us have been turning our eyes toward governments or others for all our blessings — and often have found the blessings pretty costly. Perhaps it is time we were reminded not to put our faith in worldly princes, but in God and in ourselves under God.

MODERN SQUARE DANCE

The Vermilion 4H Wheat Club are sponsoring a modern square dance in the Elks hall on Friday Aug. 27 commencing at 9:00 p.m. Arthur Ziegler caller. Admission $1 each. 7-8x

A memorial to almost 12,000 Commonwealth officers and men, including 215 R.C.A.F. personnel who were killed in the Second World War in the Western Desert and Middle East and who have no known graves will be unveiled by Field Marshal Lord Montgomery on October 24th at Battlefield Cemetery in the Western Desert in Egypt. The date is the twelfth anniversary of the Battle of El Alamein.

# LOCAL NEWS

Mr. and Mrs. Frank Henry Eyben announce the engagement of their daughter Ruby Louise, to Mr. Elmer Samuelson, youngest son of Mr. and Mrs. Sam Samuelson of Mannville. The wedding will take place on Wednesday, August 18th at 2:30 o'clock in the afternoon at the Auburndale United church.

A reception will be held at the home of the bride from 4 p.m. to 6 p.m.

Mr. and Mrs. Mike Jarock and Mr. and Mrs. Bill Kochan enjoyed a week's holiday visiting at Jasper, Banff and Radium Hot Springs.

Mr. and Mrs. V. H. Cooper, daughter Joanne and Betty Baddock spent a week at Edmonton, Calgary and across the border to Coeur D'Alene, Idaho. They returned home on Sunday.

Miss Jean Robson returned to Calgary recently following a week's vacation at the family home in town.

Mrs. Hettie Roxburgh and two children of Edmonton were recent guests for a week at the home of Mr. and Mrs. N. N. Bentley.

Mr. and Mrs. Ted Herberts and two boys are away on a three weeks' holiday during which time they will motor to Spokane.

Mrs. K. Lambert of Vancouver is a guest at the home of Mrs. Roy Stone for two weeks. She left Vancouver the middle of June and has been visiting daughter Peggy Linsdell, Ronnie and family in Edmonton since that time.

Mr. and Mrs. Gerald Stephens and daughter Joan accompanied by Doreen Hicks are holidaying at Waskesiu for two weeks.

Mr. and Mrs. Sam Barlow, son David and daughter Kathleen of Calgary were in Vermilion recently, bringing Mrs. E. Fry home from a three weeks' visit at Calgary. Same returned to Calgary while Mrs. Barlow and the two children joined her mother and brother for a holiday at Jasper.

Mr. and Mrs. Ashley Cooper and daughters Donna and Lois returned Saturday evening from a short holiday trip to Jasper and Banff.

Spending their summer vacations at Waskesiu in the Prince Albert National park are Mr. and Mrs. D. R. Mitchell and Mr. and Mrs. G. W. Sutherland.

Mr. and Mrs. T. L. Conboy and daughter Mildred were away for a two weeks vacation trip during July. In this time they visited Mr. and Mrs. Don Logan at Athabasca and enjoyed camping at Baptise Lake near that town. They also motored to Cranbrook and spent six days there. Tom attended the three-day fire chief convention held in Edmonton early in July.

Mr. and Mrs. Frank Gould and their three children spent a week recently with Mr. and Mrs. Charlie Cox at Pibroch, and with other relatives in Edmonton. They spent the long week end in Forestburg visiting friends, Mr. and Mrs. Tabor Ross and family and Mr. and Mrs. Charles Ross and girls. While at Forestburg they watched strip coal mining in process south-west of the town.

Herbert Sutton who is employed at the Lindbergh salt plant, spent two weeks holidays at Vermilion and Kitscoty.

Mr. and Mrs. R. S. Cooper motored to Calgary recently where they spent the week end visiting daughter Bernice.

Mr. and Mrs. Jack Dingle and four children of Pittsburgh, Pennsylvania, and Mrs. Earl Dingle of Edmonton were recent visitors at the home of Mr. and Mrs. Lloyd McFadden.

Mr. and Mrs. Bill Elder of Calgary spent last week in Vermilion, visiting at the home of Mr. and Mrs. Frank Welsh.

Mr. and Mrs. Alan Jones returned home recently following a holiday in the Western States. Their two daughters Betty and Shirley who had been guests at the home of Mr. and Mrs. Fred Cotter during their parents' trip, returned home with them.

Mrs. J. J. Knoll has returned from Montreal where she attended the wedding of her daughter Miss Katherine Knoll, and Mr. Armand Chaput which was solemnized at the church of the Assumption. The bride is a graduate of the University of Alberta where she received her B.Sc. degree and the groom who is the son of Mr. and Mrs. Armand Chaput of Montreal was graduated in commerce from Sir George Williams College in Montreal. Following the wedding Mrs. Knoll visited in Toronto and Chicago. —Edmonton Journal

Doug Willmer of Macleods staff has been transferred to the North Battleford branch and is already on duty in his new location. He will be joined later by his family. Doug was an energetic and enthusiastic member of the senior football team and the departure of the young family is regretted by their friends here.

D. F. Kellerman, operator at the C.N.R. depot has been appointed agent at Warden, Alta. Mr. and Mrs. Kellerman and little daughter will leave shortly for that point which is in the general vicinity of Stettler. D. F. was an active member of the Kinsmen club and his absence will be felt there.

Mr. and Mrs. W. B. Elford spent a week of their vacation in Edmonton, returning home on Aug. 2.

Constable and Mrs. Edwin Willes and two children who have been visiting at the home of the former's parents, Mr. and Mrs. Percy Willes at Claysmore, for the past two weeks, plan to return to Saskatoon on Saturday.

Miss Sylvia Rooks who has been working at the Salvation Army camp at Seba Beach returned recently to her home in Vermilion.

Mr. and Mrs. Ballard Goad had as their guests recently Mrs. Goad's two brothers and their wives, Mr. and Mrs. T. J. Blint of Mankato, Minnesota, and Mr. and Mrs. Chas. Blint of Fairmont, Minn.

Mr. and Mrs. Ray Jones of the Canadian National have returned home after a holiday trip to Kelowna. While there they enjoyed an evening with Mr. and Mrs. Len Dunaway well known former residents of Vermilion. Ray liked the Kelowna country very much. They also visited Radium Hot Springs while away.

Mr. and Mrs. A. W. Elliott are Edmonton visitors, guests at the home of Mrs. Elliott's sister Mrs. George Gurnsey.

Mr. and Mrs. Charlie Climie and two children of Wetaskiwin, Mr. and Mrs. Pat McCafferty and two children of Vermilion, Mrs. Ernie Shirrmacher and son Elgie of Lac La Biche, and Billy and Susan were all home on Sunday July 18 to spend the day with their uncles and aunts. Unfortunately Mr. Goad spent from July 12 to 21 in the Vermilion hospital.

Mrs. Roy Ziegler and daughter Betty are visiting in town this week, guests at the home of Mr. and Mrs. Fred Zurch.

Miss Ruth Beatty returned home Monday evening after visiting relatives at Onoway, enjoying a trip to Jasper and a ride over the Columbia ice fields by snowmobile.

Mr. and Mrs. Jim Emsland and the two children returned home recently from a two weeks' holiday trip to Penticton where they visited relatives. The Banff-Windermere route was travelled going out with the return via Crowsnest.

Miss Maybelle Knutson returned recently from two weeks holiday spent in Vancouver and Seattle.

Miss Jill Fenton of Elk Point spent a few days at the home of Mrs. Ken Urquhart last week.

Miss Helen Quickstad left for California recently where she will spend a three months vacation with her sister Mrs. Roy Page at Oakland. For the past year and a half Miss Quickstad has been employed at the home of Mr. and Mrs. Percy Walsh.

Mr. and Mrs. Russell Carroll, Madelon and Barbara returned Sunday from a two weeks vacation during which time they visited Penticton where Russell attended B.P.O.E. lodge convention, with a trip afterwards to Coeur D'Alene, Idaho.

Mrs. Harry Elliott returned home Wednesday evening after spending three weeks at the home of her daughter Mrs. Tom Stack in Redwater.

*CARD OF THANKS*

The Vermilion Women's Institute wish to thank all who bought tickets on the quilt and cushion. The draw for same was made on Friday July 16 at the W.I. conference held at the Vermilion school of agriculture. The lucky numbers were held by Mrs. Kehoe and Mrs. Ferrier's granddaughter.

*CARD OF THANKS*

I wish to take this opportunity of thanking Dr. King, Miss Keith and the staff of the Vermilion Municipal hospital for the care and kindness received while a patient there; also to thank the many friends who sent fruit, flowers, cards and best wishes.

### Doreen Cameron Showered

A very enjoyable evening was held at the home of Mrs. Elsie Cameron where friends and old schoolmates of Doreen Cameron gathered for a surprise shower.

The evening was spent in making a "Bride's Book" causing much laughter. Under a shower of confetti the bride opened many beautiful and useful gifts after which she thanked her friends for their generosity and thoughtfulness.

The evening closed with a tasty lunch.

On July 14 several members of the Britannia Rebekah lodge met at the home of Mrs. Bell Carmichael in honor of Miss Doreen Cameron, bride-elect of July.

A pleasant social evening was enjoyed by all, after which Doreen thanked the ladies for the lovely and useful gifts she received.

A delicious lunch was served by the hostess bringing the evening to a close.

### Nature Is Funny

While pulling a few carrots in his garden Bunny Risdale found one that when about half grown had found a metal washer in its path. The carrot, undaunted, sent its point through the hole in the washer and once on the other side proceeded to grow to its normal size once again.

## Home League Plans Activities

At a recent business meeting plans were made for the activities of the Salvation Army Home League.

A rummage sale is to be held in the back hall of the citadel Saturday afternoon Aug. 21. Preparation for this will be made at the weekly meeting on Wednesday, Aug. 18. Other weekly features include a Safety Program, Labor Day program, the monthly Spiritual meeting, Novelty night, a work meeting and Missionary night.

It was planned to hold the annual Xmas tea and sale of work in the Legion hall on Saturday afternoon, Nov. 13.

## Former Vermilion Boy Completes Training U. S. Paratroopers

Robert Taylor, son of Mrs. Edna Taylor, formerly of Vermilion and now of Calgary, has just completed his training as a paratrooper with the United States Air Force and has been presented with his wings.

Bob expresses himself as thrilled with the feeling that comes when a parachute opens seconds after leaving the carrying craft. He contemplates changing from the army to the air force in order to further his training and to meet a long cherished ambition.

The many friends of the family in this area will be interested in following the career of the youthful flyer.

## 31-Year-Old Horse Dies

*(From Wildmere Winks)*

Barney, faithful old horse belonging to the Wallingtons of the Wildmere district, died at the age of 31 years. He had been a conscientious and faithful work horse in his youth and then carried the three children to school for many and many a day in later life.

## Catechism Class At Mannville

MANNVILLE.—A sister of service from Edmonton conducted a Catechism class of 35 children at St. Joseph's Catholic church last week. It ended Sunday morning with Holy Mass with all the children receiving Holy Communion, 8 of which were first communicants.

## Mannville & District LOCALS

Mr. and Mrs. Purdue and Mrs. Ryan of Wainwright attended the funeral of the late Stuart Ewing on Saturday. Mrs. Purdue came from Edmonton with Frank Ewing and Mr. Purdue and Mrs. Ryan motored from Wainwright.

Mrs. N. Gilmour of Calgary was a visitor in town last week. While here she completed the sale of her house and lot to Mr. Cleland Swain.

There will be no sale at the auction mart on Monday.

Rural telephone subscribers are requested to call for telephone directories at the local telephone office.

Prusdfoot and Coxford have now moved their stock to the old Massey Harris building, east of the Treasury branch and will be glad to meet their customers there.

Mr. J. Bury driving from the south into town was struck by a car coming from the east on the highway. Both cars are badly damaged and Mr. and Mrs. Jacula who were passengers in the Bury car are in the local hospital. There was no one seriously injured.

## Pretty Wedding At Hazeldine

*SLOAN—GARDINER*

HAZELDINE. — Baskets of roses, peonies, iris and daisies banked the altar of Holy Trinity church, Irwinville, for the recent wedding of Miss Betty Louise Gardiner to Mr. Robyn William Sloan.

Rev. D. A. Ford, rector of St. Saviour's Vermilion, performed the double-ring ceremony which united in marriage the daugher of Mr. and Mrs. Graham Gardiner of Hazeldine and the son of Mr. and Mrs. R. D. Sloan of Boscombe.

Entering the church with her father, the bride was gowned in a white ballerina - length strapless model of lace and nylon net over taffeta, trimmed with pearls and sequins. A jacket of lace over taffeta was fashioned with pointed collar and lily-point sleeves, and the bride wore a finger-tip veil of illusion net with hand-painted border, which fell softly from a coronet of lace pearls and sequins. Her only jewelry was a set of pearl earrings, and she carried a bouquet of sweetheart roses and stephanotis.

Miss Mona Sloan, sister of the groom, was bridesmaid wearing a mauve strapless model gown of nylon net over taffeta, with a matching short-sleeved jacket of lace. A mauve net bandeau was worn in her hair and she carried a colonial bouquet of yellow orchids.

Mr. Eric Horton was best man and Mr. Kenneth MacLean and Mr. Barry Sloan were ushers.

Wedding music was played by Miss Katherine Carey, who also played "The Lord's Prayer", and during the signing of the register, Mr. Robert McKerihan sang "Prayer Perfect".

For her daughter's wedding, Mrs. Gardiner wore a tie silk gray dress figured with mauve, with which she wore a mauve model hat and white accessories. Her corsage was of yellow roses. The groom's mother chose a navy and white orlon dress with navy hat and white accessories. She wore yellow roses en corsage.

A reception was held later on the lawn at the home of the bride's parents Hazeldine. A three-tiered wedding cake, topped with a tiny vase of carnation roses and fern, centred the bride's table. Tall white candles in silver sconces and vases of summer flowers completed the table decorations.

Toast to the bride was proposed by Mr. E. B. Bocock.

For a wedding trip to Jasper, the bride wore a tailored suit of dark gray with white and black accessories. A corsage of red roses was pinned at her shoulder.

On their return Mr. and Mrs. Sloan will make their home in Stettler where Mr. Sloan is a member of the firm of Legg & Son.

Mrs. Sloan has for the past two years been on the teaching staff of the Edmonton School board while her husband is a gaduate in Arts and Law from the University of Alberta. He was admitted to the Bar in a ceremony presided over by Mr. Justice Hugh John Macdonald in Edmonton in June.

## Wedding Bells

*LEVERSEDGE—WINTERS*

A quiet wedding was solemnized at St. Saviour's Anglican church, Vermilion, on Monday, August 2nd at 2 o'clock in the afternoon, when Violet Winters, daughter of Mr. and Mrs. Fred Watling of Vermilion, was united in marriage to Mr. Fred Leversedge. The Rev. D. A. Ford officiated at the double-ring ceremony. The church was beautifully decorated with spring flowers.

The bride was lovely in an afternoon dress of blue crepe and lace with pink hat, white gloves and shoes. She wore a corsage of pink roses. Her only ornaments were a [illegible] necklace and earrings, gift of the groom.

Mrs. Fred Watling of [illegible] was matron of honor wearing an afternoon dress of pink linen with pink hat, white gloves and shoes. Her corsage was yellow carnations.

Mr. B. Rindale of Vermilion was best man. Mrs. M. Hill played the wedding music.

A reception was held at the Brunswick hotel attended by members of the immediate family. Out of town guests present were Mrs. Leversedge, Miss Lilian Leversedge, the Misses Hazel and Patsy Winters and Mrs. Alex Shand, all of Edmonton.

Later in the evening Mr. and Mrs. Leversedge left on a honeymoon to points in the States. On their return they will reside in Vermilion.

They are, left to right, standing, Eric Hale, Mundare; Bud Kiernan, Crossfield; Edwin Chandler, Ranfurly; Harry Hamilton, Mannville; James Sharpe, St. Albert; Don Falkins, Chauvin, and N. N. Bentley, VSA principal. Left to right, seated, Leslie Lovell, Stettler; Charlie Finlay, Mannville; Mrs. James Allmarch, Fort Saskatchewan; Clarence Boggs, Turner Valley, and Ednal Jones, Dewberry.—Picture by Vermilion Photocraft.

# Health Unit Notes

REGULATIONS FOR CONTROL COMMUNICABLE DISEASES

Chicken Pox — No notification; Isolation, 7 days after appearance of rash; No quarantine; Symptoms, mild fever rash, red raised spots turning to blisters within a few hours.

Measles — Notification; Isolation, 10 days; Quarantine, 14 days for susceptible contacts; Symptoms, fever, sneezing, watery red eyes, running nose, pink rash appears on 4th day.

Mumps—No notification; Isolation until swelling subsides; No quarantine; Symptoms, fever, pain on swallowing, swelling in front and under ear, one or both sides.

Poliomyelitis — Notification; Isolation for 2 weeks; two weeks quarantine for all intimate contacts; Symptoms, fever, headache, vomiting, stiffness of neck and back, and muscular pains and cramps.

Rubella (German Measles) — Notification; 7 days isolation; no quarantine; Symptoms, enlarged glands behind ears and back of neck. Pink rash on first day.

Scarlet Fever — Notification; 7 days isolation if having treatment from doctor, otherwise 21 days; Quarantine, contacts 18 years and under for isolation period of case. Contacts over 18 years to be excluded from occupations involving contacts with children or food; Symptoms, fever, headache, sore throat, strawberry tongue.

Whooping Cough — Notification; 21 days isolation after onset of cough; 10 days quarantine for susceptible contacts; Symptoms, bad cold, cough becomes spasmodic often followed by vomiting.

These diseases can only be controlled if parents co-operate by isolating their children as indicated. If in doubt keep your child at home. By the time he reaches the classroom he may have infected other children.

*POLIO AND GAMMA GLOBULIN—*

Not unnaturally the public has some confused ideas about gamma globulin, its availability and value. In order to clarify these matters the Health League of Canada would like to call your attention to certain facts about gamma globulin compiled by a special committee of medical authorities, regularly connected with the Health League Immunization committee. Gamma globulin is a substance from human blood which presumably creates short term immunity to polio.

First, in spite of increased production, gamma globulin is in very short supply and owing to its nature and difficulties of preparation there will never be enough for more than limited use. The present total of supply in Canada would not provide one dose for all the children between the age of 5 and 14 years in Toronto alone. The probable duration of protection is about one month which means that several doses are required to protect any one child through the polio season. This obviously constitutes a heavy drain on available supplies. Furthermore, young adults, in whom polio is often more severe than in children, must be considered. Since the dosage is adjusted to weight of the individual older age groups would use up still greater amounts.

Secondly, gamma globulin appears to be of less value in those already affected and possibly due to come down with the disease than in those who become infected some time after the gamma globulin has been given. It follows then, with the limited supplies possible, the limited value in those already in[illegible] and the limited protection period, that gamma globulin should be reserved for population centres undergoing a severe crippling epi[illegible].

It is hoped that the public may come to appreciate this situation. Widespread demand for gamma globulin by parents for protection of their children in the absence of a compelling situation would simply dissipate supplies to little purpose.

The Health League of Canada Committee is hopeful that a practical vaccine against polio will be developed soon. The [illegible] which is being tested this summer may provide the answer. In the meanwhile as long as gamma globulin is intelligently reserved for effective use where and when it is most needed it is the only valid preventive. But if an effort is made to spread it out far and thin or if supplies are allowed to be depleted then it is virtually valueless.

## OBITUARY

*WILLIAM R. WIEBE*

Funeral services for Mr. William R. Wiebe aged 72 years, who passed away on Monday July 19, were held under Masonic auspices at the First United church, Vermilion, on Wednesday, July 21, at 2:00 o'clock in the afternoon. Interment followed at the Vermilion cemetery. The Rev. D. A. Ford officiated.

Pall bearers were Messrs. J. W. G. Morrison, M. Hill, W. R. Jory, E. Corley, A. E. Kaiser and George Webb.

Mr. Wiebe was born at Rosenfeldt, Man., on April 19, 1882. He lived also at Rosthern, Sask., and Langham, Sask., before coming to Vermilion in 1910 to build and operate the flour mill, and where he resided until his death.

He is survived by his wife, two sons Arthur and Lon of Edmonton; and five daughters Mrs. Hughie Fraser (Adeline), Edmonton; Mrs. Lair Kearns (Leone), Edmonton; Mrs. Verden Burtt (Phyllis), Fredericton, N.B.; Mrs. Ed Melvey, (Marion), Wyoming; Mrs. Roger Rowe (Maxine), Vermilion. There are ten grandchildren. Two brothers and three sisters also survive, Jack in Edmonton and Herman of Chinook Valley, Alberta, Mrs. John Lorenson of Eston, Sask., Mrs. Wesley Scannell, Ottawa, and Mrs. David Klassen of Victoria. He was predeceased by one daughter, Eleanor.

Floral tributes and memorial donations were received from:

Art and Mary Ann; Diane and Lois Lee; Lon; Leone, Laird and Lee; Maxine, Roger and Susan; Adeline, Hugh and Donna; Phyllis and Verden; Marion and Ed; Agatha Klassen; Ken and Jean Rowe; Bob and Ruth Rowe; Paul and Lou; Jimmy and Hardis Holland; Arvella and Paul Bowlen; Vi and Lou McCulloch; Les and Doug Brimacombe; Mr. and Mrs. A. West; Mr. and Mrs. Elmore Stewart; Mrs. Len Beatty; Lorne and Emily McLean; Ted and Madelon Edey; Mr. and Mrs. George Webb; Mr. and Mrs. R. H. Norton; Mr. and Mrs. M. Hill; Dr. and Mrs. H. J. Clarke and boys; Mr. and Mrs. Harry Marfleet; Sam and Alice Soldan; Mr. and Mrs. O. Burns; Mr. and Mrs. J. H. Green; Mrs. H. N. Stephens and Margaret; Mr. and Mrs. G. F. Stephens; A.F. & A.M. Lodge No. 24, Vermilion; Vermilion Old Timers' Association; Trudy and Ken Beaton; Hans, Mary and Florence Euler; Anne.

Cancer Society: Mr. and Mrs. Roy Jory; Mr. and Mrs. Loyal Amos; Mr. and Mrs. Stan Waldenberger; Mr. and Mrs. J. Wilson Ford; Mr. and Mrs. Martin Haverslew, Mr. and rMs. T. L. Conboy and Mildred; Mr. and Mrs. D. R. Mitchell; Mr. and Mrs. E. W. Hart; Macnab Families.

Cemetery Fund: The Heckbert Families, Mr. and Mrs. W. Waldenberger, Nina Petch, Harry Doan; Bill and Leona McLaughlin, Muriel and Carman Long; Ken and Lottie Urquhart; Mrs. Harry Elliott.

Moyers were in charge of the arrangements.

The number of housing units built in Canada during 1953 reached an all-time peak of 96,839.

## Mannville Man Dies In Edmonton

MANNVILLE. — Word has been received of the death of Mr. Stuart Ewing at the age of 56 years following a major operation in the Royal Alex hospital in Edmonton. Stuart came to Mannville with his parents as a small boy and took his schooling here. He enlisted in the First Great war from here and was also a veteran of the last war. His mother Mrs. Ewing, sister Mrs. W. N. Crooks and brother Clarence still reside in Mannville and a brother Jack, at Vancouver. He is also survived by one son Leslie of Grande Centre.

Mr. Ewing was an employee of Imperial Oil for many years at Turner Valley and later at Devon.

## Devon Concert Party At Elk Island Park

The population of Devon, Alberta's oil town, will show a considerable decline Sunday, Aug. 15 when the residents of that town pack the family car with lunch baskets, instruments and neighbors and head for Elk Island's Sandy Beach picnic grounds and the bandshell in that order.

A dip in the lake, a cold leg of chicken, then down to the bandshell to entertain park visitors, and themselves with some good old home town band music, solos, vocal and instrumental numbers.

While the remainder of that chicken is being taken care of there will be a program of recorded music and at 7:30 p.m. pictures of general interest from the National Film board will be shown. Concert time is 3 p.m.

## Misses The Whistle

Now that we have more time at our command, writes Napier Moore in the Financial Post, we are making a trip to the Pacific coast by rail. It wasn't until we were settled on the train that we realized how long it was since we had crossed the country on wheels. And that realization came when, tucked in bed, we found ourselves listening in vain for the familiar wail of the locomotive whistle. For the long train was pulled by diesels, and the diesel locomotive, conscious of its modernity, gives forth a sort of low complacent grunt. It didn't seem right, somehow, particularly in the midst of the mountains, which loved to echo the more eerie call of the steam engine whistle.

## Pretty Wedding At Dewberry

*McROBERT—PHILBIN*

St. Anthony's church, Dewberry, was the scene of a very pretty wedding on June 5 when Teresa Bernadette Philbin, daughter of Mr. and Mrs. Richard Philbin of Dewberry, became the bride of Robert Bruce McRobert, son of Mrs. A. McRobert and the late Mr. A. McRobert of Hazeldine.

The Rev. Fr. Stewart of Clandonald officiated at the nuptial mass.

Entering the church with her father the bride looked charming in an ankle-length dress of white nylon tulle over a sequin trimmed skirt. The bodice of Chantilly lace was fashioned in decolletee style, complemented with a lace bolero styled with Peter Pan collar and bracelet length sleeves.

The veil of illusion net was held in place by a lace cabet.

White and American Beauty roses and lily of the valley formed the bridal bouquet.

The bridesmaid Miss Charlotte Ryan wore a waltz-length strapless dress of aqua nylon net over taffeta, modified with a shrug lace bolero. Her Colonial style bouquet was of pink carnations and lily of the valley.

Groomsman was the only brother of the bride Mr. Joseph Philbin.

The bride's mother chose a dress of royal blue nylon with white accessories and pink roses on corsage.

The groom's mother was unable to attend owing to illness.

Over thirty friends and relations attended the breakfast at the home of the bride's parents. The bride's table covered by a linen cloth was centred by a three-tiered wedding cake

Rev Fr Stewart proposed a toast to the bride which was replied to by the groom in a few well chosen words. A toast to the bridesmaid was replied to by the best man.

An open reception was held during the afternoon and evening

Serviteurs during the day were Mrs J Porter, Mrs. Allen and Mrs. Sumal

Wedding music was played by Mrs. W Porter.

The bride wore a green suit with white accessories for a honeymoon trip to Edmonton and district and while in the city they visited the groom's mother in the University hospital

The young couple for the time being will make their home in Vegreville.

## Vermilion Scoutmaster Attends Leaders' Training Course

(Continued from last week)

The first night's council fire was put on by H. Q., that is, our scoutmaster and his assistants built the fire, lit it, the chief formally opened the program as the first council fire program of this, the Seventh Prairie Gilwell. Mr. Jos Harwood then stepped forward and placed an ember on the fire from the last council fire of the Sixth Prairie Gilwell. Each of the staff members then took part in the program. Overhead the tall poplars and salt trees swayed mysteriously, and 20 yards to the west the surf of Lake Winnipeg supplied a constant soothing lullaby.

During the council fire program the Chief allotted the patrols their duties. these I might remind you, were separate from the regular camp routine. For example our patrol was given charge of the Log. that is on account of everything that went on during the day, this was read at the council fire each night and was a bit humorous at times.

Another patrol would be duty patrol, they would look after the flag and try to keep the no man's land of the camp clean. Another patrol would be responsible for building the council fire and arranging the program. And the other patrol would be under the tender care of Mr. Joe Harwood. I have a hunch Mr Harwood was Commissioner for Manitoba, anyway he was caretaker of Gilwell and in his own inimitable manner could always thunk up a neat little chore for special duty I think he should be Minister of Highways for Canada at least.

Also courses in camp craft during the early stages of camp, these letters were widespread slowly and unmercifully they were T.Y.A. Camp however had not progressed long before their mystery was disspelled and their immortal plaint T Y A stands for Spare Time Activity and among the chores that heading were included, the daily dismal rain splashing hastily, hastening to get breakfast and patrols doing hand dispatch. The only fly in the ointment being try to find some spare time.

Patrols I should give you time at a day in camp. 4:30 a.m. saw stunned person from the duty patrol, shambles over tent pegs and falls on top of you shouting "Wake Chuk, it's time to be up" quickly throwing everything handy at him you are wide enough awake to realize you're in and the day has begun.

Rations are drawn from the quartermaster at 8:45 or 7:45 p.m. and breakfast is to be over by 8. By 9 your patrol site and yourself should be spotless. 9 o'clock, it's inspection, the Chief's motto for inspection was "Everything Out and Up".

"What's Inspection?", you ask.

Well, it's the time that H.Q. means to be human, and expects each 12 year old to be Superman. Pass that at breakfast time were a block as your best are supposed to be spotless. Your patrol site should be impeccable, the discovery of the tiniest bit of paper—a major crisis, and so on.

About 9:05 H.Q. has inspected all patrols and we rally on the parade for flag-mask and report, and then the A.S.M.'s each give us an account of what they found wrong during the inspection. Each day the qualifications for minimum standard pass up a point. Patrols reaching a certain standard are awarded a small Union Jack — the patrol standing highest receives in addition, the honor pennant and the privilege of flying.

By this time it's probably 10:30 a.m. The Chief discourses on, says got considerable to be back in five minutes with notebooks for a lecture. This may last until about nine, then we dismiss for a minute or two for a smoke, then it's dinner you say, but no! It's gardner lecture. Lunch is at 1:30.

(Continued next week)

## Tips on Touring

By Carol Lane
Woman's Travel Authority

Score 100 on this fast weather quiz and you rate as the current of cool drivers —

1. Do you start driving early enough so your trip is one-third over before ten in the morning?
2. Do you eat lightly at breakfast and lunch, with the main meal for evening?
3. Are your driving clothes comfortable, easily laundered and quick drying?
4. Do you carry a large thermos of cold water for drinking and washing?
5. Do you drive at a temperature of 70 and enjoy the pleasure of driving?
6. Do you take rest periods several times a day?
7. Do you always park in a shady spot?
8. Do you carry sunburn lotion, cool pads and cotton sun glasses?
9. Do you refuse to be a fool of road racers? Must be business of the kind of your driver?
10. Do you drive SAFELY, SANE and COOLLY? *ORDER YOUR COUNTER CHECK BOOKS from THE STANDARD*

## Sixteen Years Ago Today

*Aug. 11, 1938*

Cutting of the 1938 wheat crop started in scattered areas last week, and now is now fairly general. The crop is spotty due to the rain having in the nature of scattered showers with no general coverage. Yields per bushel was announced as the final minimum wheat price this year.

Ratepayers of the town voted $80,000 on tax levies.

The large school unit was the principal topic of discussion at the meeting of the Vermilion Inspectorate Trustees Association.

## Thirty-two Years Ago Today

*Aug. 5, 1922*

Harry Smart was the successful applicant for the position of caretaker of the east end school.

Very hot weather has prevailed all week with a complete absence of rain.

Mr. and Mrs. Jos Payne are en route to England where they will visit relatives.

Miss Bowden has been appointed to the high school staff.

A public meeting of the ratepayers of the town will be held in the Albert hall to discuss the high rate of taxation in the town.

The first wheat of the 1922 crop has been cut by A. M. Blaine, on Aug. 7

C. W. 'Jack' Allman and M. A. L. Berry are playing in the provincial tennis championships this week in Edmonton.

Between 80 and 90 former citizens of Vermilion attended a re-union in Stanley park, Vancouver, recently.

## Manville & District LOCALS

Visiting with Mrs. M. McLaughlin are Mrs. Charlton and Mrs. McIntyre of Regina.

Mr. and Mrs. Roy Haywood of Drumheller were week-end visitors with Mr. and Mrs. R. S. Johnston.

Mr. and Mrs. Johnnie Pinder are on holidays and visited at Opal with their daughter and family.

Holidaying at a lake near St. Paul are Mr. and Mrs. Grant Hethrington. They were accompanied by Mr. and Mrs. Gordon Williams of Vermilion.

Mr. and Mrs. C. Sowden and family are holidaying in the U.S. for three weeks.

Mr. Grayston Arnold is visiting his mother and father Mr. and Mrs. P. Arnold.

A nephew, Mr. Don Acres and friend Mr. Russell Dow were week end visitors at the home of Mr. and Mrs. R. W. Hay.

Miss Maxine Leitch has returned from a few days visit to Calgary where she attended a friend's wedding.

Mr. Jim Miller of the Bank of Commerce staff is relieving at Willingdon for two weeks.

Mr. and Mrs. Edgar Arnold are on a holiday trip to the coast. They also plan to visit Mr. Arnold's father who has been ill.

**Good Buys for Homemakers**

Jean Mundell

"Time to the kitchen and keep cool!"

Wouldn't that be heaven in the summertime? Actually, there's no need to turn the cookin' corner into a virtual heat trap, even in the hottest weather. The smart cook plans a cool summer for herself, and a nutritious one for her family.

Here's how she does it. Cans and packages of staple foods line her kitchen shelf. Condensed soups, packaged rice and noodles, pudding mixes, canned beef gravy, meats and vegetables, spaghetti, and pork and beans per quick meals at her fingertips. A little bit of cooking . . . a lot of hearty eating!

A chief meal with table appeal features beef noodle ring. A can of beef or a cup or 2 leftover cooked beef, combined flavorfully with canned beef gravy and circled with noodles—there's the main dish. To complement it . . . a canned or frozen vegetable, fruit salad (from shelf or garden), and a chilled pudding

Many dishes are enhanced with canned beef gravy. It's superb in stews, meat pies, and hash. Or poured over croquettes, meat loaf, chops, or vegetables. Poured into a ring of mashed potatoes or rice revives the laziest appetites. Serve beef gravy with pork, lamb, veal, poultry as well as with beef. It adds goodness to every meal it touches.

BEEF NOODLE RING

2 3-ounce packages noodles
1 can (10½ oz.) beef gravy
1 can (10½ ounce) beef gravy
1 to 2 cups cooked beef, chopped

Cook noodles according to directions on package. Meanwhile, brown onion in small amount of butter. Add beef gravy and meat to onion, allow to simmer 10 minutes. Arrange cooked, drained noodles into a ring on large platter. Pour beef gravy mixture into center. 6 servings.

LETTER FROM THE CAPITOL

# Traffic Deaths Number Twelve In Alberta During July

Safety campaign started the first of the month is drawing to a close and residents have good reason to hope that unofficially it continues, for recent bureau of statistics' figures show that Alberta's 1953 traffic deaths represented the greatest proportionate increase of any province.

It may be due to an inclination to drive faster as more and more roads are paved; the increasing number of vehicles in the province or a combination of many factors.

Accident totals for the first six months of this year show some decrease from those of the corresponding period last year . . . there still were 73 deaths, compared with 82 in the first six months of 1953. In the first three weeks of July, police records carried the names of 12 persons killed on the province's streets and highways.

The safety campaign was only 3 days old when the summer's worst accident took the lives of five persons — including a mother and two of her children — when two cars collided head-on just south of Edmonton. This accident and one earlier this year near Calgary when five were killed were the worst highway accidents in the province's history.

July 12 a 20-month-old child was killed when it walked out in front of a parked car. The driver, who had been in the car talking with a friend, did not see the child who still was there when he started to drive away. Another man died on July 16 in a two-car collision on the Banff highway and a trucker was killed when his pipe-laden vehicle struck a road grader.

A 14-year-old girl lost her life under the wheels of a truck on a city street and a man was killed in a three-car pile-up on a main highway. A car-truck collision on a hairpin turn on a city hill took the life of another man and a motorcyclist was killed when he collided with a truck at a highway intersection.

These and the many accidents in which no one was killed but persons severely injured took place despite the province's biggest safety drive which began several weeks ago with Premier Manning's safety conference.

It is not a criticism of safety conferences and campaigns but an indication that such work is not enough to save lives. That is why more and more efforts are being made to 'engineer safety' into the province's roads and to seek more control over the persons who are allowed to handle the wheel of a motor vehicle. The mounting toll of life and limb resulted in higher penalties for traffic infractions this year.

It still isn't enough and safety officials emphasize that the main factor in cutting accident totals is the driver himself.

Speaking mainly about accidents on the highways, Paul Lawrence, safety director of the Alberta Safety Council, remarked a few months back: "The terrible severity of rural highway accidents is due almost entirely to speed — speed causes ordinary incident to become emergencies."

He added that by driving according to his own capabilities and the road, weather and traffic conditions, the driver would be able to handle real emergencies like incidents.

The federal bureau of statistics says Alberta's 16,984 accidents, in addition to costing lives and injuries, resulted in property damage of $6,519,380. There are further costs that can be added to that. The latest edition of "Accident Facts", an annual publication of the U.S. Safety Council, estimates the property damage at little more than one-third the actual cost of motor accidents. The remainder is composed of medical and hospital costs, insurance and wages lost through death or injury.

All in all, whether you are interested in your life or money more, it pays to conduct your own safety campaign 12 months of the year.

From the success of this month's campaign (more than 30 communities, their boards of trade, newspaper and radio stations, councils adn garages participated) it appears the question of safety is up to the individual.

# PARADISE VALLEY NEWS

Mr and Mrs. J Peterson, Edna and Howard of Kamloops, paid a short visit with Mr and Mrs. Geo. Dodd during the week. Mrs. Peterson is a niece of Mr. Dodd. Margaret Dodd returned with them to Kamloops for a holiday.

Mr and Mrs. N. A. Brown had as their guests Mr and Mrs. K. M. Brown and Peter Brown of Ottawa for a holiday visit.

The Paradise Valley Local No. 741 F.U.A. will hold a dance at the Paradise Valley hall on Friday Aug. 13th — they are not superstitious! Music by the Voss orchestra from Marsden. Both old time and modern dancing.

We extend our sincere sympathy to the family of Mr. Allan Young who passed away very suddenly on Monday. The funeral was held from the Presbyterian church at Lloydminster Thursday afternoon July 29.

Cool wet weather has been the order of the day during the past week. Everyone kept an anxious eye on the thermometer but no frost has been reported. We have been fortunate so far to escape hail which visited so many places in the province. Let's keep our fingers crossed.

Mrs. Evan Jones and family and Mrs. Kritges were recent visitors to Red Deer where Mr Jones is working at the present time.

Rev. and Mrs. D. D. Davidson left on Thursday for their annual vacation and will visit at Vancouver and other points before their return. There will be no service in the United church until Sept. 4.

Miss Doris Robinson of Haney, B.C. is the guest of Mr. and Mrs. Harold Fair for a week or more.

Mr and Mrs. Vince Fenton of Kamloops, B.C., are visiting with Mr. and Mrs. R. B. Gunn, with the Hasting family and other relatives in the Sunnydale district which was their old home.

Mrs Charles Stoddart is a patient in the General hospital in Edmonton undergoing an eye operation.

Mr. and Mrs. Hamilton, formerly of Drayton Valley, were visiting with Mrs. Charles Beckett recently.

Mr Clark Richardson who is attending University at Edmonton during vacation, spent the week end with his family in town.

Work on the basement of the addition to the United church is underway. More space is required for Sunday school classes.

Mr. Lew Lawrence spent several days visiting in Edmonton recently.

We regret to hear little Debby Walters is a patient in the Lloydminster hospital, also Mrs. Albert McDonald.

Mr. and Mrs. A. Levitt have returned after an extended visit in Eastern Canada and the U. S.

Miss Jean Richardson and Miss Grace Stoddart have returned from Olds where they were contestants in a provincial club final to see who would be selected to go to Toronto.

*Is your sub. due? Check the date.*

## Still Ours

Canada is still owned by Canadians, assures The Financial Post.

While U.S. funds have been pouring in for the development of Canada since the end of the war, our own native investors have been pouring in still more. In actual dollars the foreign stake is growing but the proportion is falling.

In 1926, for example, almost 40% of Canadian industry was owned by non-residents. Today they own only a little more than 30%.

More diversification, of course would be desirable. We would prefer to see Canadians own a still large share, especially in certain industries. A higher proportion of British investment, now only about a quarter of the American, would be to our general advantage.

But we are still making progress both directions and still more important we are increasing our own stake as well.

## Bid Your Crew to a Barbecue

"HEY, Everybody, grab your picnic gear and let's celebrate July!" Take the crew on a grand 'n glorious barbecue.

No trouble now. Just plot the party so you don't have to lift a finger, once the fun begins. Food is either fixed b.b. (before barbecue) or by all hands at the gathering. Your main job is to stir up a whambang barbecue sauce. Buy ground beef or hot dogs for saucing. Take along buns to toast. Heap a wooden bowl with greens, cukes, carrots, and radishes for salad (tossed type or cut up to nibble out of hand). Fill the jug with iced tea. Pick out a thumping-good watermelon. And make with the chocolate cake mix—or buy sugary doughnuts.

About that barbecue sauce, loose a can of tomato soup from the shelf and you've got it. Plunk in brown sugar, mustard, vinegar, onion and garlic. Now taste that and cheer.

### Yippee Barbecued Burgers

2 pounds ground beef
2 tablespoons shortening (or drippings)
1 small onion, finely chopped
1 clove garlic, minced
1 can (1⅓ cups) condensed tomato soup
2 tablespoons brown sugar
2 tablespoons lemon juice or vinegar
2 teaspoons prepared mustard

Shape beef into 8 or 10 burgers. Brown in skillet until almost cooked through. Remove burgers from skillet. Add shortening to drippings in skillet to make 2 tablespoons, brown onion and garlic. Stir in remaining ingredients for sauce. Return burgers to skillet, cover, allow to simmer about 10 minutes. Serve burgers with sauce, and on toasted buttered buns if desired. 8 to 10 servings.

Barbecued Franks: Follow directions for Barbecued Burgers but use 1 pound franks instead of ground beef. Simmer franks about 20 minutes in the sauce. Serve with sauce, and if desired, place on buns. Makes 9 or 10 franks with sauce.

### SOUP SCOOPS

Get Cool . . . With Chilled Soup: Hot soup to cool yourself? Yes, the trick is to chill soup and serve it icy cold when you want a refreshing meal. Asparagus soup is especially delightful this way. Mix 1 can condensed cream of asparagus soup with 1 can milk. Put this in the refrigerator to chill well before mealtime—about 4 hours will insure thorough chilling. Serve the creamy asparagus combination into cold bowls. Sprinkle top with chopped parsley or watercress. Tasty with egg salad sandwiches or pimiento cheese.

# MANNVILLE & DISTRICT LOCALS

Visiting with Mr. and Mrs. J Lichak for a few days were Mrs. Lichak's parents, Mr. and Mrs. Pascoe of Medicine Hat.

Mr. and Mrs. Stan McGreevey and Mrs Betty Arnold of Edmonton are holidaying with relatives in Mannville and district. Mr. C. Anderson accompanied them down for the week end holiday.

Week end visitors in Mannville were Mr. and Mrs. E. Manz and girls of Edmonton. They were houseguests of Mr. and Mrs. R. Leitch.

Mr. and Mrs. Cliff Hamilton and family of Dewberry were Sunday visitors at the home of Mrs. Rutherford.

Mr. and Mrs. A. Gerhart and family and Miss Doreen Gerhart are holidaying at Regina.

Visitors over the week end at the D. Croft home were Mr. and Mrs. F. B. Black and Mr. and Mrs. Norman Budgeon of Edmonton.

Mr. and Mrs. Ted Hauck and family of Edmonton spent the week end with Mr. and Mrs. E. Hauck.

Mr. and Mrs. Edgar Hogarty who have been visiting here from Kingston have gone to the Coast for a week to visit Mrs. Hogarty's aunt, Mrs. Bullock.

Mrs. Don Johnstone and family of Fort William, Ont., and Mrs Johnnie Hooke and family of Brandon, Man., were recent visitors at the home of their parents, Mr and Mrs. A. Marshall. Also visiting with them were Mr. and Mrs. Tom Mitchell of Toronto.

Mr and Mrs. Cartier and family have returned from a holiday trip through the States. Mr. Don Upton accompanied them and Mrs. Don Upton who was visiting at Seattle returned with them.

Mr and Mrs. John Sublen and family of Provost are visiting the former's sister and family Mr and Mrs. E. Hauck this week.

Mr and Mrs. A. E. Williams, Mrs. Manz and Mr. Jim Bennett were Edmonton visitors on Sunday. They visited Mr. Bob Bennett who recently underwent an operation in an Edmonton hospital.

Visitors at the home of Mr. and Mrs. R. T. Dorward were Mr and Mrs. Frank Dorward and family of Red Deer.

Mr. and Mrs. Ernie Sauer and family of Mirror are visiting in Mannville for a few days.

Week end visitor at the home of Mr. and Mrs. C. Sowden was Mrs. Sowden's mother Mrs. A. Gerhart of Edmonton.

Mrs. Bindon and daughter Marilyn of Edmonton are visiting with the former's aunt Mrs. Hogan.

**HOW TO CONTROL CLEAVERS**

The perennial task of keeping roadsides free of woody growth and weeds has been a problem. Apart from unpleasant appearance there are several important reasons why roadsides should be kept clean: Brush on curves and at road intersections, by blocking vision, forms a serious traffic hazard; woody growth and weeds prevent drainage and delay drying of the road surface; roadside growth collects snow and creates a water driving hazard. Also weeds on the right-of-way are a serious source of infestation for adjacent agricultural land. ●

*Chemical Control.* Chemicals such as 2,4-D and 2,4,5-T are rapidly replacing the older method of cutting weeds and brush by hand or with machinery. Chemical control has several distinct advantages. Chemicals can be applied easily and rapidly. They affect the roots as well as the top growth of the weeds and woody growth so that the undesirable growth is killed—not just cut off. The deep-rooted grasses are not injured and soon take over the roadside, thus helping to prevent reinfestation.

*Choice of Chemical.* 2,4-D has proven effective against most of the common types of weeds and woody growth. Where species resistant to 2,4-D are present a mixture of two parts 2,4-D and one part 2,4,5-T can be used.

*Time of Treatment.* Two methods of treatment are now in common use:

(1) Foliage spraying during the growing season with 2,4-D water solution.

(2) Dormant spraying during late fall or winter using 2,4-D and 2,4,5-T in diesel fuel. Better penetration of heavy growth is obtained after the leaves have fallen and the hazard to personnel and adjacent sensitive crops is reduced. ●

Chemicals can do a job. Consider them carefully in future roadside cleaning programs.

## WEEKLY NEWSMEN TO MEET

Canada's weekly newspapermen Weekly Newspaper Assn. holds its eight will be holding the Royal York annual meeting there on Aug. 2 hotel in Toronto celebrate its 25th to 25. The hotel is shown on the anniversary when the Canadian left above while in the picture at day cake

## NEWS from ISLAY

Just another three weeks and school will be in full swing again, Islay school is to have Miss Horning as teacher in the intermediate room.

Ronnie Inman has obtained his pilot's license while in Edmonton this summer. Congratulations Ronnie

We have new neighbors now in the manse. Mr. and Mrs. Greef, Joyce, Mrs. came from Holland only a year ago. We welcome them to our community.

Mrs. R. Martin and Mrs. Elsie Clark and the boys had supper on Thursday night at Mr. and Mrs. Dave Martin's.

We had the pleasure of inspecting Mr. Charlie Redmond's new school bus. It is a large one, and the seating is very comfortable. There are two long side seats and a single seat for the driver. Looks like room enough for Mrs. Redmond to put her rocking chair in beside the driver.

Joe Buchanan and family were visitors this week at his parent's home. He was to return Wednesday and take Mr. and Mrs. D. Buchanan with them for a couple of weeks. They expect to go to Red Deer to visit Mrs. W. Buchanan's sister. Sunday a family gathering was held at the Dave Buchanan's in honor of the newlyweds.

## New G.M. Assembly Plant Covers Over 43 Acres

OSHAWA, Ont. — Installation of equipment in the body assembly section of General Motors new $3's eyes passenger car assembly plant at So. Oshawa began last month. The chassis and final assembly section has been in production for some months. Full operation of the vast new plant is expected in the early fall GM President William A. Wecker has announced, and the official opening will follow soon after.

The Oshawa assembly plants are the central section of a huge GM Motors expansion programme that has over 100 million dollars invested in new plant and facilities across Canada since 1950.

The cross-Canada programme entered its final stage recently with submission of tenders for a 92 thousand square foot office building. The administrative quarters will be erected at the site of the new assembly plant. Construction will be finished in the spring, completing the far-reaching schedule of planned new investment in the company's history.

"Wide-scale investment at this time in new facilities at Oshawa, at St. Catherines, and across Canada, is in no sense a gamble," Mr. Wecker said. "It is General Motors' recognition of an entirely new market for automobiles in this country."

The vigorous state of the Canadian economy over the past few years, he said, has seen the density of cars in Canada reach one for every 6.5 people.

During the years just past which have marked the greatest advance towards this figure, four out of 10 of the vehicles sold in Canada have been General Motors products. In 1953 and the first quarter of 1954 GM vehicles accounted for 41 per cent of the industry's sales across the country.

Production capacity goals at General Motors for next 10 years and beyond have been set on an expectation that the rising Canadian market for cars will not be satisfied until the density ratio in Canada approximates the level in the United States . . roughly one car to every four people.

To meet the demands of this new market General Motors acquired a 460 acre parcel of land on the south-western outskirts of Oshawa in 1950. Construction of the office building announced to day by Mr Wecker will bring to 58 acres the area of new building under roof at this site.

Adhering to General Motors' long-term policy of constantly stepping up the Canadian-built content of all GM products, a new foundry and manufacturing plant for engine production were built at St. Catharine. This phase of the development programme was carried out by McKinnon Industries, a subsidiary of the corporation which manufactures engines, axles, transmissions and other components for an industry-wide market.

Development of the Oshawa section of the programme was started in 1950 with construction of a 13-acre Central Parts Distribution Warehouse, first step in the broadest expansion of parts distribution facilities ever undertaken by General Motors. The coast-to-coast programme tripled GM facilities for the storage and distribution of parts and accessories, bringing floor space of General Motors parts warehouse to roughly 25 acres. New buildings were erected in Montreal, Vancouver Saskatoon, London, Oshawa, Winnipeg, Edmonton, Calgary, Regina and Moncton

Entering the manufacturing phase of the Oshawa expansion, a 17-acre final assembly plant was erected at the new site. This section has been in operation since the early part of the year, producing Buick and Oldsmobile passenger cars.

An overhead body-conveyor bridge connects the final assembly section with a 25 ½ acre body assembly plant which will be ready for equipment installation shortly.

Occupancy of the new administrative building in the spring of 1955 will complete the current programme at the south Oshawa site. Manufacture of all G M passenger car models will be concentrated in the new plants, with production to be in this fall.

Existing GM production space in Oshawa will be re-arranged, with the bulk of the facilities turned over to truck manufacture.

At capacity, the combined Oshawa manufacturing plants will be capable of building 1350 vehicles in a day, with more of the component parts wholly manufactured in Canada than ever before.

A parallel increase in the Canadian frontiers of GM products will be achieved at the Grantham Township foundry and manufacturing plants of McKinnon Industries in St. Catharines.

The foundry, described as a "push button" operation, is among the most modern on the continent. To reduce handling of castings, a manufacturing plant was built alongside the foundry. Taken together, the two units cover a roofed area of 43 acres.

Already in partial operation turning out Oldsmobile "8" engines, the full scale capacity of the plants will be concentrated on GM passenger car engines. Production will supplement present GM engine capacity in Canada, replacing a large proportion of the engines and components imported until now from the United States.

At the time of the official assembly plant opening in the fall, the production potential of General Motors car manufacturing units will be more than 25 per cent above the 1953 level.

Investments and expansion by General Motors paints the automobile industry always a significant gauge of Canadian economic activity, towards continued peaks of production.

Canadians as a whole spend close to $20,000,000 on dental bills, in the course of a year.

**DERWENT THEATRE**

Showing at the Derwent theatre Saturday and Monday Aug. 14 and 16 at 9 p.m. "The Return of Frank James" with Gene Tierney and Henry Fonda. This sequel to Jesse James has proved to be just as powerful as the original. Next week end Aug. 21 and 23 "Huiness Bay". 7x

### Notice to Crediters and Claimants

IN THE ESTATE OF *ANDREW MORRIS*, late of the District of Islay in the Province of Alberta, Deceased.

Notice is hereby given that all persons having claims upon the estate of the above named *ANDREW MORRIS*, who died on the 5th day of June, A.D., 1954, are required to file with the undersigned Public Trustee by the 10th day of September A.D. 1954, a full statement duly verified of their claims and of any securities held by them, and that after that date the Public Trustee will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed or which have been brought to his knowledge.

DATED this 30th day of July, A.D., 1954.

Public Trustee, Administrator of the Estate of *ANDREW MORRIS*, deceased.

## WILDMERE WINKS

We hope that the editor and staff of the Standard enjoyed a nice holiday during the few days they had. The writer and family enjoyed one week's holiday also. The time was spent visiting the children's grandmother at Senoska, a trip to Calgary and Banff, and a visit to Mrs. Otto Baker west of Olds. Visiet was very pleased to see us and to hear news of her old home district of Bonnyville. Mr. Wallington's sister and family were visited at Darwell and the writer's cousin and family at Mr. and Mrs. Chas. Seeley and family at Cherhill. Peggy Graham came along as far as Senoska and then returned to her nursing duties in Edmonton by bus. It really does a person a lot of good to travel a bit and to see other parts of this great country. Mr. Charlie Deford did the chores while the Walling-tons were away.

Laurence Graham is at present helping at the Wallington farm.

Mr. and Mrs. W. J. Garnett of Basswood and Mr. and Mrs. R. Gilholme of Edmonton are holidaying at the coast travelling by car. The writer had a card from them and they were then visiting at the Gulf-foyle home at Langley Prairie, B.C.

Remember folks, church will be at 3 o'clock next Sunday afternoon. A nice crowd attended last Sunday evening and Mr. Plant gave a very interesting sermon on "What we do with our lives." It surely gave one time for thought of what we really do do with our lives. The children's choir is doing very well. Next week is to be vacation week at Basswood.

This weather is hard on the contractor working on our school as it hinders him with so much rain. The holidays are fast slipping by.

Visitors to the Cruthers' home on Sunday were Mr. and Mrs. Guy Whitlock, Margaret and Hazel, Mr. and Mrs. John Wilson; At Bob Martin's Mr. and Mrs. Frank Gilsmer and family. Mr. and Mrs. George Seuffert and Mrs. Riley of Vermilion, and Bill and Adam Smith.

Mr. and Mrs. Ralph Batke of Bonnyville visited overnight with his brother Mr. and Mrs John Batke of Basswood. They were on their way to visit his wife's people at Empress, Alta.

Miss Ella Lindsay of Toronto, visited with her cousins Mrs. A. Holte and John Wilson of Wildmere and then returned to her nursing duties in Edmonton by bus. It really does a person a lot of good to travel a bit and to see other parts of this great country. Mr. Charlie Deford did the chores while the Wallingtons were away.

Margaret Fadden who works at the hospital is home of holidays with her parents at Wildmere for three weeks.

The writer and family had a nice surprise last Thursday evening when Mrs. Amneter and daughter Dorothy of Red Deer called for a short visit. We were nice seeing them again. They used to live here a few years ago when Mrs. Amneter was Mrs. Walter. They had been hailed on one farm at Red Deer she reported

Last year Canadians spent a record $1,086,000,000 on new housing. —Quick Canadian Facts.

About $1 in 4 of federal tax revenues — a total of about $1,200,000,000 — is being spent annually on social security, health and welfare; provincial governments spend more than $400,000,000 a year on similar services. —Quick Canadian Facts.

## Of Many Things . . .

By AMBROSE HILLS

**SELF-IMPROVEMENT**

In my first job I was lucky enough to have a boss who gave me a piece of wonderful advice. I had been working desperately hard, hoping to forge ahead. I ate, slept and breathed my job. I thought of little else. The boss noticed this and one day he came into his office one morning for a little chat.

"I've noticed the way you've been treating your work," he said. "I like self starters."

I was feeling pretty puffed up, when the boss went on to say — "Nevertheless, I would like to give you a little tip. Don't get yourself so wrapped up in this job that you forget about yourself as a person. Treat yourself and your family as a corporation too, and give some attention to it. There's every man on the payroll should give himself at least one hour a week to look over his own insurance plans, make up a budget for himself, do a little thinking about improving his very little else. The boss noticed this and one day he came into his office one morning for a little chat.

"I've noticed the way you've been treating your work," he said. "I like self starters."

I was feeling pretty puffed up, when the boss went on to say — "Nevertheless, I would like to give you a little tip. Don't get yourself so wrapped up in this job that you forget about yourself as a person. Treat yourself and your family as a corporation too, and give some attention to it. There's every man on the payroll should give himself at least one hour a week to look over his own insurance plans, make up a budget for himself, do a little thinking about improving his own career. In the long run this company is better off if its employees do a good work for themselves and their families as they do for the company. We do not like to see an energetic young man putting in all his time, twenty-four hours a day, on our affairs only. Give yourself a little time too."

I followed my boss's advice and I am extremely glad of it today. I think I did a better job for him having kept my own personal affairs well attended to.

I notice on every hand that big companies today are all trying to help their employees become complete, well-rounded persons. In the Rev. Dr. Norman Vincent Peale's book "The Power of Positive Thinking", he tells of case after case where the employer helped young men to straighten out their own personal affairs, and personality problems, not only for altruistic reasons but because it was good for the company itself as well. I believe it is a wonderful thing that business men on this North American continent in spite of all the big wash that has been spouted about them, have gone to such pains to develop good human relationships between themselves and their employees. I personally know a dozen or more dozens of cases where a boss's best friend was his boss. It makes me hopping mad when I hear certain radio commentators or half-baked politicians trying to destroy the faith of the public in the Canadian businessman. If these same cracksmoked people did a little less negative thinking of their own and spent it on helping people this country would have been worth approximately 99⅞ cents in terms of better purpose.

Young Canadians today are very lucky. Almost any Canadian business will employ those who will give a good day's work for a good day's pay. And if they will give the good service, a few hours each week in self-improvement will do a little more about their chances of making success

## The World of Wheat

By W. G. MALAHER,
*Director, Research Department, Searle Grain Co. Ltd*

THE FARM DOLLAR

The latest official index covering commodities and services used by the (parity number for the farmers' costs of living and production) stands at 225.9 (1935-39 equals 100) In other words it now costs prairie farmers $2.26 to buy what $1 would buy in 1935-39. This means therefore, that the $1.40 initial wheat payment is worth only 62 cents in 1935-39 value of money, basis No. 1 Northern at Fort William-Port Arthur, the equivalent of 62 cents in 1935-39 value of money, basis No. 1 Northern at Fort William-Port Arthur.

The matter of 'real' prices is one that is often overlooked but it is of vital importance to Western Canadian farmers who, like everybody else, do not live on money prices alone, but rather on what that money will buy for them in the way of goods and services.

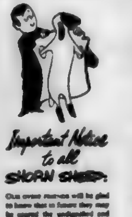
*NOTICE*

The management of New Way cleaners respectfully requests that everyone having cleaning in the plant for three or more weeks please pick up same as accumulation of clothing is presenting quite a storage problem. 6-7z

Canadians as a whole spend close to [illegible] on dental bills in the course of a year.

In 1950 there were 20,000 living Canadians more than 90 years of age.



Important Notice to all SHORN SHEEP:

## Family Reunion Held At Mannville

MANNVILLE.—On Sunday, Aug. 1st the visit of the Vancouverites Chas. Alison and wife Olga (nee Burch) and their children Karen and Frank was the occasion of a large family reunion at the home of Mr and Mrs. Ronald Scott, north of Mannville. Three generations of Boes, Burches and Scotts totalling more than 30 persons, enjoyed the well known hospitality of the Ronald Scotts. The presence of Mr. and Mrs. J. B. Burch from Edmonton added to the special character of the gathering. Other guests included Mr and Mrs. Harry Thomas, Mr and Mrs. Wm. Cornish M.L.A., Mrs. A. Calder of Hamilton, Ont., Mrs. W. E. Bailey of Nelson, B.C., and Miss Eva Younge of Montreal.

Bruce Scott was the Gene Autry hero to more than a dozen children who took turns riding Rodney Scott's pony around the farm yard. In a province where as one old timer puts it, "horses will soon be as scarce as elephants", such barnyard frolics are becoming the highlights of children's holidays.

## News Notes From Your District Home Economist

SAFEGUARDING SUMMER MEALS

It's summertime — time for outings, picnics and backyard suppers. It's time for special summer meals prepared ahead of time and served out of doors. It's time for the entire family to enjoying eating to the full!

But there are dangers ahead — whether you're aware of them or not. Food poisoning, in any of its various forms, can spoil your summer fun, and even end in tragedy, unless you are constantly on guard against it.

DO'S & DONT'S

DO — plan picnic meals to contain a variety of foods. If food poisoning should develop, symptoms will be less severe if other foods are eaten with an infected food.

DO — Pack sandwiches and other foods in small packages so the cold can penetrate each package when refrigerated. All picnic foods should be refrigerated immediately after preparation and kept as cool as possible until eaten.

DO — Add plenty of pickles, salad dressing, vinegar, lemon juice or other acid food to your sandwich filling mixtures during hot weather. The danger of food poisoning bacteria developing will be less since they don't grow well in acid media.

DON'T — Buy unwrapped bread or other unpackaged fresh foods in an unfamiliar store. Play safe and buy sanitary wrapped bread, packaged cookies, canned meats and other foods in cans and packages when away from home.

DON'T — Taste food suspected of being spoiled. Many food poisoning bacteria and toxins are tasteless and odorless. It is best to discard or burn the suspected food.

DON'T — Use food highly susceptible to food poisoning bacteria, if you must prepare your picnic ahead of time where refrigeration is not available. Cheese and peanut butter with or without pickles, jam or marmalade are the safest sandwich fillers.

DON'T — Be afraid to freeze most kinds of sandwiches for the picnic or motor trip. Out of the freezer and into the picnic basket they'll keep cool and fresh on the warmest day.

FROZEN RASPBERRY JAM

Write for the recipe sheet 'Frozen Jam'.

3 cups finely mashed berries.
6 cups sugar.
1 pkg. pectin crystals.
1 cup water.

Combine berries and sugar. Let stand about 20 minutes, stirring constantly. Stir the pectin into the water, bring to a boil and boil rapidly for 1 minute, stirring constantly. Remove from range. Add berries and stir about 2 minutes. Pour into sterilized jelly glasses. Cover with paraffin and leave at room temperature about 12 hours or until jelled. Store in freezer (or will keep well in refrigerator for several weeks. Yield: approx. 9 glasses.

TIME FOR FREEZING

Now that the garden produce is coming along, it is a good idea to check up on the use of the home freezer. Since it represents a big investment why not use it to the best advantage?

One of the first points to consider according to Miss Joyce Lewis, Nutrition Specialist, Alberta Dept. of Agriculture, is the proper [illegible] of maturity. It is better she says, to freeze the vegetables in small quantities at the proper stage of maturity than to do it all at once. In this way it is possible to obtain frozen products of a higher quality.

If the freezer is small it will be best to freeze only those vegetables and fruits which freeze well and those that the family like preserved that way. Others can be canned or preserved by some other method.

A list of all foods frozen makes it easy to keep a record of the foods as they are used and to check on the quantities of each product at any time. If fruits and vegetables are kept separate from meats and baked foods in the freezer each will be easier to locate.

If you have any questions on varieties to freeze or the freezing process, your District Home Economist will be glad to help you. She has two bulletins which you may find useful as references at home. One, the "Alberta Horticultural Guide" will help you choose the varieties which freeze well, and the second, "Preserve by Freezing" gives careful directions for the preparation, packing and freezing. These may also be obtained from the Extension Service, Alberta Dept. of Agriculture, Edmonton.

DO'S AND DONT'S IN MAKING JELLY

Use Scalded Jelly Glasses: Just before starting to make jelly, pour boiling water, to cover, over jelly glasses and covers, which have been thoroughly washed and drained. Let stand until ready to fill. Then drain well and fill.

To Squeeze Out Juice: Use a one yard square of cotton flannel, spread over a colander. Place prepared fruit in cloth, bring corners together and twist while pressing down on bag.

Filling Jelly Glasses: Ladle the jelly into drained, freshly scalded jelly glasses only to within one-half inch of top, so there will be space between paraffin and covers. Otherwise any seeping of syrup from jelly may run over top and down sides of glasses and start spoilage.

The Paraffin: Use new paraffin. Old paraffin often causes spoilage. Melt in a small pot over hot water until hot. Paraffin jellies at once after pouring into glasses, with a one-eighth inch layer.

Storing Jellies: When cool, cover glasses with scalded tin covers, or tightly pasted paper cover. Store in cool, dry place.

The Syrup that Collects on Top of Paraffined Jams or Jellies: It is normal for syrup to collect on top of paraffined jellies or jams. There is no danger of spoilage from this weeping syrup, if glasses have been filled and jam and jellies paraffined, covered and stored as above. It is only when this syrup runs over and down sides of glasses that yeast and mold may get to jelly or jam and cause spoilage.

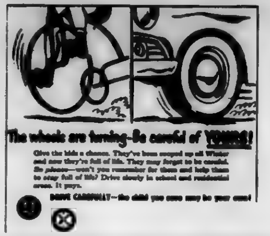
HOUSEHOLD HINTS

On Berries—Pie Fillings: Sprinkle your pie berries with flour after you have washed and dried them thoroughly. This helps to prevent the filling from [illegible] over and decreases the chance of the bottom crust becoming soggy.

Berry Stain — Quick action is necessary to remove berry stains from material. The remedy is to pour boiling water from a height of several inches through the fabric at the spot where the stain is located. As a note in passing, remember that all fabrics cannot be treated alike when removing stains that have remained in them for a period of time. At all times great care must be exercised in order not to harm them.

Write for the following booklets: Vegetables Make the Home Plate, and The Salad Bowl.

*Check that date label on your Standard today!*



The wheels are turning—Be careful of YOURS!

Give the kids a chance. They've been cooped up all Winter and now they're full of life. They may forget to be careful. Be pleasant—won't you remember for them and help them to stay full of life? Drive slowly in school and residential areas. It pays.

DRIVE CAREFULLY—the child you save may be your own!

JUST CAN'T BE DONE!

It's up to YOU to repair and remodel your farm buildings.

GETTING THE INSIDE STORY

Electronically

AT THE MASSEY-HARRIS TEST TRACK

As Massey-Harris machines go "over the bumps" on the test track, the inside story of strains and stresses set up in frame members and working parts is recorded by special electronic apparatus.

Modern "stress analysis" with scientific apparatus gives Massey-Harris engineers information helpful in the development of machines that will give long wear with low upkeep cost.

In design and construction Massey-Harris machines offer the latest developments in modern engineering and research, bringing advantages that enable work to be done easier, quicker and at less cost.

# THE VERMILION STANDARD

Vol. XLVI. No. 8. Vermilion, Alberta, Thursday, August 19th, 1954. 12 PAGES $2.00 a Year

## Crop Testing Plan Field Day Well Attended by District Farmers

A large crowd of district farmers attended the annual field day put on by the Crop Testing Plan of the Searle Grain Co.

The principal speaker was A. M. Wilson, Field Crops Commissioner, Edmonton. Mr. Wilson complimented the Searle Grain Co. and the School of Agriculture for the great variety and splendid condition of grain crops.

The speaker said that Thatcher wheat was the recommended variety for this area. All the other ten wheat varieties on test have to take second place to Thatcher. The new Selkirk variety would have to be grown in those districts where stem rust was common.

Eagle and Victory oats were advised for general use in [illegible] district. Larain is considered to be the best early variety. Vantage and Newal showed up as best varieties in the plots. Olli was ready to cut while other varieties were quite green. Olli and Montcalm are the only malting varieties now recom[illegible].

Mr. Wilson said that all varieties fo smooth awn barley raised in Alberta were susceptible to loose smut but in spite of the smut these varieties were giving good yields.

Mr. Michalski of Winnipeg, the fieldman for Searle Grain Co., discussed the purpose of the Crop Testing Plan. Samples are taken from farmers' trucks when unloading at elevators. These samples are grown in the plots to determine the purity to variety and the farmers concerned are informed of any mixtures of varieties in their grain.

Mr. Michalski pointed out that many rows were perfectly pure to variety while other rows were bad mixtures. Farmers having impure grain were advised to change their seed. A few bushels of Registered seed can be multiplied in one year to provide enough seed for the entire farm.

Mr. Buckingham, District Agriculturist, discussed rust situation in this area. The wheat crop had been affected [illegible] leaf rust [illegible] several weeks. In many fields there were no leaves left on the wheat plants. This is bound to affect the yield to some degree but it is not expected to reduce the yield very much.

The stem rust which is prevalent in Manitoba and parts of Saskatchewan has just shown up in Alberta. As it takes about three weeks for this rust to develop enough to cause damage it is not expected that the loss in yield will [illegible].

As pointed out by Mr. Buckingham, leaf rust of wheat, oats and barley is with us every year. Stem rust however, must be spread from southern areas and the outbreaks here are so late that little damage occurs.

The speaker also reported that the black chaff disease on wheat heads is also showing up. It causes some loss where ever it develops. Black chaff is just another fungus disease and has no relation to rust.

Mr. N. N. Bentley, Principal of the Vermilion school of agriculture, extended a welcome on behalf of the Department of Agriculture. Mr. Bentley also conducted a tour of the forage crop plots.

Mr. Bentley pointed out that the Brome and Alfalfa mixture was giving the best quantity for both hay and pasture. A little Creeping Red Fescue added to the pasture mixture improved the feeding capacity for live stock.

Mr. Roy Jory, agent for Searle Grain Co. had charge of arranging the Field Day. He thanked the farmers for coming out and all the speakers who took part in the program.

## Returns from Athletic Leadership Course

Stewart Cooper returned to Vermilion on Tuesday after attending the Ontario Athletic Leadership camp at Lake Couchiching at Longford Mills, Ontario, near Orillia, some 90 miles north of Toronto. The two weeks' course is sponsored by the Ontario Dept. of Education and the Canadian Education Association. It is designed to provide leadership training in community and school activities through the medium of administration, officiating, teaching and coaching of athletics. The camp was attended by 100 boys from Ontario, and one boy from each of the other Canadian provinces.

The Alberta student chosen was required to have demonstrated considerable general atheltic ability and to have made an average in the Easter exams of 75% or over. Each school in the province was invited to nominate a candidate. Stewart was nominated by his principal, Mr Jas. B. Bell. The selection of the Alberta representative was made by the deputy minister of education, Dr Swift.

McCormick's Biscuit Co. of Canada pays all the travelling expenses of the provincial representatives and looks after them right royally on stopovers. They provided Stewart with transportation on the T.C.A. At the conclusion of the course the boys from outside Ontario were guests of the company Sunday evening Aug. 15 and Monday Aug. 16 in Toronto, were shown the city, taken to a professional baseball game at Maple Leaf Stadium, and were interviewed at a radio broadcasting studio. Stewart had sincere praise for officials of McCormick's Limited whom he met, Mr. Middleton, the general manager, Mr. J. McCrindle manager for eastern Canada, and Mr. C. J. Buffery in Edmonton, sales manager for Alberta. Their genial friendliness made the boys feel right at home and they spared no effort or expense to make the trip a memorable one for their young [illegible].

The Ontario Department of Education provided living accommodation, food and instruction at the two weeks camp. The camp provided perfect conditions with every facility for swimming, track, tennis, table tennis, badminton and volley ball.

Compulsory subjects taken by the [illegible] swimming, track and [illegible]. Each student was allowed two electives and Stewart chose basketball officiating and tumbling. Courses were designed to show the boys how to teach and coach the various athletics to others rather than becoming more proficient themselves.

ACHIEVMENTS

As a result of his swimming instruction Stewart attained his bronze medallion in life saving.

At a track meet the 108 boys present were divided into three groups for competition, each group held their own eliminations and no competitor was allowed in more than two events plus the four man relay. Stewart ran and won the 880 yards (half mile), came third in the running broad jump, and was a member of the winning relay team. His group won the honors [illegible].

The two weeks course and trip is very much worthwhile and Stewart thinks that a Vermilion student should strive for it each year.

## Four Young People Hurt in Car Crash

Four Vermilion young people were hospitalized about 1:30 a.m. last Saturday morning when the car in which they were riding ran off the new highway two miles east of [illegible] and crashed in the ditch. The group was returning home from a dance which they attended in Mannville.

Still unconscious from the accident is Wes Dobbyn who was brought to the Vermilion hospital. Although no visible injuries have been found his lengthy period of unconsciousness causes alarm and his mother was brought from the family home in Manitoba and is now staying in Vermilion. Wes was riding in the front seat with the driver when the crash happened.

The driver of the car, Tom Acheson, was taken to the Mannville hospital and suffered a broken collar bone and cut thigh. Tom was still in hospital Wednesday.

Of the two young ladies, who were in the back seat, Theresa Schmidt suffered cuts on the head, abrasions and bruises, while Jean Hawryliuk has a badly cut right leg and bruises. Both were brought to the Vermilion hospital by passing motorists. The girls were released from hospital early in the week.

The two boys had attended the dance at Mannville. The girls were at the dance also and were looking for a way home, catching a ride with the boys.

The accident occurred on the new blacktop as it curves north-east about two miles east of Mannville. New blacktop seems to absorb the light, reducing visibility greatly. Apparently in rounding the gentle curve the driver approached too closely to the edge of the road and one front wheel went off the hard surface and in attempting to pull it back onto the road the wheel dug into the softer shoulder causing the car to careen into the ditch and smash up. The machine is a total wreck.

## Special Services At Salvation Army

Special services will be held in the Salvation Army citadel, Sunday, Aug. 22, conducted by Capt E. Peacock and Pro. Lieut. F. Day who are touring with the Gospel van.

Everyone is cordially invited to attend these special week end services. Be sure to come and bring a friend.

## Home Freezer Bingo At Mannville Aug. 25

MANNVILLE. — Over $1000 in prizes will be won on Wednesday Aug 25 at the Home Freezer bingo to be held in the Mannville Curling rink. As well as the 12 cubic foot home freezer there will be a number of electrical appliances such as coffee pot, sandwich toaster, etc., a fishing rod and reel, Coleman gas stove, luggage and many other useful and beautiful prizes.

These prizes may be seen in the window at Linda's Coffee Bar.

There will be 20 games for $2 and starting time is 8 o'clock sharp. Proceeds to go towards remodelling [illegible].

## Cuts First Barley

The first evidence of harvesting the 1954 crop in the Vermilion district comes from the farm of Mike Wynnychuk who cut 16 acres of barley on Aug. 13. Mike farms north-west of town in the Indian Lake district. The barley was a good stand and the estimated yield of the field is 30 bushels to the acre.

## Holding Meetings

*Hon Anders O Aalborg*

Alberta Minister of Education and M.L.A. for Alexandra is holding meetings throughout his constituency to discuss government policy. Meetings have been arranged at Marwayne, Wildwood, Kitscoty, Clandonald, Islay, Dewberry, Primula and Blackfoot. The dates and times are advertised elsewhere in this issue.

## Scholarships At The Schools of Agric. Still Available

Applications for scholarships offered by United Grain Growers Ltd., for the fall term in agriculture at Vermilion, Olds and Fairview schools of agriculture will still be considered if submitted by Sept 15th according to information received from the Department of Agriculture at Edmonton.

The basic requirement for an applicant who should be at least 18 years of age, is need for assistance. However, either the boy or the girl applying should have taken a leading part in community activities, as in junior club work, etc. The scholarship is intended to help those who could not otherwise attend the school of agriculture or the school of home economics, and who have proven themselves worthy of [illegible].

Full information and application forms can be obtained through the offices of District Agriculturists, Home Economists, Principals of the Schools or through fieldmen of the United Grain Growers Ltd.

## Flower Show Set For August 26th

All arrangements have been made to hold the annual flower show on Aug. 26. It will be held in the Elks hall and will be open to the public at 4 p.m.

President Evans of the Horticultural Society urges citizens to make a special effort this year to bring in exhibits. Last year there were about 650 exhibits but the backward season this year will likely slow up entries.

As Mr Evans says, "It takes lots of exhibits to make a show. There are 130 members in our Horticultural Society. If everyone would show something we could have a real good show again this year."

Prize lists and entry forms can be obtained at the office of the District Agriculturist.

Serves Forty-five More Farms

## Campbell Lake Rural Electrification Assoc. Completes No. 1 Extension

Campbell Lake Rural Electrical Association Limited has during the past week, completed its Extension No. 1. This brings electrical power to six more farmers in the Campbell Lake and Allandale districts and to 30 in the area, extending from Clandonald to a point south west of Derwent. Much of this area was badly hailed last year and credit is due those who have undertaken electrification at this time. Estimated cost was nearly $60,000 and the line will be about 45 miles long, bringing the Association's total mileage to aproximately 65.

To mark the occasion of its No 1 extension, a social evening was held in the Columbus hall, Clandonald. Mr Jas Nicholls and Mr Kearns, officials of Canadian Utilities from Vegreville were present and provided films for a show. Very good pictures were shown depicting the history of electricity and the modern uses to which electricity is now adapted. There was also a [illegible].

Mr George Convey, president of the Campbell Lake R.E.A. officially welcomed the new shareholders after which he turned the chair over to the vice president Mr Raymond Mayhew.

Mr Nicholls of Canadian Utilities then explained the plan under which all rural electrification associations are organized, dealing with co-operation between province, the power company, and the farmers. Mr Germaine of Canadian Utilities at Derwent told of the operation of the line just built, and what to do in case of power failure or other difficulty. Mr. George Mead, the secretary-treasurer described meter reading and financial obligations.

The entertainment committee had arranged for door prizes. These were won by Mrs. J. Parchewski, Mrs. F. Monaghan, Mr P. Chanasyk, Mr R. Germaine, Bobby Mead and Mr. Roy Mayhew. Prizes were donated by the Beaver Lumber, Chartrun Hardware, Maik Bros. and A. Roberge & Sons.

The area served by this rural electrical association is 30 miles long, consequently many of the shareholders are not acquainted. The social evening and excellent lunch provided an opportunity for the people to meet and know those from other districts.

Due to heavy rains power was not turned on as scheduled but by the time this story appears in print the majority if not all of the farmers on the extension will be enjoying the convenience of power.

The following are the original 20 members of the Campbell Lake Rural Electrical Association: Mrs James Smith, Geo. Convey, F. Monaghan, T. S. Cusack, J. Parchewski, R. C. Mead, M. Farrell, McPhee Bros., John Nelson, W. Armstrong, W. E. Cross, R. Strome, Gus Throndson, A. Procyshyn, Geo B. Mead, Simonet Bros., O. Omness, Herb McPhee, W. Wilson, J. B. Cross.

The following are the members of the recently completed extension No. 1: Mrs Mary McGuckin, Jo Yarmuch, Joe Mergl, Mayhew Bros., Paul Chanasyk, Wm. Kiziak, John Tkalak, Harry Jaremco, Peter Jaremco, Harold Schoonmaker, Herman Feenstra, John Zurba, Mike Pashulka, A. C. P. Free, Mrs M. Michaels, John Dutchak, Allan McDonald, John Trachuk, Peter G. Kiziak, Denis McCormack, Roel Feenstra, Andy Jacula, Wilmer Kiziak, Wilbur S. Feenstra, Mike Wynnyk, Wm. Jaremco, John Pashulka, Walter Wysocki, Mrs. B. Doyle, John N. Metrunec, Wm. Stelmaschuk, Wm. Trachuk, Peter Kiziak Jr., T. Gourlay, Fred C. Dougan, John Butler, A. Roerce, Steve Trachuk, Mike Trachuk, John Fedechko, S. H. McKinnon, John Starko, O. Armstrong, A. Zuk.

## Community Farewells Islay Teache.

ISLAY. — Mr. Jack Bauman who is leaving Islay to act as principal at the two-room school being built at Preston and Mrs. Bauman were guests of honor at a surprise farewell party on Saturday, Aug. 7. The hosts on this occasion were the people of the community.

Mr. and Mrs. Bauman have lived in Islay for two years and are highly regarded members of the village. Following a program of games and lunch Mr. Bill McLean on behalf of the community presented them with a hostess chair. Mrs. Bauman came in for an extra gift, a cup and saucer from the W.I. presented by Mrs. Clark.

## PROVINCIAL LADIES' FASTBALL FINALS HERE ON SUNDAY

Provincial Senior 'B' ladies' fastball finals will be played here on Sunday when the Vegreville girls meet the Vermilion Cardinals. A doubleheader is scheduled with games at 2 and 4 p.m.

The Cardinals are one game up in the series and if they win the early fixture on Sunday the second game will be an exhibition affair. If the visitors even things up with a 2 p.m. victory then all will hinge on the second game.

Good encounters are anticipated and big crowds should be on hand.

## Cardinals Win Two At Vegreville

Vermilion Cardinals won two games at Vegreville on Sunday in the Provincial 'B' ladies' fastball playoffs by scores of 10 to 0 and 6 to 0. The first game was the one that really counted with the second being an exhibition tilt. One more victory gives the Cardinals the title. The series will be continued here on Sunday with games at 2 and 4 p.m.

Box scores of the games at Veg were:

| | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| Vermilion | 2 | 0 | 2 | 5 | 0 | 1 | 0 | 0 | 0 | 10 |
| Vegreville | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 |

SECOND GAME

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| Vermilion | 3 | 0 | 1 | 0 | 0 | 2 | 0 | 6 |
| Vegreville | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 |

## Doubling Up On Swimming Lessons

All persons taking the swimming lessons are asked to note the following: From now on two lessons per week will be given as follows: the Monday class on Mondays and Fridays, the Thursday class on Thursdays and Tuesdays. These changes effective for the balance of the season.

## Vermilion Building Permits For 1953 Total $308,425.00

According to the annual report issued by the Provincial Marketing Board, Department of Industries & Labor, the value of building permits issued in Vermilion during the year 1953 totalled $308,425. 52 permits in all were issued. In addition to this 1200 feet of asphalt sidewalks were constructed and 5 miles of street given asphalt treatment at a cost of $10,000.

Value of building permits were divided as follows: 11 commercial buildings $102,650; 40 dwellings, $185,775; 1 public building $20,000.

The cost of the new water and sewer extensions constructed last year was not given, although it is in many cases.

## Starry Fastball Player Breaks Leg

Doris Schmidt, starry young fastball player of the Vermilion Cardinals suffered a badly broken leg early in the first game played at Vegreville on Sunday last. Doris suffered the injury when sliding into home plate. She was taken to the Vegreville hospital where it was found the leg was broken in two places.

The ambulance from Vermilion brought Doris home Monday evening.

## Vermilion Wins First Semi-Final Game

Vermilion Tigers won the opening game of the semi-final round of the Eastern Alberta Baseball league here on Sunday by setting back Two Hills 14 runs to 6. The locals amassed their runs in the first 4 innings and then went scoreless. Two Hills made three in the first, one in the 6th and two in the 7th.

Phil Huber wielded the big bat, knocking a two-bagger with three men on, and then hammered out a second 2-bagger in the 7th. Joey Winters pulled off a spectacular shoestring catch in left field for fielding honors.

SCORE BY INNINGS

| | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| Two Hills | 3 | 0 | 0 | 0 | 0 | 1 | 2 | 0 | 0 | 6 |
| Vermilion | 4 | 3 | 5 | 2 | 0 | 0 | 0 | 0 | 0 | 14 |

BATTERIES — Pundik, Plasko to Dehid; Ray Jones to Brent Macnab. Umpire — Irvin Gordon.

## Tigers Lose!

*FLASH* — Playing at Two Hills on Wednesday evening, Vermilion lost the second game of the semi-finals 6 runs to 1. This series is now tied up at one game each. The winner meets the survivor of the St. Paul-Elk Point semi-final.

## V.H.S. Graduate New School Supt.

Arthur Elliott B.A., has been appointed school superintendent at large, by the Provincial Department of Education. He is presently principal of the high and public schools at Tofield. Art is the son of Mr. and Mrs. A.W. Elliott of Vermilion and is a graduate of the Vermilion high school. He commences his new duties Sept. 1.

## Regular And Adjourned Sessions Of Vermilion Town Council

A regular meeting of the town council was held July 26 with Mayor S. C. Heckbert and Crs. M. Hill, D. R. Mitchell, G. W. Sutherland, K. G. Urquhart, G. C. Webb present. Absent Cr. H. J. Payne.

Correspondence: Vermilion Boy Scout and Girl Guides Assoc. re Apple Day; Obert Gunderson re application to erect sign; B. Tidsbury re application to erect sign; W. C. Martin re Skating rink heating; Town Planning re A. Moses subdivision; McColl Frontenac re service station site; Dept. of Municipal Affairs re grade separations.

The following motions carried:

That O. Gunderson and B. Tidsbury be granted permission to erect signs provided they meet the approval of the building inspector.

That the Boy Scouts Assoc. be granted permission to hold an Apple Day on Oct. 2.

That W. C. Martin be authorized to install boiler for steam heat in arena at a cost of not more than $1885 provided that definite assurance be given by Mr. Martin that the system will provide adequate heating for the building.

That the plan for the V.L.A. subdivision re Part of W½ Sec 31-50-6 as submitted this date be approved.

By-law 654 was given first reading re Curling rink.

Sale of Lot 3, Blk. 29, Plan 5619 HW for $200 to G.W. Cooper be approved subject to the Sales Agreement.

That L. A. Dowling be granted a permit to build a residence on Lot 8, Blk. 33, Plan 6[illegible] for [illegible]. D. Cooper addition to residence on Lot F, Blk. 20, Plan 5[illegible] for $700.

That J. Mueller be given permission to move garage on to Lot 3, Blk. 11, Plan 6[illegible] provided the location on the lot is satisfactory to the building inspector.

That scheme No. 2 of the proposed A. A. Moses subdivision be accepted and survey be proceeded with as soon as [illegible].

An adjourned meeting of the town council was held Aug. 3 with Mayor S. C. Heckbert and Crs. M. Hill, D. R. Mitchell, H. J. Payne, G. W. Sutherland, K. G. Urquhart, Geo. C. Webb present.

A delegation consisting of Mr. Barr and Mr. Duncan representing the Vermilion [illegible] Society made request for continuation of the policy of making an annual grant to the Society.

Mr Sinclair and Mr McDonald of R. M. Hardy Associates, attended the meeting to assist in opening and considering the tenders submitted on the street paving project.

The following motions carried:

That a grant of $300 be given the Vermilion Agricultural Society for the year 1954.

That T. J. Pounder and Co. Ltd. be awarded the contract for paving and other work as per tender of July 29, for unit prices quoted in said tender. The tenderer to be notified of the award by registered mail forthwith.

Chairman of fire committee or a member of Council in his absence be empowered to give authorization for fire fighting equipment to answer emergency calls for assistance from outside town limits.

## Double Dahlias Two Years In Row

Mrs Clyde Engelking was much surprised last summer when she found some dahlia with double blossoms growing in her flower garden on the farm north-east of Vermilion. This summer the same thing occurred, the blossoms being well filled in on both sides. No effort to cultivate the oddity was made. The effect of the [illegible] blossom is quite beautiful and striking.

COOPER BROS. — PUBLISHERS

VERMILION, ALBERTA, THURSDAY, AUGUST 19th, 1954

DISCOURAGING HARVEST OUTLOOK—

1954 might well go down in the records as the summerless year so often anticipated unless the weather takes a right about face and is warm and sunshiny for the next two months to make amends for that which has been served up during the usual summer season. Following a very late and cool spring the temperatures climbed for a very brief period. welcome rains came along but instead of ushering in fine bright, crop-ripening and harvest weather at the beginning of August it remained rainy and decidedly cool. Prospects for a good harvest are slim indeed. wheat is two weeks late and from now on there is the menace of frost hanging heavy over our heads. The stand of grain in the country is a splendid one if it was just a month earlier. The best hay crop cut for many seasons is reported to be a time of year. Harvest prospects do complete loss, spoiled by the excessive and unusual moisture at this appear gloomy at the present time.

The unravelling of the annual harvest possibilities never fails to make the most interesting picture of the year.

## Traffic Accidents Decrease in July

Motor vehicle accidents in Alberta during July were less than during the comparable period a year ago according to a summary compiled by the Alberta Safety Council. The number for the month was 1294, a decrease of 211.

It is significant that the province-wide Courtesy campaign sponsored by the A.S.C. opened June 20 in more than 30 cities, towns and municipal districts. This is believed to have had a good effect in promoting safer driving. The campaign still is going on in various districts.

In line with the decrease in accidents, the number of persons injured in July dropped from 416 to 348 for the month. On the other hand, deaths in motor accidents in July numbered 21, an increase of 6 over the same month of last year. Of these, 17 occurred in rural points and were reported by the RCMP, while in addition there was one in Edmonton and three in Lethbridge.

For the 7 month period ended on July 31, there were 86 motor traffic fatalities in Alberta, one less than in the same time a year ago.

The cumulative report reveals 8,-287 traffic accidents so far this year, while in the same period of 1953 the aggregate was 8,282. The total of those injured is 1,882 as against 2,100 at July 31 last year.

Edmonton led the cities with 394 motor traffic accidents in July compared with 483 a year ago. Calgary had 224, a reduction of 24. Medicine Hat 28, Lethbridge 25, both showing decreases. There were 16 in Jasper Place and 9 in other towns reporting. Accidents reported by the RCMP totalled 600 for the month, a drop of 153.

Persons injured in motor accidents in Edmonton increased from 68 to 81 while Calgary had 56, a gain of 7. The RCMP reported 221 a drop of 78.

## Season For Ducks Opens Sept. 18

Alberta duck hunters have been given an extended season this year under new regulations passed by the federal government and announced recently.

Throughout Alberta the season will begin Sept 18 and end on Dec 4. Last year three districts of Alberta were defined with opening dates of Sept. 9 in Northern Alberta, Sept. 12 in Edmonton district and Sept. 16 in the southern areas.

In the Edmonton district the season closed on Nov 30 last year.

TO CHASE OUT STRAGGLERS

According to reports from Ottawa the extension which covers most parts of central and western Canada is designed to chase lingering birds out of northern areas before the winter freeze-up.

The Sept 18 to Dec 4 season includes ducks, geese, rails and coots. The season for Wilson's Snipe will be Sept. 18 to Oct. 16.

BAG LIMIT 8 PER DAY

Except for the change in the season regulations in Alberta remain the same as last year. The bag limit on ducks is 8 per day, with a possession limit of 32.

In B.C. the daily bag of ducks has been increased from 8 to 10 per day while a hunter may have in his possession 40 birds, compared with last year's 32. Because of an abundance of snow geese in Quebec the possession maximum in that province is up from 10 to 20.

## C.N.R. "Hotel-On-Wheels" Leaves For Sub-Arctic

WINNIPEG. — A Canadian National Railways 'hotel-on-wheels' left here Aug. 13 on a six day excursion to the land of the sub-arctic — the historic and colorful port of Churchill.

The 15-car special train will be home for 235 persons who have gathered from all parts of Canada and the U.S. to take in the C.N.R.'s 10th annual excursion to Hudson Bay. The tourists will cover 2200 miles of Manitoba terrain before they return to Winnipeg.

"They say he's a new man . . ."

John and I were chatting about a mutual friend—the manager of our bank.

"Yes, he is," John agreed with me. "But he could have been a cripple. It's been months since I first told him to see a Chiropractor."

That was the problem in a nutshell. Somehow our friend had built up a rather stubborn attitude about Chiropractic. Even when John told him of the great results in Chiropractic, he hesitated—nothing could change his attitude.

It's a shame, too, for everyone knows that he could have become a new man months ago.

You can place any amount of confidence in your Chiropractor and his ability.

Alberta Chiropractic Association.

By Your District Agriculturist

# "GREEN ACRES"

PRESERVE BY FREEZING

I have just received a supply of the bulletin entitled "Preserve by Freezing". Everyone with a home freezer or using a locker plant, should get a copy of this circular. It tells how to prepare fruits and vegetables for freezing.

JUNIOR FUTURITY SHOW

The Edmonton Exhibition Assoc. has announced a junior futurity show to take place next spring. All farm boys and girls are eligible to enter beef heifer calves. There are lots of good young stockmen in this country both in and outside of 4-H clubs. All they need is a first rate calf.

If pure bred breeders do not have a boy or girl why not pick out a youngster in the neighborhood and make a deal with him or her?

RATS ON THE MOVE

During the next month or so rats will move to winter quarters. They may be on to your farm so everyone should watch out. Mr. Gurba, pest control officer for the Alberta Department of Agriculture, reports that rats have been found on several more farms in range 1. W4thM.

CABBAGE WORMS

Don't wait until the cabbage worms have eaten the cabbages full of holes before sprinkling with Derris dust or Pyrethrum powder. Do not use D.D.T. on vegetables as this chemical is poisonous.

CROSS BREEDING PIGS

The advantage of cross breeding in pigs is mostly imaginary. If you have extra good type gilts of one breed and a pure bred boar of another breed there could be some advantage but don't forget poor qualities are inherited as well as good qualities. Hence it is a mistake to crossbreed unless the parent stock is really good. Very few A grade hogs come in from farms where cross breeding is practised.

MALTING BARLEY

Montcalm and Olli are the only two barley varieties grown here which are acceptable for malting grades. Malting barley should be well ripened before cutting. It should have good germination, be bright in color and have very little cracked or skinned kernels. The premiums are worth the trouble and besides you get around the quota.

LETTER FROM THE CAPITOL

## ALBERTA'S DRIVER TESTING PROGRAM FOR RURAL AREAS

EDMONTON. — Alberta's rural driver testing program appears to be going into high gear with the provincial secretary's department preparing to move into the province's rural areas.

Last week E. R. Hughes, deputy provincial secretary, said the first rural area to come within the year-old program will be the Peace River block. New drivers and those seeking restitution of suspended licenses will be tested beginning this fall in the northwestern area.

For the first while, it was indicated, the testing in the Peace River district will be in the nature of a trial. Once any adjustments have been made to fit the program to rural conditions, it is expected the program will be expanded rapidly to other rural areas.

Following the Peace, it is expected that rural areas out of Calgary then will be included and then those out of Edmonton, probably to the east.

Travelling examiners and equipment will be used in the rural areas. Notices of times and locations of tests will be posted in advance of the examiners' arrival. They probably will spend from a half-day to a day in a town and accept applications for tests from persons living within a radius of thirty miles of the town.

It was indicated that the tests will be conducted in three to five centres in the Peace River district. Space and other details are being arranged and examiners hired and trained.

The province's driver testing program began in July, 1953, in Edmonton and Calgary, following many months of research and investigation of tests in other provinces states and cities. It is described as a three-fold test: based on physical, written or oral, and road examinations.

Recently, it was announced that 8,619 persons have passed the tests, while 2,727 had been rejected, most of them temporarily and pending correction of faults.

Alberta's seven cities, Edmonton, Wetaskiwin, Drumheller, Red Deer, Calgary, Lethbridge and Medicine Hat, are the current testing centres.

Even after the tests have been extended to all parts of the province, the program will not have reached its ultimate scope. At present it is limited to testing persons applying for their first drivers' licenses and those whose licenses have been suspended because of conviction on a driving offence.

Government officials say that eventually the program will be expanded so that all Alberta drivers are tested as to ability, knowledge of driving rules and physical capabilities. Then, it probably will be a matter of testing the newcomers, those whose licenses have been suspended and periodic examination of current drivers.

Examiners have found that the major stumbling block for persons taking the tests is a lack of knowledge of the basic rules of the road. The provincial government has a small printed manual containing all the rules and driving tips and prospective applicants would be wise to request the Motor Vehicles branch for a copy before taking their drivers' tests.

Other things which lead to rejections include faulty vision, physical defects and poor driving ability. In most cases the applicant has an opportunity to correct the fault. Up to the end of July, only six persons had been permanently rejected.

In some cases the drivers are given conditional licenses, which restrict them to certain speed limits, to daylight driving or driving within a certain area. A person who is considered too old for driving in the city or on busy highways, might receive a license allowing him to drive only on country roads.

One official explained that the aim of the program is not to keep anyone off the road but to keep as many as possible driving and to acquaint the individual with his driving deficiencies in hopes of making streets and highways safer.

## Swyripa - Anderson Wedding At St. Saviour's Church

St. Saviour's Anglican church, Vermilion, was the scene of a beautiful wedding on Aug. 2nd at 3:00 o'clock in the afternoon, when Annie Louise, daughter of Mr. and Mrs. W. A. Anderson of Kitscoty was united in marriage to Frederick, son of Mr. and Mrs. Max Swyripa, also of Kitscoty.

The double ring ceremony was performed by the Rev. Douglas A. Ford, in a beautiful setting of summer flowers.

The bride, who was given in marriage by her father, was beautiful in a gown of nylon net and Chantilly lace, worn with a fingertip veil and metallic coronet. She carried a bouquet of red roses and lily of the valley. Her only jewelry was a gold watch, a gift of the groom.

The bridesmaid, Miss Pauline Hesby, a cousin of the bride, wore a gown of blue nylon net and Chantilly lace and carried a nosegay of pink flowers.

The junior bridesmaid, Miss Inez Anderson, sister of the bride, was gowned in pink nylon net and Chantilly lace and carried a nosegay of blue flowers. They wore matching headdresses and nylon gloves.

The groom was supported by his brother Pete Swyripa and cousin Pete Swyripa, both of Kitscoty.

The ushers were Russel Sutton and Wm. Swyripa, also of Kitscoty.

The wedding music was played by Mr. Wm. Elford, who also accompanied Mrs. Melvin Hill of Vermilion when she sang "A Wedding Prayer" during the signing of the register.

The bride's mother chose a dress of navy blue poplin, worn with a navy and white hat, and white accessories, and a corsage of pink rosebuds.

The groom's mother wore a navy blue suit with matching hat and accessories and a corsage of white gardenias.

After the ceremony a reception was held at the home of the bride's parents at Kitscoty where one hundred and fifty guests gathered in honor of the newly married couple.

The bride's table was centred by a beautifully decorated cake, in a bed of tulle. Tall tapers and bright flowers completed the decorations.

A toast to the bride was proposed by the Rev. Ford and fittingly responded to by the groom. The bride, in a few well chosen words, thanked those present for the beautiful gifts they had received.

Mrs. Hill entertained the guests with vocal selections accompanied by Miss Donna McCauley of Mannville. Miss McCauley also played the accordion.

Out of town guests included the bride's grandmother Mrs. E. Patterson, Fort Saskatchewan; her aunt and uncle Mr. and Mrs. I. Mitchell of Harris, Sask.; Mr. and Mrs. Delbert Clark, Toronto, and from Lloydminster Mrs. A. Clark, Mr. and Mrs. Bud Olson, Mr. and Mrs. Paul Hesby and family, and Mr. and Mrs. Tom McCauley and family from Mannville.

## NEWS from ISLAY

On Sunday afternoon dinner guests at the home of Mr. and Mrs. Bill Shaw were Mr. and Mrs. John Shaw, Vermilion, Mr. and Mrs. Bill Waterfield, Mr. Bowser and Ken Gunn.

Mr. and Mrs. B. Trekey, Marion and Jack have been on a holiday trip to Perdue, Sask.

Janet Bell has returned after spending ten days at the Anglican Church camp at Kapasawin beach.

Jimmie Dalkin of McLaughlin is visiting his cousins Don and Jim Schaeffer.

The postponed W. A. meeting was held Thursday, Aug. 12th at the Stone's home. There were 16 present. In attendance was a guest, our new neighbor living in the manse, Mrs. Greefhorst, just a year out from Holland. We were sorry not to be able to get to Mrs. Linton's as scheduled, but too much rain was the cause. The annual fall rally of the W.M.S. was planned for Sept. 8, Wednesday.

Congratulations go to Stewart Cooper, who brought home honor to himself, his home town of Vermilion and to Alberta in winning the 880 yard run (half mile) at the Athletic Leadership camp at Lake Couchiching at Orillia, Ont. This is the place we held Sunday school picnics when we were children). Seems the air cadet camp at Abbotsford missed Stewart, but he was doing well down east. We were also pleased to read of the honors won by Vermilion boys at Abbotsford, one of the lads was Islay-born, Harold Roebuck, also Lee Coyne we think, at any rate he lived here in the Holyrood S.D.

Other honors for Islay-born lads too, Mr. Earl Bowser and Mr Mac Urquhart. Mac from the Bridstow school, Earl from Morrison school, and he also taught in the Bridstow school. A coincidence that both have been sent to Pakistan on a mission for the United Nations. Mr. Bowser spent a year there and is now home, Mr. Urquhart is now on his way there. The little red schoolhouse has produced some great personages. Will our large modern centralized schools do as well? we hope so!

The fall school term will soon arrive, also the Home and School organizations will meet again. Let some of your thoughts rest on that and make your 'Home and School' better. Have you read the book "So Little for the Mind."?

We are sorry to learn Granny Robinson is in hospital with a bad knee and hope she will soon be out as Sept. 1st is drawing close and teachers are needed.

Noticed Mr. and Mrs. Howard McLaughlan in town Monday.

Mr. David Clark is home after six weeks at Summer school in Edmonton.

## Death of Rosie Bey At Mannville

MANNVILLE.—Rosie Bey, daughter of Mr. and Mrs. Fred Bey passed away at the age of 17 years on Saturday morning in the Mannville hospital after a lingering illness of more than a year's duration.

Funeral services were held on Tuesday morning at 10 a.m. in St. Joseph's Catholic church. Father Charkaski of Derwent said mass and interment was in the Mannville cemetery. Moyers Funeral Home of Vermilion was in charge of the arrangements.

Many beautiful floral tributes as well as donations to the Cancer fund and McQueen Memorial fund were received.

She is survived by her mother and father and three sisters, Mrs. Irene Barkhouse of Chilliwack, B.C., Margaret and Anne at home.

## The World of Wheat

By W. G. MALAHER,
Director, Research Department,
Searle Grain Co. Ltd.

The blessing of farmers generally awaits the individual or the institution than can find a satisfactory method of controlling Western Canada's worst weed, the wild oat. Attempts at control so far, mostly cultural, have, met with only partial success but it may well be that with the aid of science those who are working on the problem are now getting much closer to a solution.

Of the many chemicals now being tried and tested across Canada two in particular T.C.A. and I.P.C. have been shown to be selective to wild oats. Although only a limited amount of work has been done as yet evidence to date indicates that these chemicals sprayed immediately after the crop has been taken off and in a manner so that they come in contact with the seed are effective in destroying wild oats. However, where grain crops are to be planted sufficient time must elapse before seeding is done so that the chemical, which is harmful to the seed, will have an opportunity of dissipating in the soil. Results so far, whilst not conclusive, are distinctly promising. Some new approaches may have to be made but at least our scientists seem to have found cause for hoping that a method of controlling this very troublesome weed will soon be found.

## Widmore Wisks

Mr. and Mrs. Frank Gibson of Basswood returned home last Friday from visiting Frank's sister Mrs Keast and brothers Don and Howard at Woodside, Man. They spent nearly two weeks there, reporting that nice hot weather was enjoyed while away.

Gaylord Madill of Borradaile is at present working for John Wilson of Wildmore.

We wish to extend congratulations to Mr and Mrs. Allan Osburn of Triangle (nee Audrey Wilson) on the birth of a baby daughter, Wendy, on Aug. 7 at the local hospital; also to Mr. and Mrs. David Hughes of Basswood on the birth of a baby daughter on Aug. 15.

Eleanor Donlly of Triangle had the misfortune to have her leg broken by a horse while visiting at L. Howard's. She now sports a cast for a few weeks. A speedy recovery is wished you Eleanor so you won't miss school opening.

Chicken pox has been picking on a few out our way. Doreen Marion Marlene Smith, Ernest and Isabelle Gibson have all been victims.

Bill and Adam Smith took Charlie Morand home when he was up here for a few days visiting. Charlie has bought a farm north of Turner Valley.

Bob Martin received a severe sting from a hornet on Saturday making it necessary for him to visit the doctor for treatment. Bees are very angry this year also, and very poisonous. Johnny Batke had to see a doctor when he was stung a week or so ago.

David Hughes, Albert Smith, Gary Cruthers and Warren Marriner journeyed early Sunday morning to Moose Lake to fish and returned that afternoon with 21 fish. Fish dinners throughout Wildmore and Basswood were common on Monday.

Jonnie and Evan Hughes are visiting with Mr. and Mrs. Arthur Tyrrell and family while their mother is in the hospital with a new baby sister.

We were pleased to see Mrs. B. Gould in town on Saturday. Her foot is quite sore still and we wish her a speedy recovery.

A nice attendance at our church on Sunday. Mr. Plant gave a good sermon on "Would you be witness to God". Next Sunday church will be at 7:30 p.m. After church almost everyone journeyed to the park at Vermilion where a nice picnic was enjoyed, also some good boat rides. David Hughes built a nice boat and with Albert Smith's motor, Cliff Cruthers very kindly gave many rides around the lake. We wish also to thank Mr. Simonsen for his kindness in giving us rides in his speedboat. It was a bit too cool for the children to enjoy the bathing but they went in anyway. A good lunch made everyone feel fine and as the long shadows of night fell we left for home well satisfied with our afternoon. It is a nice place for a picnic.

Wendy Cruthers was 4 years old and Adam Smith Jr. 11 years old on Sunday.

Granny Rudell of Edmonton is visiting with her granddaughter Mrs. Roy Dibben and family of Basswood. Mrs. Rudell is a spry and wonderful woman despite her age of almost 90.

How about your SUB? Check your date label now!

## Vermilion Scoutmaster Attends Leaders' Training Course

(Continued from last week)

Lectures or practical demonstrations from 2:30 to 6 p.m. Then supper. Every night we had either a council fire program or a Wide Game until 11, and we generally managed a mug of cocoa or coffee after that.

Now I hope I have not made the course sound dull, because really there was not a dull moment.

I mentioned lectures, but many of these were turned into active projects which called for great ingenuity. I might mention one or two. Each patrol was given sealed orders, proceed to point X etc., at one point we were shown what was supposed to be an atomic weapon. We were told that the least jar or trouble would send us all into eternity, but we had to move it about 100 yards, while our leaders marched at our performance. Oh yes, we lost 15 minutes to plan how to move the Thing. Our patrol won high points on this monster by filling each of its numerous cans with water and then carrying it To make it more interesting, once we had touched it we could not even speak until it was moved.

At another point we were all blind-folded and had to cross a bridge, build a fire, put up a tent, and make a map of our position.

I would be remiss if I forgot to mention the Hound patrol. This was a group of four Scouts chosen from the trainees who looked after the H.Q. The Hounds cooked the meals for the staff and guests, in fact their whole duty was to relieve the staff full time to concentrate on keeping us busy. The Hounds had a dog for a mascot who attended all functions and appeared daily at Flag Break wearing very proudly his patrol colors.

But I must say a word about the overnight hike. To any scout the overnight hike or first class hike should be the high point of every course, the culmination of all his scouting skills.

So to us of the 7th Prairie Gilwell it was the last big item on the agenda, the crux of the entire project.

We were briefed by the Chief himself. We were in charge of our P.L. We were in full uniform and carried full packs including cots, cooking gear, sleeping blankets — no tents.

Leaving Gilwell by patrols in 20 minute intervals we were inspected by the Chief as we moved out. Our Patrol Leader was given sealed orders, only to be opened at points.

On opening the first sealed orders we learned that thieves had robbed the post office. It was feared they had possessed themselves of some scout leaders' uniforms (but they were sorry once the mosquitoes got a hold of them) so we were to hide from anyone dressed as we were. It was further thought they had hid the plunder in a certain deserted set of buildings. We were given maps of the country and even enabled compasses.

I could write a book on this hike alone, suffice it to say however, each of us marched at least 15 miles all told with complete equipment — we met hordes of mosquitoes, combed some luscious stands in aluminum and survived several Gildemasterous including their memorable 5:30 a.m. one.

We all returned to Gilwell singing merrily, enjoyed a good swim, and in crown the day, were treated to a regular banquet supper by the staff. At this banquet each patrol gave a report of their hike.

The course was closed officially at 10:30 a.m. July 14.

## WOODVALE NOTES

Rain showers almost every day the first half of August have delayed haying considerably and only a very few barley crops show any signs of ripening. We need lots of warm sunny weather and no frost for at least the next month.

The ball teams have been playing as much as possible. There was a tournament at Tolland two weeks ago with teams from Kenilworth, Woodvale, Wildwood and Earlie participating. The last game between Earlie and Tolland was not finished by the time it got too dark and threatening. Earlie was ahead and so declared the winner.

The Tolland team played their last tournament game of the season at the Auburndale picnic on the 11th and won three games in succession against Scotstown, Basswood and Buffalo Coulee — a fitting end to a summer of activity.

Mr. and Mrs. Kaare Seire were welcomed home after a four weeks trip to the States — first with a charivari and later with a pleasant but more quiet surprise shower, at their lovely modern home, and which, luckily enough, big enough to hold the crowd of friends.

This week wedding bells will ring for Mable Watson who will make her home as Mrs. William Bisconette in Edmonton.

Best wishes for a happy married life are extended to this young couple. We hear also of at least two more weddings this year in the district!

The power was off on our line for four days last week from 9 to 5. Surely hope they have the heavier wire installed by now. We have done without electricity for many many years, but hate to have it cut off once we are used to its conveniences. Not everyone is connected yet but it should not be too long now.

The Tolland store installed a display of refrigerators in anticipation of the electrical connection and is also modernizing the interior of the store.

Pete Ruud bought the electric light plant of Mr. McGrath's and had quite a time erecting the windmill — a lot of help but not many anxious to climb the 40 foot tower! We would not be either!

Eleven members attended the Red Cross meeting at the home of Mrs. S. Oldenberg. Mrs. Block of Paradise Valley demonstrated Avon articles and Stanley products and was accompanied by her two daughters. A quilt was worked that afternoon. Just when everyone was enjoying a delicious lunch at the house of Mrs. Edna Oldenberg a severe thunderstorm threatened and broke up the very pleasant get-together. Nearly everyone got home in time but a few got caught in the very heavy downpour that fell over a rather narrow strip of territory. The next meeting is scheduled for Sept. 1 at the home of Mrs. Gladys Wolters.

Mr. and Mrs. Dick Allison of Vancouver spent a day at the writer's home. It was Dick's first visit in about 12 years to the Tolland district and his wife enjoyed getting acquainted with some of his old friends around here.

## Pleasant Valley

The weather remains unsettled. Poor haying weather isn't it folks? We need lots of sunshine from now on.

Edna Moore and Margery Mackwell spent a few days at the home of the writer. Riding horseback was the chief pastime.

Mrs. Coutts of Vermilion spent the week end with her daughter and family Mr. and Mrs Christie Clark.

Mr. and Mrs. Bill Gillies and family spent last week visiting the former's mother, returning to Edmonton on Sunday.

It is nice to have Nora Ronaghan back again and the writer enjoyed a chat with her on Saturday, as well as with Mrs. Wallington. Mrs. Moore, Mrs. Jones and a few other old friends while in Vermilion. It was a lovely afternoon Saturday to stand around visiting. It has been some time since 'Yours Truly' has been able to enjoy this pastime.

Mrs. Giles and the girls motored to Edmonton on Monday, spending the day shopping.

There are quite a number of Columbine roots in the garden folks and you are welcome to them for next year's blooming. Always another year coming. Quite a number of plants can be transplanted now. The lovely Gloxiana is still blooming ladies.

The writer finds that folks are so kind in thinking of one with good things to eat and nice cards

Mr. and Mrs Pratt visited Mrs. Paivin recently. They now live in Victoria where Mr Pratt is with the police force

## Bowtell Bulletin

Rain rain and more rain the farmers are having a hard time to keep summerfallow black and it is impossible to put up hay.

Mr and Mrs Harry Perkins and family are here from B.C visiting with Mrs. Perkins parents Mr and Mrs Vic Dedell.

Mr and Mrs F. Risdale Diana and Bobbie are also visitors here from Rochester Alta

Dale Saunders is holidaying with his grandma and uncle at the Robinson home

The writer is sorry to learn that at time of writing Granny Robinson is a patient in the Islay hospital having suffered a fall while at a the recently

Mr and Mrs Gow and family enjoyed a recent trip to Calgary and southern points

Isabell and Jimmy were supper guests of the Lippert home

His many friends are happy to see Arnold Maggs home from the hospital.

Mrs Disbelly is confined to bed just with illness and is make poor Mrs's better but, behold flew out the open door and disappeared. Of course it is quite a pet and for we all is very pleased it always seeds of catching it would let her know.

It is nice to have Mrs Nora Ronaghan back home after touring B.C for many weeks and visits at Calgary and Edmonton

The sale I mentioned visits recently from Mrs. M Risdale for painted cliff shepherd from White House and Lower Mrs. L [illegible] from [illegible]

ALENOR TABLETS Are effective 3 weeks supply $3 weeks $5 at Beales Drug Store 5

## LOCAL NEWS

Mr. and Mrs. John Quick and son Allen of the Landonville district returned recently from a 4500-mile holiday trip which took them through Saskatchewan to Portal, across North Dakota to Minnesota to Duluth and Minneapolis, through Iowa, Missouri and into south-west Kansas. They then returned to Denver, Colo., to Cheyenne Wyoming, into South Dakota and the badlands, back through North Dakota into Saskatchewan again. Relatives and friends were visited en route. A stopover was also made at Weyburn, where Mr. Quick's brother is editor of the weekly newspaper. The party encountered fine roads and enjoyed good travelling for the whole journey.

Mr. and Mrs. Stan Neiner, David Garry and Miss Bernice from Edmonton, have been visiting at the home of Mr. and Mrs. George Caron for the past week and a half. Four days were spent at Loon Lake in the company of Mr. and Mrs. Curtis Martin and Sharon, and Ken Caron. A very enjoyable outing and fishing trip was enjoyed by all.

Mr. and Mrs. J. C. Dougan and family have moved to their newly purchased home in Calgary at 2515-20th St. N.W., leaving here on Wednesday.

Mr. Lock Martin formerly of Edmonton, is now audit assistant to Mitchell Taylor, local chartered accountant.

Miss Janet Filipkowski of New York city is holidaying at the family home in the Thorncliffe district.

Mr. and Mrs. Joe Dabinet of Calgary were vistors in town last week, guests at the home of Mr. and Mrs. K. E. Rowe.

Mr. and Mrs. W. C. Martin and daughter Sharon holidayed last week at Loon Lake, Sask.

Ronnie, Glen and Lynn Hemmingway, children of Mr. and Mrs. Herb Hemmingway, returned last Saturday morning from Kenaston, Sask., where they spent two weeks visiting their uncles and aunts.

Mr. and Mrs. Alex Stone and two children have now returned from Vancouver where they spent the past five weeks.

Mrs. L. Leahy and family and Mrs. Alex MacDonell and family spent a weeks holiday at Clear Lake.

Mr. and Mrs. Gordon Wilson of Vancouver are spending the week visiting the former's father, Mr. Clarke Wilson.

Mr. and Mrs. Ted Koehli, Allan and Beverly and Mr. and Mrs. J. Perkins, Grace and Doreen, spent the past week at Moose Lake fishing and boating. Mrs. Koehli caught the largest jackfish and Mrs. Perkins the largest pickerel of the group.

Mrs. Rose Harle and two daughters Connie and Norma are holidaying this week at Banff.

Back from a two weeks vacation spent at Jasper and Miette Hot Springs is Mrs. Carmen Millar.

Mr and Mrs. Gordon Park and family came home last week after a holiday trip to Coeur D'Alene and other tourist spots across the border.

HOME COOKING SALE

A sale of home cooking and farm produce will be held in the Northern hardware on Saturday, Aug. 21 at 2 p.m. Held under auspices of Christ church, King Edward W.A. 8x

*SUBSCRIPTION ARREARS*

*The names of all subscribers to The Standard whose subscriptions have expired previous to July this year, will be taken off the mailing list within the next two weeks. Make sure your sub. is paid up.*

Mr. and Mrs. Donat Beaudoin of Edmonton announce the engagement of their daughter Marie Juliette, to Mr. Leo Charles Leahy, eldest son of Mr. and Mrs. Charles Leahy of Vermilion. The wedding will take place on August 28th at 10:30 a.m. Reception 3 to 5 p.m. at the Catholic church.

Mrs. L. P. Horne returned last week end after a three weeks vacation spent on a trip and visits to San Francisco, Salt Lake City where she spent a week, a few days at Coeur D'Alene, and several days at Calgary where she visited her son David on the return journey.

Mrs. Gilbert Shane of Ottawa, Ont., is in town visiting her mother Mrs. L. L. Kehoe and other members of the family.

Rev. and Mrs. D. A. Ford and the three children are holidaying at Clear Lake for two weeks.

Billy Allen Fallow, son of Mr. and Mrs. Maurice Fallow of Edmonton, is holidaying in Vermilion, visiting his grandmother and aunt Mrs. L. L. Kehoe and Mrs. Wm. McLaughlin. Billy Allen had the misfortune to break his arm a short time ago when he fell out of a hammock.

Mr. and Mrs. J. W. Waldenberger left Tuesday for Kamloops where they will spend two weeks visiting at the home of their daughter and family, Mr. and Mrs. Henry Cocks.

Mr. and Mrs. Henry Simonson and family of Edmonton are visiting in Vermilion, guests at the home of the former's brother, Mr. and Mrs. S. D. Simonson.

Mr. and Mrs. Tom Dick send the following cheery message to the Standard: "Mrs. Dick and I are enjoying life in Victoria and are both in good health. We enjoy reading the 'Standard', especially the local items concerning old friends. Best regards to all old friends." Their address is 3708 Tillicum Road, Victoria.

Mrs. J. Simonet returned home last week end from Calgay where she has spent the past month visiting her daughter and son-in-law and family.

Mr. and Mrs. Harold White and family have now moved to Lacombe where Mr. White has been appointed to the teaching staff. For some years Harold taught at Minburn where he was principal of the school and prior to that was at Islay.

Miss Mildred Branum, a former member of the local high school staff was a visitor in town from Tuesday to Friday last week, a guest at the home of Mrs. Sid Brass. Miss Branum has been teaching at the Drumheller high school since leaving here eight years ago.

Mr. and Mrs. N. N. Bentley and son Pat are holidaying for two weeks at Jasper, Banff and Bow Lake.

Miss Shirley Sutherland of the University hospital is home with her parents Mr. and Mrs. G. W. Sutherland for holidays.

Wally Antrim, who now lives at Parkesville, which is on Vancouver Island a short distance north of Nanaimo, is spending his holidays in town.

Miss Kay McEachern is back on duty at Craig's after holidaying at the family home at Islay and visiting in Edmonton and Westlock.

Mrs Fred Leversedge was among the winners of some very desirable prizes at the Edmonton Exhibition. Her prize consisted of new floor covering for an entire house including broadloom, kitchen and bathroom tiling and asphalt tiling for a rumpus room. Her entry number was 70228 and the prize was awarded by Floorcraft.

Lloydminster Hockey Association

## St. Paul Farewells McPherson Family

*(St. Paul Journal)*

Sincere feelings of regret and best wishes were expressed at a farewell party in honor of Mr. and Mrs. Tom McPherson in the Legion hall on Monday evening where a large number of friends gathered for the occasion.

Mr McPherson came to St. Paul a year ago, July 1, to take over the managership of the Canadian Bank of Commerce. The short time was enough for the congenial McPhersons to endear themselves to the community, both in business association and in social functions, accepting willingly their share of promoting the welfare of St. Paul.

Mrs. McPherson was presented with a corsage by Mrs. Hutton and Mr McPherson was given the comforts of a practical lazy-boy chair. Walter Lambert made the presentation and called upon Miss C. Langlois accompanied by her father to sing several numbers, and Mrs. M Decoss for some classics and 'yodelling' entertainment. Leo Lambert and his orchestra provided the music for the ball.

Mr. McPherson has been transferred to Vermilion to succeed Mr. Bill Lingings who preceded him from St Paul and has been moved to Calgary.

Mr. Kenneth Wolstenholme of Lethbridge arrived Monday to replace Mr McPherson.

## Derwent Lady Wins Contest

Mrs. Elsie Hendel of Derwent is the lucky winner of a State Classic vacuum cleaner given away by the State Vacuum Co. in a recent contest.

Cool, cloudy weather still persists. 14 of an inch of rain fell during the week bringing August total to 2.60 inches.

## Mannville & District LOCALS

Mr and Mrs. D P Towne of White Rock, B.C and Mr Ernest Towne and two boys of Lethbridge were renewing acquaintances with friends in Mannville on Monday and Tuesday of this week.

Visitors at the R. Long home over the week end were Mr and Mrs. H Nix of Bettler.

Mr and Mrs. R. T Dorward are at present on holidays. They are accompanied by Mr and Mrs. R. Schneider.

Recent visitors at the home of Mr and Mrs. P Sherbepanik were the former's sister and her son, Mrs. Shemrich and Gary of Toronto.

Mr and Mrs E Hubbard motored to Edmonton on Wednesday. Karen Hubbard who has been visiting her sister Mrs J Dowicki in the city returned home with them.

Mr and Mrs Hay attended the wedding of Peter Smart and Miss Jean Brinkman in Edmonton on Tuesday.

Mr and Mrs. Winfield McInroy of Kelowna, B.C are visiting relatives and friends in Mannville.

Mr and Mrs. J McLackie and Norma are holidaying with relatives in Edmonton.

Miss Betty Proudfoot has returned from Banff where she attended the School of Fine Arts for a month taking a singing course.

Mrs Doug Holloway and children are visiting at Rowell.

Miss Florence Schork visited at home from Lloydminster where she is working.

Little Clarence Schork is a patient in Mannville hospital. He underwent an appendix operation last Friday and is coming along satisfactorily.

Mr and Mrs. Guy Bartlett of Edmonton visited with relatives and friends in town last week.

Mr Fred Schork of Wagner visited with the Schork families here recently.

## Paradise Valley Garden Club Members On Tour

The annual 'Garden Tour' of the Paradise Valley Garden club was held on Tuesday, Aug. 10. The members and the cars driven by Mr. Braithwaite, Miss Holms and Mr. James Swayne, met in front of Stoddart's house at 11 o'clock.

Except for two instances the cars were not detained by bad roads. All were sorry that because of the road conditions the group was unable to visit Marilyn Owen's garden, but all the others were viewed. Thanks to Mrs. Gordon Teasdale for serving a delicious lunch at her home with the assistance of Mrs. Richardson.

After lunch the tour continued of the country gardens and the trip was finished in town before 7 p.m.

Miss Holms, district Home Economist, came from Wainwright and Mr. Braithwaite the representative of the Alberta Wheat Pool the sponsoring organization, came from Vermilion through the rain to judge the gardens.

Thirteen of the 17 members, the leader Mrs. Swayne and visitor Miss Kathleen Swayne accompanied Miss Holms and Mr. Braithwaite on the tour. The judges complimented the girls on their gardens.

On Aug. 17 the Garden club planned to hold a Mother's Tea at the home of their leader Mrs. Swayne and a regular meeting was to be held after the tea to discuss their entries to the annual Garden Achievement day which will be held on Sept. 9. The girls have all been working hard preparing for this event.

## Fish Derby and Sporting Dog Demonstration Here August 22

The local branch of the Fish and Game league have arranged a novel program for Sunday Aug. 22. Prizes will be awarded for the heaviest aggregate catch of fish between the hours of 6 a.m. and 1 p.m. that day. Three prizes are being given.

At 2 p.m. following the conclusion of the fish derby the sporting dog club of Edmonton will show what trained hunting dogs can do in the way of pointing, retrieving and field work.

This will also be held at the Vermilion Provincial park, a very fine place to spend an enjoyable day's outing. 7-8

## Tips on Touring

By Carol Lane — Women's Travel Authority

Do your friends grit their teeth and mutter as you drive happily along? Do they fumble for excuses when you say "Let's do this again some time?"

If they do, it may be your fault. If so, the chances are 9 out of 10 that you are guilty of one or more of these common failings:

1. You race up to red lights and slam on the brakes at the last moment.

2. You 'pump' the accelerator so that the car jerks ahead, then slows down.

3. You weave in and out of lanes, cut in front of cars and neglect to signal.

4. You forget to watch signs and regularly miss parkway exits, turnoffs and streets, often going miles out of the way.

5. You lean on the horn and comment on everything in your path — other cars, pedestrians, small children on bikes.

If you have any of these bad-driving traits, your passengers have reason to decline another ride. So, the next time you have a passenger steal a quick look at his face. If it's white and strained, maybe you need a driving check-up. Better a brush-up from a driving instructor than a brush-off from your friends.

Wenn vast increasing hazards of highway travel, there may be a big market ahead for a new lightweight aluminum crash helmet developed in Europe. It not only takes unnecessary weight off your mind, tests proved that it also exhibits less "shell shock" when objects are dropped on it — with no one underneath, we should add.

Sounds like a sensible chapeau for construction workers too. Certainly lots of aluminum articles developed for one use have been quickly adopted for others ... a process which has helped build heavy demand for Canadian aluminum both at home and in foreign markets. (Aluminum Company of Canada, Ltd. (Alcan).

## New C.N.R. Coaches On Western Runs

WINNIPEG.—The Canadian National Railways has placed into service 9 new deluxe coaches on trains 5 and 6 between Winnipeg and Edmonton; 31 and 32 between Saskatoon and Melville; 25 and 26 between Edmonton and Calgary; 55-56-66 between Saskatoon and Carrot River; 59 and 60 between Saskatoon and Prince Albert; 21-127-128-28 between Saskatoon and Kindersley.

# Health Unit Notes

BLOOD PRESSURE — It goes up and down

Beat — Rest! Beat — Rest! This is your heart at work. It is like a pump, distributing blood to all parts of the body, by means of which nourishment is carried to the tissues and waste products are removed. This rhythm also marks the rise and fall of the blood pressure in your arteries.

Blood pressure rises and drops from hour to hour depending on whether you are active or resting, for example, or whether you are emotionally upset because of excitement, anger, fear, anxiety, or emotionally calm. You will have blood pressure as long as life lasts, rising and falling with the alternate beat and rest of the heart and with what you are doing, thinking and feeling.

High blood pressure, or hypertension, means that the blood pressure remains more or less constantly at a high level. Low blood pressure means that the pressure stays below normal most of the time.

High blood pressure is most common in middle age or old age. In some persons it seems to be inherited. In other persons it is associated with kidney disease, glandular disturbances, overeating or living at high tension. It is often found in those who are overweight. In many cases its cause is quite unknown.

Persons with thyroid deficiency or who are run-down and underweight may have low blood pressure.

A person may live for many years unharmed by high blood pressure. Much depends on the quality of the material in the heart and arteries — just as the durability of a commercial product depends upon the quality of the material of which it is made.

If the heart and arteries are of sturdy make, and the blood pressure is not constantly too high, a person can often stand up to the strain for a long period of time.

However, persistent high blood pressure makes the heart work harder to kep the blood circulating at a normal rate. Under this strain, the heart muscle enlarges and this is the beginning of hypertensive heart disease. Hardening of the arteries (arteriosclerosis) develops to some extent in everyone as he grows older, but high blood pressure may speed up the process.

In arteriosclerosis, the arteries may be narrowed so that less blood can flow through them. Or an artery may rupture or break, allowing blood to escape and form a clot in the tissues where the break occurs. Or a clot of blood may form in the artery itself and block the circulation. The organs most likely to be damaged in arteriosclerosis are the brain (cerebral hemorrhage or 'stroke'), the heart (coronary heart disease) and the kidneys (nephritis).

It is possible to have high blood pressure for a long time without any noticeable signs or symptoms. But a person may be troubled by headache, dizziness, giddiness, or shortness of breath symptom, also of other conditions. Frequently high blood pressure is discovered in the course of a routine physical examination.

Nearly everyone has had blood pressure measured at one time or another. The pressure in the large artery of the upper arm is measured first when the heart beats and then at the pause between beats. Both of these pressures and the relationship between them are taken into account.

If after examination your doctor tells you that you have high blood pressure don't worry about what might happen. Occasionally, high blood pressure clears up without treatment, but usually it has come to stay. It is just as well to face this fact, and find out how to live with this condition. With good medical care and sensible living habits, the chances are you will live comfortably, happily and usefully even to old age — doing just what other people do, in moderation.

1. Go into low gear — less rush, less 'drive', less tension, in work, play, and everything you do.

2. Avoid chronic fatigue. Most persons need at least eight hours of sleep at night. A short rest, perhaps before you evening meal, is a good 'relaxative'.

3. Keep your weight normal. Avoid overeating. It is better to eat several light meals than fewer heavy ones.

4. Try to cultivate calmness. Nerves on edge, worry, flying off the handle, only tend to make the blood pressure shoot up.

5. Keep in close touch with your physician and follow his advice.

BABY & PRE-SCHOOL CLINICS

Monday, Aug. 23 — Legion hall, Vermilion, 2 to 4 p.m.

Friday, Aug 27 — Paradise Valley school 2 to 3 p.m.

LIVING LIKE TURTLES

Living like a turtle has become a popular new lure for footloose Canadians, writes Peter Newman in the Financial Post. The growing number who are hauling their homes around the country have given birth to a small but flourishing new Canadian industry.

Over two million Canadians and Americans today live on wheels. Grouped together, North America's population would form this continent's sixth largest city.

The free-wheeling homes — once mobile kennels for shifty itinerants, have now grown up. In the process the trailers have become 'mobile homes'. Every modern convenience has been crammed into them — today's trailer has everything except a basement.

This year, Canada's 20 mobile home manufacturers are expected to sell more than 2000 units, worth over $25 millions. That's a 100% jump from 1950 sales. Six years ago, only 20 Canadian-made trailers were put on the market.

## Claysmore Clippings

Mrs. Fred Watling had a birthday party for her small daughter Terry last Thursday afternoon. A wonderful time was enjoyed by the 20 children present. Games were played and a lunch was served outdoors picnic style. A delicious and lovely birthday cake with ice cream completed a very happy day. Best wishes were extended to Terry for many more happy birthdays.

Mrs C. Harrison of New Westminster, B.C. and her daughter and son-in-law Mr. and Mrs. Stan Davis and their two daughters who have been visiting Mrs. Harrison's sons and their families in Edmonton called on a few old friends at Claysmore last week en route to Lloydminster to visit Mrs. Laurence Harrison and family. They left on their return journey to the west coast on Monday afternoon.

Mr and Mrs. A. Olestad and family were supper guests at the home of Mr and Mrs. Fred Watling on Friday afternoon.

Wally Antrim from the west coast is spending a few days in Vermilion and visited friends in the Claysmore district last week end.

The August meeting of the W.I. was held at the school Wednesday Aug. 11 with 10 members and 4 visitors present. The roll call was 'Hints for Harvest' in cooking and labor saving ideas. Mrs H Hamilton of Creighton visited our branch and gave a very interesting reading on Ceylon and its people. She also spoke of the address given by Mrs Barry at the conference held in Ontario last August.

Mrs G King was presented with a W.I. pin in honor of her birthday. It is planned to give each member a pin as their birthdays appear on the calendar. Mrs S Hillcox has joined the W.I. branch, bringing the membership up to 12. Mrs Hillcox and Mrs. F Watling were hostesses and served a very nice lunch following which a social hour was enjoyed.

Mrs O Willes convener for 'Parcels for Korea' asked all members to bring any disused winter clothing to the next meeting so that she can get a parcel ready for shipment. Especially kiddies' clothing.

Mrs H. Williamson has been staying with her daughter and family Mr and Mrs. H. Seymour for several days as the family have been ill with mumps. The writer is glad to hear that all are on the mend and will be soon out again.

Mr. and Mrs. Neil MacLean and family were visitors at the Robert MacMillan home on Sunday, Aug. 8.

Mrs F MacHardy and two children left by plane for Montreal Monday, Aug 9 to visit her parents and brother. She plans to spend several weeks in the east.

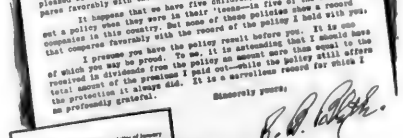
**"It's Astounding**
**...that your policy paid me more in dividends than I paid out in premiums"...**
**says Mr. R. B. Blyth.**

Robert Boyne Blyth
4040 BROADAIR ROAD, CLEVELAND 9, OHIO
25 January, 1954

The Mutual Life Assurance Company of Canada,
Waterloo, Ontario.
Gentlemen:
Let me express my deep appreciation of your promptness in forwarding the cheque in settlement of the quinquennial dividend on policy 53970. I want also to express my great gratification at the results of this policy, taken out by me when I lived in Victoria, B.C.
Not long after I took out the policy, it seemed advisable for me, for health reasons, to move to this country. I carried the policy over since. Had I remained in Canada, I certainly would have bought more insurance with your Company, but living on this side of the line, I have purchased several policies from other companies. While I have been pleased with the records of some of these policies, none of them compares favorably with the one I have with The Mutual Life of Canada.
It happens that we have five children, for each of whom I took out a policy when they were in their teens—and five of the better companies in this country. But none of these policies show a record that compares favorably with the record of the policy I held with you.
I presume you have the policy results before you. It is one of which you may be proud. To me, it is astounding that I should have received in dividends from the policy an amount more than equal to the total amount of the premiums I paid out—while the policy still affords the protection it always did. It is a marvellous record for which I am profoundly grateful.
Sincerely yours,
R. B. Blyth



For ample protection at low cost, see your local Mutual Life of Canada representative:
S. C. HECKBERT, Vermilion, Alta.
J. L. ALLEN, Lloydminster, Sask.

## Paradise Valley

Miss Gail and Miss Rhoda Richardson have gone to Edmonton to spend their vacation with their grandparents Mr. and Mrs. James Gordon.

Mr. Alex McDonald a real old timer of the Meeyerton district but who now calls Kimberley B.C. his home, is visiting with old friends and relatives in town and district.

Mr. and Mrs. Wayne Allison of Nebraska, were recent guests with Mr. Allison's cousins Mr. and Mrs. Clifford Frederickson.

Mr. M. Hoskins the local agent for the Searle Grain left Edmonton on Tuesday for Winnipeg to attend a get-together of the agents and to receive his reward for 36 years with the Company.

Congratulations to Grade 12 and Grade 9 students for the splendid showing made in the recent department exams. Of the results we have heard Miss Shirley Wiley and Miss Helen Krawchuk topped the list from Paradise Valley.

Mr. and Mrs. C. A. Richardson left on Friday for Banff where Mr. Richardson will attend a summer course.

Mr. and Mrs. Evan Jones and family who have been living in Paradise Valley for the past year have left and taken up residence in Red Deer where Mr. Jones is employed.

Miss Helen Krawchuk is visiting with relatives at Yorkton, Sask. for a few weeks.

The F.U.A. Local held a very successful dance in the hall on Friday evening. The Voss orchestra from Marsden supplied the music. Mrs. D. C. McKenzie of Cold Lake is visiting with her daughter and son-in-law Mr. and Mrs. Lyle Greenwood.

On Tuesday evening Aug. 10 the friends of Miss Muriel Mashemee met in the United church basement to honor her with a miscellaneous shower. The decorations were in yellow and white and after drawing words of ribbon from the "Wishing Well" Muriel received many lovely gifts. Mrs. D. Odegard in presenting the gifts made a short speech of advice and good wishes. Miss Shirley Gunn played the organ.

## CONTINENTAL TOUR FOR 15-YEAR-OLD

WINNIPEG Russell Pennell, 15, of Kensington Maryland, arrived at the Canadian National Railways station here recently to start one leg of a 13,000-mile, 27-day tour of the U.S. and Canada.

To finance the journey the youngster is using about $650 which he earned as a newspaper boy, baby sitting, grass cutting and received as birthday gifts.

From Winnipeg, David boarded a train for a tour of Western Canada, including stopovers at Edmonton, Yellowcrut, Prince George and Vancouver.

## NEWS from ALLANDALE

We've had plenty of moisture since last writing. Our gravel road is surely appreciated—right now it needs a good scraping.

Congratulations to Mr. and Mrs. Harry Butler on the birth of a son.

An enjoyable evening was had at Clandonald on July 30 when the large family of our power line met. It was a pleasure to welcome all the new families. Some lovely door prizes were given. The picture show was enjoyed, depicting the beginning of electricity and right up to now with all our modern conveniences. A delicious lunch was served by the ladies and a dance followed.

Congratulations and our very best wishes to the newlyweds Mr. and Mrs. Ray Stetson. The reception at the home of the bride, Mr. and Mrs. Wm Cross, on Aug. 1 was well attended despite a few showers. A sumptuous supper was enjoyed and a beautiful wedding cake. Some lovely gifts were received.

Mr and Mrs Bruce Zaworski and Gloria, Kamer and Linda and his mother Mrs. Wilson from the city were visitors at the Nelsons over the long week end.

On Aug. 8 Eddie Throndson accompanied by Orley Omness motored to Lac la Biche taking Mrs. Della Walsh and family to meet her husband there and continue on their way to Waterways. From there they went to Edmonton taking Elaine and Florence Lundblad to continue on their way home by bus to Valley View. They were meeting Mr. and Mrs. Theodore Throndson and family in the city who came by plane from Yellowknife on Aug. 7 for a six weeks' holiday.

Alvin Throndson is now employed at Yellowknife.

Service at our little church was well attended on Aug. 8. Mr. Calder's sermon on "Second Hand Religion" surely did give his congregation something to think about. May we benefit from these services throughout the summer. Vacation school will be held shortly in Clandonald. With only a few more church Sundays let's all go to church. Our next service will be Aug. 22 at 11:30 a.m.

Twenty-seven relatives were supper guests at the home of Mr. and Mrs Jimmy Martin Jr last Sunday. Among them were the latter's aunt and uncle Mr and Mrs Jas McKinley from San Francisco, who are holidaying with the McCormick family.

Mr Lloyd Darling of Spring Park was taken to the Elk Point hospital on Aug. 4. A speedy recovery is wished him from his friends at Allandale.

Congratulations to Mr. and Mrs Roy Darling on the birth of a daughter recently.

Mrs Gertie Swanson of Elk Point who had been visiting her daughter Mr and Mrs. Raymond Hammond of Lashburn stopped on her way home on Aug. 4 for a few days at her sister's Mr. and Mrs. W. Mayers. Mrs Mabel Lee from town accompanied her sister and they visited relatives in the district.

Miss Lorna Nelson spent a few days of last week in the city with her sister Joan.

Mrs John Arnold left the last of July taking her granddaughter Sharon Childress home to Kimberley, B.C. and went on to Victoria for a holiday. She returned home on Aug. 7.

Mr and Mrs. Wm. Armstrong and son Albert motored to Royal Park on Aug 8 to attend the silver anniversary of Mr. and Mrs. Porayko adn visit with their daughter Joyce adn family Mr. and Mrs. Ronnie Porayko.

Donnie and Betty Darling and a friend of Spring Park called at the Baldock's last Monday afternoon.

Last Monday evening we had a heavy down pour and an electrical storm causing a power failure for a time.

Closing Thought: Silver and gold are not the only coin, virtue too passes all over the world.

## Highland Dancing Featured At Park

The Alberta Highland Dancing Association will provide the afternoon concert at Elk Island's bandshell on Aug. 22.

A pipe band will be in attendance and several pipers will do the honors for the dance groups. A varied program has been arranged to provide good out of doors entertainment for park visitors. The program starts at 3:00 p.m.

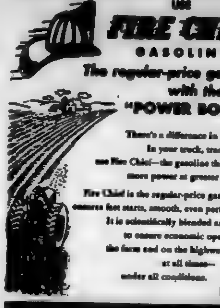
The finals of the tournament for the Elk Island park baseball trophy will be held this Sunday, the first game commencing at 12:00 noon.

During the supper hour recorded music will be provided and at 7:30 films of general interest from the National Film board will be shown.

What promises to be the movie hit of the year, "The Kidnappers" will be shown at the Columbia theatre on Friday and Saturday, Aug. 20 and 21. This picture was held over for 13 consecutive weeks on its first run in Edmonton setting a new record for that city. See the Columbia theatre advertisement on Page 1, Section 2, for full particulars. 7-8

FOR ALL 'ROUND ECONOMICAL PERFORMANCE USE

**FIRE CHIEF** GASOLINE



The regular-price gasoline with the "POWER BONUS"

There's a difference in gasolines! In your truck, tractor or car use Fire Chief—the gasoline that delivers more power at greater economy.

Fire Chief is the regular-price gasoline that ensures fast starts, smooth, even performance. It is scientifically blended and refined to ensure economic operation on the farm and on the highway at all times—under all conditions.

## News Notes From Your District Home Economist

THE WISE FAMILY GO PICNICKING

Mrs Wise gets a real holiday when her family go picnicking says Miss Joyce Lewis, Nutrition Specialist, Alberta Dept. of Agriculture. There's no orgy of cooking beforehand. Half the fun of their picnic is in cooking the food out-of-doors.

Simple but hearty fare is the rule for picnic menus. No utensils are necessary. A good bed of glowing coals; a long pointed green stick for each member of the family; and a supply of steaks, chops, chicken, broilers, hamburgers or frankfurters; buttered buns to serve them in; celery, carrot sticks, tomatoes, lettuce, cucumbers, etc., to accompany them; some fruit and perhaps some doughnuts or cookies for dessert. What could be easier? And how good it tastes out-of-doors!

For steaks, chops or broilers Mr. Wise whittles green sticks to a point, then splits the sharpened end back a few inches and inserts a chip of wood to keep the sharp ends apart. The sharp points enserted through the steaks holds them flat to broil nicely. Hamburger may be done the same if the mixture is not too soft to hold its shape, or the hamburger may be molded around the pointed end of a stick in the shape of a frankfurter about two-thirds of the way. It can then be turned to cook on all sides without the danger of falling off into the coals.

Savory stews, chowder or skillet meals may be prepared over an open fire with few utensils and a minimum of effort. A skillet may be supported by green sticks laid across an improvised fireplace of logs or stones. A stewing kettle may be suspended on a crane erected over the fire. Be sure the crane is made of green wood, otherwise it may catch fire and that's the end of the stew.

A picnic has always been a signal for good fun with family or friends. Why not plan a holiday for mother and discover how much fun your family can have together cooking out-doors.

FACTS ON FOOD

When you are canning using the pressure cooker never let the pressure fluctuate during processing. Abrupt changes in pressure may drain some of the liquid out of the jars.

When canning by boiling water bath method be sure to have the water 2 to 3 inches above the sealers, or the liquid may be drawn from within the jars.

Always process vegetables and meat the recommended way. Use of a pressure cooker is recommended for canning vegetables, meat or non-acid foods.

HOMEMAKING HINTS

Make ironing easier when you wash your ironing board cover, starch it before drying. This will keep the ironing smooth and make ironing easier.

A Pear Canning Scoop – Try this the next time you can pears. One of your round measuring spoons will make an excellent scoop to remove pear centres — and give them that professional look.

Quick Cut for Meringue Pies — Meringue pie can be cut cleanly. Just butter the knife blade before using. The result will be a neat picture-like wedge of pie.

### 'How Large Is Canada?'

PRINCE RUPERT — How large is Canada? One Prince Rupert family is finding this out for itself.

Cyril Morgan and his two daughters left here recently by C. N. for St. John's Nfld., the longest railway journey, in one direction, that it is possible to take in Canada.

Travelling from the most westerly to the most easterly points on any major railway in North America, the family will cover about 5000 miles in each direction. By the time the three return to Prince Rupert, they will have travelled some 10,000 miles each, or a total for the family of 30,000 miles.

## Saving money . . . and writing cheques

*A bank offers you two types of deposit account, Savings and Current.*

*If your main purpose is to save, to accumulate funds, it's good to have a Savings account.*

*If you write cheques frequently, you will like the many advantages of a Current account.*

The money you leave in a Savings account earns interest, and your bank book gives you an up-to-date, continuing record of your financial progress. If your funds are active, with frequent deposits and withdrawals, a Current account provides a special service; a monthly statement, together with your cancelled cheques—useful as receipts and a ready reference for budgeting, bookkeeping and other purposes.

Eliminate Vegreville In Final Series

## Vermilion Cardinals Fastball Champs

Vermilion Cardinals are provincial Fastball champions, winning the Senior B division on Sunday by virtue of a 17-4 victory over the Vegreville team. The best of 3 series ended two games to one for the Cardinals. Vermilion started the doubleheader here on Sunday one game up by virtue of a victory at Vegreville one week ago. Vegreville tied up the series by winning the opening game here Sunday but the local Cardinals came back strong to take the second in no uncertain manner to annex the coveted title.

VEG 11 — VERMIL 9

In the first game played before a large crowd of fans, Vegreville took a 3 to 0 lead in the first inning and were never headed, enjoying a comfortable 8-2 margin going into the bottom half of the 7th. The Cardinals then staged a crowd-pleasing comeback, scoring two runs in the 7th, three more in the 8th, making the count 8-7 going in to the last inning. Vegreville ladies rallied however for 3 runs and the best the Cards could do was two, the score ending 11-9.

Merna Moses was on the mound for Vegreville with Shirley Semenuk receiving. For Vermilion the battery was Eva Gordey to Trudy Beaton.

*SCORE BY INNINGS*

| | | |
|---|---|---|
| Vegreville | 3 0 1 2 0 0 2 0 3 | 11 |
| Vermilion | 0 1 0 0 1 0 2 3 2 | 9 |

VERMIL 17 — VEG 4

In the late afternoon fixture Vegreville again had Merna Moses on the mound. They took an early lead being front 2-0 until the lower half of the 3rd when Norma Cundal slammed out a homer with two on bases to start the Cardinals on their way to victory. Thereafter the local girls found their batting eye and rapped out a multitude of good clean hits resulting in their seventeen runs.

*SCORE BY INNINGS*

| | | |
|---|---|---|
| Vegreville | 2 0 0 0 0 0 1 0 1 | 4 |
| Vermilion | 0 0 3 3 0 3 0 8 | 17 |

Batteries — Merna Moses to Shirley Semenuk; Norma Cundal to Trudy Beaton.

Umpires were Bob Morley and Jack Webber both from Edmonton.

THE CHAMPIONS

Members of the champion Vermilion Cardinals in uniform on Sunday were Hazel Barr, Trudy Beaton, Norma Cundal, Marguerite Webb, Anne White, Ivy Chapman, Eva Gordey, Edna Willmer, Dorothy Elliott, Lois Dow, Viola Maggs and Rhea Ireland.

## Wes Dobbyn Dies Of Injuries

Wes Dobbyn died at the hospital here early last Friday morning, August 20, from injuries received in a car accident one week earlier. Dobbyn never recovered consciousness and apparently suffered extensive brain injury.

Wes was 22 years of age and was the son of Mr. and Mrs. Borden Dobbyn of Melita, Manitoba. His father, mother, brother and sister were called to his bedside following the accident. Wes came to Vermilion last October, working for the Revelstoke Sawmill Co. He became well known as a member of the Vermilion Tigers hockey team and played baseball and fastball this spring and summer. He was a very highly regarded young man in the town and district by all who knew him.

Dobbyn received his fatal injuries early Saturday morning, August 14 when the car in which he was a passenger overturned after failing to negotiate a curve on highway 16 about two miles east of Mannville. His three companions were less seriously injured although the driver Thomas Acheson is still under treatment in the University hospital in Edmonton.

*JOSEPH WESLEY DOBBYN*

Funeral service for Joseph Wesley (Wes) Dobbyn, age 22 years, was held from Victoria United church, Melita, Man., on Monday, Aug. 23. The beautiful flowers and capacity crowd indicated the deep sympathy of the community. Rev. Ian McMillan conducted the service and pallbearers were schoolmates of the deceased, Bill Cobb, Gerry Morrow, Bernie Murray, Don Loucks, Terry Robertson and Lloyd Southam.

Wes is survived by his parents Mr and Mrs. Borden Dobbyn, two brothers Bill of Flin Flon and Jack at home and two sisters Willa Delle and Gwen, at home.

Melita, Man., Aug. 24, 1954

The Vermilion Standard,
Vermilion Alta.

Dear Sir:

Through the medium of your newspaper the Dobbyn family would like to express its sincere appreciation of the sympathy expressed to us by Wes' friends in the loss of our son and brother. The cards and flowers give us comfort in the knowledge that Wes was happy among friends in Vermilion.

We would like to thank the doctors and nursing staff of Vermilion Municipal hospital for the care given Wes, and the kindness and consideration shown his mother, also Mr and Mrs. Cliff Isley for their kind hospitality during a trying time.

Sincerely yours,
(Mrs.) Borden Dobbyn

## Death and Funeral Of Duncan McDermid

Duncan McDermid, aged 67 years, passed away at the Vermilion municipal hospital on Tuesday, August 24 following an illness of several months.

The deceased was born at Springhill, Ont., coming to Alberta in 1909 and to Vermilion 18 years ago where he carried on his business of roofing contractor. He leaves to mourn his passing three brothers, Arnold in Victoria, Roy of Edmonton and John at Whitehorse, one sister Mrs. S. W. Mills lives at Grande Prairie.

Funeral services under auspices of the B.P.O.E. were held on Wednesday Aug. 25 at 2:00 o'clock at the First United church, Vermilion with interment at the Vermilion cemetery. The Rev. C. W. MacKay officiated.

Moyers were in charge of arrangements.

## Anglican Minister Farewelled, Mannville

MANNVILLE. — Sunday evening the Candlelight Sung Eucharist was the last service to be held in Mannville by the Rev R. Alcock. Rev and Mrs. Alcock will be leaving shortly for Mayo in the Yukon to serve in the Mission Work of the Church of England in Canada. The congregation gathered in the parish hall after church to bid farewell and Godspeed to Rev. and Mrs Alcock. After a cup of tea served by the ladies, Mr. Hamilton, the People's Warden, presented the honored guests with a purse of money on behalf of the congregation of Church church. Mr. Alcock fittingly replied, again giving his reason for leaving this parish after such a short time here. He feels he is called for Mission work and the need in the north for missionaries and church workers is very great.

Rev. R. Clennett of Clandonald and Rev D. A. Ford of Vermilion will conduct services in Mannville until a resident minister arrives.

At the time of the 1951 census Canadian farms had one tractor in use for every 242 acres of improved agricultural land.

## DECORATION DAY SERVICE SUNDAY, AUGUST 29th

President George Martin of Vermilion Branch Canadian Legion, announced on Tuesday that all preparations have been made to hold the annual Decoration Day service on Sunday afternoon Aug 29 at 3:00 o'clock.

It is planned to move off from the Legion hall at 2:30 p.m. Free transportation will be available for everyone. People can of course go directly to the cemetery. Veterans will line up at the cemetery and march to the Soldier's plot.

Flowers are needed to place on the graves. Citizens are asked to take flowers to the Legion hall by 4 p.m. Saturday. If desired, flowers will be picked up at the homes of the donors. Telephone secretary E. H. Buckingham or Vic Tillett at the Co-op store.

The Decoration Day service is the one time in the year when citizens can especially remember those who served in the forces and have now passed on, either when serving or since returning home.

It will be recalled that last year only a handful of citizens turned out to pay tribute to the departed veterans. President Martin wishes it to be understood that everyone is welcome to this ceremony whether or not they were in one of the services.

It is not too much for anyone to take an hour off Sunday afternoon to attend the service at the Soldier's plot. Why not join the Legion in this service of reverence and remembrance.

Contract Let to Buchanan Const., Edmonton

## CONSTRUCTION TO BEGIN ON $257,000 HOSPITAL ADDITION

Construction on the $257,000.00 addition to the Vermilion municipal hospital will start immediately, as the contract has been let to the Buchanan Construction Company of Edmonton. Sub contractors are the W.M.M. Plumbing of Castor, and the H. MacKenzie Electrical, Edmonton.

The plans call for the renovation of the original hospital quarters entirely as a nurses' home. The wing built in 1939-40 will be encompassed in the new building and the new wing will continue on to the west.

Features of the much required new hospital will be: increased capacity from 37 beds to 54 beds; a long-needed elevator, new operating room; new maternity case room, nurseries; X-ray and other laboratories, reception rooms, a new and modern kitchen; sound-proof and adequate quarters for nurses and staff. Many other changes will be made in the present building to thoroughly modernize it.

The cost of the new building will be met by large government grants and a loan from the provincial government for such purposes at 3¾%, repayable over 20 years.

89% of Papers Matriculation Standing

## GRADE 12 STUDENTS OBTAIN HIGH PERCENTAGE PASS

Vermilion high school students obtained excellent results in the June departmental examinations. 25 young people wrote a total of 86 papers, and only one of these papers was a failure.

Of the 86 papers, honor marks of 80 or over, were obtained on 17; 'A' standing, 65 to 79%, on 33 papers; 'B' standing, 50 to 64% on 27 papers. All of the above are university matriculation standing. Of the remaining papers, 8 were graded 'C', 40 to 49, which gives the student high school diploma standing. Only one paper received less than 40 marks, getting a 'D' standing which means a failure.

The V.H.S. students thus obtained a percentage pass on the papers written of 99%, and 89% of the marks obtained were of matriculation standing.

These results were on a par with the remarkably high standing of one year ago as far as percentage passes are concerned. There is a difference in that 1954 saw a large number of students completing grade 12 by writing two or three subjects. Thus, while 25 students write 86 subjects in 1954, in 1953 29 students wrote 133 subjects. June of 1955 will probably see a much larger number of grade 12 papers written.

The V.H.S. staff of Principal Jas. Bell, J. J. Kokotailo, Lorne Dowling and Hilda English are to be congratulated on the high level of achievement of their students.

## New Hospital Board Member Appointed

R. C. Mead has been appointed to the Board of the Vermilion Municipal hospital to complete the unfinished term of D. G. Lawrence of Clandonald. Mr. Lawrence resigned as he has moved out of the division to Wainwright.

Mr Mead is already a member of the Vermilion school division board and is chairman of that body.

## V. H. S. Student Averages 91%

Joan Marguerite Lingings grade 12 student at the Vermilion high school, passed her examinations with an average of 91%. Included in her high marks was a perfect paper in Science, obtaining 100.

Joan is the daughter of Mr and Mrs Wm. Lingings. The family moved to Calgary to reside early this month. This brilliant young lady has chosen nursing as her career.

## Fishing Derby Attracts 30 Anglers

The first annual fishing derby for the Vermilion Park Lake was held on Sunday last and attracted thirty anglers, besides a large number of interested spectators. Prizes were given for the heaviest aggregate catch made between the hours of 6 a.m. and 1 p.m. The interesting event was carried out by the Vermilion branch of the Fish and Game league.

The prizes were won as follows: First Joe Crockford the prize was a trolling rod, reel and gaff hook donated by Nelson-Hill Hardware.

Second David Ackerman, prize a half-gallon vacuum donated by Macleod's, and a Bronson reel by the Fish and Game.

Third Jim Thompson 2 reels of line donated by Alex Sports Shop; a game tie clip donated by Vermilion Stationery Store.

Two special prizes were awarded. A prize of a casting rod was given by the Fish and Game league for the biggest fish caught. This was won by David Ackerman, who pulled out a 2 pound 10-oz. jackfish.
